Presentation and Discussion of the new Multifamily Umbrella Rules

REPORT ITEM

The proposed new 10 TAC Chapter 10 is intended to repeal and replace 10 TAC Chapter 1 §1.1 concerning the 2012 Definitions and Amenities for Housing Program Activities. This change stems primarily from the Department's reorganization and consolidation of multifamily activities centralized in a single division. Staff expanded the previously named Definitions and Amenities for Housing Program Activities rule to a Uniform Multifamily Rule. Essentially, staff moved eligibility, threshold and other criteria previously in the Qualified Allocation Plan (QAP) that would be applicable across all multifamily funding sources to this general rule. Moreover, with the transfer of the Department's multifamily HOME program into the multifamily division, staff has incorporated those requirements specific to the Department's HOME funds into this Uniform Multifamily Rule and in doing so has eliminated the need for a separate rule to address the Department's HOME funding for multifamily activities. The Uniform Multifamily Rule is organized into subchapters that reflect the following:

Subchapter A – Provides general information regarding the Department's multifamily funding and also includes an expanded section on definitions which incorporates those definitions that were previously in the following rules: the QAP, the HOME multifamily program rule, Real Estate Analysis, Compliance Administration, Right of First Refusal and Qualified Contract.

Subchapter B – Outlines the site and development requirements and restrictions, including but not limited to, floodplain restrictions, proximity to site characteristics/amenities, undesirable site and area features, development size limitations, rehabilitation costs, common and unit amenities and tenant supportive services.

Subchapter C – Includes procedural requirements for submitting an application, the documentation required as part of the application, criteria that would render an applicant or application ineligible, how applications will be prioritized, information regarding board decisions and the waiver process.

Subchapter D - Includes the underwriting and loan policies relating to the Department's direct loans, other multifamily funding and the requirements thereof.

Subchapter E - This subchapter pertains to the post award requirements and corresponding documentation benchmarks as well as asset management requirements. Additionally, it includes procedural requirements on the Department's direct loans, loan closing and corresponding documents and describes the process for the disbursement of funds, including developer fees. Information regarding amendments to an application, award or LURA as well as ownership transfers can be found in this subchapter. The Right of First Refusal and Qualified Contract rules, previously housed in a separate rule, have been incorporated into this subchapter.

Subchapter F – This subchapter incorporates the Department's compliance administration and monitoring rules which includes but is not limited to material noncompliance methodology and utility allowances.

Subchapter G - This section contains information regarding Department fees and other general requirements, including but not limited to, the appeals process, adherence to obligations and the alternative dispute resolution policy. This subchapter also contains various templates and certifications that are part of the application.

For the purposes of approval by the Board, staff has divided the rules into several separate agenda items based on the division primarily responsible for administration. Additionally, the division of the rules into separate items will facilitate more organization in the public comment and in addressing the Board's questions and any possible modifications to staff's recommendations.

BACKGROUND

General Information: Attached behind this Board Action Request is the 2013 proposed Uniform Multifamily Rule which reflects staff's recommendations for the Board's consideration. This rule establishes the general requirements associated in making an award of multifamily development funding. In developing and proposing this initial draft staff has undertaken a process which is continuous and ongoing. Staff hosted a roundtable discussion on June 15, 2012, to begin discussions with interested stakeholders on proposed changes to the Department's multifamily program rules. Moreover, staff launched a discussion forum on August 8, 2012, to allow interested registered users of the forum an opportunity to engage with the Department and one another and provide feedback on possible changes to eligibility, threshold and/or other requirements that may be included in the 2013 proposed Uniform Multifamily Rules. An all-day workshop was held on August 28, 2012, and additional meetings are yet to be held. It is fully anticipated that there will be extensive public comment.

Rule-Making Timeline: Upon Board approval, the draft Uniform Multifamily Rules will be posted to the Department's website and published in the *Texas Register*. Public comment will be accepted via mail, email or facsimile between September 21st and October 22nd. There will also be consolidated public hearings during this time to garner public comment. The Uniform Multifamily Rules will be brought before the Board in November for final approval and subsequently published in the *Texas Register*.

Subchapters for this Action Request: This Board Action Request includes the subchapters, as noted below, that are part of the 2013 draft Uniform Multifamily Rule. The other subchapters (*e.g.*, Subchapters D, E and F) are found under a separate Board Action Request and include specific changes to those rules.

Subchapter A – Provides general information regarding the Department's multifamily funding and includes an expanded section on definitions which now includes those definitions that were previously in the following rules: the QAP, the HOME multifamily program rule, Real Estate Analysis, Compliance Administration and Qualified Contract.

Subchapter B – Outlines the site and development requirements and restrictions, including but not limited to, floodplain restrictions, proximity to site characteristics/amenities, undesirable site and area features, development size limitations, rehabilitation costs, common and unit amenities, and tenant supportive services.

Subchapter C – Includes procedural requirements for submitting an application, the documentation required as part of the application including forms and templates, criteria that would render an applicant or application ineligible, how applications will be prioritized for review, information regarding board decisions, and the waiver process.

Subchapter G - This section contains information regarding Department fees and other general requirements, including but not limited to, the appeals process, adherence to obligations and the alternative dispute resolution policy.

Assessment of Remedial Plan: The 2013 draft Uniform Multifamily Rules as recommended by staff includes several requirements as a result of the Remedial Plan (the "Plan") filed by the Department and subsequent Memorandum Opinion and Order and Judgment entered by the court on August 7, 2012. The inclusion of the Plan requirements in this multifamily rule is not solely limited to the five-county remedial area. Staff notes that there are requirements per the Plan that are not identified in this draft rule; however, they are addressed in the 2013 Draft QAP and Compliance Administration rules that is also on the Board agenda today. The specific Plan requirements reflected in the Uniform Multifamily Rule include the items noted below. Page numbers have been indicated for ease of reference.

- Inclusion of Undesirable Area Features for development sites proposed to be located in an area that would not qualify as high opportunity and located between 301 feet – 1,000 feet from any of the following characteristics: a history of significant or recurring flooding, significant presence of blighted structures, fire hazards which will increase the fire insurance premiums for the proposed development or locally known presence of gang activity, prostitution, drug trafficking, or other significant criminal activity that rises to the level of frequent police reports. Proximity to such undesirable features will require disclosure by the applicant at the time of pre-application (if applicable to the program) and pre-clearance must be granted by the Department. (*Page 2 of 10 of subchapter B*)

- A certification that the development owner will adhere to any and all notices required by the Department. This certification is the result of a fair housing choice disclosure that advises prospective tenants where they can obtain more information regarding alternative housing and their rights under fair housing laws as stipulated in the Plan. (*Certification of Development Owner form in subchapter C*)

Summary of Other Proposed Changes to the Uniform Multifamily Rule: This section outlines some of the more significant recommendations by staff outside of the Plan requirements described above. Citation and page references are indicated for ease of reference.

1. **Subchapter A §10.003(b) Definitions** (*Pages 14 of 15 in subchapter A*). This section includes a provision for requests for staff determinations. Specifically, where the definitions of development, development site, new construction, rehabilitation, reconstruction, adaptive re-use and target population fail to fully account for the activities proposed in an application, an applicant may request from staff a determination explaining how staff will review an application in relation to these terms and their usage in the rules.
2. **Subchapter B §10.101 Site and Development Requirements and Restrictions** (*Page 1 of 10 in subchapter B*). Proposed new this year is a requirement for developments to be located near certain site characteristics/amenities which in the prior year were a scoring item for competitive housing tax credit applications. This section eliminates the development size maximum requirements in urban areas for new construction and adaptive reuse developments (*Page 4 of 10*). Moreover, in §10.101(b)(6)(A) the minimum unit size requirements for efficiency, one and two bedroom types have been changed and there is no distinction between general and elderly developments (*Page 8 of 10*). The unit maximum percentages per bedroom type as well as considerations for developments proposed in central business districts have been removed. The stipulation that rehabilitation developments over 40 years old are considered ineligible has also been removed.
3. **Subchapter C §10.201(a)(7) Procedural Requirements for Application Submission** (*Page 4 of 22 in subchapter C*). This section clarifies the administrative deficiency process. Specifically, it states that issues initially identified as an administrative deficiency may ultimately be determined to be beyond the scope of such based on the response provided by the applicant. While staff may, in good faith, provide an applicant with confirmation that such administrative deficiency response has been received or that such response is satisfactory, final determinations regarding the sufficiency of documentation and the distinction between material and non-material missing information are reserved for executive staff and Board. Moreover, this section includes a process relating to limited priority reviews. Specifically, if after an application is submitted the applicant identifies an error that would generally be the subject of an administrative deficiency, the applicant may request a limited priority review of such issue. The limited priority review is only intended to address those situations where staff would have difficulty identifying the clarification and such clarification is only accessible through applicant disclosure or to address those situations that involve a technical correction that would cause an application deemed non-competitive to be deemed competitive.
4. **Subchapter C §10.204(5) Required Documentation for Application Submission** (*Page 10 of 22 in subchapter C*). The experience certification requirement in this section has been modified to exclude the general contractor, when performing solely in this capacity, from qualifying for an experience certificate. To the extent a general contractor is also acting as guarantor and providing

a guarantee beyond that of a construction guarantee then such individual could provide the necessary experience for an application.

5. **Subchapter C §10.205(5) Required Third Party Reports** (*Page 18 of 22 in subchapter C*). The changes to this section clarify that an Appraisal report is required for applications claiming any portion of the building acquisition in eligible basis. Moreover, this section includes the addition of another report for new construction developments, the Civil Engineering Feasibility Study. This report was required as part of the Additional Evidence of Preparation to Proceed scoring item in the 2012 application round and staff is proposing to make the report a threshold item.
6. **Subchapter C §10.207 Waiver of Rules** (*Page 21 of 22 in subchapter C*). This section has been modified to state that requests for waivers of the rules must be submitted at or prior to the submission of the pre-application for competitive housing tax credit applications or at the time of Application submission for all other applications. Additionally, this section states that a requested waiver must establish how it is necessary to address circumstances beyond the applicant's control and how, if the waiver is not granted, the Department will not fulfill some specific requirements of law.
7. **Subchapter C §10.208 Forms and Templates** (*Beginning on page 22 of subchapter C*). In prior years the various forms and templates the Department provides as part of the uniform application have been available as supplemental material to the application. This section is created to include those various forms and certifications as part of the rule. In addition, certifications that are required from the development owner and/or applicant were previously listed as part of the threshold criteria. The specific certifications are only found on the form in the proposed rule.
8. **Subchapter G §10.901 Fee Schedule** (*Page 1 of 7 in subchapter G*). This section establishes a new fee related to challenges submitted on competitive housing tax credit applications. Additionally, fees relating to Challenges to HTC Applications, Right of First Refusal, Qualified Contract Pre-Request, Qualified Contract Request, and Ownership Transfer fees have been incorporated.

Subchapter A. General Information and Definitions.

§10.001. PURPOSE.

The rules in this chapter apply to an award of multifamily development funding or other assistance including the award of Housing Tax Credits by the Texas Department of Housing and Community Affairs (the “Department”) and establish the general requirements associated in making such awards. Applicants pursuing such assistance from the Department are required to certify, among other things, that they have familiarized themselves with the rules that govern that specific program, including but not limited to, chapter 11 of this title (relating to Qualified Allocation Plan), Chapter 12 of this title (relating to 2013 Multifamily Housing Revenue Bond Rules) and other Department rules. This rule does not apply to any project-based rental or operating assistance programs or funds unless incorporated by reference in whole or in part in a Notice of Funding Availability (NOFA) or rules for such a program except to the extent that Developments receiving such assistance and otherwise subject to this rule remain subject to this rule.

§10.002. GENERAL.

- (a) These rules may not contemplate unforeseen situations that may arise, and in that regard the Department staff is to apply a reasonableness standard in the evaluation of Applications for multifamily development funding. Additionally, Direct Loan funds and other non-Housing Tax Credit or tax exempt bond resources may be made available through a NOFA or other similar governing document that includes the basic Application and funding requirements:
- (1) Deadlines for filing Applications and other documents;
 - (2) Any additional submission requirements that may not be explicitly provided for in this chapter;
 - (3) Any applicable Application set-asides and requirements related thereto;
 - (4) Award limits per Application or Applicant;
 - (5) Any federal or state laws or regulations that may supersede the requirements of this chapter; and
 - (6) Other reasonable parameters or requirements necessary to implement a program or administer funding effectively.
- (b) *Due Diligence and Applicant Responsibility.* Department staff may, from time to time, make available for use by Applicants information and informal guidance in the form of reports, frequently asked questions, rent and income limits, and responses to specific questions. The Department encourages communication with staff in order to clarify any issues that may not be fully addressed in the multifamily rules or be unclear when applied to specific facts. However, while these resources are offered to help Applicants prepare and submit accurate information, Applicants should also appreciate that this type of guidance is limited by its nature and that staff will apply the multifamily rules to each specific situation as it is presented in the submitted Application. In addition, although the Department may compile data from outside sources in order to assist Applicants in the Application process, it remains the sole responsibility of the Applicant to independently perform the necessary due diligence to research, confirm, and verify any data, opinions, interpretations or other information upon which Applicant bases an Application.

- (c) *Board Standards for Review.* Some issues may require or benefit from board review. The Board is not constrained to a particular standard, and while its actions on one matter are not binding as to how it will address another matter, the Board does seek to promote consistency with its policies, including the policies set forth in this rule.

§10.003. DEFINITIONS.

Rehabilitation (excluding Reconstruction) Developments with ongoing and existing federal assistance from HUD or USDA are exempt. For purposes of this requirement, the term 'adjacent' means sharing a boundary with the Development Site. The distances are to be measured from the nearest boundary of the Development Site to the boundary of the undesirable feature. If Department staff identifies what it believes would constitute an undesirable site feature not listed in this paragraph, staff may request a determination from the Board as to whether such feature is unacceptable.

(A) Developments located adjacent to or within 300 feet of junkyards;

(B) Developments located adjacent to or within 300 feet of active railroad tracks, unless the Applicant provides evidence that the city/community has adopted a Railroad Quiet Zone or the railroad in question is commuter or light rail;

(C) Developments located adjacent to or within 300 feet of heavy industrial uses such as manufacturing plants, refinery blast zones, etc.;

(D) Developments located adjacent to or within 300 feet of a solid waste or sanitary landfills;

(E) Developments in which the buildings are located within the easement of any overhead high voltage transmission line or inside the engineered fall distance of any support structure for high voltage transmission lines, radio antennae, satellite towers, etc. This does not apply to local service electric lines and poles;

(F) Developments in which the buildings are located within the accident zones or clear zones for commercial or military airports; or

(G) Developments located adjacent to or within 300 feet of a sexually-oriented business. For purposes of this paragraph, a sexually-oriented business shall be defined as stated in Local Government Code, §243.002.

(4) *Undesirable Area Features.* If the Development Site is located between 301 feet – 1,000 feet of any of the undesirable area features in subparagraphs (A) – (D) of this paragraph then the Applicant must disclose the presence of such feature to the Department. The standard to be applied in making a determination under this paragraph is whether the undesirable area feature is of a nature that would not be typical in a neighborhood that would qualify under the Opportunity Index pursuant to §11.9(c)(4) of this title (relating to Competitive Selection Criteria). For a Housing Tax Credit Application the Applicant is required to disclose the presence of such feature

at the time the pre-application (as applicable) is submitted to the Department so as to expedite the review of such information. For all other types of Applications, and for those Housing Tax Credit Applicants who did not submit a pre-application, the Applicant is required to disclose the presence of such feature at the time the Application is submitted to the Department. Disclosure of such features affords the Applicant the opportunity to obtain pre-clearance of a particular Site from the Department in accordance with §10.207 of this chapter (relating to Waiver of Rules for Applications). Non-disclosure of such information may result in the Department's withholding or denial of pre-clearance. Denial or withholding of pre-clearance deems the Site ineligible and is grounds for termination of the Application. Should Department staff withhold or deny pre-clearance, Applicants may appeal the decision to the Board pursuant to §10.902 of this chapter (relating to Appeals Process). Should the Board uphold staff's decision or initially withhold or deny pre-clearance, the resulting determination of site ineligibility and termination of the Application cannot be appealed. The Board's decision cannot be appealed.

- (A) A history of significant or recurring flooding;
- (B) Significant presence of blighted structures;
- (C) Fire hazards that could impact the fire insurance premiums for the proposed Development; or
- (D) Locally known presence of gang activity, prostitution, drug trafficking, or other significant criminal activity that rises to the level of frequent police reports.

(5) Unacceptable sites include, without limitation, those containing an environmental factor that may adversely affect the health and safety of the residents and which cannot be adequately mitigated. If the Department makes such a determination, the Applicant will be allowed an opportunity to address any identified concerns.

(b) ***Development Requirements and Restrictions.*** The purpose of this section is to identify specific restrictions on a proposed Development submitted for multifamily funding by the Department.

(1) ***Ineligible Developments.*** A Development shall be ineligible if any of the criteria in subparagraphs (A) and (B) of this paragraph are deemed to apply.

(A) ***General Ineligibility Criteria.***

- (i) Developments comprised of hospitals, nursing homes, trailer parks, dormitories (or other buildings that will be predominantly occupied by students) or other facilities which are usually classified as transient housing (as provided in the §42(i)(3)(B)(iii) and (iv) of the Code).
- (ii) Any Development with any building(s) with four or more stories that does not include an elevator;
- (iii) A Housing Tax Credit Development that provides continual or frequent nursing, medical or psychiatric services. Refer to IRS Revenue Ruling 98-47 for clarification of assisted living;
- (iv) A Development that violates §1.15 of this title (relating to Integrated Housing Rule);

- (vi) A Development utilizing a Direct Loan that is subject to the Housing and Community Development Act, §104(d), requirements and proposing Rehabilitation or Reconstruction,

if the Applicant is not proposing the one-for-one replacement of the existing unit mix. Adding additional units would not violate this provision.

(B) *Ineligibility of Qualified Elderly Developments.*

- (i) Any Qualified Elderly Development of two stories or more that does not include elevator service for any Units or living space above the first floor;
- (ii) Any Qualified Elderly Development with any Units having more than two bedrooms with the exception of up to three employee Units reserved for the use of the manager, maintenance, and/or security officer. These employee Units must be specifically designated as such; or
- (iii) Any Qualified Elderly Development (including Qualified Elderly in a Rural Area) proposing more than 70 percent two-bedroom Units.

(2) *Development Size Limitations.* The minimum Development size will be 16 Units. New Construction or Adaptive Reuse Developments in Rural Areas will be limited to 80 Units. Other Developments do not have a limitation as to the number of Units.

(3) *Rehabilitation Costs.* Developments involving Rehabilitation must establish a scope of work that will substantially improve the interiors of all units and exterior deferred maintenance, at a minimum, and will involve at least \$25,000 per Unit in Building Costs and Site Work. If financed with USDA the minimum is \$19,000 and for Tax-Exempt Bond Developments, less than twenty (20) years old, the minimum is \$15,000 per Unit. These levels must be maintained through the issuance of IRS Forms 8609.

(4) *Mandatory Development Amenities.* (§2306.187) New Construction, Reconstruction or Adaptive Reuse Units must provide all of the amenities in subparagraphs (A) - (M) of this paragraph. Rehabilitation (excluding Reconstruction) Developments must provide the amenities in subparagraphs (C) - (M) of this paragraph unless stated otherwise. Supportive Housing Developments are not required to provide the amenities in subparagraph (B), (E), (F), (G), (I), or (M) of this paragraph; however, access must be provided to a comparable amenity in a common area. These amenities must be at no charge to the tenants.

(A) All Units must be wired with RG-6/U COAX or better and CAT3 phone cable or better, wired to each bedroom, dining room and living room;

(B) Laundry Connections;

(C) Blinds or window coverings for all windows;

(G) Oven/Range;

(H) Exhaust/vent fans (vented to the outside) in bathrooms;

(I) At least one Energy-Star rated ceiling fan per Unit;

(J) Energy-Star rated lighting in all Units which may include compact fluorescent bulbs;

- (K) Plumbing fixtures (toilets and faucets) must meet design standards at 30 TAC §290.252 (relating to Design Standards);
- (L) All Units must have central heating and air-conditioning (Packaged Terminal Air Conditioners meet this requirement for SRO or Efficiency Units in Supportive Housing Developments only); and
- (M) Adequate parking spaces consistent with local code, unless there is no local code, in which case the requirement would be one and a half (1.5) spaces per Unit for non-Qualified Elderly Developments and one (1) space per Unit for Qualified Elderly.

(5) *Common Amenities.*

- (A) All Developments must provide sufficient common amenities as described in subparagraph (C) of this paragraph to qualify for at least the minimum number of points required in accordance with:

- (B) These points are not associated with any selection criteria points. The amenities must be for the benefit of all tenants and made available throughout normal business hours and maintained throughout the Compliance Period. If fees in addition to rent are charged for amenities, then the amenity may not be included among those provided to satisfy the requirement. All amenities must meet accessibility standards and spaces for activities must be sized appropriately to serve the proposed Target Population. Applications for non-contiguous scattered site housing, excluding non-contiguous single family sites, will have the test applied based on the number of Units per individual site.
- (C) The common amenities and respective point values are set out in clauses (i) - (xxix) of this subparagraph. Some amenities may be restricted to a specific Target Population. An Application can only count an amenity once; therefore combined functions (a library which is part of a community room) will only qualify for points under one category:

Attachment 1. Proposed new 10 TAC, Subchapter C, §§10.201 - 10.208, Application Submission Requirements, Ineligibility Criteria, Board Decisions and Waiver of Rules

The Texas Department of Housing and Community Affairs (the “Department”) proposes new 10 TAC Chapter 10, Subchapter C §§10.201 - 10.208, concerning the Uniform Multifamily Rules. The purpose of the proposed new sections is to provide guidance for application submission, define ineligible applicants and applications, and explain processes regarding Board decisions.

FISCAL NOTE. Timothy K. Irvine, Executive Director, has determined that, for each year of the first five years the new sections are in effect, enforcing or administering the new sections does not have any foreseeable implications related to new costs or revenues of the state or local governments.

PUBLIC BENEFIT/COST NOTE. Mr. Irvine also has determined that, for each year of the first five years the new sections are in effect, the public benefit anticipated as a result of the new sections will be qualified applicants, thorough applications, and a consistent approach to making awards of funding or assistance for affordable multifamily developments. There is the potential for some new direct cost impact as a result of the proposed adoption of the new sections due to a third party report, specifically a civil engineer feasibility study which has previously been performed at the discretion of the developer at a later stage in the process, but the difference in impact at this stage could be considered minimal. It is difficult to forecast the amount of change in economic cost to any individual required to comply with the proposed new subchapter because each development proposed is unique. However, the report is estimated to cost the applicant from \$2,000.

ADVERSE IMPACT ON SMALL OR MICRO-BUSINESSES. The Department has determined that there will be no new economic effect on small or micro-businesses, other than the movement of the civil engineer feasibility study to a different stage of the process, and the difference in impact at this stage of the process could be considered minimal. There is no anticipated difference in cost of compliance between small and large businesses.

REQUEST FOR PUBLIC COMMENT. The public comment period will be held September 21, 2012 to October 22, 2012, to receive input on the new sections. Written comments may be submitted to the Texas Department of Housing and Community Affairs, Teresa Morales, Rule Comments, P.O. Box 13941, Austin, Texas 78711-3941, or by fax to (512) 475-0764, attn: Teresa Morales. ALL COMMENTS MUST BE RECEIVED BY 5:00 P.M.OCTOBER 22, 2012.

STATUTORY AUTHORITY. The new sections are proposed pursuant to Texas Government Code §2306.053, which authorizes the Department to adopt rules. Additionally, the new section is proposed pursuant to Texas Government Code §2306.67022, which specifically authorizes the Department to adopt a qualified allocation plan

The proposed new sections affect Chapter 2306 of the Texas Government Code, including Subchapter DD, concerning the Low Income Housing Tax Credit Program.

Subchapter C. Application Submission Requirements, Ineligibility Criteria, Board Decisions and Waiver of Rules.

§10.201. PROCEDURAL REQUIREMENTS FOR APPLICATION SUBMISSION.

(a) The purpose of this section is to identify the procedural requirements for Application submission. Only one Application may be submitted for a Development Site in an Application Round. While the Application Acceptance Period is open or prior to the Application deadline, an Applicant may withdraw an Application and subsequently file a new Application utilizing the original pre-application fee (as applicable) that was paid as long as no evaluation was performed by the Department. Competitive HTC Applications may be subject to fees for withdrawn Applications. Applicants are subject to the schedule of fees as set forth in §10.901 of this chapter (relating to Fee Schedule).

(1) *General Requirements.*

(A) An Applicant requesting funding from the Department must submit an Application in order to be considered for an award. An Application must be complete and receipted and meet all of the Department's criteria with all the required information and exhibits provided pursuant to the Multifamily Programs Procedures Manual and submitted by the required program deadline. If an Application, including the corresponding Application fee as described in §10.901 of this chapter is not submitted to the Department on or before the applicable deadline, the Applicant will be deemed to have not made an Application.

(B) Applying for multifamily funds from the Department is a technical process that must be followed completely. As a result of the competitive nature of some funding sources an Applicant should proceed on the assumption that deadlines are fixed and firm with respect to both date and time and cannot be waived except where authorized and for truly extraordinary circumstances, such as the occurrence of a significant natural disaster that makes timely adherence impossible. If an Applicant chooses to submit by delivering an item physically to the Department, it is the Applicant's responsibility to be within the Department's doors by the appointed deadline. Applicants are strongly encouraged to submit the required items well in advance of established deadlines. Applicants should ensure that all documents are legible, properly organized and tabbed and that digital media is fully readable by the Department.

(C) The Applicant must deliver one (1) CD-R containing a PDF copy and Excel copy of the complete Application to the Department. Each copy should be in a single file and individually bookmarked in the order as required by the Multifamily Programs Procedures Manual. Additional files required for Application submission (*e.g.* Third Party Reports) outside of the Uniform Application may be included on the same CD-R or a separate CD-R as the Applicant sees fit.

(D) Applications must include materials addressing each and all of the items enumerated in this chapter and other chapters as applicable. If an Applicant does not believe that a specific item should be applied, the Applicant must include, in its place, a statement identifying the required item, stating that it is not being supplied, and a statement as to why the Applicant does not believe it should be required.

(2) *Filing of Application for Tax-Exempt Bond Developments.* Applications may be submitted to the Department as described in subparagraphs (A) and (B) of this paragraph. Multiple site applications will be considered to be one Application as identified in Texas Government Code,

Chapter 1372. Applications that receive a Certificate of Reservation from the Texas Bond Review Board (TBRB) on or before November 15 of the prior program year will be required to satisfy the requirements of the prior year QAP and Uniform Multifamily Rules. Applications that receive a Certificate a Reservation from the TBRB on or after January 2 of the current program year will be required to satisfy the requirements of the current program year QAP and Uniform Multifamily Rules.

- (A) *Lottery Applications.* For Applicants participating in the TBRB lottery for private activity bond volume cap and whereby advance notice is given regarding a Certificate of Reservation, the Applicant must submit a Notice to Submit Lottery Application form to the Department no later than the Notice to Submit Lottery Application Delivery Date described in §10.004 of this chapter (relating to Program Dates). The complete Application, accompanied by the Application fee described §10.901 of this chapter must be submitted no later than the Applications Associated with Lottery Delivery Date described in §10.004 of this chapter.
- (B) *Waiting List Applications.* Applications designated as Priority 1 or 2 by the TBRB and receive advance notice of a Certificate of Reservation for private activity bond volume cap must submit Parts 1 - 4 of the Application and the Application fee described in §10.901 of this chapter prior to the issuance of the Certificate of Reservation by the TBRB. Those Applications designated as Priority 3 must submit Parts 1 - 4 within fourteen (14) calendar days of the Certificate of Reservation date if the Applicant intends to apply for tax credits regardless of the Issuer. The remaining parts of the Application and any other outstanding documentation, regardless of TBRB Priority designation, must be submitted to the Department at least seventy-five (75) calendar days prior to the Board meeting at which the decision to issue a Determination Notice would be made.
- (3) *Certification of Tax Exempt Bond Applications with New Docket Numbers.* Applications that receive an affirmative Board Determination, but do not close the bonds prior to the Certificate of Reservation expiration date, and subsequently have that docket number withdrawn from the TBRB, may have their Determination Notice reinstated. The Applicant would need to receive a new docket number from the TBRB and meet the following requirements:
 - (A) The new docket number must be issued in the same program year as the original docket number and must not be more than four (4) months from the date the original application was withdrawn from the TBRB. The Application must remain unchanged which means that at a minimum, the following cannot have changed: Site Control, total number of Units, unit mix (bedroom sizes and income restrictions), design/site plan documents, financial structure including bond and Housing Tax Credit amounts, development costs, rent schedule, operating expenses, sources and uses, ad valorem tax exemption status, Target Population, scoring criteria (TDHCA issues) or TBRB priority status including the effect on the inclusive capture rate. Note that the entities involved in the Applicant entity and Developer cannot change; however, the certification can be submitted even if the lender, syndicator or issuer changes, as long as the financing structure and terms remain unchanged. Notifications under §10.203 of this chapter (relating to Public Notifications) are not required to be reissued. A revised Determination Notice will be issued once notice of the assignment of a new docket number has been provided to the Department and the Department has confirmed that the capture rate and market demand remain acceptable. This certification must be submitted no later than thirty (30) calendar days after the date the TBRB issues the new docket number. In the event that the Department's Board has not yet approved the Application, the Application will continue to be processed and ultimately provided to the Board for consideration; or

- (B) If there are changes to the Application as referenced in subparagraph (A) of this paragraph or if there is public opposition, the Applicant will be required to submit a new Application in full, along with the applicable fees, to be reviewed and evaluated in its entirety for a new Determination Notice to be issued.
- (4) *Withdrawal of Application.* An Applicant may withdraw an Application prior to or after receiving an award of funding by submitting to the Department written notice of the withdrawal or cancellation. An Applicant may be subject to a fee associated with a withdrawal if warranted and allowable under §10.901 of this chapter.
- (5) *Evaluation Process.* Priority Applications will undergo a program review for compliance with submission requirements and selection criteria, as applicable. In general, Application reviews by the Department shall be prioritized based upon the likelihood that an Application will be competitive for an award based upon the set-aside, self score, received date, or other ranking factors. Thus, non-competitive or lower scoring Applications may never be reviewed. Applications believed likely to be competitive are sometimes referred to as Priority Applications. The Director of Multifamily Finance will identify those Applications that will receive a full program review based upon a reasonable assessment of each Application's priority but no Application with a competitive ranking shall be skipped or otherwise overlooked. This initial assessment may be a high level assessment, not a full assessment. Applications deemed to be Priority Applications may change from time to time. The Department shall underwrite Applications that received a full program review and remain competitive to determine financial feasibility and an appropriate funding amount. In making this determination, the Department will use §10.302 of this chapter (relating to Underwriting Rules and Guidelines) and §10.307 of this chapter (relating to Direct Loan Requirements). The Department may have an external party perform all or part or none of the underwriting evaluation to the extent it determines appropriate. The expense of any external underwriting shall be paid by the Applicant prior to the commencement of the aforementioned evaluation. Applications will undergo a previous participation review in accordance with §1.5 of this title (relating to Previous Participation Reviews) and Development Site conditions may be evaluated through a physical site inspection by the Department or its agents.
- (6) *Prioritization of Applications under various Programs.* This paragraph identifies how ties or other prioritization matters will be handled when dealing with de-concentration requirements, capture rate calculations, and general review priority of Applications submitted under different programs.
- (A) *De-concentration and Capture Rate.* Priority will be established based on the earlier date associated with an Application. The dates that will be used to establish priority are as follows:
- (i) For Tax-Exempt Bond Developments, the issuance date of the Certificate of Reservation issued by the Texas Bond Review Board (TBRB); and
 - (ii) For all other Developments, the date the Application is received by the Department; and
 - (iii) Notwithstanding the foregoing, after July 31 a Tax-Exempt Bond Development with a Certificate of Reservation from the TBRB will take precedence over any Housing Tax Credit Application from the current Application Round on the waiting list.
- (B) *General Review Priority.* Review priority for Applications under various multifamily programs will be established based on Department staff's consideration of any statutory timeframes associated with a program or Application in relation to the volume of

Applications being processed. In general, those with statutory deadlines or more restrictive deadlines will be prioritized for review and processing ahead of those that are not subject to the same constraints.

(7) *Administrative Deficiency Process.* The purpose of the Administrative Deficiency process is to allow the Applicant an opportunity to provide clarification, correction or non-material missing information to resolve inconsistencies in the original Application. Staff will request the deficient information via a deficiency notice. The review may occur in several phases and deficiency notices may be issued during any of these phases. Staff will send the deficiency notice via an e-mail, or if an e-mail address is not provided in the Application, by facsimile to the Applicant and one other contact party if identified by the Applicant in the Application. The time period for responding to a deficiency notice commences on the first business day following the deficiency notice date. Deficiency notices may be sent to an Applicant prior to or after the end of the Application Acceptance Period and may also be sent in response to reviews on post award submissions. Issues initially identified as an Administrative Deficiency may ultimately be determined to be beyond the scope of an Administrative Deficiency, based upon a review of the response provided by the Applicant. Department staff may in good faith provide an Applicant confirmation that an Administrative Deficiency response has been received or that such response is satisfactory. However, final determinations regarding the sufficiency of documentation submitted to cure an Administrative Deficiency as well as the distinction between material and non-material missing information are reserved for the Director of Multifamily Finance, Executive Director, and Board.

(A) *Administrative Deficiencies for Competitive HTC and Rural Rescue Applications.* Unless an extension has been timely requested and granted; and if Administrative Deficiencies are not resolved to the satisfaction of the Department by 5:00 p.m. on the fifth business day following the date of the deficiency notice, then (5 points) shall be deducted from the selection criteria score for each additional day the deficiency remains unresolved. If Administrative Deficiencies are not resolved by 5:00 p.m. on the seventh business day following the date of the deficiency notice, then the Application shall be terminated. An Applicant may not change or supplement any part of an Application in any manner after the filing deadline or while the Application is under consideration for an award, and may not add any set-asides, increase the requested credit amount, revise the Unit mix (both income levels and Bedroom mixes), or adjust their self-score except in response to a direct request from the Department to do so as a result of an Administrative Deficiency. (§2306.6708(b); §2306.6708) To the extent that the review of Administrative Deficiency documentation alters the score assigned to the Application, Applicants will be re-notified of their final adjusted score.

(B) *Administrative Deficiencies for all other Applications or sources of funds.* If Administrative Deficiencies are not resolved to the satisfaction of the Department by 5:00 p.m. on the fifth business day following the date of the deficiency notice then a late fee of \$500 for each business day the deficiency remains unresolved will be assessed and the Application will not be presented to the Board for consideration until all outstanding fees have been paid. Applications with unresolved deficiencies after 5:00 p.m. on the tenth day following the date of the deficiency notice will be terminated. The Applicant will be responsible for the payment of fees accrued pursuant to this paragraph regardless of any termination.

(8) *Limited Priority Reviews.* If, after the submission of the Application, an Applicant identifies an error in the Application that would generally be the subject of an Administrative Deficiency, the

Applicant may request a limited priority review of the specific and limited issues in need of clarification or correction. The issue may not relate to the score of an Application. This limited priority review may only cover the specific issue and not the entire Application. A limited priority review is intended to address the following:

- (A) Clarification of issues that Department staff would have difficulty identifying due to the omission of information that the Department may have access to only through Applicant disclosure, such as a prior removal from a tax credit transaction or participation in a Development that is not identified in the previous participation portion of the Application; or
- (B) Technical correction of non-material information that would cause an Application deemed non-competitive to be deemed competitive and therefore subject to a staff review. For example, failure to mark the Nonprofit Set-Aside in an Application that otherwise included complete submission of documentation for participation in the Nonprofit Set-Aside.

§10.202, INELIGIBLE APPLICANTS AND APPLICATIONS.

The purpose of this section is to identify those situations in which an Application or Applicant may be considered ineligible for Department funding and subsequently terminated. If such ineligibility is determined by staff to exist, then prior to termination the Department will send a notice to the Applicant and provide them the opportunity to explain how they believe they or their Application is eligible. The items listed below include those requirements in §42 of the Internal Revenue Code, Texas Government Code, Chapter 2306 and other criteria considered important by the Department and does not represent an exhaustive list of ineligibility criteria that may otherwise be identified in applicable rules or a NOFA specific to the programmatic funding.

- (1) *Applicants*. An Applicant shall be considered ineligible if any of the criteria in subparagraphs (A) – (M) of this paragraph apply to the Applicant. If any of the criteria apply to any member of the Development Team, the Applicant will also be deemed ineligible unless a substitution of that Development Team member is specifically allowable under the Department’s rules and sought by the Applicant or appropriate corrective action has been accepted and approved by the Department. An Applicant is ineligible if the Applicant:
 - (A) has been or is barred, suspended, or terminated from procurement in a state or Federal program or listed in the List of Parties Excluded from Federal Procurement or Non-Procurement Programs; (§2306.6721(c)(2))
 - (B) has been convicted of a state or federal felony crime involving fraud, bribery, theft, misrepresentation of material fact, misappropriation of funds, or other similar criminal offenses within fifteen (15) years preceding the Application deadline;
 - (C) is, at the time of Application, subject to an enforcement or disciplinary action under state or federal securities law or by the NASD; subject to a federal tax lien; or the subject of a proceeding in which a Governmental Entity has issued an order to impose penalties, suspend funding, or take adverse action based on an allegation of financial misconduct or uncured violation of material laws, rules, or other legal requirements governing activities considered relevant by the Governmental Entity;
 - (D) has breached a contract with a public agency and failed to cure that breach;
 - (E) has misrepresented to a subcontractor the extent to which the Developer has benefited from contracts or financial assistance that has been awarded by a public agency, including the

scope of the Developer's participation in contracts with the agency and the amount of financial assistance awarded to the Developer by the agency;

- (F) has been identified by the Department as being in Material Noncompliance with or has repeatedly violated the LURA or if such Material Noncompliance or repeated violation is identified during the Application review or the program rules in effect for such property as further described in Chapter 60 of this title (relating to Compliance Administration) and remains unresolved; (§2306.6721(c)(3))
- (G) is delinquent in any loan, fee, or escrow payments to the Department in accordance with the terms of the loan, as amended, or is otherwise in default with any provisions of such loans;
- (H) has failed to cure any past due fees owed to the Department at least ten (10) days prior to the Board meeting at which the decision for an Application is to be made;
- (I) is in violation of a state revolving door or other standard of conduct or conflict of interest statute, including Texas Government Code, §2306.6733, or a provision of Texas Government Code, Chapter 572, in making, advancing, or supporting the Application;
- (J) has previous Contracts or Commitments that have been partially or fully deobligated during the twelve (12) months prior to the submission of the Application and through the date of final allocation due to a failure to meet contractual obligations and the Party is on notice that such deobligation results in ineligibility under these rules;
- (K) has provided fraudulent information, knowingly falsified documentation, or other intentional or negligent material misrepresentation or omission in an Application or Commitment, as part of a challenge to another Application or any other information provided to the Department for any reason. The conduct described in this subparagraph is also a violation of these rules and will subject the Applicant to the assessment of administrative penalties under Texas Government Code, Chapter 2306 and this title; or
- (L) fails to disclose, in the Application, any Principal or any entity or Person in the Development ownership structure who was or is involved as a Principal in any other affordable housing transaction, voluntarily or involuntarily, that has terminated or plans to or is negotiating to terminate their relationship with any other affordable housing development. Failure to disclose is grounds for termination. The disclosure must identify the person or persons and development involved, the identity of each other development and contact information for the other Principals of each such development, a narrative description of the facts and circumstances of the termination or proposed termination, and any appropriate supporting documents. An Application may be terminated based upon factors in the disclosure. If, not later than 30 days after the date on which the Applicant has made full disclosure, including providing information responsive to any supplemental Department staff requests, the Executive Director makes an initial determination that the person or persons should not be involved in the Application, that initial determination shall be brought to the Board for a hearing and final determination. If the Executive Director has not made and issued such an initial determination on or before the day 30 days after the date on which the Applicant has made full disclosure, including providing information responsive to any supplemental Department staff requests, the person or persons made the subject of the disclosure shall be

presumptively fit to proceed in their current role or roles. Such presumption in no way affects or limits the ability of the Department staff to initiate debarment proceedings under the Department's debarment rules at a future time if it finds that facts and circumstances warranting debarment exist. In the Executive Director's making an initial determination or the Board's making a final determination as to a person's fitness to be involved as a principal with respect to an Application, the following factors shall be considered:

- (i) The amount of resources in a development and the amount of the benefit received from the development;
- (ii) The legal and practical ability to address issues that may have precipitated the termination or propose termination of the relationship;
- (iii) The role of the person in causing or materially contributing to any problems with the success of the development; and
- (iv) The person's compliance history, including compliance history on other developments; and
- (v) Any other facts or circumstances that have a material bearing on the question of the person's ability to be a compliant and effective participant in their proposed role as described in the Application.

(M) has worked or works to create opposition to any Application, has formed a Neighborhood Organization (excluding any allowable technical assistance), has given money or a gift to cause the Neighborhood Organization to take its position as it relates to §11.9(d)(1) of this title (relating to Competitive Selection Criteria).

(2) *Applications.* An Application shall be ineligible if any of the criteria in subparagraphs (A) – (C) of this paragraph apply to the Application:

- (A) A violation of Texas Government Code, §2306.1113 exists relating to Ex Parte Communication. (§2306.1113) An ex parte communication occurs, when an Applicant or Person representing an Applicant initiates substantive contact (other than permitted social contact) with a board member, or vice versa, in a setting other than a duly posted and convened public meeting, in any manner not specifically permitted by §2306.1113(b). Such action is prohibited. For Applicants seeking funding after initial awards have been made, such as waiting list Applicants, the ex parte communication prohibition remains in effect. The ex parte provision does not prohibit the Board from participating in social events at which a Person with whom communications are prohibited may, or will be present; provided that no matters related to any Application being considered by the Board may be discussed. An attempted but unsuccessful prohibited ex parte communication, such as a letter sent to one or more board members but not opened, may be cured by full disclosure in a public meeting, and the Board may reinstate the Application and establish appropriate consequences for cured actions, such as denial of the matters made the subject to the communication.
- (B) The Application is submitted after the Application submission deadline (time or date); is missing multiple parts of the Application; or has a Material Deficiency; or
- (C) For any Development utilizing Housing Tax Credits or Tax-Exempt Bonds:
 - (i) At the time of Application or at any time during the two-year period preceding the date the Application Round begins (or for Tax-Exempt Bond Developments any time during the two-year period preceding the date the Application is submitted to the Department),

- the Applicant or a Related Party is or has been a member of the Board or employed by the Department as the Executive Director, Chief of Staff, General Counsel, a Deputy Executive Director, the Director of Multifamily Finance, the Chief of Compliance, the Director of Real Estate Analysis, a manager over the program for which an Application has been submitted, or any person exercising such responsibilities regardless of job title; (§2306.6703(a)(1)); or
- (ii) The Applicant proposes to replace in less than fifteen (15) years any private activity bond financing of the Development described by the Application, unless the exceptions in Texas Government Code, §2306.6703(a)(2) are met.

§10.203. PUBLIC NOTIFICATIONS. (§2306.6705(9))

A certification, as provided in the Application, that the Applicant met the requirements and deadlines identified in paragraphs (1) - (3) of this section must be submitted with the Application. For Applications utilizing Competitive Housing Tax Credits, notifications must not be older than three (3) months from the first day of the Application Acceptance Period. For Tax Exempt Bond Developments notifications and proof thereof must not be older than three (3) months prior to the date Parts 5 and 6 of the Application are submitted and for all other Applications no older than three (3) months prior to the date the Application is submitted. If evidence of these notifications was submitted with the pre-application (if applicable to the program) for the same Application and satisfied the Department's review of the pre-application threshold, then no additional notification is required at Application. However, re-notification is required by all Applicants who have submitted a change in the Application, whether from pre-application to Application or as a result of an Administrative Deficiency that reflects a total Unit increase of greater than 10 percent. In addition, should a change in elected official occur between the submission of a pre-application and the submission of an Application, Applicants are required to notify the newly elected (or appointed) official.

(1) Neighborhood Organization Requests.

- (A) In accordance with the requirements of this subparagraph, the Applicant must request from local elected officials a list of Neighborhood Organizations on record with the county and state whose boundaries include the proposed Development Site. No later than the Full Application Neighborhood Organization Request Date as identified in §11.2 of this title (relating to Program Calendar for Competitive Housing Tax Credits) or §10.004 of this chapter (relating to Program Dates) (as applicable), the Applicant must e-mail, fax or mail with return receipt requested a completed Neighborhood Organization Request letter as provided in the Application to the local elected official for the city and county where the Development is proposed to be located. If the Development is located in an area that has district based local elected officials, or both at-large and district based local elected officials, the request must be made to the city council member or county commissioner representing that district; if the Development is located an area that has only at-large local elected officials, the request must be made to the mayor or county judge for the jurisdiction. If the Development is not located within a city or its ETJ, the county local elected official must be contacted. In the event that local elected officials refer the Applicant to another source, the Applicant must request Neighborhood Organizations from that source in the same format.

(B) The Applicant must list, in the certification form provided in the Application, all Neighborhood Organizations on record with the county or state whose boundaries include the proposed Development Site as outlined by the local elected officials, or that the Applicant has knowledge of (regardless of whether the organization is on record with the county or state) as of the submission of the Application.

(2) *Notification Recipients.* No later than the date the Application is submitted, notification must be sent to all of the persons or entities identified in subparagraph (A) – (H) of this paragraph whose jurisdiction is over or whose boundaries include the Development Site. Developments located in an ETJ of a city are required to notify both city and county officials. The notifications may be sent by e-mail, fax or mail with return receipt requested or similar tracking mechanism in the format required in the Application Notification Template provided in the Application. Evidence of notification is required in the form of a certification provided in the Application. The Applicant is encouraged to retain proof of delivery in the event it is requested by the Department. Evidence of proof of delivery is demonstrated by a signed receipt for mail or courier delivery and confirmation of receipt by recipient for fax and e-mail. Officials to be notified are those officials in office at the time the Application is submitted.

(A) Neighborhood Organizations on record with the state or county whose boundaries include the proposed Development Site;

(B) Superintendent of the school district;

(C) Presiding officer of the board of trustees of the school district;

(B) the Development name, address, city and county;

(C) a statement indicating the program(s) to which the Applicant is applying with the Texas Department of Housing and Community Affairs;

(E) the type of Development being proposed (single family homes, duplex, apartments, townhomes, high-rise etc.); and

(F) the total number of Units proposed and total number of low-income Units proposed.

§10.204. REQUIRED DOCUMENTATION FOR APPLICATION SUBMISSION.

The purpose of this section is to identify the documentation that is required at the time of Application submission unless specifically indicated or otherwise required by Department rule. If any of the documentation indicated below is not resolved, clarified or corrected to the satisfaction of the Department through either original Application submission or the Administrative Deficiency process, the Application will be terminated. Unless stated otherwise, all documentation identified in this section must not be dated more than six (6) months prior to the close of the Application Acceptance Period or the date of Application submission as applicable to the program. The Application may include documentation or verification of compliance with any requirements related to the eligibility of an Applicant, Application, Development Site, or Development.

- (1) *Certification of Development Owner.* This form, included in §10.208 of this chapter (relating to Forms and Templates), must be executed by the Development Owner and addresses the specific requirements associated with the Development. The Person executing the certification is responsible for ensuring all individuals referenced therein are in compliance with the certification. Applicants are encouraged to read the certification carefully as it contains certain construction and Development specifications that each Development must meet.

- (3) *Architect Certification Form.* This form, included in §10.208 of this chapter, must be executed by the Development engineer, an accredited architect or Department-approved Third Party accessibility specialist. (§2306.6722 and §2306.6730)
- (4) *Designation as Rural or Urban.* Each Application must identify whether the Development Site is located in an Urban Area or Rural Area of a Uniform State Service Region. The Department shall make available a list of places meeting the requirements of Texas Government Code, §2306.004(28-a)(A) and (B) for designation as a Rural Area and those that are an Urban Area in the Site Demographics Characteristics Report. Notwithstanding the foregoing, an Applicant proposing a Development in a place listed as urban by the Department may be designated as located in a Rural Area if the municipality has less than 50,000 persons, as reflected in Site Demographics and Characteristics Report, and a letter or other documentation from USDA is submitted in the Application that indicates the Site is located in an area eligible for funding from USDA in accordance with §2306.004(28-a)(C). For any Development not located within the boundaries of a municipality, the applicable designation is that of the closest municipality or place.

- (B) For purposes of this requirement any individual attempting to use the experience of another individual must demonstrate they have or had the authority to act on their behalf that substantiates the minimum 150 unit requirement.
- (i) The names on the forms and agreements in subparagraph (A)(ii) of this paragraph must tie back to the Development Owner's General Partner, partner (or if Applicant is to be a limited liability company, the managing member), Developer or their Principals as listed in the Application.
 - (ii) Experience may not be established for a Person who at any time within the preceding three years has been involved with affordable housing that has been in material non-compliance under the Department's rules or for affordable housing in another state, has been the subject of issued IRS Form 8823 citing non-compliance that has not been or is not being corrected with reasonable due diligence.
 - (iii) If a Principal is determined by the Department to not have the required experience, an acceptable replacement for that Principal must be identified prior to the date the award is made by the Board.
 - (iv) Notwithstanding the foregoing, no person may be used to establish such required experience if that Person or an Affiliate of that Person would not be eligible to be an Applicant themselves.

(6) *Financing Requirements.*

- (A) *Non-Department Debt Financing.* Interim and permanent financing sufficient to fund the proposed Total Housing Development Cost less any other funds requested from the Department must be included in the Application. Any local, state or federal financing identified in this section which restricts household incomes at any level that is lower than restrictions required pursuant to this chapter or elected in accordance with Chapter 11 must be identified in the rent schedule and the local, state or federal income restrictions must include corresponding rent levels in accordance with §42(g) of the Code. The income and

corresponding rent restrictions will be imposed by the LURA and monitored for compliance. Financing amounts must be consistent throughout the Application and acceptable documentation shall include those described in clauses (i) and (ii) of this subparagraph.

(i) Financing is in place as evidenced by:

(I) a valid and binding loan agreement; and

(II) deed(s) of trust on the Development in the name of the Development Owner as grantor covered by a lender's policy of title insurance;

(ii) Term sheets for interim and permanent loans issued by a lending institution or mortgage company that is actively and regularly engaged in the business of lending money must:

(I) have been executed by the lender;

(III) include a minimum loan term of fifteen (15) years with at least a thirty (30) year amortization;

(IV) include anticipated interest rate, including the mechanism for determining the interest rate;

(V) include any required Guarantors; and

(VI) include and address any other terms and conditions applicable to the financing. The term sheet may be conditional upon the completion of specified due diligence by the lender and upon the award of tax credits.

(B) *Gap Financing.* Any anticipated federal, state or local gap financing, whether soft or hard debt, must be identified in the Application. Acceptable documentation shall include a term sheet from the lending agency which clearly describes the amount and terms of the financing. Other Department funding requested with Housing Tax Credit Applications must be on a concurrent funding period with the Housing Tax Credit Application.

(C) *Owner Contributions.* If the Development will be financed through more than 5 percent of Development Owner contributions, a letter from a Third Party CPA must be submitted that verifies the capacity of the Development Owner to provide the proposed financing with funds that are not otherwise committed. Additionally, a letter from the Development Owner's bank or banks must be submitted that confirms sufficient funds are available to the Development Owner.

(D) *Equity Financing.* (§2306.6705(2) and (3)) If applicable to the program, the Application must include a term sheet from a syndicator that, at a minimum, includes the following:

(i) an estimate of the amount of equity dollars expected to be raised for the Development;

(ii) the amount of Housing Tax Credits requested for allocation to the Development Owner;

(iii) pay-in schedules;

(iv) anticipated developer fees paid during construction and anticipated deferred developer fees; and

(v) syndicator consulting fees and other syndication costs. No syndication costs should be included in the Eligible Basis.

(E) *Financing Narrative.* (§2306.6705(1)) A narrative must be submitted that describes the complete financing plan for the Development, including but not limited to, the sources and uses of funds; construction, permanent and bridge loans, rents, operating subsidies, and replacement reserves; and the status of commitments for all funding sources. The information provided must be consistent with all other documentation in the Application.

(7) *Operating and Development Cost Documentation.*

(A) *15-year Pro forma.* All Applications must include a 15-year *pro forma* estimate of operating expenses, in the form provided by the Department. Any “other” debt service included in the *pro forma* must include a description.

(B) *Utility Allowances.* This exhibit, as provided in the Application, must be submitted along with documentation from the source of the utility allowance estimate used in completing the Rent Schedule provided in the Application. This exhibit must clearly indicate which utility costs are included in the estimate and must comply with the requirements of §10.607 of this chapter (relating to Utility Allowances).

(C) *Operating Expenses.* This exhibit, as provided in the Application, must be submitted indicating the anticipated operating expenses associated with the Development. Any expenses noted as “other” in any of the categories must be identified. “Miscellaneous” or other non-descript designations are not acceptable.

(D) *Rent Schedule.* This exhibit, as provided in the Application, must indicate the type of Unit designation based on the Unit’s rent and income restrictions. The rent and utility limits available at the time the Application is submitted should be used to complete this exhibit. Gross rents cannot exceed the maximum rent limits unless documentation of project-based rental assistance is provided. The unit mix and net rentable square footages must be consistent with the site plan and architectural drawings. For Units restricted in connection with Direct Loans, the restricted Units will generally be designated “floating” unless specifically disallowed under the program specific rules.

(E) *Development Costs.* This exhibit, as provided in the Application, must include the contact information for the person providing the cost estimate and must meet the requirements of clauses (i) and (ii) of this subparagraph.

(i) Applicants must also provide a detailed cost breakdown of projected Site Work costs, if any, prepared by a Third Party engineer. If any Site Work costs exceed \$15,000 per Unit and are included in Eligible Basis, a letter must be provided from a certified public accountant allocating which portions of those site costs should be included in Eligible Basis.

(ii) If costs for Off-Site Construction are included in the budget as a line item, or embedded in the site acquisition contract, or referenced in the utility provider letters, then the Off-Site Cost Breakdown prepared by a Third Party engineer must be provided. If any Off-Site Construction costs are included in Eligible Basis, a letter must be provided from a certified public accountant allocating which portions of those costs should be included in Eligible Basis. The certification from a Third Party engineer must describe the necessity

of the off-site improvements, including the relevant requirements of the local jurisdiction with authority over building codes. If off-site costs are included in Eligible Basis based on PLR 200916007, a statement of findings from a CPA must be provided which describes the facts relevant to the Development and affirmatively certifies that the fact pattern of the Development matches the fact pattern in PLR 200916007.

- (F) *Rental Assistance/Subsidy.* (§2306.6705(4)) If rental assistance, an operating subsidy, an annuity, or an interest rate reduction payment is proposed to exist or continue for the Development, any related contract or other agreement securing those funds or proof of application for such funds must be provided. Such documentation shall, at a minimum, identify the source and annual amount of the funds, the number of units receiving the funds, and the term and expiration date of the contract or other agreement.
- (G) *Occupied Rehabilitation Developments.* The items identified in clauses (i) – (vii) of this subparagraph must be submitted with any Application where any structure on the Development Site is occupied or if the Application proposes the demolition of any occupied housing. If the current property owner is unwilling to provide the required documentation then a signed statement from the Applicant attesting to that fact must be submitted. If one or more of the following is not applicable based upon the type of occupied structures on the Development Site, the Applicant must provide an explanation of such non-applicability. Applicant must submit:
- (i) at least one of the following items identified in subclauses (I) – (IV) of this clause:
 - (I) historical monthly operating statements of the Development for twelve (12) consecutive months ending not more than three (3) months from the first day of the Application Acceptance Period;
 - (II) the two (2) most recent consecutive annual operating statement summaries;
 - (III) the most recent consecutive six (6) months of operating statements and the most recent available annual operating summary; or
 - (IV) all monthly or annual operating summaries available; and

§10.206 BOARD DECISIONS. (§§2306.6725(c); 2306.6731; and 42(m)(1)(A)(iv))

The Board's decisions shall be based upon the Department's and the Board's evaluation of the proposed Developments' consistency with the criteria and requirements set forth in this chapter, Chapter 11 of this title (relating to the Qualified Allocation Plan) and other applicable Department rules. The Board shall document the reasons for each Application's selection, including any discretionary factors used in making its determination, including good cause and the reasons for any decision that conflicts with the recommendations made by Department staff. Good cause includes the Board's decision to apply discretionary factors where authorized. The Department reserves the right to reduce the amount of funds requested in an Application, condition the award recommendation or terminate the Application based on the Applicant's inability to demonstrate compliance with program requirements. The recommendation with amendments, if any, approved by the Board, will supersede any conflicting information in the Application.

§10.207. WAIVER OF RULES FOR APPLICATIONS

(a) *General Process.* This waiver section is applicable only to subchapters (B) and (C) of this chapter and Chapter 11 of this title. An Applicant must request a waiver or pre-clearance, as applicable based on the requirements stated herein, in writing at or prior to the submission of the pre-application for Competitive Housing Tax Credit Applications and Tax Exempt Bond Developments where the Department is the Issuer. For all other Applications, the waiver request must be submitted at the time of Application submission. Regarding waivers, the request must establish how it is necessary to address circumstances beyond the Applicant's control and how, if the waiver is not granted, the Department will not fulfill some specific requirement of law. In this regard the policies and purposes articulated in Texas Government Code, §§2306.001, 2306.002, 2306.359, and 2306.6701 are general in nature and apply to the role of the Department and its programs, including the Housing Tax Credit program. Regarding pre-clearance determinations, the request should include sufficient documentation in order for the Board to make a determination (e.g. detailed information regarding site features or community revitalization plans) and should reference the section of the rules which calls for such determination. Where appropriate the Applicant is encouraged to submit with the requested waiver or pre-clearance any plans for mitigation or alternative solutions. Any such request for waiver must be specific to the unique facts and circumstances of an actual proposed Development. Any waiver or pre-clearance, if granted, shall apply solely to the Application and shall not constitute a general modification or waiver of the rule involved.

(b) *Waivers and/or Pre-Clearance Granted by the Executive Director.* The Executive Director may waive or grant pre-clearance as provided in this rule. Even if this rule grants the Executive Director authority to waive or pre-clear a given item, the Executive Director may present the matter to the Board for consideration and action. Neither the Executive Director nor the Board shall grant any waiver or pre-clear any item to the extent such requirement is mandated by statute. Denial of a waiver and/or pre-clearance by the Executive Director may be appealed to the Board in accordance

with §10.902 of this chapter (relating to Appeals Process). Applicants should expect that waivers granted by the Executive Director will generally be very limited. The Executive Director's decision to defer to the Board will not automatically be deemed an adverse staff position with regard to the waiver request as public vetting of such requests is generally appropriate and preferred. However, this does not preclude a staff recommendation to approve or deny any specific request for a waiver.

(c) *Waivers Granted by the Board.* The Board, in its discretion, may waive any one or more of the rules in Subchapters (A) – (C), (E), and (G) of this chapter except no waiver shall be granted to provide forward commitments or if it is prohibited by statute (*i.e.*, statutory requirements may not be waived). The Board, in its discretion, may grant a waiver that is in response to a natural, federally declared disaster that occurs after the adoption of the multifamily rules. A requested waiver must establish how the waiver is necessary to address circumstances beyond the Applicant's control and how, if the waiver is not granted, the Department will not fulfill some specific requirement of law or purpose or policy set forth in Texas Government Code, Chapter 2306. In this regard, the policies and purposes articulated in Texas Government Code, §§2306.001, 2306.002, and 2306.6701 are general in nature and apply to the role of the Department and its programs, including the tax credit program, taken as a whole and the Board does not view the fact that an outcome requiring a waiver would be consistent with any of those enumerated policies or purposes as establishing a presumption that specific transaction must be granted a waiver in order for the program, as a whole, to be consistent with those policies and purposes.

Neighborhood Organization Request Template

[To be used as a template for meeting the requirements of §11.8 (b)(2)(A) of the Qualified Allocation Plan and §12.5 of the Multifamily Housing Revenue Bond Rules as certified in the Certification of Notifications form at Pre-Application and/or §10.203(1), as certified in the Application]

[Local Elected Official]

[Address]

[City, State, Zip]

Dear **[Local Elected Official]**,

[Applicant Name] is considering a possible submission of an application for **[Name all TDHCA Programs this application is for]** through the Texas Department of Housing and Community Affairs (the “Department”). In accordance with the Department’s rules, this letter serves as a request for a list from your records of any neighborhood organizations which are on record with the county or state and whose boundaries include the following area: **[Include a detailed description of the proposed development site and/ or a map with the development site clearly outlined. For the purposes of this request ONLY, if you do not know the exact boundaries of the site that you may propose, you may expand the boundaries to include an entire city. However, all notifications must be made in accordance with §11.8(b)(2)(A) and/or §10.203(1) and/or §12.5 of the Multifamily Housing Revenue Bond Rules].**

If there are no such neighborhood organizations on record with your municipality or county, or if your office does not keep these records and you know the appropriate entity to request this list from, please respond by letter, email or fax stating such. Please respond by **[Insert date of full application submission deadline or prior]**.

Please note that this request is to ensure compliance with §§2306.6704(b)(1) and 2306.6705(9)(A) of Texas Government Code, which requires that we notify “any neighborhood organizations on record with the state or county in which the development is to be located and whose boundaries contain the proposed development”. This notification must be made prior to submitting an application to the Department. Unfortunately, although this is a statutory requirement that must be met, there is not a specific central agency with the state that keeps a searchable list of these neighborhood organizations and their boundaries.

In general, neighborhood organization lists are kept within local municipalities; therefore, we are required to request a list of these neighborhood organizations from your office no later than **[insert deadline]** to be

eligible for the **[Insert all TDHCA Programs this application is for]**. Should we decide to submit an application, we are required to use any list you provide to identify all neighborhood organizations on record with the state or county whose boundaries include the proposed development site. We will notify all of those neighborhood organizations prior to submitting an application to the Department.

It should also be noted that if we choose to submit an application, we are required to notify you under separate letter prior to submitting the proposed application. That notification will provide details of all relevant information to the proposed application. If you do not receive this notification, it is because we have decided not to submit an application to the Department.

I thank you in advance for any assistance in meeting these statutory requirements.

Sincerely,

[Representative of the Applicant Name]

Attachment 1. Proposed new 10 TAC, Chapter 10, Subchapter G, §§10.901 - 10.904, Fee Schedule, Appeals and Other Provisions

The Texas Department of Housing and Community Affairs (the “Department”) proposes new 10 TAC Chapter 10, Subchapter G §§10.901 - 10.904, concerning the Uniform Multifamily Rules. The purpose of the proposed new sections is to provide for fees paid to the Department in order to cover the administrative costs of implementing the program and to provide guidance to applicants and awardees with regard to their responsibilities to the Department as well as a mechanism for formal communication with the Department.

FISCAL NOTE. Timothy K. Irvine, Executive Director, has determined that, for each year of the first five years the new sections are in effect, enforcing or administering the new sections will have some implications related to revenues of the state government. The new sections propose two new \$500 fees, one for challenging an application and another for ownership transfer requests. Although it is difficult to forecast the number of fees that will be collected in a given year, Department staff estimates approximately 40 challenges and 80 ownership transfers requests will be received in one year, for a total of \$60,000 in additional fees. These fees will be used to cover administrative costs, including staff time, associated with processing these requests.

PUBLIC BENEFIT/COST NOTE. Mr. Irvine also has determined that, for each year of the first five years the new sections are in effect, the public benefit anticipated as a result of the new sections will be adequate revenue to cover the cost of administering the program and a mechanism for formal communication between the Department and its awardees. There is new direct cost impact as a result of the proposed adoption of the new rule due to additional fees, more particularly those associated with challenges of applications and ownership transfer requests. The amount of change in economic cost to any individual required to comply with the proposed new subchapter is expected to be minimal and would only be incurred if the individual engages in actions that are at their option.

ADVERSE IMPACT ON SMALL OR MICRO-BUSINESSES. The Department has determined that any new economic impact on small or micro-businesses is expected to be minimal and would only be incurred if the business engages in actions that are at its option. There is no anticipated difference in cost of compliance between small and large businesses

§10.901. FEE SCHEDULE.

Any fees, as stated in this section, not paid will cause an Applicant to be ineligible to apply for Department funding, ineligible to receive additional Department funding associated with a Commitment, Determination Notice or Contract and ineligible to submit extension requests, ownership transfers and Application amendments until such time the Department receives payment. Payments of the fees shall be in the form of a check and to the extent there are insufficient funds available, it may cause the Application, Commitment, Determination Notice or Contract to be terminated or Allocation rescinded. The Executive Director may grant a waiver for specific extenuating and extraordinary circumstances provided the Applicant submits a written request for a waiver no later than ten (10) business days prior to the deadline associated with the particular fee.

- (1) *Competitive Housing Tax Credit Pre-Application Fee.* A pre-application fee, in the amount of \$10 per Unit, based on the total number of Units, must be submitted with the pre-application in order for the pre-application to be considered accepted by the Department. Pre-applications in which a Community Housing Development Corporation (CHDO) or Qualified Nonprofit Organization intends to serve as the Managing General Partner of the Development Owner, or Control the Managing General Partner of the Development Owner, will receive a discount of 10 percent off the calculated pre-application fee. (§2306.6716(d))
- (2) *Refunds of Pre-application Fees.* (§2306.6716(c)) Upon written request from the Applicant, the Department shall refund the balance of the pre-application fee for a pre-application that is withdrawn by the Applicant and that is not fully processed by the Department. The amount of refund will be commensurate with the level of review completed. Intake and data entry will constitute 50 percent of the review, threshold review prior to a deficiency issued will constitute 30 percent of the review and deficiencies submitted and reviewed constitute 20 percent of the review.
- (3) *Application Fee.* Each Application must be accompanied by an Application fee.
 - (A) *Housing Tax Credit Applications.* The fee will be \$30 per Unit based on the total number of Units. In lieu of the Application fee, these organizations must include proof of their exempt status and a description of their supportive services as part of the Application. An Application fee is not required for Applications that have an existing Housing Tax Credit Allocation or HOME Contract with the Department and construction on the development has not begun or if requesting an increase in the existing HOME award. The Application fee is not a reimbursable cost under the HOME Program.

The fee must be received by the Department prior to the engagement of the underwriter. The fees paid by the Development Owner to the Department for the external underwriting will be credited against the Commitment or Determination Notice Fee, as applicable, established in paragraphs (7) and (8) of this subsection, in the event that a Commitment or Determination Notice is issued by the Department to the Development Owner.
- (6) *Administrative Deficiency Notice Late Fee.* (Not applicable for Competitive Housing Tax Credit Applications). Extension requests submitted at least thirty (30) calendar days in advance of the applicable deadline will not be required to submit an extension fee. An extension fee will not be required for extensions requested on Developments that involved Rehabilitation when the Department is the primary lender, or for Developments that involve U.S. Department of Agriculture (USDA) as a lender if USDA or the Department is the cause for the Applicant not meeting the deadline.
- (13) *Amendment Fees.* An amendment request to be considered non-material that has not been implemented will not be required to pay an amendment fee. For Competitive Housing Tax Credit Developments, a penalty fee equal to the one year credit amount of the lost credits (10 percent of the total unused tax credit amount)

will be required to be paid by the Owner prior to the issuance of IRS Form 8609 if the tax credits are not returned, and 8609's issued, within one hundred eighty (180) days of the end of the first year of the credit period. This penalty fee may be waived without further Board action if the Department recaptures and re-issues the returned tax credits in accordance with Internal Revenue Code, §42. If an Applicant returns a full credit allocation after the Carryover Allocation deadline required for that allocation, the Executive Director will recommend to the Board the imposition of a penalty on the score for any Competitive Housing Tax Credit Applications submitted by that Applicant or any Affiliate for any Application in an Application Round occurring concurrent to the return of credits or if no Application Round is pending, the Application Round immediately following the return of credits. If any such point penalty is recommended to be assessed and presented for final determination by the Board, it must include notice from the Department to the affected party not less than fourteen (14) calendar days prior to the scheduled Board meeting. The Executive Director may, but is not required, to issue a formal notice after disclosure if it is determined that the matter does not warrant point penalties. The penalty will be assessed in an amount that reduces the Applicant's final awarded score by an additional 20 percent.

- (19) *Compliance Monitoring Fee.* (HTC Developments Only.) Upon receipt of the cost certification, the Department will invoice the Development Owner for compliance monitoring fees. The amount due will equal \$40 per tax credit Unit. The fee will be collected, retroactively if applicable, beginning with the first year of the credit period. The invoice must be paid prior to the issuance of IRS Form 8609. Subsequent anniversary dates on which the compliance monitoring fee payments are due shall be determined by the month the first building is placed in service. For Tax-Exempt Bond Developments with the Department as the issuer, the tax credit compliance fee will be paid annually in advance (for the duration of the compliance or affordability period) and is equal to \$40/Unit beginning two (2) years from the first payment date of the bonds. Compliance fees may be adjusted from time to time by the Department.
- (20) *Public Information Request Fee.* Public information requests are processed by the Department in accordance with the provisions of the Texas Government Code, Chapter 552. The Department uses the guidelines promulgated by the Office of the Attorney General to determine the cost of copying and other costs of production.
- (21) *Adjustment of Fees by the Department and Notification of Fees.* (§2306.6716(b)) All fees charged by the Department in the administration of the tax credit program will be revised by the Department from time to time as necessary to ensure that such fees compensate the Department for its administrative costs and expenses. Unless otherwise determined by the Department, all revised fees shall apply to all Applications in process and all Developments in operation at the time of such revisions.

RESOLVED, that the proposed repeal of 10 TAC Chapters 49 and 50 and proposed new 10 TAC Chapter 11, regarding the Qualified Allocation Plan, is hereby approved, together with the preamble presented to this meeting, for publication in the *Texas Register* for public comment;

FURTHER RESOLVED, that the Executive Director and his designees be and each of them are hereby authorized, empowered, and directed, for and on behalf of the Department, to cause the draft Qualified Allocation Plan, together with the preamble in the form presented to this meeting, to be published in the *Texas Register* for public comment and, in connection therewith, make such non-substantive technical corrections as they may deem necessary to effectuate the foregoing.

BACKGROUND

General Information: Attached to this Board Action Request is the 2013 Draft Qualified Allocation Plan (QAP) which reflects staff's recommendations for the Board's consideration. Staff hosted a roundtable discussion on June 15, 2012 to begin discussions with interested stakeholders on proposed changes to the 2013 QAP. Moreover, staff launched an online discussion forum on August 8, 2012, to allow interested registered users of the forum an opportunity to engage with the Department and one another and provide feedback on possible threshold, scoring, and other requirements that may be included in the 2013 draft QAP. The forum was a great avenue for this communication resulting in approximately 290 registered users and approximately 169 replies to topics posted. Staff released a preliminary draft of the 2013 Uniform Multifamily Rules, which included the QAP, on August 23, 2012 and hosted a series of workgroup discussions on August 28, 2012. The purpose of the workgroups was to discuss the overall format of the QAP as well as discussion on each of the scoring items including considerations for developments in rural areas. Staff has addressed some of these items in the draft included herein.

Rule-Making Timeline: Upon Board approval, the draft QAP will be posted to the Department's website and published in the *Texas Register*. Public comment will be accepted via mail, email, or facsimile between September 21st and October 22nd. There will also be a consolidated public hearing during this time to receive public comment. The QAP will be brought before the Board in November for final approval followed by the statutorily mandated submission to the Office of the Governor on November 15. Upon the Governor's approval or approval with modifications, which shall be no later than December 1, the final QAP will be published in the *Texas Register*.

Format of the QAP: The overall layout of the 2013 draft QAP has changed considerably from the prior year. Stemming from the Department's reorganization and consolidation of multifamily activities centralized in a single division, staff expanded the previously named Definitions and Amenities for Housing Program Activities rule to a Uniform Multifamily Rule. Essentially, staff moved eligibility, threshold and other criteria previously in the QAP that would be applicable across all multifamily programs to this Uniform Multifamily Rule. This rule is also on the Board agenda today and more detailed information regarding the overall layout and changes to this rule can be found in that Board Action Request. As a result of the movement, the draft QAP is considerably shorter and generally contains statutory provisions specific to housing tax credit applications and other items specific to the competitive housing tax credit program. Moreover, the chapter number associated with the QAP has been modified (previously Chapter 49; proposed now as Chapter 11) as a result of the reorganization of programmatic activities and all of the Department's rules.

Assessment of Remedial Plan: The 2013 draft QAP as recommended by staff contains several material changes from the 2012 QAP as a result of the Remedial Plan (the "Plan") filed by the Department and subsequent Memorandum Opinion and Order and Judgment entered by the court on August 7, 2012. Inclusion of the Plan requirements into the QAP have been generally incorporated with applicability statewide and not solely limited to the five-county remedial area. However, in several areas modifications were made to certain Plan elements to ensure that their application to rural areas is appropriate, but these modifications are not applicable in Urban Region 3. Staff notes that there are requirements per the Plan that are not identified in this draft QAP due to the reorganization of the multifamily rules; however, the requirements as appropriate have been incorporated into the Uniform Multifamily Rules and explained in the Board Action Request for that agenda item. The specific Plan requirements reflected in the QAP include the following and page numbers have been indicated for ease of reference.

- A modification to the tie breaker factors that will be utilized in the event there are applications that receive the same score. Specifically, the first tie breaker will be those applications eligible for the highest Opportunity Index score under §11.9(c)(4). The second tie breaker will be those applications proposed to be located the greatest distance from the nearest housing tax credit assisted development (*Page 11 of 33*).
- Inclusion of the Opportunity Index, which is meant to incentivize developments in the highest income and lowest poverty areas. Specifically, maximum points may be achieved for general population developments in a census tract with a 15% or less poverty rate (or 25% for developments in regions 11 and 13), a median household income that is in the top quartile of median household income for the county or MSA (as applicable) and an exemplary or recognized elementary school with such 2011 accountability rating from the Texas Education Agency. The point structure is further bifurcated among developments without age restrictions and those without age restrictions in census tracts where the income is in the top two quartiles. The poverty rate will be based on the most recent 5-year American Community Survey as available on November 15. Developments located in rural areas are exempt from meeting the elementary

school and poverty rate factors in the scoring categories under this item but must be located in an area with no unacceptable schools. (*Page 18 of 33*);

- Addition of a scoring item for Educational Excellence. This scoring item allows maximum points for developments located within the attendance zone of an exemplary or recognized elementary, middle and high school; reduced points can be achieved for developments located in such an attendance zone of an exemplary or recognized elementary school and either a middle school or high school. This item clarifies that the applicable school rating will be the 2011 accountability rating as assigned by the Texas Education Agency and that such school ratings will be determined by the school number, so that in the case where a new school is formed or named or consolidated with another school but is considered to have the same number that rating will be used. A school that has never been rated by the Texas Education Agency will use the district rating (*Page 19 of 33*);
- A modification to the Underserved Area scoring item that allows maximum points for general or supportive housing developments located in a colonia, economically distressed area, a municipality or county (as appropriate) that has never received a competitive or non-competitive housing tax credit allocation; less points will be given to elderly developments that meet the same criteria. For developments in rural areas, points (based on target population as applicable) are also available based on the census tract having never received a competitive or noncompetitive tax credit allocation. (*Page 19 of 33*);
- A modification to the Quantifiable Community Participation (QCP) scoring item that allows a two point incentive for applications where prior on-record opposition by a neighborhood organization has been changed to reflect support or neutrality. This point item adds that there may be challenges to opposition received and such challenges will be reviewed by a fact finder whose determination shall be final and cannot be waived or appealed. Moreover, to be eligible for points the neighborhood organization must be in existence no later than the pre-application submission deadline and staff has incorporated the use of limited technical assistance relating to the creation and/or placing on record of a Neighborhood Organization (*Page 20 of 33*);

Summary of Other Proposed Changes to the QAP: This section outlines some of the more significant recommendations by staff outside of the Plan requirements described above. Citation and page references are indicated for ease of reference.

1. **§11.1 – General** (*Page 1 of 33*). The changes made to this section include statements regarding the competitive nature of the housing tax credit program and strongly encourages applicants to adhere to published deadlines and provides guidance regarding applicant responsibilities and due diligence.
2. **§11.2 – Program Calendar** (*Page 2 of 33*). The program calendar has been modified to only reflect deadlines associated with the competitive housing tax credit program. All other applications will utilize the program dates in the Uniform Multifamily Rule. Notable changes to deadlines include those for input from State Representatives and State Senators as well as for challenges to applications.
3. **§11.3 – Housing De-concentration Factors** (*Page 4 of 33*). The additional phase requirements in this section have been modified to allow a proposed additional phase to a development serving the same target population so long as the existing phase has maintained occupancy of at least 90% for

a six month period. The exceptions, allowing for a governing body resolution and replacement units, have been removed.

4. **§11.4 – Tax Credit Request and Award Limits** (*Page 6 of 33*). This section includes the following modifications:
 - The maximum credit request limit has been changed from 150% of what is available in the sub-region, to 100% of what is available in the sub-region or \$1,500,000, whichever is less. For those applications under the At-Risk Set-Aside the maximum amount shall remain \$2,000,000. In lieu of termination, the Department will automatically reduce funding requests that exceed this amount.
 - The increase in eligible basis has been modified to allow the 30% boost only for developments in a QCT with less than 30% housing tax credit (HTC) units per household, developments in rural areas, developments that are entirely supportive housing with no debt and developments that meet the Opportunity Index scoring criteria. Additionally, this section clarifies that for 4% HTC applications, the Department shall underwrite using the boost so long as the QCT designation is in effect the year the certificate of reservation is issued by the Bond Review Board.
5. **§11.6 – Competitive HTC Allocation Process** (*Page 7 of 33*). The changes to this section, specifically pertaining to the regional allocation formula, clarify that in instances where the QAP does not contemplate or address a particular situation staff will formulate a recommendation for the Board’s consideration based on the objectives of regional allocation provided for in Chapter 2306. Such recommendation will not involve broad reductions in the funding request amounts solely to accommodate regional allocation and will not involve rearranging the priority of applications within a particular sub-region or set-aside except as explicitly allowed in the QAP. Moreover, the section regarding the methodology by which awards are made has been streamlined and clarified.
6. **§11.8 – Pre-application Requirements** (*Page 12 of 33*). The major changes to this section include evidence of site control at the time of pre-application, identifying the census tract number, the disclosure of any waivers that may be needed regarding the proposed development and submission of any community revitalization plan the applicant intends to use for points associated with §11.9(d)(6).
7. **§11.9 – Competitive HTC Selection Criteria** (*Page 15 of 33*). The layout of this section groups the scoring items based on thematic and/or policy related categories. The categories include the following: criteria promoting the development of high quality housing, criteria to serve and support Texans most in need, criteria promoting community support and engagement and criteria promoting efficient use of limited resources and applicant accountability. To better illustrate this, there is a scoring matrix at the end of this action request that identifies the specific scoring items within each category as well as the corresponding point values which have all been modified from the prior year. Identified below are the more significant changes to some of the scoring items:
 - *Size and Quality of Units* (*Page 16 of 33*): The square footage of the unit sizes for efficiency, one and two bedroom types has been modified and there is no distinction between general or elderly population developments.

- *Sponsor Characteristics (Page 16 of 33):* This point item has been modified to allow points under one of three options; specific details can be found in the draft QAP:
 - a person with at least 50% ownership interest in the general partner who also owns at least 50% ownership interest in the general partners of at least three (3) existing tax credit developments in Texas;
 - the ownership structure of the development owner includes a joint venture with an inexperienced owner and the experienced owner or developer must own at least 30% interest in the general partner and also own at least 50% interest in the general partner of at least three (3) existing tax credit developments in Texas; or
 - a HUB that has at least 51% ownership interest in the general partner, materially participates in the development and operation of the development throughout the compliance period and will receive at least 20% of the cash flow from operations and at least 10% of the developer fee.

- *Income Levels of Tenants (Page 17 of 33):* This item allows points for income and rent restricting a development at 50% of AMGI. The percentage of the units that must be restricted ranges from 40% to 20% in non-rural areas and 20% to 10% in rural areas and includes a corresponding bifurcated point structure.

- *Rent Levels of Tenants (Page 17 of 33):* This item allows points for rent and income restricting a development at 30% or less of AMGI and stipulates that such units must be in addition to those committed under the income levels scoring item. Only supportive housing developments qualifying under the nonprofit set-aside can achieve the maximum points provided that at least 20% of the units are at 30% or less of AMGI. The restricted ranges for all other developments, which are at lower point values, include 10% and 5% of all units for developments in urban areas and 7.5% and 5% of all units for development in rural areas. The combination of the restrictions under this point item and those provided for under the Income Levels of Tenants yields similar overall deep rent and income targeting to that of the 2012 QAP.

- *Tenant Services (Page 17 of 33):* The changes to this scoring item reflect that only Supportive Housing developments qualifying under the nonprofit set-aside will be able to achieve the maximum of 9 points; all other developments will be eligible to receive 8 points.

- *Input other than QCP (Page 22 of 33):* The changes to this scoring item allow applicants to receive points under more than one of the options in order to achieve the maximum points. In addition, the qualifying community or civic organizations must be tax exempt and have specific primary purposes in order for the support letters to count for points.

- *Commitment of Funding by a Unit of General Local Government (Page 23 of 33):* The changes to this item indicate that funding must be from the city or county in which the development is proposed to be located. This item further clarifies that funding from instrumentalities of a city or county will not qualify for points under this scoring item unless such instrumentalities are first awarding such funds to the city or county for their administration or more than 60% of the governing board of the instrumentality is city council members from the city in which the Development will be located (for Developments located in a city) or county commissioners from the county in which the Development will be located (for Developments not located in a city). It also specifically

excludes HOME funds administered by the State of Texas as a qualifying source. Points for this scoring item will be based on the population of the place multiplied by the following factors and maximum points (13 points) may be achieved if a firm commitment for the funds is submitted in the application.

- the lesser of a factor of 0.15 in funding per Low Income Unit and \$15,000 in funding per Low Income Unit (12 points);
- the lesser of a factor of 0.10 in funding per Low Income Unit and \$10,000 in funding per Low Income Unit (11 points);
- the lesser of a factor of 0.05 in funding per Low Income Unit and \$5,000 in funding per Low Income Unit (10 points);
- the lesser of a factor of 0.025 in funding per Low Income Unit and \$1,000 in funding per Low Income Unit (9 points); or
- the lesser of a factor of 0.01 in funding per Low Income Unit and \$500 in funding per Low Income Unit (8 points).

This point structure includes high tiers to encourage significant levels of funding from truly local sources. However, unlike prior years, the tiers are based on the population of a specific city or town to account for capacity and resource differences.

- *Support from State Representative/Senator (Page 24 of 33):* This item is modified to reflect a due date for such letters no later than April 1.
- *Declared Disaster Area (Page 25 of 33):* While an application can receive points for a proposed development that is located in an area declared to be a disaster, maximum points can only be achieved for developments proposed in an area where the disaster declaration does not apply to the entire state. The State of Texas has, for several years, been affected by statewide disasters, such as significant statewide drought. In order to incentivize development in those areas affected disproportionately due to the presence of both statewide and more localized disasters (such as a wildfire, hurricane, tornado, etc.), one additional point is available.
- *Community Revitalization Plan (Page 25 of 33):* While the initially submitted Remedial Plan included a Revitalization Index, the court ruled that such a scoring item was not required. However, in keeping with the §42 requirement, staff is proposing a scoring item for developments located in an area covered by a community revitalization plan provided the plan meets certain criteria. The criteria for the revitalization plan include those as outlined in the Remedial Plan for urban region 3. For purposes of the 2013 application round only, to the extent such a revitalization plan (in urban region 3) does not include the specific factors as stipulated in the Remedial Plan, the Board may waive one or more of such factors. Additional options are outlined in the QAP for the other urban regions and include plans for the administration of HOME and CDBG funds provided such plans further Fair Housing objectives and are compliant with the findings of a recent HUD approved Analysis of Impediments. Moreover, revitalization plans must be in place as of the pre-application submission deadline. For rural areas, staff is introducing a separate concept for areas experiencing expansion of basic infrastructure such as water and wastewater, police and fire, or paved roadways. This section clarifies that the applicant or related party cannot contribute funds or otherwise finance the project or infrastructure. Moreover, the infrastructure must have either been completed no more than 12 months

prior to the beginning of the application acceptance period or completed within 12 months from such date. This is currently the only scoring item that provides for different criteria for Urban Region 3 as opposed to other urban areas of the state.

- *Financial Feasibility (Page 28 of 33):* This scoring item proposes a distinction between lender review of the Development, which would make the application eligible for 16 points, and lender review of both the Development and the Principals, which would qualify for 18 points.
- *Cost of the Development per Square Foot (Page 29 of 33):* This scoring item proposes to award points based on the building cost per square foot of the application relative to the mean cost per square foot for all similar development types. Developments will be categorized as either:
 - Qualified Elderly and Elevator Served Development, more than 75% single family design, and Supportive Housing Developments;
 - All other Applications proposing New Construction, Reconstruction, or Adaptive Reuse; or
 - All other Applications proposing Rehabilitation

The point structure for this item reflects the following:

- Within 8% and equal to or less than the mean cost per square foot (10 points);
- Within 5% and greater than the mean cost per square foot (10 points);
- Within 13% and equal to or less than the mean cost per square foot (9 points);
- Within 10% and greater than the mean cost per square foot (8 points);
- Within 18% and equal to or less than the mean cost per square foot (7 points);
- Within 15% and greater than the mean cost per square foot (6 points); or
- Within 20% of the mean cost per square foot (5 points)
- Developments with Building Costs of less than \$80 per square foot shall receive no less than eight (8) points.

The inclusion of an eight point minimum for those applications with Building Costs less than \$80 per square foot was done in response to concerns regarding the high level of points and the relative newness of this concept.

- *Pre-application Participation (Page 30 of 33):* The modifications to this scoring item include the following compared to prior year requirements: the total number of units does not increase by more than 10% from pre-application to application, the designation of urban/rural remains the same, the target population is the same, no set-asides have been added or dropped, the final score at application does not vary by more than 6 points, all waivers were requested in the pre-application, the development site at application is generally the same site from pre-application, the census tract number identified at pre-application is the same at application and the community revitalization plan the applicant intends to use for the community revitalization plan scoring item is submitted at the time of pre-application.
- *Leveraging of Private, State and Federal Resources (Page 30 of 33):* This scoring item proposes to award points based on the percentage of the funding request relative to the total development cost. The maximum points are achieved when the requested housing tax

credit amount is less than 7% of the total development cost and the least amount of points are achieved when such requested housing tax credit amount is less than 9% of the total development cost. There is also a distinction for those developments that leverage CDBG Disaster Recovery, HOPE VI, or Choice Neighborhoods funding. This scoring item clarifies that the calculation will be based strictly on the figures listed in the Funding Request and the Development Cost Schedule in the application with the requirement that no more than 50% of the developer fee is deferred.

- *Extended Affordability or Historic Preservation (Page 31 of 33)*: This item has been modified to reflect points for development owners that are willing to extend the affordability period to a total of 35 years. This item also awards points to developments that utilize historic tax credits.
 - *Development Size. (Page 31 of 33)*: This represents a new scoring item proposing to incentivize developments that are 50 units or less and that reflect a funding request of \$500,000 or less.
 - *Point Deductions (Page 31 of 33)*: Staff is proposing a one point penalty off the applicant's final score for those applicants who elect points on their self-score for any given scoring item and are unable to provide sufficient documentation to substantiate the points.
8. **§11.10 – Challenges and Priority Reviews Regarding Competitive HTC Applications** (*Page 32 of 33*). This section has been modified to identify a process whereby challenges to applications must be received by May 15 and challenges that staff chooses to treat as an administrative deficiency will be treated and handled accordingly and not as a challenge. Challenges relating to financial feasibility and undesirable area features will not be accepted. The length of time an applicant is given for responding to a challenge has been changed from 10 to 15 business days after receipt of such challenge. As reflected in the Uniform Multifamily Rule, staff is proposing a challenge processing fee of \$500 for challenges submitted to the Department.

Attachment 1. Proposed new 10 TAC, Chapter 11, §§11.1 - 11.10, 2013 Housing Tax Credit Program Qualified Allocation Plan

The Texas Department of Housing and Community Affairs (the “Department”) proposes new 10 TAC Chapter 11, §§11.1 – 11.10, concerning the 2013 Housing Tax Credit Qualified Allocation Plan. The purpose of the proposed new sections is to replace the current Qualified Allocation Plan with a new QAP applicable to the 2013 cycle.

FISCAL NOTE. Timothy K. Irvine, Executive Director, has determined that, for each year of the first five years the new sections are in effect, enforcing or administering the new sections does not have any foreseeable implications related to costs or revenues of the state or local governments.

PUBLIC BENEFIT/COST NOTE. Mr. Irvine also has determined that, for each year of the first five years the new sections are in effect, the public benefit anticipated as a result of the new sections will be a more consistent approach to governing multifamily activity and to the awarding of funding or assistance through the Department. There will not be any new economic cost to any individuals required to comply with the new sections.

ADVERSE IMPACT ON SMALL OR MICRO-BUSINESSES. The Department has determined that there will be no new economic effect on small or micro-businesses.

REQUEST FOR PUBLIC COMMENT. The public comment period will be held September 21, 2012 to October 22, 2012, to receive input on the new sections. Written comments may be submitted to the Texas Department of Housing and Community Affairs, Teresa Morales, Rule Comments, P.O. Box 13941, Austin, Texas 78711-3941, or by fax to (512) 475-0764, attn: Teresa Morales. ALL COMMENTS MUST BE RECEIVED BY 5:00 P.M. OCTOBER 22, 2012.

STATUTORY AUTHORITY. The new sections are proposed pursuant to Texas Government Code §2306.053, which authorizes the Department to adopt rules. Additionally, the new sections are proposed pursuant to Texas Government Code §2306.67022, which specifically authorizes the Department to adopt a qualified allocation plan

The proposed new sections affect Chapter 2306 of the Texas Government Code, including subchapter DD, concerning the Low Income Housing Tax Credit Program.

§11.1. GENERAL

- (a) *Authority.* The rules in this chapter apply to the allocation by the Texas Department of Housing and Community Affairs (the "Department") of Housing Tax Credits authorized by applicable federal income tax laws and whereby the Department is authorized to make such allocations for the State of Texas pursuant to Texas Government Code, Chapter 2306, Subchapter DD. As required by Internal Revenue Code (the "Code"), §42(m)(1), the Department developed this Qualified Allocation Plan (QAP) to establish the procedures and requirements relating to an allocation of Housing Tax Credits. All requirements herein and all those applicable to a Housing Tax Credit Development or Application in Chapter 10 of this title (relating to Uniform Multifamily Rules), or otherwise incorporated by reference herein constitute the QAP required by Texas Government Code, §2306.67022.
- (b) *Due Diligence and Applicant Responsibility.* Department staff may, from time to time, make available for use by Applicants information and informal guidance in the form of reports, frequently asked questions, and responses to specific questions. The Department encourages communication with staff in order to clarify any issues that may not be fully addressed in the QAP or be unclear when applied to specific facts. However, while these resources are offered to help Applicants prepare and submit accurate information, Applicants should also appreciate that this type of guidance is limited by its nature and that staff will apply the rules of the QAP to each specific situation as it is presented in the submitted Application. In addition, although the Department may compile data from outside sources in order to assist Applicants in the Application process, it remains the sole responsibility of the Applicant to independently perform the necessary due diligence to research, confirm and verify any data, opinions, interpretations, or other information upon which an Applicant bases an Application. Notwithstanding the fact that these rules along with other Department resources may not contemplate unforeseen situations that may arise, the Department will apply a reasonableness standard to the evaluation of Applications for Housing Tax Credits.
- (c) *Competitive Nature of Program.* Applying for competitive housing tax credits is a technical process that must be followed completely. As a result of the highly competitive nature of applying for tax credits, an Applicant should proceed on the assumption that deadlines are fixed and firm with respect to both date and time and cannot be waived except where authorized and for truly extraordinary circumstances, such as the occurrence of a significant natural disaster that makes timely adherence impossible. If an Applicant chooses to submit by delivering an item physically to the Department, it is the Applicant's responsibility to be within the Department's doors by the appointed deadline. Applicants should further ensure that all documents are legible, properly organized and tabbed, and that digital media is fully

readable. Applicants are strongly encouraged to submit the required items well in advance of established deadlines.

(d) *Definitions.* The capitalized terms or phrases used herein are defined in §10.003 of this title (relating to Uniform Multifamily Rules), unless the context clearly indicates otherwise. Any capitalized terms that are defined in Texas Government Code, Chapter 2306, §42 of the Code, or other Department rules have, when capitalized, the meanings ascribed to them therein. Defined terms when not capitalized, are to be read in context and construed according to common usage.

§11.2. PROGRAM CALENDAR FOR COMPETITIVE HOUSING TAX CREDITS.

Non-statutory deadlines specifically listed in the Program Calendar may be extended for good cause by the Executive Director for a period of not more than five (5) business days provided, however, that the Applicant has requested an extension prior to the date of the original deadline. Extensions relating to Administrative Deficiency deadlines may only be extended if documentation needed to resolve the item is needed from a Third Party.

§11.3 HOUSING DE-CONCENTRATION FACTORS.

- (a) **Two Mile Same Year Rule (Competitive HTC Only).** (§2306.6711(f)) Staff will not recommend for award, and the Board will not make an award to an Application that proposes a Development Site located in a county with a population that exceeds one million if the proposed Development Site is also located less than two linear miles from the proposed Development Site of another Application that is awarded in the same calendar year.

- (b) **Twice the State Average Per Capita.** (§2306.6703(a)(4)) If the Development is located in a municipality, or if located completely outside a municipality, a county, that has more than twice the state average of units per capita supported by Housing Tax Credits or private activity bonds at the time the Application Round begins (or for Tax-Exempt Bond Developments at the time the Certificate of Reservation is issued by the Texas Bond Review Board), the Applicant must obtain prior approval of the Development from the Governing Body of the appropriate municipality or county containing the Development. Such approval must include a resolution adopted by the Governing Body of the municipality or county, as applicable, setting forth a written statement of support, referencing Texas Government Code, §2306.6703(A)(4), and authorizing an allocation of Housing Tax Credits for the Development. An acceptable, but not required, form of resolution may be obtained in the Multifamily Programs Procedures Manual.

- (c) **One Mile Three Year Rule.** (§2306.6703(a)(3))
 - (1) An Application that proposes the New Construction or Adaptive Reuse of a Development that is located one linear mile or less (measured by a straight line on a map) from another Development that meets all of the criteria in subparagraphs (A) – (C) of this paragraph shall be considered ineligible.
 - (A) The Development serves the same type of household as the proposed Development, regardless of whether the Development serves families, elderly individuals, or another type of household; and
 - (B) The Development has received an allocation of Housing Tax Credits or private activity bonds for any New Construction at any time during the three-year period preceding the date the Application Round begins (or for Tax-Exempt Bond Developments the three-year period preceding the date the Certificate of Reservation is issued); and
 - (C) The Development has not been withdrawn or terminated from the Housing Tax Credit Program.

- (2) Subsection (c)(1) of this section does not apply to a Development:
- (A) that is using federal HOPE VI (or successor program) funds received through HUD;
 - (B) that is using locally approved funds received from a public improvement district or a tax increment financing district;
 - (C) that is using funds provided to the state under the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. §§12701 et seq.);
 - (D) that is using funds provided to the state and participating jurisdictions under the Housing and Community Development Act of 1974 (42 U.S.C. §§5301 et seq.);
 - (E) that is located in a county with a population of less than one million;
 - (F) that is located outside of a metropolitan statistical area; or
 - (G) that the Governing Body of the appropriate municipality or county where the Development is to be located has by vote specifically allowed the construction of a new Development located within one linear mile or less from a Development described under paragraph (1)(A) of this subsection. An acceptable, but not required, form of resolution may be obtained in the Multifamily Programs Procedures Manual.
- (3) Where a specific source of funding is referenced in subsection (c)(2)(A)-(D) of this section, a commitment or resolution documenting a commitment of the funds must be provided in the Application or prior to the Resolutions Delivery Date (for Tax Exempt Bond Developments the resolution must be submitted no later than 14 days prior to the Board meeting where the tax credits will be considered.)

(d) **Limitations on Developments in Certain Census Tracts.** An Application that proposes the New Construction or Adaptive Reuse of a Development proposed to be located in a census tract that has more than 30 percent Housing Tax Credit Units per total households as established by the U.S. Census Bureau for the most recent Decennial Census shall be considered ineligible unless:

- (1) The Development is in a Place whose population is less than 100,000; or
- (2) The Governing Body of the appropriate municipality or county containing the Development has by vote specifically allowed the construction of the new Development and submits to the Department a resolution referencing this rule.

(e) **Additional Phase.** Applications proposing an additional phase of an existing tax credit Development serving the same Target Population, or Applications proposing Developments that are adjacent to an existing tax credit Development serving the same Target Population, or Applications that are proposing a Development serving the same Target Population on a

contiguous site to another Application awarded in the same program year, shall be considered ineligible unless the other Developments or phase(s) of the Development have been completed and has maintained occupancy of at least 90 percent for a minimum six (6) month period as reflected in the submitted rent roll.

§11.4. TAX CREDIT REQUEST AND AWARD LIMITS.

- (a) **Credit Amount (Competitive HTC Only).** (§2306.6711(b)) The Board may not allocate to an Applicant, Developer, Affiliate or Guarantor (unless the Guarantor is also the General Contractor, and is not a Principal of the Applicant, Developer or Affiliate of the Development Owner) Housing Tax Credits in an amount greater than \$3 million in a single Application Round. All entities that share a Principal are Affiliates. For purposes of determining the \$3 million limitation, a Person is not deemed to be an Applicant, Developer, Affiliate or Guarantor solely because it:
- (1) raises or provides equity;
 - (2) provides “qualified commercial financing”;
 - (3) is a Qualified Nonprofit Organization or other not-for-profit entity that is providing solely loan funds, grant funds or social services; or
 - (4) receives fees as a Development Consultant or Developer that do not exceed 10 percent of the Developer Fee (or 20 percent for Qualified Nonprofit Developments) to be paid or \$150,000, whichever is greater.
- (b) **Maximum Request Limit (Competitive HTC Only).** For any given Development, an Applicant, other than an Applicant under the At-Risk Set-Aside, may not request more than 100 percent of the credit amount available in the sub-region based on estimates released by the Department on December 1, or \$1,500,000, whichever is less. An Applicant under the At-Risk Set-Aside may not request more than \$2,000,000. The Department will consider the amount in the Funding Request of the pre-application and Application to be the amount of Housing Tax Credits requested and will automatically reduce the Applicant’s request to the maximum allowable under this subsection if exceeded. (§2306.6711(b))
- (c) **Increase in Eligible Basis (30 percent Boost).** Applications will be evaluated for an increase of up to but not to exceed 30 percent in Eligible Basis provided they meet the criteria identified in paragraph (1) or (2) of this subsection. Staff will not recommend such an increase in Eligible Basis if it is determined it would cause the Development to be over sourced, as evaluated by the Real Estate Analysis division, in which case a credit amount

necessary to fill the gap in financing will be recommended. The criteria in paragraph (2) of this subsection are not applicable to Tax-Exempt Bond Developments.

- (1) The Development is located in a Qualified Census Tract (QCT) (as determined by the Secretary of HUD) that has less than 30 percent Housing Tax Credit Units per total households in the tract as established by the U.S. Census Bureau for the most recent Decennial Census. New Construction or Adaptive Reuse Developments located in a QCT that has in excess of 30 percent Housing Tax Credit Units per total households in the tract are not eligible to qualify for a 30 percent increase in Eligible Basis, which would otherwise be available for the Development Site pursuant to §42(d)(5)(C) of the Code. For Tax-Exempt Bond Developments, as a general rule, a QCT designation would have to coincide with the program year the Certificate of Reservation is issued in order for the Department to apply the 30 percent boost in its underwriting evaluation. Applicants must submit a copy of the census map that includes the 11-digit census tract number and clearly shows that the proposed Development is located within a QCT;
- (2) The Development meets one of the criteria described in subparagraphs (A) - (C) of this paragraph (pursuant to the authority granted by H.R. 3221):
 - (A) the Development is located in a Rural Area;
 - (B) the Development is proposing entirely Supportive Housing and is expected to be debt free or have no foreclosable or non-cash flow debt; or
 - (C) the Development meets the criteria for the Opportunity Index as defined in §11.9(c)(4) of this chapter (relating to Competitive Selection Criteria).

§11.5 COMPETITIVE HTC SET-ASIDES. (§2306.111(d))

This section identifies the statutorily-mandated set-asides which the Department is required to allocate. An Applicant may elect to compete in as many of the set-asides described in this section for which the proposed Development qualifies.

- (1) **Nonprofit Set-Aside.** (§2306.6729 and §2306.6706(b)) At least 10 percent of the State Housing Credit Ceiling for each calendar year shall be allocated to Qualified Nonprofit Developments which meet the requirements of §42(h)(5) of the Code and Texas Government Code, §2306.6729 and §2306.6706(b). Qualified Nonprofit Organizations must have the controlling interest in the Development Owner applying for this set-aside (*e.g.* greater than 50 percent ownership in the General Partner). If the Application is filed on behalf of a limited partnership, the Qualified Nonprofit Organization must be the Managing General Partner. If the Application is filed on behalf of a limited liability company, the Qualified Nonprofit Organization must be the controlling Managing Member. Additionally, a Qualified Nonprofit Development submitting an Application in the Nonprofit Set-Aside must have the nonprofit

entity or its nonprofit Affiliate or subsidiary be the Developer or a co-Developer as evidenced in the development agreement. An Applicant that meets the requirements to be in the Qualified Nonprofit Set-Aside is deemed to be applying under that set-aside unless their Application specifically includes an affirmative election to not be treated under that set-aside and a certification that they do not expect to receive a benefit in the allocation of tax credits as a result of being affiliated with a nonprofit. The Department reserves the right to request a change in this determination and/or not recommend credits for those unwilling to switch if insufficient Applications in the Nonprofit Set-Aside are received;

- (2) **USDA Set-Aside.** (§2306.111(d)(2)) At least 5 percent of the State Housing Credit Ceiling for each calendar year shall be allocated to Rural Developments which are financed through USDA. If an Application in this set-aside involves Rehabilitation it will be attributed to and come from the At-Risk Development Set-Aside; if an Application in this set-aside involves New Construction it will be attributed to and come from the applicable Uniform State Service Region. Commitments of Competitive Housing Tax Credits issued by the Board in the current program year will be applied to each set-aside, Rural Regional Allocation, Urban Regional Allocation and/or USDA Set-Aside for the current Application Round as appropriate. Applications must also meet all requirements of §2306.111(d)(2);
- (3) **At-Risk Set-Aside.** (§2306.6714; §2306.6702)
 - (A) At least 15 percent of the State Housing Credit Ceiling for each calendar year will be allocated under the At-Risk Development Set-Aside and will be deducted from the State Housing Credit Ceiling prior to the application of the regional allocation formula required under §11.6(a) of this chapter (relating to Competitive HTC Allocation Process). Through this set-aside, the Department, to the extent possible, shall allocate credits to Applications involving the preservation of Developments identified as At-Risk Developments. (§2306.6714) Up to 5 percent of the State Housing Credit Ceiling associated with this set-aside may be given priority to Rehabilitation Developments funded with USDA.
 - (B) An At-Risk Development must meet all the requirements of §2306.6702(a)(5).
 - (C) An Application for a Development that includes the demolition of the existing Units which have received the financial benefit described in Texas Government Code, §2306.6702 will not qualify as an At-Risk Development unless the redevelopment will include at least a portion of the same site.
 - (D) Developments must be at risk of losing affordability from the financial benefits available to the Development and must retain or renew the existing financial benefits and affordability unless regulatory barriers necessitate elimination of a portion of that benefit for the Development. For Developments retaining public housing operating subsidies to qualify under the At-Risk Set-Aside, only a portion of the subsidy must be retained for

the proposed Development, but no less than 25 percent of the proposed Units must be public housing units.

- (E) Nearing expiration on a requirement to maintain affordability includes Developments eligible to request a Qualified Contract under §42 of the Code. Evidence must be provided in the form of a copy of the recorded LURA, the first years' IRS Forms 8609 for all buildings showing Part II of the form completed and, if applicable, documentation from the original application regarding the right of first refusal.
- (F) An amendment to an Application seeking to enable the Development to qualify as an At-Risk Development, that is submitted to the Department while the Application is under review will not be accepted.

§11.6 Competitive HTC Allocation Process.

This section identifies the general allocation process and the methodology by which awards are made.

- (1) **Regional Allocation Formula.** The Department shall initially make available in each Rural Area and Urban Area of each Uniform State Service Region (“sub-region”) Housing Tax Credits in an amount consistent with the Regional Allocation Formula developed in compliance with Texas Government Code, §2306.1115. The process of awarding the funds made available within each sub-region shall follow the process described in this section. Where a particular situation that is not contemplated and addressed explicitly by the process described herein, Department staff shall formulate a recommendation for the Board’s consideration based on the objectives of regional allocation together with other policies and purposes set out in Texas Government Code, Chapter 2306 and the Department shall provide Applicants the opportunity to comment on and propose alternatives to such a recommendation. In general, such a recommendation shall not involve broad reductions in the funding request amounts solely to accommodate regional allocation and shall not involve rearranging the priority of Applications within a particular sub-region or set-aside except as described herein. If the Department determines that an allocation recommendation would cause a violation of the \$3,000,000 credit limit per Applicant, the Department will make its recommendation by selecting the Development(s) that most effectively satisfy the Department's goals in meeting set-aside and regional allocation goals.
- (2) **Credits Returned and National Pool Allocated After January 1.** For any credits returned after January 1 and eligible for reallocation, the Department shall first return the credits to the sub-region or set-aside from which the original allocation was made. The credits will be treated in a manner consistent with the allocation process described in this section and may ultimately flow from the sub-region and be awarded in the collapse process to an Application in another region, sub-region or set-aside. For any credit received from the “national pool”

after the initial approval of awards in late July, the credits will be added to and awarded to the next Application on the waiting list for the state collapse.

(3) **Award Recommendation Methodology.** (§2306.6710(a) - (f); §2306.111) The Department will assign, as described herein, Developments for review by the program and underwriting divisions. In general, Applications will be prioritized for assignment, with highest priority given to those identified as most competitive based upon the Applicant self-score and an initial program review. The procedure identified in subparagraphs (A) - (F) of this paragraph will also be used in making recommendations to the Board.

(A) *USDA Set-Aside Application Selection (Step 1).* The first level of priority review will be those Applications with the highest scores in the USDA Set-Aside until the minimum requirements stated in §11.5(2) of this chapter (relating to Competitive HTC Set-Asides) are attained. The minimum requirement may be exceeded in order to award the full credit request or underwritten amount of the last Application selected to meet the At-Risk Set-Aside requirement;

(B) *At-Risk Set-Aside Application Selection (Step 2).* The second level of priority review will be those Applications with the highest scores in the At-Risk Set-Aside statewide until the minimum requirements stated in §11.5(3) of this chapter are attained. This may require the minimum requirement to be exceeded to award the full credit request or underwritten amount of the last Application selected to meet the At-Risk Set-Aside requirement. This step may leave less than originally anticipated in the 26 sub-regions to award under the remaining steps, but these funds would generally come from the statewide collapse;

(C) *Initial Application Selection in Each Sub-Region (Step 3).* The highest scoring Applications within each of the 26 sub-regions will then be selected provided there are sufficient funds within the sub-region to fully award the Application. Applications electing the At-Risk or USDA Set-Asides will not be eligible to receive an award from funds made available within each of the sub-regions;

(D) *Rural Collapse (Step 4).* If there are any tax credits set-aside for Developments in a Rural Area in a specific Uniform State Service Region (“Rural sub-region”) that remain after award under subparagraph (C) of this paragraph, those tax credits shall be combined into one “pool” and then be made available in any other Rural Area in the state to the Application in the most underserved Rural sub-region as compared to the sub-region’s allocation. This rural redistribution will continue until at least 20 percent of the funds available to the State are allocated to Applications in Rural Areas. (§2306.111(d)(3)) In the event that more than one sub-region is underserved by the same percentage, the following priorities will be used to select the next most underserved sub-region:

(i) the sub-region with no recommended At-Risk Applications from the same Application Round; and

- (ii) the sub-region that was the most underserved during the Application Round during the year immediately preceding the current Application Round.
 - (E) *Statewide Collapse (Step 5)*. Any credits remaining after the Rural Collapse, including those in any sub-region in the State, will be combined into one “pool.” The funds will be used to award the highest scoring Application (not selected in a prior step) in the most underserved sub-region in the State compared to the amount originally made available in each sub-region. This process will continue until the funds remaining are insufficient to award the next highest scoring Application in the next most underserved sub-region. In the event that more than one sub-region is underserved by the same percentage, the following priorities will be used to select the next most underserved sub-region:
 - (i) the sub-region with no recommended At-Risk Applications from the same Application Round; and
 - (ii) the sub-region that was the most underserved during the Application Round during the year immediately preceding the current Application Round.
 - (F) *Contingent Qualified Nonprofit Set-Aside Step (Step 6)*. If an insufficient number of Applications participating in the Nonprofit Set-Aside are selected after implementing the criteria described in subparagraphs (A) – (F) of this paragraph to meet the requirements of the 10 percent Nonprofit Set-Aside, action must be taken to modify the criteria described in subparagraphs (A) – (F) of this paragraph to ensure the set-aside requirements are met. Therefore, the criteria described in subparagraphs (C) – (F) of this paragraph will be repeated after selection of the highest scoring Application(s) under the Nonprofit Set-Aside statewide are selected to meet the minimum requirements of the Nonprofit Set-Aside. This step may cause some lower scoring Applications in a sub-region to be selected instead of a higher scoring Application not participating in the Nonprofit Set-Aside.
- (4) **Waiting List.** The Applications that do not receive an award by July 31 and remain active and eligible will be recommended for placement on the waiting list. Applications on the waiting list are selected for an award when the remaining balance of tax credits is sufficient to award the next Application on the waiting list. The waiting list is not static. The allocation process will be used in determining the Application to award. For example, if credits are returned, those credits will first be made available in the set-aside or sub-region from which they were originally awarded. This means that the first Application on the waiting list is in part contingent on the nature of the credits that became available for award. (§2306.6710(a) - (f); §2306.111)

§11.7 TIE BREAKER FACTORS.

In the event there are Competitive HTC Applications that receive the same number of points in any given set-aside category, rural regional allocation or urban regional allocation, or rural or state collapse, the Department will utilize the factors in this paragraph, in the order they are presented, to determine which Development will receive preference in consideration for an award. The tie breaker factors are not intended to specifically address a tie between equally underserved sub-regions in the rural or statewide collapse.

- (1) Applications ranking higher on the Opportunity Index under §11.9(c)(4) of this chapter (relating to Competitive Selection Criteria) as compared to another Application with the same score.
- (2) Applications proposed to be located the greatest distance from the nearest Housing Tax Credit assisted Development.

§11.8 PRE-APPLICATION REQUIREMENTS (COMPETITIVE HTC ONLY).

(a) **General Submission Requirements.** The pre-application process allows Applicants interested in pursuing an Application to assess potential competition across the thirteen (13) state service regions, sub-regions and set-asides. Based on an understanding of the potential competition they can make a more informed decision whether they wish to proceed to prepare and submit an Application. A complete pre-application is a pre-application that meets all of the Department's criteria, as outlined in subsections (a) and (b) of this section, with all required information and exhibits provided pursuant to the Multifamily Programs Procedures Manual.

- (1) The pre-application must be submitted, along with the required pre-application fee as described in §10.901 of this chapter (relating to Fee Schedule), no later than the Pre-application Final Delivery Date as identified in §11.2 of this chapter (relating to Program Calendar for Competitive Housing Tax Credits). If such pre-application and corresponding fee are not submitted on or before this deadline the Applicant will be deemed to have not made a pre-application.
- (2) The pre-application shall consist of one (1) CD-R containing a PDF copy and Excel copy to the Department in the form of a single file and individually bookmarked as presented in the order as required in the Multifamily Programs Procedures Manual.
- (3) Only one pre-application may be submitted by an Applicant for each Development Site.
- (4) Department review at this stage is limited, and not all issues of eligibility and threshold are reviewed or addressed at pre-application. Acceptance by staff of a pre-application does not ensure that an Applicant satisfies all Application eligibility, threshold or documentation requirements. While the pre-application is more limited in scope than an Application, pre-applications are subject to the same limitations, restrictions, or causes

for disqualification or termination as a full Application, and pre-applications will thus be subject to the same consequences for violation, including but not limited to loss of points and termination of the pre-application.

(b) **Pre-Application Threshold Criteria.** Pursuant to Texas Government Code, §2306.6704(c) pre-applications will be rejected unless they meet the following threshold criteria:

- (1) Submission of the competitive HTC pre-application in the form prescribed by the Department which identifies at a minimum the following;
 - (A) Site Control meeting the requirements of §10.204(9) of this title (relating to Required Documentation For Application Submission.);
 - (B) Funding request;
 - (C) Target Population;
 - (D) Requested set-asides (At-Risk, USDA, Nonprofit, and/or Rural);
 - (E) Total Number of Units proposed;
 - (F) Census tract number in which the Development Site is located;
 - (G) Expected score for each of the scoring items identified in the pre-application materials;
 - (H) All issues requiring waivers necessary for the filing of an eligible Application; and
 - (I) Any community revitalization plan the Applicant anticipates using for points under §11.9(d)(6) of this chapter (relating to Competitive Selection Criteria).
- (2) Evidence in the form of a certification provided in the pre-application, that all of the notifications required under this paragraph have been made. (§2306.6704)
 - (A) *Neighborhood Organization Requests.* The Applicant must request a list of Neighborhood Organizations on record with the county and state whose boundaries include the proposed Development Site:
 - (i) No later than the Pre-application Neighborhood Organization Request Date identified in §11.2 of this chapter, the Applicant must e-mail, fax or mail with registered receipt a completed Neighborhood Organization Request letter as provided in the pre-application to the local elected official, as applicable, based on where the Development is proposed to be located. If the Development is located in an area that has district based locally elected officials, or both at-large and district based locally elected officials, the request must be made to the city council member or county commissioner representing that district; if the Development is located in an area that has only at-large local elected officials, the request must be made to the mayor or county judge for the jurisdiction. If

the Development is not located within a city or its Extraterritorial Jurisdiction (ETJ), the county local elected official must be contacted. In the event that local elected officials refer the Applicant to another source, the Applicant must request Neighborhood Organizations from that source in the same format;

- (ii) The Applicant must list in the pre-application all Neighborhood Organizations on record with the county or state whose boundaries include the proposed Development Site as provided by the local elected officials, or that the Applicant has knowledge of (regardless of whether the organization is on record with the county or state) as of the date of pre-application submission.

(B) *Notification Recipients.* No later than the date the pre-application is submitted, notification must be sent to all of the persons or entities prescribed in clauses (i) – (viii) of this subparagraph whose jurisdiction or boundaries include the Development Site. Developments located in an Extra Territorial Jurisdiction (ETJ) of a city are required to notify both city and county officials. The notifications may be sent by e-mail, fax or mail with registered return receipt or similar tracking mechanism in the format required in the Pre-application Notification Template provided in the pre-application. The Applicant is encouraged to retain proof of delivery in the event the Department requires proof of notification. Acceptable evidence of such delivery is demonstrated by signed receipt for mail or courier delivery and confirmation of receipt by the recipient for fax and e-mail. Officials to be notified are those officials in office at the time the pre-application is submitted.

- (i) Neighborhood Organizations on record with the state or county whose boundaries include the proposed Development Site;
- (ii) Superintendent of the school district;
- (iii) Presiding officer of the board of trustees of the school district;
- (iv) Mayor of the municipality;
- (v) All elected members of the Governing Body of the municipality;
- (vi) Presiding officer of the Governing Body of the county;
- (vii) All elected members of the Governing Body of the county; and
- (viii) State Senator and State Representative;

(C) *Notice Requirements.* The notification must include, at a minimum, all of the following:

- (i) the Applicant's name, address, an individual contact name and phone number;
- (ii) the Development name, address, city and county;

- (iii) a statement informing the entity or individual being notified that the Applicant is submitting a request for Housing Tax Credits with the Texas Department of Housing and Community Affairs;
 - (iv) whether the Development proposes New Construction, Reconstruction, Adaptive Reuse, or Rehabilitation;
 - (v) the type of Development being proposed (single family homes, duplex, apartments, townhomes, high-rise etc.); and
 - (vi) the approximate total number of Units and approximate total number of low-income Units.
- (c) **Pre-application Results.** Only pre-applications which have satisfied all of the pre-application requirements, including those in §11.9(e)(3) of this chapter will be eligible for pre-application points. The order and scores of those Developments released on the Pre-application Submission Log do not represent a Commitment on the part of the Department or the Board to allocate tax credits to any Development and the Department bears no liability for decisions made by Applicants based on the results of the Pre-application Submission Log. Inclusion of a Development on the Pre-application Submission Log does not ensure that an Applicant will receive points for a pre-application.

§11.9 COMPETITIVE HTC SELECTION CRITERIA.

- (a) **General Information.** This section identifies the scoring criteria used in evaluating and ranking Applications. The criteria identified below include those items required under of the Texas Government Code, Chapter 2306 §42 of the Code and other criteria established in a manner consistent with Chapter 2306 and §42. There is no rounding of numbers in this section for any of the calculations in order to achieve the desired requirement or limitation, unless rounding is explicitly stated as allowed for that particular calculation or criteria. Due to the highly competitive nature of the program, Applicants that elect points where supporting documentation is required but fail to provide any supporting documentation or fail to submit supporting documentation in good faith will not be allowed to cure the issue through an Administrative Deficiency. However, Department staff may provide the Applicant an opportunity to explain how they believe the Application, as submitted, meets the requirements for points or otherwise satisfies the requirement to provide supporting documentation in good faith.
- (b) **Criteria promoting development of high quality housing.**

- (1) *Size and Quality of the Units.* (§2306.6710(b)(1)(D); §42(m)(1)(C)(iii)) An Application may qualify for up to fourteen (14) points under subparagraphs (A) and (B) of this paragraph.
- (A) *Unit Sizes* (7 points). The Development must meet the minimum requirements identified in this subparagraph to qualify for points. Points for this item will be automatically granted for Applications involving Rehabilitation (excluding Reconstruction), for Developments receiving funding from USDA, or for Supportive Housing Developments without meeting these square footage minimums only if requested in the Self Scoring Form.
- (i) five-hundred-fifty (550) square feet for an Efficiency Unit;
 - (ii) six-hundred-fifty (650) square feet for a one Bedroom Unit;
 - (iii) eight-hundred-fifty (850) square feet for a two Bedroom Unit;
 - (iv) one-thousand-fifty (1,050) square feet for a three Bedroom Unit; and
 - (v) one-thousand, two-hundred-fifty (1,250) square feet for a four Bedroom Unit.
- (B) *Unit Features* (7 points). Applications in which Developments provide specific amenity and quality features in every Unit at no extra charge to the tenant will be awarded points based on the point structure provided in §10.101(b)(6)(B) of this title (relating to Site and Development Requirements and Restrictions) and as certified to in the Application. The amenities will be required to be identified in the LURA. Rehabilitation Developments will start with a base score of three (3) points and Supportive Housing Developments will start with a base score of five (5) points.
- (2) *Sponsor Characteristics.* §42(m)(1)(C)(iv) An Application may qualify to receive up to one (1) point provided the ownership structure meets one of the following requirements:
- (A) A Person with at least 50 percent ownership interest in the General Partner also owns at least 50 percent interest in the General Partners of at least three (3) existing tax credit developments in Texas, none of which are in Material Noncompliance. The IRS Form(s) 8609 must have been issued for each of the properties used for points under this paragraph and each must have a Uniform Physical Condition Standard (UPCS) score of at least 85 based on their most recent inspection.
- (B) The ownership structure of the Development Owner includes a joint venture between an experienced Developer and an inexperienced owner. In order to qualify for this point, the inexperienced party must be unable to obtain an Experience Certificate under §10.204(5) of this title (relating to Required Documentation for Application Submission). In addition, the experienced Owner must own at least 30 percent interest in the General Partner and also own at least 50 percent interest in the General Partner of at least three (3) existing tax credit developments in Texas, none of which are in Material Non-Compliance. The IRS Form(s) 8609 must have been issued for each of the properties used for points under this subparagraph and each must have a UPCS score of at least 85 based on their most recent inspection.

(C) A HUB as certified by the Texas Comptroller of Public Accounts has at least 51 percent ownership interest in the General Partner, materially participates in the Development and operation of the Development throughout the Compliance Period, and will receive at least 20 percent of the cash flow from operations and at least 10 percent of the developer fee.

(c) Criteria to serve and support Texans most in need.

(1) *Income Levels of Tenants.* (§§2306.111(g)(3)(B) and (E); 2306.6710(b)(1)(C) and (e); and §42(m)(1)(B)(ii)(I)) An Application may qualify for up to fifteen (15) points for rent and income restricting a Development for the entire Affordability Period at the levels identified in subparagraph (A) or (B) of this section.

(A) For any Development located within a non-Rural Area of the Dallas, Fort Worth, Houston, San Antonio, or Austin MSAs:

- (i) At least 40 percent of all low-income Units at 50 percent or less of AMGI (15 points);
- (ii) At least 30 percent of all low income Units at 50 percent or less of AMGI (13 points); or
- (iii) At least 20 percent of all low-income Units at 50 percent or less of AMGI (11 points).

(B) For Developments proposed to be located in areas other than those listed in subparagraph (A) of this paragraph:

- (i) At least 20 percent of all low-income Units at 50 percent or less of AMGI (15 points);
- (ii) At least 15 percent of all low-income Units at 50 percent or less of AMGI (13 points); or
- (iii) At least 10 percent of all low-income Units at 50 percent or less of AMGI (11 points).

(2) *Rent Levels of Tenants.* (§2306.6710(b)(1)(G)) An Application may qualify to receive up to eleven (11) points for rent and income restrictions of a Development for the entire Affordability Period. These levels are in addition to those committed under paragraph (1) of this subsection.

(A) At least 20 percent of all low-income Units at 30 percent or less of AMGI for Supportive Housing Developments qualifying under the Nonprofit Set-Aside only (11 points);

(B) At least 10 percent of all low income Units at 30 percent or less of AMGI or, for a Development located in a Rural Area, 7.5 percent of all low income Units at 30 percent or less of AMGI (9 points); or

(C) At least 5 percent of all low-income Units at 30 percent or less of AMGI (7 points).

(3) *Tenant Services.* (§2306.6710(b)(1)(I) and §2306.6725(a)(1)) A Supportive Housing Development qualifying under the Nonprofit Set-Aside may qualify to receive up to nine

(9) points and all other Developments may receive up to eight (8) points. By electing points, the Applicant certifies that the Development will provide a combination of supportive services, which are listed in §10.101(b)(7) of this title, appropriate for the proposed tenants and that there is adequate space for the intended services. The provision and complete list of supportive services will be included in the LURA. The Owner may change, from time to time, the services offered; however, the overall points as selected at Application must remain the same. No fees may be charged to the tenants for any of the services. Services must be provided on-site or transportation to those off-site services identified on the list must be provided. The same service may not be used for more than one scoring item.

(4) *Opportunity Index.* If the proposed Development Site is located within a census tract that has a poverty rate below 15 percent for Individuals (or 25 percent for Developments in Regions 11 and 13), an Application may qualify to receive up to seven (7) points upon meeting the additional requirements in subparagraphs (A) – (E) of this paragraph. The Department will base poverty rate on data from the most recent 5-year American Community Survey as available on November 15. Developments located in Rural Areas are exempt from meeting the elementary school and poverty rate factors under each of subparagraphs (A) – (E) of this paragraph, but none of the public schools in which tenants may attend can have a rating below acceptable in order to qualify for points. An elementary school attendance zone for the Development Site does not include schools with district-wide possibility of enrollment or no defined attendance zones, sometimes known as magnet schools. However, districts with district-wide enrollment and only one elementary school are acceptable. The applicable school rating will be the 2011 accountability rating assigned by the Texas Education Agency. School ratings will be determined by the school number, so that in the case where a new school is formed or named or consolidated with another school but is considered to have the same number that rating will be used. A school that has never been rated by the Texas Education Agency will use the district rating. If a school is configured to serve grades that do not align with the Texas Education Agency’s conventions for defining elementary schools (typically grades K-5 or K-6), the school will be considered to have the lower of the ratings of the schools that would be combined to meet those conventions.

(A) Development targets the general population; income in the census tract is in the top quartile of median household income for the county or MSA as applicable and the elementary school is exemplary or recognized (7 points);

(B) Development targets the general population; income in the census tract is in the top two quartiles of median household income for the county or MSA as applicable and the elementary school is exemplary or recognized (5 points);

(C) Any Development, regardless of population served is located in a census tract with income in the top quartile of median household income for the county or MSA as applicable and the elementary school is exemplary or recognized (5 points);

(D) Any Development, regardless of population served is located in a census tract with income in the top quartile of median household income for the county or MSA as applicable (3 points); or

(E) Any Development, regardless of population served is located in a census tract with income in the top two quartiles of median household income for the county or MSA as applicable (1 point).

(5) *Educational Excellence*. An Application may qualify to receive up to three (3) points for a Development Site located within the attendance zone of a public school with an academic rating of recognized or exemplary (or comparable rating) by the Texas Education Agency, as described in subparagraphs (A) and (B) of this paragraph. An attendance zone does not include schools with district-wide possibility of enrollment or no defined attendance zones, sometimes known as magnet schools. However, districts with district-wide enrollment and only one elementary, middle or high school (as applicable) are acceptable. The applicable school rating will be the 2011 accountability rating assigned by the Texas Education Agency. School ratings will be determined by the school number, so that in the case where a new school is formed or named or consolidated with another school but is considered to have the same number that rating will be used. A school that has never been rated by the Texas Education Agency will use the district rating. If a school is configured to serve grades that do not align with the Texas Education Agency's conventions for defining elementary schools (typically grades K-5 or K-6), middle schools (typically grades 6-8 or 7-8) and high schools (typically grades 9-12), the school will be considered to have the lower of the ratings of the schools that would be combined to meet those conventions. In determining the ratings for all three levels of schools, ratings for all grades K-12 must be included, meaning that two or more schools' ratings may be combined. For example, in the case of an elementary school which serves grades K-4 and an intermediate school that serves grades 5-6, the elementary school rating will be the lower of those two schools' ratings. Also, in the case of a 9th grade center and a high school that serves grades 10-12, the high school rating will be considered the lower of those two schools' ratings.

(A) Development is within the attendance zone of an elementary school, a middle school and a high school with an academic rating of recognized or exemplary (3 points); or

(B) Development is within the attendance zone of an elementary school and either a middle school or high school with an academic rating of recognized or exemplary (1 point).

(6) *Underserved Area*. (§§2306.6725(b)(2); 2306.127, 42(m)(1)(C)(ii)) An Application may qualify to receive up to two (2) points for proposed Developments located in one of the areas in subparagraphs (A) – (D) of this paragraph. Points will be awarded based on the Development's Target Population as identified in subparagraph (E) or (F) of this paragraph.

(A) A colonia;

- (B) An economically distressed area;
 - (C) A municipality, or if outside of the boundaries of any municipality, a county that has never received a competitive tax credit allocation or a 4 percent non-competitive tax credit allocation; or
 - (D) For Rural Areas only, a census tract that has never received a competitive tax credit allocation or a 4 percent non-competitive tax credit allocation serving the same Target Population.
 - (E) General or Supportive Housing Developments (2 points); or
 - (F) Qualified Elderly Developments (1 point).
- (7) *Tenant Populations with Special Housing Needs.* (§42(m)(1)(C)(v)) An Application may qualify to receive up to two (2) points for Developments in which at least 5 percent of the Units are set aside for Persons with Special Needs. For purposes of this scoring item, Persons with Special Needs is defined as persons with alcohol and/or drug addictions, Colonia residents, Persons with Disabilities, victims of domestic violence, persons with HIV/AIDS, homeless populations and migrant farm workers. Throughout the Compliance Period, unless otherwise permitted by the Department, the Development Owner agrees to affirmatively market Units to Persons with Special Needs. In addition, the Department will require a minimum twelve-month period during which Units must either be occupied by Persons with Special Needs or held vacant. After the twelve-month period, the Development Owner will no longer be required to hold Units vacant for households with special needs, but will be required to continue to affirmatively market Units to household with special needs.

(d) Criteria promoting community support and engagement.

- (1) Quantifiable Community Participation. (§2306.6710(b)(1)(B); §2306.6725(a)(2)) An Application may qualify for up to sixteen (16) points for written statements from a Neighborhood Organization. The Neighborhood Organization must be on record with the Department or county in which the Development Site is located and whose boundaries contain the Development Site, and which has been in existence no later than the Pre-Application Final Delivery Date. The written statement must meet the requirements in subparagraph (A) of this paragraph.

(A) *Statement Requirements.*

- (i) the Neighborhood Organization's name, a written description and map of the organization's boundaries, signatures and contact information (phone, email and mailing address) for at least two individual members with authority to sign on behalf of the organization;
- (ii) certification that the boundaries of the Neighborhood Organization contain the Development Site and that the Neighborhood Organization meets the definition pursuant to Texas Government Code, §2306.004(23-a) and includes at least two separate residential households; and

- (iii) an explicit expression of support, opposition, or neutrality. Any expression of opposition must be accompanied with at least one reason forming the basis of that opposition. A Neighborhood Organization is encouraged to be prepared to provide additional information with regard to opposition.
- (B) *Technical Assistance.* For purposes of this section, if there is no Neighborhood Organization already on record, the Applicant, Development Owner, or Developer is allowed to provide technical assistance in the creation of and/or placing on record of a Neighborhood Organization provided that no Neighborhood Organization exists.
- (i) Technical assistance is limited to:
 - (-a-) the use of a facsimile, copy machine/copying, email and accommodations at public meetings; and
 - (-b-) assistance in completing the QCP Neighborhood Information Packet, providing boundary maps and assisting in the Administrative Deficiency process;
 - (ii) No person required to be listed in accordance with §2306.6707 may participate in any way in the deliberations of a Neighborhood Organization of the Development to which the Application requiring their listing relates. This does not preclude their ability to present information and respond to questions at a duly held meeting where such matter is considered;
 - (iii) For non-Identity of Interest Applications the seller or their agents could be a member of the Neighborhood Organization if the seller will maintain primary residence within the Neighborhood Organizations boundaries.
- (C) *Point Values for Quantifiable Community Participation.* An Application may receive points based on the values in clauses (i) – (vi) of this subparagraph. Points will not be cumulated. Where more than one written statement is received for an Application, the averaged weight of all statements received in accordance with this subparagraph will be assessed and awarded.
- (i) sixteen (16) points for explicit support from a Neighborhood Organization that, during at least one of the three prior Application Rounds, provided a written statement, that qualified as Quantifiable Community Participation, opposing any Competitive Housing Tax Credit Application and whose boundaries remain unchanged;
 - (ii) fourteen (14) points for explicitly stated support from a Neighborhood Organization;
 - (iii) twelve (12) points for explicit neutrality from a Neighborhood Organization that, during at least one of the three prior Application Rounds, provided a written statement, that qualified as Quantifiable Community Participation, opposing any Competitive Housing Tax Credit Application and whose boundaries remain unchanged;

- (iv) ten (10) points for statements of neutrality from a Neighborhood Organization or statements not meeting all the explicit requirements of this section, or an existing Neighborhood Organization provides no statement of either support, opposition or neutrality;
 - (v) ten (10) points for areas where no Neighborhood Organization is in existence; or
 - (vi) zero (0) points for statements of opposition meeting the requirements of this subsection.
- (D) Challenges to opposition. Any written statement from a Neighborhood Organization expressing opposition to an Application may be challenged if it is contrary to findings or determinations, including zoning determinations, of a municipality, county, school district, or other local governmental entity. If any such comment is challenged, the challenger must declare the basis for the challenge. The Neighborhood Organization expressing opposition will be given seven (7) calendar days to provide any support for the accuracy of its assertions. All such materials and the analysis of the Department's staff will be provided to a fact finder, chosen by the Department, for review and a determination. The determination will be final and may not be waived or appealed.
- (2) *Community Input other than Quantifiable Community Participation.* If there is no Neighborhood Organization on record, then, in order to ascertain if there is community support, an Application may receive up to four (4) points for letters that qualify for points under subparagraphs (A), (B) and/or (C) of this paragraph. No more than four (4) points will be awarded under this point item under any circumstances. All letters must be submitted within the Application. At no time will the Application receive a score lower than zero (0) for this item.
- (A) An Application may receive (2 points) for each letter of support submitted from a community or civic organization that serves the community in which the Development Site is located. Letters of support must identify the specific Development and must state support of the specific Development at the proposed location. To qualify, the organization must be qualified as tax exempt and have as a primary (not ancillary or secondary) purpose of the overall betterment, development, or improvement of the community as a whole or of a major aspect of the community such as improvement of schools, fire protection, law enforcement, city-wide transit, flood mitigation, or the like. The community or civic organization must provide some documentation of its tax exempt status and its existence and participation in the community in which the Development is located including, but not limited to, a listing of services and/or members, brochures, annual reports, etc. Letters of support from organizations that cannot provide reasonable evidence that they are active in the area that includes the location of the Development will not be awarded points. For purposes of this subparagraph, community and civic organizations do not include neighborhood organizations, governmental entities (excluding Special Management

- Districts), or taxing entities. Should an Applicant elect this option and the Application receives letters in opposition, then two (2) points will be subtracted from the score for each letter in opposition, provided that the letter is from an organization that would otherwise qualify under this subparagraph.
- (B) An Application may receive (2) points for a letter of support, from a property owners association created for a master planned community whose boundaries include the Development Site that does not meet the requirements of a Neighborhood Organization for the purpose of awarding points under paragraph (1) of this subsection.
 - (C) An Application may receive (2) points for a letter of support from a Special Management District, whose boundaries, as of the Full Application Delivery Date as identified in §11.2 of this chapter (relating to Program Calendar for Competitive Housing Tax Credits), include the Development Site and for which there is not a Neighborhood Organization on record with the county or state.
 - (D) Input that evidences unlawful discrimination against classes of persons protected by Fair Housing law or the scoring of which the Department determines to be contrary to the Department's efforts to affirmatively further fair housing will not be considered. If the Department receives input that could reasonably be suspected to implicate issues of non-compliance under the Fair Housing Act, staff will refer the matter to the Texas Workforce Commission for investigation, but such referral will not, standing alone, cause staff or the Department to terminate the Application. Staff will report all such referrals to the Board and summarize the status of any such referrals in any recommendations.
- (3) *Commitment of Development Funding by Unit of General Local Government.* (§2306.6710(b)(1)(E)) An Application may receive up to thirteen (13) points for a commitment of Development funding from the city or county in which the Development is proposed to be located. Development funding from instrumentalities of a city or county will not qualify for points under this scoring item unless such instrumentalities are first awarding such funds to the city or county for their administration or at least 60 percent of the governing board of the instrumentality is city council members from the city in which the Development will be located (for Developments located in a city) or county commissioners from the county in which the Development will be located (for Developments not located in a city). A government instrumentality may not be a Related Party to the Applicant. Development funding must be provided in the form of a construction and/or permanent loan with an interest rate no higher than the Applicable Federal Rate (AFR) and term of at least 5 years, a grant, an in-kind contribution, or combination thereof. Funds cannot have been provided to the Unit of General Local Government by the Applicant or a Related Party. HOME Investment Partnership Program or Community Development Block Grant funds administered by the State of Texas cannot be utilized for points under this scoring item. The Applicant must provide

evidence in the Application that an application or request for the development funds has been submitted in the form of an acknowledgement from the applicable city or county. The acknowledgement must also state that a decision with regard to the awards of such funding will occur no later than August 1. A firm commitment of funds is required by Commitment or the points will be lost (except for Applicants electing the point under subparagraph (B) of this paragraph).

(A) Applications will qualify for points based on the amount of funds at the following levels. For the purpose of this calculation, the Department will use the population of the Place from which the Development's Rural or Urban Area designation is derived. For developments located outside a census designated place, the Department will use the population of the nearest place.

(i) twelve (12) points for a commitment by a Unit of General Local Government of the lesser of the population of the Place multiplied by a factor of 0.15 in funding per Low Income Unit and \$15,000 in funding per Low Income Unit;

(ii) eleven (11) points for a commitment by a Unit of General Local Government of the lesser of the population of the Place multiplied by a factor of 0.10 in funding per Low Income Unit and \$10,000 in funding per Low Income Unit;

(iii) ten (10) points for a commitment by a Unit of General Local Government of the lesser of population of the Place multiplied by a factor of 0.05 in funding per Low Income Unit and \$5,000 in funding per Low Income Unit;

(iv) nine (9) points for a commitment by a Unit of General Local Government of the lesser of the population of the Place multiplied by a factor of 0.025 in funding per Low Income Unit and \$1,000 in funding per Low Income Unit; or

(v) eight (8) points for a commitment by a Unit of General Local Government of the lesser of the population of the Place multiplied by a factor of 0.01 in funding per Low Income Unit and \$500 in funding per Low Income Unit.

(B) One (1) point may be added to the points in subparagraph (A) of this paragraph if the Applicant provides a firm commitment for funds in the form of a resolution from the Unit of General Local Government in the Application.

(4) *Community Support from State Representative or Senator.* (§2306.6710(b)(1)(F); §2306.6725(a)(2)) Applications may receive up to twelve (12) points or have deducted up to twelve (12) points for this scoring item. To qualify under this paragraph letters must be on the State Representative's or State Senator's letterhead, be signed by the State Representative or State Senator, identify the specific Development and clearly state support for or opposition to the specific Development. This documentation will be accepted with the Application or through delivery to the Department from the Applicant or the State Representative or Senator and must be submitted no later than the Input from State Senator or Representative Delivery Date as identified in §11.2 of this chapter. Once a letter is submitted to the Department it may not be changed or withdrawn. Therefore, it is encouraged that letters not be submitted earlier than the specified deadline in order to

facilitate consideration of all constituent comment and other relevant input on the proposed Development. State Representatives or Senators to be considered are those in office at the time the letter is submitted and whose district boundaries include the proposed Development Site. Neutral letters or letters that do not specifically refer to the Development or specifically express support or opposition will receive zero (0) points. Points under this scoring item will be averaged. If one letter is received in support and one letter is received in opposition the score would be zero (0) points. A letter that does not directly express support but expresses it indirectly by inference, (e.g. "the local jurisdiction supports the Development and I support the local jurisdiction") will be treated as a neutral letter.

(5) *Declared Disaster Area.* (§2306.6710(b)(1)) An Application may qualify to receive up to eight (8) points for this scoring item. An Application will receive seven (7) points if at the time the complete Application is submitted or at any time within the two-year period preceding the date of submission, the proposed Development Site is located in an area declared to be a disaster under of the Texas Government Code, §418.014. An Application will receive eight (8) points if the disaster declaration, within the two-year period preceding the date of submission, is localized, in other words, if the disaster declaration does not apply to the entire state.

(6) *Community Revitalization Plan.*

(A) For Developments located in an Urban Area of Region 3.

(i) An Application may qualify to receive up to six (6) points if the proposed Development is located in an area covered by a community revitalization plan and that meets the following criteria:

(-a-) The community revitalization plan must have been adopted by the municipality or county in which the Development is proposed to be located.

(-b-) The adopting municipality or county must have performed, in a process providing for public input, an assessment of the factors in need of being addressed as a part of such community revitalization plan. Factors to be considered may include:

(-1-) adverse environmental conditions, natural or manmade, that are material in nature and are inconsistent with the general quality of life in typical average income neighborhoods. By way of example, such conditions might include significant and recurring flooding, presence of hazardous waste sites or ongoing localized emissions not under appropriate remediation, nearby heavy industrial uses, or uses presenting significant safety or noise concerns such as major thoroughfares, nearby active railways (other than commuter trains), or landing strips; significant and widespread (e.g., not localized to a small number of businesses or other buildings) rodent or vermin infestation

- acknowledged to present health risks requiring a concerted effort; or fire hazards;
 - (-2-) presence of blighted structures;
 - (-3-) presence of inadequate transportation;
 - (-4-) lack of accessibility to and/or presence of inadequate health care facilities, law enforcement and fire fighting facilities, social and recreational facilities, and other public facilities comparable to those typically found in neighborhoods containing comparable but unassisted housing;
 - (-5-) the presence of significant crime;
 - (-6-) the presence, condition, and performance of public education; or
 - (-7-) the presence of local business providing employment opportunities.
- (-c-) A municipality is not required to identify and address all of the factors identified in clause (i) of this subparagraph, but it must set forth in its plan those factors that it has identified and determined it will address.
 - (-d-) The adopting municipality or county must have based its plan on the findings of the foregoing assessment and must have afforded the public an opportunity to provide input and comment on the proposed plan and the factors that it would address. To the extent that issues identified require coordination with other authorities, jurisdictions, or the like, such as school boards or hospitals, the adopting municipality should include coordination with such bodies in its plan and, to the extent feasible, secure their cooperation.
 - (-e-) The adopted plan, taken as a whole, must be a plan that can reasonably be expected to revitalize the community and address in a substantive and meaningful way the material factors identified. The adopted plan must specifically address how the providing of affordable rental housing fits into the overall plan and is a necessary component thereof.
 - (-f-) The adopted plan must describe the planned sources and uses of funds to accomplish its purposes.
 - (-g-) To be eligible for points under this item, the community revitalization plan must already be in place as of the Pre-Application Final Delivery Date pursuant to §11.2 of this chapter evidenced by a certification that:
 - (-1-) the plan was duly adopted with the required public comment processes followed;
 - (-2-) the funding and activity under the plan has already commenced; and

(-3-) the adopting municipality or county has no reason to believe that the overall funding for the full and timely implementation of the plan will be unavailable.

(ii) Points will be awarded based on the following:

(-a-) Applications will receive six (6) points if the community revitalization plan has a total budget or projected economic value of \$6,000,000 or greater;

(-b-) Applications will receive four (4) points if the community revitalization plan has a total budget or projected economic value of at least \$4,000,000; or

(-c-) Applications will receive two (2) points if the community revitalization plan has a total budget or projected economic value of at least \$2,000,000.

(iii) At the time of the tax credit award the site and neighborhood of any Development must conform to the Department's rules regarding unacceptable sites.

(iv) It is recognized that municipalities and counties will need to devote time and effort to adopt a concerted revitalization plan that complies with the requirements of this scoring item. Therefore, for purposes of the 2013 Application Round only, the Department's Board may, in a public meeting, determine whether a revitalization plan substantively and meaningfully satisfies a revitalization effort, notwithstanding one or more of the factors in this subparagraph not having been satisfied. Such pre-clearance shall be prompted by a request from the Applicant pursuant to the waiver provisions in §10.207 of this title (relating to Waiver of Rules for Applications).

(B) For Developments located in Urban Areas outside of Region 3.

(i) An Application may qualify for up to six (6) points for meeting the criteria under subparagraph (A) of this paragraph (with the exception of being located in Region 3); or

(ii) An Application will qualify for six (6) points if the city or county has an existing plan for CDBG or HOME Program funds that includes the meets the requirements of items (-a-) - (-e-) of this subclause. In order to qualify for points, the development Site must be located in the target area defined by the plan, and the Application must receive a HUD Site and Neighborhood Clearance with HUD review or approval of such clearance:

(-a-) the plan defines specific target areas for redevelopment of housing that do not encompass the entire jurisdiction.;

(-b-) the plan affirmatively addresses Fair Housing;

(-c-) the plan is subject to administration in a manner consistent with the findings of an Analysis of Impediments approved or accepted by HUD within the last three (3) calendar years;

(-d-) the plan is in place prior to the Pre-Application Final Delivery Date; and

(-e-) the plan (in its entirety) and a letter from a local government official with specific knowledge and oversight of implementing the plan are included in the pre-application.

(C) For Developments located in a Rural Area.

(i) An Application may qualify for up to six (6) points if the city, county, or state has approved expansion of any of the following basic infrastructure or projects to the Development Site or improvements to areas within a quarter mile of the Development Site, unless a different distance is otherwise identified. The Applicant or Related Party cannot contribute funds for or finance the project or infrastructure. The project or infrastructure must have been completed no more than 12 months prior to the beginning of the Application Acceptance Period or be approved and projected to be completed within 12 months from the beginning of the Application Acceptance Period. An Application is eligible for four (4) points for one of the following items or six (6) points for at least two (2) of the following items:

(-a-) Paved roadways or expansion of paved roadways by at least one lane;

(-b-) Water and/or wastewater service;

(-c-) Construction of a new police or fire station within 1 mile of the Development Site that has a service area that includes the Development Site; and

(-d-) Construction of a new hospital or expansion of an existing hospital's capacity by at least 25 percent within 5 miles of the Development Site and ambulance service to and from the hospital is available at the Development Site.

(ii) The Applicant must provide a letter from a government official with specific knowledge of the project. However, the Department staff may rely on other documentation that reasonably documents that the substance of this clause is met, in Department Staff's sole determination. A letter must include:

(-a-) the nature and scope of the project;

(-b-) the date completed or projected completion;

(-c-) source of funding for the project;

(-d-) proximity to the Development Site; and

(-e-) the date of any applicable city or county approvals, if not already completed.

(e) Criteria promoting the efficient use of limited resources and applicant accountability.

(1) *Financial Feasibility.* (§2306.6710(b)(1)(A)) An Application may qualify to receive a maximum of eighteen (18) points for this item. To qualify for points, a 15-year itemized *pro forma* that includes all projected income, operating expenses and debt service, and underlying growth assumptions, reflecting a minimum must-pay debt coverage ratio of 1.15 for each year must be submitted. The *pro forma* must include the signature and contact information evidencing that it has been reviewed and found to be acceptable by

an authorized representative of a proposed construction or permanent Third Party lender. An acceptable form of lender approval letter is found in the application. If the letter evidences review of the Development alone it will receive sixteen (16) points. If the letter evidences review of the Development and the Principals, it will receive eighteen (18) points.

(2) *Cost of Development per Square Foot.* (§2306.6710(b)(1)(H); §42(m)(1)(C)(iii)) An Application may qualify to receive up to ten (10) points based on the Building Cost (less any structured parking cost that is not included in Eligible Basis) per square foot of the Application, as originally submitted and certified to by the General Contractor, relative to the mean cost per square foot for all similar development types. Structured parking costs must be supported by a cost estimate from a Third Party General Contractor or subcontractor with experience in structured parking. The square footage used will be the Net Rentable Area (NRA). For the purposes of this paragraph only, if a building is in a Qualified Elderly Development with an elevator or a Development with one or more buildings any of which have elevators serving four or more floors (Elevator Served Development) the NRA will include elevator served interior corridors. If the proposed Development is a Supportive Housing Development, the NRA will include elevator served interior corridors and 50 square feet of common area per Unit. As it relates to this paragraph, an interior corridor is a corridor that is enclosed, heated and/or cooled and otherwise finished space. The calculations will be based on the cost listed in the Development Cost Schedule and NRA shown in the Rent Schedule of the Application.

(A) Each Application will be categorized as one of the following:

- (i) Qualified Elderly and Elevator Served Development, more than 75 percent single family design, and Supportive Housing Developments;
- (ii) All other Applications proposing New Construction, Reconstruction, or Adaptive Reuse; or
- (iii) All other Applications proposing Rehabilitation.

(B) Within each category listed in subparagraph (A), points will be awarded as follows:

- (i) Within 8 percent and equal to or less than the mean cost per square foot (10 points);
- (ii) Within 5 percent and greater than the mean cost per square foot (10 points);
- (iii) Within 13 percent and equal to or less than the mean cost per square foot (9 points);
- (iv) Within 10 percent and greater than the mean cost per square foot (8 points);
- (v) Within 18 percent and equal to or less than the mean cost per square foot (7 points);
- (vi) Within 15 percent and greater than the mean cost per square foot (6 points); or
- (vii) Within 20 percent of the mean cost per square foot (5 points)

- (C) Developments with Building Costs of less than \$80 per square foot shall receive no less than eight (8) points. Points under this subparagraph are not in addition to the points achieved under subparagraph (B) of this paragraph.
- (3) *Pre-application Participation.* (§2306.6704) An Application may qualify to receive up to six (6) points provided a pre-application was submitted during the Pre-Application Acceptance Period and meets the following requirements:
- (A) The total number of Units does not increase by more than 10 percent from pre-application to Application;
 - (B) The designation of the proposed Development as Rural or Urban remains the same;

 - (E) The Application final score (inclusive of only scoring items reflected on the self score form) does not vary by more than six (6) points from what was reflected in the pre-application self score;
 - (F) All necessary waivers and pre-clearance were requested in the pre-application;
 - (G) The Development Site at Application is at least in part the Development Site at pre-application, and the census tract number listed at pre-application is the same at Application;

- (4) *Leveraging of Private, State, and Federal Resources.* (§2306.6725(a)(3))
- (A) An Application may qualify to receive up to three (3) points if at least 5 percent of the total Units are restricted to serve households at or below 30 percent of AMGI (restrictions elected under other point items may count) and the Housing Tax Credit funding request for the proposed Development meet one of the following levels:
 - (i) the Development leverages CDBG Disaster Recovery, HOPE VI, or Choice Neighborhoods funding and the Housing Tax Credit Funding Request is less than 8 percent of the Total Housing Development Cost (3 points); or

 - (B) The calculation of the percentages stated in subparagraph (A) of this paragraph will be based strictly on the figures listed in the Funding Request and Development Cost Schedule and will be rounded to the nearest hundredth. Should staff issue an Administrative Deficiency that requires a change in either form, then the calculation

will be performed again and the score adjusted, as necessary. In order to be eligible for points, no more than 50 percent of the developer fee can be deferred.

(5) *Extended Affordability or Historic Preservation.* (§§2306.6725(a)(5); 2306.111(g)(3)(C); 2306.185(a)(1) and (c); 2306.6710(e)(2); and 42(m)(1)(B)(ii)(II)) An Application may qualify to receive two (2) points for this scoring item.

(A) In accordance with the Code, each Development is required to maintain its affordability for a 15-year compliance period and, subject to certain exceptions, an additional 15-year extended use period. Development Owners that agree to extend the affordability period for a Development to thirty-five (35) years total may receive the two (2) points; or

(B) An Application proposing the use of historic (rehabilitation) tax credits and providing documentation that an existing building that will be part of the Development will reasonably be able to qualify to receive and document receipt of historic tax credits by issuance of Forms 8609 may qualify to receive two (2) points.

(6) *Right of First Refusal.* (§2306.6725(b)(1); §42(m)(1)(C)(viii)) An Application may qualify to receive one (1) point for Development Owners that will agree to provide a right of first refusal to purchase the Development upon or following the end of the Compliance Period in accordance with Texas Government Code, §2306.6726 and the Department's rules including §10.407 of this chapter (relating to Right of First Refusal) and §10.408 of this chapter (relating to Qualified Contract Requirements).

(7) *Development Size.* An Application may qualify to receive one (1) point if the Development is proposed to be fifty (50) total Units or less and the Application reflects a Funding Request of Housing Tax Credits, as identified in the original Application submission, of \$500,000 or less.

(f) *Point Deductions.*

(1) Any Applicant that elects points for a scoring item on their self score form and is unable to provide sufficient documentation for Department staff to award those points will receive a one (1) point deduction per scoring item in their final score. This penalty shall not be applied to the following scoring items regardless of points elected: §11.9(d)(1), (4), and (6) and §11.9(e)(2) and (3).

(2) Staff may recommend to the Board a penalty of up to (5 points) for any of the items listed in subparagraphs (A) or (B) of this paragraph, unless the person approving the extension (the Board or Executive Director, as applicable) makes an affirmative finding setting forth that the facts which gave rise to the need for the extension were beyond the reasonable control of the Applicant and could not have been reasonably anticipated. Any such matter to be presented for final determination of penalties by the Board must include notice from the Department to the affected party not less than fourteen (14) days prior to

the scheduled Board meeting. The Executive Director may, but is not required, to issue a formal notice after disclosure if it is determined that the matter does not warrant penalties. (§2306.6710(b)(2))

- (A) If the Applicant or Affiliate failed to meet the original Carryover submission or 10 percent Test deadline(s) or has requested an extension of the Carryover submission deadline, the 10 percent Test deadline (relating to either submission or expenditure).
- (B) If the Developer or Principal of the Applicant violates the Adherence to Obligations.
- (C) No penalty points will be deducted for extensions that were requested on Developments that involved Rehabilitation when the Department is the primary lender, or for Developments that involve USDA as a lender if the Applicant is not determined to be at fault for not meeting the deadline.
- (D) Any penalties assessed by the Board for subparagraph (A) or (B) of this paragraph based on a Housing Tax Credit Commitment from the preceding Application Round will be attributable to the Applicant or Affiliate of an Application submitted in the current Application Round.

§11.10. CHALLENGES OF COMPETITIVE HTC APPLICATIONS.

Challenges. The Department will address challenges received from unrelated entities to a specific active Application. The Department will utilize a preponderance of the evidence standard and determinations made by the Department concerning challenges cannot be appealed by a party unrelated to the Applicant that is the subject of the challenge. The challenge process shall be as stated in paragraphs (1) - (12) of this subsection. A matter, even if raised as a challenge, that staff chooses to treat as an Administrative Deficiency will be treated and handled as an Administrative Deficiency, not as a challenge.

- (1) The challenge must be received by the Department no later than the Application Challenges Deadline as identified in §11.2 of this chapter (relating to Program Calendar for Competitive Housing Tax Credits) and must be accompanied by the corresponding non-refundable challenge processing fee as described in §10.901 of this title (relating to Fee Schedule). Unless the required fee is received with the challenge, no challenge will be deemed to have been submitted, and the challenge fee must be paid for each Application challenged by a challenger.
- (2) A challenge must be clearly identified as such, using that word in all capital letters at the top of the page, and it must state the specific identity of and contact information for the person making the challenge.
- (3) Challengers must provide, at the time of filing the challenge, any briefing, documentation or other information that the challenger offers in support of the challenge. Challengers must provide sufficient credible evidence that, if confirmed, would substantiate the challenge.

- (4) Challenges to the financial feasibility of the proposed Development are premature and will not be accepted, as such issues will be addressed during the underwriting phase of the process.
- (5) Challenges relating to undesirable area features as described in §10.101(a)(4) of this chapter (relating to Site and Development Requirements and Restrictions) will not be accepted unless they relate to a failure to disclose substantive issues not already disclosed.
- (6) Challengers are encouraged to be prudent in identifying issues to challenge, realizing that most issues will be identified and addressed through the routine review and Administrative Deficiency process;
- (7) Once a challenge on an Application has been submitted, subsequent challenges on the same Application from the same challenger will not be accepted;
- (8) The Department shall promptly post all items received and purporting to be challenges and any pertinent information to its website;
- (9) The Department shall notify the Applicant that a challenge was received within seven (7) business days of the challenge deadline;
- (10) The Applicant must provide a response regarding the challenge within fifteen (15) business days of their receipt of the challenge; and
- (11) The Department shall promptly post its determinations of all matters submitted as challenges. Because of statutory requirements regarding the posting of materials to be considered by the Board, staff may be required to provide information on late received items relating to challenges as handouts at a Board meeting.
- (12) Staff determinations regarding all challenges will be reported to the Board as report items.
