(a) For services performed and to be performed under Sections 1 and 2 of this Agreement, the Company shall pay the Developer a Development Fee in the aggregate amount of Two Million Five Hundred Twenty Seven Thousand Five Hundred Eighty-Five Dollars ($2,527,585) as its sole compensation for the performance of its services under and in connection with this Agreement. Payment of the Development Fee shall be subject to the terms and conditions of the Operating Agreement. Subject to the terms of the Operating Agreement, the Company shall pay the Development Fee as follows: (i) $2,221,407 (of which $1,199,560 shall be paid to Saigebrook, $577,566 shall be paid to O-SDA and $444,281 shall be paid to the Special Investor Member) of the Development Fee shall be paid solely from the Cash Flow of the Company available pursuant to Section 14.1(a)(vi) of the Operating Agreement, from Cost Savings pursuant to Section 14.2, and from proceeds of the dissolution and liquidation of the Company pursuant to Section 17.2(b)(ii)(D) of the Operating Agreement (the “Deferred Development Fee”); (ii) $231,718 (of which $125,128 shall be paid to Saigebrook, $60,247 shall be paid to O-SDA and $46,343 shall be paid to the Special Investor Member) of the Development Fee shall be paid at the time the Investor Member makes the Fourth Installment, (iii) $75,000 (of which $40,500 shall be paid to Saigebrook, $19,500 shall be paid to O-SDA and $15,000 shall be paid to the Special Investor Member) of the Development Fee shall be paid at the time the Investor Member makes the Fifth Installment. The Development Fee, including but not limited to any Deferred Development Fee, shall be paid fifty-four percent (54%) to Saigebrook, twenty-six percent (26%) to O-SDA and twenty percent (20%) to the Special Investor Member, on a pro rata basis.

(b) Notwithstanding the foregoing, if, at any time prior to the payment of the Development Fee in full, including the Deferred Development Fee, there are Development Deficits required to be paid to Saigebrook and O-SDA by the Managing Member pursuant to Section 8.1(b) of the Operating Agreement, the Developer and the Company agree that the Managing Member shall have the right, with the Consent of the Investor Member, to elect to fund such Development Deficits by causing the Company and the Developer to change some or all of the cash portion of the Development Fee that would otherwise be paid to Saigebrook and
O-SDA in accordance with Sections 3(a)(ii) through (v) above (but in no event to exceed the lesser of $244,942 or the unpaid cash portion of 80% of the Development Fee payable to Saigebrook and O-SDA) into Deferred Development Fee (a “DDF Election”); provided, the Investor Member shall Consent to such deferral if the Investor Member determines, in its sole discretion, that all of the Deferred Development Fee (including any additional deferral to pay Development Costs) can be repaid by the Company through distributions from the cash flow waterfall under Section 14.1(a) within thirteen years after the Placed in Service Date, further provided that such Consent shall not be required if the Deferred Development Fee is not necessary to be included in the Eligible Basis in order to generate the Projected Housing Tax Credits and the Investor Member’s Capital Account is expected to remain positive throughout the period of eleven (11) taxable years beginning with the first taxable year of the Credit Period. Any Deferred Development Fee resulting from a DDF Election shall be paid in accordance with Section 3(a)(i) hereof and the payments to Saigebrook, O-SDA and the Special Investor Member shall be adjusted pro rata. In no event shall the total amount of the Development Fee be increased as a result of such DDF Election.

(c) No interest shall accrue on the outstanding Deferred Development Fee (including, without limitation, any Deferred Development Fee resulting from a DDF Election). All payments made to the Deferred Development Fee shall be applied to the outstanding balance of the Deferred Development Fee until the Deferred Development Fee is paid in full. Any outstanding balance shall be payable by the earlier of thirteen (13) years following the Placed in Service Date, December 31, 2032 or the date of liquidation of the Company.

(d) Notwithstanding the timing of the payment of the Capital Contributions of the Investor Member, in any event the Company shall pay the entire earned and accrued amount of the Development Fee (other than the Deferred Development Fee including, without limitation, any Deferred Development Fee resulting from a DDF Election) within three (3) years from the date of this Agreement.

(e) For those services performed on or before the Closing Date, as set forth in Section 2 hereof, twenty percent (20%) of the Development Fee shall be deemed earned as of such date. The balance of the Development Fee shall be earned during construction proportionate to the percentage of completion of construction, with the entire Development Fee earned upon issuance of certificates of occupancy for all buildings in the Apartment Complex.

4. Developer Guaranty of Costs of Construction. The Developer warrants that the aggregate costs to the Company for the items includable in Development as identified on the Development Budget shall not exceed the aggregate amounts for such items reflected on the Development Budget (the “Developer Cost Guaranty”). If the aggregate costs to the Company for the items includable in Development Costs exceed the aggregate amount for such items reflected in the Development Budget and such excess costs cannot be funded by Permitted Sources, including DDF Election, the Developer shall pay such excess when and as incurred. Any amounts paid by the Developer pursuant to this Section 4 shall not be repaid by the Company, shall not be credited to the Capital Amount of any Member, or otherwise change the interest of any Person in the Company, but shall be bound by the Developer under the terms of this Agreement.
5. **Withholding of Fee Payments.** If (a) the Developer or the Managing Member, or any successor Managing Member, shall not have substantially complied with any material provisions under this Agreement and the Operating Agreement, (b) an Event of Default has occurred under the Operating Agreement, (c) any financing commitment of any Lender or any agreement entered into by the Company for financing related to the Apartment Complex shall have terminated prior to its respective termination date(s), or (d) foreclosure proceedings have been commenced against the Apartment Complex, or against any apartment complex owned by an Affiliated Entity, then the Developer shall be in default of this Agreement, and the Company shall withhold payment of any installment of the fee payable to the Developer pursuant to Section 3 of this Agreement. All amounts so withheld by the Company under this Section 5 shall be promptly released to the Developer only after the Developer has cured the default justifying the withholding, as demonstrated by evidence reasonably acceptable to the Investor Member. Either Saigebrook or O-SDA shall be entitled to effect such cure on behalf of the Developer.

6. **Assignment of Fees.** The Developer shall not assign, pledge or otherwise encumber, for security or otherwise, the Development Fee set forth above to be made by the Company, or any portion(s) thereof or any right(s) of the Developer thereto, without the Consent of the Investor Member.

7. **Reserved.**

8. **Successors and Assigns.** This Agreement shall be binding on the parties hereto, their heirs, successors and assigns. However, this Agreement may not be assigned by any party hereto without the Consent of the Investor Member, nor may it be terminated without the Consent of the Investor Member.

9. **Termination.** If the Managing Member withdraws from the Company for any reason whatsoever, including the removal of the Managing Member pursuant to Section 7.2 of the Operating Agreement, this Agreement shall terminate effective on the date of such withdrawal (an “Early Termination”) unless the Company and the Investor Member otherwise elect in writing. If an Early Termination occurs, then Developer shall not be entitled to any payments of the Development Fee and the Developer shall forfeit as additional damages any Development Fee which has not been paid as of the date of such Early Termination. If an Early Termination occurs, the Developer shall remain liable for all damages, liabilities and claims (“Claims”) arising under or in connection with this Agreement which are based on acts or omissions prior to the date of such termination, including Claims which do not become manifest until after the date of such termination. The Developer shall have no right to terminate this Agreement without the Consent of the Company and the Investor Member, which Consent may be withheld in the sole discretion of any party. The Developer shall have no right to terminate this Agreement without the Consent of the Company and the Investor Member and both Saigebrook and O-SDA, which Consent may be withheld in the sole discretion of any party.

10. **No Lien Filings.** The Developer hereby represents, warrants and covenants that neither it nor its Affiliates shall file a mechanic’s lien, materialmen’s lien or other lien against the Apartment Complex or any other assets of the Company, and hereby waives and releases any right it may have or may hereafter acquire to file such a lien against the Apartment Complex or any other assets of the Company. The Developer shall indemnify and hold harmless the...
Company and the Investor Member from any losses, damages, and/or liabilities, to or as a result of a breach of this provision.

11. **Separability of Provisions.** Each provision of this Agreement shall be considered separable and if for any reason any provision which is not essential to the effectuation of the basic purposes of this Agreement is determined to be invalid and contrary to any existing or future law, such invalidity shall not impair the operation of or affect those provisions of this Agreement which are valid.

12. **Counterparts.** This Agreement may be executed in several counterparts, each of which shall be deemed to be an original copy and all of which together shall constitute one agreement binding on all parties hereto, notwithstanding that all the parties shall not have signed the same counterpart.

13. **Waiver of Jury Trial.** EACH PARTY TO THIS AGREEMENT HEREBY EXPRESSLY WAIVES ANY RIGHT TO TRIAL BY JURY OF ANY CLAIM, DEMAND, ACTION OR CAUSE OF ACTION (a) ARISING UNDER THIS DEVELOPMENT AGREEMENT, INCLUDING, WITHOUT LIMITATION, ANY PRESENT OR FUTURE AMENDMENT HEREOF, OR (b) IN ANY WAY CONNECTED WITH OR RELATED OR INCIDENTAL TO THE DEALINGS OF THE PARTIES HERETO OR ANY OF THEM WITH RESPECT TO THIS AGREEMENT OR ANY OTHER INSTRUMENT, DOCUMENT OR AGREEMENT EXECUTED OR DELIVERED IN CONNECTION HEREWITH, OR THE TRANSACTIONS RELATED HERETO OR THERETO, IN EACH CASE WHETHER SUCH CLAIM, DEMAND, ACTION OR CAUSE OF ACTION IS NOW EXISTING OR HEREAFTER ARISING, AND WHETHER SOUNDING IN CONTRACT OR TORT OR OTHERWISE; AND EACH PARTY HEREBY AGREES AND CONSENTS THAT ANY SUCH CLAIM, DEMAND, ACTION OR CAUSE OF ACTION SHALL BE DECIDED BY COURT TRIAL WITHOUT A JURY AND THAT ANY PARTY TO THIS AGREEMENT MAY FILE AN ORIGINAL COUNTERPART OR A COPY OF THIS SECTION WITH ANY COURT AS WRITTEN EVIDENCE OF THE CONSENT OF THE PARTIES HERETO TO THE WAIVER OF ANY RIGHT THEY MIGHT OTHERWISE HAVE TO TRIAL BY JURY.

14. **No Continuing Waiver.** The waiver by any party of any breach of this Agreement shall not operate or be construed to be a waiver of any subsequent breach.

15. **Applicable Law.** This Agreement shall be construed and enforced in accordance with the laws of Texas.

16. **Third Party Beneficiary.** The Investor Member is a third party beneficiary of this Agreement, and the Company and the Developer hereby expressly agree that any amendment to this Agreement shall not be effective unless and until same is Consented to by the Investor Member.

GUARANTY AGREEMENT
GUARANTY AGREEMENT

THIS GUARANTY AGREEMENT (this “Guaranty”), made as of August 30, 2018, is by SAIGEBROOK MISTLETOE, LLC, a Texas limited liability company (“Co-Managing Member”), O-SDA MISTLETOE, LLC, a Texas limited liability company (“Administrative Member”), SAIGEBROOK DEVELOPMENT, LLC, a Florida limited liability company (“Saigebrook Development”), O-SDA INDUSTRIES, LLC, a Texas limited liability company (“O-SDA Developer”), Lisa M. Stephens, individually and Megan D. Lasch, individually, (jointly and severally Co-Managing Member, Administrative Member, Saigebrook Development, O-SDA Developer, Lisa M. Stephens and Megan D. Lasch are individually and collectively referred to herein as the “Guarantors”), each of whose address is set forth below, for the benefit of HCP-ILP, LLC, a Nevada limited liability company (the “Investor Member”), whose address is 15910 Ventura Boulevard, Suite 1100, Encino, California 91436.

A. Co-Managing Member and Administrative Member are the managing members of Mistletoe Station, LLC, a Texas limited liability company (the “Company”).

B. The Company is governed by its First Amended and Restated Operating Agreement dated as of August 30, 2018 (the “Operating Agreement”). Capitalized terms used herein and not defined shall have the meanings given them in the Operating Agreement.

C. The Developer and the Company have entered into that certain Development Agreement dated as of the date hereof (the “Development Agreement”).

D. The Investor Member has been requested to enter into the Operating Agreement and the Company with the Managing Member.

E. Each Guarantor is, or is an Affiliate of, the Managing Member and/or the Developer, and believes it shall substantially benefit, directly or indirectly, from the Investor Member entering into the Operating Agreement and the Company with the Managing Member.

F. As a condition to entering into the Operating Agreement and the Company, the Investor Member has required the Guarantors to jointly and severally guarantee to the Investor Member certain of the obligations of the Managing Member under the Operating Agreement, of the Developer under the Development Agreement and certain other items as herein set forth.

NOW, THEREFORE, in order to induce the Investor Member to enter into the Operating Agreement and the Company in consideration of the premises and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Guarantor, in his, her or its respective individual and/or fiduciary capacity, hereby jointly and severally covenants and agrees as follows:

1. Each Guarantor irrevocably and unconditionally fully guarantees the due, prompt and complete performance of each and every one of the following obligations: (a) the payment and performance by the Managing Member of each and every obligation of the Managing Member due under Sections 4.2(d), 5.2(i), 5.2(j), 5.2(cc), 5.8(a), 5.8(c), 5.10(b), 7.2(b)(iv), 8.1, 8.2, 8.3 and 8.4 of the Operating Agreement; (b) the payment and performance by the Managing Member of each and every obligation of the Managing Member under the Managing Member
Pledge; and (c) the due, prompt and complete payment of all costs and expenses (including, without limitation, reasonable attorneys’ fees) incurred by the Investor Member in collection of the enforcement of this Guaranty against the Guarantors (the obligations described in this Paragraph 1 are hereinafter collectively referred to as the “Indebtedness”).

2. Each Guarantor hereby grants to the Investor Member, in the sole discretion of the Investor Member, and without notice to any Guarantor, the power and authority to deal in any lawful manner with the Indebtedness and the other obligations guaranteed hereby, and without limiting the generality of the foregoing, further power and authority, from time to time:

   (a) to renew, compromise, extend, accelerate or otherwise change the time or place of payment of or to otherwise change the terms of the Indebtedness;

   (b) to modify or to waive any of the terms of the Operating Agreement, the Development Agreement and/or any other obligations guaranteed hereby;

   (c) to take and hold security for the payment of the Indebtedness and/or performance of the other obligations guaranteed hereby and to impair, exhaust, exchange, enforce, waive or release any such security;

   (d) to direct the order or manner of sale of any such security as the Investor Member, in its sole discretion, may determine;

   (e) to grant any indulgence, forbearance or waiver with respect to the Indebtedness or any of the other obligations guaranteed hereby;

   (f) to release or waive rights against any one or more Guarantors without releasing or waiving any rights against any other Guarantor; and/or

   (g) to agree to any valuation by the Investor Member of any collateral securing payment of any of the Indebtedness in any proceedings under the United States Bankruptcy Code concerning the Investor Member or the Guarantors.

The liability of each Guarantor hereunder shall not be affected, impaired or reduced in any way by any action taken by the Investor Member under the foregoing provisions or any other provision hereof, or by any delay, failure or refusal of the Investor Member to exercise any right or remedy either may have against the Managing Member or any other person, firm or corporation, including other guarantors, if any, liable for all or any part of the Indebtedness or any of the other obligations guaranteed hereby.

3. Prior to Rental Achievement, the Guarantors will maintain collectively at least $1,000,000 in Liquid Assets. From the date of Rental Achievement through and including the Operating Deficit Guarantee Period, the Guarantors will maintain collectively at least $750,000 in Liquid Assets. After the expiration of the Operating Deficit Guarantee Period, the Guarantors will maintain collectively at least $500,000 in Liquid Assets; provided, that the requirements of this Section 3 shall be deemed satisfied in accordance with the Backstop Guaranty Agreement, so long as such agreement is in full force and effect regardless of whether Hunt is in default.
thereunder. The Managing Member shall Notify the Investor Member whenever the requirements of this Section 3 are not satisfied.

4. On or before ninety (90) days after the expiration of each fiscal year of each Guarantor, such Guarantor shall send to the Investor Member copies of the balance sheet and income statement of such Guarantor for such fiscal year.

5. The Guarantors agree that if any of the Indebtedness is not fully and timely paid or performed according to the tenor thereof, whether by acceleration or otherwise, the Guarantors shall immediately upon receipt of written demand therefor from the Investor Member pay all of the Indebtedness hereby guaranteed in like manner as if the Indebtedness constituted the direct and primary obligation of the Guarantors. The Guarantors shall not have any right of subrogation as a result of any payment hereunder or any other payment made by the Guarantors or a Guarantor on account of the Indebtedness, and each Guarantor hereby waives, releases and relinquishes any claim based on any right of subrogation, any claim for unjust enrichment or any other theory that would entitle a Guarantor to a claim against the Managing Member based on any payment made hereunder or otherwise on account of the Indebtedness until the Indebtedness is paid in full.

6. This Guaranty and the obligations of the Guarantors hereunder shall be continuing and irrevocable until the Indebtedness has been satisfied in full. Notwithstanding the foregoing or anything else set forth herein, and in addition thereto, if at any time all or any part of any payment received by the Investor Member from a Guarantor under or with respect to this Guaranty is or must be rescinded or returned for any reason whatsoever (including, without limitation, determination that said payment was a voidable preference or fraudulent transfer under insolvency, bankruptcy or reorganization laws), then Guarantors’ obligations hereunder shall, to the extent of the payment rescinded or returned, be deemed to have continued in existence, notwithstanding such previous receipt of payment by the Investor Member, and Guarantors’ obligations hereunder shall continue to be effective or be reinstated as to such payment, all as though such previous payment to the Investor Member had never been made. The provisions of the foregoing sentence shall survive termination of this Guaranty, and shall remain a valid and binding obligation of each Guarantor until satisfied.

7. Each Guarantor hereby waives notice of acceptance of this Guaranty by the Investor Member, and this Guaranty shall immediately be binding upon each Guarantor. Any Guarantor who executes this Agreement shall be fully bound hereby regardless of whether or not any other Guarantor subsequently executes this Guaranty.

8. Each Guarantor hereby waives and agrees not to assert or take advantage of:

   (a) any right to require the Managing Member or the Company to proceed against any other person or to proceed against or exhaust any security held by the Managing Member or the Company at any time or to pursue any other remedy in the Managing Member’s or Company’s power before proceeding against any one or more Guarantors hereunder;

   (b) any right to require the Investor Member to proceed against the Managing Member or any other person or to proceed against or exhaust any security held by the Investor
Member at any time or to pursue any other remedy in the power of the Investor Member before proceeding against any one or more Guarantors hereunder;

(c) the defense of the statute of limitations in any action hereunder or in any action for the collection of the Indebtedness or the performance of any other obligations guaranteed hereby;

(d) any defense that may arise by reason of the incapacity, lack of authority, death or disability of any other person or persons or the failure of the Investor Member to file or enforce a claim against the estate (in administration, bankruptcy or any other proceeding) of any other person or persons;

(e) demand, presentment for payment, notice of non-payment, protest, notice of protest and all other notices of any kind, including, without limitation, notice of the existence, creation or incurring of any new or additional indebtedness or obligation or of any action or non-action on the part of the Investor Member or any endorser or creditor of either the Investor Member or any Guarantor or on the part of any other person whomsoever under this or any other instrument in connection with any obligation or evidence of indebtedness held by the Investor Member or in connection with the Indebtedness;

(f) any defense based upon an election of remedies by the Investor Member, and until the Indebtedness is paid in full, the right of Guarantors to proceed against the Investor Member for reimbursement, or both, or if contrary to the express agreement of the parties;

(g) any election by the Investor Member to exercise any right or remedy it may have against the Company or any security held by the Investor Member, including, without limitation, the right to foreclose upon any such security by judicial or non-judicial sale, without affecting or impairing in any way the liability of Guarantors hereunder, except to the extent the Indebtedness has been paid, and until the Indebtedness is paid in full, any default arising out of the absence, impairment or loss of any right of reimbursement, contribution or subrogation or any other right or remedy of the Guarantors against the Company or any such security whether resulting from such election by the Investor Member or otherwise. The Guarantors understand that if all or any part of the liability of the Company to the Investor Member for the Indebtedness is secured by real property the Guarantors shall be liable for the full amount of their liability hereunder, notwithstanding foreclosure on such real property by trustee sale or any other reason impairing the Guarantors’ right to proceed against the Company; and

(h) all duty or obligation on the part of the Investor Member to perfect, protect, not impair, retain or enforce any security for the payment of the Indebtedness or performance of any of the other obligations guaranteed hereby.

9. Until the Indebtedness is paid in full, all existing and future indebtedness of the Managing Member to the Guarantors or to any person controlled or owned in whole or in part by any of the Guarantors and, the right of the Guarantors to withdraw or to cause or permit any person controlled or owned in whole or in part by any of the Guarantors to withdraw any capital invested by any Guarantor or such person in the Managing Member, is hereby subordinated to the Indebtedness at any time after a default exists under the Indebtedness. Furthermore, at any
time after a default exists under the Indebtedness, without the prior written Consent of the Investor Member, such subordinated indebtedness shall not be paid and such capital shall not be withdrawn in whole or in part nor shall any Guarantor accept or cause or permit any person controlled or owned in whole or in part by a Guarantor to accept any payment of or on account of any such subordinated indebtedness or as a withdrawal of capital. Any payment received by the Guarantors in violation of this Guaranty shall be received by the person to whom paid in trust for the Investor Member, and Guarantors shall cause the same to be paid to the Investor Member immediately on account of the Indebtedness. No such payment shall reduce or affect in any manner the liability of the Guarantors under this Guaranty.

10. The amount of each Guarantor’s liability and all rights, powers and remedies of the Investor Member hereunder shall be cumulative and not alternative and such rights, powers and remedies shall be in addition to all rights, powers and remedies given to the Investor Member under the Operating Agreement, any document or agreement relating in any way to the terms and provisions thereof or otherwise by law. With respect to each Guarantor, this Guaranty is in addition to and exclusive of the guaranty of any other Guarantor executing this Guaranty or any other person or entity which guarantees the Indebtedness and/or the other obligations guaranteed hereby.

11. The liability of each Guarantor under this Guaranty shall be an absolute, direct, immediate and unconditional guarantee of payment and not of collectability. The obligations of each Guarantor hereunder are independent of the obligations of the Managing Member or any other party which may be initially or otherwise responsible for performance or payment of the obligations hereunder guaranteed and each other Guarantor, and, in the event of any default hereunder, a separate action or actions may be brought and prosecuted against any one or more Guarantors, whether or not the Managing Member is joined therein or a separate action or actions are brought against the Managing Member. The Investor Member may maintain successive actions for other defaults. The Investor Member’s rights hereunder shall not be exhausted by its exercise of any of their rights or remedies or by any such action or by any number of successive actions until and unless the Indebtedness has been paid in full.

12. The Investor Member, in its sole discretion, may at any time enter into agreements with the Managing Member or with any other person to amend, modify or change the Operating Agreement or any document or agreement relating in any way to the terms and provisions thereof, or may at any time waive or release any provision or provisions thereof and, with reference thereto, may make and enter into all such agreements as the Investor Member may deem proper or desirable, without any notice or further assent from any Guarantor and without in any manner impairing or affecting this Guaranty or any of the rights of the Investor Member or each Guarantor’s obligations hereunder.

13. The Guarantors hereby agree to pay to the Investor Member, upon demand, reasonable attorneys’ fees and all costs and other expenses which the Investor Member expends or incurs in collecting or compromising the Indebtedness or in enforcing this Guaranty against each Guarantor whether or not suit is filed, including, without limitation, all costs, attorneys’ fees and expenses incurred by the Investor Member in connection with any insolvency, bankruptcy, reorganization, arrangement or other similar proceedings involving a Guarantor which in any way affect the exercise by the Investor Member of its rights and remedies hereunder. Any and
all such costs, attorneys’ fees and expenses not so paid shall bear interest at an annual interest rate equal to the lesser of (i) 18%, or (ii) the highest rate permitted by applicable law, from the date incurred by the Investor Member until paid by the Guarantors.

14. Should any one or more provisions of this Guaranty be determined to be illegal or unenforceable, all other provisions nevertheless shall be effective.

15. No provision of this Guaranty or right of the Investor Member hereunder can be waived nor can any Guarantor be released from such Guarantor’s obligations hereunder except by a writing duly executed by the Investor Member. 17. If any or all of the Indebtedness is assigned by the Investor Member, this Guaranty shall automatically be assigned therewith in whole or in part, as applicable, without the need of any express assignment and when so assigned, each Guarantor shall be bound as set forth herein to the assignee(s) without in any manner affecting such Guarantor’s liability hereunder for any part of the Indebtedness retained by the Investor Member.

Re: 811 Units – Mistletoe Station

Dear Omar:

Per the 2019 TDHCA Qualified Allocation Plan, we are hereby submitting a request for your consideration to add an additional ten 811 program units at Mistletoe Station, in Fort Worth, Texas.

Under the First Amended and Restated Operating Agreement for Mistletoe Station, the Managing Member’s Authority is restricted under section 5.3 without consent of the Investor Member to modify any agreement with the Agency, to enter into any new Project Document or amend any Project Document. As such, Investor Member consent would be required to add 811 units other than those underwritten at the time of closing. Mistletoe Station already has proposed ten 811 units as was contemplated during underwriting and closing of the transaction plus 5% supportive housing units as required by the City of Fort Worth. An additional ten units would result in more than 20% of the property being 811 and/or supportive housing tenants.

A written response is required by TDHCA for submission in our 2019 applications. If you have any questions about this request, you may reach me at 352-213-8700.

Sincerely,

Lisa M. Stephens
President
iii) Documentation that the Third Party possessing the legal right to withhold a required consent has provided notice of their decision not to provide a required consent (Example: Letter from the Third Party that they are denying an Existing Development from participation).

Describe and attach the response from the Third Party that was received by the Applicant or Owner that reflects their decision not to provide the requested consent:
Letter from Hunt Capital Partners denying the request to add 811 units.

RE:  #17259 Mistletoe Station – additional 811 units

Mr. Duran:

As the limited partner in Mistletoe Station, LLC, we have reviewed your request to enter into a Section 811 contract to provide additional Section 811 units in the Mistletoe Station project in Fort Worth. Given that Mistletoe Station was underwritten and closed without contemplation of additional Section 811 units and the impact of adding units was not evaluated prior to closing, HCP cannot approve the addition of Section 811 units for this property at this time.

Should you need any further assistance, please feel free to contact me with any questions at (972) 803-3416 or via email at omar.chaudhry@huntcompanies.com.

Sincerely,

**City:** City of Fort Worth, a Texas municipal corporation.

**City HOME Loan:** A third lien subordinate construction and permanent loan to be made by the City to Borrower which shall not accrue interest during its construction term and which shall accrue simple interest at the rate of the lesser of 1% or the long-term applicable federal rate ("AFR"), per annum, during its permanent term, having a maturity even with the date of the expiration of the twenty year affordability period as described in the HOME Contract, amortization during the permanent term of 35 years, and in an amount equal to $1,056,000.00 (which shall be otherwise on terms acceptable to Bank).

City Infrastructure Improvements Escrow Agreement: Escrow Agreement (whether one or more) entered into among the City, the Borrower, and the Bank in order to provide a mechanism for paying for the City Infrastructure Improvements.

City Infrastructure Improvements Escrow Cost Overrun Portion: That portion of the Security Funds required to be deposited in the City Infrastructure Improvements Escrow Accounts under the terms of each City Infrastructure Improvements Escrow Agreement which is in excess of the estimated cost of constructing the applicable City Infrastructure Improvements (each City Infrastructure Improvements

(b) Borrower shall be entitled (subject to Section 6.3) to request Bank to make distributions of amounts in the Capital Contribution Account (to the extent amounts are then on deposit in the Capital Contribution Account) and to make advances under the Construction Note until, but not including the Bank's Required Completion Date, when (except as hereafter provided in the last sentence of this subsection), provided no Event of Default is then existing) the Construction Loan shall then automatically convert to a non-advancing term loan. On the Construction Loan Maturity Date, the outstanding balance and all unpaid and accrued interest of the Construction Note shall be fully and finally due and payable in accordance with the terms and provisions of the Construction Note. (c) Subject to subsection (d) below and Section 2.12, without limiting the foregoing, requests made by Borrower for amounts to be disbursed by Bank to Borrower in accordance with the terms of this Agreement shall be (subject to the further terms hereof) made first, from deposits with Bank of the Subordinate Loans, subject to compliance with Section 6.2, second from deposits in the Capital Contribution Account from the funding of the Initial Capital Contribution described in Exhibit "H" (to the extent amounts are then on deposit in the Capital Contribution Account), and then from advances under the Construction Note up to the face amount thereof.

(d) Except for certain soft costs approved by Bank to be funded under the Construction Note on the Closing Date, an advance under the Construction Loan to fund the City Infrastructure Improvements Escrow Accounts, and as hereafter specifically provided, no advances shall be made under the Construction Note unless and until all of the first three Capital Contributions described in Exhibit "H" have been deposited in and fully disbursed from the Capital Contribution Account subject to the terms of this Agreement to pay for budgeted items (except for that portion, which may be the entirety of the Initial Capital Contribution in accordance with the settlement statement approved by Bank on the Closing Date, of the Initial Capital Contribution used to pay the
closing costs, the Predevelopment Loan under and as defined in the Operating Agreement, and developer fees, as provided for in Exhibit "H"). Notwithstanding the foregoing, provided no default is then existing under the Operating Agreement, if after the Initial Capital Contribution is funded and the payment of the next installment described in Exhibit “H” is not yet then payable under the terms of the Operating Agreement, and has not been actually deposited in the Capital Contribution Account, subject to the terms of this Agreement, Bank shall make advances of the Construction Loan as provided for in this Section and in Sections 6.1, 6.2, and 6.3 until the next funding of the Capital Contribution described in Exhibit “H” is payable under the terms of the Operating Agreement.

(e) Notwithstanding any of the foregoing or anything in this Agreement (or in the Operating Agreement) to the contrary, (i) the second Capital Contribution described in Exhibit "H", when funded subject to and in accordance with the terms of the Operating Agreement, shall be first paid to Bank as provided in this Agreement and then shall be applied first to pay any unpaid budgeted construction items, and then, to the extent there are any amounts remaining from that Capital Contribution, to the outstanding principal balance of the Construction Note (and interest accrued thereon) to the extent necessary to pay the balance of the Construction Note down to the amount of the Permanent Mortgage Loan Commitment (or such lesser amount required for Lease Stabilization), (ii) the third Capital Contribution described in Exhibit "H", when funded subject to and in accordance with the terms of the Operating Agreement, shall be first paid to Bank as provided in this Agreement and then shall be applied first to pay any unpaid budgeted construction items, and then, to the extent there are any amounts remaining from that Capital Contribution, to the outstanding principal balance of the Construction Note (and interest accrued thereon) to the extent necessary to pay the balance of the Construction Note down to the amount of the Permanent Mortgage Loan Commitment (or such lesser amount required for Lease Stabilization), and (iii) the fourth Capital Contribution described in Exhibit "H", when funded subject to and in accordance with the terms of the Operating Agreement, shall be first paid to Bank to the outstanding principal balance of the Construction Note (and interest accrued thereon) to the extent necessary to pay the balance of the Construction Note down to the amount of the Permanent Mortgage Loan Commitment (or such lesser amount required for Lease Stabilization) on or before the Conversion Deadline, then to all reserves required to be funded by the Operating Agreement and/or to pay budgeted developer fees. The foregoing shall not change the treatment of the payment of such Capital Contributions as Capital Contributions from the Investor Member for purposes of the Operating Agreement.

2.2 (RESERVED)

2.3 **Loan Purpose.** The advances to be made under this Agreement and the Construction Note shall be used by Borrower in connection with the acquisition,
2.4 **Renewal Option.** The Construction Loan Maturity Date may be extended, as of right, on a one-time basis, for six (6) calendar months, provided that each of the following conditions have been fully, completely, and timely satisfied on or before August 30, 2020:

(a) At least 30 days but not more than 90 days prior to August 30, 2020, Borrower shall have notified Bank in writing that it requests an extension of the Construction Loan Maturity Date for six calendar months;

(b) Substantial Completion of the Improvements shall have occurred as evidenced by a temporary certificate of occupancy and certificate of substantial completion from the Architect (and concurred to by Bank's construction consultant);

(c) No event which materially limits, reduces, or impairs the Low Income Housing Tax Credit for the Premises (in a manner which would cause the amount of Capital Contributions payable prior to conversion to the Permanent Mortgage Loan to not be paid) shall have occurred and be continuing, and Borrower shall otherwise be in compliance in all material respects with all guidelines relating to the Low Income Housing Tax Credit for the Premises;

(d) During the renewal term, sources for the payment of interest due under this Agreement and the other Loan Documents are not less than Estimated Debt Service (as defined hereafter). Sources for the payment of such interest can be any combination of (i) remaining balances in the Budget for interest and, if applicable, letter of credit fees; (ii) cash deposited with the Bank on or before commencement of the extension period from a source other than the Construction Loan and/or the scheduled Capital Contributions in the amounts set forth in Exhibit "H" to pay such interest and fees, or (iii) Net Operating Income for the extension period (calculated using Net Operating Income in the most recent three months). **Estimated Debt Service** is the sum of (1) interest (deemed to be the then current interest rate applicable to the Construction Note plus 0.25%), and (2) if applicable, letter of credit fees, each calculated for the entire extension period;

(e) As independent consideration for the extension of the maturity of the Construction Note, on or before the commencement of the extension term, Borrower shall pay to Bank an extension fee of one quarter percent (0.25%) of the outstanding balance of the Construction Note on the date the extension term commences;
(f) Borrower shall have delivered, at its sole cost and expense, all extension and other agreements, instruments, amendments, title insurance endorsements, and modifications required by Bank in its reasonable discretion to effect such renewal and extension (which extension agreement will extend the maturity of the Construction Note for six calendar months and will provide for, among other things, that interest shall continue to accrue on the Construction Note at the rate provided for in the Construction Note), and the Construction Note shall continue to be payable and accrue interest as provided for in the Construction Note;

(g) Borrower shall have reimbursed Bank for all of its reasonable costs and expenses (including reasonable attorneys' fees) relating to the extension;

(h) The Permanent Loan Commitment shall be in full force and effect and no party shall be in default thereunder;

(i) The Permanent Supportive Housing Agreement shall be in full force and effect and the Borrower shall not have breached its obligations thereunder;

(j) Unless all amounts owed to Borrower under the TIF Agreement have already been reimbursed to Borrower at such time, the TIF Agreement shall be in full force and effect and Borrower shall not then be in default under the TIF Agreement;

(k) Each Subordinate Loan shall be in full force and effect and Borrower shall not then be in default under any Subordinate Loan Document, which may be evidenced by a certification by Borrower at such time in form and content satisfactory to Bank;

(l) No Material Adverse Change shall exist with respect to the Borrower, the Guarantor, or the Premises;

(m) No Default or Event of Default shall be then existing; and

(n) The Construction Loan shall then be in balance as required by this Agreement and all installments of the Capital Contribution and fundings of the Subordinate Loans then payable shall have been funded as set forth in this Agreement.

2.5 Fees.

(a) As independent consideration for Bank's commitment to make the Construction Loan evidenced by the Construction Note as provided for herein, prior to or contemporaneously with Borrower's execution and delivery of this
Agreement, in addition to all other amounts due or to be due by Borrower to Bank (including, but not limited to, reimbursement for the appraisal review, the environmental review, and Borrower shall pay to Bank, a construction commitment fee equal to $167,115.00.

(b) Borrower shall pay reasonable inspection fees of Bank's construction consultant as provided in Section 6.7.

2.6 Payment of Contractor Overhead and Profit. Provided no Event of Default is then continuing, Borrower shall be permitted to pay general conditions on the basis of one-fifteenth (1/15) of such amounts each month and contractor profit and overhead on a percentage of completion basis during the course of construction all in accordance with the construction draw schedule approved by Bank and in a manner acceptable to Bank.

2.7 Payment of Developer Fees and/or Overhead. Until the Obligations have been fully paid and performed and Bank has no further funding commitments to Borrower under this Agreement, no developer fees or overhead shall be paid. Notwithstanding the foregoing, in no event may developer fee or overhead be paid in an amount that would exceed the amount permitted under the Operating Agreement or in any other way violate the Operating Agreement.

2.8 Reallocation of Budget. The Budget has been prepared by Borrower, and Borrower represents to Bank that the Budget includes all costs and expenses incident to the Construction Loan, and the construction of the Improvements and the City Infrastructure Improvements after taking into account the requirements of the Loan Documents. Subject to Section 4.1(c), Borrower shall (a) only reallocate Loan funds from one Budget line item to another or otherwise amend the Budget with the Bank's written approval (which will not be unreasonably withheld, delayed or conditioned) and if the reallocation is from the contingency line item, the amount of the contingency line item reallocated through that date (on a percentage basis) shall not exceed the amount of the Improvements and the City Infrastructure Improvements which have been completed to that date (on a percentage basis), provided that in no event may any reallocation be made from the interest reserve line item without Bank's consent, such consent not to be unreasonably withheld, conditioned or delayed, and in any event, the reallocation shall always leave a sufficient amount available with respect to a particular line item to complete the work associated with that line item), and (b) notify Bank promptly whenever Borrower becomes aware that the Budget is, or will be, inaccurate in any material respect.

2.9 Equity. The Investor Member has agreed to make Capital Contributions in accordance with the terms and provisions of the Operating Agreement. The Investor Member has agreed that the Capital Contributions shall be deposited by the Investor Member into the Capital Contribution Account to be disbursed by Bank as provided for in this Agreement and Exhibit "H". Further, notwithstanding anything herein to the contrary, no additional/further portion of the Loan will be made available to Borrower.
2.10 **Cash Flow.** Unless and until the Construction Note has been fully and finally paid and Bank has no further funding commitments thereunder, if required by Bank, upon the written request therefor by Bank (which shall only be made during the continuance of an Event of Default), all Net Operating Income, less payment of principal and interest made therefrom on the Construction Note shall be deposited by Borrower, on a monthly basis, in an account of Borrower located at Bank which shall be a blocked collateral account. Borrower shall have no access to such account except to pay continuing Operating Expenses and debt payment until Construction Loan has been paid in full; provided however, Borrower shall have access and full use of the funds in such account if there is no Event of Default then continuing.

2.11 **Interest Reserve.** The portion of the Construction Loan allocated in the Budget for interest shall be held by the Bank as an unfunded interest reserve, and the Borrower hereby authorizes the Bank to make advances thereof to pay interest when due under the Construction Loan to the extent not paid out of Borrower's own funds or Net Operating Income. Such authorization is irrevocable and no further direction or authorization shall be required for the Bank to make such advances. The Bank may make such advances notwithstanding that the Borrower may be in default under the terms of this Agreement or any other Loan Document (Bank may at Borrower's expense, obtain an endorsement to its mortgagee's title insurance policy in connection with any advance under the Construction Loan to pay interest if the advance is not made pursuant to a request for disbursement under Section 6.3). If funds are not available from the interest reserve, or the blocked collateral account as provided in Section 2.10, or Net Operating Income to pay interest due under the Construction Loan, Borrower shall pay such interest from its own funds which may include the amounts on deposit in the Capital Contribution Account. Nothing in this provision shall prevent the Borrower from paying interest from its own funds and from Net Operating Income.

2.12 **Subordinate Loans.** Each Subordinate Loan shall close before or in connection with the Closing Date and in connection therewith, Bank shall have received and approved copies of the Subordinate Loan Documents, together with each original Intercreditor Agreement. The proceeds of the Subordinate Loans, when paid, will be used to pay budgeted construction items which are the basis of a pending request for disbursement under this Agreement (and which relate to eligible expenditures) or shall be deposited with Bank for disbursement prior to the disbursement of any Capital Contribution or advance of the Construction Loan to pay items subject to that pending request for disbursement. Further, in the event, for any reason (excluding, however, an action or omission on the part of Bank), all or any portion of the proceeds of the Subordinate Loans which are deposited with Bank for later disbursement, are required...
to be returned to the FWHFC or City, as applicable. Borrower shall promptly reimburse Bank for any amounts as may be returned by Bank and which are required by the Budget to pay development costs. If and to the extent any Subordinate Loan is funded directly to Borrower (and not deposited with Bank), Borrower shall provide Bank with evidence of the budgeted items paid with the proceeds of the Subordinate Loans upon and in connection with each such payment (and with copies of all requests for advances of the Subordinate Loan when those requests are submitted). In any event, Borrower shall properly draw down, expend, and account for all Subordinate Loan funds as required by the FWHFC and City and shall not take any action which would cause the FWHFC or the City to de-obligate such Subordinate Loan funds. Notwithstanding anything herein to the contrary, Borrower agrees that if Bank, subject to the terms of this Agreement, shall fund amounts under the Construction Loan as and when requested by Borrower pursuant to a request for disbursement for items which Borrower has requested an advance under a Subordinate Loan (and for which disbursement of that advance is pending), upon the funding of that request by FWHFC or the City, the proceeds shall be deposited with Bank as reimbursement for Bank’s agreement to fund those amounts and then used to fund the next request for disbursement under the terms of this Agreement. Notwithstanding anything to the contrary contained herein, all proceeds of the Subordinate Loans shall be fully funded and used by Borrower to pay budgeted items no later than within sixty (60) days of the occurrence of Substantial Completion (in particular, $700,000.00 of the FWHFC Local Government Loan will be funded on the Closing Date with the remaining balance of $50,000.00 funded no later than the occurrence of Substantial Completion and $900,000.00 of the City HOME Loan will be funded on the Closing Date with the remaining balance funded during construction, and, in any event, no later than within sixty (60) days of the occurrence of Substantial Completion). Further, in connection with the fundings of the Subordinate Loans at completion, at least $150,000.00 of those fundings shall be paid to Bank and applied to the outstanding principal balance of the Construction Note.

2.13 **Recourse.** Subject to the terms, provisions, covenants and agreements set forth in this Agreement and the other Loan Documents, Bank agrees to lend to Borrower, and Borrower agrees to borrow from Bank, up to the amount of the Construction Loan, which Loan shall be used by Borrower in accordance with the terms of the Loan Documents. Bank shall have full recourse against Borrower and each Guarantor (with respect to each Guarantor, subject to the terms of the Guaranty), as well as against the Premises, for payment and performance of the Construction Loan and the Loan Documents and for completion of the Improvements in substantial accordance with the Plans therefor and the Budget. All payments due from Borrower or a Guarantor to Bank shall be made without offset or other reduction. Notwithstanding the foregoing, Bank acknowledges that nothing herein shall impair or modify the limitation of liabilities provided to members or limited partners under the Texas Business Organizations Act (Bank shall have no recourse directly against any member or limited partner with respect to the Construction Note and the other Obligations).

2.14 **City Infrastructure Improvements.** Borrower shall fully and timely complete, or cause to be completed, the City Infrastructure Improvements as and when
required by the CFA and all related City rules, ordinances, and regulations (and in any event completion of the City Infrastructure Improvements shall occur within 120 days after the Closing Date). Borrower has and does hereby collaterally assign to Bank all of its right, title, and interest under and with respect to the CFA (including the right to payment of amounts in each City Infrastructure Improvements Escrow Account in the event Bank performs Borrower's obligations under the CFA to develop the City Infrastructure Improvements); it being agreed and understood that Bank has no obligation to construct and develop the City Infrastructure Improvements. Notwithstanding anything herein to the contrary, no amounts will be funded from a City Infrastructure Improvements Escrow Account unless and until the associated draw relating to that City Infrastructure Improvements Construction Contract has been approved by City and Bank as set forth in the City Infrastructure Improvements Escrow Agreements. Further, without limiting the requirements of Section 4.1(g), if any amount is funded from a City Infrastructure Improvements Escrow Account which is drawn from the City Infrastructure Improvements Escrow Cost Overrun Portion, unless there is budgeted hard cost contingency available to cover that amount, within ten (10) Business Days after written notice thereof from Bank, Borrower shall deposit with Bank cash in the amount of the City Infrastructure Improvements Escrow Cost Overrun Portion which has been disbursed from a City Infrastructure Improvements Escrow Account as Bank may reasonably require (such deposit will be treated in the same manner as a deposit made under Section 4.1(g) as collateral for the Construction Loan and when that deposit will be used). Any amounts remaining in the City Infrastructure Improvements Escrow Accounts after completion of the applicable portion of the City Infrastructure Improvements shall, with the consent of the City, be paid to Bank for application to the outstanding balance of the Construction Note.

2.15 TIF Reimbursement. Notwithstanding anything herein to the contrary, upon and in connection with the funding to Borrower of the amounts payable under the TIF Reimbursement Agreement, an amount not less than $2,525,000.00 shall be paid to Bank and applied to the outstanding balance of the Construction Note.

(m) **No Conflicting Agreements.** To Borrower’s knowledge, there is no charter, bylaw, stock provision, constitution or other document pertaining to the organization, power, or authority of Borrower and no provision of any existing agreement, mortgage (other than mortgages to be paid in full in connection with the closing), indenture or contract binding on Borrower or affecting its property, which would conflict with or in any way prevent the execution, delivery, or carrying out of the terms of this Agreement and the other Loan Documents.

(n) **Ownership of Assets.** Borrower has good and indefeasible title to the Premises, and the Premises are free and clear of liens, except those granted to Bank, and those provided for in Section 5.1(d) and Section 5.1(f), and the other Permitted Exceptions and liens disclosed to Bank in writing prior to the date of this Agreement or approved by Bank (in writing) after the date of this Agreement.

(a) Approved Leases: Borrower shall lease tenant space in the improvements only pursuant to Approved Leases. An "Approved Lease" is a tenant lease of space in the Improvements (i) that is substantially on the standard form submitted to Bank prior to the Closing Date and which has been approved by Bank, (ii) complies with all requirements of the Subordinate Loan Documents, and (iii) which is on terms and to a tenant who satisfies the requirements (1) if an Affordable Unit, of the Internal Revenue Code and the QAP for preserving the Low-Income Housing Tax Credit, (2) of the HAP Commitment and the HAP Contract (once it is executed and to the extent applicable), (3) of the terms and conditions of the Act, FWHFC, the City, the TIF, and as otherwise required in the Subordinate Loan Documents and by Requirements of Law (to the extent applicable), (4) of the Operating Agreement, (5) of the Permanent Lender for satisfying minimum occupancy requirements (which include that the lease agreement be with a bona fide tenant and be for an initial term of at least six months), and comply with all terms and requirements of the Guide and the Guidelines (or other rules and regulations of Freddie Mac) relative to achieving Lease Stabilization, and otherwise, as required by the Permanent Mortgage Loan Commitment, and (6) of all other applicable Requirements of Law. Further, if the applicable tenant is to receive Title IX Housing Protection for the associated lease to be an Approved Lease, the Borrower shall have provided to that tenant a copy of the HUD disclosure form. Borrower shall not, without the consent and approval of Bank, which consent shall not be unreasonably withheld, delayed or conditioned, make any material change to its standard form of lease, or amend, or terminate any Approved Lease, other than in the ordinary course of business (including, based on its rights, as a result of an event of default by lessee thereunder). Further, if the lease is a commercial lease, for that lease to be an Approved Lease, Bank shall have received a subordination, non-disturbance, and attornment agreement executed by the tenant and Borrower, and on a form satisfactory to Bank. Borrower may lease a portion of the Premises to providers of cable, laundry services, telephone, internet, security and electronic data transmission with prior written approval of Bank, which such consent shall not be unreasonably withheld, conditioned or delayed.

(b) Progress of Work; Lien Free Completion: All Governmental Permits and other approvals necessary to commence the work on the Premises, including, without limitation, all requisite approvals to commence the work on the Premises of the Credit Agency, the TIF, the City, and the FWHFC will be obtained by Borrower prior to the commencement of the construction and development of the Improvements and the City Infrastructure Improvements. Borrower shall commence construction on or before the Commencement

Without limiting the foregoing, the Improvements shall contain each unit amenity, design item, and standard of construction listed in Borrower’s approved low income housing tax credit application unless approved in advance by Bank and the Credit Agency. Notwithstanding anything herein to the contrary, no advance shall be made under the Construction Loan after the Closing Date until Bank has received and approved evidence that all such building and other requisite permits and governmental approvals have been issued or will be issued in a timely manner. Borrower shall pay all reasonable costs and expenses of complying with this subsection and the Loan Documents, whether or not such costs and expenses are included in the Budget. (i) Bank shall have the right to approve or disapprove specifically, in its sole and reasonable judgment, all disbursements for any materials to be used for the construction of the Improvements and the City Infrastructure Improvements and not to be immediately incorporated into and made a part of the Improvements and the City Infrastructure Improvements ("Stored Materials"). Without limiting Bank’s approval rights as set forth in the preceding sentence, Bank will not approve disbursements for Stored Materials until Borrower complies with the conditions set forth in subsection (ii) below.

(ii) In addition to the requirements of Sections 6.1, 6.2, and 6.3, as a condition precedent to Borrower’s request for a disbursement of Capital Contributions from the Capital Contribution Account (to the extent on deposit with Bank) or an advance of the Construction Note for Stored Materials (if and to the extent applicable), Borrower shall supply Bank, as requested by Bank (v) evidence reasonably satisfactory to Bank that the Stored Materials are included in the coverage of the insurance policies required by Section 4.1(d); (w) evidence reasonably satisfactory to Bank from the seller or fabricator of the Stored Materials that, upon payment, ownership thereof will vest in Borrower free of any liens or claims of third parties; (x) all Stored Materials are incorporated into the Improvements and the City Infrastructure Improvements as planned within one hundred eighty (180) days after the purchase of the particular Stored Materials, (y) the total amount aggregate value of Stored Materials purchased by or on behalf of Borrower at any one time stored offsite with respect to the Improvements and the City Infrastructure Improvements does not exceed $300,000.00; and (z)(A) evidence reasonably satisfactory to Bank that the Stored Materials are reasonably satisfactorily stored on the Land to protect against theft or damage (which shall include, without limitation, maintaining a security guard or an approved security system), or (B) if the Stored Materials are not stored on the Land, (1) evidence reasonably satisfactory to Bank that the Stored Materials are stored in a bonded warehouse or storage yard reasonably approved by Bank, and the warehouse or yard has been notified that Bank has a security interest in the subject Stored Materials, and (2) Bank shall have received from Borrower the original warehouse receipt. (aa) Contest of Certain Claims. Notwithstanding the terms of the Construction Mortgage or any other Loan Document, Borrower may, to the extent
and in the manner permitted by applicable law, contest the payment of any claim for payment by a Contractor or subcontractor, or any tax, assessment, or other governmental charge against the Land. The failure of Borrower to pay such contested claim pending such contest shall not be or become a Default or Event of Default if (i) Borrower has notified Bank of Borrower's intent to contest such payment at least seven (7) days prior to commencing the contest; (ii) Borrower has made any cash deposit with Bank or payment under protest, or posted security, as and to the extent required by applicable law; (iii) Borrower, or a third party on behalf of Borrower, has furnished to Bank a cash deposit reasonably satisfactory to Bank, or an indemnity or payment and performance Bond reasonably satisfactory to Bank with a surety reasonably satisfactory to Bank, in an amount reasonably satisfactory to Bank (or in the statutory amount, in the case of bond authorized by statute), to assure payment of the matters under contest and to prevent any sale or forfeiture of any part of the Land or the Improvements and the City Infrastructure Improvements, and (iv) in the case of a claim for work which does or could result in a lien against the Land or the Improvements and the City Infrastructure Improvements, Borrower has provided (x) to the extent required by Bank and available under applicable law, a Bond which under applicable law releases the lien from the Land and the Improvements (and caused it to be Bonded), and (y) such security, assurances and other items, if any, as the title insurer may require to insure around the lien; (v) Borrower diligently and in good faith contests the same by appropriate legal proceedings which shall operate to prevent the enforcement or collection of the same and the sale of any part of the Land and the Improvements to satisfy the same; (vi) Borrower promptly upon final determination thereof pays the amount of any such claim so determined, together with all costs, interest, and penalties payable in connection therewith; (vii) the failure to pay the claim does not constitute a default under any other deed of trust, mortgage, or security interest covering or affecting any part of the Land or the Improvements entered into by Borrower with a Person other than Bank and does not subject Bank to any civil or criminal liability or to any damages or expense; and (viii) the aggregate amount of all claims being contested shall not exceed the lesser of (y) five percent (5%) of the amount of the Construction Loan or (z) any amounts retained by Bank in accordance with the terms and provisions of this Agreement. Notwithstanding the forgoing, Borrower shall promptly upon request of Bank pay (and if Borrower shall fail so to do, Bank may, but shall not be required to, pay or cause to be discharged or Bonded against) any such claim notwithstanding such contest if, in the reasonable opinion of Bank, the Land or the Improvements are in imminent jeopardy or in immediate danger of being forfeited or foreclosed. Borrower agrees Bank has not represented to Borrower or to any other Person, whether sales and use taxes are due with respect to the Premises. Borrower has and does hereby agree to indemnify and hold Bank harmless from any loss, claims, or causes of action arising as a result of the failure of Borrower or Contractor to pay any such sales and use taxes.

(a) To Borrower’s knowledge, the Plans delivered to Bank are a complete and accurate description of the Plans. No approval of the Plans is required by any other Person except such approvals of any Governmental Authority, the TIF, FWHFC, the City, the Investor Member, Freddie Mac, and the Permanent Lender, all of which shall have been provided prior to the Closing Date. No approval of the Plans is required by another Person under the Permanent Mortgage Loan Commitment, the Forward Commitment, the TIF Agreement, the Subordinate Loan Documents, the Operating Agreement, or otherwise.

responsibility for the adequacy thereof or for the construction of the
Improvements contemplated by the Plans. Bank has no duty to inspect the
Improvements, and, if Bank should inspect the Improvements, Bank shall have
no liability or obligation to Borrower arising out of such inspection. No such
inspection nor any failure by Bank to make objections after any such inspection
shall constitute a representation by Bank that the Improvements are in
accordance with the Plans nor shall any such matter constitute a waiver of
Bank’s right thereafter to insist that the Improvements be Substantially
Completed in substantial accordance with the Plans.

(e) This assignment shall inure to the benefit of Bank, its successors,

encumbrance, other than the security interests granted to the Bank and the
Permitted Encumbrances.

(INCLUDING BUT NOT LIMITED TO APPROVAL OF THE PLANS BY BANK)
SHALL CONSTITUTE AN ASSUMPTION BY BANK OF ANY OBLIGATION
UNDER ANY CONSTRUCTION CONTRACT, AND BORROWER SHALL CONTINUE TO BE LIABLE FOR ALL OBLIGATIONS OF BORROWER THEREUNDER, BORROWER HEREBY AGREEING TO PERFORM ALL OF ITS OBLIGATIONS UNDER THE CONSTRUCTION CONTRACT. BORROWER INDEMNIFIES AND HOLDS BANK HARMLESS AGAINST AND FROM ANY LOSS, COST, LIABILITY OR EXPENSE (INCLUDING, BUT NOT LIMITED TO, REASONABLE ATTORNEYS' FEES AND EXPENSES) RESULTING FROM ANY FAILURE OF BORROWER TO SO PERFORM, BUT NOT SOLELY AND EXCLUSIVELY AS A RESULT OF BANK'S OR ANY INDEMNIFIED PERSON (OR ANY INDEMNIFIED PERSON'S INVITEES, EMPLOYEES OR AGENTS) GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

(c) During the continuation of an Event of Default, Bank shall have the right at any time (but shall have no obligation) to take in its name or in the name of Borrower such action as Bank may at any time reasonably determine to be reasonably necessary or advisable to cure any default under any Construction Contract or to protect the rights of Borrower or Bank thereunder. Bank shall incur no liability if any action so taken by it or on its behalf shall prove to be inadequate or invalid, and Borrower agrees to hold Bank free and harmless against and from any loss, cost, liability or expense (including, but not limited to, reasonable attorneys' fees and expenses) incurred by or on behalf of Bank in connection with any such action, other than solely and exclusively as a result of Bank's (which shall include agents, employees and invitees of Bank and the Indemnified Persons) fraud, gross negligence or willful misconduct.

(d) Subject to the applicable terms and limitations set forth in the Loan Documents, Borrower hereby irrevocably constitutes and appoints Bank as Borrower's attorney-in-fact, in Borrower's name or in Bank's name to, during the continuance of an Event of Default, enforce all rights of Borrower under any Construction Contract.

(e) Unless an Event of Default exists, Borrower shall have the right to exercise its rights as owner under any Construction Contract, provided that except as otherwise expressly set out herein or in any of the other Loan Documents, Borrower shall not cancel or amend in any material respect any Construction Contract (except for change orders permitted hereunder) or do or suffer to be done any act which would impair the security constituted by this assignment without the prior written consent of Bank, which such consent shall not be unreasonably withheld, conditioned or delayed.

(f) This assignment shall inure to the benefit of Bank, its successors and assigns, including any purchaser upon foreclosure of the Construction Mortgage, any receiver in possession of the Premises, and any corporation formed by or on behalf of Bank which assumes Bank's rights and obligations under this Agreement.

If and to the extent required by Bank, Borrower shall have delivered a slab survey, if the proceeds of the advance are for, among other things, costs associated with the slab to the Improvements and the City Infrastructure Improvements, showing, among other things, no encroachments on or over any boundary line, easement, setback line, or other restricted area.
The survey must be dated, signed, and stamped by a surveyor licensed by the State of Texas;

(o) The Improvements and the City Infrastructure Improvements shall not have been damaged by fire or other casualty or, in such event, to the extent permitted under the terms and provisions of this Agreement and the Construction Mortgage, the Improvements and the City Infrastructure Improvements shall have been fully repaired and restored, or be in the process of being fully repaired and restored, to the state of completion achieved immediately before the casualty;

(u) Evidence that all work requiring inspection by any Governmental Authority having or claiming jurisdiction has been duly inspected and approved by such authority and by any rating or inspection organization, bureau, association or office having or claiming jurisdiction.

6.3 Disbursement Procedures and Requirements. Subject to the terms of Sections 2.1(c), 6.1 and 6.2, Bank agrees to make periodic disbursements from the Capital Contribution Account, make disbursements of any deposits of the Subordinate Loans, and advances under the Construction Note to pay for budgeted items in accordance with this Agreement (each of which shall be net of Retainage) pursuant to the following procedures and requirements:

(a) Borrower or Borrower's Agent to Request Disbursements shall complete, sign and deliver to Bank a written request for advance (referred to herein as a "Request for Advance or a "request for disbursement") in the form of Exhibit "E" (or such form as may be approved by Bank). Bank may require that such requests be signed by the Architect and the Contractor;
(b) Bank shall have received evidence that (i) the Investor Member has approved all hard costs requested to be funded under the Request for Advance as required by the Operating Agreement (provided that if Bank approves a particular Request for Advance based on the finding of the Bank's construction consultant's report relating to that Request for Advance no approval by the Investor Member before funding those hard costs shall be required), and (ii) that Request for Advance shall have been supported by such receipts, invoices and supporting documents as may be required by Bank;

(c) Each Request for Advance shall be funded and deposited in the Construction Account, first from deposits of the Subordinate Loans (if any), then from deposits in the Capital Contribution Account (if any), and then from advances under the Construction Note within ten (10) Business Days after the date of satisfaction of Sections 6.1 and 6.2, with respect to that disbursement or advance. Borrower shall not submit more than one Request for Advance of deposits (if any) of the Subordinate Loans, of deposits of the Capital Contribution Account or of an advance under the Construction Note (as applicable) in any calendar month. Unless Bank shall otherwise agree, disbursements of any deposits of Subordinate Loans, disbursements from the Capital Contribution Account, or advances under the Construction Note shall not be made more frequently than monthly. Bank may fund less than the amount requested if the Bank (based upon the findings of Bank’s construction consultant’s report and the materials provided to Bank pursuant to Sections 6.1, 6.2 and 6.3), in its sole and reasonable discretion, disagrees or objects to a portion of the amounts requested by Borrower in any Request for Advance. If Bank funds less than the amount requested by Borrower, at the written request of Borrower, Bank will provide the applicable inspection report by the construction consultant for that request or other reason for not funding the full amount;

(d) Each Request for Advance shall include a request for any expenses for which Bank is to be reimbursed pursuant to the terms of the Loan Documents (including, without limitation, reasonable inspection fees of the construction consultant), and a request for amounts to be advanced to pay interest on and under the Construction Loan; and

(e) Disbursements for any deposits of the Subordinate Loans, disbursements from the Capital Contribution Account and Construction Note advances shall be made, at the option of Bank, to one or more of the following: Borrower (into the Construction Account or by such other means as acceptable to Bank and Borrower); with prior notice from Bank to Borrower, the Contractor (by joint check or payable to Contractor); to Bank to pay amounts due to it; provided Borrower has received and approved such amounts, or if and only if, an Event of Default has occurred.
and is continuing, or with prior notice from Bank to Borrower to any subcontractor, materialman, or other supplier providing labor, services or materials in connection with the Improvements and the City Infrastructure Improvements (by check or otherwise). The execution of this Agreement by Borrower constitutes an irrevocable direction and authorization for Bank to so disburse the proceeds of the Capital Contribution Account, and advances under the Construction Note. Bank may rely on requests for disbursements made by each Agent to Request Disbursements (whether or not joined in by the Investor Member or any other Person).

6.4 **Delivery of Requests for Payments.** Notwithstanding anything herein to the contrary, copies of all requests for payment made by the Contractor (or any of its subcontractors) to Borrower (and all materials submitted in connection with the request) shall be promptly submitted to Bank (even if the requested payment, in whole or in part, is not to be paid with amounts on deposit in the Capital Contribution Account, any deposits of the Subordinate Loans, or the proceeds of the Construction Note).

6.5 **Obligation for Further Disbursements.** No disbursement made hereunder of any deposits of the Subordinate Loans, of any deposit in the Capital Contribution Account, or of any advance under the Construction Note shall constitute a waiver of any condition precedent to the obligation of Bank to make any further disbursement from any deposits of the Subordinate Loans, from the Capital Contribution Account or any advance under the Construction Note, or preclude Bank from thereafter declaring the failure of Borrower to satisfy such condition precedent (after satisfaction of any applicable requirements of grace, notice, or both) to be an Event of Default. At Bank's sole option, any such condition precedent may be waived by Bank, in whole or in part, at any time. All conditions precedent to Bank's obligations to make disbursements are imposed solely for the benefit of Bank, and no other party may require any such condition precedent or be entitled to assume that Bank will refuse to make any disbursement in the absence of strict compliance with such condition precedent.

6.6 **Conditions to Final Disbursement for Retainage.** Except as otherwise expressly provided in this Agreement, the amounts on deposit in the Capital Contribution Account and advances of the Construction Note for payment of budgeted items are to be disbursed by Bank subject to a holdback in an amount equal to the sum of the Retainage. Subject to the further terms hereof, Bank shall not be obligated to make the final advance of the amounts on deposit in the Capital Contribution Account, deposits of the Subordinate Loans, or any advances under the Construction Note under this Agreement to pay Retainage (to the extent then being withheld under the terms of this Agreement) until all of the following conditions have been fully satisfied (with proof thereof being furnished in form and sufficiency reasonably acceptable to Bank) or waived in writing by Bank:

(a) Forty-one (41) days have elapsed after the later of (i) "completion" of the Improvements and the City Infrastructure Improvements, as defined in and required by Section 53.106 of the Texas Property Code, or (ii) the date of
completion as set forth in an Affidavit and Certificate of Completion (the "Affidavit of Completion"), filed with the county clerk of the county where the Land is located, executed by Borrower and the Contractor, and Architect (if and to the extent required by Bank) in the form of Exhibit "G" (or a certificate or affidavit in such other form which complies with Section 53.106 of the Texas Property Code and is otherwise acceptable to Bank), or (iii) the date Borrower has otherwise fully and completely satisfied the requirements of Section 53.106 of the Texas Property Code, including, without limitation, providing a copy of any such affidavit to all parties, and within the time periods, required by such Section 53.106.

(b) Bank shall be furnished with, and shall have approved, fully executed counterparts, as appropriate, of the following:

sufficient to comply with all codes and ordinances then applicable, or other appropriate Governmental Authority, and that all fire systems in the Improvements and the City Infrastructure Improvements are installed, operational, and sufficient to comply with such codes and ordinances of the appropriate Governmental Authority);

(ii) If required by Bank, an as-built survey, approved by Bank and satisfying the requirements of Exhibit "J", showing the location of the Improvements and the City Infrastructure Improvements and showing no encroachment by any of the Improvements and the City Infrastructure Improvements upon any boundary line, easement, building setback line, or other restricted area, and shall reflect there is public access and shall contain flood plain disclosures (Bank in any event shall have received and approved a flood plain determination with respect to the Land). The survey must be dated, signed, and stamped by a surveyor certified in Texas;

(iii) An Affidavit of Completion, in the form of Exhibit “G”, executed by Borrower, Architect, and Contractor (or a certificate or affidavit in such other form which complies with Section 53.106 of the Texas Property Code and is otherwise reasonably acceptable to Bank), and filed with the county clerk of the county in which the Land is located;

(iv) An affidavit of bills paid, in a form reasonably acceptable to Bank, executed by Contractor, Architect, and such other Persons who have supplied materials or labor as Bank may require to satisfy itself that the Improvements and the City Infrastructure Improvements (and all other Improvements and the City Infrastructure Improvements to the Land completed through the date of any such affidavit) have been substantially completed lien-free and that the costs of all materials furnished and labor performed in connection with such construction have been paid in full subject to Retainage (or Bonded around by a Bond issued by a company satisfactory to Bank and in an amount and on a form reasonably satisfactory to Bank);

(v) A punch-list of any work to be completed and evidence there are sufficient sources of funds to pay such items;

(vi) A fully executed (by Borrower, Architect, and Contractor) AIA Form G706 (Contractor’s Affidavit of Payment of Debts) AIA Form G704, and, concurrently with the payment of Retainage, AIA Form G706a (Contractor’s Affidavit of Release of Liens) and full and complete releases of lien from each subcontractor of and supplier to the Contractor with respect to work performed and/or materials supplied at the Premises;
(vii) If and to the extent required by Bank, a complete inventory of the furnishings, fixtures, and equipment owned or leased by Borrower and used in the operation of the Improvements and the City Infrastructure Improvements, with leased items, if any, designated as such;

(viii) Evidence of continuing insurance coverage in accordance with Section 4.1(d);

(ix) Such endorsements to Bank's loan title insurance policy as Bank may reasonably request;

(x) Such releases and waivers of lien as Bank may reasonably request;

(xi) If required by Bank, a complete set of "as-built" plans and specifications, certified as accurate in all material respects by the Contractor;

(xii) The construction consultant and the Architect and/or the engineer shall have certified to Bank that construction has been completed in a good and workmanlike manner, in accordance with applicable requirements of all Governmental Authorities and substantially in accordance with the plans and specifications;

(xiii) Near Southside, Inc., as the TIF administrator under and for purposes of the TIF Agreement, shall have confirmed the Improvements and the City Infrastructure Improvements (and other items constituting the Project under and for purposes of the TIF Agreement) have been completed for purpose of the TIF Agreement;

(xiv) Such other evidence or information concerning completion as Bank shall reasonably request (including evidence all Completion Documentation under and as defined in the Operating Agreement has then been provided and accepted for purposes of the Operating Agreement).

(c) All representations and warranties made by Borrower in this Agreement shall be true and correct in all material respects as of the date of an advance or disbursement to be made under this Section 6.6 (other than representations and warranties made as to a specific date).

(d) No Default or Event of Default shall have occurred and be continuing.

(e) Each of the foregoing conditions listed in this Section 6.6 shall have been fully satisfied or waived in writing by Bank on or before Bank's Required Completion Date.
6.7 **Construction Consultant.** Bank shall rely upon the services of a
construction consultant used by the Investor Member in order to monitor the progress of
the development of the Improvements and the City Infrastructure Improvements as
provided for in this Agreement (in such event, Bank may, at its option, require a
satisfactory report from such construction consultant, confirming, among other things, all
requests for reimbursement for labor and services to the Premises have in fact been so
provided, as a condition precedent for a disbursement of any deposits of the
Subordinate Loans, a disbursement from the Capital Contribution Account or for an
advance under the Construction Note). Borrower shall pay directly to the construction
consultant, within ten (10) days after written request therefor, an inspection fee of a
maximum of $2,200.00 (except that the fee for the initial inspection and the review of
the Plans shall be $8,000 plus direct expenses and the fee for the final inspection and
final report shall be $2,750.00 plus direct expenses). Borrower shall pay Bank $75.00
for each additional copy of an inspection report requested by Borrower. Borrower shall
cooperate with the construction consultant and shall cause Contractor, each
subcontractor, and the employees of each of them to reasonably cooperate with the
construction consultant and, upon request, shall furnish the construction consultant
whatever the construction consultant may reasonably consider necessary or useful in
connection with the performance of the construction consultant’s duties. Without limiting
the generality of the foregoing, Borrower shall furnish or cause to be furnished upon
request such items as working details, plans and specifications and details thereof,
samples of materials, licenses, permits, certificates of public authorities, and copies of
the contracts between Borrower and Contractor.

6.8 **No Liability For Tax Consequences.** Bank shall not be responsible or
liable in any way for any tax consequences to any Person resulting from advances

the Construction Loan).

(c) **Misrepresentations.** Any representation or warranty made by Borrower or any Guarantor in any of the Loan Documents proves to have been untrue when made in any material adverse respect or any Financial Statements or certificate of Borrower or any Guarantor or furnished or made to the Bank as an inducement for Bank agreeing to enter in to this Agreement, or in accordance with the terms of this Agreement, proves to have been untrue in any material respect as of the date the facts therein set forth were stated or certified (provided that if the foregoing Event of Default relates to a Guarantor, no Event of Default shall occur if Guarantor is replaced with a substitute Guarantor satisfactory to Bank in Bank’s reasonable determination within said 30-day period);

(d) **Other Defaults.** A default (which means all applicable notice and cure periods have expired) by Borrower or any Guarantor (whether as principal or guarantor or other surety) in its payment or performance of the Subordinate Loan Documents, or of the loan evidenced by the Delivery Assurance Note or under the TIF Agreement or any other bond, debenture, note or other evidence of indebtedness, in excess of $250,000.00, or under any credit agreement, loan agreement, indenture, promissory note, or similar agreement or instrument executed in connection with any of the foregoing, which is not cured or waived within any applicable notice or grace period (provided that if the foregoing Event of Default relates to a Guarantor, no Event of Default shall occur if Guarantor is replaced with a substitute Guarantor satisfactory to Bank in Bank’s reasonable determination within 60 days after notice of the Event of Default is provided to Borrower);

(e) **Failure to Comply with Requirements of Law.** Failure of the construction or development of the Improvements and the City Infrastructure Improvements or any materials for which an advance has been requested to comply in any material adverse respect with any Requirement of Law and such
failure shall not have been fully cured within sixty (60) days after written notice thereof is delivered by Bank to Borrower;

(f) **Swap Agreement.** The occurrence and continuation of any default, event of default, or other similar condition or event (however described with respect to a Swap Agreement) which is not fully cured within any applicable cure or grace period;

(g) **Failure to Satisfy Conditions to Closing.** Borrower shall be unable to fully satisfy any of the conditions listed in Section 6.1 (in a timely manner), and such condition(s) was not waived by Bank in writing, even if Bank has agreed to close the transaction evidenced by this Agreement and has made any advances of the Construction Loan; or disbursements of the Capital Contribution from the Capital Contribution Account (unless Bank has agreed to waive any such condition in writing and such failure is not fully and completely cured within thirty (30) days after written notice thereof is provided by Bank to Borrower);

(h) **Failure to Satisfy Conditions to Advance.** In connection with any request made under Section 6.2 for an advance of proceeds of the Construction Note and a disbursement from the Capital Contribution Account, Borrower shall be unable to fully satisfy any of the conditions to the advance listed in this Agreement, and such failure is not either waived in writing by Bank or fully and completely cured within thirty (30) days after written notice thereof is delivered by Bank to Borrower, or the failure of Borrower to satisfy the conditions listed in Section 6.2(t) are not satisfied within one hundred twenty (120) days after the Closing Date;

(l) **Equity.** Failure of the Investor Member to make any scheduled installment of the Capital Contribution as and when required to do so under the Operating Agreement, or (ii) any material reduction (other than as a result of the application of standard tax credit adjustment provisions in the Operating Agreement) in the amount of the Capital Contribution or the amount of any installment of the Capital Contribution, or any change to the conditions to the funding of the Capital Contribution or any installment thereof (other than as a result of a waiver of any such conditions), or any change in the timing of the funding of the Capital Contribution, which are not consented to by Bank in writing, unless the amount of the reduction is made by the Co-Managing Member as an equity contribution in a manner satisfactory to Bank or the amount of the reduction is otherwise made available in the manner satisfactory to Bank or the reduction does not affect the amount of the scheduled Capital Contributions listed in Exhibit "H" which are to be applied to budgeted items or the Construction Note;

(o) **Failure to Observe Construction Contract.** Failure of Borrower or Contractor to perform, observe, or comply in any material respect with any of the material terms, covenants, conditions, or provisions of any applicable Construction Contract within ten (10) Business Days after written notice thereof is delivered by Bank to Borrower; provided, however, that in the case of such a failure by Contractor, if Borrower is diligently and in good faith pursuing all appropriate remedies under the pertinent Construction Contract relating to such Contractor's failure thereunder and Contractor remedies such failure or Borrower terminates the Construction Contract in good faith within thirty (30) Business Days after the occurrence of such failure, then Borrower shall not be deemed to be in default under this Agreement if another Contractor reasonably satisfactory to Bank is selected by Borrower and placed under contract with Borrower within sixty (60) days after terminating said defaulting Contractor and such substitute Contractor promptly proceeds to fully cure the defaulting Contractor's default and to construct the Improvements and the City Infrastructure Improvements in substantial accordance with the Budget and the Plans, in a diligent manner and in accordance with this Agreement;

(p) **Uninsured Casualties.** If any act or occurrence of any kind or nature (including any casualty) for which insurance required hereunder or under the other Loan Documents was not obtained (or was not obtainable) shall result in material damage to or material loss or material destruction of a material portion of the Improvements and the City Infrastructure Improvements, and such loss or damage is not fully repaired or replaced within ninety (90) days after such occurrence;

(q) **Voluntary Filings.** Borrower, any Guarantor, Hunt, Freddie Mac, or the Investor Member shall (i) apply for or consent to the appointment of a receiver, trustee or liquidator of it or all or a substantial part of its assets, (ii) file a voluntary petition commencing a bankruptcy or other insolvency proceeding, (iii) make a general assignment of all or a material part of Borrower's assets for the benefit of creditors, (iv) be unable, or admit in writing its inability, to pay its debts generally as they become due, or (v) file an answer admitting the material allegations of a petition filed against it in a bankruptcy or other insolvency proceeding (provided that (1) if the foregoing Event of Default relates to a Guarantor, no Event of Default shall occur if that Guarantor is replaced with a substitute Guarantor satisfactory to Bank in Bank's reasonable determination within sixty (60) days after any such filing, or (2) if the foregoing Event of Default relates to Freddie Mac, no Event of Default shall occur if Freddie Mac is replaced with another permanent lending source acceptable to Bank on terms acceptable to Bank within sixty (60) days;
(r) **Involuntary Filings.** An order, judgment, or decree shall be entered against Borrower, any Guarantor, Hunt, Freddie Mac, or the Investor Member by any court of competent jurisdiction or by any other duly authorized authority, on the petition of a creditor or otherwise, granting relief in a bankruptcy or other insolvency proceeding or approving a petition seeking reorganization or an arrangement of its debts or appointing a receiver, trustee, conservator, custodian or liquidator of it or all or any substantial part of its assets and such order, judgment or decree shall not be dismissed or stayed within sixty (60) days (provided (1) that if the foregoing Event of Default relates to a Guarantor, no Event of Default shall occur if that Guarantor is replaced with a substitute Guarantor satisfactory to Bank in Bank's reasonable determination within sixty (60) days after any such filing, or (2) if the foregoing Event of Default relates to Freddie Mac, no Event of Default shall occur if Freddie Mac is replaced with another permanent lending source acceptable to Bank on terms acceptable to Bank within sixty (60) days;

(s) **Levy.** The levy against any significant portion of the property of Borrower or any Guarantor or any execution, garnishment, attachment, sequestration, or other writ or similar proceeding which is not permanently dismissed or discharged within sixty (60) days after the levy or proceeding (provided that if the foregoing Event of Default relates to Guarantor, no Event of Default shall occur if Guarantor is replaced with a substitute Guarantor satisfactory to Bank in Bank's reasonable determination within sixty (60)-day period);

(t) **Work Stoppage.** The failure to comply with the terms and provisions of Section 4.1(b).

(u) **Judgments.** A final and non-appealable order, judgment or decree, which is uninsured in an amount in excess of $250,000.00, shall be entered against Borrower or a Guarantor, and such order, judgment or decree shall not be paid, reserved or Bonded for Bank (in each case in a manner acceptable to Bank), dismissed or stayed within sixty (60) days after entering of such order, judgement, or decree (provided that if the foregoing Event of Default relates to Guarantor, no Event of Default shall occur if that Guarantor is replaced with a substitute Guarantor satisfactory to Bank in Bank's reasonable determination within said sixty (60) day period);

(v) **Challenges.** Borrower, a Guarantor, Hunt, the Investor Member, or their representatives and Affiliates shall challenge or contest in any action, suit, or proceeding the validity or enforceability of this Agreement or any of the other Loan Documents, the legality or enforceability of any of the Obligations or the perfection or priority of any lien or security interests granted to Bank;

(w) **Fraudulent Activities.** Borrower or a Guarantor shall have (i) concealed, removed, or diverted, or permitted to be concealed, removed or
diverted, any part of its property, with intent to hinder, delay or defraud its creditors or any of them; (ii) made or suffered a transfer of any of its property which is fraudulent under any bankruptcy, fraudulent conveyance or similar law; or (iii) shall have suffered or permitted, while insolvent, any creditor to obtain a lien upon any of their respective property through legal proceedings or otherwise which is not vacated within sixty (60) days from the date thereof;

(x) **Lien Priority.** The liens and/or security interests granted in any Loan Document shall not constitute a first and prior lien and/or security interest upon the collateral described therein, subject only to the Permitted Exceptions or otherwise permitted by this Agreement or any of the other Loan Documents, and such circumstances are not fully cured in a manner reasonably acceptable to Bank within 30 days after written notice thereof is delivered by Bank to Borrower;

(y) **Failure to Satisfy Development Requirements.** Failure by any Person to comply with the terms and requirements of the HAP Commitment, the HAP Contract (to the extent it is then executed) or any other requirements of the Authority or HUD relating to the HAP Commitment or the HAP Contract (to the extent it is then executed), or the modification, amendment, cancellation, or termination of the HAP Commitment or the HAP Contract (after being executed);

(z) **Low Income Housing Tax Credit.** A reasonable determination by the Credit Agency that Borrower has failed to satisfy the applicable Requirements of Law for obtaining and maintaining the Low Income Housing Tax Credit for the Premises, and all applicable notice and cure periods have expired; and/or

(aa) **Failure to Make Liquidity Contribution.** The failure of Hunt to timely pay Bank under and with respect to the Hunt Backstop Guaranty in its capacity as "Construction Lender" thereunder.

(bb) **CFA.** A draw by the City of the Security Funds from a City Infrastructure Improvements Escrow Account pursuant to Section 6 of a City Infrastructure Improvements Escrow Agreement as a result of the failure by Borrower to perform under a CFA.

Without limiting the foregoing, (A) Borrower agrees that Bank will determine whether a substitute Guarantor is satisfactory based on a variety of factors, including without limitation, financial capacity of the proposed replacement, experience of the proposed replacement in developing low income housing projects, and the reputation and general background of the proposed replacement, and (B) Borrower agrees that Bank will determine whether an alternative permanent lending source is satisfactory based on a variety of factors, including, without limitation, financial capacity and whether or not such alternative permanent lending source is known in the affordable housing industry as a provider of permanent financing.
7.2 **Termination of Obligations.** Any obligation of Bank to make an advance of the Construction Loan or make any other funding under this Agreement and the other Loan Documents shall immediately and automatically cease and terminate during the existence of a Default or an Event of Default unless and until Bank shall reinstate the same by agreeing to fund a Request for Advance in writing, which in connection with any such reinstatement Bank agrees to provide at Borrower's request and expense a written confirmation that the particular Default or Event of Default has been cured in a timely manner or in a manner otherwise satisfactory to Bank (provided that notwithstanding the foregoing, during the existence of an Event of Default, any and all other obligations of Bank shall terminate).

7.3 **Rights and Remedies.** During the continuation of an Event of Default, Bank may, at its option, do any one or more of the following:

(a) **Acceleration.** To the extent permitted by applicable law, Bank, at its option and without any notice of intent to accelerate, notice of acceleration, or other notice or demand, may declare the entire principal amount of the Construction Note then outstanding and the interest accrued thereon immediately due and payable, and the said entire principal, interest and all other amounts owing thereunder shall thereupon become immediately due and payable without presentment, demand, protest, notice of protest or other notice of default or dishonor of any kind, all of which are hereby expressly waived by Borrower.

(b) **Additional Rights.** Bank shall have, in addition to the rights and remedies given it in this Agreement and the other Loan Documents (including, without limitation, the foreclosure of the Construction Mortgage), all of the rights and remedies allowed by all applicable ordinances, statutes, rules, regulations, orders, injunctions, writs or decrees of any governmental or political subdivision or agency thereof, or any court or similar entity established by any such subdivision or agency.

(c) **Enter on Premises.** At the risk, reasonable cost, and expense of Borrower: (i) enter upon and take possession of the Premises and the materials and equipment owned or leased by Borrower being used in the development of the Improvements and the City Infrastructure Improvements; (ii) take such action as Bank shall in its reasonable judgment deem appropriate to protect the Premises; and (iii) take such action as Bank shall in its reasonable judgment deem appropriate to continue construction of the Improvements and the City Infrastructure Improvements with such changes therein as Bank may elect to make. If Bank shall elect to continue construction, Bank may: (v) assume or reject any construction or other contracts made by Borrower in connection with the construction or operation of the Improvements and the City Infrastructure Improvements; (w) engage or employ contractors, subcontractors, architects, engineers and others for the construction of the Improvements and the City Infrastructure Improvements; (x) pay, settle or compromise existing or future bills or claims relating to the development of the Improvements and the City Infrastructure Improvements.
Infrastructure Improvements or the Premises or affecting title thereto; (y) take or refrain from taking such other action (including, without limitation, discontinuing construction), in its name or in the name of Borrower, as Bank in its reasonable judgment may determine; and (z) enforce the right to payment of Capital Contributions under the Operating Agreement (to the extent enforceable under applicable Requirements of Law). All reasonable costs and expenses incurred by Bank in taking and protecting the Premises and in constructing the Improvements and the City Infrastructure Improvements shall be paid by Borrower to Bank upon demand, with interest at the rate provided in the Construction Note from the date of disbursement to the date of payment to Bank, and the payment of such sums shall be secured by the Construction Mortgage and the other Loan Documents. Bank shall have no obligation to take any of the foregoing actions, and if Bank should do so, it shall have no liability to Borrower or Guarantors for the sufficiency of any such actions or otherwise, provided such actions are taken in a commercially reasonable manner, as determined by a court of competent jurisdiction.

(d) Low-Income Housing Tax Credit. The parties hereby acknowledge and agree that the Low Income Housing Tax Credit is an inseparable benefit of ownership of the Premises which is transferred with the transfer of ownership of the Premises and that the Low-Income Housing Tax Credit may not be transferred or assigned by Bank separately from its security interest in the Premises nor by Borrower and its members to any other Person separately from the Borrower's and its members' ownership of the Premises. In the event that the Bank (or its designee) obtains title to and ownership of the Premises through foreclosure, deed in lieu of foreclosure, or otherwise, the Borrower (or the Investor Member) shall have no right to claim the Low-Income Housing Tax Credit which is generated by the Premises from and after the date on which the Bank (or its designee) obtains title to and ownership of the Premises.

(e) Curative Action. Bank may (but is not in any way obligated) for and on behalf of the Co-Managing Member of Borrower as its duly authorized attorney in fact to cure any default or event of default under the Operating Agreement if and to the extent that default or event of default relates to the development of the Premises and not to the Co-Managing Member itself (such as a bankruptcy of the Co-Managing Member).

(f) Bank Offset. As further security for the Construction Note, the Obligations, and all other indebtedness which may at any time be owing by Borrower to the holder of the Construction Note, whether such obligations and indebtedness are incurred directly or acquired from third parties by Bank or any other holder of the Construction Note, Borrower grants to Bank or any other holder of the Construction Note a lien, security interest, and contractual right of setoff in and to the Construction Account and the Capital Contribution Account and all other deposits (general or special, time or demand) of Borrower now or at
any time hereafter held or received by or in transit to or coming within the custody or control of Bank or any other holder of the Construction Note, including without limitation, all certificates of deposit and other accounts, irrespective of whether such certificates or accounts have matured and whether the exercise of such right of setoff results in loss of interest or other penalty under the terms of the certificate or agreement. Bank or any holder hereof shall have a first lien and security interest on all deposits and other sums at any time credited by or due from Bank or any holder the Construction Note to Borrower as collateral security for the payment of the Construction Note, and Bank or other holder hereof, at its option and after acceleration of the maturity of the Construction Note, howsoever said maturity may be brought about, may without notice and without any liability, hold all or any part of any such deposits or other sums until all sums owing on the Construction Note and all other indebtedness owing by Borrower to the holder of the Construction Note have been paid in full and all other obligations have been performed in full and/or apply or set off all or any part of any such deposits or other sums credited by or due from Bank or any holder of the Construction Note to or against any sums due on the Construction Note in any manner and in any order or preference which Bank or other holder hereof, at its sole discretion, chooses. The parties acknowledge and agree that each of the deposits is a "deposit account" within the meaning of 9-104 of the UCC. The parties further acknowledge and agree that Texas constitutes the "bank’s jurisdiction" with respect to the perfection, the effect of perfection or non-perfection, and the priority of a security interest in a deposit account maintained at a bank under 9-304(b)(1) of the UCC. The Bank shall at all times have "control" of the accounts and all assets now or hereafter credited thereto within the meaning of Section 9-106 of the UCC or Section 9-104(a) of the UCC for purposes of maintaining its first and prior perfected security interest therein. The foregoing rights of Bank are in addition to and cumulative of all other rights and remedies (including, without limitation, the liens, security interests and rights of setoff) which Bank may have.

(g) Other Rights. In addition to the other rights and remedies available to Bank, upon discovery by Bank of any material deviations from the Plans not otherwise expressly permitted by the terms of this Agreement, or of any material defective or unworkmanlike labor or materials being used in the construction of the Improvements and the City Infrastructure Improvements, Bank may immediately order stoppage of construction and demand that any unsatisfactory work be replaced and that the condition be corrected, whether or not any unsatisfactory work has already been incorporated into the Improvements and the City Infrastructure Improvements. After issuance of such an order in writing, the condition shall be corrected within thirty (30) days from the date of stoppage by Bank, subject to Excusable Delays. Bank shall have the right to withhold all further advances of the Construction Loan until the condition is corrected and no other work shall be done on the Improvements and the City Infrastructure Improvements without the prior written consent of Bank, which
consent shall not be unreasonably withheld, conditioned, or delayed, unless, and until, such condition has been fully corrected.

7.4 **Due on Sale.** Except as expressly permitted by the Loan Documents, including without limitation, Section 5.1(d), (f), (g), or (l), and except for Approved Leases, and except as a result of pledges or transfers of interests in the non-Co-Managing Members of Borrower otherwise expressly permitted by the Loan Documents, or except as a result of a partial condemnation, if Borrower shall sell, convey, encumber, assign or transfer all or part of its interest in the Premises or any interest therein without the prior written consent of Bank, Bank may, at Bank’s option, without (unless expressly required by the terms of the Loan Documents) demand, presentment, protest, notice of protest, notice of intent to accelerate, notice of acceleration of or other notice, or any other action, all of which are hereby waived by Borrower and all other parties obligated in any manner on the Construction Note and other Obligations, declare the Construction Note and other monetary Obligations to be immediately due and payable, which option may be exercised at any time following such sale, conveyance, assignment or transfer, and upon such declaration the entire unpaid balance of the Construction Note and other Obligations shall be immediately due and payable.

7.5 **Notice and Cure Rights of Investor Member.** Notwithstanding anything to the contrary contained herein, the Bank agrees to accept performance on the part of the Investor Member, and any of their Affiliates as though the same had been performed by the Borrower under any of the Loan Documents. The Bank will allow the Investor Member and their Affiliates ten (10) days after giving the Investor Member notice to cure a monetary default under the Loan Documents (other than the payment due at maturity) and except as to the Borrower’s filing of a voluntary bankruptcy petition, up to thirty (30) days after giving the Investor Member notice to cure of any non-monetary default under the Loan Documents, provided, however, that in the event of a non-monetary default that is not susceptible to being cured within such thirty (30) day period, the Bank will allow the party offering cure an additional period of up to sixty (60) days to cure such default, provided that the cure of such default has commenced and the person offering the cure is continuously proceeding to cure such default through the end of the sixty (60) day period. If the Investor Member or any of their Affiliates makes any such payment or otherwise offers cure of a default, the Bank will accept or reject such action as curing such default on the same basis as if payment or cure were made directly by the Borrower. The foregoing cure periods provided to the Investor Member shall run simultaneously with any cure period provided to Borrower under Section 7.1.

**VIII – MISCELLANEOUS**

8.1 **Bank Approvals.** The Construction Contract and all surveys, appraisals, insurance policies, form leases, plans and specifications, legal opinions, requests for disbursement, and other Loan Documents and items required for the Construction Loan shall be reasonably satisfactory to Bank in all material respects (Bank may, at its option, condition any such approval on the approval by the Investor Member, the TIF, FWHFC, the City, and/or the Credit Agency, if and to the extent such parties also must approve
of these items pursuant to the documents evidencing and/or governing each of their respective sources of funding to the Borrower).

8.2 **No Third Party Beneficiaries.** Except for the notice and cure rights provided to certain Persons in this Agreement, this Agreement is for the sole protection and benefit of Bank and Borrower, and no other Person shall have any right as a third party beneficiary hereunder or any right to bring an action hereon or claim the proceeds of the Construction Loan or the equity contributed hereunder, except with regard to the Guarantors' and the Investor Member's right to receive notices and effect cures pursuant to the terms of this Agreement.

8.3 **No Waiver.** No failure on the part of Bank to exercise any right, option, privilege, or remedy available to Bank shall operate as a waiver thereof, nor shall any single or partial exercise or waiver of any such right, option, privilege, or remedy preclude any other or further exercise thereof to its fullest extent or the exercise of any other right, option, privilege, or remedy.

8.4 **Notices.** Notices, requests, demands and other communications which any party is required or may desire to give to any other party under any provision of this Agreement and the other Loan Documents must be in writing and delivered to the other party at the address set forth in the first paragraph of this Agreement (or to such other address as any party may designate by written notice to the other party), with a copy to John Shackelford, Shackelford, Bowen, McKinley & Norton, LLP, 9201 N. Central Expressway, 4th Floor, Dallas, TX 75231, and to Shutts & Bowen LLP, 200 S. Biscayne Blvd., Suite 4100, Miami, Florida 33131, Attention: Robert Cheng. Each such notice, request, demand or other communication shall be deemed given or made as follows: If sent by mail, upon the earlier of the date of receipt or five (5) days after deposit in the U.S. Mail, first class postage prepaid and by certified mail, return receipt requested; and if sent by any other means, upon delivery. Copies of all notices provided by Bank to Borrower under this Agreement shall be simultaneously provided to the Investor Member at 15910 Ventura Boulevard, Suite 1100, Encino, CA, 91436, Attention: Jeffrey N. Weiss, with a copy to Ballard Spahr LLP, 1735 Market Street, 51st Floor, Philadelphia, Pennsylvania 19103, Attention: Jere Thompson (Borrower and Bank agree that the Investor Member is authorized, on behalf of Borrower, to cure any Default or Event of Default).

Any notice under the Construction Note and any other Loan Document which does not specify how notices are to be given shall be given in accordance with this Section 8.4.

8.5 **Transfer of Rights.** Borrower shall not assign or otherwise transfer this Agreement or the Loan Documents, in whole or in part, without the prior written consent of Bank. Bank may create and sell participation interests in the Construction Loan or otherwise assign or transfer this Agreement and the Loan Documents, in whole or in part, as provided for in Section 8.23, at any time and in the event of an assignment or
transfer by Bank, the term "Bank" shall include any such assignee or transferee to the extent of the interest assigned or transferred. This Agreement shall be binding upon, and shall inure to the benefit of, the parties hereto and their respective heirs, successors, personal representatives, and assigns.

8.6 **Severability.** The unenforceability or invalidity of any provision of this Agreement shall not affect the enforceability or validity of any other provision herein, and the invalidity or unenforceability of any provision of any Loan Document to any person or circumstance shall not affect the enforceability or validity of such provision as it may apply to other persons or circumstances.

8.7 **Advertising.** Bank shall have the right at its sole cost and expense, to erect one or more signs on the Premises advertising its financing of the Improvements and the City Infrastructure Improvements, provided that the same complies with all Requirements of Law.

8.8 **GOVERNING LAW.** EXCEPT AS SPECIFICALLY PROVIDED FOR IN ANY OTHER LOAN DOCUMENT, THIS AGREEMENT AND THE OTHER LOAN DOCUMENTS SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS (EXCLUSIVE OF ITS CONFLICT AND CHOICE OF LAWS PRINCIPLES) AND APPLICABLE UNITED STATES FEDERAL LAW. NOTWITHSTANDING ANYTHING TO THE CONTRARY SET FORTH IN THIS AGREEMENT AND/OR ANY OF THE OTHER LOAN DOCUMENTS, THE UNDERSIGNED HEREBY AGREE THAT THE STATE AND FEDERAL COURTS LOCATED IN TARRANT COUNTY, TEXAS SHALL HAVE EXCLUSIVE JURISDICTION AND VENUE WITH RESPECT TO ALL ACTIONS BROUGHT BY OR AGAINST ANY PARTY UNDER OR PURSUANT TO THIS AGREEMENT AND/OR ANY OF THE OTHER LOAN DOCUMENTS, THE UNDERSIGNED HEREBY CONSENT TO THE EXCLUSIVE JURISDICTION OF SUCH COURTS AND TO SERVICE OF PROCESS, EFFECTIVE UPON RECEIPT BY PERSONAL SERVICE, OVERNIGHT EXPRESS DELIVERY, SIGNATURE REQUESTED UPON DELIVERY, OR REGISTERED OR CERTIFIED MAIL. TO THE EXTENT OF ANY INCONSISTENCY BETWEEN THIS SECTION AND A LIKE PROVISION IN ANY OTHER LOAN DOCUMENT, THIS SECTION SHALL GOVERN AND CONTROL.

8.9 **Other Advances.** Borrower and Bank acknowledge and agree that in the future, Borrower may apply for and Bank may agree to fund additional loans to Borrower. Borrower and Bank agree that all existing and hereafter created loans and other advances from Bank, or any of its predecessors or successors in interest, to Borrower, whether or not such loans are particularly described in this Agreement, as may be amended from time to time, shall constitute Obligations for purposes of this Agreement and shall be subject to the terms, provisions, covenants, and agreements set forth in this Agreement (except that the Construction Mortgage shall only secure the Obligations therein described). Nothing herein shall constitute an offer or commitment by Bank to make any such additional loan.
8.10 No Duty or Special Relationship. Borrower acknowledges that Bank has no duty to Borrower with respect to the loan transactions set forth in this Agreement except as expressly provided for in this Agreement and the other Loan Documents, and acknowledge that no fiduciary, trust, or other special relationship exists between Bank and Borrower.

8.11 Other Remedies Not Required. Subject to the terms of the Loan Documents, Borrower may be required to pay the Construction Note in full without the assistance of any other party, or any collateral or security for the Construction Note. Except as specifically required by applicable law, Bank shall not be required to mitigate damages, file suit, or take any action to foreclose, proceed against or exhaust any collateral or security in order to enforce payment of the Construction Note.

8.12 No Control by Bank. BORROWER AGREES AND ACKNOWLEDGES THAT ALL OF THE COVENANTS AND AGREEMENTS PROVIDED FOR AND MADE BY BORROWER IN THIS AGREEMENT AND IN THE OTHER LOAN DOCUMENTS ARE THE RESULT OF EXTENSIVE AND ARMS-LENGTH NEGOTIATIONS BETWEEN BORROWER AND BANK. BANK’S RIGHTS AND REMEDIES PROVIDED FOR IN THIS AGREEMENT AND IN THE OTHER LOAN DOCUMENTS ARE INTENDED TO PROVIDE BANK WITH A RIGHT TO OVERSEE BORROWER’S ACTIVITIES AS THEY RELATE TO THE LOAN TRANSACTIONS PROVIDED FOR IN THIS AGREEMENT, WHICH RIGHT IS BASED ON BANK’S VESTED INTEREST IN BORROWER’S ABILITY TO PAY THE CONSTRUCTION NOTE AND PERFORM THE OTHER OBLIGATIONS. NONE OF THE COVENANTS OR OTHER PROVISIONS CONTAINED IN THIS AGREEMENT SHALL, OR SHALL BE DEEMED TO, GIVE BANK THE RIGHT OR POWER TO EXERCISE CONTROL OVER, OR OTHERWISE IMPAIR, THE DAY-TO-DAY AFFAIRS, OPERATIONS, AND MANAGEMENT OF BORROWER.

8.13 Construction Commitment Rendered. The obligations of Bank and Borrower, if any, under the Construction Commitment, as may have been extended, are fully and completely satisfied, replaced, and superseded by the execution and delivery of the Loan Documents.

8.14 No Partnership. Nothing herein is intended, nor shall it be deemed or construed as, to create a partnership, joint venture, or common interest in profits or income between Borrower and Bank, or to make Bank in any way responsible for the debts or losses of Borrower or with respect to the collateral described in the Loan Documents. Borrower and Bank disclaim any sharing of liabilities, losses, costs or expenses.

8.15 Release of Liens. The Construction Note may represent advancing credit indebtedness. Accordingly, regardless of whether the balance outstanding under the Construction Note or anything in any Loan Document to the contrary, the Construction Note and Loan Documents (and liens and security interests granted thereunder) shall continue in full force and effect until Bank shall execute a release thereof (which will be
provided upon the full and final payment of the Obligations and provided Bank has no funding commitments under this Agreement), except for those Loan Documents which are to be terminated by their express terms upon delivery of the Conversion Certificate by Bank.

8.16 **Renewal of Indebtedness.** All provisions of this Agreement relating to the Construction Note shall apply with equal force and effect to each and all promissory notes hereafter executed which in whole or in part represent a renewal, extension, or rearrangement of any part of the indebtedness originally represented by the Construction Note, or any of them, provided that nothing herein shall constitute a commitment or offer by Bank to such a renewal, extension or rearrangement.

8.17 **Counterparts.** This Agreement may be executed in two or more counterparts, and it shall not be necessary that any one counterpart be executed by all of the parties hereto. Each fully or partially executed counterpart shall be deemed an original, but all such counterparts taken together shall constitute but one and the same instrument. Delivery of an executed counterpart of the signature page of this Agreement by facsimile or electronic means shall be effective as delivery of a manually executed counterpart.

8.18 **Controlling Agreement.** Borrower and Bank intend to conform strictly to the applicable usury laws. All agreements between Bank and Borrower (or any other party liable with respect to any indebtedness under this Agreement and the other Loan Documents) are hereby limited by the provisions of this Section which shall override and control all such agreements, whether now existing or hereafter arising and whether written or oral. In no way, nor in any event or contingency (including but not limited to prepayment, default, demand for payment, or acceleration of the maturity of any obligation), shall the interest contracted for, charged, or received under the Construction Note otherwise exceeds the Maximum Rate. If, from any possible development of any document, interest would otherwise be payable to Bank in excess of the Maximum Rate, any such construction shall be subject to the provisions of this Section and such document shall be automatically reformed and the interest payable to Bank shall be automatically reduced to the Maximum Rate, without the necessity of execution of any amendment or new document. If Bank shall ever receive anything of value which is characterized as interest under applicable law and which would apart from this provision be in excess of the Maximum Rate, an amount equal to the amount which would have been excessive interest shall at the option of Bank, be refunded to Borrower or applied to the reduction of the principal amount owing hereunder in the inverse order of its maturity and not to the payment of interest. The right to accelerate maturity of the Construction Note or any other indebtedness does not include the right to accelerate any interest which has not otherwise accrued on the date of such acceleration, and Bank does not intend to charge or receive any unearned interest in the event of acceleration. All interest paid or agreed to be paid to Bank shall, to the extent permitted by applicable law, be amortized, prorated, allocated and spread throughout the full stated term (including any renewal or extension) of such indebtedness so that the
amount of interest on account of such indebtedness does not exceed the Maximum
Rate.

8.19 **NO ORAL AGREEMENT.** THIS WRITTEN LOAN AGREEMENT AND
THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT
BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF
PRIOR, CONTEMPORANEOUS OR SUBSEQUENT ORAL AGREEMENTS OF THE
PARTIES. THERE ARE NO ORAL AGREEMENTS BETWEEN THE PARTIES.

8.20 **JURY WAIVER.** EACH PARTY HERETO HEREBY WAIVES, TO THE
FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE
TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY
ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS
CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY
OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO
REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS
REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY
WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE
FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER
PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY,
AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS
SECTION.

8.21 **Bank Consent.** Whenever Bank is required under this Agreement or any
of the other Loan Documents to provide its consent or approval, or render its
determination, judgment, satisfaction, or decision, such consent, approval,
determination, judgment, satisfaction, or decision (or the denial of such consent,
approval, determination, judgment, satisfaction, or decision, as the case may be) shall
not be unreasonably withheld or conditioned and shall be given within a reasonable time
after its receipt of the request therefor (if a request therefor is required by the terms of
the Loan Documents), taking into consideration the circumstances of the request.

8.22 **Governing Documents.** Except as otherwise expressly provided, all
irreconcilable inconsistencies or conflicts between the terms of this Agreement with the
terms of any other Loan Document shall be governed and controlled by the terms of this
Agreement.

8.23 **Participations.** Borrower acknowledges and agrees that Bank may
provide any information Bank may have about Borrower or about any matter relating to
this Agreement to Bank, its parent, its subsidiaries, its Affiliates or their successors, or
to any one or more purchasers or potential purchasers of a Note. Borrower agrees that
Bank may at any time sell, assign or transfer one or more interests or participations in
all or any part of its rights or obligations in the Construction Note to any one or more
purchasers whether or not related to Bank. Borrower authorizes Bank to disseminate
any information it has pertaining to the Construction Loan to JPMorgan Chase and Co.,
or any of its subsidiaries or Affiliates or their successors, or to any one or more
purchasers or potential purchasers of the Construction Loan, including, without limitation, credit information on Borrower, any of its principals, or any other party liable, directly or indirectly for the Construction Note, to any such assignee or participant or prospective assignee or participant. Borrower shall execute, acknowledge, and deliver any and all instruments reasonably requested by Bank to satisfy such assignee or participant that the Construction Loan is outstanding in accordance with the terms and provisions of the Construction Note and the Loan Documents. Subject to all applicable Requirements of Law relating to confidentiality, the Borrower agrees that the Bank may provide any information the Bank may have about the Borrower or about any matter relating to the Construction Loan to prospective participants of the Loan.

8.24 Placement of Restrictive Covenants. Notwithstanding anything in this Agreement or the other Loan Documents to the contrary, Borrower shall be permitted to execute any restrictive covenants or restrictions which Borrower is required to enter into by the Credit Agency for issuance of Form 8609 with respect to the Premises if and to the extent Borrower has notified Bank thereof in writing prior to Borrower's execution thereof, including, without limitation, the LURA. All such documents described in this Section 8.24 are herein collectively called the "Restriction and Easement Documents". Once Bank confirms that such Restriction and Easement Documents are in the form promulgated by the Credit Agency (and approved by Bank), Bank shall subordinate its liens and security interests with respect to the Premises (including without limitation, the lien and security interest created by the Construction Mortgage) to such Restriction and Easement Document in a manner reasonably acceptable to Bank, the Credit Agency, and their respective counsel. Such subordination shall provide that Bank is subject to the limitations on evictions, termination of tenancy, and increase in rents for the three (3) year period following the acquisition of the Premises by Bank or its successors or assigns by foreclosure (or instrument in lieu of foreclosure), as set forth in Section 42(h)(6)(E)(ii) of the Internal Revenue Code, as amended.

8.25 No Offset. All payments due by Borrower to Bank under the Loan Documents are to be made by the Borrower without offset or other reduction.

8.26 Recognition. Borrower has been advised by Bank to seek the advice of an attorney and an accountant in connection with the commercial loan evidenced by the Construction Note; and Borrower has had the opportunity to seek the advice of an attorney and accountant of Borrower's choice in connection with the commercial loan evidenced by the Construction Note.

8.27 Increased Costs. If, after the Closing Date, any law, regulation or change in any law or regulation or in the interpretation thereof, or any ruling, decree, judgment, guideline, directive or recommendation (whether or not having the force of law) by any regulatory body, court, central bank or any administrative or Governmental Authority charged or claiming to be charged with the administration thereof (including, without limitation, a request or requirement which affects the manner in which the Bank allocates capital resources to its commitments including its obligations hereunder) shall

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each Person that opens an account, including any deposit account, treasury management account, loan, other extension of credit, or other financial services product. What this means for Borrower: When Borrower opens an account, if Borrower is an individual, Bank will ask for Borrower's name, taxpayer identification number, residential address, date of birth, and other information that will allow Bank to identify Borrower, and, if Borrower is not an individual, Bank will ask for Borrower's name, taxpayer identification number, business address, and other information that will allow Bank to identify Borrower. Bank may also ask, if Borrower is an individual, to see Borrower's driver's license or other identifying documents, and, if Borrower is not an individual, to see Borrower's legal organizational documents or other identifying documents.

Without limiting the foregoing, Bank hereby notifies the Borrower that pursuant to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the "Act"), it is required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow Bank to identify the Borrower in accordance with the Act.

8.30 **WAIVER OF SPECIAL DAMAGES.** TO THE EXTENT PERMITTED BY APPLICABLE LAW, NEITHER THE BANK NOR THE BORROWER SHALL ASSERT, AND EACH HEREBY WAIVES, ANY CLAIM AGAINST THE OTHER, ON ANY THEORY OF LIABILITY, FOR SPECIAL, INDIRECT, CONSEQUENTIAL OR PUNITIVE DAMAGES (AS OPPOSED TO DIRECT OR ACTUAL DAMAGES) ARISING OUT OF, IN CONNECTION WITH, OR AS A RESULT OF, THIS AGREEMENT OR ANY AGREEMENT OR INSTRUMENT CONTEMPLATED HEREBY, THE TRANSACTIONS, THE LOAN OR THE USE OF THE PROCEEDS THEREOF.

8.31 **Swap Agreements.** All Swap Agreements, if any, between Borrower and Bank or any Affiliate of Bank are independent agreements governed by the written provisions of said Swap Agreements, which will remain in full force and effect, unaffected by any repayment, prepayment, acceleration, reduction, increase or change in the terms of the Loan Documents, except as otherwise expressly provided in said written Swap Agreements, and any payoff statement from Bank relating to the Construction Loan shall not apply to said Swap Agreements. A default or event of
default under a Swap Agreement shall be an Event of Default and an Event of Default shall be an event of default under any Swap Agreement.

8.32 Publicity. The Borrower hereby authorizes Bank and its Affiliates, without further notice or consent, to use the Borrower's and its Affiliates' names, logos, and photographs related to the Premises in its advertising, marketing and communications materials on a national and/or international basis. Such materials may include web pages, print ads, direct mail and various types of brochures or marketing sheets, and various media formats other than those listed (including without limitation video or audio presentations through any media form). In these materials, Bank also may discuss at a high level the types of services and solutions Bank has provided the Borrower. This authorization shall remain in effect unless the Borrower notifies Bank in writing in accordance with the notice provisions set forth herein that such authorization is revoked.

The Texas Department of Housing and Community Affairs (the "Department") hereby issues this Carryover Allocation of 2017 tax credit authority in the annual amount of $1,500,000 pursuant to Section 42(b)(1)(E) or (F) of the Internal Revenue Code of 1986, as amended (the "Code"). The allocation is subject to the terms and conditions stated in the Commitment Notice and Carryover Allocation Manual and all the representations and undertakings set forth in the Application on which the allocation is based, the material and uncured (or uncurable) violation of any of which may be cause for the cancellation of this Carryover Allocation. Action to cancel this Carryover Allocation may be subject to appeal to the Department's Governing Board.

MISTLETOE STATION, LLC, a Texas limited liability company, (the "Owner") hereby certifies that each building for which this allocation in being made does or will meet the requirements of Section 42(b)(1)(E)(ii) of the Code (for a project which includes more than one building) and Treasury Regulation 1.42-6. The Owner hereby certifies that no later than the date that is one year after the effective date of the Carryover Allocation, the Owner will have incurred expenditures amounting to more than 10% of $20,466,704, which is the Owner's reasonably expected basis in the Development for purposes of Treasury Regulation 1.42-6. The effective date of the Allocation is the date this Carryover Allocation Agreement is executed by the Department. For the purpose of meeting the requirements of the 2017 Qualified Allocation Plan and Uniform Multifamily Rules (10 TAC Chapters 11 and 10), the Owner agrees that documentation of expenditures comprising more than 10% of said reasonably expected basis will be submitted to the Department by July 1, 2018, or such later date as is allowed by the Department pursuant to a written extension.

The Owner understands and agrees that this allocation is subject to fulfilling the requirements of the Construction Status Report as set forth in the 2017 Uniform Multifamily Rules, §10.402(h). The

3. The figure entered here should be consistent with the figure reflected in the 2017 HTC Commitment Notice.
4. The Development Owner must be legally formed and able to enter into contracts or the carryover allocation is not valid. DO NOT use the name of a General Partner, Affiliate, or any name other than the name of the organization that is the actual Development Owner.
5. The allocation must be justified by the amount of the reasonably expected basis.
6. Treasury Regulation 1.42-8(a)(2)(i) refers to a 6-month period that does not reflect the Code's current one-year period for meeting the 10%-of-basis requirement.
Owner agrees to submit promptly to the Department a copy of each inspection report conducted by the lender(s) and/or equity investor as the reports become available.

The Owner hereby certifies that each building for which this allocation is made will be placed in service no later than December 31, 2019, and such placement in service shall meet the requirements of the Internal Revenue Service. In the event that placement in service is achieved with fewer than 100% of the tax credit units being available for occupancy, the Development Owner shall, on or before January 15, 2020, notify the Department in writing (to the joint attention of the Director of Multifamily Compliance and the Director of Asset Management) of the number of units that were available for occupancy in each building at the placement in service deadline, and of the data on which the Development Owner proposes to begin claiming credits. The Declaration (as defined below) on the property shall begin on the first day of January in the calendar year in which the Development owner begins to claim credits, but in the intervening period between the placement in service deadline and the commencement of the Declaration, the Department shall have the right to monitor the property and enforce representations made to obtain a tax credit award. Upon completion of the Development or any building therein, the Department may undertake, at the expense of the Owner, such inspection(s) and/or financial audit(s) as it deems desirable in order to verify that the Development was constructed or rehabilitated according to the representations contained in the Application and that reported expenditures were actually incurred. The Department also may require that additional work be done if necessary to meet Uniform Physical Condition Standards or other deficiencies noted in the inspection.

All owners that receive a 2017 Carryover Allocation must request issuance of IRS Forms 8609 upon the filing of cost certification documentation as required by the Department’s Post Award Activities Manual, as in effect at the time of filing. The documentation must be filed no later than January 15, following the first year of the credit period. The anticipated first year of the credit period is 2019.

The Owner hereby agrees and acknowledges that all requirements stated in the Post Award Activities Manual for receiving IRS Forms 8609 must be met to the satisfaction of the Department before such forms will be issued with respect to the Development. The Owner hereby further agrees and acknowledges that all conditions, restrictions, and obligations in addition to those applicable under Section 42 of the Code, which the Owner undertook in applying for this Carryover Allocation, are incorporated herein and to the extent appropriate, will be reflected in a Land Use Restriction Agreement (the “LURA”) with respect to the Development. Such LURA will also incorporate provisions requiring compliance with the Internal Revenue Code and with Chapter 2306, Texas Government Code (the “Act”), and the rules of the Department including but not limited to requirements for: annual reporting and periodic inspections; payments of the fees, charges and expenses of the Department in connection with its monitoring and compliance activities under the Code and the Act; management, operating, maintenance and repair standards for the Development; tenant selection and income certification; limitations on rents, charges, and fees payable by tenants; and development cost controls and management selection. The Owner hereby acknowledges that any rule or requirement applicable to the Development Owner, Application, award, or allocation and any representation made in the Application, as may be amended from time to time, or other materials provided to the Department in connection with the Application may be included in the LURA and the Development Owner agrees (i) to execute such LURA in substantially similar form to that provided, subject to such modifications as may be required by the Department, in its reasonable discretion, in order to reflect changes in federal or state law, and policy or program requirements, and (ii) to abide by all the terms and conditions contained in the Declaration. Any failure to comply with the terms of any such conditions, restrictions, or obligations prior to
issuance of IRS Forms 8609 with respect to the Development may be cause for cancellation or modification of this Carryover Allocation by the Department and such other action as the Department determines to be appropriate.

The Owner hereby acknowledges that it has thoroughly reviewed and agrees to abide by all terms and conditions stated in the Qualified Allocation Plan and Uniform Multifamily Rules, Commitment Notice, and 2017 Carryover Allocation Procedures Manual. The Owner hereby agrees to the return of any unused credit authority at the time of final allocation should the Department determine that a reduction in the credit amount is appropriate in accordance with the Department’s rules and under Section 42(m)(2).

Applicable Percentage Election for Acquisition Credits

☐ The Owner hereby irrevocably elects, pursuant to Section 42(b)(1)(A)(ii) of the Code, to fix the applicable credit percentage for the Development as the percentage prescribed by the Secretary of the Treasury for the month in which this Carryover Allocation Agreement was executed by BOTH the Owner and the Department. The Department and the Owner acknowledge that this Carryover Allocation constitutes an agreement binding upon the Department, the Owner, and all successors in interest to the Owner as owners of the Development, subject to compliance by the Owner with the requirements of Section 42 of the Code and the requirements of the Department. Owners are advised to review IRS notice 2008-106 and subsequent changes in law related to the applicable credit percentage.

Eligible Basis Boost

☐ The Department has determined that the Development is not receiving an allocation of credit dollar amount in excess of the amount required for its financial feasibility, and has further determined that the development is eligible for an increase in the eligible basis of the development by up to 30% (a “Basis Boost”) as authorized and permitted by Section 42(d)(5)(B) of the Code, and 10 TAC §11.4(c).

Nonprofit Set-Aside

☐ If this box is checked, this Carryover Allocation is being made pursuant to the Department’s set-aside of credit authority for “qualified nonprofit organizations” within the meaning of Section 42(h)(5)(C) of the Code. Throughout the Compliance Period applicable to the Development under the Code and the Declaration, such a qualified nonprofit organization shall own an interest in the Development, have “control” of the Development pursuant to 10 TAC §11.5(1), and materially participate (within the meaning of Section 469(h) of the Code) in the development and operation of the Development. The qualified nonprofit organization designated to meet such obligation with respect to the Development is ______. As of the date hereof, and based solely on representations, covenants, and warranties of the Owner and other information previously submitted to the Department by the Owner, the Department has determined such nonprofit organization not to be “affiliated with or controlled by a for-profit organization” for purposes of Section 42(h)(5)(C)(ii) of the Code. In the event that any such representations, covenants, warranties and/or information is determined to have been false, materially misstated or materially misleading when made, or if subsequent events render such representations, covenants, warranties and information false or misleading in any material way, then the Department, at its option, may determine the issue of control with respect to Section 42(h)(5)(C)(ii) of the Code, and such

determination shall be grounds for cancellation of this Carryover Allocation and any and all such other action as the Department may deem appropriate.

Any other transfer of the allocation will be subject to approval by the Department at its discretion and in accordance with 10 TAC §10.406. The Owner hereby agrees and acknowledges that it will request prior written approval from the Executive Director of the Department in writing for any intended transfer of the Development or change in actual control of the Development for which this Carryover Allocation is made prior to such transfer or change in control. Further, any purchaser that intends to acquire the Development with respect to this allocation and to make use of this Carryover Allocation will be required to request approval from the Department of the intended acquisition of the Development and to supply the Department with any documentation which it may require, in its sole discretion. Pursuant to §10.406(e) new members may be added to the ownership structure prior to issuance of the §8609(a), but parties may not exit the ownership structure without Board approval. The approval of any such transfer by the Department does not constitute a representation to the effect that such transfer is permissible under the Code or without adverse consequences hereunder.

The Owner agrees that it will inform and seek the Department’s approval for any changes in the number of units, unit mix, unit sizes, design changes or any other material changes to the Development prior to making the changes in accordance with 10 TAC §10.405(a). Unapproved changes may result in the reduction or loss of credits or in the cancellation of this Carryover Allocation. The Owner hereby agrees that the Owner and management company will attend at least five hours of fair housing training on management and leasing issues, and the Architect or Engineer will attend at least five hours of training on fair housing design within two years prior to the deadline for submitting 10% Test documentation.

In issuing this Carryover Allocation, the Department has relied upon the information submitted to it by the Owner. This allocation is conditioned upon satisfying all requirements set forth herein, in the Code and in the Department’s Rules, including demonstrating the financial feasibility and long-term viability of the Development. In light of the amount allocated to the Development, Owner may propose changes to Development configuration consistent with the allocation amount, which the Department, in a manner consistent with Tex. Gov’t Code, §2306.6712, may accept, reject or approve with modifications with respect thereto. If Owners or Affiliates are found to be in violation of any rule regarding the Application or any rule regarding actions performed prior or subsequent to submission of the Application, specifically including actions that would have resulted in the ineligibility of the Owner or Affiliate to participate in the Application process, this Carryover Allocation may be cancelled by the Department in accordance with the applicable rule or statute. The Department makes no representations concerning or guaranteeing the Owner’s eligibility to receive the credit stated herein; such determination rests with the Internal Revenue Service based upon the actions and determinations of the Owner in light of all applicable laws, regulations and rulings.

The Owner expressly acknowledges that this Carryover Allocation is subject to downward adjustment in accordance with the Department’s rules in connection with the Department’s review required by Internal Revenue Code §42(m)(2).
Under penalty of perjury, I certify that individually and on behalf of the Owner, on whose behalf I represent and warrant I am authorized to act, the information and the statements in this Carryover Allocation Agreement are true and accurate.

assessed against any of the Mortgaged Property by any governmental authority or any other person, before the Impositions become delinquent, and Mortgagor will provide receipts of all Impositions payments to Mortgagee promptly upon request. If Mortgagor fails to do so, Mortgagee may pay them, together with all costs and penalties thereon, at Mortgagor's expense; provided, however, that Mortgagor may contest in good faith in accordance with the terms and conditions of the Loan Agreement, in lieu of paying such taxes and assessments as they become due and payable, by appropriate proceedings, the validity thereof (to the extent and as provided for in the Loan Agreement). Pending such contest, Mortgagor shall not be deemed in default hereunder because of such nonpayment if, prior to delinquency of the asserted tax or assessment, Mortgagor furnishes Mortgagee an indemnity bond secured by a deposit in cash or other security acceptable to Mortgagee, or with a surety acceptable to Mortgagee, in the amount of the tax or assessment being contested by Mortgagor plus a reasonable additional sum to pay all costs, interest and penalties that may be imposed or incurred in connection therewith, conditioned that such tax or assessment, with interest, cost and penalties, be paid as herein stipulated, and if Mortgagor promptly pays any amount adjudged by a court of competent jurisdiction to be due, with all costs, penalties and interest thereon, on or before the date such judgment becomes final; provided that in any event the tax, assessment, penalties, interest and costs shall be paid prior to the date on which any writ or order is issued under which the Mortgaged Property may be sold in satisfaction thereof. Any irreconcilable inconsistency between this Section 2(a) and the Loan Agreement shall be governed by the Loan Agreement.

(b) Insurance. Mortgagor shall, at its sole cost and expense, obtain and maintain (a) title insurance (in the form of a commitment, binder or policy as Mortgagee may require), and (b) insurance required by the terms of the Loan Agreement. Mortgagor shall deliver the policies of insurance to Mortgagee promptly as issued; and, if Mortgagor fails to do so, Mortgagee, at its option, may procure such insurance at Mortgagor's expense. All renewal and substitute policies of insurance shall be delivered at the office of the Mortgagee, premiums paid, at least thirty (30) days before termination of policies theretofore delivered to Mortgagee. In case of loss, the proceeds of the insurance policies shall be collected and applied as set forth in Section 2(o) below. If any loss shall occur at any time when an Event of Default is then continuing, Mortgagee shall be entitled to the benefit of all insurance held by or for any Mortgagor, to the same extent as if it had been made payable to Mortgagee, and upon foreclosure hereunder, Mortgagee shall become the owner thereof.

(c) Deposits. Mortgagor will, if requested by Mortgagee (which request shall only be made during the continuance of an Event of Default), deposit with Mortgagee each month an amount equal to (i) 1/12 of the annual premiums for all insurance required under this Deed of Trust, and (ii) 1/12 of the annual Impositions to become due in connection with the
Mortgaged Property, as estimated by Mortgagee. At least 15 days before any impositions would become delinquent or any insurance premium is due, Mortgagor will deliver to Mortgagee a statement showing the amount of impositions or premium due and the party or governmental authority to which the amount is payable. If funds on deposit with Mortgagee are insufficient to make all payments due, Mortgagor will deposit with Mortgagee the amount of any deficiency. Mortgagee will hold deposited funds on behalf of Mortgagor for payment of impositions and insurance, but if an "Event of Default" then exists, Mortgagee may apply deposited funds to payment of the Debt.

(d) **Maintenance of Property.** Mortgagor will maintain the Mortgaged Property in good condition, subject to ordinary wear and tear. If the Mortgaged Property is damaged by any cause, Mortgagor will promptly restore the Mortgaged Property to substantially its condition prior to such damage. Mortgagor will not allow any material part of the Mortgaged Property to be torn down, removed or materially altered after completion of construction without Mortgagee's prior written consent, not to be unreasonably withheld, conditioned or delayed. All insurance proceeds will be paid to Mortgagor and Mortgagor may use any available insurance or condemnation proceeds for the restoration to the extent permitted by this Deed of Trust and the Loan Agreement (provided, if an Event of Default is continuing, Mortgagee shall have the option as it determines, in its sole discretion, to apply the proceeds to the Debt instead of using for restoration).

(e) **Title to Property.** Subject to the Permitted Encumbrances, Mortgagor will warrant and defend Trustee's title to and Mortgagee's security interest in the Mortgaged Property against any person who claims any of it. No person owns any lien or other interest in the Mortgaged Property except the lien and security interest created by this Deed of Trust, other liens and security interests for the benefit of Mortgagee, Permitted Encumbrances, tenant leases which are Approved Leases under and as defined in the Loan Agreement, and the statutory lien for taxes not yet due. No person other than Mortgagee owns any interest in the Rents. No lien document or financing statement affecting any Mortgaged Property or the Rents, other than lien documents and financing statements in favor of Mortgagee and the Permitted Encumbrances, is on file in any public office. If any person claims any interest or encumbrance, except for Permitted Encumbrances and tenant leases which are Approved Leases under the Loan Agreement, Mortgagor will promptly remove any such adverse claim, lien or encumbrance from the Mortgaged Property or the Rents. Mortgagor will give Mortgagee prompt notice of an assertion by any person of any interest or encumbrance affecting, or any legal proceeding affecting, any part of the Mortgaged Property or the Rents. Mortgagor will take any action Mortgagee reasonably requires to protect, assure or enforce the lien and security interest of
this Deed of Trust and the assignment of the Rents. This paragraph will survive termination or foreclosure of this Deed of Trust.

(f) Books and Records. Mortgagor will maintain accurate and complete books and other records regarding the Mortgaged Property, including finances, leases and the physical condition of the Mortgaged Property. All financial accounting records will be maintained consistent with generally accepted accounting principles, consistently applied.

(g) Inspection. Subject to the terms of the Approved Leases under and as defined in the Loan Agreement, in addition to and without limiting the terms of the Loan Agreement, upon three days prior written notice to Mortgagor (no notice will be required during the continuance of an Event of Default), Mortgagor will (i) permit Mortgagee at all reasonable times to go upon, examine and inspect the Mortgaged Property, including making appraisals and environmental assessments, (ii) furnish all information Mortgagee reasonably requests relating to the development and operation of the Mortgaged Property, (iii) permit Mortgagee to make copies of such information, and (iv) if Mortgagee reasonably believes Hazardous Materials to be present on the Mortgaged Property, permit Mortgagee to perform environmental assessments of the Mortgaged Property and in connection therewith to take away samples of air, building materials, soil and water.

(h) Homestead. Mortgagor represents that at the time of execution and delivery of this Deed of Trust, no part of the Mortgaged Property is any part of Mortgagor’s homestead.

(i) INDEMNITY. IN ADDITION TO AND WITHOUT IN ANY WAY LIMITING THE TERMS AND PROVISIONS OF THE LOAN AGREEMENT, MORTGAGOR SHALL, AT ITS SOLE COST AND EXPENSE, PROTECT, DEFEND, INDEMNIFY, RELEASE AND HOLD HARMLESS THE INDEMNIFIED PARTIES (AS DEFINED BELOW) FROM AND AGAINST ANY AND ALL REASONABLE CLAIMS, SUITS, LIABILITIES (EXCLUDING STRICT LIABILITIES), ACTIONS, PROCEEDINGS, OBLIGATIONS, DEBTS, DAMAGES (EXCLUDING CONSEQUENTIAL DAMAGES), LOSSES, COSTS, EXPENSES, FINES, PENALTIES, CHARGES, FEES, JUDGMENTS, AWARDS, AMOUNTS PAID IN SETTLEMENT, PUNITIVE DAMAGES, OF WHATSOEVER KIND OR NATURE (INCLUDING BUT NOT LIMITED TO REASONABLE ATTORNEYS’ FEES AND OTHER COSTS OF DEFENSE) (THE “LOSSES”) IMPOSED UPON OR INCURRED BY OR ASSERTED AGAINST ANY INDEMNIFIED PARTIES AND DIRECTLY OR INDIRECTLY ARISING OUT OF OR IN ANY WAY RELATING TO ANY ONE OR MORE OF THE FOLLOWING: (I) OWNERSHIP OF THIS DEED OF TRUST, THE MORTGAGED PROPERTY OR ANY INTEREST THEREIN OR RECEIPT OF ANY RENTS; (II) ANY AMENDMENT TO, OR RESTRUCTURING OF, THE DEBT, THIS DEED OF TRUST OR ANY OTHER LOAN DOCUMENT; (III) ANY AND ALL LAWFUL

MORTGAGOR, ANY GUARANTOR AND/OR ANY MEMBER, PARTNER,
JAMES VENTURER OR SHAREHOLDER THEREOF BECOMING A PARTY TO
A VOLUNTARY OR INVOLUNTARY FEDERAL OR STATE BANKRUPTCY,

OR DEATH OF PERSONS OR LOSS OF OR DAMAGE TO PROPERTY
OCCURRING IN, ON OR ABOUT THE MORTGAGED PROPERTY OR ANY
PART THEREOF OR ON THE ADJOINING SIDEWALKS, CURBS, ADJACENT
PROPERTY OR ADJACENT PARKING AREAS, STREETS OR WAYS; (V)

ANY INDEMNIFIED PARTY OF THE PROVISIONS OF THIS SECTION 2(I); (XI)

(XII) THE PAYMENT OF ANY COMMISSION, CHARGE OR BROKERAGE FEE

FUNDING OF THE DEBT EVIDENCED BY THE NOTE AND SECURED BY
THIS DEED OF TRUST OR ANY OTHER DEBT; OR (XIII) ANY
MISREPRESENTATION MADE BY MORTGAGOR IN THIS DEED OF TRUST
OR ANY OTHER LOAN DOCUMENT. NOTWITHSTANDING THE
FOREGOING, MORTGAGOR SHALL NOT BE LIABLE TO ANY INDEMNIFIED
PARTY FOR THAT PORTION OF ANY LOSS ARISING SOLELY AS THE
RESULT OF THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF AN
INDEMNIFIED PARTY (OR ANY PARTY ACTING ON BEHALF OF AN INDEMNIFIED PARTY) OR ARISES IN CONNECTION WITH AN ACTION OR INACTION THAT OCCURS AFTER MORTGAGOR NO LONGER OWNS THE LAND AND THE IMPROVEMENTS. ANY AMOUNTS PAYABLE TO MORTGAGEE BY REASON OF THE APPLICATION OF THIS SECTION 2(I) SHALL BECOME IMMEDIATELY DUE AND PAYABLE UPON DEMAND AND SHALL BEAR INTEREST AT THE RATE PROVIDED IN THE NOTE FOR PAST DUE AMOUNTS FROM THE DATE OF DEMAND TO THE DATE OF PAYMENT. FOR PURPOSES OF THIS SECTION 2(I), THE TERM “INDEMNIFIED PARTIES” MEANS MORTGAGEE AND ANY PERSON OR ENTITY WHO IS OR WILL HAVE BEEN INVOLVED IN THE ORIGINATION OF THE DEBT, ANY PERSON OR ENTITY WHO IS OR WILL HAVE BEEN INVOLVED IN THE SERVICING OF THE DEBT, ANY PERSON OR ENTITY IN WHOSE NAME THE ENCUMBRANCES AND SECURITY INTERESTS CREATED BY THIS DEED OF TRUST IS OR WILL HAVE BEEN RECORDED, PERSONS AND ENTITIES WHO MAY HOLD OR ACQUIRE OR WILL HAVE HELD A FULL OR PARTIAL INTEREST IN THE DEBT AS WELL AS THE RESPECTIVE DIRECTORS, OFFICERS, SHAREHOLDERS, PARTNERS, MEMBERS, EMPLOYEES, AGENTS, SERVANTS, REPRESENTATIVES, AFFILIATES, SUBSIDIARIES, PARTICIPANTS, SUCCESSORS AND ASSIGNS OF ANY AND ALL OF THE FOREGOING (INCLUDING BUT NOT LIMITED TO ANY OTHER PERSON OR ENTITY WHO HOLDS OR ACQUIRES OR WILL HAVE HELD A PARTICIPATION OR OTHER FULL OR PARTIAL INTEREST IN THE DEBT OR THE MORTGAGED PROPERTY, WHETHER DURING THE TERM OF THE LOAN EVIDENCED BY THE NOTE OR AS A PART OF OR FOLLOWING A FORECLOSURE OF THIS DEED OF TRUST AND INCLUDING, BUT NOT LIMITED TO, ANY SUCCESSORS BY MERGER, CONSOLIDATION OR ACQUISITION OF ALL OR A SUBSTANTIAL PORTION OF MORTGAGEE’S ASSETS AND BUSINESS). THIS SECTION WILL SURVIVE THE TERMINATION OR FORECLOSURE OF THIS DEED OF TRUST.

(j) Additional Representations and Agreements Relating to Leases and Rents.

(i) (A) All existing Leases are valid, unmodified and in full force and effect, (B) no Rents have been discounted, set off or compromised, and Mortgagor is not aware of any facts which might result in discount, set off or compromise of any Rents (except as may be part of Mortgagor’s initial leasing-up of the Improvements, but in no event in a manner which would impair Mortgagor achieving stabilization requirements of its permanent lender), (C) Mortgagor has not received from any tenant any funds or deposits that are not reflected in the current books and records of Mortgagor reviewed by Mortgagee, and (D) to Mortgagor’s knowledge, no
lessee is in default under any Lease. To Mortgagor's knowledge, no lessor default exists under any Lease.

(ii) Mortgagor will not execute any Lease except in accordance with the Loan Agreement. Mortgagor will enforce the obligations of all lessees under all Leases. Except as provided for in the Loan Agreement, Mortgagor will not amend, renew, terminate, or surrender, or waive or release the obligations of any lessee under, any Lease without the prior written approval of Mortgagee, except in connection with Mortgagor's customary business practice as contemplated on the date of this Deed of Trust.

(iii) Mortgagor will not collect any Rents more than one month in advance of the time earned other than Rent collected and held as a security deposit in the normal course of business and pursuant to the form of Lease approved by Mortgagee ("Early Rent Payments"). Mortgagee's collateral assignment under Section 7 does not extend to Early Rent Payments, and if Mortgagor receives any Early Rent Payments, unless Mortgagee shall otherwise request that the Early Rent Payments be paid to Mortgagee to be applied against the Debt, Mortgagor shall hold such Early Rent Payments as security for the Debt.

(iv) Mortgagor will perform all of its obligations under the Leases in accordance with accepted industry standards in McAllen, Texas. Mortgagor will promptly execute and, if requested, record any additional assignment documents requested by Mortgagee in connection with any Leases in effect at the time of such request (including Leases in effect on the date of this Deed of Trust). Mortgagor will give Mortgagee prompt notice of any default by any party to a Lease alleged by any lessee or sublessee (except for in connection residential leases).

(v) Any property manager of the Mortgaged Property is the agent of Mortgagor for purposes of this Deed of Trust, and therefore any property manager must comply with all requirements imposed on Mortgagor by this Deed of Trust.

(k) Mortgagee's Rights. If Mortgagor fails to perform any obligation under this Deed of Trust beyond any applicable notice and cure period, Mortgagee may perform, but Mortgagee's performance will not waive Mortgagor's default. Without limiting the generality of the foregoing, if at any time Mortgagor has not made available to Mortgagee written evidence that all insurance required hereunder is in full force and effect, Mortgagee shall have the right, without notice to Mortgagor or any other party to take such action as
Mortgagee deems necessary to protect its interest in the Mortgaged Property, including without limitation, the obtaining of such insurance coverage as Mortgagee in its sole discretion deems appropriate. If Mortgagee secures required insurance, Mortgagee may secure the insurance only in its own name and may insure only its interest in the Mortgaged Property.

(l) Mortgagor's Location and Name. The address set forth in Section 17 of this Deed of Trust is Mortgagor's place of business. Mortgagor's name as set forth above in this Deed of Trust is its correct name as indicated on the public record of Mortgagor's jurisdiction of organization which shows Mortgagor to have been organized. Mortgagor has properly filed of record in the appropriate filing offices all those trade names and has delivered to Mortgagee a list of all of Mortgagor's assumed or trade names. Mortgagor will promptly notify Mortgagee of any change in Mortgagor's location, name, identity, organizational structure as a limited liability company or jurisdiction of organization.

(m) Utility Capacity. Mortgagor shall not transfer, sell, assign or convey, either in whole or in part, other than to Mortgagee, any capacity for utilities which may be available to the Mortgaged Property. Mortgagor acknowledges that without the availability of utilities to the Mortgaged Property the value of the collateral would be significantly diminished and that the credit being extended under the Debt is based upon such availability.

(n) Flood Plain. Except as disclosed to Mortgagee in writing prior to the date of this Deed of Trust, neither the Mortgaged Property nor any part thereof is located within an area that has been designated or identified as an area having special flood hazards or flood prone characteristics by the Secretary of Housing and Urban Development, the Federal Emergency Management Agency, or by such other official or agency as shall from time to time be authorized by federal or state law to make such designation pursuant to the National Flood Insurance Act of 1968 or the Flood Disaster Protection Act of 1973, as such Acts may, from time to time, be amended and in effect, or pursuant to any other national or state program of flood insurance (the "Flood Plain"), or in the alternative, if any of the Improvements are situated on any portion of the Land that does lie within the Flood Plain, (a) Mortgagor will immediately notify Mortgagee in writing and (b) Mortgagor will maintain at all times during the existence of the Debt flood insurance with respect to the Mortgaged Property in amounts not less than the maximum limit of insurance coverage then available with respect to the Mortgaged Property pursuant to any and all national and state flood insurance programs then in effect or the amount of the Debt, whichever is less, and cause all insurance so carried to be made payable to Mortgagee pursuant to a standard mortgagee clause, without contribution, and cause all such policies to be delivered to Mortgagee as required by Section 2(b) hereof.
(o) **Collection and Application of Insurance and Condemnation Proceeds.** Mortgagor assigns to Mortgagee, all amounts received by Mortgagor or Mortgagee as proceeds of insurance and proceeds of condemnation proceedings as additional security for the Debt. Mortgagor will promptly give Mortgagee notice of any material damage to or condemnation proceeding affecting the Mortgaged Property. After prior notice to Mortgagor (which notice will only be provided if no Event of Default is then continuing), Mortgagee may file or prosecute (or both) any insurance or condemnation claim. After prior notice to Mortgagor (which notice will only be provided if no Event of Default is then continuing), Mortgagee may collect and give receipts for any money payable under any insurance policy by reason of loss of or damage to the Improvements. After prior notice to Mortgagor (which notice will only be provided if no Event of Default is then continuing), Mortgagee may settle or compromise, on any terms and for any reasonable amount it selects, the liability of any insurance company or companies on any policy, and execute and deliver releases and discharges of liability binding Mortgagor and Mortgagee. After prior notice to Mortgagor (which notice will only be provided if no Event of Default is then continuing), Mortgagee may collect and give receipts for any money payable to Mortgagor because of condemnation proceedings affecting any Mortgaged Property. Mortgagor RELEASES Mortgagee from any liability in connection with any settlement or compromise of any insurance or condemnation claim, except that portion of liability resulting solely and exclusively from Mortgagee's (or any Indemnified Party's) own gross negligence or intentional misconduct, and in accordance with the foregoing, Mortgagee shall apply all insurance or condemnation proceeds, first to Mortgagee's expenses in connection with the insurance or condemnation claim, and second, if an Event of Default is continuing or if the conditions of clause (ii) are not otherwise satisfied, (i) to the Debt in any order Mortgagee selects, or (ii) to the repair or improvement of the Mortgaged Property in any manner Mortgagee selects, applying the remaining money, if any, after completion of repairs or improvement required for restoration of damage to the Mortgaged Property, to the Debt in any order Mortgagee selects; provided that if no Event of Default is then continuing and the proceeds of the policies and any additional sums provided by Mortgagor (including deferral of development fees) are enough to rebuild and restore the Improvements in a manner and time frame acceptable to Mortgagee, Mortgagor may request from Mortgagee and Mortgagee shall make to Mortgagor (subject to all requirements set forth in this Deed of Trust and otherwise in the same manner as payments are made on the Note under the Loan Agreement), payments of the proceeds of the policies, net of all retainage requirements of applicable laws, to rebuild and restore the Improvements on a lien free basis. If any loss shall occur at any time during the occurrence of an Event of Default, Mortgagee shall be entitled to the benefit of all insurance held by or for Mortgagor, to the same extent as if it had been made payable to Mortgagee. Notwithstanding any contrary provision of this Deed of Trust or any other Loan Document, Mortgagee shall apply insurance or condemnation proceeds only to restoration, reconstruction, or repair of the
Mortgaged Property to substantially the condition preceding the casualty or condemnation, or to a lesser condition approved by Mortgagee in its reasonable discretion (any of them, "Restoration") but only if that Restoration is feasible as hereinafter provided. Restoration shall be deemed feasible if all of the following conditions are met: (i) Mortgagor is not in breach or default of any provisions of this Deed of Trust or any other Loan Document; (ii) Mortgagee reasonably determines that there will be sufficient funds for Restoration (whether from insurance proceeds, a condemnation award or settlement, or other funds that may be provided by Mortgagor or other lenders); (iii) Mortgagor determines that Restoration will be completed prior to the maturity date of the Loan and the restoration will put the Mortgaged Property in the condition preceding the applicable casualty or condemnation; and (iv) Mortgagee determines that the operating income of the Mortgaged Property following Restoration will be sufficient to meet all obligations to the Mortgagee under this Deed of Trust and other Loan Documents. If the Restoration is not feasible, the proceeds of the casualty or condemnation shall be applied to the Debt. Mortgagee shall pay to Mortgagor payments of the proceeds of the policies (net of all retainage requirements of applicable laws) to so rebuild and restore the Improvements on a lien free basis. If any loss shall occur at any time during the occurrence of an Event of Default, Mortgagee shall be entitled to the benefit of all insurance held by or for any Mortgagor, to the same extent as if it had been made payable to Mortgagee.

3. [RESERVED].

4. Compliance with Laws. Mortgagor shall promptly comply in all material respects with all existing and future federal, state and local laws, orders, ordinances, governmental rules and regulations or court orders affecting or which may be interpreted to affect the Mortgaged Property, or the use thereof ("Applicable Laws"). Mortgagor shall from time to time, upon Mortgagee's request, provide Mortgagee with evidence satisfactory to Mortgagee that the Mortgaged Property and the use thereof comply in all material respects with all Applicable Laws or are exempt from compliance with Applicable Laws. Mortgagor shall give prompt notice to Mortgagee of the receipt by Mortgagor of any notice related to a violation of any Applicable Laws and of the commencement of any proceedings or investigations which relate to compliance with Applicable Laws.

5. Advances and Attorneys' Fees. Mortgagor will pay, or reimburse Mortgagee for, all reasonable costs and expenses of every character incurred from time to time in connection with this Deed of Trust and the Debt, including costs and expenses incurred (a) for mortgage or recording taxes, (b) to satisfy any obligation of Mortgagor under this Deed of Trust or to protect the Mortgaged Property, (c) in connection with the evaluation, monitoring or administration of the Debt or the Mortgaged Property (whether or not an Event of Default has occurred), and (d) in connection with the exercise of Mortgagee’s rights and remedies. Costs and expenses
include reasonable fees and expenses of outside counsel and other outside professionals and charges imposed for the services of attorneys and other professionals employed by Mortgagee or its affiliates. Any amount owing under this Section will be due and payable on demand and will bear interest from the date of expenditure by Mortgagee until paid at the rate provided in the applicable Note for past due principal.

6. **Events of Default; Acceleration; Appointment of Receiver.** Each of the following events is called an "Event of Default":

   (a) Any "Event of Default," under and as defined in the Loan Agreement occurs;

   (b) At any time that Mortgagee's security interests and liens granted hereunder are not prior to all other security interests, liens or other interests in the Mortgaged Property except Permitted Encumbrances, items permitted by the terms of the Loan Agreement, and junior service contracts related to the operation of the Improvements to the extent such service contracts may be terminated with no more than 30 days notice;

   (c) Mortgagor fails to comply with or becomes subject to any administrative or judicial proceeding under any federal, state or local hazardous waste or environmental law, asset forfeiture or similar law which may result in the forfeiture of property, or other law where non-compliance may have a significant effect on the Mortgaged Property or on Mortgagor's ability to pay any Debt and such proceeding is not dismissed within 60 days after its commencement;

   (d) Mortgagee determines, based on information available to it, that there is a defect in Mortgagor's title to any of the Mortgaged Property which is not a Permitted Encumbrance, or any person (including Mortgagor) alleges that (i) a lien or encumbrance exists on any Mortgaged Property equal or superior to the lien of this Deed of Trust, other than Permitted Encumbrances and other liens expressly permitted under the terms of the Loan Documents, or (ii) the lien of this Deed of Trust is subject to a homestead claim or other claim, and in any such case Mortgagor fails, within 30 days after written demand by Mortgagee, to correct such title defect or to remove or bond around it in a manner satisfactory to Mortgagee, said lien, encumbrance, homestead claim or other claim, or a writ of execution is levied against the interest of Mortgagor in the Mortgaged Property; and

   (e) Mortgagor sells, transfers, pledges, encumbers, grants a security interest in, or otherwise disposes of all or any part of or interest in the Land or the Improvements (including the granting of any easement) other than Permitted Encumbrances or a Permitted Transfer or as otherwise approved in writing by Mortgagee or expressly authorized under the Loan Agreement, or if the title to all or any of the Mortgaged Property (other than items of personalty that have become obsolete or worn beyond practical use and that have been replaced by
adequate substitutes owned by Mortgagor and having a value equal to or greater than the replaced items when new and other than Approved Leases under and as defined in the Loan Agreement) becomes vested in any party other than Mortgagor, whether by operation of law or otherwise. Mortgagee may consent to any action under this paragraph in its reasonable discretion, and if it consents it may impose any reasonable requirements for consent that it wishes (provided that in the case of consenting to the granting of easements, the Mortgagee may not unreasonably withhold its consent). Notwithstanding the foregoing, it is agreed that a taking that arises pursuant to a condemnation, to the extent that such condemnation occurs in accordance with this Deed of Trust, shall not require the consent of Mortgagee as that in such case, without limiting the other provisions of this Deed of Trust, Mortgagee's consent shall be deemed to have been given. Notwithstanding the foregoing or anything to the contrary in this Deed of Trust, Mortgagor and its members or beneficial owners may transfer its or their ownership interest and other interests to the extent permitted by the Loan Agreement and the Operating Agreement (under and as defined in the Loan Agreement).

If any Event of Default occurs and is continuing, Mortgagee may, without demand, presentment or notice of any kind (including notice of default, notice of intent to accelerate the maturity of the Debt, or notice of actual acceleration, all of which Mortgagor waives, except as specifically required by the terms of this Deed of Trust and the Loan Agreement, all of which Mortgagor waives), declare all of the Debt immediately due and payable, and may request that Trustee exercise any of Trustee's remedies under this Deed of Trust. In addition, if an Event of Default occurs and is continuing, Trustee will be entitled as a matter of right to the appointment of a receiver or receivers of the Mortgaged Property, and of all its rent and other income. Notwithstanding the appointment of any receiver, Trustee will be entitled to the possession and control of any cash or instruments that this Deed of Trust requires Mortgagor to deliver or pay to Trustee. If an Event of Default occurs and is continuing, Mortgagee may demand that Mortgagor surrender possession of the Mortgaged Property to Mortgagee. If Mortgagee takes possession of the Mortgaged Property, Mortgagee will not be liable to Mortgagor for any rental of the Mortgaged Property, nor for any failure to rent or inadequacy of rental of the Mortgaged Property, nor for any damage to or waste of the Mortgaged Property, WHETHER OR NOT DUE TO MORTGAGEE'S NEGLIGENCE, except as a result of the gross negligence or willful misconduct of Mortgagee and/or any other Indemnified Party. Mortgagee shall, notwithstanding anything to the contrary herein or in any of the other Loan Documents, have no right or claim to the low income housing tax credits allocated to the Land and Improvements unless and until Mortgagee shall foreclose on the Mortgaged Property or accept a deed in lieu of foreclosure.

7. Terms of Assignment of Rents; Collection and Application of Rents. The transfer and assignment of the Rents provided for in this Deed of Trust is irrevocable. Mortgagee grants to Mortgagor a limited license (the "License") to possess and use the Leases and the Rents. If an Event of Default occurs, the License will automatically
terminate. Thereafter, Mortgagee will have the absolute and continuing right (but not the obligation) to collect, demand, sue for, recover, receive and give receipts for any Rent. Mortgagee has no responsibility to exercise diligence in collecting Rents. After deducting the expenses of collection, Mortgagee will apply the net proceeds of collection as a credit upon any portion of the Debt selected by Mortgagee, whether or not that portion of the Debt is due and payable. If an Event of Default occurs and is continuing, Mortgagor authorizes and directs any lessee of the Mortgaged Property to deliver any such payment to Mortgagee, and any lessee’s obligation to Mortgagor will be absolutely discharged to the extent of its payment to Mortgagee. If Mortgagor receives any Rents after the termination of Mortgagor’s lease, Mortgagor will hold the Rents in trust for Mortgagee and promptly pay them to Mortgagee. After the termination of Mortgagor’s license, Mortgagor will keep Rents segregated from all other funds. Mortgagee is not required to give any credit against the Debt for the assignment of Rents until Rents are actually paid to Mortgagee. Mortgagor’s obligations to Mortgagee will be discharged only to the extent that net Rents are received by Mortgagee and not disbursed to Mortgagor or paid by Mortgagee for expenses relating to the Land and Improvements. The assignment of rents will not cause Mortgagee to be a mortgagee-in-possession. If the License is terminated, Mortgagee’s possession of the Rents will not act as a waiver of any default by Mortgagor or as an affirmation of any Lease by Mortgagee if Mortgagee later becomes the purchaser of the Mortgaged Property at any foreclosure sale. Mortgagee may at its option subordinate the lien of this Deed of Trust to any Lease. The assignment of rents will terminate upon termination of this Deed of Trust. If the Mortgaged Property is sold pursuant to the terms of this Deed of Trust, the assignment of rents will terminate and the purchaser of the Mortgaged Property will have the right to all Rents free of the assignment. Notwithstanding anything in the foregoing to the contrary or any other provision hereof or in any of the Loan Documents to the contrary, all provisions related to the assignment of rents are subject to the terms, provisions, and conditions of the Texas Assignment of Rents Act (“TARA”), as codified in Tex. Prop. Code, Chapter 64, as the same may be amended, modified or supplemented from time to time. To the extent that specific terms and requirements of this Deed of Trust or any other Loan Document, including the Loan Agreement, conflict with the specific terms and requirements of TARA, (i) to the extent such terms and requirements of TARA may be superseded by an agreement between the parties, the specific terms and requirements of this Deed of Trust or the other Loan Documents hereby supersedes such specific terms and requirements of TARA; and (ii) to the extent that such terms and requirements of TARA cannot be superseded by an agreement between the parties, the specific terms and requirements of TARA shall control, and the parties further agree that all other terms and requirements of this Deed of Trust or the other Loan Documents shall not otherwise be impaired or superseded thereby and shall remain in full force and effect.

8. **Trustee’s Sale.**

(a) If an Event of Default occurs and is continuing, Trustee will, at the request of Mortgagee, sell all or any part of the Mortgaged Property as an entirety or in parcels, by one sale or by several sales held at one time or at different times, all as
Trustee in Trustee's discretion elects. The sale will be made in accordance with Texas Property Code Section 51.002 or any successor statute. If the Land is situated in more than one county, then required notices will be given in both or all of such counties, the Mortgaged Property may be sold in either or any such county, and such notices shall designate the county where the Mortgaged Property will be sold. The affidavit of any person having knowledge of the facts to the effect that required notices were posted, filed or mailed will be prima facie evidence of the facts recited in the affidavit. The Trustee’s deed at any such sale will be with general warranty, and Mortgagor will warrant and forever defend the title of the purchaser or purchasers, subject to the Permitted Encumbrances (if then applicable). Mortgagee may be the purchaser at any sale made hereunder, and credit the sale price against the Debt. Any deed so executed by Trustee will be prima facie proof of all factual matters stated in it. The purchaser or purchasers named in any such deed, and all persons subsequently dealing with the property purported to be thereby conveyed, will be fully protected in relying upon the truthfulness of factual matters stated in the deed. After any Trustee’s sale, Mortgagor will surrender immediate possession and control of the property purchased to the purchaser. If Mortgagor fails to surrender possession, Mortgagor will be a tenant at will.

(b) Mortgagee may at any time before the sale direct Trustee to abandon the sale, and may at any time thereafter direct Trustee to again commence foreclosure. Whether or not foreclosure is commenced by Trustee, Mortgagee may at any time after an Event of Default occurs and is continuing, institute suit for collection of all or any part of the Debt or foreclosure of the lien of this Deed of Trust or both. If Mortgagee institutes suit for collection of the Debt and foreclosure of the lien of this Deed of Trust, Mortgagee may at any time before the entry of final judgment dismiss the same, and require Trustee to sell the Mortgaged Property in accordance with the provisions of this Deed of Trust. No single sale or series of sales under this Deed of Trust or by judicial foreclosure will extinguish the lien or exhaust the power of sale under this Deed of Trust except with respect to the items of property sold.

(c) Trustee will apply the proceeds of sale, first to the payment of all expenses of the sale, second to the payment of the Debt in any order Mortgagee chooses and third the balance, if any, to any person who is entitled to it. This paragraph does not give any right, remedy or claim to any holder of any obligation or lien, other than Mortgagee.

(d) If at any foreclosure sale of the Mortgaged Property, the Mortgagee bids on the Mortgaged Property and the bid is credited by Mortgagee to the applicable Note, the bid will be applied to the balance of the applicable Note.

9. **Alternative Procedures under UCC.** In addition to all other rights and remedies granted in this Deed of Trust, after an Event of Default occurs and is continuing, Mortgagee will have all rights and remedies of a secured party after default under the UCC and other applicable law, including without limitation, the right to take possession of the Collateral, and for that purpose Mortgagee may enter upon the Mortgaged Property and lawfully remove any Collateral. Mortgagee may require
Mortgagor to assemble the Collateral and make it available to Mortgagee at a reasonably convenient place Mortgagee designates. Mortgagee may provide a copy of this Deed of Trust to any account debtor or other person liable on or having any interest in any Collateral. Except for the reasonable safe custody of any Collateral in its possession and accounting for moneys actually received by it and except as expressly provided in the UCC, Mortgagee will have no duty as to any Collateral, including any duty to preserve rights against prior parties. Mortgagee is not required to take possession of any Collateral prior to any sale, or to have any Collateral present at any sale. Mortgagee may sell part of the Collateral without waiving its right to proceed against the remaining Collateral. If any sale is not completed or is defective in the opinion of Mortgagee, Mortgagee may make a subsequent sale of the same Collateral. Any bill of sale or other record evidencing any foreclosure sale will be prima facie evidence of the factual matters recorded therein. If a sale of Collateral is conducted in conformity with customary practices of banks disposing of similar property, the sale will be deemed commercially reasonable, but Mortgagee will have no obligation to advertise or to sell Collateral on credit. However, if Mortgagee sells any of the Collateral upon credit, Mortgagor will be credited only with payments actually made by the purchaser, received by Mortgagee and applied to the indebtedness of the purchaser with respect to the sale. In the event the purchaser fails to pay for the Collateral, Mortgagee may resell the Collateral and Mortgagor shall be credited with the proceeds of the sale. In addition, Mortgagor waives any and all rights that Mortgagor may have to a judicial hearing in advance of the enforcement of any of Mortgagee's rights hereunder, including without limitation, its rights following an Event of Default to take immediate possession of the Collateral and to exercise its rights with respect thereto. By exercising its rights, Mortgagee will not become liable for, and Mortgagor will not be released from, any of Mortgagor's duties or obligations under any accounts, general intangibles or Leases included in the Collateral. All remedies in this Deed of Trust are cumulative of any and all other legal, equitable or contractual remedies available to Mortgagee and any such remedies may be exercised simultaneously or in any order as determined by Mortgagee. Mortgagor irrevocably appoints Mortgagee as its attorney-in-fact to do all things Mortgagor is required to do under this Deed of Trust. This appointment is coupled with an interest and shall survive the death or disability of Mortgagor; provided however, this appointment shall not be effective until the occurrence and during the continuance of any Event of Default.

10. Standards for Exercising Remedies. To the extent that applicable law imposes duties on Mortgagee to exercise remedies in a commercially reasonable manner, Mortgagor acknowledges and agrees that it is not commercially unreasonable for Mortgagee (a) to fail to incur expenses reasonably deemed significant by Mortgagee to prepare any Collateral for disposition or otherwise to complete raw material for work-in-process into finished goods or other finished products for disposition, (b) to fail to obtain third party consents for access to Collateral to be disposed of, or to obtain or if not required by other law, to fail to obtain governmental or third party consents for the collection or disposition of the Collateral to be collected or disposed of, (c) to fail to exercise collection remedies against account debtors or other persons obligated on Collateral or to remove liens on or any adverse claims against the Collateral, (d) to
exercise collection remedies against account debtors and other persons obligated on Collateral directly or through the use of collection agencies and other collection specialists, (e) to advertise dispositions of Collateral through publications or media of general circulation, whether or not the Collateral is of a specialized nature, (f) to contact other persons, whether or not in the same business as Mortgagor, for expressions of interest in acquiring all or any portion of the Collateral, (g) to hire one or more professional auctioneers to assist in the disposition of Collateral, whether or not the Collateral is of a specialized nature, (h) to dispose of Collateral by utilizing Internet sites that provide for the auction of assets of the types included in the Collateral or that have the reasonable capability of doing so, or that match buyers and sellers of assets, (i) to dispose of assets in wholesale rather than retail markets, (j) to disclaim disposition warranties, (k) to purchase insurance or credit enhancements to insure Mortgagor against risks of loss, collection or disposition of Collateral or to provide Mortgagor a guaranteed return from the collection or disposition of Collateral, (l) to the extent deemed appropriate by Mortgagor, to obtain the services of brokers, investment bankers, consultants and other professionals (including Mortgagor and its affiliates) to assist Mortgagor in the collection or disposition of any of the Collateral or (m) to comply with any applicable state or federal law requirement in connection with the disposition or collection of the Collateral. Mortgagor acknowledges that this Section is intended to provide non-exhaustive indications of what actions or omissions by Mortgagor would not be commercially unreasonable in Mortgagor’s exercise of remedies against the Collateral and that other actions or omissions by Mortgagor shall not be deemed commercially unreasonable solely by not being included in this Section. Without limitation upon the foregoing, nothing contained in this Section shall be construed to grant any rights to Mortgagor or to impose any duties upon Mortgagor that would not have been granted or imposed by this Deed of Trust or by applicable law in the absence of this Section.

11. Change of Trustee. Trustee may be removed at any time with or without cause, at the option of Mortgagor, by written declaration of removal executed by Mortgagor; without any notice to or demand upon Trustee, Mortgagor or any other person. If at any time Trustee is removed, dies or refuses, fails or is unable to act as Trustee, Mortgagor may appoint any person as successor Trustee hereunder, without any formality other than a written declaration of appointment executed by Mortgagor. Immediately upon appointment, the successor Trustee so appointed automatically will be vested with all the estate and title in the Mortgaged Property, and with all of the rights, powers, privileges, authority, options and discretions, and charged with all of the duties and liabilities, vested in or imposed upon Trustee by this instrument, and any conveyance executed by any successor Trustee will have the same effect and validity as if executed by the Trustee named in this Deed of Trust.

12. INDEMNIFICATION OF TRUSTEE. EXCEPT FOR GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, TRUSTEE SHALL NOT BE LIABLE FOR ANY ACT OR OMISSION OR ERROR OF JUDGMENT. TRUSTEE MAY RELY ON ANY DOCUMENT BELIEVED BY HIM IN GOOD FAITH TO BE GENUINE. ALL MONEY RECEIVED BY TRUSTEE SHALL, UNTIL USED OR APPLIED AS HEREIN
PROVIDED, BE HELD IN TRUST, BUT NEED NOT BE SEGREGATED (EXCEPT TO
THE EXTENT REQUIRED BY LAW), AND TRUSTEE SHALL NOT BE LIABLE FOR
INTEREST THEREON. MORTGAGOR HEREBY INDEMNIFIES TRUSTEE AGAINST
ALL LIABILITY AND REASONABLE EXPENSES THAT HE MAY INCUR IN THE
PERFORMANCE OF HIS DUTIES HEREUNDER, EXCEPT TO THE EXTENT THE
SAME RESULTS FROM TRUSTEE'S GROSS NEGLIGENCE OR WILLFUL
MISCONDUCT.

13. Fair Market Value for Calculating Deficiencies. If Mortgagee sues
Mortgagor or any other party obligated on the Debt or any guarantor of any Debt to
collect any deficiency owing after foreclosure of the Mortgaged Property, "fair market
value" of the Mortgaged Property under Sections 51.003, 51.004, and 51.005 of the
Texas Property Code (as amended from time to time) (the "Deficiency Statutes") will
be determined as follows:

(a) Any valuation of the Mortgaged Property will be based on "as is"
condition on the foreclosure date, without any assumption or expectation that the
Mortgaged Property will be repaired or improved in any manner before a resale
of the Mortgaged Property after foreclosure.

(b) Any valuation will assume that the foreclosure purchaser desires
resale of the Mortgaged Property for cash promptly (but no later than twelve
months) following the foreclosure sale.

(c) All reasonable closing costs customarily borne by the seller in a
commercial real estate transaction, including brokerage commissions, title
insurance, a survey of the Mortgaged Property, tax prorations, attorney's fees,
and marketing costs, will be deducted from the gross fair market value of the
Mortgaged Property.

(d) Any valuation will further discount the gross fair market value of the
Mortgaged Property to account for any estimated holding costs associated with
maintaining the Mortgaged Property pending sale, including utilities expenses,
property management fees, taxes and assessments, and other maintenance
expenses.

(e) Any expert opinion testimony given or considered in connection
with a determination of the fair market value of the Mortgaged Property must be
given by persons who have at least five years experience in appraising property
similar to the Mortgaged Property and who have conducted and prepared a
complete written appraisal of the Mortgaged Property taking into consideration
the factors set forth above.

14. All Security Cumulative; Subrogation; Waiver of Marshaling. The
execution of this Deed of Trust does not impair any other security for the payment of
any Debt. Mortgagee may take additional security for any Debt in the future without
altering or impairing the lien of this Deed of Trust. Mortgagee may release any
Mortgaged Property or any other security for the Debt without altering or impairing the
lien of this Deed of Trust as to the Mortgaged Property not released. All present and
future security will be cumulative. Mortgagee is subrogated to all rights, liens or
interests in any of the Mortgaged Property securing the payment of any obligation
satisfied or paid off out of the proceeds of the loans evidenced by the Note. Mortgagor
waives any right of marshaling of assets or sale in reverse order of alienation, and all
present or future appraisal rights and equity of redemption rights.

15. Limitations on Amount of Interest. Mortgagor and Mortgagee intend to
conform strictly to applicable usury laws. Therefore, the total amount of interest (as
defined under applicable law) contracted for, charged or collected under the Debt or this
Deed of Trust will never exceed the highest amount permitted by applicable law. If
Mortgagee contracts for, charges or receives any excess interest, it will be deemed a
mistake. Any unlawful contract or charge will be automatically reformed to conform to
applicable law, and if Mortgagee has received excess interest, Mortgagee will either
refund the excess to Mortgagor or credit the excess on the unpaid amounts owing under
the Debt or this Deed of Trust. All amounts constituting interest will be spread
throughout the full term of the Debt in determining whether interest exceeds lawful
amounts.

16. Financing Statement; Mortgagor's Covenants; Further Assurances. This
Deed of Trust covers, among other Collateral, goods that are or are to become fixtures
related to the Land and the Improvements. This Deed of Trust is to be filed in the real
property records as a fixture filing, and may be filed as an initial financing statement in
any other place which is necessary or desirable to perfect the security interests granted
herein. The secured party is Mortgagee and the mailing address of the secured party is
set forth in Section 17. The debtor is Mortgagor and the mailing address of the debtor is
set forth in Section 17. The first paragraph of this Deed of Trust indicates whether
Mortgagor is an individual or an organization and if Mortgagor is an organization, its
jurisdiction of organization and organizational identification number, if any. Mortgagor is
the record owner of the Mortgaged Property. Mortgagee may file this Deed of Trust, or
any financing statements or amendments thereto or other record wherever Mortgagee
believes necessary or appropriate to perfect the security interests granted herein, including
but not limited to any official filing office, or in any other recording or registration system.
The financing statement or other record may (a) indicate the Collateral as being of an
equal or lesser scope or with greater detail than set forth in this Deed of Trust and (b)
contain any other information required by the UCC or other law regarding the notification
of a security interest, lien, assignment or other right to direct disposition, for the sufficiency of
the filing office's or other registrar's acceptance of any financing statement or amendments
thereto or other record including (i) if Mortgagor is an organization, the type of organization
and any organization identification number issued to Mortgagor and (ii) in the case of a
financing statement filed as a fixture filing, a sufficient description of real property to which
the Collateral relates. Mortgagor ratifies its authorization for Mortgagee's filing of any
financing statements covering the Collateral in any jurisdiction on or after the date
hereof. A photographic or other reproduction of this Deed of Trust or any financing
statement relating to this Deed of Trust will be sufficient as a financing statement. Mortgagor will take any reasonable action requested by Mortgagee to establish and maintain control by Mortgagee of any Collateral consisting of deposit accounts, letter of credit rights and investment property and to create, attach, perfect, protect, assure the first priority of and to enforce the liens and security interests granted hereunder.

17. Notices. Except as otherwise provided, any notice, request or demand under this Deed of Trust must be in writing and will be sufficient if either delivered personally or deposited in the United States mail in a postpaid envelope addressed to the mailing address set forth below. A party may designate a different address by notice given in compliance with this Section. 18. Additional Agreements. This Deed of Trust benefits the successors, assigns and legal representatives of Trustee and Mortgagee and binds any successors or transferees of Mortgagor (however, this provision does not permit Mortgagor to transfer the Mortgaged Property). Each reference to Mortgagor, Trustee or Mortgagee includes their respective successors, assigns and legal representatives. No modification or waiver of this Deed of Trust will be effective unless in writing and signed by Mortgagee. Mortgagee may waive any default without waiving any other prior or subsequent default. Mortgagee’s failure to exercise or delay in exercising any rights
under this Deed of Trust will not operate as a waiver of those rights. If any provision of this Deed of Trust is unenforceable or invalid, that provision will not affect the enforceability or validity of any other provision. If the application of any provision of this Deed of Trust to any person or circumstance is illegal or unenforceable, that application will not affect the legality or enforceability of the provision as to any other person or circumstance. If more than one person executes this Deed of Trust as Mortgagor, their obligations under this Deed of Trust are joint and several.

19. **Rules of Construction.** The section headings or captions in this instrument are for convenience and are not a part of this Deed of Trust for any purpose. Any action permitted to Mortgagee may be taken by any authorized officer, employee or agent of Mortgagee, or any attorney, accountant, environmental consultant or other advisor or professional retained by Mortgagee. Use of the term "including" does not imply any limitation on (but may expand) the antecedent reference. Unless the context clearly requires otherwise, the term "may" does not imply any obligation to act. Any reference to exhibits or schedules means the exhibits or schedules to this Deed of Trust, which are fully incorporated by reference into this Deed of Trust. Any reference to a particular document includes all modifications, supplements, replacements, renewals or extensions of that document, but this rule of construction does not authorize amendment of any document without Mortgagee's consent.

20. **Waivers.** Mortgagor waives all suretyship defenses that may lawfully be waived, including but not limited to notice of acceptance of this Deed of Trust, notice of the incurrence, acquisition or subordination of any Debt, credit extended, collateral received or delivered or other action taken in reliance on this Deed of Trust, notices and all other demands and notices of any description. With respect to both Debt and the Mortgaged Property, Mortgagor assents to any extension or postponement of the time of payment or any other indulgence, to any substitution, exchange or release of or failure to perfect Mortgagee's security interest or lien in any of the Mortgaged Property, to the addition or release of any person primarily or secondarily liable, to the acceptance of partial payment thereon and the settlement, compromising or adjusting of any thereof, all in such manner and at such time or times as Mortgagee may deem advisable. To the extent not prohibited by applicable law, Mortgagor further waives (i) diligence and promptness in preserving liability of any person on the Debt, and in collecting or bringing suit to collect the Debt; (ii) all rights, if any, of Mortgagor under Rule 31, Texas Rules of Civil Procedure, or Chapter 43 of the Texas Civil Practice and Remedies Code, or Section 17.001 of the Texas Civil Practice and Remedies Code; (iii) to the extent Mortgagor is subject to the Texas Business Organizations Code ("TBOC"), compliance by Mortgagee with Section 152.306(b) of TBOC; (iv) notice of extensions, renewals, modifications, rearrangements and substitutions of the Debt; and (v) failure to pay any of the Debt as it matures, any other default, Event of Default, and adverse change in any obligor's or any Mortgagor's financial condition, release or substitution of collateral, subordination of Mortgagee's rights in any collateral, and every other notice of every kind. Nothing in this Deed of Trust is intended to waive or vary the rights and duties of Mortgagee or the rights and duties of Mortgagor or any obligor in violation of Section 9.602 of the UCC.
21. **Construction Mortgage.** This Deed of Trust is a "construction mortgage" under Section 9.334(h) of the UCC and Section 2A.309 of the Texas Business and Commerce Code to the extent that it secures an obligation incurred for the construction of the Improvements.

22. **Governing Law.** This Deed of Trust shall be governed by Texas law, without giving effect to choice of law provisions. Jurisdiction and venue shall be Tarrant County, Texas.

23. **No Oral Agreements.** THIS WRITTEN AGREEMENT AND THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS, OR SUBSEQUENT ORAL AGREEMENTS BETWEEN THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.

24. **Limitation of Pledge.** Notwithstanding anything herein to the contrary, Mortgagee agrees that the conveyance, pledge, assignment and security interest in and to the low income housing tax credit associated with the Land and Improvements (as set forth in subsection 6 of the definition of Mortgaged Property) shall not be effective or enforceable unless and until Mortgagee (or its successor or assigns, including without limitation any purchaser at foreclosure) acquires title to the Land and Improvements by foreclosure or deed in lieu of foreclosure, or otherwise.

25. **Waiver of Jury Trial.** EACH PARTY HERETO HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS DEED OF TRUST OR THE TRANSACTIONS CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS DEED OF TRUST BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

26. **Waiver of Special Damages.** TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE MORTGAGOR AND MORTGAGEE SHALL NOT ASSERT, AND HEREBY WAIVE, ANY CLAIM AGAINST THE OTHER, ON ANY THEORY OF LIABILITY, FOR SPECIAL, INDIRECT, CONSEQUENTIAL OR PUNITIVE DAMAGES (AS OPPOSED TO DIRECT OR ACTUAL DAMAGES) ARISING OUT OF, IN CONNECTION WITH, OR AS A RESULT OF, THIS DEED OF TRUST OR ANY DEED OF TRUST OR INSTRUMENT CONTEMPLATED HEREBY, THE TRANSACTIONS,
THE LOAN EVIDENCED BY THE NOTE OR THE USE OF THE PROCEEDS THEREOF.

27. EXTENDED USE AGREEMENT. Mortgagee agrees that the lien of this Instrument shall be subordinate to any extended low-income housing commitment (as such term is defined in Section 42(h)(6)(B) of the Internal Revenue Code) (the “Extended Use Agreement”) recorded against the Mortgaged Property; provided that such Extended Use Agreement, by its terms, must terminate upon foreclosure under this Instrument or upon a transfer of the Mortgaged Property by instrument in lieu of foreclosure, in accordance with Section 42(h)(6)(e) of the Internal Revenue Code.

Mortgagor has executed this Deed of Trust on the date set forth in the acknowledgment below to be effective as of August 30, 2018.
Mortgagor certification for all Non-individuals: Mortgagor certifies that it is organized under the laws of the State of Texas.

Re: 811 Units – Mistletoe Station

Dear Olivio:

Per the 2019 TDHCA Qualified Allocation Plan, we are hereby submitting a request for your consideration to add an additional ten 811 program units at Mistletoe Station, in Fort Worth, Texas.

Under the Credit Support and Funding Agreement for Mistletoe Station, the Borrower has an obligation to not allow any new liens or encumbrances other than the Permitted Encumbrances. The addition of 811 units would require a new Extended Use Agreement be recorded and as such, this requires the lender’s consent. Mistletoe Station already has ten 811 units as was contemplated during underwriting in addition to 5% supportive housing units as required by the City of Fort Worth. An additional ten units would result in more than 20% of the property being 811 and/or supportive housing tenants.

A written response is required by TDHCA for submission in our 2019 applications. If you have any questions about this request, you may reach me at 352-213-8700.

Sincerely,

Lisa M. Stephens

iii) Documentation that the Third Party possessing the legal right to withhold a required consent has provided notice of their decision not to provide a required consent (Example: Letter from the Third Party that they are denying an Existing Development from participation).

Describe and attach the response from the Third Party that was received by the Applicant or Owner that reflects their decision not to provide the requested consent:
Letter from JP Morgan Chase denying the request to add 811 units.

RE: #17259 Mistletoe Station – additional 811 units

Dear Mr. Duran:

As the construction debt provider in Mistletoe Station, LLC, we have reviewed your request to enter into a Section 811 contract to provide additional Section 811 units in the Mistletoe Station project in Fort Worth. Chase cannot approve the addition of Section 811 units for this property at this time due to the original underwriting and legal documentation did not take into account the addition of Section 811 units for this apartment complex.

Should you need any further assistance, please feel free to contact me with any questions at (214) 965-2678 or via e-mail at olivio.c.ochoa@chase.com

Under paragraphs 6.01(a) and 6.01(b), Megan Lasch as the Managing Member does not have any control to act on behalf of the partnership nor make any decisions that are binding on the partnership. As such, we do not believe Art at Bratton's Edge should qualify as an existing eligible 811 development under Ms. Lasch. However, we are also providing the requisite request and denial letters from the lender and investor in the event TDHCA determines under the 2019 QAP that Ms. Lasch is under an obligation to do so.

The amount of increased Capital Contribution shall be used (i) to pay Costs of Improvements with respect to the improvements giving rise to such Credit Excess, and then (ii) shall be distributed pursuant to Section 4.02(a) as if it were Cash Flow.

3.03(f) First Year Credit Excess. If the Investor Member is allocated more than $31,056 of Credits by the Company in 2016 (other than to the extent attributable to any Credit Excess) (such difference being hereinafter referred to as the “First Year Credit Excess”), then there shall be an increase in the Investor Member’s Capital Contribution (payable upon the funding of the Final Installment), in an amount equal to the lesser of (a) $105,000, or (b) the product of (i) 1.05 and (ii) the difference between (A) the First Year Credit Excess, and (B) the present value as of December 31, 2016 of receiving an amount equal to the First Year Credit Excess on December 31, 2026. The foregoing present value calculations shall be made using a 6% discount rate. The amount of First Year Credit Excess shall be confirmed by the appropriate year’s Company information and tax returns, and the lease up schedule used in calculating the First Year Credit Excess shall be subject to confirmation by the Investor Member. Any Capital Contribution from the Investor Member payable pursuant to this Section 3.03(f) shall first be reduced by the amount of any outstanding obligation of any Administrative Member and/or Guarantor under this Agreement and/or the Guaranty, respectively, and then shall be added to the Final Installment. To the extent such funds are added to the Final Installment, such funds shall be applied first to the payment of the Developer Loan and then, only to the extent funds remain, in accordance with Section 4.02(a).

3.03(g) Second Year Credit Excess. If the Investor Member is allocated more than $869,560 of Credits by the Company in 2017 (other than to the extent attributable to any Credit Excess) (such difference being hereinafter referred to as the “Second Year Credit Excess”), then there shall be an increase in the Investor Member’s Capital Contribution (payable upon the funding of the Final Installment), in an amount equal to the lesser of (a) $105,000, or (b) the product of (i) 1.05 and (ii) the difference between (A) the Second Year Credit Excess, and (B) the present value as of December 31, 2017 of receiving an amount equal to the Second Year Credit Excess on December 31, 2027. The foregoing present value calculations shall be made using a 6% discount rate. The amount of Second Year Credit Excess shall be confirmed by the appropriate year’s Company information and tax returns, and the lease up schedule used in calculating the Second Year Credit Excess shall be subject to confirmation by the Investor Member. Any Capital Contribution from the Investor Member payable pursuant to this Section 3.03(g) shall first be reduced by the amount of any outstanding obligation of any Administrative Member and/or Guarantor under this Agreement and/or the Guaranty, respectively, and then shall be added to the Final Installment. To the extent such funds are added to the Final Installment, such funds shall be applied first to the
payment of the Developer Loan and then, only to the extent funds remain, in accordance with Section 4.02(a). Notwithstanding the foregoing, in no event shall the Investor Member be obligated to increase its Capital Contribution to the Company by more than $105,000, in the aggregate, as a result of a First Year Credit Excess and/or a Second Year Credit Excess.

3.03(h) Security Interest. Payments of the Capital Contribution Installments shall be secured by a security interest in the Investor Member’s Interest granted to the Company upon the admission of the Investor Member. The Company’s security interest in the Investor Member’s Interest may not be pledged or assigned by the Company to other than a Mortgage Lender with respect to the Apartment Complex. In connection with the grant to the Company by the Investor Member of a security interest in the Investor Member’s Interest, the Investor Member authorizes the Company to file a financing statement (the “Form UCC-1”) which describes the security interest of the secured party in the Investor Member’s Interest. The Form UCC-1 may be filed by the secured party in the state of formation of the Investor Member in order to perfect the interest of the secured party in the collateral and protect the secured party against claims asserted by third parties against the Investor Member.

3.03(i) No Obligatory Additional Capital Contributions. Except as provided in the Act or in Section 4.03, after its Capital Contribution shall be fully paid hereunder, no Investor Member shall be required to make any additional Capital Contribution to the Company or be liable for any debts, liabilities, contracts or obligations of the Company.

3.03(j) Option to Fund Member/Guarantor Defaults. Notwithstanding anything to the contrary herein, the Investor Member shall have the right, in its sole and absolute discretion, upon five (5) days written notice and opportunity to cure given to the Managing Member or Administrative Member, as applicable (unless failure to fund during such five day notice and cure period could adversely affect the Company as determined by the Investor Member in its reasonable discretion), to fund any failure by the Managing Member, the Administrative Member or the Guarantor to meet its obligations under this Agreement or the Guaranty or to fund any other debts, liabilities, contracts or obligations of the Company. Any such funding by the Investor Member shall (i) constitute a loan to the Company with interest at the rate of 10% per annum, compounded annually and repayable from Cash Flow or Net Proceeds (or liquidation proceeds) prior to any distributions or payments under Sections 4.02(a) or 4.02(b) and (ii) not constitute a waiver by the Investor Member of any of its rights or remedies under this Agreement, the Guaranty or any other agreement.

Section 3.04. Default. Investor Member Default. If the Investor Member does not pay an Installment when due and payable pursuant to Section 3.03, it will be deemed to be in default under this section and interest on any unpaid amount shall accrue, from the date on which such Installment was due and payable to the date on which such default is cured as provided below, at the lesser of (i) 10% per annum, compounded monthly, or (ii) the maximum interest rate permitted by law.
3.04(b) Notice of Default; Right to Cure. The Administrative Member shall promptly give notice of a default to the defaulting Investor Member. A default may be cured by payment to the Company of the Installment (and any accrued interest) due within 30 days of receipt of the notice of default.

3.04(c) Company’s Exercise of Rights. In the event that the defaulting Investor Member does not cure any default described in this Section 3.04, then the Company may, after providing to the defaulting Investor Member the notice of the default referred to in Section 3.04(b) and the cure period provided in Section 3.04(b) and any notice required by applicable law, exercise its rights with respect to the security interest granted in the defaulting Investor Member’s Interest and sell such Interest to a third party (including an existing Member) by public or private sale at whatever price and on whatever terms are commercially reasonable. Upon such sale of a defaulting Investor Member’s Interest, the Administrative Member may admit the purchaser of such Interest as a substituted Investor Member. Upon such an admission, the defaulting Investor Member shall cease to be an Investor Member but shall continue to be liable to the Company if and to the extent that the proceeds of sale of the defaulting Investor Member’s Interest are less than the sum of (i) the unpaid balance of all amounts due at whatever time from the defaulting Investor Member and (ii) all reasonable collection and sales expenses incurred by the Company or the Administrative Member, including fees and disbursements of counsel. If the proceeds of such sale exceed the amounts described in clauses (i) and (ii) of the immediately prior sentence, such excess shall be paid to the defaulting Investor Member.

Section 3.05. Credit Adjuster Distributions to the Investor Member.

3.05(a) Prior to Credit Determination Date. If at any time prior to the Credit Determination Date, but in no event prior to an Accountants’ Determination with respect to the year the Apartment Complex is placed in service, the Initial Aggregate Credit Amount is determined to be less than Projected Aggregate Credit Amount (the amount of such shortfall being referred to herein as a “Credit Shortfall”), the amount of any unpaid Installments of the Investor Member’s Capital Contributions shall be reduced by an amount equal to the product of (i) the Credit Shortfall and (ii) $1.05 (the “Credit Shortfall Adjustment Amount”), with any such reduction to be applied to the next succeeding Installments in the order they are due. If the amount of the Credit Shortfall Adjustment Amount exceeds the amount of the remaining Installments, the Administrative Member shall contribute the amount of such shortfall to the capital of the Company (any such Capital Contribution being referred to herein as a “Credit Adjuster Contribution”). The Company immediately shall distribute the proceeds of any such Credit Adjuster Contribution to the Investor Member (any such distribution being referred to herein as a “Credit Adjuster Distribution”). Any contributions or distributions required to be made pursuant to the provisions of this Section 3.05(a) shall be made within 10 calendar days following the earlier of (i) the date on which the Accountants deliver the final version of the Company’s Tax Return for the year of Construction Completion to the Administrative Member (ii) if applicable, a Final Determination relating to a shortfall in Eligible Basis that confirms the existence of a Credit Shortfall, or (iii) December 31, 2017. No contributions or distributions shall be
required to be made pursuant to the provisions of this Section 3.05(a) merely as a result of unanticipated delays by the Company in leasing Apartment Complex units to Qualified Tenants, provided, however, that any such delays in leasing could require Current Adjuster Contributions, Additional Adjuster Contributions and/or Timing Adjuster Contributions under Section 3.05(b) below, and this Section 3.05(a) shall apply only if the Initial Aggregate Credit Amount is determined to be less than the Projected Aggregate Credit Amount.

3.05(b) After Credit Determination Date.

3.05(b)(i) Current Adjusters. If at any time on or after the Credit Determination Date, (A) there is an Accountants’ Determination or a Final Determination that all or a portion of the Credits expected to be claimed with respect to such current Company Taxable Year and/or all or a portion of the Credits claimed with respect to a prior Company Taxable Year is disallowed or is subject to recapture pursuant to the provisions of Section 42(j) of the Code for a reason other than a transfer of the Investor Member’s Interest in the Company, or if the amount of any Credit allocated annually in 2016 through 2027 to the Investor Member in a given year is less than the Projected Annual Credit Amount for such year(s), the Administrative Member shall contribute to the capital of the Company within 10 calendar days following the earlier of the Accountants’ Determination or the Final Determination, as the case may be, an amount that, on an After-Tax Basis, is equal to the sum of (A) the amount of Credit that was disallowed, unavailable, or recaptured or allocated in an amount less than the Projected Annual Credit Amount with respect to the current Company Taxable Year and all prior Company Taxable Years, plus (B) the amount of any interest and penalties imposed by the Service solely as a result of the disallowance, unavailability, or recapture of Credit with respect to the Company (any such Capital Contribution being referred to herein as a “Current Adjuster Contribution”). The Company immediately shall distribute the proceeds of any such Current Adjuster Contribution to the Investor Member (any such distribution being referred to herein as a “Current Adjuster Distribution”).

3.05(b)(ii) Additional Adjusters. In the event of an Accountants’ Determination or Final Determination on or after the Credit Determination Date that the Actual Aggregate Credit Amount is less than the Projected Aggregate Credit Amount due to a shortfall or reduction in the Eligible Basis of the Apartment Complex and that the Credits allocable to the Investor Member also will be reduced or disallowed in all subsequent years of the Credit Period, the Administrative Member shall contribute an additional amount to the Company (i.e., in addition to the Current Adjuster Contribution made pursuant to the provisions of Section 3.05(b)(i)), within 10 calendar days following the earlier of the Accountants’ Determination or the Final Determination, as the case may be, on an After-Tax Basis equal to the product of (A) $1.05 multiplied by (B) an amount equal to the difference between the Projected Aggregate Credit Amount for all subsequent years of the Credit Period and the Actual Aggregate Credit Amount for all such subsequent years of the Credit Period as a result of such Final
Determination or Accountants’ Determination (any such Capital Contribution being referred to herein as an “Additional Adjuster Contribution”). The Company immediately shall distribute the proceeds of any such Additional Adjuster Contribution to the Investor Member (any such distribution being referred to herein as an “Additional Adjuster Distribution”).

3.05(b)(iii) Recapture or Disallowance Other Than Due to Shortfall in Eligible Basis. Notwithstanding the foregoing, in the event of an Accountants’ Determination or Final Determination that all or a portion of the Credits previously allocated to the Investor Member on a Company Tax Return is subject to recapture or disallowance for a reason other than a shortfall in Eligible Basis, only the Current Adjuster Distribution will be due in the year of such Accountants’ Determination or Final Determination (referred to herein as a “Determination Year”), and no Additional Adjuster Distribution with respect to future years of the Credit Period will be due and payable in the Determination Year; instead, the amount of Credits allocable to the Investor Member during each subsequent Company Taxable Year during the Credit Period shall be determined upon the close of each such subsequent Company Taxable Year and if, for any such subsequent Company Taxable Year, the Annual Credit Amount is determined to be less than the Projected Annual Credit Amount, the Administrative Member shall make a Current Adjuster Contribution to the Company within 10 calendar days following the earlier of the Accountants’ Determination or Final Determination in an amount that, on an After-Tax Basis, is equal to the amount by which the Annual Credit Amount for such subsequent Company Taxable Year is less than the Projected Annual Credit Amount, and the Company immediately shall make a corresponding Current Adjuster Distribution to Investor Member.

3.05(b)(iv) First Year Shortfall Adjuster. In addition to any adjustments or payments otherwise owed pursuant to Section 3.05, if the amount of Credit properly allocated in 2016 to the Investor Member is less than the Projected Annual Credit Amount for such year (the amount of such differential shall hereinafter be referred to as “First Year Shortfall”), then the Administrative Member shall make a Capital Contribution to the Company, (a “Timing Adjuster Contribution”), within 10 calendar days following the earlier of (i) the date on which the Accountants deliver the final version of the 2016 Company Tax Return to the Administrative Member or (ii) a Final Determination with respect to such First Year Shortfall, in an amount equal to, on an After-Tax Basis, the difference between (a) the First Year Shortfall and (b) the present value as of December 31, 2016 of receiving an amount equal to the First Year Shortfall on December 31, 2026, using an 6% discount rate, which the Company immediately shall distribute to the Investor Member, (a “Timing Adjuster Distribution”).

3.05(b)(v) Second Year Shortfall Adjuster. In addition to any adjustments or payments otherwise owed pursuant to Section 3.05, if the amount of Credit properly allocated in 2017 to the Investor Member is less than the
Projected Annual Credit Amount for such year (the amount of such differential shall hereinafter be referred to as ‘Second Year Shortfall’), then the Administrative Member shall make a Timing Adjuster Contribution within 10 calendar days following the earlier of (i) the date on which the Accountants deliver the final version of the 2017 Company Tax Return to the Administrative Member or (ii) a Final Determination with respect to such Second Year Shortfall, in an amount equal to, on an After-Tax Basis, the difference between (a) the Second Year Shortfall and (b) the present value as of December 31, 2017 of receiving an amount equal to the Second Year Shortfall on December 31, 2027, using an 6% discount rate, and the Company shall immediately make a Timing Adjuster Distribution to the Investor Member.

3.05(c) Recourse Obligations of Administrative Member. Any Adjuster Contribution required to be made by the Administrative Member pursuant to Section 3.05 shall constitute the recourse obligation of the Administrative Member. Adjuster Distributions that are solely attributable to a Change in Law shall be treated as current distributions of cash by the Company to the Investor Member in accordance with the provisions of Section 731 of the Code. To the extent that any Adjuster Contributions or Adjuster Distributions required to be made under Section 3.05 are not made when due, the unpaid amount thereof shall bear interest at a rate equal to the lesser of (i) 10% per annum, compounded annually, or (ii) the maximum interest rate permitted by law.

3.05(d) Reduction In Investor Member’s Capital Contributions. Without limiting the payment obligations set forth in this Section 3.05, the parties hereto agree and acknowledge that Adjuster Distributions owed to the Investor Member (or determined by the Accountants to likely be owed) will be satisfied first by reducing the next succeeding Capital Contributions of the Investor Member in satisfaction of such liability and then by an actual distribution funded by a cash contribution by the Administrative Member to the Company.

3.05(e) Limits on Liability. Notwithstanding anything to the contrary in this Agreement:

3.05(e)(i) the Administrative Member shall not be responsible for the Investor Member’s inability to fully utilize Credits allocated to it;

3.05(e)(ii) no Adjuster Contributions shall be owed pursuant to Section 3.05 (other than Section 3.05(b)(iv) and (v)) unless the amount of such payment, when combined with all prior Adjuster Contributions that, but for this sentence would have been required, exceeds $10,000;

3.05(e)(iii) the Administrative Member shall not be responsible for any recapture of Credits arising solely as a result of the Investor Member’s assignment or other Disposition of its Interest;

3.05(e)(iv) the Administrative Member shall have no obligation to make Adjuster Contributions with respect to any Company Taxable Year
following the fifth (5th) full year of property operations as to which the Investor Member has received copies of the Company’s tax returns; for purposes of this Section 3.05(e)(iv), the first year in which the Investor Member is allocated Credits in an amount not less than 99.99% of the Credits for which the Company is determined to be eligible based upon the final Cost Certification and Forms 8609 for each Building shall constitute the first full year of property operations; and

3.05(e)(v) any Adjuster Contribution the Administrative Member would be obligated to make but for the application of Section 3.05(e)(iv) shall hereinafter be referred to as an “Excess Adjuster Contribution”). The Administrative Member shall have the right, but not the obligation, to make Excess Adjuster Contributions. Notwithstanding anything to the contrary set forth in this Section 3.05, the Investor Member shall have grounds to automatically remove the Administrative Member from the Company if either (i) the Administrative Member fails to make an Excess Adjuster Contribution within 30 days after its receipt from the Investor Member of written notice that such Excess Adjuster Contribution exists, or (ii) the Company fails to make an Adjuster Distribution to the Investor Member with the proceeds of the Excess Adjuster Contribution within five days of its receipt of such Excess Adjuster Contribution.

3.05(f) In addition, notwithstanding anything to the contrary herein, to the extent any portion of an Adjuster Distribution owed to the Investor Member is solely attributable to a Change in Law, then such portion shall only be payable to the Investor Member from available Cash Flow pursuant to Section 4.02(a) or from Net Proceeds pursuant to Section 4.02(b). The Administrative Member shall be required to take reasonable steps, at the Investor Member’s expense, to attempt to minimize the adverse effect of any Change In Law to ensure the continued availability of the Credits and the Members’ eligibility therefor.

Section 3.06. No Interest on Capital Contribution; Return of Capital. Except as provided in Section 3.05, no Member shall be entitled to receive any interest on its Capital Contribution. Except as provided in Section 3.05 or as otherwise specifically provided elsewhere herein, no Member shall have the right to withdraw its Capital Contribution or to demand and receive property of the Company in return for its Capital Contribution, nor shall any Investor Member have any right to demand or receive property other than money upon dissolution and termination of the Company. Except as provided in Sections 3.05 and 6.05 or in the Guaranty, each Member shall look solely to the assets of the Company for all returns of capital and distributions and allocations of Profits or Losses and shall have no recourse therefor (upon dissolution or otherwise) against any other Member.

Section 3.07. No Third-party Beneficiary. None of the provisions of this Agreement, including, without limitation, Sections 3.04, 3.05 and 6.12, shall be construed as existing for the benefit of any creditor of the Company or for the benefit of any creditor of any of the Members, and no such provision shall be enforceable by a party not a signatory to this Agreement, except where granting of a security interest or pledge has been made by the Company.
Section 3.08. Investor Member Put Option. The Investor Member shall have the option to require the Administrative Member to purchase the Interests of the Investor Member and the Special Member at any time after the last expiring Compliance Period applicable to any Building, for consideration of $100, to be divided between the Investor Member and the Special Member as they shall agree.

ARTICLE 4

PROFITS AND LOSSES; DISTRIBUTIONS; CAPITAL ACCOUNTS

Section 4.01. Profits, Losses and Credits. Subject to Section 4.04, all Profits and Losses incurred or accrued from the Admission Date through the date of Construction Completion, or, if earlier, the date of placement in service of any residential unit in the Apartment Complex, other than those arising from a Capital Event, shall be allocated 0.01% to the Investor Member, 99.983% to the Administrative Member and 0.007% to the Managing Member. Subject to Section 4.04, all Profits, Losses and Credits incurred or accrued after Construction Completion is attained (or, if earlier, the date of placement in service of any residential unit in the Apartment Complex), other than those arising from a Capital Event, shall be allocated among the Members as follows:

As to Profits:

4.01(a)(i) First, to the Members until the amount allocated, and previously allocated, with respect to each Member under this Section 4.01(a)(i) equals the amount distributed, and previously distributed, with respect to such Member (in its capacity as a Member) pursuant to Section 4.02(a) and Section 4.02(b); and

4.01(a)(ii) Then, any remaining Profits shall be allocated 99.99% to Investor Member, 0.003% to the Administrative Member and 0.007% to the Managing Member.

As to Losses:

4.01(a)(iii) Any Losses and Credits shall be allocated 99.99% to Investor Member, 0.003% to the Administrative Member and 0.007% to the Managing Member.

4.01(b) Subject to Section 4.04, all Profits and Losses arising from a Capital Event shall be allocated among the Members as follows:

As to Profits:

4.01(b)(i) First, an amount of Profits shall be allocated to the Members who have negative Capital Account balances (prior to taking into account the Capital Event) in proportion to the amount of such balances until all such Capital Accounts shall have a zero balance;
4.01(b)(ii) Then, an amount of Profits shall be allocated to the Investor Member until its Capital Account is, on an After-Tax Basis, equal to the Taxes owed by the Investor Member with respect to its share of Profits allocated pursuant to Sections 4.01(b)(i); and

4.01(b)(iii) Then, thereafter, an amount of Profits shall be allocated to each of the Members until the positive balance in the Capital Account of each Member equals the amount of cash which would be distributed to such Member if such Profits were cash available to be distributed to such Member (in its capacity as a Member) in accordance with the provisions of Section 4.02(b).

As to Losses:

4.01(b)(iv) First, an amount of Losses equal to the aggregate positive balances (if any) in the Capital Accounts of all Members then having positive balance Capital Accounts shall be allocated to such Members in proportion to their positive Capital Account balances until all such Capital Accounts shall have a zero balance; provided, however, that if the amount of Losses to be allocated is less than the sum of the positive balances in the Capital Accounts of those Members having positive balances in their Capital Accounts, then such Losses shall be allocated first to any Administrative Member with a positive Capital Account until its Capital Account has a zero balance, with any remainder allocated to the Investor Member until its Capital Account has a zero balance; and

4.01(b)(v) Then, the balance of any such Losses shall be allocated 99.99% to the Investor Member, 0.003% to the Administrative Member and 0.007% to the Managing Member.

4.01(b)(vi) Notwithstanding anything to the contrary in this Section 4.01(b), the allocation of Profits and Losses arising from a Capital Event (including allocations of gross profits and gross losses) shall, to the maximum extent allowable under the Code and the Regulations, be allocated among the Managing Member, the Administrative Member and the Investor Member so as to cause the Capital Account of each of them to equal the amount distributable to each of them under Section 4.02(b).

Section 4.02. Cash Distributions Prior to Dissolution.

4.02(a) Cash Flow. Subject to all applicable limitations and restrictions including those set forth in the documents governing the Construction Loan, from the Closing Date and for 30 months thereafter, 100% of Cash Flow shall be applied first to payment of the Developer Loan, and then shall be payable to the Administrative Member and the Managing Member, on a prorata basis, with 95% to the Administrative Member and 5% to the Managing Member, as an incentive leasing fee (provided, however, no such fee shall be payable in any event following Permanent Loan Closing); thereafter, subject to all applicable limitations and restrictions including those set forth in the documents governing the First Mortgage Loan, provided that all reserves have been
funded and maintained as required by Section 6.10, Cash Flow, if available with respect to any Company Accounting Year, shall be applied or distributed annually, within 60 days after the end of the Company Accounting Year (but in no event earlier than the filing of a Company Tax Return for such year),

4.02(a)(i) First, subsequent to the expiration of the period described in Section 3.05(e)(iv), Adjuster Distributions that would otherwise have been required to be made to the Investor Member but for the application of such Section 3.05(e)(iv) shall be payable to the Investor Member;

4.02(a)(ii) Then, to the Investor Member until the total amount received pursuant to this clause and Section 4.02(b)(ii) equals the amount of any Credit Adjuster Distributions, Current Adjuster Distributions, Additional Adjuster Distributions and Timing Adjuster Distributions payable under Section 3.05 that is solely attributable to a Change in Law, plus interest on such amount from the due date until paid pursuant to this clause at the rate of 10% per annum, compounded annually;

4.02(a)(iii) Then, for the distribution of Cash Flow for 2018 and each year thereafter, to the payment of the Asset Management Fee until the total amount of payments pursuant to this clause and Section 4.02(b)(iv) (including payments in all prior years) equals $8,500 per year or portion thereof and increasing 3% per year thereafter;

4.02(a)(iv) Then, to the payment of any amounts then owed with respect to the Developer Loan;

4.02(a)(v) Then, to the payment of any Operating Deficit Loans, with any such payments to be applied first to accrued but unpaid interest and then to principal;

4.02(a)(vi) Then, 10% of the remaining balance, if any, to the Investor Member;

4.02(a)(vii) Then, to the payment of the Incentive Management Fee due pursuant to Section 7.03; and

4.02(a)(viii) Then, the balance shall be distributed 95% to the Administrative Member, and 5% to the Managing Member.

4.02(b) Distributions of Net Proceeds. Prior to dissolution of the Company, if the Administrative Member shall determine from time to time that Net Proceeds are available for distribution from a Capital Event, such Net Proceeds shall be applied or distributed, subject to any restrictions imposed pursuant to a Mortgage Loan, as follows:
4.02(b)(i) First, to fund reserves for contingent liabilities to the extent deemed reasonable by the Administrative Member and Consented to by the Investor Member;

4.02(b)(ii) Then, to the Investor Member for the payment of amounts arising pursuant to Section 4.02(a)(i) and Section 4.02(a)(ii);

4.02(b)(iii) Then, to the payment of amounts then owed with respect to the Developer Loan;

4.02(b)(iv) Then, to the payment of amounts then owed for the current and accrued Asset Management Fees;

4.02(b)(v) Then, to the Investor Member in an amount equal to, on an After-Tax Basis, the Taxes (if any) owed by it as a result of the Capital Event pursuant to Sections 4.01(b)(i) and (ii);

4.02(b)(vi) Then, to the payment of any Operating Deficit Loans, with any such payments to be applied first to accrued but unpaid interest and then to principal; and

4.02(b)(vii) Then, the balance 85.5% to the Administrative Member, 4.5% to the Managing Member and 10% to the Investor Member.

4.02(c) **Special Adjuster Provisions.** If at any time the Administrative Member fails to make any Adjuster Contribution pursuant to Section 3.05 and/or the Company fails to make any Adjuster Distribution to the Investor Member when due in accordance with the provisions of Section 3.05, any Cash Flow or Net Proceeds otherwise distributable or payable to the Administrative Member or the Developer or any Affiliate of any of such Persons pursuant to the provisions of Sections 4.02(a) or 4.02(b) shall be distributed to the Investor Member and treated as having been (i) distributed or paid by the Company to the applicable Person, as the case may be, (ii) contributed to the Company by the Administrative Member (or other applicable Person in the name of and on behalf of the Administrative Member) as an Adjuster Contribution as appropriate, and (iii) distributed by the Company to the Investor Member as an Adjuster Distribution, as appropriate.

4.02(d) **Pending Removal Events.** Notwithstanding anything to the contrary set forth in this Agreement, the Company shall have no obligation to make a distribution to the Administrative Member or the Managing Member, or to pay any fee or other amount due the Administrative Member or the Managing Member or any Affiliate of either such Member, during the pendency of any Removal Event as to which the Administrative Member or Managing Member, as applicable, has received written notice from the Investor Member.

**Section 4.03. Termination Distributions.**
4.03(a) Upon dissolution and termination of the Company, after payment of, or adequate provision for, the debts and obligations of the Company, including fees and interest owed to the Members (including for this purpose the amounts, if any, owed pursuant to Section 4.02(a)(i), the payment of which pursuant to this Section shall not result in a charge to the recipient’s Capital Account and the parties hereto agree that such amounts shall be paid prior to the payment of any debts, obligations and/or fees owed to the Administrative Member or any Affiliate thereof), the remaining assets of the Company (or the proceeds of sales or other dispositions in liquidation of the Company Assets, as may be determined by the remaining or surviving Administrative Member) shall be distributed pro rata to the Members in accordance with their respective positive Capital Account balances after taking into account all Capital Account adjustments for the year. Upon the dissolution and termination of the Company, no Investor Member shall be obligated to restore any deficit balance in its Capital Account. The parties hereto agree that, upon giving written notice to the Administrative Member, the Investor Member shall have the right (exercisable in its sole discretion) at any time, to create a deficit restoration obligation as to itself, and/or to extend the years in which it may be obligated to restore any deficit balance in its Capital Account. Deficit Capital Account restoration payments shall be made by the end of such taxable year (or, if later, within 90 days after the date of such liquidation) and shall, upon liquidation of the Company, be paid, first, to recourse creditors of the Company and, thereafter, distributed to other Members in accordance with the positive balances in their Capital Accounts. Liquidation distributions shall be made by the end of the taxable year in which the liquidation occurs or, if later, within 90 days after the date of liquidation.

4.03(b) Notwithstanding anything to the contrary contained herein, any fee payments, loan repayments, return of capital or distributions otherwise payable or distributable to the Developer, the Administrative Member, or any Affiliate thereof under Section 4.02 and Section 4.03(a) shall be paid to the Investor Member to the extent of any unpaid Credit Adjuster Distributions, Current Adjuster Distributions, Additional Adjuster Distributions, and Timing Adjuster Distributions (including accrued interest thereon) under Section 3.05, and shall be treated as being first (i) paid or distributed to the Developer, the Administrative Member, or such Affiliate, as the case may be, (ii) contributed by the Administrative Member to the Company, (or by the Developer or such Affiliate in the name of and on behalf of the Administrative Member), and (iii) distributed by the Company to the Investor Member.

Section 4.04. Special Allocations. Notwithstanding anything to the contrary contained in this Agreement:

4.04(a) In the event that there is a net decrease in Company minimum gain (as defined in Regulation § 1.704-2(d)) during a fiscal year or period, all Members shall be allocated, before any other allocation is made of the Company Items for such year or period, items of income and gain for such year or period (and, if necessary, subsequent years) in the manner and to the extent required by Regulation § 1.704-2(f). The allocations contained in this Section 4.04(a) are intended to be a “minimum gain chargeback” within the meaning of Regulation § 1.704-2(f) and shall be interpreted consistently therewith.
4.04(b) Subject to the provisions of paragraph (a) of this Section 4.04, (i) any partner nonrecourse deduction (as defined in Regulation § 1.704-2(i)(2)) shall be allocated to the Members in the manner specified in Regulation § 1.704-2(i) and (ii) if there is a net decrease during a taxable year of the Company in the minimum gain attributable to partner nonrecourse debt, then items of Company income and gain for such year (and, if necessary, for subsequent years) shall be allocated to the Members in the manner and to the extent required by Regulation § 1.704-2(i)(4). Additionally, any nonrecourse deductions, (as such term is defined in Treasury Regulations Section 1.704-2(b)(1)), of the Company shall be allocated 99.99% to the Investor Member, 0.003% to the Administrative Member and 0.007% to the Managing Member.

4.04(c) Subject to the provisions of paragraphs (a) and (b) of this Section 4.04, in the event that a Member unexpectedly receives any adjustments, allocations or distributions described in Regulation § 1.704-1(b)(2)(ii)(d)(4), (5) or (6) as a result of which the negative Capital Account balance of the Member exceeds the sum of such Member’s share of minimum gain and the amount of its negative Capital Account that it has agreed to restore or is deemed to be obligated to restore pursuant to Regulations §§ 1.704-2(g)(1) and 1.704-2(i)(5), items of Company income and gain shall be specially allocated to such Member in the manner and to the extent required by such Regulation. This Section 4.04(c) is intended to be a “qualified income offset” within the meaning of Section 1.704-1(b)(2)(ii)(d) of the Regulations and shall be interpreted consistently therewith.

4.04(d) 4.04(d)(i) If the balance in the Capital Account of a Member is less than zero, or will become less than zero as a result of such allocation, net loss shall be allocated to such Member only to the extent that (y) the sum of the Minimum Gain of such Member (determined in accordance with the provisions of § 1.704-2(g) of the Regulations) plus the amount of its negative Capital Account that such Member has agreed to restore exceeds (z) the deficit balance in the Capital Account of such Member (determined at the end of the Company Taxable Year to which the allocation relates).

4.04(d)(ii) Any net loss not allocable to a Member as a result of the application of Section 4.04(d)(i) shall be allocated to the Members with positive Capital Account balances in proportion to (and to the extent of) such positive balances and thereafter in accordance with their interests in the Company, excluding any additional Administrative Member or Managing Member admitted pursuant to Section 8.04.

4.04(d)(iii) If, during any year, the Company incurs a Loss in excess of the Loss anticipated for such year and such excess Loss arises from expenses paid or to be paid with the proceeds of Capital Contributions or Operating Deficit Loans from an Administrative Member, from withdrawals from reserves, or from amounts paid by a Guarantor pursuant to the Guaranty, then, at the end of each such year, the Investor Member’s Capital Account and allocable share of Minimum Gain at the end of each year from the date of calculation through the end of the Credit Period shall be calculated. If such calculation indicates that the Investor Member would have an adjusted Capital Account deficit in any such year
in the Credit Period in excess of the sum of the Investor Member’s share of Minimum Gain (determined in accordance with the provisions of Regulation § 1.704-2(g)) plus the amount of its negative Capital Account that the Investor Member has agreed to restore, then the portion of the Loss derived from the expenses described in the first sentence of this Section 4.04(d)(iii) (but not depreciation) shall be allocated to the Administrative Member to extent of the projected excess adjusted Capital Account deficit of the Investor Member; provided that the Administrative Member shall be specially allocated an amount of gross income (before Profits and Losses are computed under Section 4.01(a)) equal to the amount of any principal repayment in any year of an Operating Deficit Loan or any repayment or return of an Administrative Member Capital Contribution (but in no event shall the aggregate amount of gross income allocated pursuant to this clause exceed the aggregate amount of deductions or losses allocated to the Administrative Member under this Section 4.04(d)(iii).

4.04(e) In the event that, at any time or from time to time after the effective date of this Agreement, the Gross Asset Values of the Company Assets are adjusted in accordance with this Agreement, then, notwithstanding the provisions of Section 4.01(b), the Members’ allocable shares of depreciation, depletion, amortization and gain or loss, as computed for tax purposes, with respect to the Company property, must be determined so as to take into account the variation between the adjusted tax basis of the Company property and the book value, in the same manner as under I.R.C. § 704(c) and the applicable Regulations thereunder. Allocations pursuant to this paragraph (e) shall be solely for purposes of federal, state and local taxes and shall not affect or in any way be taken into account in computing a Member’s Capital Account.

4.04(f) If an Interest is transferred or assigned during a Company Accounting Year, that part of the tax incidents allocated pursuant to this Agreement with respect to the Interest so transferred shall, in the discretion of the Administrative Member (after consulting with the Investor Member), either (i) be based on segmentation of the taxable year between the transferor and the transferee using the interim closing of the books or any other reasonable method or (ii) be allocated between the transferor and the transferee in proportion to the number of days in such taxable year during which each owned such Interest, as disclosed on the Company’s books and records.

4.04(g) Any depreciation recapture recognized pursuant to I.R.C. Sections 1245 and 1250 and Credit recapture shall be allocated to the Members in the same proportions that the depreciation or cost recovery deductions and Credits giving rise to such recapture were allocated among such Members or their respective predecessors-in-interest. Any taxable income of the Company resulting from its receipt of debt forgiveness, donations, contributions, grants or subsidies shall be allocated entirely to the Administrative Member.

4.04(h) In the event that there is a determination that I.R.C. § 483 or I.R.C. § 1274 (both relating to imputed interest with respect to deferred payment sales of property) is applicable to any loans between the Company and a Member, or that any loan between a Member and the Company is subject to I.R.C. § 7872 (relating to imputed...
interest with respect to below-market interest rate loans), any income or deduction attributable to interest on such a loan (whether stated or unstated) shall be allocated solely to such Member.

4.04(i) It is the intent of the Members that each Member’s allocable share of income, gains, losses, deductions or credits (or items thereof) (“Company Items”) shall be allocated in accordance with this Article 4 to the fullest extent permitted by I.R.C. Sections 704(b) and 704(c). In order to preserve and protect the allocations provided for in this Article 4, without adversely affecting the amounts distributable upon termination of the Company, the Administrative Member, with the review and concurrence of the Company’s Accountants, is authorized and directed, in its reasonable judgment, to allocate Company Items arising in any year differently than otherwise provided for in this Article 4 if, and to the extent that, the allocations otherwise provided under this Article 4 would not be permissible under I.R.C. Sections 704(b) and/or 704(c). Any allocation made pursuant to this Section 4.04(i) shall be deemed to be a complete substitute for any allocation otherwise provided for in this Article 4, and no amendment of this Agreement or approval of any Member shall be required with respect thereto and each Member shall, for all purposes and in all respects, be deemed to have approved any such allocation. The allocations set forth in this Section 4.04 (the “Special Allocations”) are intended to comply with certain requirements of the Section 704 Regulations. The Special Allocations may not be consistent with the manner in which the Members intend to divide Company distributions. Accordingly, the Administrative Member is hereby authorized and directed to divide other allocations of income, gain, loss and deductions among the Members so as to prevent the Special Allocations from distorting the manner in which Company distributions will be divided among the Members on dissolution of the Company. In general, the Members anticipate that this will be accomplished by specially allocating items of income, gain, loss, and deduction among the Members so that the net amount of the Special Allocations and such special allocations to each such Member is zero. In the event that in any year a Special Allocation alters the allocation of tax items to the Members, to the extent possible, depreciation deductions shall nevertheless be allocated 99.99% to the Investor Member, 0.003% to the Administrative Member and 0.007% to the Managing Member.

4.04(j) Notwithstanding anything to the contrary contained herein, the Managing Member and the Administrative Member, collectively, shall be allocated not less than 0.01% of each Company Item at all times during the existence of the Company. In the event that there is no allocation of a material Company Item to the Managing Member and/or the Administrative Member hereunder or if the amount of any material Company Item allocable to the Managing Member and the Administrative Member hereunder, collectively, shall not equal 0.01% of the aggregate amount allocable to all the Members without giving effect to this provision, then the amount of such Company Item(s) otherwise allocable to the Investor Member hereunder shall be correspondingly reduced in order to assure the Managing Member and the Administrative Member of their collective 0.01% share. Any such reduction shall be applied to reduce the shares of all classes of Investor Members in proportion to their respective Interests.
4.04(k) The Members agree that, except as otherwise determined by the Investor Member pursuant to this Section 4.04(k), the Members’ interests in Company profits for purposes of determining such Members’ shares of the excess nonrecourse liabilities of the Company under the Treasury Regulations § 1.752-3(a)(3) shall be determined by reference to the Members’ allocable share of Profits from a Capital Event under Section 4.01(b); provided, however, that the Members agree that, upon giving written notice to the Managing Member and the Administrative Member, the Investor Limited Partner shall have the right at any time to cause the Company to select an alternative method for allocating the excess nonrecourse liabilities of the Company under Treasury Regulation § 1.752-3(a)(3) if the Investor Member reasonably determines that such alternative method would (or could reasonably be expected to) avoid or mitigate any tax or economic detriment to the Investor Member or its affiliates (as a result of an actual or pending change in law, change in circumstances, or otherwise). Without limiting the foregoing, the Managing Member and the Administrative Member shall provide written notice to the Investor Member no later than 45 days following the close of any Company Taxable Year in which the Investor Member’s adjusted basis in its Interest is or is reasonably likely to be zero.

4.04(l) Except as otherwise provided in this Agreement, for tax purposes all items of income, gain, loss, deduction or credit shall be allocated to the Members in the same manner as are Profits and Losses.

Section 4.05. Section 704(c) Allocations. Income, gains, losses and deductions, as determined for income tax purposes, with respect to any Company Asset contributed by a Member to the capital of the Company shall, solely for income tax purposes, be allocated among the Members so as to take account of any variation between the adjusted basis of such Company Asset to the Company for federal income tax purposes and its initial Gross Asset Value in accordance with I.R.C. Section 704(c) and the Regulations thereunder.

Section 4.06. Miscellaneous Allocations.

4.06(a) If any Company expenditure treated as a deduction on its federal income tax return is disallowed as a deduction and treated as a distribution pursuant to Section 731(a) of the Code, there shall be a special allocation of gross income to the Member deemed to have received such distribution equal to the amount of such distribution.

4.06(b) Except as otherwise provided in this Article 4, Profits, Losses, Credits, gain and other tax items allocated to the Members shall be allocated among the Members in accordance with their relative Interests in the Company, as set forth in Exhibit H.

4.06(c) Except as otherwise set forth in this Agreement, any elections or other decisions relating to allocations under this Article 4 shall be made by the Administrative Member (in its reasonable discretion), with the review and concurrence of the Company’s Accountants, in such manner as reasonably reflects the purpose and intention of this Agreement.
ARTICLE 5

COMPANY BORROWINGS

Section 5.01. Authorization to the Administrative Member. Without otherwise limiting the right or authority of the Administrative Member under this Article 5 or Article 6 hereof, the Administrative Member is specifically authorized to execute on behalf of the Company all documents required by any Lender in connection with the construction, acquisition or financing of the Apartment Complex.

Section 5.02. Right To Mortgage.

5.02(a) The Company has obtained or will, subject to the requirements of this Agreement, obtain financing for the Apartment Complex from the Lender and will secure the same by execution and delivery of the Mortgage. The Project Documents (other than with respect to the Construction Loan and any loans provided by the Investor Member or an Affiliate thereof) shall provide that no Person, including, but not limited to, the Company, any party holding an Interest in the Company, or any of their Affiliates, shall have any personal liability for the payment of all or any part of such Mortgage Loans, except as set forth in the Project Documents in existence as of the date hereof.

5.02(b) Subject to the requirements of this Agreement, the Administrative Member is specifically authorized to execute such documents as it reasonably deems necessary in connection with the acquisition, improvement, operation, leasing and financing of the Apartment Complex, including, without limiting the generality of the foregoing, the Project Documents and any other document required by any Lender in connection therewith.

Section 5.03. Loans. All borrowings by the Company shall be subject to the terms of this Agreement and the Project Documents. To the extent borrowings are permitted, they may be made from any source, including any Member or an Affiliate thereof. All such loans will be nonrecourse except as provided in Section 5.02(a) unless the Consent of the Investor Member has been obtained.

Section 5.04. Loans Amounts. Notwithstanding anything to the contrary set forth in this Article 5 or elsewhere in this Agreement, except for a Mortgage Loan requiring Soft Debt Payments only, in no event may the Administrative Member cause the Company to enter into a Mortgage Loan, other than the Construction Loan, having a principal amount in excess of an Approved Loan Amount, or convert a Mortgage Loan to its permanent phase in an amount in excess of an Approved Loan Amount. The term “Approved Loan Amount” shall mean, with respect to the aggregate amount of the First Mortgage Loan and the County Loan, the lesser of (a) $2,822,400 or (b) a principal amount determined at Permanent Loan Closing that would result in an annualized Debt Service Coverage Ratio of not less than 1.15 to 1 with respect to each of the First Mortgage Loan and the County Loan, during each year of the Compliance Period based on the underwriting parameters set forth below. For purposes of this Section 5.04, any description of indebtedness or any other provisions of the definitions of Debt Service Coverage Ratio or Effective Gross Income that are inconsistent with the underwriting parameters set forth
below and/or this Section 5.04 in general shall be superseded by this Section 5.04. The underwriting parameters shall be as follows:

5.04(a) the First Mortgage Loan shall have constant monthly payments, an interest rate of no greater than 4.75%, a term of 17 years, and an amortization period of 30 years, and the County Loan shall, commencing on Construction Completion, have constant monthly payments, an interest rate of no greater than 3.00%; a term that is coterminous with the First Mortgage Loan and an amortization period of 30 years;

5.04(b) gross revenues will be calculated as follows:

5.04(b)(i) assuming revenues escalate 1% per year for the first 3 years and 2% per year thereafter;

5.04(b)(ii) based on actual rents received from tenants in occupancy under signed leases, (as calculated by the Accountants) after giving effect to any rent concessions by spreading the amount of such concessions evenly over the term of the lease;

5.04(b)(iii) assuming a vacancy loss equal to the greater of (a) 7.5% and (b) actual vacancy;

5.04(b)(iv) assuming other income to be the lesser of $12,987 per year or actual other income;

5.04(b)(v) rents for units having rental subsidies of any kind except project based subsidies (A) provided pursuant to a written agreement for the length of the Compliance Period (excluding renewals) and (B) not subject to appropriation risk, will be assumed to be the lesser of permissible rents under the subject subsidy and permissible rents under Section 42 of the Code (without giving effect to sums received pursuant to the subject subsidy);

5.04(c) Company expenses will be calculated:

5.04(c)(i) as being the greater of actual expenses or $5,567 per unit per year, (including Replacement Reserves of $300 per unit per year); and

5.04(c)(ii) to include all required periodic contributions to reserves required by this Agreement or by any Lender; and

5.04(c)(iii) to include a management fee of 5% of effective gross income;

5.04(c)(iv) assuming expenses escalate 3% per year.

5.04(d) All determinations as to Approved Loan Amounts shall be subject to the Consent of the Investor Member.
ARTICLE 6

RIGHTS, POWERS AND OBLIGATIONS OF MEMBERS

Section 6.01. Exercise of Management.

6.01(a)  The overall management and control of the business, assets and affairs of the Company shall be vested in the Administrative Member and, subject to the specific limitations and restrictions set forth in this Article 6 and in Article 7 hereof, the Administrative Member, in extension of and not in limitation of the powers given it by law, shall have full, exclusive and complete charge of the management of the business of the Company in accordance with its purposes stated in Section 1.04. No Investor Member shall take part in the management or control of the business of the Company or have authority to bind the Company except as expressly set forth herein.

6.01(b)  The Administrative Members (if at the time more than one Person constitutes the Administrative Member) shall act by vote of a majority in Interest of the Persons constituting the Administrative Members, except where otherwise specified herein.

6.01(c)  Notwithstanding the foregoing provisions of this Section 6.01, in accordance with the Agency’s qualified allocation plan, the Managing Member shall Materially Participate in the control, management and direction of the Company’s business.

Section 6.02. Powers.

6.02(a)  Subject to Article 5 and Section 6.03 and the other provisions of this Agreement, the Administrative Member shall have all authority, rights and powers generally conferred by law, including the authority, rights and powers of a managing member in a limited liability company, and shall have all the authority, rights and powers which it deems necessary or appropriate to effect the purposes of the Company, including, without limitation, the following:

6.02(a)(i)  To employ, contract and deal with, from time to time, any Persons, including any Member or Affiliate of a Member (subject to the requirements of Section 6.07), in connection with the management and operation of the Company business, on such terms as the Administrative Member shall reasonably determine (subject to the requirement that the Consent of the Investor Member must be obtained (a) for any contract in excess of $25,000 and (b) for any contract having a term in excess of 12 months);

6.02(a)(ii)  To acquire, by purchase or otherwise, and deal with such personal property as may be necessary, convenient or incidental to the accomplishment of the purposes of the Company;

6.02(a)(iii)  To bring or defend, pay, collect, compromise, arbitrate, resort to legal action, or otherwise adjust claims or demands of or against the
Company (provided, however, that the Consent of the Investor Member shall be obtained prior to settlement of any claim or demand (A) which would affect the amount of Credits or Losses allocated or allocable to the Investor Member or (B) for which the liability of the Company or the Investor Member is in excess of $25,000);

6.02(a)(iv) To pay as a Company expense any and all reasonable costs or expenses associated with the formation, development, organization and operation of the Company;

6.02(a)(v) To deposit, withdraw, invest, pay, retain and distribute the Company’s funds in a manner consistent with the provisions of this Agreement;

6.02(a)(vi) To borrow money and issue evidences of indebtedness in furtherance of any or all of the purposes of the Company, and to secure the same by grant of security interests in assets of the Company;

6.02(a)(vii) Unless prohibited under applicable Laws, to require in any or all Company contracts that the Administrative Member and Investor Member shall not have any personal liability thereon but that the Person contracting with the Company shall look solely to the Company and its assets for satisfaction;

6.02(a)(viii) To enter into any kind of activity and to perform and carry out contracts of any kind necessary to, or in connection with, or incidental to the accomplishment of the purposes of, the Company, so long as said activities and contracts may be lawfully carried on or performed by a limited liability company under the laws of the State; and

6.02(a)(ix) To execute, acknowledge and deliver any and all instruments to effectuate the foregoing.

6.02(b) During the Compliance Period, the Administrative Member shall (i) operate the Apartment Complex and cause the Management Agent to manage the Apartment Complex in such a manner that not less than 68 residential rental units (not including any manager units) in the Apartment Complex will qualify as “low-income units” under Section 42(i)(3) of the Code; (ii) operate the Apartment Complex and cause the Management Agent to manage the Apartment Complex in such a manner that the Apartment Complex will qualify as a “qualified low-income housing project” under Section 42(g) of the Code; and (iii) make, or cause to be made, all certifications required by Section 42(l) of the Code.

6.02(c) In the event that a claim against the Company is made by the Service (a “Claim”) upon audit, the Tax Matters Member shall, within 10 days after receiving notice of such Claim, notify the Investor Member of the Claim (such notice being referred to as a “Claim Notice”). The Tax Matters Member shall promptly furnish to the Investor Member a copy of each notice or other communication received by the Tax Matters Member from the Service.
The Tax Matters Member shall not have the authority, without the Consent of the Investor Member, to do all or any of the following:

6.02(c)(i) to enter into a settlement agreement with the Service concerning the adjustment or readjustment of any Company Items or which purports to bind Members other than the Tax Matters Member;

6.02(c)(ii) to file a request for an administrative adjustment with the Service at any time or file a petition for judicial review with respect to the Company or the Apartment Complex;

6.02(c)(iii) to intervene in any action brought by any other Member for judicial review of a final judgment as contemplated in Section 6226(b) of the Code;

6.02(c)(iv) to initiate or settle any judicial review or action concerning the amount or character of any Company tax items; or

6.02(c)(v) to enter into an agreement extending the period of limitations for assessing or computing any tax liability against the Company as contemplated in Section 6229(b)(1)(B) of the Code.

The relationship of the Tax Matters Member to the Investor Member is that of a fiduciary, and the Tax Matters Member has a fiduciary obligation to perform its duties in such manner as will serve the best interests of the Company and the Investor Member.

The Company shall indemnify the Tax Matters Member from and against judgments, fines, amounts paid in settlement, and expenses (including attorneys’ fees) reasonably incurred in any civil, criminal or investigative proceeding in which it is involved or threatened to be involved by reason of being the Tax Matters Member, provided that the Tax Matters Member acted in good faith, within what is reasonably believed to be the scope of its authority and for a purpose which it reasonably believed to be in the best interests of the Company or the Members. The Tax Matters Member shall not be indemnified under this provision against any liability to the Company or its Members to any greater extent than the indemnification allowed by Section 6.06. The indemnification provided hereunder shall not be deemed to be exclusive of any other rights to which those indemnified may be entitled under any applicable statute, agreement, vote of the Members, or otherwise.

Section 6.03. Restrictions on Authority.

6.03(a) Notwithstanding any other provisions of this Agreement, neither the Managing Member nor the Administrative Member shall have authority to do any of the following:

6.03(a)(i) Do any act in violation of applicable Laws, the Project Documents or this Agreement;
6.03(a)(ii) Do any act required to have the Consent of the Investor Member prior to obtaining such Consent; or

6.03(a)(iii) Borrow from the Company or commingle Company funds with the funds of any other Person.

6.03(b) Neither the Managing Member nor the Administrative Member shall, without the Consent of the Investor Member (unless obtaining such Consent is inconsistent with the Act), have the authority to:

6.03(b)(i) Sell, exchange, pledge, transfer or otherwise dispose of, or except for Permitted Liens, grant or permit a Lien with respect to, all or any portion of the Apartment Complex (including any land owned by the Company) or all or substantially all of the assets of the Company or any of the Members’ Interests in the Company;

6.03(b)(ii) Accept the proceeds of a grant or other subsidy, or increase, decrease or modify the terms of or refinance or repay (other than in accordance with its scheduled term of amortization) any loan or Mortgage encumbering the Apartment Complex;

6.03(b)(iii) Admit an additional Member;

6.03(b)(iv) Following the completion of the construction of the Apartment Complex, construct any new capital improvement which substantially alters the Apartment Complex or its use, except (A) replacements, repairs and remodeling in the ordinary course of business or under emergency conditions, (B) construction or rehabilitation paid for from insurance proceeds or (C) any rehabilitation, repairs, remodeling or construction which is required by the Lender;

6.03(b)(v) Acquire any real property in the name of the Company in addition to the Apartment Complex (other than easements or similar rights necessary or convenient for the operation of the Apartment Complex);

6.03(b)(vi) Incur in the aggregate nonmortgage debt (other than Operating Deficit Loans) in excess of $25,000 or mortgage debt (other than the construction and permanent mortgage debt described in the Project Documents relating to the completion of the construction of the Apartment Complex);

6.03(b)(vii) Substantially change the nature of the Company’s business;

6.03(b)(viii) Voluntarily file, or consent to or acquiesce in the filing of a petition in bankruptcy with respect to the Company;

6.03(b)(ix) Modify or amend the Project Documents or this Agreement except in accordance with Section 14.03;
6.03(b)(x) Dissolve or wind up the Company;

6.03(b)(xi) Consolidate, merge or enter into any form of consolidation with or into any other entity; or permit any entity to consolidate, merge or enter into any form of consolidation with or into the Company;

6.03(b)(xii) Pledge or assign, other than to a Mortgage Lender with respect to the Apartment Complex, any of the Company’s rights with respect to all or any portion of the Capital Contribution of the Investor Member or the proceeds thereof;

6.03(b)(xiii) Guaranty the indebtedness of any Person;

6.03(b)(xiv) Fix the interest rate on any loan that has a floating interest rate; or

6.03(b)(xv) Institute or settle any claim in connection with any Letter of Credit.

6.03(c) Notwithstanding anything to the contrary set forth in Section 6.03(b), the Consent of the Investor Member shall not be required with respect to the following subsections of Section 6.03(b) at any time following the expiration of the Apartment Complex’s Compliance Period: 6.03(b)(i), (ii), (iv), (vi), (x), (xii), (xiv), and (xv).

6.03(d) The Administrative Member and the Managing Member acknowledge that their Affiliates are parties to the Affiliate Contracts. The Administrative Member and the Managing Member covenant to fully enforce the Affiliate Contracts on behalf of the Company. To avoid any conflict of interest in dealings between the Company and the other parties to the Affiliate Contracts, the Administrative Member and the Managing Member shall obtain the Consent of the Investor Member as a condition precedent to (i) amending any Affiliate Contract or (ii) taking any material action (or in determining not to act), with respect to any Affiliate Contract. The Administrative Member and the Managing Member hereby each indemnifies and holds harmless the Company and the Members against any and all late fees, delay damages, penalty interest, or other claims, damages, or liabilities brought by a party to an Affiliate Contract against the Company.

Section 6.04. Other Activities. The Administrative Member shall be required to devote only so much of its time as it reasonably deems necessary for the proper management of the Company business; additionally, the Managing Member shall at all times Materially Participate in the development and operation of the Apartment Complex. Affiliates of the Administrative Member and Affiliates of the Managing Member may engage or possess an interest, independently or with others, in other businesses or ventures (including limited partnerships and limited liability companies) of every nature and description, including, without limitation, serving as general partner of other partnerships which own, either directly or through interests in other partnerships, projects similar to or that compete with the Apartment Complex. Neither the Company nor any Member shall have any rights in or to such ventures or the income or profits
derived therefrom and nothing shall be construed to render them members in any such business ventures.

Section 6.05. Liability to Company and Investor Member and Indemnification of Investor Member and Company.

6.05(a) Except as otherwise provided in this Agreement, the Managing Member and the Administrative Member shall not be liable, responsible or accountable in damages or otherwise to the Investor Member or to the Company for any acts performed in good faith and within the scope of authority of the Managing Member or the Administrative Member, as applicable, pursuant to this Agreement, unless otherwise provided in this Agreement; provided, however, that the Managing Member and the Administrative Member shall be liable for (i) violations of laws, and for acts and/or omissions to the extent attributable to such Member’s fraud, willful misconduct or gross negligence, (ii) any breach of fiduciary duty, (iii) breach of such Member’s representations, warranties or obligations under this Agreement, and/or (iv) other matters that the Uniform Act provides are not able to be waived.

6.05(b) The Managing Member and the Administrative Member shall indemnify, defend and hold harmless the Members and the Company (and the Company shall indemnify, defend and hold harmless the Members) from and against any loss, liability, damage, cost or expense (including reasonable attorney’s fees) to the extent that (i) such Member’s acts and/or omissions constituted a violation of law, fraud, willful misconduct or gross negligence, (ii) such Member breached its fiduciary duty, (iii) such Member’s acts or omissions resulted in a violation or breach of any obligation under this Agreement; or (iv) such Member breached any of the representations or warranties set forth in Section 6.09 or the covenants set forth in Section 6.10, which breach had an adverse effect on the Company or on any Member.

6.05(c) The Administrative Member shall indemnify, defend and hold harmless the Investor Member and the Company (and the Company shall indemnify, defend and hold harmless the Investor Member) from and against any loss, liability, damage, cost or expense (including reasonable attorney’s fees) to the extent that any real property transfer tax, documentary stamp tax, intangibles tax or similar tax resulting from the Company’s acquisition of the Land, the development of the Apartment Complex, or Investor Member’s acquisition of its Interest, is not paid as required on the Closing Date.

6.05(d) The indemnification rights contained in this Section 6.05 (i) shall be the joint and several recourse obligations of the Managing Member and the Administrative Member, (ii) shall survive dissolution of the Company and withdrawal, removal, incompetence, bankruptcy or insolvency of a Managing Member or Administrative Member, (iii) shall be cumulative of, and in addition to, any and all rights, remedies and recourses to which the Investor Member shall be entitled, whether pursuant to the provisions of this Agreement, at law or in equity, and (iv) shall benefit the successors and assigns of the Investor Member.
6.05(e) All rights of the Investor Member to indemnification shall survive the dissolution of the Company, the transfer by such Investor Member of its Interest, and the insolvency, dissolution or bankruptcy of the Investor Member; provided, however, that a claim for indemnification hereunder must be made by or on behalf of the Person seeking such indemnification prior to the time any distribution in liquidation of the Company assets is made pursuant to Sections 1.05 and 4.03.

Section 6.06. Indemnification of Members.

6.06(a) The Company shall indemnify, defend and hold harmless the Administrative Member and the Managing Member from and against any loss, liability, damage, cost or expense (including reasonable attorney’s fees) arising out of or alleged to arise out of any demands, claims, suits, actions or proceedings against the Administrative Member or the Managing Member, in or as a result of or relating to its respective capacity, actions or omissions as Administrative Member or Managing Member of the Company, as applicable, or otherwise concerning the business or affairs of the Company; provided, however, that the acts or omissions of an Administrative Member or Managing Member shall not be indemnified hereunder as provided in the Act and also to the extent that the same resulted from fraud, willful misconduct, a violation of law, a breach of fiduciary duty or a breach of its obligations under this Agreement. This indemnification shall be made solely from the assets of the Company, and no Member shall be personally liable therefor.

6.06(b) The indemnification authorized by this Section 6.06 shall include, but not be limited to, payment for (i) reasonable attorneys’ fees or other expenses incurred in connection with settlement or in any finally adjudicated legal proceeding, and (ii) the removal of any Liens affecting any property of the indemnitee; provided, however, that the provision of attorneys’ fees or other expenses and costs shall not be operative if the legal action is initiated by a Investor Member of the Company. The indemnification rights contained in this Section 6.06 shall be limited to direct out-of-pocket loss or expense, and shall not include indirect loss or expense such as administrative or overhead expenses of the Administrative Member or the Managing Member or foregone opportunity costs. The Company shall not pay for any insurance covering liability of the Administrative Member or the Managing Member for actions or omissions for which indemnification is not permitted hereunder.

6.06(c) The indemnification rights contained in this Section 6.06 shall be cumulative of, and in addition to, any and all rights, remedies and recourses to which the Administrative Member or the Managing Member (in its capacity as Administrative Member or Managing Member, as applicable) shall be entitled, whether pursuant to the provisions of this Agreement, at law or in equity.

6.06(d) All rights of the Administrative Member and the Managing Member to indemnification shall survive the dissolution of the Company and the death, retirement, incompetency, insolvency, dissolution or bankruptcy of the Administrative Member or the Managing Member; provided, however, that a claim for indemnification hereunder must be made by or on behalf of the Person seeking such indemnification prior
to the time any distribution in liquidation of the Company Assets is made pursuant to Sections 1.05 and 4.03.

6.06(e) A Managing Member or Administrative Member shall not be indemnified for breach by such Member of the representations and warranties set out in Section 6.09 or the covenants set out in Section 6.10, and no funds shall be advanced or expended by the Company for defending against such a breach.

Section 6.07. Dealing With Affiliates. Except as otherwise provided in this Agreement, the Administrative Member may, for, in the name and on behalf of, the Company, enter into agreements or contracts for performance of services for the Company as an independent contractor with the Administrative Member or Affiliates thereof, and the Administrative Member may obligate the Company to pay compensation for and on account of any such services; provided, however, such compensation and services shall be on terms comparable to those obtainable from qualified third parties in an arm’s-length transaction. In no event, however, may the Company at any time have any employees.

Section 6.08. No Salary Payable to Members. Neither the Managing Member nor the Administrative Member shall be paid any salary or other compensation for serving as Managing Member or Administrative Member, as applicable. Notwithstanding the foregoing, the Managing Member and the Administrative Member shall be entitled to (a) the payment of certain fees for rendering services to the Company in capacities as other than a Managing Member or Administrative Member of the Company as provided in Article 7 and (b) reimbursement for other reasonable fees and expenses incurred on behalf of the Company, including costs of insurance, expenses incurred in connection with distributions to and communications with the Investor Member and the bookkeeping and clerical work necessary in maintaining relations with the Investor Member (including the costs and expenses incurred by the Administrative Member or its Affiliates in printing and mailing checks, statements and reports), and any other reasonable expenses which it may incur on behalf of the Company in connection with the Company business.

Section 6.09. Representations and Warranties. The Managing Member and the Administrative Member each hereby represents and warrants (and covenants, as applicable), as to itself, to the Investor Member and to the Company that the following are true and accurate as of the date hereof (or, as applicable, as of the date(s) on which the representations are restated as being true and accurate as required in Sections 3.03 or 9.02):

6.09(a) The Member has been duly organized, is validly existing and in good standing under the laws of the State (or, if different, its state of organization) and has all requisite power to be a Member and to perform its duties and obligations as contemplated by this Agreement and the Project Documents. The execution and delivery by such Member of this Agreement and the transactions contemplated hereby have been duly authorized by all necessary corporate or other action, and the consummation of any such transactions contemplated hereby with or on behalf of the Company does not constitute a breach or violation of, or a default under, the statutes, regulations, bylaws or other governing instruments of such Member or any agreement by which it or any of its
property is bound, nor a violation of any law, administrative regulation or court decree, any of which would have a material adverse effect on the Company.

6.09(b) The Company is a limited liability company, validly existing and in good standing under the laws of the State (and, if different, in the state of its organization), is authorized to transact business in the State and the State of Texas and has the requisite power to carry on its business, to enter into and perform under the Project Documents, and to carry out the transactions contemplated hereunder, and the Company has complied with all filing requirements necessary to preserve the limited liability of the Investor Member and the Special Member.

6.09(c) No Events of Bankruptcy (or events which, in the course of time, would result in an Event of Bankruptcy) has occurred with respect to such Member or any Guarantor (if such Guarantor is an Affiliate of such Member) (or, in the case of a Member or Guarantor that is a partnership or limited liability company, with respect to the general partner(s), managing member or manager(s) of such Member or Guarantor).

6.09(d) The Managing Member, the Administrative Member and the Developer are each accrual method taxpayers for federal income tax purposes. The books of the Company shall be kept on the accrual basis and the fiscal and tax years of the Company shall be the calendar year.

6.09(e) Except as disclosed in writing to the Investor Member, no litigation, action, investigation, or proceeding is pending or has occurred or, to the Best Knowledge of such Member, is threatened, against such Member, the Company or any Guarantor (or, in the case of a Member or Guarantor that is a partnership or limited liability company, with respect to the general partner(s), managing member or manager(s) of such Member or Guarantor). Furthermore, there is no indictment or threatened indictment of such Member or any Guarantor under any criminal statute, or commencement or threatened commencement of criminal or civil proceedings against such Member or any Guarantor (or, in the case of a Member or Guarantor that is a partnership or limited liability company, with respect to the general partner(s), managing member or manager(s) of such Member of Guarantor).

6.09(f) The Project Documents are in full force and effect (except to the extent fully performed in accordance with their respective terms) and no default (or event which, with the giving of notice or the passage of time or both, would constitute a default) has occurred thereunder.

6.09(g) The application for Credits filed by the Company with the Agency remains true and correct in all material respects and in conformance with the requirements of the Agency’s qualified allocation plan. The Company has received from the Agency a 2014 carryover allocation of Credit in the annual amount of at least $1,056,000, and the Projected Annual Credit Amount is expected as of the date of this Agreement to be allocated by the Company to the Investor Member. Furthermore, the Company’s basis in the Apartment Complex as of July 1, 2015 (the date set by the Agency for meeting the requirements of Code Section 42(h)(1)(E)) exceeded 10% of the
reasonably expected basis in the Apartment Complex as of **December 31, 2016** and the Administrative Member will cause the Apartment Complex to be placed in service, with all units in each building completed and ready for occupancy in accordance with the Company’s Carryover Allocation Agreement with the Agency, not later than **December 31, 2016**. The Accountants have prepared the certification with respect to satisfaction of the 10% test set forth in the preceding sentence and provided such certification (and documentation supporting the costs stated to have been incurred) to the Investor Member for its review and comment at least 10 calendar days before such certification was provided to the Agency. The Administrative Member shall, within 10 days of its receipt, provide to the Investor Member a copy of (i) the Carryover Allocation Agreement, the Extended Use Agreement and any Forms 8609 issued to the Company and (ii) any temporary or permanent certificates or permits of occupancy. In addition, the Apartment Complex is located in a “qualified census tract” or “difficult development area” as defined in Code Section 42(d)(5)(C), or is otherwise entitled to a 30% basis increase pursuant to the Agency’s rules or regulations.

6.09(h) Such Member has disclosed all material actions with respect to the Company taken by such Member prior to the date hereof.

6.09(i) A copy of all material documents relating to the Company and the Apartment Complex have been delivered to the Investor Member, including, without limitation, the timely delivery of all reports required under **Article 12**.

6.09(j) The Company has good and marketable title to the Apartment Complex free and clear of all material Liens, except for (A) those easements, reservations, restrictions or other matters that (i) would not materially adversely affect the Apartment Complex or its contemplated use or (ii) have been bonded against in such a manner as to preclude the holder of the Lien or claimant from having any recourse to the Company or the Company’s property, (B) Liens for taxes and assessments which are not yet due and payable, and (C) Permitted Liens.

6.09(k) There are no outstanding loans or advances (excluding, for this purpose, any loans pursuant to **Section 6.12** and development advances with respect to the Apartment Complex) from such Member or its Affiliates to the Company, and the Company has no unsatisfied obligation to make any payments of any kind to any Member or its Affiliates, except as set forth in **Article 7** hereof.

6.09(l) Such Member is not, to its Best Knowledge, in default in the observance or performance of any provision of this Agreement to be observed or performed by such Member.

6.09(m) To its Best Knowledge, no event has occurred which has caused, and such Member has not acted in any manner which will cause (i) the Company to be treated for federal income tax purposes as an association taxable as a corporation, (ii) the Company to fail to qualify as a limited liability company under the Uniform Act, or (iii) any Investor Member to be liable for Company obligations in excess of its agreed-to Capital Contributions.
6.09(n) The Land upon which the Apartment Complex is located is zoned in a manner that provides for operation of the Apartment Complex as a permitted use, and neither the Company nor such Member has received any notice of any violation with respect to the Apartment Complex of any law, rule, regulation, order or judgment of any governmental authority having jurisdiction over the Apartment Complex which would have a material adverse effect on the Apartment Complex or the use, operation or occupancy thereof.

6.09(o) The Apartment Complex will be constructed in a timely manner in conformity with the Project Documents. There is no violation by the Company or such Member of any zoning, environmental or similar regulation applicable to the Apartment Complex which could have a material adverse effect thereon, and the Company has complied with all applicable municipal and other laws, ordinances and regulations relating to such construction and use of the Apartment Complex and has obtained (or will obtain when necessary) all permits and licenses necessary for the construction, use, occupancy and operation of the Apartment Complex. All appropriate public roadways, public utilities, including sanitary and storm sewers, water, and electricity are or will be available and operating properly for each unit in the Apartment Complex at the time of the first occupancy of such unit.

6.09(p) There is and shall be no personal liability of the Investor Member for the repayment of the principal of or payment of interest on the Mortgage Loans during their respective terms.

6.09(q) Except as previously disclosed by such Member in writing to the Investor Member, neither the Company nor the Apartment Complex, to such Member’s Best Knowledge after reviewing the Environmental Reports, is in violation of Clean Air Act, Clean Water Act, Resource Conservation and Recovery Act, Toxic Substance Control Act, Safe Drinking Water Control Act, Comprehensive Environmental Response, Compensation and Liability Act and Occupational Safety and Health Act or any other federal, state or local law relating to hazardous substances. Neither such Member nor the Company has received any notice from any governmental agency that the Company, Apartment Complex or land upon which it is located is in violation of any such law.

6.09(r) All payments and expenses required to be made or incurred to the date of this representation in order to complete construction of the Apartment Complex in conformity with the Project Documents, to fund any reserves hereunder or under any other Project Document and/or to satisfy all requirements under the Project Documents have been paid or incurred. In addition, no failure or refusal of a Lender or other party to make any advance under the Company’s loan documents has occurred and is continuing.

6.09(s) The Apartment Complex will contain eight (8) market rate units. The Apartment Complex will not contain any commercial areas.

6.09(t) The Company owns no property other than the Apartment Complex.
6.09(u) The Administrative Member owns no property other than its Interest in the Company. The Managing Member owns no property other than its Interest in the Company and its interest in other limited liability companies or limited partnerships.

6.09(v) None of the proceeds of the Mortgage Loans has been provided through the issuance of tax-exempt bonds.

6.09(w) All federal, state, or other municipal wetlands permits required for the development of the Apartment Complex have been issued.

6.09(x) The Investor Member will not be required to file a HUD Form 2530 or its equivalent for corporate investors, in connection with the acquisition of its Interest.

6.09(y) The Investor Member will not be required to pay a transfer tax in connection with its acquisition of its Interest. The Company has paid all transfer taxes due in connection with the acquisition of the Land, or will do so on the Closing Date.

6.09(z) The Construction Loan has closed.

6.09(aa) Each Mortgage Loan has a fixed maturity date that is prior to the anticipated economic life of the Apartment Complex and the Company will be able to repay each Mortgage Loan as it matures.

6.09(bb) O-SDA Industries, LLC, a Texas limited liability company, the sole member of the Managing Member (the “MM Sole Member”), is a “Historically Underutilized Business” as certified by the Texas Comptroller of Public Accounts, and complies, through its ownership interest, profits and developer fee interest, with all requirements for a Historically Underutilized Business, and shall Materially Participate in the development and operation of the Apartment Complex throughout the Compliance Period. The MM Sole Member has, or has caused the Company to, submit a certification from the Texas Comptroller of Public Accounts certifying that the MM Sole Member is a “Historically Underutilized Business” in accordance with the Historically Underutilized Business Guidelines and the qualified allocation plan applicable to the Credits for the Apartment Complex.

Section 6.10. Covenants Relating to the Apartment Complex and the Company. The Administrative Member shall have the following duties and obligations with respect to the Apartment Complex and the Company, and covenants that:

6.10(a) The Administrative Member shall cause the completion of the construction of the Apartment Complex substantially in accordance with the Plans approved by the Lender and the Investor Member and all requirements necessary to obtain the required certificates of occupancy for dwelling units, or cause the same to be completed, in a good and workmanlike manner, free and clear of all mechanics’, materialmen’s or similar Liens, and shall equip the Apartment Complex or cause the same to be equipped with all necessary and appropriate fixtures, equipment and articles.
of personal property, including refrigerators and ranges, and shall cause all necessary certificates of occupancy for all apartment units in the Apartment Complex to be obtained, all in accordance with the Project Documents. If the available debt, equity, rental income (provided that rental income may only be used for this purpose if and to the extent of Net Operating Income) or other proceeds are insufficient to (i) acquire and complete the construction of the Apartment Complex and satisfy all other Construction Completion obligations as provided in this Section 6.10(a), and (ii) provide for all other payments and expenses required to be made or incurred, including for this purpose the payment in full of (A) all change orders and Budget increases (regardless of amounts and regardless of whether they have been approved by the Lenders or the Investor Member), to the extent that available Company funds are insufficient to pay for such change orders or Budget increases and (B) the funding of any reserves required hereunder or under any other Project Document to be funded on or prior to the funding of the Final Installment, the Administrative Member shall be responsible for and obligated to pay such deficiency at the time such deficiency is determined, and any such payments shall be treated as a Capital Contribution to the Company. The Members shall determine such deficiency as soon after Construction Completion as reasonably possible. Notwithstanding the prior sentence, if the Administrative Member becomes obligated to make such a Capital Contribution, the Administrative Member first shall be entitled to use any due and currently payable (but unfunded) equity proceeds that were originally anticipated in the Budget to exclusively provide for the payment of the Developer Fee to pay such deficiency (which shall result in a like amount of payment deferral with respect to the Developer Fee) and second, shall be entitled to reimbursement for any such Capital Contribution made by the Administrative Member hereunder of up to (i) $300,000 from the proceeds of the 95% Construction Completion Installment, and (ii) $595,972 from the proceeds of the Final Installment otherwise intended to pay Developer Fee, if and when due and payable pursuant to this Agreement (which shall also result in a like amount of payment deferral with respect to the Developer Fee). The reimbursements referred to in the prior sentence shall be subject to the conditions precedent that the Investor Member shall have received evidence satisfactory to it that (i) the resulting increase in the Developer Loan will not jeopardize the Company’s ability to have a “reasonable expectation of payment” during the Compliance Period of that portion of the Developer Fee necessary for the Company to have sufficient eligible basis to allocate the Projected Aggregate Credit Amount to the Investor Member, (ii) the Administrative Member has made any payment to achieve any loan reduction necessary for Permanent Loan Closing, (iii) the Operating Reserve shall have been fully funded, and (iv) all Adjuster Distributions due to the Investor Member have been made, and such sums are not otherwise necessary to pay Costs of Improvements. If Construction Completion occurs without full utilization of the then available debt and equity proceeds (the parties hereto agree that such debt and equity proceeds shall be used to finance the construction of the Apartment Complex before any use of Net Operating Income for such purpose), any construction cost savings in the amount of such differential (or, if less, the amount of the budgeted construction contingency) shall be applied to the reduction of the outstanding balances of the First Mortgage Loan to the extent required by the lender of the First Mortgage Loan, or held in reserve and used, with the Consent of all Lenders and the Investor Member, for Apartment Complex amenities or other depreciable costs, provided,
however, if the Eligible Basis of the Apartment Complex equals an amount sufficient to generate the amount of Credits specified in Section 6.09(g), any construction cost savings may be used to pay the Developer Fee. Remaining proceeds made available because of construction cost savings may be used to pay down the principal balance of the First Mortgage Loan to the extent permitted by the lender of the First Mortgage Loan without penalty, or shall be deposited into the Replacement Reserve.

Prior to the date required by the First Mortgage Loan, the Company shall satisfy on a timely basis all conditions and requirements for Permanent Loan Closing. The Administrative Member shall contribute to the Company such funds as are necessary to fully repay the Construction Loan, re-size the First Mortgage Loan if the amount of the First Mortgage Loan is not determined until Permanent Loan Closing, and achieve Permanent Loan Closing. In addition, at no time after the Ninety Five Percent Construction Completion Installment shall the outstanding balance of the Construction Loan exceed $2,700,000.

6.10(b) The Apartment Complex will be developed and operated in a manner that satisfies and shall continue to satisfy all requirements and restrictions, including tenant income and rent restrictions, (i) applicable to projects generating Credits, (ii) imposed by any Project Document, and (iii) necessary to comply with, or generate the benefits, amenities and services described in, the Company’s tax credit application. The Administrative Member shall cause the Apartment Complex to be placed in service within the meaning of the Code on or before December 31, 2016. All requirements shall be met which are necessary to obtain or achieve (i) compliance with the 40-60 “set-aside test” as defined in Section 42(g)(1)(B) of the Code, the “rent restriction” test as defined in Section 42(g)(2) of the Code, special set aside requirements pertaining to handicapped, impaired, homeless and other special tenants, if any, and any other requirements necessary for the Apartment Complex to initially qualify, and to continue to qualify, for Credits as to 68 residential rental units, (such requirement shall not include any manager units and shall be met from and after the end of the first year of the Credit Period) and (ii) issuance of all necessary certificates of occupancy, including all governmental approvals required to permit occupancy of all of the apartment units in the Apartment Complex.

The Company shall execute and record an Extended Use Agreement that is binding on all successors of the Company and otherwise qualifies as a valid “extended low-income housing commitment” under Code Section 42(h)(6), and shall maintain the Extended Use Agreement in full force and effect for each year of the Compliance Period. No portion of the financing or operation of the Apartment Complex will be funded with grants or federal subsidies (as defined in Code Section 42(i)(2)) and the Eligible Basis of the Apartment Complex shall not include any costs financed with the proceeds of a federally funded grant (within the meaning of Code Section 42(d)(5)(A));

6.10(c) While conducting the business of the Company, it shall not act in any manner which it knows or should have known after due inquiry would (i) cause the termination of the Company for federal income tax purposes without the Consent of the Investor Member, (ii) cause the Company to be treated for federal income tax purposes as an association taxable as a corporation, (iii) cause the Company to fail to qualify as a limited liability company under the Uniform Act or (iv) cause a Investor Member to be liable for Company obligations in excess of its unpaid Capital Contributions plus any
distributions required to be returned pursuant to the Uniform Act, provided that such
Member shall not be in breach of this Section 6.10(c)(iv) if such liability is caused by an
action or inaction of any Investor Member. The Company will not (A) own or acquire
any asset or property other than the Apartment Complex and incidental personal property
necessary for the ownership or operation of the Apartment Complex or (B) engage in any
business other than that related to acquiring, owning, constructing and operating the
Apartment Complex;

6.10(d) The Administrative Member shall own no other property other
than its Interest and shall engage in no business activity other than serving as
Administrative Member of the Company. It shall exercise good faith in all activities
relating to the conduct of the business of the Company, including the acquisition,
operation and maintenance of the Apartment Complex, and shall take no action in its
capacity as Administrative Member with respect to the business and property of the
Company which is not reasonably related to the achievement of the purpose of the
Company;

6.10(e) The Administrative Member is exclusively responsible for
negotiating and performing all services incident to (i) the Company’s acquisition of the
Land underlying the Apartment Complex, (ii) the arranging of appropriate zoning and
equity and permanent financing with respect to the Apartment Complex (including, but
not limited to, reviewing the State of Texas’ qualified allocation plan, applying for
Credits and obtaining such marketing and feasibility studies and appraisals as it deems
reasonably necessary) and (iii) the organization and formation of the Company. In
addition, the Administrative Member is responsible for the management and operation of
the Company, including the oversight of the leasing and operational stages of the
Apartment Complex, and it shall promptly take all action that may be necessary or
appropriate for the proper development, maintenance and operation of the Apartment
Complex in accordance with the provisions of this Agreement and the Project
Documents. In this regard, among other things, it shall have the obligations to keep the
Apartment Complex in good working order and condition, reasonable wear and tear
excepted, to not commit waste with respect to the Apartment Complex and to promptly
repair or replace any damage to the Apartment Complex;

6.10(f) Such Member covenants that it shall cause the Company to
depreciate all of its applicable property under the Modified Accelerated Cost Recovery
System (MACRS) set forth in Code Section 168 and that no election will be made under
Code Section 168(g)(7) to use the Alternative Depreciation System (ADS) without the
Consent of the Investor Member. In addition, no lease of any portion of the Apartment
Complex will be entered into if such lease would cause any portion of the Apartment
Complex to be treated as tax-exempt use property under the Code;

6.10(g) The Apartment Complex and all of (i) the fixtures, maintenance
supplies, tools, equipment and the like now and to be owned by the Company or to be
appurtenant to, or to be used in the operation of, the Apartment Complex, as well as (ii)
the rents, revenues and profits earned from the operation of the Apartment Complex, will
be free and clear of all security interests and encumbrances except for the Mortgages and
any additional security agreements (including financing statements) executed in connection with the Mortgage Loans;

6.10(h) The Company will make on a timely basis all tax return and other filings necessary to qualify for the Credits. In addition, it will execute on behalf of the Company all documents necessary to elect, pursuant to Sections 732, 734, 743 and 754 of the Code, to adjust the basis of the Company’s property upon the request of the Investor Member. Additionally, Investor Member may compel the Company to make an election to defer commencement of the Credit Period to 2017 pursuant to Code Section 42(f)(1) in order to avoid the application of Code Section 42(f)(3). In connection with its preparation of all tax returns and forms (including initial Forms 8609 for each Building) from the date hereof, the Company shall receive (and provide to the Investor Member) (i) from the Accountants, the Cost Certification, in form and substance acceptable to the Investor Member, to be used by the Company in applying to Agency for the issuance of (A) a carryover allocation of Credit, including satisfaction of the “10% cost incurrence” requirement of Code Section 42(h)(1)(E) and (B) Form 8609 with respect to each Building and (ii) from the Accountants, a written agreed-upon procedure report addressing, based upon a review of the applicable tenant certifications and documents with respect to all units performed by such entity, the Qualified Basis (as such term is defined in Section 42(c)(1) of the Code) of each Building. The Administrative Member covenants that it will provide or cause to be provided to such entity (with a contemporaneous copy to the Investor Member) all information requested by such entity to determine the Qualified Basis of each Building, including, but not limited to, a copy of all tenant files, leases, certifications and income verification documentation. The Administrative Member shall provide the initial Forms 8609 to the Investor Member at least 14 calendar days (but in all events within 10 days of receipt thereof by the Administrative Member) prior to the date such Forms are required to be filed with the Service and the Consent of the Investor Member shall be received before any election is made to defer commencement of the Credit Period pursuant to Code Section 42(f)(1);

6.10(i) The Administrative Member will hire the Accountants and provide them with such information in its possession and sign such documents as are necessary for the Company to make timely, accurate and complete submissions of federal and state income tax returns (and in all events such returns shall be filed with respect to the year of the Investor Member’s admission to the Company and each year thereafter). The parties hereto covenant and agree that the Accountants identified in Section 2.01 shall be the accountants for the Company for the purposes of preparing such returns, the audit of the Company and the matters set forth in Section 6.10(h) from the date hereof and through at least the first three tax years commencing with the year in which the first Building in the Apartment Complex is placed in service by the Company or, if later, the first year of the Credit Period. Thereafter, the Administrative Member may change Accountants with the Consent of the Investor. The Administrative Member and the Company hereby agree, authorize and direct the Accountants to contemporaneously provide to the Investor Member copies of all tax returns, audits and any other information described in this Article 6 or Section 12.06 that the Accountants deliver to the Administrative Member or to the Company. The Administrative Member agrees and acknowledges that all Company Tax Returns shall be provided to the Investor Member for its review and approval at least
ten (10) Business Days prior to the date such tax returns are required to be filed (and the approval of the Investor Member to such returns shall be deemed received if no objection is received by the Administrative Member prior to the due date for filing; provided, however, approval of tax returns by the Investor Member shall not be treated or construed as a waiver of any of its rights or remedies under any provisions of this Agreement);

6.10(j) It will take all actions necessary to comply with the Project Documents and keep them in full force and effect and it will not intentionally take any action or intentionally fail to take an action which would result in (a) acceleration of payments owed under any Company loan or (b) an uncured default under any Project Document. The Administrative Member shall provide to the Investor Member fully executed copies of all construction and permanent loan documents (including, without limitation, the applicable construction or permanent loan note, loan agreement, mortgage, deed of trust and all other security agreements, assignments, financing statements, guarantees, agreements, certificates and instruments executed in connection with such loan) within 30 days of the applicable loan closing;

6.10(k) The Administrative Member shall furnish to the Investor Member within five Business Days of receipt thereof, a copy of any notice of default or other material notice under the Mortgage or any of the Project Documents (including any loan commitment) given to the Company or to the Administrative Member by the Lender. It shall also furnish to the Investor Member within five Business Days of execution a copy of all amendments or changes to the articles, bylaws, certificate, partnership agreement, operating agreement or other organizational documents of the Managing Member, the Administrative Member, the Company or any Guarantor (without implying the consent of Investor Member to any such amendment or change to any such organizational document). In addition, it shall promptly respond to any reasonable requests or inquiries made in writing by the Investor Member regarding matters affecting the Apartment Complex or the Company;

6.10(l) The Administrative Member will use all reasonable efforts to cause the Apartment Complex to be: (i) developed in compliance with all applicable laws including, without limitation, laws pertaining to (A) wetlands and (B) endangered, threatened, or rare species; and (ii) kept in compliance with all applicable zoning regulations, ordinances, and subdivision laws, rules, and regulations;

6.10(m) The Administrative Member shall use all reasonable efforts to maintain the Apartment Complex and the Land so that there is no discharge, release, spillage, uncontrolled loss or seepage of any oil, petroleum or chemical liquids or solids, liquid or gaseous products or any hazardous wastes or hazardous substances (as such terms are used in the Comprehensive Environmental Response, Compensation and Liability Act of 1980) which causes a genuine risk to the health or safety of the residents or employees of the Apartment Complex. The Administrative Member shall also use all reasonable efforts to maintain the Apartment Complex and the land upon which it is located so as not to violate the Clean Air Act, Clean Water Act, Resource Conservation and Recovery Act, Toxic Substance Control Act, Safe Drinking Water Control Act, Comprehensive Environmental Response, Compensation and Liability Act and
Occupational Safety and Health Act and other federal, state and local laws governing hazardous substances. In the event that the Investor Member becomes personally liable for Company violations with respect to the Apartment Complex under any federal, state or local hazardous substance law, the Administrative Member shall indemnify and hold harmless the Investor Member (except to the extent attributable to direct actions of the Investor Member) for any and all costs, expenses (including reasonable attorneys’ fees), damages, or liabilities to the extent that the Investor Member is required personally to discharge such costs, expenses, damages, or liabilities in whole or in part from any source other than Company resources. The foregoing indemnification (i) shall be a recourse obligation of the Administrative Member, (ii) shall survive the dissolution of the Company with respect to violations which occurred prior to the death, retirement, incompetency, insolvency, bankruptcy, or withdrawal of the Administrative Member against whom the indemnification provided in this paragraph is sought to be enforced, (iii) shall continue to benefit the Investor Member subsequent to its transfer of its Interest, and (iv) shall benefit the Investor Member’s successors and assigns. In addition, the Administrative Member shall provide the Investor Member with prompt written notice (i) upon any Administrative Member or Affiliate thereof obtaining knowledge of any potential or known release, or threat of release, of any hazardous material at or from the Apartment Complex or any other property owned, occupied or operated by any Administrative Member, any Affiliate of a Managing Member or any Person for whose conduct any Administrative Member or Affiliate of a Administrative Member is or was responsible and whose liability may result in a Lien on the Apartment Complex, (ii) upon any Administrative Member or Affiliate thereof receiving any notice to such effect from any federal, state, or other governmental authority, or (iii) upon any Administrative Member or Affiliate thereof obtaining knowledge of any occurrence of any expense or loss by any such governmental authority in connection with the assessment, containment, or removal of any hazardous material for which expense or loss a Lien may be imposed on the Apartment Complex;

6.10(n) The Administrative Member shall provide the Investor Member with prompt written notice (and with copies of appropriate correspondence) within five calendar days in the event that the Company receives any writing from the Service or the Agency that the Apartment Complex or any portion thereof is not in compliance with the requirements of Section 42 or is subject to a Credit recapture event or any other event that could result in an adjustment to the Credits or losses allocable to the Investor Member. In addition, it shall promptly provide to the Investor Member a copy of the annual certification required to be submitted by the Company to the Agency pursuant to Treas. Reg. § 1.42-5, including a copy of all required reports with respect to building code violations and the certification with respect to compliance with the Fair Housing Act;

6.10(o) If any of the low income residential rental units in the Apartment Complex fail at any time during the Compliance Period to constitute eligible low-income units or if the Apartment Complex is not in compliance with the requirements contained in Section 42 of the Code, the Administrative Member agrees to notify the Investor Member within five calendar days of its knowledge of such event or occurrence and the Administrative Member shall promptly commence and diligently prosecute to completion all actions reasonably necessary to bring the dwelling units or the Apartment Complex, as
the case may be, into compliance with the requirements of Section 42, such that the Apartment Complex will qualify and continue to qualify for Credits during the Compliance Period as projected. In addition, if at any time after attainment of Permanent Loan Closing, less than 90% of the low-income units in the Apartment Complex are physically occupied by Qualified Tenants who are current in the payment of rent under their leases, then the Administrative Member shall within five calendar days of such event provide written notification of same to the Investor Member;

6.10(p) The Administrative Member shall establish and maintain reasonable reserves to provide for working capital needs, improvements, replacements and any other contingencies of the Company;

6.10(p)(i) At a minimum, the Administrative Member shall cause the Company to establish and maintain a Replacement Reserve with Wells Fargo Bank, National Association (or with the First Mortgage Lender if required under its loan documents), to be funded monthly throughout the term of this Agreement, commencing the earlier of (A) 24 months after the Closing Date; or (B) Permanent Loan Closing at an annualized rate of $300 per dwelling unit per year (such amounts to be increased three percent (3%) each twelve month period), or such higher amount as is required by any Lender. Funds in the Replacement Reserve shall not be used for any purpose other than capital improvements. All amounts remaining in the Replacement Reserve at the end of the last expiring Compliance Period with respect to any Building shall either be used for Company expenses or capital expenditures or distributed in accordance with Section 4.02(a).

6.10(p)(ii) In addition, the Administrative Member shall cause the Company to establish, from a portion of the proceeds of the Final Installment, and thereafter maintain, a segregated operating reserve account with Wells Fargo Bank, National Association (or with the First Mortgage Lender if required under its loan documents), in an amount not less than $202,000 (the “Operating Reserve”). The Operating Reserve shall require the signatures of both the Administrative Member and the Investor Member before withdrawals therefrom can be made. The Operating Reserve may only be used to pay any operating expenses, debt service obligations or other expenses of the Company approved by the Members and accrued or paid subsequent to the expiration of Period 1 (as such term is defined in Section 6.12). The treatment and disbursement of sums remaining in the Operating Reserve upon the expiration of the last Compliance Period will be governed by the terms of the First Mortgage Loan documents; provided, however, that at such time as the First Mortgage Loan documents do not restrict the use of the funds in the Operating Reserve after the expiration of the last Compliance Period with respect to any Building, then such funds shall be distributed to the Members in accordance with Section 4.02(a).

6.10(q) The Administrative Member shall cause the Company to maintain in full force and effect with reputable licensed insurers (each insurer must have rating from A. M. Best Co. of A-VI or better), such insurance policies, including fire and extended coverage insurance, as may be required by any Lender; provided that in all
events, the Company shall obtain and maintain in favor of the Company, the Investor Member (as a “Loss Payee” with respect to items (i) and (iii) below and as an “Additional Insured” with respect to item (ii) below) and the Lender as named insureds as their interests appear: (i) fire and extended coverage insurance in an amount equal to at least the full replacement cost of the Apartment Complex, and with not more than $25,000 deductible from the loss payable for any casualty, (except that the deductible for wind damage shall not be more than 5% of the full replacement cost of the Apartment Complex); (ii) single limit comprehensive general liability insurance (including coverage for elevators, if any, in the Apartment Complex) on an “occurrence basis” against claims for personal injury in an amount of at least $1,000,000 coverage for any single occurrence and $2,000,000 aggregate coverage for any single year (inclusive of umbrella policies); (iii) business interruption insurance and/or rental loss insurance commencing on or before the date of Construction Completion and adjusted annually thereafter in an amount equal to the greater of (a) the maximum amount of rental income that could be generated over 12 months assuming each unit in the Apartment Complex was rented at the then maximum permitted rent under Code Section 42 or (b) rental income for the prior 12 months or (c) the amount of such insurance required by a Lender; and (iv) workers’ compensation insurance in an amount not less than the statutory minimum. Flood insurance will also be required if the Apartment Complex is located in a Special Flood Hazard Area (Zones A or V) as designated by the Federal Emergency Management Agency (“FEMA”) in an amount equal to the lesser of: (a) the minimum amount required under the terms of coverage to compensate for any damage or loss on a replacement basis (or the unpaid balance of the Company’s outstanding mortgage indebtedness plus the total amount of the Investor Member’s Capital Contribution obligation if replacement cost coverage is not available for the type of building insured); or (b) the maximum insurance available under the appropriate National Flood Insurance Administration program. Unless a higher minimum amount is required by FEMA or other law, the maximum deductible clause for such flood insurance should be no more than $3,000 per Building. Title to the Apartment Complex shall be insured at all times by a reputable title insurance company in an amount equal to at least the sum of the then outstanding debt secured by the Apartment Complex plus the amount of the Investor Members’ Capital Contribution commitment reflected on Exhibit H hereto. All required insurance will be and shall be in effect and will be kept in full force and effect during the Company’s ownership of the Apartment Complex and each policy will include a provision requiring the insurance company to notify the Investor Member in writing 30 days (10 days for cancellation due to nonpayment of premium) prior to the cancellation of any such policy. The Administrative Member shall deliver to the Investor Member evidence that all insurance required hereunder has been obtained, continued or replaced with a policy meeting the conditions of this Agreement on or before 15 calendar days prior to any expiration or cancellation of a policy. The Administrative Member shall cause the Company to comply with the insurance provisions of all Project Documents. Subject to the rights of Mortgage Lenders, the proceeds of property insurance required by this Agreement shall be used to restore or rebuild the Apartment Complex, unless the Members mutually agree otherwise;

6.10(r) The Investor Member may, at its sole option and sole cost, require that the Company obtain types and amounts of insurance in addition to those described in
Section 6.10(q). In such event, the Administrative Member shall cooperate with the Investor Member in coordinating the various policies such that each insurer is aware of the other policies and shall ensure that the Company’s policies obtained pursuant to Section 6.10(q) (i) constitute primary coverage, and (ii) do not contain provisions that reduce the obligations under such policies due to the existence of the additional policies required by the Investor Member under this Section 6.10(r);

6.10(s) The Administrative Member shall cause the Company to display such financing signs at the Apartment Complex as reasonably requested by the Investor Member;

6.10(t) Except as otherwise required by applicable governmental agencies or regulations, neither the Administrative Member nor the Managing Member shall discuss or otherwise disclose any of the terms or conditions of the Investor Member’s investment in the Company without the Consent of the Investor Member; provided, however, any of the Members (and each employee, representative, or other agent of any of the Members) may, without limitation of any kind, disclose to any and all Persons the tax treatment and tax structure of the Investor Member’s investment in the Company and all materials of any kind (including, opinions or other tax analyses) that are provided to any of the Members relating to such tax treatment and tax structure.

6.10(u) The Administrative Member shall provide to the Investor Member at least thirty (30) days’ advance written notice of any ribbon cutting, groundbreaking, project opening or similar ceremony relating to the Apartment Complex and the Investor Member shall be entitled to attend any such ceremony and be publicly recognized;

6.10(v) The Managing Member and the Administrative Member acknowledge that the Investor Member is required, pursuant to Federal law and the applicable sections of the “Patriot Act,” to obtain, verify, and record certain financial and personal information in the fight to stop the funding of terrorism and money laundering activities in the United States. With respect to the Investor Member’s compliance with such laws, the Managing Member and the Administrative Member agree to assist, cooperate and, to the extent reasonably requested to do so, supply such information to the Investor Member;

6.10(w) The Administrative Member shall cause itself, the Managing Member and the Company to remain in good standing in accordance with the requirements of the State and the State of Texas, to the extent required under applicable laws of the State and the State of Texas, and shall annually provide to the Investor Member a current certificate of good standing for each entity at the same time it submits the Company Tax Returns pursuant to Section 6.10(i).

6.10(x) The Administrative Member shall provide Tenant Services to tenants of the Apartment Complex of the type, number and duration necessary for compliance with the requirements of the application for Tax Credits provided to the Agency.
6.10(y) The Administrative Member shall cause the Company to make the election pursuant to Section 42(f)(1)(B) of the Code prior to the end of the first year of the Credit Period with respect to a Building unless the Administrative Member provides satisfactory evidence to the Investor Member that 100% of the low-income set-aside units in such Building were leased and occupied by Qualified Tenants prior to the end of the first year of the Credit Period.

6.10(z) The Administrative Member represents, warrants and covenants that the Apartment Complex will at all times have the right of direct pedestrian and vehicular ingress to and egress from the Apartment Complex to an open and publicly-dedicated street.

Section 6.11. Construction of the Apartment Complex. Prior to Construction Completion, the Administrative Member shall have the following duties and obligations with respect to the Apartment Complex:

6.11(a) The Administrative Member shall provide, at the Company’s expense, all manner of materials, labor, implements and cartage of every description for the proper and complete construction of the Apartment Complex. In addition, the Company shall take all necessary steps to assure that construction and installation of the Apartment Complex improvements shall begin within 30 days following the date of receipt of a notice to proceed, and, in any event, not later than 30 days following the date of this Agreement, shall proceed continuously and diligently, and shall be completed in a timely manner in accordance with the Plans and the applicable construction documents. In addition, the Administrative Member shall provide the Investor Member with the construction development schedule for the Apartment Complex, and any amendments thereto, prior to the commencement of construction of the Apartment Complex.

6.11(b) The Administrative Member agrees that it will correct any work performed and replace any materials that do not comply with the Plans, and correct any latent defects, regardless of when discovered. In the event of any dispute between the Company and Lender or Investor Member with respect to the interpretation and meaning of the Plans, the same shall be determined by an independent architect selected by Lender and Investor Member.

6.11(c) All labor and materials contracted for and in connection with construction of the Apartment Complex shall be used and employed solely on the Apartment Complex and in said construction, and only in accordance with the Plans. The moneys disbursed to or for the account of the Company under this Agreement shall constitute a trust fund in the hands of the Company or other payee and shall be used solely by such payee for the payment of the Cost of Improvements and for no other purpose unless another use is specifically provided for in this Agreement or Consented to by Investor Member and Lender.

6.11(d) The Administrative Member shall on behalf of the Company promptly pay and discharge or cause to be paid and discharged, as and when due, any and all income taxes (federal or otherwise) lawfully assessed and imposed upon the
Company, and any and all lawful taxes, rates, levies and assessments whatsoever upon the Company’s properties and every part thereof, or upon the income or profits therefrom and all claims for labor, materials or supplies which, if unpaid, might be or become a Lien or charge upon any of the Company’s property; provided, however, that nothing herein contained shall be construed as prohibiting the Company from diligently contesting in good faith by appropriate proceedings the validity of any such taxes, rates, levies or assessments, provided the Company has established adequate reserves therefor in conformity with generally accepted accounting principles consistently applied on the books of the Company.

6.11(e) The Administrative Member shall cause the construction and equipping of the Apartment Complex (including, without limitation, all tenant improvement work) to be performed in a timely and good and workmanlike manner in accordance with the construction schedule approved by Investor Member prior to the Admission Date (the “Construction Schedule”), and to be prosecuted with diligence and continuity and, in all respects, in accordance with the approved Plans and otherwise in accordance with this Agreement, the Project Documents (as applicable) and in compliance with all Laws.

6.11(f) Subject to the requirements of any Mortgage Loan, the Administrative Member agrees to use all commercially reasonable means to cause Lender to apply all insurance proceeds resulting from casualty or damage of the Apartment Complex and all payments or awards resulting from a taking, for any public or quasi-public purpose, by any lawful power or authority by exercise of the power of condemnation or eminent domain, promptly toward the restoration, replacement or rebuilding of the Apartment Complex, or any part thereof, as nearly as possible to its value, condition and operational character immediately prior to any such damage, destruction or taking, free and clear from any and all Liens and claims other than Permitted Liens.

6.11(g) The Administrative Member shall not consent to the sale, assignment or transfer of any loan of any Lender, or any portion thereof, without first obtaining the Consent of the Investor Member.

6.11(h) The Administrative Member shall at all times during the construction of the Apartment Complex maintain or cause to be maintained (i) “builder’s all-risk” coverage insurance, which, upon Construction Completion, the Company shall convert to “all risk” coverage insurance against loss or damage as may now or hereafter be covered by the standard “all-risk” form of insurance policy, with claims to be settled on a replacement-cost basis. In addition, the Administrative Member shall promptly deliver to the Investor Member original certificates of insurance satisfactory to the Investor Member evidencing such insurance, together with the amount of the annual premium therefor, the name and address of the insurers and the name and telephone number of the individual insurance representative. Any changes in such insurance or insurers must be approved by the Investor Member and evidenced by replacement certificates of insurance satisfactory to the Investor Member. The Administrative Member shall promptly deliver to Investor Member copies of all insurance policies and
other insurance information, as required under the Project Documents or as required in this Agreement.

6.11(i) The Company shall not accept or permit materials to be stored on the real property upon which the Apartment Complex is being constructed if such materials are not intended to be used in connection with the Apartment Complex. No Capital Contributions will be made or funds advanced for materials stored at the Apartment Complex unless the Administrative Member furnishes satisfactory evidence, as determined by the Investor Member in its sole discretion, that such materials are properly stored and secured at the Apartment Complex and subject to such terms and conditions as the Investor Member may determine, which may include proof of sufficient insurance against risk of loss for full replacement cost with a standard loss payee endorsement. The Investor Member may impose limitations on the aggregate cost of materials stored at the Apartment Complex. All stored materials must be incorporated into the Apartment Complex within thirty (30) days of the request for funding regarding such materials, and the Investor Member may impose such additional conditions and requirements as it deems appropriate in its sole discretion. In the event any materials stored at the Apartment Complex are stolen, lost or in any other manner misplaced, destroyed or rendered unusable prior to the making of a Capital Contribution with respect thereto, the Investor Member shall not be obligated to make any Capital Contribution with respect thereto or on account of the cost of replacement thereof. Capital Contributions may be made for deposits placed with suppliers or for materials in fabrication or for costs incurred by the Company with respect to materials stored offsite of the Apartment Complex in the sole discretion of the Investor Member, and if such Capital Contributions are so permitted by the Investor Member, they shall be made subject to such terms and conditions as the Investor Member may require.

6.11(j) The Administrative Member shall disclose to the Investor Member any event that would prevent payment or reduce the amount of the Capital Contribution to be paid when due under this Agreement and, as a condition to the payment of each Installment, the Administrative Member shall furnish evidence satisfactory to Investor Member that the undisbursed proceeds of the Capital Contribution, plus the amount of the Construction Loan and any additional sums deposited by Administrative Member, less any deferred fees due Administrative Member (or its Affiliate) or Contractor, will be sufficient to pay the Costs of Improvements of the Apartment Complex.

6.11(k) The Administrative Member shall furnish to the Investor Member such other approvals, opinions, certificates, documents or agreements as Investor Member may reasonably request, in form and substance reasonably acceptable to Investor Member.

6.11(l) The Administrative Member agrees to provide notice to the Investor Member of any change in the financial condition of the Administrative Member or Guarantor which could have a material adverse effect on the ability of the Administrative Member or Guarantor to satisfy their respective obligations under the Project Documents or this Agreement.
6.11(m) Intentionally Omitted.

6.11(n) The Administrative Member agrees that all change orders of a material amount that effect a change in the Plans or Budget must be approved in writing by Lenders (as required under their respective loan documents) and Investor Member before the Company becomes committed to the same, provided that no change order shall increase the total Costs of Improvements unless the Company or the Administrative Member contributes sufficient additional equity to cover such increase in the total Costs of Improvements as determined by Investor Member in its sole and absolute discretion (provided, such additional equity shall not be required if funds are otherwise available as described in Section 6.10(a), and provided further, such funding may be subject to the reimbursement provisions set forth in Section 6.10(a)). In addition, any proposed material increase in the Budget, or any material changes in the various categories thereof shall be submitted to and approved by Lenders and Investor Member prior to the time that Company shall become committed to making any such increases or changes. For purposes of this paragraph, a change in the Budget or a change order shall be deemed to be a material amount if the same in any single instance equals or exceeds $50,000, or if the change, together with all prior changes, aggregates a sum exceeding $100,000.

6.11(o) The Administrative Member shall provide to the Investor Member a list of the names and contact information for each of the Major Subcontractors on or prior to the Closing Date, unless otherwise extended by the Investor Member.

6.11(p) Notwithstanding anything to the contrary contained herein or in any Project Document, the Administrative Member shall provide to the Investor Member for its approval, copies of all “construction draws” for Construction Loan proceeds (and Initial Installment proceeds as described herein) with back-up supporting documentation at least five (5) Business Days prior to submission of such draw to the Construction Lender. The Investor Member agrees to use commercially reasonable efforts to review each such draw within three (3) Business Days after receipt of such draw. To the extent any such draw is not approved by the Investor Member, the Administrative Member shall not submit such draw for payment to any Lender.

6.11(q) The Administrative Member shall obtain a foundation survey of the Apartment Complex within thirty (30) days following the completion of the foundation for the last Building in the Apartment Complex to have its foundation completed.

Section 6.12. Operating Deficit Loans. If, at any time prior to the satisfaction of all conditions precedent to the making of the Final Installment (“Period 1”), an Operating Deficit exists, the Administrative Member shall fund the Operating Deficit without limitation as to amount by making Operating Deficit Loans. For a minimum of 36 months following Period 1, the Administrative Member’s obligation to fund Operating Deficits through Operating Deficit Loans shall continue in an additional amount (i.e., not reduced by any Operating Deficit Loans made in Period 1) not to exceed $305,000 in the aggregate. Commencing with the 37th month following Period 1, if the Operating Reserve is fully funded to the amount of $202,000, the Administrative Member shall have no further obligation to fund Operating Deficits through Operating Deficit Loans. Notwithstanding anything to the contrary set forth in this Agreement, after Period 1, funds in the Operating Reserve may be used to pay Operating Deficits before the
Administrative Member is required to make Operating Deficit Loans; provided, however, that any release of funds from such reserves is subject to the Investor Member’s approval under Section 6.10(p)(ii) hereof, and further provided that funds in the Operating Reserve used to pay Operating Deficits shall not be credited against Administrative Member’s obligation to fund Operating Deficits.

An Operating Deficit Loan shall not be treated as funded for purposes of determining application of the limits on the Administrative Member’s Operating Deficit Loan obligations set forth in the prior paragraph if and to the extent the principal amount of any Operating Deficit Loan has been repaid to the Administrative Member pursuant to Section 4.02 after Period 1.

All Operating Deficit Loans shall bear interest at the rate of 10% per annum, compounded annually, and shall be repayable from Cash Flow or Net Proceeds as provided in Article 4. No Person who is not a party to this Agreement (including, without limitation, any creditor of the Company) shall be entitled to rely on the Administrative Member’s undertaking to make Operating Deficit Loans as set forth in this Section 6.12.

The parties hereto agree that nothing in this Section 6.12 shall reduce, limit or otherwise affect the obligations of the Administrative Member to make Adjuster Contributions as set forth in Section 3.05 of this Agreement.

The Administrative Member shall have the right, but not the obligation, to make Operating Deficit Loans to cover any Operating Deficit in excess of any limits on the Administrative Member’s Operating Deficit Loan obligations in this Section 6.12. Notwithstanding the prior sentence, the Investor Member shall have grounds to automatically remove the Administrative Member if (i) an Operating Deficit (which is not the subject of a good faith dispute) continues to exist for 60 consecutive days after receipt by the Administrative Member from the Investor Member of written notice of such Operating Deficit (which written notice shall state that failure by the Administrative Member to comply with the requirements of this Section 6.12 shall be grounds for automatic removal and shall request that the Administrative Member provide to the Investor Member a satisfactory work out plan) and the Administrative Member fails to provide in good faith a reasonable work out plan to the Investor Member during such 60 day period; or (ii) the Administrative Member fails to fund an Operating Deficit (which is not the subject of a good faith dispute) within 25 days after its receipt from the Investor Member of written notice that the Investor Member intends to fund such Operating Deficit (which written notice shall state that failure by the Administrative Member to comply with the requirements of this Section 6.12 shall be grounds for automatic removal), the Investor Member then funds such Operating Deficit after the expiration of such 25 day period in an amount greater than $10,000, and the Administrative Member then fails to reimburse the Investor Member in full within 5 days after the Investor Member funds such Operating Deficit. The Members agree that funds in the Operating Reserve shall be used to fund Operating Deficits prior to the application of the prior sentence.

Section 6.13. Obligation to Purchase Interest of Investor Member.

6.13(a) Notwithstanding any other provision contained herein, if (i) each Building is not placed in service on or before December 31, 2016, or, if earlier, the date required by any Lender or governmental agency; (ii) the Company’s basis in the Apartment Complex for federal income tax purposes as finally determined by the Accountants or pursuant to any audit by the Service, as of the date required by the
Agency, is less than 10% of the Company’s reasonably expected basis in the Apartment Complex as required by Section 42(h)(1)(E) of the Code or the requirements of the Agency’s allocation of Credits are otherwise not satisfied; (iii) the Company fails to meet the minimum set-aside test, the rent restriction test of Code Section 42(g) within 12 months of the date that the Apartment Complex is placed in service, or any other requirement necessary for the Apartment Complex to qualify for Credits; (iv) the Apartment Complex has not achieved occupancy by Qualified Tenants of at least 90% of its low-income set-aside units by December 31, 2017 or the Company fails to qualify for at least 70% of the projected Credits as referenced in Section 6.09(g) in any year after the first year in the Credit Period; provided, however, that if all Credit Adjuster Contributions have been made prior to the expiration of the fifth full tax year of property operations (provided the Investor Member has received final Company Tax Returns for all such years) (the first year in which the Investor Member is allocated Credits in an amount not less than 99.99% of the Credits for which the Company is determined to be eligible based upon the final Cost Certification and Forms 8609 for each building in the Apartment Complex for such year shall constitute the first full year of property operations for purposes hereof), then such event shall not constitute a grounds for repurchase under this Section 6.13(a); (v) the Company has not achieved Permanent Loan Closing by July 1, 2018 or, if earlier, the maturity date of the Construction Loan, or if prior thereto a commitment for any Company loan is cancelled, withdrawn or substantially modified without the Consent of the Investor Member; (vi) prior to Construction Completion, any substantial damage to or destruction of the Apartment Complex shall occur and the applicable insurance proceeds shall not be made available by the Lender for the restoration of the Apartment Complex or shall not, in the reasonable opinion of the Investor Member, be sufficient to repair and restore the Apartment Complex in a manner that would qualify for the aggregate projected Credit allocable to the Investor Member or the Apartment Complex is not restored within 24 months following such casualty; (vii) prior to Construction Completion, there shall have occurred an Abandonment; (viii) prior to the making of the Final Installment, a foreclosure action is commenced against the Apartment Complex and not dismissed within 45 days; or (ix) the Company fails to receive the approval of the Investor Member’s admission into the Company from any lender or governmental agency (whose approval is required) within 60 days of the Admission Date; then the Administrative Members shall be obligated to repurchase the Interest of the Investor Member (which shall include, for this purpose, the Interest of the Special Member) for an amount specified in Section 6.13(b). For purposes of this Agreement, “Abandonment” means the complete abandonment of the Apartment Complex such that all work by all contractors, subcontractors, materialmen, suppliers and any other tradespersons performing any work and supplying any materials or supplies for the Apartment Complex shall have ceased for at least 45 days.

6.13(b) If the Administrative Member becomes obligated to purchase the Investor Member’s Interest as provided in Section 6.13(a), the Administrative Member shall immediately give written notice to the Investor Member of the occurrence of such event and of the Administrative Member’s obligation to purchase the Investor Member’s Interest. By written notice to the Administrative Member (regardless of receipt of the Administrative Member’s notice), the Investor Member may elect to require the Administrative Member to purchase the Investor Member’s Interest upon the occurrence
of an event specified in Section 6.13(a). The amount of the purchase price (the “Buyout Price”) shall equal, as of the actual date of purchase, the sum of (A) the aggregate amount of Capital Contributions and advances made by the Investor Member to the Company plus (B) the legal, accounting and internal costs incurred by the Investor Member in connection with its investment in the Company (subject to an aggregate cap of $80,000 for the various costs included in this clause (B)) plus (C) the amount of any interest, penalties and recapture amounts imposed (or determined by the Accountants to likely be imposed) on the Investor Member as a result of such purchase or its prior claiming of Credits with respect to the Company, plus (D) an amount that, on an After-Tax Basis, equals all transfer taxes or similar assessments incurred by the Investor Member in connection with its investment in the Company or the sale of its Interest pursuant to this Agreement, such amount representing the parties’ good faith estimate of damages incurred by the Investor Member, less (E) Credits taken by the Investor Member and not recaptured.

If the Investor Member elects to have its Interest purchased, the Administrative Member shall purchase such Interest for the Buyout Price in cash within 30 days after notice from the Investor Member of its election to have its Interest purchased. Upon receipt of the Buyout Price, the Investor Member shall then transfer (and shall, for no additional consideration, cause the Special Member to transfer) its Company Interest to the Administrative Member or its designee free and clear of any Liens or interests of any third party and shall execute or cause to be executed any documents reasonably required to fully transfer such Company Interest. As of the effective date of such transfer, the Investor Member shall withdraw from the Company and shall have no further interest in or obligation to the Company, and, if required by the Uniform Act, the Administrative Member shall promptly file an amendment to the Certificate in the Filing Office reflecting the withdrawal of the Investor Member (and the Special Member).

The Investor Member may waive in writing its right to require the Administrative Member to purchase its Interest by reason of the application of any of the provisions of Section 6.13(a) at any time. After such waiver the Administrative Member shall have no further obligation to purchase the Interest of the Investor Member by reason of the application of the provision to which such waiver relates.

Section 6.14. Tenant Services. The Administrative Member is obligated to cause the Company to provide Tenant Services for the full Compliance Period of each Building. The Members currently anticipate that a third party social services provider will provide Tenant Services at no cost to the Company. If, however, the Company must pay for Tenant Services at any time, the Administrative Member shall pay the costs and expenses of providing Tenant Services. Neither the Company nor any other Member shall be obligated to reimburse the Administrative Member for any sums expended by the Administrative Member in paying for Tenant Services.

ARTICLE 7

PAYMENTS TO MEMBERS AND AFFILIATES AND OTHERS

Section 7.01. Property Management Fee. Subject to any restrictions set forth in the Project Documents, the Company shall pay to the Management Agent for its services in managing the Apartment Complex a monthly fee in an amount equal to the greater of (i) 5% of the Effective Gross Income for the preceding month, or (ii) $2,000 per month. In no event shall
Section 7.02. Developer Fee. For services rendered in connection with the Company’s development and construction of the Apartment Complex, the Company shall pay a Developer Fee (including overhead) to the Developer in an amount equal to $1,587,481 or such other amount as may be permitted by the Agency. The Developer Fee shall be the sole sum due the Developer for its services under the Development Agreement, and the Developer shall not be reimbursed for internal overhead or internal or third party expenses. If the Developer has expended funds on the Company’s behalf prior to the Closing Date, it may be reimbursed pursuant to the Reimbursement Agreement. The Developer Fee shall be deemed earned in its entirety as of the date of Construction Completion and otherwise in accordance with the terms of the Development Agreement provided, however, that the amount and timing of payments of the Developer Fee shall be governed by this Agreement. Notwithstanding anything to the contrary contained in this Agreement or in the Development Agreement, the Developer Fee, or any rights thereto, shall not be assigned or transferred to any third party without the Consent of the Investor Member. The Developer shall be paid such portion of its Developer Fee as possible from available debt and equity proceeds of the Company, to the extent such proceeds are not required for other Company purposes (e.g., payment of any Adjuster Distributions required pursuant to Section 3.05 hereunder). The remainder of the Developer Fee shall constitute a loan from the Developer to the Company with interest at the long-term Applicable Federal Rate (the “Developer Loan”), payable to the Developer from Cash Flow and/or Net Proceeds as described in Article 4, but in all events the Developer Loan shall be repaid by the date that is 15 years after projected completion date. In all events, however, a portion of the Developer Loan necessary for the Company to have sufficient eligible basis to allocate the Projected Aggregate Credit Amount to the Investor Member, (as determined by the Accountants and approved by the Investor Member), (the “Required Paydown”), shall be due on the fifteenth (15th) anniversary of Construction Completion. To the extent that Cash Flow and/or Net Proceeds through such date (or, if earlier, the date of liquidation of the Company) are insufficient to repay that portion of the Developer Loan, the Administrative Member shall make a Capital Contribution to the Company in the amount of the Required Paydown and the Company shall pay such amount to the Developer in reduction of the Developer Loan. If an Event of Bankruptcy occurs with respect to the Developer, the Administrative Member or any Guarantor, the Administrative Member shall be required to make a Capital Contribution to the Company in the amount necessary to pay the balance of the Developer Loan, if any. The Company shall use such Capital Contribution to repay the Developer Loan. The Developer shall not be a third party beneficiary of these covenants.

Subject to the provisions of this Agreement and to the extent funds are available as described above, it is anticipated (but not required) that the Developer Fee will be paid as follows: (i) $300,000 upon the Initial Installment (ii) $300,000 upon satisfaction of all conditions of the 95% Construction Completion Installment; (iii) $595,972 upon satisfaction of all conditions of the Final Installment; and (iv) the balance from Cash Flow and/or Net Proceeds.

Section 7.03. Incentive Management Fee. In consideration for the efficient management of the Company and the business thereof as described in the Incentive Management Fee Agreement, the Administrative Member and the Managing Member shall be paid a
noncumulative Incentive Management Fee from Cash Flow in the priority set forth in Section 4.02(a), in accordance with the Incentive Management Fee Agreement. In no event, however, may the combined amount of (i) the fees payable to any Management Agent, and (ii) the Incentive Management Fee payable with respect to any year exceed the lesser of $40,000 or 12% of the Company’s Effective Gross Income for such year. The Administrative Member and the Managing Member hereby represent that the Incentive Management Fee payable pursuant to this Section 7.03 constitutes reasonable compensation for its provision of the services described in Section 1 of the Incentive Management Fee Agreement.

Section 7.04. Grant of Security Interest. In order to secure the performance by the Administrative Member, the Managing Member and the Developer of their obligations under this Agreement, the Development Agreement and all other agreements or instruments delivered concurrently herewith, the Administrative Member, the Managing Member and the Developer hereby assign to the Investor Member, subject to the security interest of the Construction Lender, all amounts otherwise payable to the Administrative Member, the Managing Member and the Developer under this Agreement and the Development Agreement (as fees, distributions or otherwise), which assignment shall be deemed a grant of a security interest. The Administrative Member, the Managing Member and the Developer hereby represent and warrant to the Investor Member that the security interest granted hereunder is and shall remain a security interest in the collateral herein described subject only to the security interest granted to the Construction Lender. At the request of the Investor Member, the Administrative Member, the Managing Member and the Developer shall execute and deliver such documents and take such other actions as may be necessary or appropriate in the discretion of the Investor Member to further evidence and perfect the security interest granted hereby. To the extent permitted by applicable law, the Administrative Member, the Managing Member and the Developer hereby authorize the Investor Member to file Uniform Commercial Code financing statements in the name of such Persons, as applicable.

Notwithstanding any of the foregoing, unless and until there occurs an event of default of an obligation of the Administrative Member, the Managing Member or the Developer hereunder, which remains uncured after expiration of the applicable cure period, the Investor Member agrees to forebear exercising its right under this Section 7.04 to any Developer Fee payable to Developer or fees or distributions payable to the Managing Member or Administrative Member under this Agreement, and the Developer, the Administrative Member and the Managing Member shall have the right to receive all Developer Fee or fees/distributions payable to them under this Agreement or the Development Agreement.

RIGHTS AND OBLIGATIONS OF INVESTOR MEMBERS

Section 8.01. Liability of Investor Members. The Investor Member shall be liable only to make Capital Contributions as and when due hereunder. After its Capital Contribution is fully paid, no Investor Member shall be required to make any further Capital Contribution or lend any funds to the Company, and no Investor Member shall be liable for any debts, liabilities, contracts, or obligations of the Company, except as otherwise required by the Uniform Act.
Section 8.02. No Right To Manage, Partition or Dissolve. No Investor Member shall take part in the management, control, conduct or operation of the Company (or the Apartment Complex), or have any right, power or authority to act for or bind the Company. Notwithstanding the foregoing, the Administrative Member, the Managing Member and the Company expressly agree that the Investor Member shall have the right, exercisable in its sole discretion, to contact at any time any Lender to ascertain the status of payment and/or performance by the Company under the applicable loan documents and the Accountants with respect to any financial or tax information with respect to the Company. No provision of this Agreement which makes the Consent of the Investor Member a condition for the effectiveness of an action taken by the Administrative Member or Managing Member is intended, and no such provision shall be construed, to give the Investor Member the right to participate in the control of the Company business. No Investor Member shall have the right to bring an action for partition or dissolution against the Company as long as the Company is operated in accordance with Section 1.04, and the Investor Member hereby waives, to the full extent permitted by law, the right to institute an action for partition or dissolution as long as the Company is operated in accordance with Section 1.04.

Section 8.03. Death or Disability of Investor Member. The Company shall not be dissolved by the death, insanity, adjudication of incompetency, bankruptcy, insolvency or Withdrawal of any Investor Member, by the assignment of the Interest of a Investor Member, by the assignment of the Interest of a Investor Member, or by the admission of a Substituted Investor Member.

Section 8.04. Removal of a Member.

8.04(a) The Investor Member shall have all rights and remedies available at law, in equity, and/or under this Agreement and the other Project Documents including, without limitation, the right to remove a Managing Member or Administrative Member and elect or appoint a new Managing Member or Administrative Member, upon the occurrence of any of the following events (a "Removal Event"):  

8.04(a)(i) in the event of (A) fraud or any felony conviction of such Member, any partner or member of such Member, any Guarantor, or any Affiliates thereof (collectively, the "Principals"), or (B) any Principal’s other violation of laws that, in the case of this clause (B) only, would or could have a material adverse impact on the Company or the Investor Member;  

8.04(a)(ii) such Member’s performance constituting bad faith, willful misconduct, gross negligence or breach of fiduciary duty;  

8.04(a)(iii) such Member, or any Affiliate thereof, shall have violated any provisions of any Project Document or any document required in connection with any Mortgage and shall not have cured such violation within applicable grace periods, if any (but in no event less than 10 days after its receipt of written notice of the violation);  

8.04(a)(iv) such Member shall have violated, and not cured within 10 days after written notice from the Investor Member, any provision of this
Agreement, including, but not limited to, any of its representations and covenants in Article 6, any obligation to provide funds under Sections 3.05, 6.10 or 6.12, and such violation causes a material adverse effect on the Company or any of its Members (provided that the parties hereto agree that any uncured violation to provide funds under Section 3.05, 6.10 or 6.12 shall be deemed to have a material adverse effect; similarly, any violation under Section 12.06 that has not been cured within 60 days of receipt by such Member of written notice of such violation shall be deemed to have a material adverse effect);

8.04(a)(v) any Mortgage shall have gone into default and not been cured within any applicable cure period provided therein;

8.04(a)(vi) an Event of Bankruptcy shall have occurred with respect to the Managing Member, the Administrative Member, the Company, or any Guarantor (or a Guarantor shall fail to comply with all material terms of the Guaranty) or if any Guarantor is a corporation, limited liability company, partnership or limited partnership, and such entity shall have dissolved, liquidated or otherwise terminated);

8.04(a)(vii) without the Consent of the Investor Member, an event of Withdrawal shall have occurred with respect to such Member as a result of one or more sales, transfers or other assignments to other than an Affiliate of a controlling interest in a Member which is a corporation or limited liability company or of a general partner interest in a Member which is a limited partnership;

8.04(a)(viii) any event (other than a Change in Law) that causes the Credits available to the Company in any year after the first year in which the Company claims Credits to be less than 85% of the Projected Annual Credit Amount for such year as referenced in Section 6.09(g); or

8.04(a)(ix) such Member shall have conducted its own affairs or the affairs of the Company in such a manner as would (x) cause the termination of the Company for federal income tax purpose or (y) cause the Company to be treated for federal income tax purposes as an association taxable as a corporation.

8.04(b) Upon the removal of a Member, without any further action by any Member, the Special Member or its designee shall automatically become a Managing Member or Administrative Member, as applicable, and the Company shall acquire the Interest of the removed Member for an amount equal to the greater of (i) $100 or (ii) the Capital Account balance of the removed Member on the date of removal, less any amounts owed by the Member for Adjuster Contributions, operating deficits, or other obligations under this Agreement which have not been paid. Amounts owed to the removed Member pursuant to the preceding sentence shall be payable by the Company, without interest, upon the earlier of fifteen years from the date of removal or the sale of all or substantially all of the Company’s assets. The economic Interest of the Special Member as the Special Member shall continue unaffected by the new status of the Special
Member or its designee as a Managing Member or Administrative Member, and the new Member shall automatically be irrevocably delegated all of the powers and duties of the removed Managing Member or Administrative Member, as applicable, pursuant to this Agreement. Nothing in this Section 8.04(b) shall reduce or otherwise limit the rights, remedies or other actions available to the Investor Member against the removed Member. If a Member withdraws or is removed from the Company for any reason whatsoever, then such Member shall be and shall remain liable for all damages to the Company resulting from such Member's breach of this Agreement and for all its obligations and liabilities under this Agreement, including, without limitation, all its liabilities and obligations under Article 6 (and including, without limitation, its obligation to make the payments required under Section 7.02 herein), and liabilities and obligations based on facts and circumstances that occur prior to its withdrawal or removal except that (i) the former Member shall not be liable for any liabilities and obligations directly arising from the gross negligence, intentional misconduct or breach of this Agreement by any successor Member, and (ii) the former Member shall not have the obligation to continue to act as a Member of the Company. A Member so removed will not be liable for any obligations of the Company incurred or attributable to events or actions occurring after the effective date of its removal (including, without limitation, any obligation to make payments pursuant to Sections 3.05, 6.05, or 6.10 or loans pursuant to Section 6.12 to the extent attributable to events or actions occurring after the effective date of its removal), but shall continue to be liable for all obligations and liabilities incurred or attributable to events occurring prior to the effective date of its removal no matter when discovered. A Member so removed shall fully indemnify and hold harmless the Special Member (or its designee), as a substitute Member, as well as any other remaining Members, against any and all losses, judgments, liabilities, expenses and amounts paid in settlement of any claims sustained in connection with its capacity as a Member to the extent that any such losses, judgments, liabilities, expenses and settlement payments relate to, arise from, or are attributable to claims, actions, omissions or events arising prior to the date of removal. Each Member hereby grants to the Special Member an irrevocable (to the extent permitted by applicable law) power of attorney coupled with an interest to execute and deliver any and all documents and instruments on behalf of such Member and the Company as the Special Member may deem to be necessary or appropriate in order to effect the provisions of this Section 8.04 and to enable the new Administrative Member to manage the business of the Company. Nothing in this Section 8.04(b) shall limit or reduce the rights of the removed Member or any Affiliate thereof to receive any fees for services previously performed or repayment of Operating Deficit Loans, if any, in accordance with the terms thereof; provided, however, the parties hereto agree that any cash distributions, fees, loans or other payments otherwise distributable or owed to the removed Member or its Affiliates (including, without limitation, the amount of any Developer Loan or Operating Deficit Loan) shall, in the sole and absolute discretion of the substitute Member, be satisfied by applying all or any of such amounts to any unpaid obligation of the removed Member pursuant to this Agreement (including, without limitation, any obligations of the removed Member pursuant to Section 3.05, 6.05, 6.10, 6.12 or 7.02). In addition, notwithstanding any longer term of any Management Agreement or other contract, the Investor Member shall have the right in the event the Administrative Member is removed as such Administrative Member pursuant to this
Agreement, to terminate without penalty the Management Agreement (if the Management Agent is an Affiliate of the Administrative Member) and every other contract between the Company and the removed Member and/or Affiliates of the removed Member by notice, effective simultaneously with such removal.

Section 8.05. Outside Activities. Nothing herein contained shall be construed to constitute any Investor Member hereof the agent of any other Member hereof or to limit in any manner the Investor Member in the carrying on of its own business or activities. Any Investor Member may engage in and/or possess any interest in other business ventures (including partnerships of whatever kind) of every nature and description, independently or with others, whether existing as of the date hereof or hereafter coming into existence. Neither the Company nor any other Member hereof shall have any rights in or to any such independent ventures or the income or profits derived therefrom and nothing shall be construed to render them partners or members in any such other business ventures.

ARTICLE 9

TRANSFERABILITY OF INVESTOR MEMBER INTERESTS

Section 9.01. Consent of Members Not Required for Assignment. The Investor Member may sell, transfer, assign or otherwise Dispose of all or any part of its Interest without the prior written consent of the Managing Member or the Administrative Member, provided the assignee assumes liability for all unpaid Capital Contribution obligations. Each assignee shall automatically become a Substituted Investor Member. Every assignee of an Investor Member’s Interest who desires to make a further assignment of its Interest shall be subject to all the provisions of this Article 9 to the same extent and in the same manner as an Investor Member.

Section 9.02. Member Cooperation. In conjunction with any sale, transfer, assignment or other Disposition by the Investor Member of all or any part of its Interest in accordance with the provisions of this Article 9, the Investor Member is authorized to obtain updated UCC, judgment and tax lien searches with respect to the Managing Member, the Administrative Member and the Company and to disclose information concerning the Company, the Administrative Member, the Managing Member, the Guarantor and any other Persons involved in the development and operation of the Apartment Complex and to initiate contact (and take any other actions needed to obtain required consents) with any Lender or other third-party whose consent to such Disposition may be required. The Managing Member and the Administrative Member represent and agree that they will take all actions reasonably necessary (or requested by the Investor Member) to cooperate with the Investor Member and facilitate the Investor Member’s Disposition of its Interest and/or the receipt of such consents, including, but not limited to, providing financial statements, information and reports with respect to the Managing Member, the Administrative Member, Guarantor and/or the Company and reaffirming the accuracy of the representations and covenants set forth in Sections 6.09 and 6.10 and the Investor Member shall reimburse the Managing Member and the Administrative Member for all costs reasonably incurred by it pursuant to this Section 9.02.
ARTICLE 10

WITHDRAWAL OF A MEMBER; DISPOSITION OF A MEMBER’S INTEREST

Section 10.01. Transfer and Withdrawal. No Managing Member or Administrative Member may voluntarily Withdraw from the Company or transfer all or any part of its Interest in the Company without the Consent of the Investor Member and all other Members, except that if the Special Member or a designee thereof becomes a Managing Member or Administrative Member pursuant to this Agreement, it shall not require the consent of any other Member to transfer all or any portion of its Interest as a Member, other than as may be required under the Uniform Act. In the event of any Withdrawal by a Managing Member or Administrative Member in violation of this Section 10.01, such Member, in addition to being subject to any and all other legal remedies which may be pursued by the Members, shall forfeit to the Special Member or its designee, such Member’s Interest and all unpaid fees from (and any loans to) the Company and shall remain liable for all of the Withdrawing Member’s obligations under this Agreement. In addition, upon such Withdrawal, the Special Member or its designee shall automatically become a Member without further action by the Withdrawing Member or any other Member, and each Member hereby consents to such transfer and to the admission of the Special Member or its designee as a Member in such a situation. Such transfer shall occur automatically upon such Withdrawal without further action by such Withdrawing Member.

Section 10.02. Obligation To Continue. Upon the Withdrawal of a Member, the Company shall continue except that any remaining Member shall have the right and obligation to elect to continue the business of the Company and shall, within 30 days, notify the Investor Member of such Withdrawal and such election. If the Investor Member elects and admits a successor Member, the relationship among the then Members shall be governed by this Agreement.

Section 10.03. [Intentionally Omitted].

Section 10.04. Interest of Member After Permitted Withdrawal. In the event of the Withdrawal of a Member not in violation of Section 10.01, the Withdrawing Member hereby covenants and agrees to transfer to any remaining Member(s) or to a successor Member selected in accordance with Section 10.02, as the case may be, such portion of the Withdrawing Member’s Interest as such remaining or successor Member(s) may designate. Such transfer shall be made in consideration of the payment by the transferee of the fair value of such Interest, which, in the absence of agreement between such parties, shall be determined by a committee of three appraisers, one selected by the Withdrawing Member, one selected by the transferee and a third selected by the other two appraisers. The proceedings of such committee shall conform to the rules of the American Arbitration Association, as far as appropriate, and its decision shall be final and binding. The portion of the Withdrawing Member’s Interest to be transferred in accordance with the provisions of this Section 10.04 shall be sufficient to ensure the continued treatment of the Company as a partnership under the Code, and, for the purposes of Article 4, shall be deemed to be effective as of the date of Withdrawal, but the Company shall not make any distributions to the designated transferee until the transfer has been made. Any holder of any portion of the Interest of a Withdrawing Member which is not designated to be transferred to the remaining or successor Member(s) pursuant to the provisions of this Section 10.04 shall become
a Special Member and shall be entitled to the same share of the Profits and Losses, Cash Flow and other distributions to which such Interest was entitled.

**Section 10.05. Additional Members.** With the Consent of the Investor Member, the Administrative Member shall have the right to designate one or more Persons as additional Members. Notice of any such designation shall be promptly given to all the other Members. The Administrative Member shall assign to such Persons such portion of its Interests as may be agreed upon by the Administrative Member and such Persons, provided such assignment does not cause a loss or recapture of the Credit to the Investor Member and does not jeopardize the classification of the Company as a partnership under the Code.

**ARTICLE 11**

**MANAGEMENT AGENT AND MANAGEMENT FEE**

11.01(a) The Administrative Member shall have the responsibility for supervising the management of the Apartment Complex and the Management Agent. The Company shall not enter into any Management Agreement or modify, terminate or extend any Management Agreement unless (i) it shall have obtained the Consent of the Investor Member to the identity of the Management Agent and the terms of the Management Agreement or the modification, termination or extension thereof; (ii) such Management Agreement or modified or extended Management Agreement provides that it is terminable without penalty by the Company on 30 days’ notice by the Company and (iii) the Lenders shall have consented, to the extent required under the Project Documents, to the new or modified Management Agreement. The Administrative Member shall cause each Management Agreement entered into by the Company to provide that the Management Agent shall take all actions reasonably necessary (or requested by the Investor Member or Administrative Member) to cooperate with the Investor Member or Administrative Member in monitoring the Management Agent’s compliance with the terms of the Management Agreement and this Agreement, including, but not limited to, maintaining tenant files and records in accordance with Section 12.01, verification of fees and expenses incurred by the Management Agent, verification of compliance with the tenant certification and other requirements of Code Section 42 and the Agency, and verification of compliance with the Fair Housing Act and other applicable laws.

11.01(b) The Management Agent shall receive a management fee, which fee shall be paid in accordance with the terms of Section 7.01 and the Management Agreement, which shall be executed by the Company. If (i) the Apartment Complex shall be subject to a substantial building code violation which shall not have been cured within two months after notice from the applicable governmental agency or department, (ii) an Event of Bankruptcy shall occur with respect to the Management Agent, (iii) the Management Agent shall commit misconduct or negligence in its conduct of its duties and obligations under the Management Agreement and/or any Lender-approved management plan for the Apartment Complex, (iv) the Apartment Complex has incurred Operating Deficits for two (2) consecutive months following the making of the Final Installment (provided, however, that if the Administrative Member has made loans or
Capital Contributions to the Company sufficient to cover such Operating Deficits, the termination and appointment rights of the Investor Member in this section shall not be exercised as a result of a violation of this subsection (iv)), (v) after the first year of the Credit Period, less than 95% of the low-income set-aside units are qualified “low-income units” under Code Section 42(i)(3), (vi) the Management Agent is cited by any Credit monitoring or compliance agency of the State of Texas or any other governmental agency for (and has not cured within a reasonable period of time the particular violation(s)) a material violation of any applicable rule, regulation or requirement, including, but not limited to, noncompliance with the minimum set-aside test, the rent restriction test or any other Credit-related provision, or (vii) the Management Agent fails to cooperate with the Investor Member or Administrative Member in monitoring the Management Agent’s compliance with the terms of the Management Agreement, then, upon request by the Investor Member and after providing the Management Agent with thirty (30) days notice and opportunity to cure (and the receipt of any required approval of the Lender), the Administrative Member shall cause the Company to promptly terminate the Management Agreement with the Management Agent and appoint a new Management Agent approved by the Investor Member. The Administrative Member hereby grants to the Special Member an irrevocable (to the extent permitted by applicable law) power of attorney coupled with an interest to take any action and to execute and deliver any and all documents and instruments on behalf of the Administrative Member and the Company as the Special Member may deem necessary or appropriate to effectuate the provisions of this Section 11.01(b). The Company shall not enter into any future management arrangement or renew or extend any existing management arrangement unless such arrangement is terminable without penalty upon the occurrence of the events described in this Article 11. During the pendency of any proceeding to remove a Administrative Member from the Company, the Investor Member shall have the right to control all Company decisions as to the Management Agent.

11.01(c) The Administrative Member will have the duty to manage the Apartment Complex during any period when there is no Management Agent (until such time as a replacement Management Agent satisfactory to the Administrative Member and the Investor Member is found, and the parties hereto agree to use their best efforts to agree on an acceptable replacement Management Agent within 30 days) and the Company will pay the Administrative Member for such services a management fee equal to such amount as may be deemed to be reasonable by the Investor Member and no greater than the amount that would be paid to an unrelated party performing substantially similar services. If the Management Agent is not an Affiliate of a Administrative Member, the Administrative Member represents and agrees that it or its Affiliates shall not, directly or indirectly, receive any payment or other form of compensation from the Management Agent or any of its Affiliates.

ARTICLE 12

Section 12.01. Books and Records. The Company shall maintain all books and records which are required under the Uniform Act, the Code and Regulations, or by any governmental
agencies having jurisdiction and may maintain such other books and records as the Administrative Member deems advisable. All records required to determine the Company’s ability to claim Credits (including, without limitation, records regarding Eligible Basis of the Apartment Complex and records pertaining to the qualification and recertification of tenants) shall be kept and maintained during the entire Compliance Period plus six years thereafter (provided that records with respect to tenants who are other than the initial occupants of a unit need be maintained only for a period of six years). All such records shall be turned over to the Investor Member upon any removal or withdrawal of the Administrative Member or upon any termination of a Management Agent appointed pursuant to Article 11. Upon the request of the Investor Member, the Administrative Member shall promptly provide to the Investor Member copies of all records and files with respect to initial and other tenants, income certifications and such other information as is necessary to establish at any time the number of units treated as occupied by Qualified Tenants (and the Investor Member agrees to reimburse the Administrative Member for all costs reasonably incurred by the Administrative Member in providing such information to the Investor Member). The Company will also maintain a list of the names and addresses of all Members. Section 12.04. Accountants. The Accountants shall prepare, for execution by the Administrative Member, all Company Tax Returns and shall prepare all annual financial reports to the Members, which shall be in such detail as the Investor Member may reasonably require. If the Accountants provide any required returns, reports, calculations or other items that this Agreement requires them to provide more than 60 days late, or more than 30 days late in two consecutive calendar years, Investor Member shall have the absolute right to cause the Company to terminate the Accountants and engage substitute accountants selected by the Administrative Member that are acceptable to the Investor Member in its sole and absolute discretion.

Section 12.05. Federal Income Tax Elections. Subject to Article 4 and Section 6.10(h) all elections made by the Company under the Code shall be made by the Administrative Member, and the Administrative Member shall provide notice to the Investor Member of such elections (provided that the Consent of the Investor Member shall be required for any election that could affect the timing and/or amount of Credits or losses allocable to the Investor Member). Notwithstanding any other notice requirements contained herein, furnishing copies of the Company Tax Returns shall constitute notice under this Section 12.05.
Section 12.06. Information to Investor Member.

12.06(a) For each year of the Company’s existence, the Company shall deliver to the Investor Member, within 60 days after the end of the Company Taxable Year, the following:

12.06(a)(iii) audited financial statements for the Company (in a format reasonably acceptable to the Investor Member) for the preceding Company Accounting Year, beginning with respect to Accounting Year 2015.

12.06(b) An annual pro forma operating budget shall be prepared by the Administrative Member for the Management Agent and furnished to the Investor Member no later than 30 days before the beginning of each Company Accounting Year.

12.06(c) After the earlier of (i) twelve months following Construction Completion and (ii) Permanent Loan Closing, within 30 days after the end of each quarter of a fiscal year of the Company (provided, however, that if the Apartment Complex fails to attain a Debt Service Coverage Ratio of not less than 1.00 to 1 for any three (3) consecutive months the Investor Member shall, upon written notification to the Administrative Member, have the right to require the delivery of the information in this Section 12.06(c) to it within 30 days after the end of each month until such time as the Debt Service Coverage Ratio has increased to 1.10 to 1 for three (3) consecutive months), the Administrative Member shall cause to be prepared and distributed to the Investor Member a report containing:

In addition, if the Administrative Member fails to so pay, the Administrative Member shall forthwith cease to be entitled to the payment or distribution of any Cash Flow or Net Proceeds to which it may otherwise be entitled under Article 4 hereof. Such payments or distributions of Cash Flow and Net Proceeds shall be restored and allowed only upon the payment of such damages in full, and any amount of such damages not so paid shall be deducted against payments of the Cash Flow or Net Proceeds otherwise due to the Administrative Member. In addition, if any delinquent delivery of the information required by this Section 12.06 is not cured within 30 days of the Administrative

Re: 811 Units – Art at Bratton’s Edge

Dear Jason:

Per the 2019 TDHCA Qualified Allocation Plan, I am hereby submitting a request for your consideration to add ten 811 program units at Art at Bratton’s Edge, in Austin, Texas.

Under the Amended and Restated Operating Agreement for Art at Bratton’s Edge, the Managing Member’s authority is restricted under section 6.01 and operational authority is vested in the Administrative Member. Further, neither the Managing Member nor the Administrative Member has the authority without consent of the Investor Member to modify the Project Document or create and permit any encumbrances other than the Mortgages and Mortgage Loans. As such, Investor Member consent would be required to add 811 units which require a Use Restriction be recorded for the property. Since lease up Art at Bratton’s Edge has maintained on average better than 95% occupancy and does not require additional subsidy units to maintain its occupancy.

A written response is required by TDHCA for submission in our 2019 applications. If you have any questions about this request, you may reach me at 830-330-0762.

Sincerely,

Megan D. Lasch
President

iii) Documentation that the Third Party possessing the legal right to withhold a required consent has provided notice of their decision not to provide a required consent (Example: Letter from the Third Party that they are denying an Existing Development from participation).

Re: Art at Bratton's Edge, LLC

Dear Ms. Lasch:

We have received your request regarding adding ten 811 program units to Art at Bratton’s Edge, in Austin, TX.

At the time of our investment, Wells Fargo had completed a lengthy underwriting and market analysis process, based upon the information and due diligence on hand at that time. The requested change in unit mix would require additional underwriting and marketing analysis, as well as resubmission through the consent process. As it does not appear that the property is in need of these units, and is continuing to serve the needs of the originally anticipated tenant market, at this time we do not approve the requested additional 811 program units.

If you have any questions and/or concerns, please do not hesitate to contact me.

Sincerely,

Jason Brow

2.7 Reallocation of Budget. The Budget has been prepared by Borrower, and Borrower represents to Bank that the Budget includes as of closing, all known and anticipated costs and expenses incident to the Loan, and the construction of the Improvements after taking into account the requirements of the Loan Documents. Subject to Section 4.1(c), Borrower shall (a) except as permitted by Section 4.1(c), only reallocate Loan funds from one Budget line item to another or otherwise amend the Budget with the Bank's written approval (which will not be unreasonably withheld, delayed or conditioned) provided that in no event may any reallocation be made from the interest reserve line item, and the reallocation shall always leave a sufficient amount available with respect to a particular line item to complete the work associated with that line item), and (b) notify Bank promptly whenever Borrower becomes aware that the Budget is, or might be, inaccurate in any material respect.

2.8 Capital Contributions.

(a) The first two Capital Contributions described in Exhibit "H" shall be funded on a draw basis as provided in the Operating Agreement by deposit into the Loan Account to pay for items provided for in the Budget and as otherwise provided for in Section 2.1(c) of this Agreement. The portion of the third Capital Contribution set forth in Exhibit "H" to pay the balance of the Note down to the amount of the Permanent Mortgage Loan Commitment (or such lesser amount needed to achieve Lease Stabilization) shall be paid to Bank for application to the Note. The fourth Capital Contribution set forth in Exhibit "H" shall be first deposited in the Loan Account on the date of the funding thereof (as needed) to pay the Note down to the amount of the Permanent Mortgage Loan Commitment (or such lesser amount needed to achieve Lease Stabilization), and then any remaining amounts shall be paid directly to the Borrower to be used to be applied as provided in the Operating Agreement. Notwithstanding the foregoing, the portion of the Capital Contribution which is to be applied to the Loan or any other Obligation shall be so applied immediately upon receipt thereof by Bank, without regard to the satisfaction of Sections 6.1, 6.2, and 6.3 (the balance of any such Capital Contribution shall be disbursed to pay costs for which such draw was approved by the Investor Member subject to the terms of this Agreement). The foregoing shall not change the treatment of the payment of such Capital Contributions as Capital Contributions from the Investor Member for purposes of the Operating Agreement.

(b) If after the Closing Date, there is an additional allocation or increase of any of the Tax Credits for the Premises, in that event, any additional Capital Contributions payable as a result of such additional allocation or increase shall be used and applied when paid in a manner reasonably satisfactory to Bank.
2.9 Cash Flow. Unless and until the Conversion Date, upon the written request therefor by Bank (which request may be made if an Event of Default is then existing), all NOI shall be deposited by Borrower, on a monthly basis, in an account of Borrower located at Bank which shall be a blocked collateral account. Borrower shall have no access to such account unless and until the Conversion Date (if cash flow is sufficient to pay interest due on the Note, then such cash flow shall be used to pay interest even if there is sufficient availability in the interest reserve line item; it being agreed that interest will be paid first from cash flow then from the unfunded portion of the interest reserve line item in Exhibit "B").

2.10 Interest Reserve. The portion of the Loan allocated in the Budget for interest shall be held by the Bank as an unfunded interest reserve, and the Borrower hereby authorizes the Bank to make advances thereof to pay interest when due under the Loan to the extent not paid out of cash flow as set forth in Section 2.9. Such authorization is irrevocable and no further direction or authorization shall be required for the Bank to make such advances. The Bank may make such advances notwithstanding that the Borrower may be in default under the terms of this Agreement or any other Loan Document. If funds are not available from the interest reserve to pay interest due under the Loan, Borrower shall pay such interest from its own funds which may include the TCHFC Loan and the Capital Contributions. Nothing in this provision shall prevent the Borrower from paying interest from its own funds and from cash flow from the Premises.

2.11 Recourse. Subject to the terms, provisions, covenants and agreements set forth in this Agreement and the other Loan Documents, including, without limitation, Section 16 of the Note, Bank agrees to lend to Borrower, and Borrower agrees to borrow from Bank, up to the amount of the Loan, which Loan shall be used by Borrower in accordance with the terms of this Agreement. Subject to Section 16 of the Note, prior to the Conversion Date, Bank shall have full recourse against Borrower and each Guarantor, as well as against the Premises, for payment and performance of the Loan and the Loan Documents and for completion of the Improvements in accordance with the Loan Documents. All payments due from Borrower to Bank shall be made without offset or other reduction. Notwithstanding the foregoing, with respect to the requirements of this Agreement, the Note, and the other Loan Documents, Bank acknowledges that nothing herein shall impair or modify the limitation of liabilities provided to members under the Texas Business Organizations Act (Bank shall have no recourse directly against any member of Borrower with respect to any Note or the other Obligations).

2.12 TCHFC Loan. The TCHFC Loan will be funded on or about the Conversion Date as provided for in the applicable TCHFC Loan Document in a manner and for purposes satisfactory to Bank.
ARTICLE III - REPRESENTATIONS AND WARRANTIES

3.1 Representations and Warranties of Borrower. As an inducement to Bank to enter into this Agreement and to make the Loan, Borrower represents and warrants to Bank as follows:

(a) Borrower Organization. Borrower is duly organized and existing under the laws of the state of its organization and is duly qualified in the state where the Land is located to own, construct, and operate the Improvements. Borrower has the authority and the legal right to carry on the activities now being conducted by it and to engage in the transactions contemplated by the Loan Documents.

(b) Binding Documents. The Loan Documents executed by Borrower are legal, valid, and binding obligations of Borrower in accordance with their terms (subject to any exceptions, assumptions or limitations set forth in the opinion of Borrower's counsel to the Bank) and have been duly authorized, executed, and delivered by Borrower.

(c) Legal and Environmental Compliance. To Borrower's current actual knowledge, the Plans for the Improvements and the anticipated use of the Premises and all easements and rights appurtenant thereto comply in all material respects with all applicable Requirements of Law, including, without limitation, all restrictive covenants, zoning ordinances, laws and regulations relating to environmental matters and access and facilities for persons with disabilities, building laws and codes. To Borrower's knowledge, Borrower's use of the Premises will be in full compliance with the requirements of the Internal Revenue Code for obtaining and preserving the Tax Credits, in compliance with all requirements of HUD, and all of the units on the Premises will be dedicated to affordable housing residents as required by the Tax Credit Allocation; and otherwise satisfying the applicable requirements for completing and operating the Improvements of all Governmental Authorities. All Governmental Permits and other approvals necessary to commence work on the Premises, including, without limitation, all requisite approvals of the Credit Agency and HUD, have been or will be obtained by Borrower and Bank prior to the commencement of the construction and development of the Improvements. To the Borrower's current actual knowledge, the Premises have not been used in violation of any federal laws, rules or ordinances for environmental protection, regulations of the Environmental Protection Agency, the environmental requirements the Credit Agency and HUD and of any applicable local or state law, rule, regulation or rule of common law and any judicial interpretation thereof relating primarily to the environment or Hazardous Substances.

(d) Tax Credits. The Tax Credits have been allocated to the Premises in the amount set forth in the related Tax Credit Allocation and
all requirements to Borrower's right to receive the allocation of the Tax Credits have been met. In connection with the foregoing, the Tax Credit Allocation is in full force and effect and Borrower is in full compliance with the terms and provisions thereof.

(e) **Utilities Availability.** All utility services necessary for the construction and full utilization of the Premises for their intended purposes are presently or will be prior to the need therefor, available at the boundaries of the Land through public or unencumbered private easements or rights of way and are, or will be prior to the need therefor, available for connection to the Improvements (for the area in which the Land is located) at ordinary costs and impact fees.

(f) **Access to the Premises.** Access necessary for the construction and full utilization of the Premises for their intended purposes is presently, or will be prior to the need therefor, available to the Premises over streets or roads which have been dedicated to public use and accepted therefor by appropriate Governmental Authorities or easements from the adjacent landowner and any permits necessary for connecting the driveways on the Premises to such streets or roads have been, or will be prior to the need therefor, obtained without impairing the construction schedule for the Improvements.

(g) **Financial Statements.** The Financial Statements (i) are true and correct in all material respects, (ii) have been prepared in accordance with accounting practices historically used by Borrower and Guarantor consistently applied, (iii) fairly represent the financial condition of Borrower and Guarantor in all material respects, (iv) and no Material Adverse Change has occurred in the financial condition of Borrower and each Guarantor since the date thereof.

(h) **Litigation.** There is no litigation against Borrower pending or, to the knowledge of Borrower, threatened before any Governmental Authority, except as disclosed to Bank in writing.

(i) **No Commencement.** Except as disclosed to the Bank prior to the Closing Date in writing, there has been no commencement of work of any nature on, or delivery of materials to, the Premises.

(j) **Leases.** There are and will be no leases of the Premises in effect, other than Approved Leases, and laundry, cable services leases and communications facilities leases.

(k) **Reaffirmations.** Each request to Bank for approval of a disbursement of a portion of the Capital Contributions then on deposit with Bank or for an advance on the Note shall constitute an express representation, warranty, and affirmation to Bank, as of the date of the
request, that each of the representations and warranties of this Section 3 (other than representations and warranties made as to a specific date) are true and correct in all material respects as of the date of each request and on the date of its disbursement, except as may be otherwise disclosed to Bank in writing.

(l) **No Conflicting Agreements.** There is no charter, bylaw, stock provision, constitution or other document pertaining to the organization, power, or authority of Borrower and no provision of any existing agreement, mortgage (other than mortgages to be paid in full in connection with the closing), indenture or contract binding on Borrower or affecting its property, which would conflict with or in any way prevent the execution, delivery, or carrying out of the terms of this Agreement and the other Loan Documents.

(m) **Ownership of Assets.** Borrower has good and indefeasible title to the Premises, and the Premises are free and clear of liens, except those granted to Bank, Permitted Encumbrances, those contemplated by the Loan Documents, subordinate liens securing a TCHFC Loan, and those provided for in Section 5.1(f), and liens disclosed to Bank in writing prior to the date of this Agreement or approved by Bank (in writing) after the date of this Agreement.

(n) **Taxes.** All taxes and assessments currently due and payable by Borrower have been paid or, will be paid prior to delinquency, or are being contested in good faith by appropriate proceedings (to the extent permitted by this Agreement) and the Borrower has filed all tax returns which it is required to file.

(o) **Place of Business.** Borrower's chief executive office is located at the address of Borrower provided for in the introductory paragraph of this Agreement.

(p) **No Misstatements or Misrepresentations.** No information, exhibit, or report prepared by or at the direction or with the supervision of Borrower and furnished to Bank in connection with the negotiation and preparation of this Agreement or any other Loan Documents contain any material misstatements of fact or omits to state a material fact necessary to make the statements contained therein not misleading as of the date made or deemed made in any material respect. To Borrower's current actual knowledge, there is no fact which Borrower has failed to disclose to Bank in writing which materially affects adversely or, so far as Borrower can now foresee, will materially affect adversely the business, prospects, profits, or condition (financial or otherwise) of Borrower or the ability of Borrower to perform this Agreement.
(q) **No Event of Default.** To Borrower’s knowledge, as of the
date hereof, no event has occurred and no condition exists which would,
upon the execution and delivery of this Agreement or Borrower’s
performance hereunder, constitute an Event of Default.

(r) **Other Representations.** All representations made by the
Borrower in the TCHFC Loan Documents, and by the Managing Member
and the Administrative Member in the Operating Agreement are true and
correct in all material respects.

(s) **Specially Designated Nationals.** Neither the Borrower nor
any of its officers, managers or principal employees is on the list of
Specially Designated Nationals and Blocked Persons issued by the Office
of Foreign Assets Control of the U.S. Department of Treasury.

**ARTICLE IV - AFFIRMATIVE COVENANTS**

4.1 **Covenants of Borrower.** In addition to the covenants and
agreements of Borrower made elsewhere in this Agreement, unless Bank shall
otherwise consent in writing, Borrower covenants and agrees with Bank as follows:

(a) **Approved Leases:** Borrower shall lease (or permit to be
leased) tenant space in the Improvements only pursuant to Approved
Leases. An "Approved Lease" is (i) a tenant lease of residential living
space in the Improvements that is substantially on the standard form
submitted to Bank prior to the Closing Date and which has been approved
by Bank, and (ii) which is on terms and to a tenant who satisfies the
requirements (1) of the terms and conditions of the Internal Revenue Code
for preserving the Low Income Housing Tax Credits, as to the Affordable
Units, (2) as to the Affordable Units, (3) of the QAP, (4) of the Operating
Agreement, (5) of the TCHFC Loan Documents (6) of Bank for satisfying
minimum occupancy requirements (which include that the lease
agreement be with a bona fide tenant and be for an initial term of at least
six months), and (7) of all other applicable Requirements of Law. Further,
if the applicable tenant is to receive Title IX Housing Protection for the
associated lease to be an Approved Lease, the Borrower shall have
provided to that tenant a copy of the HUD disclosure form. Except to
comply with changes in the applicable law, Bank shall not, without the
consent and approval of Bank, make any change to its standard form of
lease other than in the ordinary course of business.

(b) **Progress of Work; Lien Free Completion:** All
Governmental Permits and other approvals necessary for the work on the
Premises, including, without limitation, all requisite approvals under the
TCHFC Loan Documents, and by all Governmental Authorities will be
obtained by Borrower prior to the commencement of the construction and
development of the Improvements. Borrower shall commence construction
on or before the Commencement Deadline, and then continually prosecute the work and guarantees and commits that it will complete the construction and development of the Improvements on or before the Bank's Required Completion Date, all in substantial conformity in all material respects with the approved Plans and the Budget and in compliance with all Requirements of Law. Notwithstanding anything herein to the contrary, no advance shall be made under the Loan after the Closing Date until Bank has received and approved evidence that all such building and other requisite permits and governmental approvals have been issued or will be issued in a timely manner. Borrower shall not permit cessation of work on the Premises for a period in excess of thirty (30) consecutive Business Days without Bank's prior written consent, provided that in no event shall there be a cessation of work on the Premises for an aggregate period in excess of thirty (30) Business Days (whether or not consecutive) without Bank's written consent unless under either circumstance the cessation is as a result of Excusable Delays. Borrower shall, within fifteen (15) Business Days after Borrower obtains knowledge thereof, correct any material defect in the Improvements, any material departure from the Plans in a manner acceptable to Bank, Requirements of Law, or good construction practices for Austin, Texas, and any encroachment by the Improvements on any property line, setback line, easement or other restricted area. Borrower shall keep the Premises free at all times from all liens for services, labor, materials, or indebtedness, except liens with respect to which Contractor (or Borrower as the case may be) has furnished and perfected a bond issued by a company satisfactory to Bank and on a form and in an amount reasonably satisfactory to Bank, and except for the other liens and encumbrances permitted under the terms of the Mortgage, including without limitation, the Permitted Exceptions. Any water wells encountered in the development of the Premises shall be plugged in accordance with all applicable Requirements of Law. Prior to the Bank's Required Completion Date, the Premises will be fully equipped and ready for use for their intended purposes. Borrower shall cause the Improvements to be Placed in Service, as such term is used in this context in connection with, for purposes of and within the time required by all requirements of applicable law for, maintaining the Tax Credits.

(c) Plans, Contracts and Budget Approval; Assignment of Contracts: Borrower shall submit all contracts for construction and other services to the Premises, the Plans, the Budget, surveys of the Land, and all other items required by the Loan Documents to Bank for approval, and Bank shall have no obligation to make any disbursement hereunder after the Closing Date until it has approved those items (which approval shall not be unreasonably withheld, conditioned, or delayed). Borrower agrees that the approved Construction Contract with the Contractor will not be terminated and that it and the Plans and Budget will not be modified or otherwise changed in all material respects, in whole or in part, without the
prior written consent of Bank (provided, however, subject to the other
terms of this Agreement and the Operating Agreement, Borrower may
make changes to the Plans and/or reallocate Loan funds from one Budget
line item to another without Bank's consent as long as the amount of any
single change order does not exceed $25,000.00, and the aggregate
amount of all such change orders does not exceed $200,000.00; provided
that a reallocation from the contingency line item may not be in excess of
the percentage of completion of the Improvements at the time of the
reallocation. Borrower further agrees to perform all of its obligations under
the approved Construction Contracts with the Contractor in a timely
manner.

(d) Insurance: The Borrower and Contractor, at their own
expense, shall each maintain and deliver to the Bank policies of insurance
as set forth in Exhibit "L".

(e) Title Instruments: Borrower shall submit all proposed
easements, permits, licenses, and other instruments which would or may
affect title to the Premises to Bank for approval prior to the execution
thereof by Borrower (such approval not to be unreasonably withheld,
conditioned or delayed).

(f) Use of Proceeds: The proceeds of the Loan disbursed by
Bank to Borrower in accordance with this Agreement shall be used only
for the purposes set forth in Section 2.3 and as provided for in the Budget.

(g) Additional Equity: If the sum of (i) the undisbursed portion
of the proceeds of the Capital Contributions intended to be used to pay
budgeted construction items and to pay the Note as provided herein and
the undisbursed portions of the Loan to be used for the acquisition (or
refinancing of the acquisition, as the case may be) and development of the
Improvements, plus (ii) any sums then on deposit with Bank and pursuant
to this subsection, are at any time insufficient, in Bank's reasonable
judgment, to fully complete the development of the Improvements in
accordance with the Plans and development of the Improvements (but
excluding the payment of budgeted developer fees in determining
Borrower's cash needs for the development of the Improvements to the
extent Borrower deferred payment of such fees until after completion of
the Improvements under the terms of the Operating Agreement, or
otherwise) and to pay all interest under the Note when due, Borrower shall
within 5 days after written notice thereof from Bank, deposit with Bank
such sums of money in cash as Bank may reasonably require to remedy
such condition and to pay any liens for services and materials due and
payable at that time (unless it is being contested in accordance with
Section 4.1(y) below). Notwithstanding anything herein to the contrary, at
Bank's option, no further approval of disbursements of the Capital
Contributions then on deposit with Bank and advances of the Loan shall
be made until Borrower has fully complied with this requirement. All deposited sums under this subsection shall stand as additional security for Borrower's obligations under this Agreement and may be disbursed, at Bank's option, before any further approvals of disbursements of the Capital Contributions then on deposit with Bank and advances of the Loan.

(h) Environmental Inspections; Inspection of Improvements: Subject to the rights of tenants of apartment units, Borrower agrees to permit Bank, its agents, contractors, and employees to enter and inspect the Premises at any reasonable time during normal business hours, with reasonable cause (except as hereafter provided, at Bank's own cost unless an Event of Default has occurred and is continuing, in such event, at Borrower's cost), upon two Business Days prior written notice (but no such notice shall be required during the continuance of an Event of Default) for the purposes of conducting an environmental investigation and audit (including taking physical samples) to ensure that Borrower is complying with the representations made in Section 3.1(c) hereof. Borrower shall provide Bank, its agents, contractors, employees, and representatives with access to and copies of any and all data and documents relating to or dealing with any Hazardous Materials used, generated, manufactured, stored, or disposed on the Premises within five Business Days of the written request therefor. Additionally, Borrower shall permit Bank and its representatives to enter upon the Premises at reasonable times and with at least 24 hours prior written notice (provided that no such notice will be required during the continuance of a Default or an Event of Default) and to inspect the Improvements and all materials used in the construction thereof. Bank (or its construction consultant) shall have the right to reject and require Borrower to replace any material or work which does not substantially comply in any material respect with the Plans or good construction practices in Austin, Texas. It is understood and agreed that Bank's rights under this Section 4.1(h) are solely for Bank's loan administration purposes and do not impose any duty of care of Bank to Borrower or to any other person or entity. Bank shall have no liability, obligation, or responsibility whatsoever with respect to the construction or development of the Improvements, except to approve, in accordance with this Agreement, disbursements of the Capital Contributions, and advances of the Note. Bank shall not be obligated to cause to be performed any environmental audit or investigation or inspect the Premises or the construction of the Improvements. Bank shall not be liable for any defect in the Premises by reason of inspecting or not inspecting the same. Without limiting any of the foregoing, it is specifically agreed and acknowledged that Bank, at its option, may engage an independent construction consultant as set forth in Section 6.8 (at Borrower's sole and reasonable cost and expense as provided in Section 6.8) to periodically inspect the Improvements as a condition to any requested consent and
authorization to the disbursement of the Capital Contributions then on
deposit with Bank or any advance under the Note to pay budgeted items,
to in each case confirm, among other things, the accuracy of the materials
provided in connection with that consent or request for an advance or
disbursement and that all previously disbursed proceeds of the Note and
the Capital Contributions have been used in the construction of the
Improvements in the manner represented to Bank. Bank shall not be
liable for the performance or default of Borrower, any architect, engineer,
contractor, construction consultant or any other party, nor for any failure to
construct, complete, protect or insure the Improvements, nor for the
payment of the costs of labor, materials or services supplied for the
construction of the Improvements, nor for the performance of any
obligation of Borrower, except for any such liability that arises solely and
exclusively due to the gross negligence or willful misconduct of Bank or
any Bank Party (hereinafter defined).

(i) **Notice of Environmental Claims and Actions:** Borrower
shall advise Bank in writing, promptly after Borrower becomes actually
aware thereof, of (i) any and all enforcement, cleanup, remedial, removal,
or other governmental or regulatory actions instituted, completed or
threatened in writing pursuant to any applicable federal, state, or local
laws, ordinances or regulations relating to any Hazardous Materials
affecting the Premises or the use of the Premises and (ii) all written claims
made or threatened by any third party against Borrower relating to
damages, contribution, cost recovery, compensation, loss or injury
resulting from any Hazardous Materials. Borrower shall promptly notify
Bank of any remedial action taken by Borrower in connection with
Hazardous Materials with respect to the Premises or the use of the
Premises. Borrower shall promptly deliver to Bank copies of any
Environmental Reports obtained by Borrower with respect to the
Premises.

(ii) **Financial Statements and Other Information:** Borrower
shall maintain a system of accounting reasonably satisfactory to Bank and
in accordance with Borrower’s historical accounting practices applied on a
consistent basis throughout the period involved, and permit Bank’s officers
or authorized representatives to visit and inspect Borrower’s books of
account and other records at such reasonable times during normal
business hours and as often as Bank may desire upon at least 72 hours
prior written notice to Borrower (provided that during the continuance of
any Event of Default, no such prior notice shall be required and the cost of
the inspections shall be paid by Borrower and nothing herein shall limit
Borrower’s obligations to reimburse Bank for the reasonable fees of
Bank’s construction consultant as provided for in Section 6.8). Unless
written notice of another location is given to Bank, Borrower’s books and
records will be located at Borrower’s chief executive office set forth above
or at the Premises.
(k) **Retainage:** Borrower shall withhold Retainage as required herein in the definition of Retainage and by all Requirements of Law in connection with the development of the Improvements (except as otherwise may be provided for in Section 6.6).

(l) **Existence and Compliance:** Borrower shall maintain its existence and qualification to do business, where required, and comply with all Requirements of Law, including, without limitation, environmental laws applicable to the Premises. Borrower shall at all times operate the Premises in a manner which preserves the Tax Credits, including, without limitation, the Premises shall be Placed in Service (as such term is used by the Credit Agency in connection with the Low Income Housing Tax Credits) by the date required by the Credit Agency. Borrower shall (and cause the Managing Member and Administrative Member to) fully comply with all terms and provisions of the Operating Agreement. The other members of Borrower have authorized the Managing Member of Borrower and to severally enter into this Agreement and the other Loan Documents for and on behalf of Borrower.

(m) **Taxes and Other Obligations:** Borrower shall pay or contest in accordance with the terms of this Agreement all of its current obligations before they become delinquent, including all federal, state and local taxes and all other payments required under federal, state, or local law. Without limitation of the foregoing, Borrower will cause to be paid prior to delinquency all taxes and assessments heretofore or hereafter levied or assessed against the Premises, or any part thereof, and will furnish to Bank, on or before February 28th of each year, receipts showing payment of such taxes and assessments with respect to the preceding calendar year, to the extent the same are due and payable on such date, provided that Borrower may in good faith, by appropriate proceedings, contest the validity, applicability, or amount of any asserted tax or assessment, and pending such contest Borrower shall not be deemed in default hereunder if (i) Borrower shall diligently prosecute such contest in a manner not prejudicial to the rights, liens and security interests of Bank; (ii) prior to delinquency of the asserted tax or assessment, and to the extent Borrower has not paid such disputed tax or assessment to the relevant taxing authority pending resolution of such contest, Borrower establishes with Bank, or as otherwise required by the taxing authority, an escrow reasonably acceptable to Bank adequate to cover the payment of such tax or assessment with interest, costs and penalties and a reasonable additional sum to cover possible costs, interest and penalties (which escrow shall be used to pay, or shall be returned to Borrower upon payment of all such taxes, assessments, interest, costs and penalties or disbursed in accordance with the resolution of the contest to the claimant) or furnishes Bank with an Indemnity secured by a deposit in cash or other security reasonably acceptable to Bank, or an indemnity bond with a surety reasonably acceptable to Bank, in the amount of the tax or
assessment being contested by Borrower plus a reasonable additional sum to pay all costs, interests and penalties which may be imposed or incurred in connection therewith; (iii) Borrower pays to Bank promptly after demand therefor all costs and expenses incurred by Bank in connection with such contest; and (iv) Borrower promptly causes to be paid any amount adjudged by a court of competent jurisdiction to be due, with all costs, penalties and interest thereon, promptly after such judgment becomes final and non-appealable; provided, however, that in any event each such contest shall be concluded, and the tax, assessment, penalties, interest and costs shall be paid, prior to the date any writ or order is issued under which the Premises or any part thereof may be sold. To the extent there is conflict between this Section and the provisions of any of the other Loan Documents, this Section shall control.

(n) Maintenance: Borrower shall maintain all of its material tangible property in good condition (subject to ordinary wear and tear) and repair and make all necessary replacements thereof as necessary to operate the Improvements for the purposes stated in the Loan Documents, and preserve and maintain all licenses, trademarks, privileges, permits, franchises, certificates and the like necessary for the operation of its business. Notwithstanding the foregoing, Borrower shall not be obligated to preserve, repair or replace any item of tangible property which has become obsolete and which will as necessary be replaced.

(o) Financial Reporting: Borrower shall promptly furnish to Bank such information regarding the business affairs, financial condition, assets, liabilities, operations, and transactions of Borrower and the Premises, as Bank may reasonably request, and, without limiting the foregoing, furnish to Bank all items set forth in Section 14(b) of the Mortgage.

(p) Further Assurances: Borrower shall promptly cure any defects in the execution and delivery of the Loan Documents and immediately execute and deliver to Bank all such other and further instruments consistent with this Agreement as may be reasonably required by Bank from time to time in order to satisfy or comply with the covenants and agreements of Borrower made in this Agreement provided, however, no such instruments shall change the economic terms of the transactions as contemplated by the Loan Documents or expand the liability or reduce the rights of the parties hereunder.

(q) Delivery of Information: Subject to the effect of any confidentiality obligations of Borrower under applicable Requirements of Law, Bank is authorized by Borrower to deliver copies of all information and materials provided to Bank pursuant to the terms of this Agreement and the other Loan Documents to the Credit Agency and their respective
representatives. Additionally, Borrower shall provide Bank with all additional and supplemental information regarding Borrower, Guarantor, and the Premises as is reasonably required in writing by Bank. The Managing Member and Administrative Member of Borrower shall provide Bank with copies of all written notices of default or non-compliance provided to, and received by, a Managing Member or Administrative Member to and from the Investor Member.

(r) **Additional Notices**: Borrower shall, in addition to, and without in any way limiting, the other requirements in this Agreement to provide certain notices to Bank, deliver to Bank, promptly upon any officer of the Managing Member or the Administrative Member of Borrower having actual knowledge of the occurrence of any of the following events or circumstances, a written statement with respect thereto, signed by an authorized representative of Borrower, advising Bank of the occurrence of such event or circumstance and the steps, if any, being taken by Borrower with respect thereto:

(i) any Default or Event of Default;

(ii) copies of any notice of default or non-compliance provided to Borrower under a TCHFC Loan Document;

(iii) any litigation or proceeding or contingent liability in which the amount involved is $75,000.00 or more, which is not covered by insurance, and which involves Borrower as a defendant or the Premises or any other property of Borrower; and

(iv) any other event or occasion which could reasonably be expected to cause a Material Adverse Change.

(s) **INDEMNIFICATION**: BORROWER SHALL AND DOES HEREBY INDEMNIFY AND HOLD HARMLESS BANK, THE DIRECTORS, TRUSTEES, SUBSTITUTE TRUSTEES, OFFICERS, MEMBERS, EMPLOYEES, AGENTS, HEIRS, REPRESENTATIVES, ATTORNEYS, SUCCESSORS AND ASSIGNS OF BANK, AND ANY PERSONS OWNED OR CONTROLLED BY, OWNING OR CONTROLLING, OR UNDER COMMON CONTROL OR AFFILIATED WITH BANK (EACH AN "INDEMNIFIED PERSON"), FROM AND AGAINST, AND REIMBURSE THEM ON DEMAND FOR, ANY AND ALL INDEMNIFIED MATTERS (DEFINED BELOW). WITHOUT LIMITATION, THE FOREGOING INDEMNITIES SHALL APPLY TO EACH INDEMNIFIED PERSON WITH RESPECT TO MATTERS WHICH IN WHOLE OR IN PART ARE CAUSED BY OR ARISE SOLELY AND
EXCLUSIVELY OUT OF THE NEGLIGENCE OF SUCH, AND/OR ANY OTHER, INDEMNIFIED PERSON. HOWEVER, SUCH INDEMNITIES SHALL NOT APPLY TO A PARTICULAR INDEMNIFIED PERSON TO THE EXTENT THAT THE SUBJECT OF THE INDEMNIFICATION IS CAUSED BY OR ARISES OUT OF THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF SUCH INDEMNIFIED PERSON AND/OR ANY OTHER INDEMNIFIED PERSON. ANY AMOUNT TO BE PAID UNDER THIS SECTION BY BORROWER TO AN INDEMNIFIED PERSON SHALL BE A DEMAND OBLIGATION OWING BY BORROWER, WHICH BORROWER HEREBY PROMISES TO PAY, TO BANK, AS PART OF THE OBLIGATIONS, EVEN IF IN EXCESS OF THE LOAN AMOUNT, AND SECURED BY THE LOAN DOCUMENTS. NOTHING IN THIS SECTION, ELSEWHERE IN THIS AGREEMENT, OR IN ANY OTHER LOAN DOCUMENT SHALL LIMIT OR IMPAIR ANY RIGHTS OR REMEDIES OF BANK, OR ANY OTHER INDEMNIFIED PERSON, INCLUDING WITHOUT LIMITATION, ANY RIGHTS OF CONTRIBUTION OR INDEMNIFICATION, AGAINST BORROWER OR ANY OTHER PERSON UNDER ANY OTHER PROVISION OF THIS AGREEMENT, ANY OTHER LOAN DOCUMENT, ANY OTHER AGREEMENT, OR ANY APPLICABLE REQUIREMENT OF LAW. AS USED HEREIN, THE TERM "INDEMNIFIED MATTERS" MEANS ANY AND ALL REASONABLE CLAIMS, DEMANDS, LIABILITIES (EXCLUDING STRICT LIABILITY), DAMAGES (EXCLUDING CONSEQUENTIAL DAMAGES), CAUSES OF ACTION, JUDGMENTS, PENALTIES, FINES, COSTS, AND EXPENSES (INCLUDING, WITHOUT LIMITATION, REASONABLE FEES AND EXPENSES OF ATTORNEYS AND OTHER PROFESSIONAL CONSULTANTS AND EXPERTS, AND OF THE INVESTIGATION AND DEFENSE OF ANY CLAIM, WHETHER OR NOT SUCH CLAIM IS ULTIMATELY DEFEATED, AND THE SETTLEMENT OF ANY CLAIM OR JUDGMENT INCLUDING ALL VALUE PAID OR GIVEN IN SETTLEMENT) OF EVERY KIND, KNOWN OR UNKNOWN, FORESEEABLE OR UNFORESEEABLE, WHICH MAY BE IMPOSED UPON, ASSERTED AGAINST, OR INCURRED OR PAID BY BANK OR ANY INDEMNIFIED PERSON AT ANY TIME AND FROM TIME TO TIME, WHENEVER IMPOSED, ASSERTED, OR INCURRED, BECAUSE OF, RESULTING FROM, IN CONNECTION WITH, OR ARISING OUT OF ANY TRANSACTION, ACT, OMISSION, EVENT, OR CIRCUMSTANCE IN ANY WAY CONNECTED WITH THE PREMISES, THE IMPROVEMENTS OR THE LAND OR WITH THIS AGREEMENT OR ANY OTHER LOAN DOCUMENT, INCLUDING APPROVAL OF A DISBURSEMENT OF THE LOAN PROCEEDS, ANY DRAW OR FAILURE TO DRAW ON THE LETTER OF CREDIT PROVIDED PURSUANT TO SECTION 6.1(a)(25) OR ANY OTHER ACTION OR INACTION RELATING TO SUCH LETTER OF CREDIT OR THE RELATED LETTER OF CREDIT AGREEMENT, THE CONDITION OF THE LAND AND THE IMPROVEMENTS, ANY BODILY INJURY OR

THE TERM “RELEASE DATE” AS USED HEREIN MEANS THE EARLIER OF: (i) THE DATE ON WHICH THE OBLIGATIONS HAVE BEEN PAID AND PERFORMED IN FULL AND THE LOAN DOCUMENTS HAVE BEEN RELEASED, OR (ii) THE DATE ON WHICH THE LIEN CREATED UNDER THE MORTGAGE IS FULLY AND FINALLY FORECLOSED OR A CONVEYANCE BY DEED IN LIEU OF SUCH FORECLOSURE IS FULLY AND FINALLY EFFECTIVE AND POSSESSION OF THE PREMISES HAS BEEN GIVEN TO THE PURCHASER OR GRANTEE FREE OF OCCUPANCY AND CLAIMS TO OCCUPANCY BY BORROWER AND BORROWER’S HEIRS, DEVISEES, REPRESENTATIVES, SUCCESSORS, AND ASSIGNS; PROVIDED, THAT IF SUCH PAYMENT, PERFORMANCE, RELEASE, FORECLOSURE, OR CONVEYANCE IS CHALLENGED, IN BANKRUPTCY PROCEEDINGS OR OTHERWISE, THE RELEASE DATE SHALL BE DEEMED NOT TO HAVE OCCURRED UNTIL SUCH CHALLENGE IS REJECTED, DISMISSED, OR WITHDRAWN WITH PREJUDICE. THE INDEMNITIES IN THIS SECTION SHALL BE SOLELY FOR EVENTS OCCURRING PRIOR TO THE RELEASE DATE, SHALL NOT TERMINATE UPON THE RELEASE DATE OR UPON THE RELEASE, FORECLOSURE, OR OTHER TERMINATION OF ANY LOAN DOCUMENT, AND SHALL SURVIVE THE RELEASE DATE, FORECLOSURE OF THE MORTGAGE OR CONVEYANCE IN LIEU OF FORECLOSURE, THE PAYMENT AND PERFORMANCE OF THE OBLIGATIONS, THE DISCHARGE AND RELEASE OF THE LOAN DOCUMENTS, ANY BANKRUPTCY OR OTHER DEBTOR RELIEF PROCEEDING, AND ANY OTHER EVENT WHATSOEVER. THE TERMS OF THIS SECTION ARE CUMULATIVE WITH, AND NOT LIMITED BY, THE TERMS AND PROVISIONS OF THE MORTGAGE.

(t) **Appraisal:** Bank shall have the right to order new Appraisals of the Premises from time to time. Each Appraisal is subject to review and approval by Bank. If required by this Section, Borrower agrees upon demand to pay to Bank the reasonable cost and expense for such Appraisals and a reasonable fee for Bank’s review of each Appraisal. Notwithstanding the foregoing, Borrower has no obligation to pay the cost
and expense of the Appraisal if the Appraisal is ordered during the continuance of an Event of Default or is required by applicable law or regulation.

(u) **Operation:** Borrower shall operate the Premises in a good and workmanlike manner and in accordance with all applicable Requirements of Law and will pay all fees or charges in connection therewith. In particular, the Premises will be operated as a "qualified residential rental project" within the meaning of Section 42(d) of the Internal Revenue Code with respect to the units in the Premises subject to the Low Income Housing Tax Credit. With respect to the Affordable Units, Borrower shall fully comply with the terms and provisions of the Tax Credit Allocation, and the Declaration of Land Use Restrictions relating to the Low-Income Housing Tax Credit.

(v) **Expenses of Bank.** Without limiting the terms of this Agreement or any of the other Loan Documents, to the extent not prohibited by applicable law, Borrower will pay all reasonable costs and expenses and reimburse Bank for any and all reasonable expenditures of every character reasonably incurred or expended from time to time, regardless of whether a Default or Event of Default shall have occurred, in connection with (i) the preparation, negotiation and filing of any and all Loan Documents, and (ii) Bank's creating, perfecting or realizing upon Bank's security interest in and liens on the Land, and all reasonable costs and expenses relating to Bank's exercising any of its rights and remedies under the Loan Documents or at law, including, without limitation, all filing fees, taxes, brokerage fees and commissions, title review and abstract fees, Uniform Commercial Code search fees, other reasonable fees and expenses incident to title searches, reports and security interests, escrow fees, reasonable attorneys' fees and legal expenses, court costs, reasonable fees and expenses incurred in connection with any complete or partial liquidation of such property, and all reasonable fees and expenses for any professional service relating to such property or any operations conducted in connection with it; provided, that no right or option granted by Borrower or Bank or otherwise arising pursuant to any provision of this Agreement or any other Loan Document shall be deemed to impose or admit a duty on Bank to supervise, monitor, or control any aspect of the character or condition of the Premises or any operations conducted in connection with it for the benefit of Borrower or any other person other than Bank. Borrower shall pay all reasonable costs and expenses of complying with this subsection and the Loan Documents, whether or not such costs and expenses are included in the Budget. Borrower's obligations under this subsection shall survive the delivery of the Loan Documents, the making of advances, the payment and performance in full of the Obligations, the release or termination of the Loan Documents, the foreclosure of the Mortgage or conveyance in lieu of
foreclosure, or any bankruptcy proceeding, and any other event whatsoever.

(w) [RESERVED].

(x) Stored Materials.

(i) Bank shall have the right to approve or disapprove specifically, in its sole and reasonable judgment, all disbursements for any materials to be used for the construction of the Improvements and not to be immediately incorporated into and made a part of the Improvements ("Stored Materials"). Without limiting Bank's approval rights as set forth in the preceding sentence, Bank will not approve disbursements for Stored Materials until Borrower complies with the conditions set forth in subsection (ii) below.

(ii) In addition to the requirements of Sections 6.1, 6.2, and 6.3, as a condition precedent to Bank's request for a disbursement of Capital Contributions (if and to the extent any is then deposited with Bank), or an advance of the Note for Stored Materials, Borrower shall supply Bank, as requested by Bank (x) evidence satisfactory to Bank that the Stored Materials are included in the coverage of the insurance policies required by Section 4.1(d); (y) evidence satisfactory to Bank from the seller or fabricator of the Stored Materials that, upon payment, ownership thereof will vest in Borrower free of any liens or claims of third parties; and (z)(A) evidence satisfactory to Bank that the Stored Materials are satisfactorily stored on the Land to protect against theft or damage, or (B) if the Stored Materials are not stored on the Land, (1) evidence satisfactory to Bank that the Stored Materials are stored in a bonded warehouse or storage yard approved by Bank, and the warehouse or yard has been notified that Bank has a security interest in the subject Stored Materials, and (2) Bank shall have received from Borrower the original warehouse receipt. With Bank's prior written approval, Stored Materials may be stored in the yard or warehouse of the seller or fabricator, subject to satisfaction of conditions (1) and (2) in this subsection (z)(B), and provided further that Bank receives satisfactory evidence that the Stored Materials are protected against theft or damage, have been suitably identified as belonging to Borrower for use in the Premises, and that such seller or fabricator has been notified of the security interest of Bank therein.
(y) **Contest of Certain Claims.** Notwithstanding the terms of the Mortgage or any other Loan Document, Borrower may, to the extent and in the manner permitted by applicable law, contest the payment of any claim for payment by a Contractor or subcontractor, or any tax, assessment, or other governmental charge against the Land. The failure of Borrower to pay such contested claim pending such contest shall not be or become a Default or an Event of Default if (i) Borrower has notified Bank promptly after the commencement of Borrower's contest of such payment; (ii) Borrower has made any deposit or payment under protest, or posted security, as and to the extent required by applicable law; (iii) Contractor or Borrower has furnished to Bank a cash deposit reasonably satisfactory to Bank, or an indemnity bond satisfactory to Bank with a surety satisfactory to Bank, in an amount reasonably satisfactory to Bank (or in the statutory amount, in the case of bond authorized by statute), to assure payment of the matters under contest and to prevent any sale or forfeiture of any part of the Land or the Improvements, and (iv) in the case of a claim for work which does or could result in a lien against the Land or the Improvements, Borrower has provided (x) to the extent required by Bank and available under applicable law, a bond which under applicable law releases the lien from the Land and the Improvements, and (y) such security, assurances and other items, if any, as the title insurer may require to insure around the lien; (v) Borrower diligently and in good faith contests the same by appropriate legal proceedings which shall operate to prevent the enforcement or collection of the same and the sale of any part of the Land and the Improvements to satisfy the same during the pendency of the contest; (vi) Borrower promptly upon final determination thereof pays the amount of any such claim so determined, together with all costs, interest, and penalties payable in connection therewith; (vii) the failure to pay the claim does not constitute a default under any other deed of trust, mortgage, or security interest covering or affecting any part of the Land or the Improvements and does not subject Bank to any civil or criminal liability or to any damages or expense; and (viii) the aggregate amount of all claims being contested shall not exceed ten percent (10%) of the amount of the Loan. Notwithstanding the forgoing, Borrower shall immediately upon request of Bank pay (and if Borrower shall fail to do so, Bank may, but shall not be required to, pay or cause to be discharged or bonded against) any such claim notwithstanding such contest if, in the reasonable opinion of Bank, the Land or the Improvements are in jeopardy or in danger of being forfeited or foreclosed. Bank may pay over any such cash deposit or part thereof to the claimant entitled thereto at any time when, in the judgment of Bank, the entitlement of such claimant is established.

(z) **Asbestos-Containing Materials.** Asbestos-containing materials (if any) shall be properly managed during demolition activities relating to the Premises in accordance with any applicable law, treaty, ordinance, order, judgment, rule, decree, regulation, or determination of
an arbitrator, court, or other Governmental Authority, including, without limitation, rules, decrees, judgments, regulations; orders, and requirements for permits, licenses, registrations, approvals, or authorizations (and any authoritative interpretation of any of the foregoing), in each case as such now exist or may be hereafter amended and applicable to the Premises. An O&M Plan shall be in place during the construction of the Improvements, if and to the extent reasonably required by Bank. If any sampling or abatement activities are conducted with respect to the Premises, Borrower shall promptly deliver copies of the related reports to Bank.

(aa) Loan Account. Borrower agrees to maintain the Loan Account as a special account with Bank into which the proceeds from distributions of the Capital Contributions and from advances under the Note (but no other funds, except for deposits of additional equity described in Section 4.1(g) above which are disbursed to Borrower pursuant to the terms of this Agreement) shall be deposited pursuant to the terms of this Agreement and against which checks shall be drawn by Borrower (or its designee) only for payment of all costs and expenses incident to and associated with the Budget.

(bb) Sales and Use Taxes. If Bank reasonably determines, based upon any duly issued ruling, law, opinion, or regulation (or as the result of the withdrawal of any previously issued ruling, law, opinion, or regulation), that Contractor (or its subcontractors) is not exempt from state sales and use taxes, in such event, if Contractor has not paid such taxes, at the written request of Bank, Borrower shall create and maintain a reserve or other account in a manner satisfactory to Bank in an amount at least equal to the aggregate sales and use taxes that Contractor did not pay with respect to the development of the Premises because Contractor took the position it was exempt from such sales and use taxes. Borrower agrees Bank has not represented to Borrower or to any other Person, whether sales and use taxes are and shall be due with respect to the Premises. Borrower has and does hereby agree to indemnify and hold Bank harmless from any loss, claims, or causes of action arising as a result of the failure of Borrower or Contractor to pay any such sales and use taxes.

(cc) Escrows. From and after the Conversion Date (and, with the exception of replacement reserves which will be deposited as provided in the Replacement Reserve and Security Agreement), Borrower shall make monthly deposits to escrows established with Bank for real estate taxes, special assessments, insurance premiums, and replacement reserves. Bank shall determine the amount of these monthly deposits (which, in the case of the escrows for real estate taxes, special assessments and insurance, shall be in amounts sufficient to accumulate the full amount of anticipated billings, one month before their due dates,
and may, at its discretion, adjust those amounts from time to time, as it 
deems appropriate.

(dd) **Replacement Reserve.** At the Conversion Date, Borrower 
shall establish and fund a replacement reserve account as required by the 
Replacement Reserve and Security Agreement and as and when required 
by the Operating Agreement. The replacement reserve will initially be 
$22,800.00 per year ($300.00/unit), based on 76 units, and may be used 
to fund specified replacements and capital improvements.

(ee) **Operating Reserve.** Borrower shall establish an operating 
reserve of $202,000.00 as required by the Operating Agreement and held 
as provided in the Operating Reserve Agreement (such operating reserve 
shall be the same operating reserve as required by the Operating 
Agreement). The foregoing shall not limit any requirements of the 
Operating Agreement to include a working capital or other reserves.

(ff) **Credit Agency.** The Premises will comply with or contain 
any other project unit amenity, design item, standard of construction, or 
similar item listed in the low income housing tax credit application 
approved by Credit Agency unless otherwise consented to by the Bank 
and Credit Agency.

(gg) **Affordable Restrictions.** Borrower shall operate the 
Affordable Units in accordance with federal affordability restrictions under 
section 42 of the Internal Revenue Code and other applicable 
Requirements of Law.

(hh) **Lead Containing Material.** Borrower shall use no materials 
containing lead in violation of quantities permitted under applicable 
Requirements of Law in the construction of the Improvements.

(ii) **Mold.** During any construction of the Premises, if 
applicable, all identified mold contamination shall be remediated and all 
roof leaks shall be repaired and water damaged wall and ceiling materials 
shall be replaced.

(jj) **PCB.** During any construction of the Premises, if applicable, 
all light ballasts that are not labeled "No PCB" will be replaced with 
ballasts that are labeled "No PCB."

(kk) **Equity Funding.** If Bank (or its Affiliate) is not the upper tier 
investor in the Investor Member, as and when requested by Bank, on or 
prior to the Closing Date, Borrower shall provide Bank with the source and 
terms of the funding of the Capital Contributions (Bank’s obligation to 
close the Loan is subject to its approval of the upper tier equity investor). 
If, after the Closing Date, the Investor Member transfers any of the 
Investor Member’s interest in the Borrower, if the transfer is not permitted
by Section 5.1(l), the Investor Member shall provide Bank with the identity of all partners or members of the entity (the "Fund") to which the Investor Member's interests were transferred. All information received in connection with the foregoing shall be kept confidential by Bank. If prior to the earlier to occur of (i) the Conversion Date or (ii) the payment in full of the Capital Contribution, subject to any adjustments, in the Operating Agreement, any major partner or member (being any particular partner or member owning 25% or more of the Fund) in the Fund is substituted for any one or more other Persons, unless the transfer is permitted by Section 5.1(l), the Investor Member shall promptly notify Bank of the substitution. Partners or members in the Fund (whether as a result of the original syndication or after a transfer) will either be an Affiliate of Wells Fargo Bank, National Association, a financial institution or an investment grade corporation (defined as BBB- or better rated by S&P or similar rating agency) or otherwise approved by Bank in writing, which approval shall not be unreasonably withheld or delayed.

(ii) Project Account. Borrower shall maintain Bank as its principal depository bank for project accounts related to the Premises.

(mm) FLORIDA TAX LIABILITY. BORROWER HAS DETERMINED THAT NO FLORIDA DOCUMENTARY TAX OR FLORIDA INTANGIBLES TAX IS DUE BY BORROWER OR GUARANTOR (OR BY BANK AS THE CASE MAY BE) IN CONNECTION WITH THE LOAN TRANSACTION RELATING TO THE LOAN, OR IF ANY SUCH TAX IS DUE, BORROWER SHALL CAUSE THAT TAX TO BE PROMPTLY PAID BEFORE AS REQUIRED BY APPLICABLE LAW.

4.2 Assignment of Plans. As additional security for the payment of the Note and other Obligations, Borrower hereby transfers and assigns, and grants a security interest, to Bank all of Borrower's rights and interest in and to the Plans and all design contracts (collectively, referred to in this Section as the "Plans") and hereby represents and warrants to and agrees with Bank as follows:

(a) The Plans delivered to Bank are a complete and accurate description of the Plans. The Plans have been heretofore approved in writing by, as applicable, the Credit Agency, HUD and the City. No approval of the Plans is required by any other Person under the Operating Agreement, the TCHFC Loan Documents, or otherwise.

(b) The Plans are complete and adequate for the construction of the Improvements and there have been no modifications thereof. The Plans shall not be modified without the prior written consent of Bank (except for change orders permitted under Section 4.1(c) hereof).
(c) Bank may use the Plans for any purpose related to the improvements, including, but not limited to, inspections of construction and the completion of the improvements.

(d) Bank's acceptance of this assignment shall not constitute approval of the Plans by Bank. Notwithstanding anything herein to the contrary, Bank has no liability or obligation whatsoever in connection with the Plans and no responsibility for the adequacy thereof or for the construction of the Improvements contemplated by the Plans. Bank has no duty to inspect the Improvements, and, if Bank should inspect the Improvements, Bank shall have no liability or obligation to Borrower arising out of such inspection. No such inspection nor any failure by Bank to make objections after any such inspection shall constitute a representation by Bank that the Improvements are in accordance with the Plans nor shall any such matter constitute a waiver of Bank's right thereafter to insist that the Improvements be constructed in accordance with the Plans.

(e) This assignment shall inure to the benefit of Bank, its successors, and assigns, including, without limitation, any purchaser upon foreclosure of the Mortgage or any receiver in possession of the Land that assumes Bank's rights and obligations under this Agreement.

4.3 Assignment of Construction Contracts. As additional security for the payment of the Note and other Obligations, Borrower hereby transfers and assigns, and grants a security interest, to Bank all of Borrower's rights and interest, but not its liability for any breach, in, under, and to the Construction Contracts (as hereafter defined), upon the following terms and conditions:

(a) Borrower represents and warrants that the copy of each original construction contract (collectively with all other original contracts relating to construction of the Improvements, the "Construction Contracts") it has furnished or will furnish to Bank is and shall be a true and complete copy thereof and that Borrower's interest therein is not subject to any claim, setoff, or encumbrance other than the Permitted Exceptions and the security interests granted to the Bank.

(b) NEITHER THIS ASSIGNMENT NOR ANY ACTION BY BANK (INCLUDING BUT NOT LIMITED TO APPROVAL OF THE PLANS BY BANK) SHALL CONSTITUTE AN ASSUMPTION BY BANK OF ANY OBLIGATION UNDER ANY CONSTRUCTION CONTRACT, AND BORROWER SHALL CONTINUE TO BE LIABLE FOR ALL OBLIGATIONS OF BORROWER THEREUNDER, BORROWER HEREBY AGREEING TO PERFORM ALL OF ITS OBLIGATIONS UNDER ANY CONSTRUCTION CONTRACT. BORROWER INDEMNIFIES AND HOLDS BANK HARMLESS AGAINST AND FROM ANY LOSS, COST, LIABILITY OR EXPENSE (INCLUDING, BUT NOT
LIMITED TO, REASONABLE ATTORNEYS' FEES AND EXPENSES) RESULTING FROM ANY FAILURE OF BORROWER TO SO PERFORM, BUT NOT AS A RESULT OF BANK'S, OR ANY OF THE INDEMNIFIED PARTIES', GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

(c) Bank shall have the right at any time during the continuance of an Event of Default (but shall have no obligation) to take in its name or in the name of Borrower such action as Bank may at any time determine to be necessary to cure any default under any Construction Contract or to protect the rights of Borrower or Bank thereunder. Bank shall incur no liability if any action so taken by it or on its behalf shall prove to be inadequate or invalid, and Borrower agrees to hold Bank free and harmless against and from any loss, cost, liability or expense (including, but not limited to, reasonable attorneys' fees and expenses) incurred in connection with any such action, other than as a result of Bank's (which shall include agents, employees and invitees of Bank) gross negligence or willful misconduct.

(d) Borrower hereby irrevocably constitutes and appoints Bank as Borrower's attorney-in-fact, in Borrower's name or in Bank's name, to, during the continuance of an Event of Default, enforce all rights of Borrower under any Construction Contract.

(e) Prior to the occurrence and continuation of an Event of Default, Borrower shall have the right to exercise its rights as a party to the Construction Contract, provided that, except as otherwise expressly set out herein, Borrower shall not cancel or amend any Construction Contract in any material manner (except for change orders permitted hereunder) or do or suffer to be done any act which would impair the security constituted by this assignment without the prior written consent of Bank.

(f) This assignment shall inure to the benefit of Bank, its successors and assigns, including any purchaser upon foreclosure of the Mortgage, any receiver in possession of the Premises, and any corporation formed by or on behalf of Bank which assumes Bank's rights and obligations under this Agreement.

ARTICLE V - NEGATIVE COVENANTS

Unless otherwise expressly permitted under the Loan Documents, until full payment and performance of the Note and all other Obligations of Borrower, and the expiration of Bank's funding commitments hereunder, Borrower shall not, without the prior written consent of Bank, which consent will not be unreasonably delayed, withheld or conditioned (and without limiting any requirement of any other Loan Document):

(vii) Debt contemplated by the Operating Agreement (to the extent subordinated to the Bank in a manner satisfactory to Bank);
(viii) taxes, assessments, or other government charges which are not yet due or which are being contested in good faith by appropriate action promptly initiated and diligently conducted if a reserve shall have been made therefor as required by GAAP;

(j) **Payment of Development Fees, Contractor Fees, and Lease Commissions.** Except as permitted by this Agreement, Borrower shall not permit any development and developer overhead fees, contractor profit or fees, or lease commissions to be disbursed (pursuant to the draw schedule approved by Bank or otherwise) to Borrower, Guarantor, or any other party.

Except as approved by Bank in writing in each instance, Borrower shall not enter into any management or service contract in connection with the Premises (other than for the provision of cable television, telephone, internet, security, and coin operated laundry services to the Premises) which is not terminable by Borrower (or its successors) without cause, or with not more than thirty (30) Business Days notice.

requirements:

(a) Borrower or Borrower's Agent to Request Disbursements
shall complete, sign and deliver to Bank a written request for advance

6.5 Obligation for Further Disbursements. No disbursement made hereunder shall constitute a waiver of any condition precedent to the obligation of Bank to make any further disbursement or preclude Bank from thereafter declaring the failure of Borrower to satisfy such condition precedent (after satisfaction of any applicable requirements of grace, notice, or both) to be an Event of Default. At Bank's sole option, any such condition precedent may be waived by Bank, in whole or in part, at any time. All conditions precedent to Bank's obligations to make disbursements are imposed solely for the benefit of Bank, and no other party may require any such condition precedent or be entitled to assume that Bank will refuse to make any disbursement in the absence of strict compliance with such condition precedent.

(j) **Completion.** The development of the Improvements is not substantially completed by the Bank's Required Completion Date and in accordance with all Requirements of Law (including all requirements for the preservation of the Tax Credits) and such failure is not fully cured within thirty (30) days after written notice thereof is provided by Bank to Borrower;
(k) **Bank Determination.** A reasonable determination by Bank (or its construction consultant) that the development and construction of the Improvements cannot be completed by the Bank's Required Completion Date and in accordance with all Requirements of Law (including all requirements for ensuring the preservation of the Tax Credits), or any other conditions set forth in Section 6.6 cannot be fully completed and satisfied on or before the Bank's Required Completion Date (regardless of whether or not as a result of any casualty or condemnation), and any such situation is not corrected in a manner satisfactory to Bank within thirty (30) days after written notice thereof is provided by Bank to Borrower;

(l) **Equity.** (i) Failure of the Investor Member to make any scheduled installment of the Capital Contribution as and when required to do so under the Operating Agreement and such failure is not fully cured within any applicable grace or cure period provided for in the Operating Agreement, or (ii) any reduction (other than as a result of the application of standard tax credit adjustment provisions in the Operating Agreement) in the amount of the Capital Contribution or the amount of any installment of the Capital Contribution, or any change to the conditions to the funding of the Capital Contribution or any installment thereof (other than as a result of a waiver of any such conditions), or any portion thereof (under the terms of the Operating Agreement or otherwise), which are not consented to by Bank in writing, which such consent shall not be unreasonably withheld, conditioned or delayed;

(m) **Liquidation or Dissolution.** Borrower (or one of its managing members) or the Investor Member shall dissolve or liquidate, be consolidated into any other entity, modify or amend its organizational documents (except as otherwise permitted under the Loan Documents, including, without limitation, Section 5.1(i) hereof), or fail to remain in good standing in the State of Texas, without the prior written consent of Bank; and such situation is not remedied within 30 days after written notice thereof is provided by Bank to Borrower;

(n) **Death or Legal Incapacity.** The death or legal incapacity of a Guarantor, and the failure of Borrower to provide Bank with a replacement guarantor acceptable to Bank within ninety (90) days after the occurrence of any such death or legal incapacity, or event;

(o) **Failure to Observe Construction Contract.** Failure of Borrower or Contractor to perform, observe, or comply with any of the terms, covenants, conditions, or provisions of the applicable Construction Contract within 30 Business Days after written notice thereof is provided by Bank to Borrower; provided, however, that in the case of such a failure by the Contractor, if Borrower is diligently and in good faith pursuing all appropriate remedies under the pertinent Construction Contract relating to
such Contractor's failure thereunder and Borrower terminates the Construction Contract in good faith within thirty (30) days after the occurrence of such failure, then Borrower shall not be deemed to be in default under this Agreement if another Contractor satisfactory to Bank is selected by Borrower and placed under contract with Borrower within sixty (60) days after terminating said defaulting Contractor and such substitute Contractor promptly proceeds to fully cure the defaulting Contractor's default and to construct the Improvements in accordance with the Budget and the plans and specifications provided to Bank for the Improvements, in a diligent manner and in accordance with this Agreement;

(p) **Uninsured Casualties.** If any act or occurrence of any kind or nature (including any casualty) for which insurance was not obtained (or was not obtainable) shall result in material damage to or material loss or material destruction of a material portion of the Improvements and such loss or damage is not fully repaired or replaced within ninety (90) days after such occurrence, or such longer period as is necessary and reasonably acceptable to Bank;

(q) **Voluntary Filings.** Borrower, Guarantor, or the Investor Member shall (i) apply for or consent to the appointment of a receiver, trustee or liquidator of it or all or a substantial part of its assets, (ii) file a voluntary petition commencing a bankruptcy or other insolvency proceeding, (iii) make a general assignment for the benefit of creditors, (iv) be unable, or admit in writing its inability, to pay its debts generally as they become due, or (v) file an answer admitting the material allegations of a petition filed against it in a bankruptcy or other insolvency proceeding;

(r) **Involuntary Filings.** An order, judgment, or decree shall be entered against Borrower, Guarantor, or the Investor Member by any court of competent jurisdiction or by any other duly authorized authority, on the petition of a creditor or otherwise, granting relief in a bankruptcy or other insolvency proceeding or approving a petition seeking reorganization or an arrangement of its debts or appointing a receiver, trustee, conservator, custodian or liquidator of it or all or any substantial part of its assets and such order, judgment or decree shall not be dismissed or stayed within 90 days;

(s) **Levy.** The levy against any significant portion of the property of Borrower or Guarantor or any execution, garnishment, attachment, sequestration, or other writ or similar proceeding which is not permanently dismissed or discharged within 90 days after the levy;

(t) **Work Stoppage.** The failure to comply with the terms and provisions of the fourth sentence of Section 4.1(b).
(u) **Judgments.** A final and non-appealable order, judgment or decree, which is uninsured in an amount in excess of $150,000.00, shall be entered against Borrower or Guarantor, and such order, judgment or decree shall not be paid, reserved for Bank (in a manner acceptable to Bank), dismissed, or stayed within 90 days;

(v) **Challenges.** Borrower, a Guarantor, or their representatives and affiliates shall challenge or contest in any action, suit, or proceeding the validity or enforceability of this Agreement or any of the other Loan Documents, the legality or enforceability of any of the Obligations or the perfection or priority of any lien or security interests granted to Bank;

(w) **Fraudulent Activities.** Borrower or a Guarantor shall have (i) concealed, removed, or diverted, or permitted to be concealed, removed or diverted, any part of its property, with intent to hinder, delay or defraud its creditors or any of them; (ii) made or suffered a transfer of any of its property which is fraudulent under any bankruptcy, fraudulent conveyance or similar law; or (iii) shall have suffered or permitted, while insolvent, any creditor to obtain a lien upon any of their respective property through legal proceedings or otherwise which is not vacated within 60 days from the date thereof;

(x) **Lien Priority.** The liens and/or security interests granted in any Loan Document shall not constitute a first and prior lien and/or security interest upon the collateral described therein, subject only to the Permitted Exceptions or otherwise permitted by this Agreement, and such circumstance shall not be fully cured in a manner reasonably acceptable to the Bank within 30 days after written notice thereof is provided by Bank to Borrower; and

(y) **Tax Credit Allocation.** A reasonable determination by Bank, or its counsel, that Borrower has failed to satisfy any applicable Requirements for obtaining and maintaining the Low Income Housing Tax Credit for the Affordable Units.

**7.2 Termination of Obligations.** Any obligation of Bank under this Agreement shall immediately and automatically cease and terminate upon the occurrence of a Default or an Event of Default unless and until Bank shall reinstate the same in writing, which reinstatement Bank agrees to provide at Borrower's request and expense if that Default or Event of Default is cured in a timely manner or in a manner otherwise satisfactory to Bank.

**7.3 Rights and Remedies.** During the continuation of an Event of Default, Bank may, at its option, do any one or more of the following:

(a) **Acceleration.** Bank, at its option and without any notice of intent to accelerate, notice of acceleration, or other notice or demand, may
declare the entire principal amount of the Note then outstanding and the
interest accrued thereon immediately due and payable, and the said entire
principal, interest and all other amounts owing thereunder shall thereupon
become immediately due and payable without presentment, demand, protest, notice of protest or other notice of default or dishonor of any kind,
all of which are hereby expressly waived by Borrower.

(b) **Additional Rights.** Bank shall have, in addition to the rights
and remedies given it in this Agreement and the other Loan Documents
(including, without limitation, the foreclosure of the Mortgage), all of the
rights and remedies allowed by all applicable ordinances, statutes, rules,
regulations, orders, injunctions, writs or decrees of any governmental or
political subdivision or agency thereof, or any court or similar entity
established by any such subdivision or agency.

(c) **Enter on Premises.** At the risk, cost, and expense of
Borrower: (i) enter upon and take possession of the Premises and the
materials and equipment owned by Borrower being used in the
development of the Improvements; (ii) take such action as Bank shall in its
reasonable judgment deem appropriate to protect the Premises; and (iii)
take such action as Bank shall in its reasonable judgment deem
appropriate to continue construction of the Improvements with such
changes therein as Bank may elect to make. If Bank shall elect to
continue construction, Bank may: (v) assume or reject any construction or
other contracts made by Borrower in connection with the construction or
operation of the Improvements; (w) engage or employ contractors,
subcontractors, architects, engineers and others for the construction of the
Improvements; (x) pay, settle or compromise existing or future bills or
claims relating to the development of the Improvements or the Premises
or affecting title thereto; (y) take or refrain from taking such other action
(including, without limitation, discontinuing construction), in its name or in
the name of Borrower, as Bank in its reasonable judgment may determine,
and (z) to enforce the right to payment of Capital Contributions under the
Operating Agreement. All reasonable costs and expenses incurred by
Bank in taking and protecting the Premises and in constructing the
Improvements shall be paid by Borrower to Bank upon demand, with
interest at the rate provided in the Note from the date of disbursement to
the date of payment to Bank, and the payment of such sums shall be
secured by the Mortgage and the other Loan Documents. Bank shall have
no obligation to take any of the foregoing actions, and if Bank should do
so, it shall have no liability to Borrower or Guarantor for the sufficiency of
any such actions or otherwise, provided such actions are taken in good
faith.

(d) **Tax Credits.** The parties hereby acknowledge and agree
that the Tax Credits are an inseparable benefit of ownership of the
Premises which is transferred with the transfer of ownership of the

66
Premises and that the Tax Credits may not be transferred or assigned by Bank separately from its security interest in the Premises nor by Borrower and its members to any other Person separately from the Borrower and its members' ownership of the Premises. In the event that the Bank (or its designee) obtains title to and ownership of the Premises, the Borrower (or the Investor Member) shall have no right to claim the Tax Credits which are generated by the Premises from and after the date on which the Bank (or its designee) obtains title to and ownership of the Premises.

(e) **Curative Action.** Bank may (but is not in any way obligated) for and on behalf of Borrower (and its managing members) cure any default or event of default under the Operating Agreement (and the agreements issued pursuant thereto).

(f) **Bank Offset.** As further security for the Note, the Obligations, and all other indebtedness which may at any time be owing by Borrower to the holder of the Note, whether such obligations and indebtedness are incurred directly or acquired from third parties by Bank or any other holder of the Note, Borrower grants to Bank or any other holder of the Note a lien, security interest, and contractual right of setoff in and to the Loan Account and all other deposits (general or special, time or demand) of Borrower now or at any time hereafter held or received by or in transit to or coming within the custody or control of Bank or any other holder of the Note, including without limitation, all certificates of deposit and other accounts, irrespective of whether such certificates or accounts have matured and whether the exercise of such right of setoff results in loss of interest or other penalty under the terms of the certificate or agreement. Bank or any holder hereof shall have a first lien and security interest on all deposits and other sums at any time credited by or due from Bank or any holder of the Note to Borrower as collateral security for the payment of the Note, and Bank or other holder hereof, at its option and after acceleration of the maturity of the Note, however said maturity may be brought about, may without notice and without any liability, hold all or any part of any such deposits or other sums until all sums owing on the Note and all other indebtedness owing by Borrower to the holder of the Note have been paid in full and all other obligations have been performed in full and/or apply or set off all or any part of any such deposits or other sums credited by or due from Bank or any holder of the Note to or against any sums due on the Note in any manner and in any order or preference which Bank or other holder hereof, at its sole discretion, chooses. The foregoing rights of Bank are in addition to and cumulative of all other rights and remedies (including, without limitation, the liens, security interests and rights of setoff) which Bank may have.

(g) **Other Rights.** In addition to the other rights and remedies available to Bank, upon discovery by Bank of any material deviations from the Plans not otherwise expressly permitted by the terms of this
Agreement, or of any material defective or unworkmanlike labor or materials being used in the construction of the Improvements, Bank may immediately order stoppage of construction and demand that any unsatisfactory work be replaced and that the condition be corrected, whether or not any unsatisfactory work has already been incorporated into the Improvements. After issuance of such an order in writing, the condition shall be corrected or commenced within thirty (30) days from the date of stoppage by Bank, subject to Excusable Delays. Bank shall have the right to withhold all further advances of the Loan until the condition is corrected and no other work shall be done on the Improvements without the prior written consent of Bank unless, and until, such condition has been fully corrected.

7.4 Due on Sale. Except as permitted by Section 5.1(f) and 5.1(l) and except for Approved Leases, or as otherwise specifically permitted under the Loan Documents, except for Approved Leases, if Borrower shall sell, convey, encumber, assign or transfer all or part of its interest in the Premises or any interest therein without the prior written consent of Bank, Bank may, at Bank's option, without demand, presentment, protest, notice of protest, notice of intent to accelerate, notice of acceleration of or other notice, or any other action, all of which are hereby waived by Borrower and all other parties obligated in any manner on the Note and other Obligations, declare the Note and other Obligations to be immediately due and payable, which option may be exercised at any time following such sale, conveyance, assignment or transfer, and upon such declaration the entire unpaid balance of the Note and other Obligations shall be immediately due and payable.

7.5 Notice and Cure Rights of Investor Member. Notwithstanding anything to the contrary contained herein, the Bank agrees to accept performance on the part of the Investor Member, or any of its Affiliates as though the same had been performed by the Borrower under any of the Loan Documents. The Bank will allow the Investor Member and its Affiliates ten (10) days after giving the Investor Member notice to cure a monetary default under the Loan Documents (other than the payment due at maturity) and except as to the Borrower's filing of a voluntary bankruptcy petition, up to thirty (30) days after giving the Investor Member notice to cure of any non-monetary default under the Loan Documents, provided, however, that in the event of a non-monetary default that is not susceptible to being cured within such thirty (30) day period, the Bank will allow the party offering cure an additional period of up to sixty (60) days to cure such default, provided that the cure of such default has commenced and the person offering the cure is continuously proceeding to cure such default through the end of the sixty (60) day period. If the Investor Member, or any of its Affiliates makes any such payment or otherwise offers cure of a default, the Bank will accept or reject such action as curing such default on the same basis as if payment or cure were made directly by the Borrower. Investor Member shall have no obligation to cure any Default or Event of Default hereunder.
ARTICLE VIII - MISCELLANEOUS

8.1 Bank Approvals. All surveys, appraisals, insurance policies, construction contracts and subcontracts, leases, plans and specifications, legal opinions, requests for disbursement, and other Loan Documents and items required for the Loan shall have been approved by the Bank in all material respects (Bank may, at its option, condition any such approval on the approval by the Investor Member).

8.2 No Third Party Beneficiaries. This Agreement is for the sole protection and benefit of Bank and Borrower, and no other person or entity shall have any right as a third party beneficiary hereunder or any right to bring an action hereon or claim the proceeds of the Loan.

8.3 No Waiver. No failure on the part of Bank to exercise any right, option, privilege, or remedy available to Bank shall operate as a waiver thereof, nor shall any single or partial exercise or waiver of any such right, option, privilege, or remedy preclude any other or further exercise thereof to its fullest extent or the exercise of any other right, option, privilege, or remedy.

8.4 Notices. Notices, requests, demands and other communications which any party is required or may desire to give to any other party under any provision of this Agreement and the other Loan Documents must be in writing and delivered to the other party at the address set forth in the first paragraph of this Agreement (or to such other address as any party may designate by written notice to the other party). Each such notice, request, demand or other communication shall be deemed given or made as follows: If sent by mail, upon the earlier of the date of receipt or five (5) days after deposit in the U.S. Mail, first class postage prepaid; and if sent by any other means, upon delivery. Copies of all notices, requests, demands and other communications provided by Bank to Borrower pursuant to this Agreement and the other Loan Documents by Bank will be simultaneously provided to the Investor Member at Wells Fargo Affordable Housing Community Development Corporation, One Wells Fargo Center, 301 South College St., TW17, MAC: D1053-170, Charlotte, NC 28228, Attention: Director of Tax Credit Asset Management, and to Kutak Rock LLP, 1650 Famam Street, Omaha, NE 68102, Attn: Judy Crosby; and to Guarantor at its address provided for in Guaranty, and shall be simultaneously provided to Borrower's counsel at Shutts & Bowen, LLP, 201 South Biscayne Blvd., Suite 1500, Miami, Florida 33131, Attention: Gary Cohen or Robert Cheng (Bank acknowledges and agrees that Investor Member and Guarantor may cure on behalf of Borrower all defaults under this Agreement and the other Loan Documents within the applicable period provided). Each such notice, request, demand and communication shall be deemed delivered, given or made as follows: If sent by mail, upon the earlier of the date or receipt or five (5) days after deposit in the U.S. Mail, certified, postage prepaid and return receipt requested; and if sent by any other means, upon delivery or refusal of delivery. Notwithstanding anything herein to the contrary, Bank shall provide the Investor Member with copies of all notices of Default and Event of Default provided to Borrower under this Agreement and other Loan Documents simultaneously with the giving of any such notice to Borrower, and Investor Member and its Affiliates shall be entitled to cure any such
Default or Event of Default for and on behalf of Borrower within any applicable grace or cure period.

8.5 Transfer of Rights. Borrower shall not assign or otherwise transfer this Agreement or the Loan Documents, in whole or in part, without the prior written consent of Bank. Bank may create and sell participation interests in the Loan or otherwise assign or transfer this Agreement and the Loan Documents as provided in Section 8.23 hereof, in whole or in part, at any time and in the event of an assignment or transfer by Bank, the term "Bank" shall include any such assignee or transferee to the extent of the interest assigned or transferred. This Agreement shall be binding upon, and shall inure to the benefit of, the parties hereto and their respective heirs, successors, personal representatives, and assigns.

8.6 Severability. The unenforceability or invalidity of any provision of this Agreement shall not affect the enforceability or validity of any other provision herein, and the invalidity or unenforceability of any provision of any Loan Document to any person or circumstance shall not affect the enforceability or validity of such provision as it may apply to other persons or circumstances.

8.7 Advertising. Bank shall have the right at its sole cost and expense to erect one or more signs on the Premises advertising its financing of the improvements, provided that the same complies with all Requirements of Law, including any applicable ordinances.

8.8 GOVERNING LAW. THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS AND APPLICABLE UNITED STATES FEDERAL LAW. JURISDICTION AND VENUE FOR CLAIMS BROUGHT IN CONNECTION WITH THIS AGREEMENT SHALL LIE EXCLUSIVELY IN TEXAS.

8.9 Other Advances. Borrower and Bank acknowledge and agree that in the future, Borrower may apply for and Bank may agree to fund additional loans to Borrower. Borrower and Bank agree that all existing and hereafter created loans and other advances from Bank, or any of its predecessors or successors in interest, to Borrower, whether or not such loans are particularly described in this Agreement, as may be amended from time to time, shall constitute Obligations for purposes of this Agreement and shall be subject to the terms, provisions, covenants, and agreements set forth in this Agreement (except that the Mortgage shall only secure those Obligations described therein). Nothing herein shall constitute an offer or commitment by Bank to make any such additional loan.

8.10 No Duty or Special Relationship. Borrower acknowledges that Bank has no duty to Borrower with respect to the loan transactions set forth in this Agreement except as expressly provided for in this Agreement and the other Loan Documents, and acknowledge that no fiduciary, trust, or other special relationship exists between Bank and Borrower.
8.11 Other Remedies Not Required. Borrower may be required to pay the Note in full without the assistance of any other party, or any collateral or security for the Note. Bank shall not be required to mitigate damages, file suit, or take any action to foreclose, proceed against or exhaust any collateral or security in order to enforce payment of the Note.

8.12 NO CONTROL BY BANK. BORROWER AGREES AND ACKNOWLEDGES THAT ALL OF THE COVENANTS AND AGREEMENTS PROVIDED FOR AND MADE BY BORROWER IN THIS AGREEMENT AND IN THE OTHER LOAN DOCUMENTS ARE THE RESULT OF EXTENSIVE AND ARMS-LENGTH NEGOTIATIONS BETWEEN BORROWER AND BANK. BANK'S RIGHTS AND REMEDIES PROVIDED FOR IN THIS AGREEMENT AND IN THE OTHER LOAN DOCUMENTS ARE INTENDED TO PROVIDE BANK WITH A RIGHT TO OVERSEE BORROWER'S ACTIVITIES AS THEY RELATE TO THE LOAN TRANSACTIONS PROVIDED FOR IN THIS AGREEMENT, WHICH RIGHT IS BASED ON BANK'S VESTED INTEREST IN BORROWER'S ABILITY TO PAY THE NOTE AND PERFORM THE OTHER OBLIGATIONS. NONE OF THE COVENANTS OR OTHER PROVISIONS CONTAINED IN THIS AGREEMENT SHALL, OR SHALL BE DEEMED TO, GIVE BANK THE RIGHT OR POWER TO EXERCISE CONTROL OVER, OR OTHERWISE IMPAIR, THE DAY-TO-DAY AFFAIRS, OPERATIONS, AND MANAGEMENT OF BORROWER.

8.13 Commitment Rendered. The obligations of Bank, if any, under the Commitment, as may have been extended, are fully and completely satisfied, replaced, and superseded by the execution and delivery of the Loan Documents.

8.14 No Partnership. Nothing herein is intended, nor shall it be deemed or construed as, to create a partnership, joint venture, or common interest in profits or income between Borrower and Bank, or to make Bank in any way responsible for the debts or losses of Borrower or with respect to the collateral described in the Loan Documents. Borrower and Bank disclaim any sharing of liabilities, losses, costs or expenses.

8.15 Release of Liens. Each Note may represent advancing credit indebtedness. Accordingly, regardless of whether the balance outstanding under the Note or anything in any Loan Document to the contrary, the Note and Loan Documents (and liens and security interests granted thereunder) shall continue in full force and effect until Bank shall execute a release thereof (which will be provided upon the full and final payment of the Obligations and provided Bank has no funding commitments under this Agreement).

8.16 Renewal of Indebtedness. All provisions of this Agreement relating to the Note shall apply with equal force and effect to each and all promissory notes hereafter executed which in whole or in part represent a renewal, extension, or rearrangement of any part of the indebtedness originally represented by the Note, provided that nothing herein shall constitute a commitment or offer by Bank to such a renewal, extension or rearrangement, other than as expressly set forth herein.
8.17 Counterparts. This Agreement may be executed in two or more counterparts, and it shall not be necessary that any one counterpart be executed by all of the parties hereto. Each fully or partially executed counterpart shall be deemed an original, but all such counterparts taken together shall constitute but one and the same instrument.

8.18 Controlling Agreement. Borrower and Bank intend to conform strictly to the applicable usury laws. All agreements between Bank and Borrower (or any other party liable with respect to any indebtedness under this Agreement and the other Loan Documents) are hereby limited by the provisions of this Section which shall override and control all such agreements, whether now existing or hereafter arising and whether written or oral. In no way, nor in any event or contingency (including but not limited to prepayment, default, demand for payment, or acceleration of the maturity of any obligation), shall the interest contracted for, charged, or received under the Note otherwise exceed the Maximum Rate. If, from any possible development of any document, interest would otherwise be payable to Bank in excess of the Maximum Rate, any such construction shall be subject to the provisions of this Section and such document shall be automatically reformed and the interest payable to Bank shall be automatically reduced to the Maximum Rate, without the necessity of execution of any amendment or new document. If Bank shall ever receive anything of value which is characterized as interest under applicable law and which would apart from this provision be in excess of the Maximum Rate, an amount equal to the amount which would have been excessive interest shall at the option of Bank, be refunded to Borrower or applied to the reduction of the principal amount owing hereunder in the inverse order of its maturity and not to the payment of interest. The right to accelerate maturity of the Note or any other indebtedness does not include the right to accelerate any interest which has not otherwise accrued on the date of such acceleration, and Bank does not intend to charge or receive any unearned interest in the event of acceleration. All interest paid or agreed to be paid to Bank shall, to the extent permitted by applicable law, be amortized, prorated, allocated and spread throughout the full stated term (including any renewal or extension) of such indebtedness so that the amount of interest on account of such indebtedness does not exceed the Maximum Rate.

8.19 NO ORAL AGREEMENT. THIS WRITTEN LOAN AGREEMENT AND THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES WITH RESPECT TO THE SUBJECT MATTER HEREOF AND THEREOF AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR SUBSEQUENT ORAL AGREEMENTS OF THE PARTIES. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES WITH RESPECT TO THE SUBJECT MATTER HEREOF.

8.20 JURY WAIVER. EACH PARTY HERETO HEREBY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT
NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.

8.21 Bank Consent. Whenever Bank is required under this Agreement or any of the other Loan Documents to provide its consent or approval, such consent or approval (or the denial of such consent or approval, as the case may be) shall not be unreasonably withheld or conditioned and shall be given within a reasonable time after its receipt of the request therefor, taking into consideration the circumstances of the request.

8.22 Governing Documents. Except as otherwise expressly provided, all irreconcilable inconsistencies or conflicts between the terms of this Agreement with the terms of any other Loan Document shall be governed and controlled by the terms of this Agreement.

8.23 Participations. Borrower acknowledges and agrees that Bank may provide any information Bank may have about Borrower or about any matter relating to this Agreement to Bank, its parent, its subsidiaries, its affiliates or their successors, or to any one or more purchasers or potential purchasers of a Note. Borrower agrees that Bank may at any time sell, assign or transfer one or more interests or participations in all or any part of its rights or obligations in a Note to one or more purchasers whether or not related to Bank. Borrower authorizes Bank to disseminate any information it has pertaining to the Loan, including, without limitation, credit information on Borrower, any of its principals, or any other party liable, directly or indirectly for the Note, to any such assignee or participant or prospective assignee or participant. Borrower shall execute, acknowledge, and deliver any and all instruments reasonably requested by Bank to satisfy such assignee or participant that the Loan are outstanding in accordance with the terms and provisions of the Note and the Loan Documents.

8.24 Placement of Restrictive Covenants. Notwithstanding anything in this Agreement or the other Loan Documents to the contrary, Borrower shall be permitted to execute any restrictive covenants or restrictions which Borrower is required to enter into by the Credit Agency for issuance of Form 8609 with respect to the Premises if and to the extent Borrower has notified Bank thereof in writing prior to Borrower's execution thereof. All such documents described in this Section 8.24 are herein collectively called the "Restriction and Easement Documents". Once any of such Restriction and Easement Documents are approved by Bank, Bank shall subordinate its liens and security interests with respect to the Premises (including without limitation, the lien and security interest created by the Mortgage) to such Restriction and Easement Document in a manner reasonably acceptable to Bank, the Credit Agency, and their respective counsel. Such subordination shall provide that
Bank is subject to the limitations on evictions, terminations of tenancy, and increases in
rents for the three year period following acquisition of the Land by Bank or its successor
or assigns by foreclosure (or instrument in lieu of foreclosure), as set forth in Section
42(h)(6)(E)(ii) of the Internal Revenue Code, as amended.

8.25  **No Offset.** All payments due by Borrower to Bank under the Loan
Documents are to be made by the Borrower without offset or other reduction.

8.26  **RECOGNITION. BORROWER HAS BEEN ADVISED BY BANK**
**TO SEEK THE ADVICE OF AN ATTORNEY AND AN ACCOUNTANT IN**
**CONNECTION WITH THE COMMERCIAL LOAN EVIDENCED BY THE NOTE; AND**
**BORROWER HAS HAD THE OPPORTUNITY TO SEEK THE ADVICE OF AN**
**ATTORNEY AND ACCOUNTANT OF BORROWER'S CHOICE IN CONNECTION**
**WITH THE COMMERCIAL LOAN EVIDENCED BY THE NOTE.**

8.27  **Increased Costs.** If, after the Closing Date, any law, regulation or
change in any law or regulation or in the interpretation thereof, or any ruling, decree,
judgment, guideline, directive or recommendation (whether or not having the force of
law) by any regulatory body, court, central bank or any administrative or Governmental
Authority charged or claiming to be charged with the administration thereof (including,
without limitation, a request or requirement which affects the manner in which the Bank
allocates capital resources to its commitments including its obligations hereunder) shall
either (a) impose upon, modify, require, make or deem applicable to the Bank or any of
its affiliates, subsidiaries or participants any reserve requirement, special deposit
requirement, insurance assessment or similar requirement against or affecting the Loan,
or (b) subject the Bank or any of its affiliates, subsidiaries or participants to any tax,
charge, fee, deduction or withholding of any kind whatsoever in connection with the
Loan, or change the basis of taxation of the Bank or any of its affiliates, subsidiaries or
participants (other than a change in the tax payable by the Bank or any of its affiliates,
subsidiaries or participants based on the overall income of the Bank or such other
Person), or (c) impose any condition upon or cause in any manner the addition of any
supplement to or increase of any kind to the Bank's or an affiliate's, subsidiary's or
participant's capital or cost base for issuing or owning a participation in the Loan, which
results in an increase in the capital requirement supporting the Loan, or (d) impose
upon, modify, require, make or deem applicable to the Bank or any of its affiliates,
subsidiaries or participants any capital requirement, increased capital requirement or
similar requirement, such as the deeming of the Loan to be an asset held by the Bank
or any of its affiliates, subsidiaries or participants for capital adequacy calculation or
other purposes (including, without limitation, a request or requirement which affects the
manner in which the Bank or any participant allocates capital resources to its
commitments including its obligations hereunder or under the Loan), and the result of
any events referred to in (a), (b), (c) or (d) above shall be to increase the costs in any
way to the Bank or any affiliate, subsidiary or participant of issuing, maintaining or
participating in the Loan, or reduce the amounts payable by Borrower hereunder or
reduce the rate of return on capital, as a consequence of the issuing, maintaining or
participating in the Loan, to a level below that which the Bank, its affiliates, subsidiaries
or participants could have achieved but for such events; then and in such event
Borrower shall, promptly upon receipt of written notice to Borrower by the Bank of such increased costs and/or decreased benefits, pay within 30 days of demand thereof to the Bank all such additional amounts which, in the Bank’s or participant’s sole good faith calculation as allocated to the Loan, shall be sufficient to compensate it for all such increased costs and/or decreased benefits, all as certified by the Bank or such participants in said written notice to Borrower. Such certification shall be accompanied by information concerning the calculation of such increased costs and/or decreased benefits and shall be conclusive and binding on the parties hereto, absent manifest error. In determining such amount, the Bank or any participant may use any reasonable averaging or attribution methods.

8.28 Business Loans. Borrower warrants and represents to Bank, and to all other holders of any debt evidenced by the Note, that the Loan is and shall be for business, commercial, investment or other similar purpose and not primarily for personal, family, household or agricultural use, as such terms are used in Chapter One of the Texas Credit Code. Borrower does not expect to occupy any property covered by the Mortgage.

8.29 USA Patriot Act Notification. The following notification is provided to Borrower pursuant to Section 326 of the USA Patriot Act of 2001, 31 U.S.C. Section 5318:

IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT. To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each person or entity that opens an account, including any deposit account, treasury management account, loan, other extension of credit, or other financial services product. What this means for Borrower: When Borrower opens an account, if Borrower is an individual, Bank will ask for Borrower’s name, taxpayer identification number, residential address, date of birth, and other information that will allow Bank to identify Borrower, and, if Borrower is not an individual, Bank will ask for Borrower’s name, taxpayer identification number, business address, and other information that will allow Bank to identify Borrower. Bank may also ask, if Borrower is an individual, to see Borrower’s driver’s license or other identifying documents, and, if Borrower is not an individual, to see Borrower’s legal organizational documents or other identifying documents.

Without limiting the foregoing, Bank hereby notifies the Borrower that pursuant to the requirements of the USA Patriot Act (Title III of Pub. L. 107-56 (signed into law October 26, 2001)) (the “Act”), it is required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow Bank to identify the Borrower in accordance with the Act.
8.30 WAIVER OF SPECIAL DAMAGES. TO THE EXTENT PERMITTED BY APPLICABLE LAW, NO PARTY HEREUNDER SHALL ASSERT, AND EACH PARTY HERETO HEREBY WAIVES, ANY CLAIM AGAINST THE OTHER PARTY BANK, ON ANY THEORY OF LIABILITY, FOR SPECIAL, INDIRECT, CONSEQUENTIAL OR PUNITIVE DAMAGES (AS OPPOSED TO DIRECT OR ACTUAL DAMAGES) ARISING OUT OF, IN CONNECTION WITH, OR AS A RESULT OF, THIS AGREEMENT OR ANY AGREEMENT OR INSTRUMENT CONTEMPLATED HEREBY, THE TRANSACTIONS, THE LOAN OR THE USE OF THE PROCEEDS THEREOF.

8.31 Termination of Agreement. Upon the full and complete satisfaction or waiver on or before the Conversion Deadline of all terms and conditions of Section 6.7 of this Agreement, Bank shall promptly deliver to the Borrower the Conversion Certificate. This Agreement shall terminate upon the Conversion Date and the delivery of the Conversion Certificate; provided that all other Loan Documents shall remain in full force and effect except for those Loan Documents which will terminate by their terms upon the delivery of the Conversion Certificate (and all references in the other Loan Documents, which will not terminate on the Conversion Date to defined terms in this Agreement shall still be applicable to those terms as defined in this Agreement, notwithstanding the termination of this Agreement).

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]
In Witness Whereof, the parties have duly executed this Agreement under seal as of the day and year first above written.

The Texas Department of Housing and Community Affairs (the "Department") hereby issues this Carryover Allocation of 2014 tax credit authority in the annual amount of $1,056,000 3 pursuant to Section 42(h)(1)(E) or (F) of the Internal Revenue Code of 1986, as amended (the "Code"). The allocation is subject to the terms and conditions stated in the Commitment Notice and Carryover Allocation Manual, and all representations and undertakings set forth in the Application on which the allocation is based, the violation of any of which shall be cause for the cancelation of this Carryover Allocation.

ART AT BRATTON'S EDGE, LLC, a Florida limited liability company, 4 (the "Owner") hereby certifies that each building for which this allocation is being made does or will meet the requirements of Section 42(h)(1)(E)(ii) of the Code (for a project which includes one building) or Section 42(h)(1)(F) of the Code (for a project which includes more than one building) and Treasury Regulation 1.42-6. The Owner hereby certifies that no later than the date that is one year after the effective date of the Carryover Allocation, the Owner will have incurred expenditures amounting to more than 10% of $12,355,872, 5 which is the Owner’s reasonably expected basis in the Development for purposes of Treasury Regulation 1.42-6. Owner agrees to submit promptly to the Department a copy of each inspection report conducted by the lender(s) and/or equity investor as the reports become available.

The Owner hereby certifies that each building for which this allocation is made will be placed in service no later than December 31, 2016. For purposes of Section 42 of the Code, a newly constructed building is not "in service" until at least one unit in such building has been completed and certified by the appropriate local authority or registered architect as ready for occupancy. Notwithstanding the foregoing, if any building in the Development, including a rehabilitation Development, does not have all units completed and certified by the appropriate local authority or registered architect as ready for occupancy by December 31, 2016, this Carryover Allocation with respect to such building will be canceled and no Form 8609 issued with respect thereto. The Department may waive the requirement that all units be certified as ready for occupancy for good cause, but the requirement that at least one unit in each building be certified as ready for occupancy may not be waived. No extension of the deadline to place in service can be made by the Department. Upon completion of the Development or any building therein, the Department may undertake, at the expense of the Owner, such inspection(s) and/or financial audit(s) as it deems desirable in order to verify that the Development was constructed or rehabilitated according to the representations contained in the Application and that reported expenditures were actually incurred. The Department also may require that additional work be done if necessary to meet housing quality standards or other deficiencies noted in the inspection.

All owners that receive a 2014 Carryover Allocation must request issuance of IRS Forms 8609 upon the filing of cost certification documentation as required by the Department’s Post Carryover Activities Manual, as in effect at the time of filing. The documentation must be filed no later than January 15, following the first year of the credit period.

The Owner hereby agrees and acknowledges that all requirements stated in the Post Carryover Activities Manual for receiving IRS Forms 8609 must be met to the satisfaction of the Department before such forms will be issued with respect to the Development. The Owner hereby further agrees and acknowledges that all conditions, restrictions, and obligations in addition to those applicable under Code Section 42, which the Owner undertook in applying for this Carryover Allocation, are incorporated herein and to the extent appropriate, will be reflected in a Declaration of Land Use Restrictive Covenants (the "Declaration") with respect to the Development. Such Declaration will also incorporate provisions requiring compliance with the Internal Revenue Code and with Chapter 2306, Texas Government Code (the "Act"), including but not limited to requirements for: annual reporting and periodic inspections; payments of the fees, charges and expenses of the Department in connection with its monitoring and compliance activities under the Code and the Act; management, operating, maintenance and repair standards for the Development; tenant selection and income certification; limitations on rents, charges, and fees payable by tenants; and development cost controls and management selection. The Owner hereby acknowledges that any rule or requirement applicable to the Development Owner, Application, award, or allocation and any representation made in the Application, as may be amended from time to time, or other materials provided to the Department in connection with the Application may be included in the Declaration and the Development Owner agrees (i) to execute such Declaration in substantially similar form to that provided, subject to such modifications as may be required by the Department, in its reasonable discretion, in order to reflect changes in federal or state law, and policy or program requirements, and (ii) to abide by all the terms and conditions contained in the Declaration. Any failure to comply with the terms of any such conditions, restrictions, or obligations
prior to issuance of IRS Forms 8609 with respect to the Development may be cause for cancelation or modification of this Carryover Allocation by the Department and such other action as the Department determines to be appropriate.

The Owner hereby acknowledges that it has thoroughly reviewed and agrees to abide by all terms and conditions stated in the Qualified Allocation Plan and Uniform Multifamily Rules, Commitment Notice, and 2014 Carryover Allocation Procedures Manual. The Owner hereby agrees to the return of any unused credit authority at the time of final allocation should the Department determine that a reduction in the credit amount is appropriate in accordance with the Department’s rules and under Section 42(m)(2).

Applicable Percentage Election

☐ The Owner hereby irrevocably elects, pursuant to Section 42(h)(1)(A)(ii) of the Code, to fix the applicable credit percentage for the Development as the percentage prescribed by the Secretary of the Treasury for the month in which this Carryover Allocation Agreement was executed by BOTH the Owner and the Department. The Department and the Owner acknowledge that this Carryover Allocation constitutes an agreement binding upon the Department, the Owner, and all successors in interest to the Owner as owners of the Development, subject to compliance by the Owner with the requirements of Section 42 of the Code and the requirements of the Department. Owners are advised to review IRS notice 2008-106 and subsequent changes in law related to the applicable credit percentage.

Eligible Basis Boost

☒ The Texas Department of Housing and Community Affairs (the “Department”) has determined that the Development is not receiving an allocation of credit dollar amount in excess of the amount required for its financial feasibility, and has further determined that the development is eligible for an increase in the eligible basis of the development by up to 30% (a “Basis Boost”) as authorized and permitted by Section 42(d)(5)(B) of the Code, and Title 10 of the Texas Administrative Code Section 11.4(c).

Nonprofit Set-Aside

☐ If this box is checked, this Carryover Allocation is being made pursuant to the Department’s set-aside of credit authority for “qualified nonprofit organizations” within the meaning of Section 42(h)(5)(C) of the Code. Throughout the Compliance Period applicable to the Development under the Code and the Declaration, such a qualified nonprofit organization shall own an interest in the Development, have “control” of the Development pursuant to Section 11.5(1) of the QAP, and materially participate (within the meaning of Section 469(h) of the Code) in the development and operation of the Development. The qualified nonprofit organization designated to meet such obligation with respect to the Development is . As of the date hereof, and based solely on representations, covenants, and warranties of the Owner, and other information previously submitted to the Department by the Owner, the Department has determined such nonprofit organization not to be "affiliated with or controlled by a for-profit organization" for purposes of Section 42(h)(5)(C)(ii) of the Code. In the event that any such representations, covenants, warranties and/or information is determined to have been false, materially misstated or materially misleading when made, or if subsequent events render such representations, covenants, warranties and/or information false or misleading in any material way, then the Department, at its option, may determine the issue of control with respect to Section 42(h)(5)(C)(ii), and such
determination shall be grounds for cancellation of this Carryover Allocation and any and all such other action as the Department may deem appropriate.

This Carryover Allocation is issued to the Owner indicated in the related Commitment Notice. If the Commitment Notice was issued to a party other than the Owner, the Commitment Notice contemplated a subsequent transfer to the Owner of all benefits and burdens associated with the commitment. This Carryover Allocation serves to acknowledge the transfer.

Any other transfer of the allocation will be subject to approval by the Department at its discretion. The Owner hereby agrees and acknowledges that it will request prior written approval from the Executive Director of the Department in writing for any intended transfer of the Development or change in actual control of the Development for which this Carryover Allocation is made prior to such transfer or change in control. Further, any purchaser which intends to acquire the Development with respect to which this allocation is made and to make use of this Carryover Allocation will be required to request approval from the Department of the intended acquisition of the Development and to supply the Department with any documentation which it may require, in its sole discretion. The approval of any such transfer by the Department does not constitute a representation to the effect that such transfer is permissible under the Code or without adverse consequences hereunder.

The Owner agrees that it will inform and seek the Department’s approval for any changes in the number of units, unit mix, unit sizes, design changes or any other material changes to the Development prior to making the changes. Unapproved changes may result in the reduction or loss of credits or in the cancellation of this Carryover Allocation. The Owner hereby agrees that the Owner or management company will attend at least five hours of fair housing training on management and leasing issues, and the Architect or Engineer will attend at least five hours of training on fair housing design prior to the deadline for submitting 10% Test documentation.

In issuing this Carryover Allocation, the Department has relied upon the information submitted to it by the Owner. If Owners or Affiliates are found to be in violation of any rule regarding the Application or any rule regarding actions performed prior or subsequent to submission of the Application, specifically including actions that would have resulted in the ineligibility of the Owner or Affiliate to participate in the Application process, this Carryover Allocation may be canceled at the discretion of the Department. The Department makes no representations concerning or guaranteeing the Owner’s eligibility to receive the credit stated herein; such determination rests with the Internal Revenue Service based upon the actions and determinations of the Owner in light of all applicable laws, regulations and rulings.

The Owner expressly acknowledges that this Carryover Allocation is subject to downward adjustment in accordance with the Department’s rules in connection with the Department’s performing the review required by Internal Revenue Code §42(m)(2).

Under penalty of perjury, I certify that individually and on behalf of the Owner, on whose behalf I represent and warrant I am authorized to act, the information and the statements in this Carryover Allocation Agreement are true and accurate:

accepted.

Should a borrowing entity have employees, that entity must maintain statutory Workers’
Compensation limits and no less than $500,000 of Employer’s Liability coverage.

Other special insurance policies depending on the characteristics of the property and loan may
be required at CommunityBank’s discretion. Those coverages may include, but are not limited
to Sinkhole, Mine Subsidence, Mudslide, Environmental, Auto Liability, Professional Liability,

For escrow purposes, a paid receipt or invoice must accompany the evidence of insurance
showing the premium paid to date and the outstanding premium that remains unpaid.

NOTE: The items of Table A must be negotiated between the surveyor and client. It may be necessary for the surveyor to qualify or expand upon the description of these items (e.g., in reference to Item 6(b), there may be a need for an interpretation of a restriction). The surveyor cannot make a certification on the basis of an interpretation or opinion of another party. Notwithstanding Table A Items 5 and 11(b), if an engineering design survey is desired as part of an ALTA/ACSM Land Title Survey, such services should be negotiated under Table A, Item 22.

If checked, the following optional items are to be included in the ALTA/ACSM LAND TITLE SURVEY, except as otherwise qualified (see note above):

1. ___ Monuments placed (or a reference monument or witness to the corner) at all major corners of the boundary of the property, unless already marked or referenced by existing monuments or witnesses.

2. ___ Address(es) if disclosed in Record Documents, or observed while conducting the survey.

3. ___ Flood zone classification (with proper annotation based on federal Flood Insurance Rate Maps or the state or local equivalent) depicted by scaled map location and graphic plotting only.

4. ___ Gross land area (and other areas if specified by the client).

5. ___ Vertical relief with the source of information (e.g. ground survey or aerial map), contour interval, datum, and originating benchmark identified.

6. ___ (a) Current zoning classification, as provided by the insurer.

___ (b) Square footage of:

___ (1) exterior footprint of all buildings at ground level.

___ (2) other areas as specified by the client.

___ (c) Measured height of all buildings above grade at a location specified by the client. If no location is specified, the point of measurement shall be identified.

8. ___ Substantial features observed in the process of conducting the survey (in addition to the improvements and features required under Section 5 above) such as parking lots, billboards, signs, swimming pools, landscaped areas, etc.
9. ___ Striping, number and type (e.g. handicapped, motorcycle, regular, etc.) of parking spaces in parking areas, lots and structures.

10. ___ (a) Determination of the relationship and location of certain division or party walls designated by the client with respect to adjoining properties (client to obtain necessary permissions).

   ___ (b) Determination of whether certain walls designated by the client are plumb (client to obtain necessary permissions).

11. ___ Location of utilities (representative examples of which are listed below) existing on or serving the surveyed property as determined by:

   ___ (a) Observed evidence.

   ___ (b) Observed evidence together with evidence from plans obtained from utility companies or provided by client, and markings by utility companies and other appropriate sources (with reference as to the source of information).

      - Railroad tracks, spurs and sidings;
      - Manholes, catch basins, valve vaults and other surface indications of subterranean uses;
      - Wires and cables (including their function, if readily identifiable) crossing the surveyed property, and all poles on or within ten feet of the surveyed property. Without expressing a legal opinion as to the ownership or nature of the potential encroachment, the dimensions of all encroaching utility pole crossmembers or overhangs; and
      - utility company installations on the surveyed property.

   Note - With regard to Table A, item 11(b), source information from plans and markings will be combined with observed evidence of utilities to develop a view of those underground utilities. However, lacking excavation, the exact location of underground features cannot be accurately, completely and reliably depicted. Where additional or more detailed information is required, the client is advised that excavation may be necessary.

12. ___ Governmental Agency survey-related requirements as specified by the client, such as for HUD surveys, and surveys for leases on Bureau of Land Management managed lands.

13. ___ Names of adjoining owners of platted lands according to current public records.

14. ___ Distance to the nearest intersecting street as specified by the client.

15. ___ Rectified orthophotography, photogrammetric mapping, airborne/mobile laser scanning and other similar products, tools or technologies as the basis for the showing the location of certain features (excluding boundaries) where ground measurements are not otherwise necessary to locate those features to an appropriate and acceptable accuracy relative to a nearby boundary. The surveyor shall (a) discuss the ramifications of such methodologies (e.g. the potential precision and completeness of the data gathered thereby) with the insurer, lender and client prior to the performance of the survey and, (b) place a note on the face of the survey explaining the source, date, precision and other relevant qualifications of any such data.

16. ___ Observed evidence of current earth moving work, building construction or building additions.
17. Proposed changes in street right of way lines, if information is available from the controlling jurisdiction. Observed evidence of recent street or sidewalk construction or repairs.

18. Observed evidence of site use as a solid waste dump, sump or sanitary landfill.

19. Location of wetland areas as delineated by appropriate authorities.

20. (a) Locate improvements within any offsite easements or servitudes benefitting the surveyed property that are disclosed in the Record Documents provided to the surveyor and that are observed in the process of conducting the survey (client to obtain necessary permissions).

(b) Monuments placed (or a reference monument or witness to the corner) at all major corners of any offsite easements or servitudes benefitting the surveyed property and disclosed in Record Documents provided to the surveyor (client to obtain necessary permissions).

21. Professional Liability Insurance policy obtained by the surveyor in the minimum amount of $__________ to be in effect throughout the contract term. Certificate of Insurance to be furnished upon request.

Re: 811 Units – Art at Bratton’s Edge  

Dear Stephen:

Per the 2019 TDHCA Qualified Allocation Plan, we are hereby submitting a request for your consideration to add ten 811 program units at Art at Bratton’s Edge, in Austin, Texas.

Under the Deed of Trust for Bratton’s Edge, the Borrower has an obligation to not allow any liens or encumbrances other than the Permitted Encumbrances. The addition of 811 units would require a new Extended Use Agreement be recorded and as such, this requires the lender’s consent. Since lease up Art at Bratton’s Edge has maintained on average better than 95% occupancy and does not require additional subsidy units to maintain its occupancy.

A written response is required by TDHCA for submission in our 2019 applications. If you have any questions about this request, you may reach me at 352-213-8700.

Sincerely,

Megan D. Lasch  
President

RE: Art at Bratton’s Edge, Austin, Texas

Dear Megan,

It is my understanding that per the 2019 Qualified Allocation Plan, TDHCA is requiring tax credit award applicants request additional Section 811 unit set-aside/property encumbrances on their prior 9% tax credit properties. Specific to this letter, CommunityBank of Texas is currently providing permanent debt financing to Art at Bratton’s Edge, LLC for Art at Bratton’s Edge, a 76-unit LIHTC family development located in Austin, Texas.

CommunityBank of Texas underwrote the subject Art at Bratton’s Edge development based on information and due diligence leading up to loan approval and ultimate loan closing in July 2015. The inclusion of additional Section 811 units would require additional feasibility underwriting, including but not limited to increased operational expenses. As such, it is our preference to not change the unit profile mix at the property at this time; and hereby, we respectfully decline your request.

Feel free to contact me if I could be of further assistance.

Sincerely,

(iv) The entry of a final decree of dissolution of the Company by a court of competent jurisdiction; or
(v) Any other event which causes the dissolution of the Company under the Act if the Company is not reconstituted pursuant to the provisions of Section 7.2 or Section 7.3.

(b) Upon the dissolution of the Company, the Managing Member (or for purposes of this paragraph, its trustees, receivers or successors) shall cause the cancellation of the Articles and shall liquidate the Company assets and apply and distribute the proceeds thereof in accordance with the provisions of Section 10.3, unless the Investment Member elects to reconstitute the Company and continue its business as provided in Section 7.2 or 7.3, in which case the Company assets shall be transferred to the new Company as provided in such Section. Notwithstanding the foregoing, if, during liquidation, the Managing Member shall determine that an immediate sale of part or all of the Company’s assets would be impermissible, impractical or cause undue loss to the Members, the Managing Member may defer liquidation of, and withhold from distribution for a reasonable time, any assets of the Company except those necessary to satisfy Company debts and obligations (other than Subordinated Loans).

2.5 Nature of Company Interests

No Company Interest hereunder shall be represented by any certificate or be considered a “security” or “investment property” for purposes of Article 8 and Article 9 of the Uniform Commercial Code of any jurisdiction.
ARTICLE III
Mortgage, Refinancing and Disposition of Property

3.1 Personal Liability

Subject to compliance with the Permanent Loan Conditions, the Company shall be authorized to obtain the Mortgage Loans to finance the acquisition, development and construction of the Apartment Complex and shall secure the First Mortgage Loan by the First Mortgage Loan Mortgage and the AHFC Loan by the AHFC Loan Mortgage. The Managing Member and its Affiliates, jointly and severally, are hereby authorized to incur personal liability for the repayment of funds advanced by the First Mortgage Lender (and interest thereon) during the construction phase of the First Mortgage Loan pursuant to the First Mortgage Loan Documents. However, from and after the date of Permanent Mortgage Commencement, neither the Managing Member nor any Related Person shall at any time bear, nor shall the Managing Member permit any other Member or any Related Person to bear, the Economic Risk of Loss for the payment of any portion of any Mortgage Loan unless, prior to the effectiveness of the transaction in which such Economic Risk of Loss is created or assumed, the Managing Member shall have obtained, at the expense of the Company, an opinion from reputable tax counsel, in form and substance reasonably satisfactory to the Special Member, to the effect that such Economic Risk of Loss will not result in the reallocation of Tax Credits or Losses from any Non-Managing Member to the Managing Member. The Managing Member shall cause the Company to elect promptly, to the extent permitted and in the manner prescribed by any Agency or Lender having jurisdiction, that all debt service payments made by the Company to the holder of the Permanent Mortgage shall be applied first to interest determined at the stated rate set forth in the Permanent Note, and then to principal due with respect to the Permanent Note.

3.2 Refinancings; Permanent Loan Documents

The Company may decrease, increase or refinance any Mortgage Loan and may make any required transfer or conveyance of Company assets for security or mortgage purposes, provided, however, any such decrease, increase or refinancing of any Mortgage Loan may be made by the Managing Member only with the Consent of the Special Member. To the extent not executed as of the date hereof, the form and content of the Permanent Loan Documents shall be subject to the reasonable Consent of the Special Member.

3.3 Sale of Assets

Except pursuant to Section 3.5 or the Purchase Option, the Company may sell, lease, exchange or otherwise transfer or convey all or substantially all the assets of the Company only with the Consent of the Special Member. Notwithstanding the foregoing and except as set forth in Section 6.2(a)(vi), no Consent of the Special Member shall be required for the execution and delivery of the Mortgage Loan Documents, the leasing of apartments to tenants in the normal course of operations or the leasing of all or substantially all the apartments to a public housing authority at rents satisfactory to any Agency or Lender as expressed in writing, provided (subject to the Rent Restriction Test) that such rents are not less than the Projected Rents.
3.4 **Real Estate Commissions**

The total compensation to all Persons for the sale of the Apartment Complex shall be limited to a Competitive Real Estate Commission, which in no event shall exceed three percent (3%) of the contract price for the sale of the Apartment Complex.

3.5 **Sale of the Apartment Complex**

(a) [Intentionally Deleted]

(b) Notwithstanding any provision of this Agreement to the contrary subject to any Requisite Approvals, at any time after the later of: (i) the end of the Compliance Period, or (ii) the termination of the term of the Purchase Option, the Special Member shall have the right to require, by notice to the Managing Member (the “Required Sale Notice”), that the Managing Member promptly use commercially reasonable efforts to obtain a buyer for the Apartment Complex on the most favorable terms then available. The Managing Member shall submit the terms of any proposed sale to the Special Member and the Investment Member for their approval. If the Managing Member shall fail to so obtain a buyer for the Apartment Complex within twelve (12) months of the Required Sale Notice or if the Special Member and/or the Investment Member in its/their sole discretion shall withhold its/their consent to any proposed sale to such buyer, then the Special Member shall have the right at any time thereafter to obtain a buyer for the Apartment Complex on terms most favorable then available and otherwise acceptable to the Special Member. In the event that such sale is not consummated because of actions taken or not taken by the Managing Member, the Managing Member shall upon receipt of notice from the Investment Member promptly purchase the Interests of the Non-Managing Members for a price equal to the amount each such Member would have received (giving effect to reasonable estimates of closing costs which would have been incurred) in liquidation of the Company had such sale been consummated. In the event that the Special Member so obtains a buyer, it shall notify the Managing Member and the Investment Member in writing with respect to the terms and conditions of the proposed sale and, provided the Investment Member approves, in its sole discretion, the terms of such sale, the Managing Member shall cause the Company promptly to sell the Apartment Complex to such buyer or purchase the Interests of the Non-Managing Members for a price equal to the amount the Non-Managing Members would have received in liquidation of the Company had such sale been consummated.

(c) The Managing Member is hereby required, within five (5) days after its receipt of any offer to purchase the Apartment Complex or all of the Interests in the Company, to send a copy of such offer (or a written description of any such oral offer) to each of the Non-Managing Members. In connection with any proposed sale of the Apartment Complex, the Special Member (or its designee) shall have the right to (i) receive and review copies of all documents relating to the proposed sale, (ii) participate in the negotiations of the terms and conditions of the proposed sale, (iii) meet with the proposed purchaser, (iv) solicit proposals for alternative offers for the Apartment Complex, and (v) provide such other services in connection with the proposed sale as it deems to be appropriate.

(d) In any instance in which the fair market value of the Apartment Complex is required to be determined by appraisal, the following provisions shall apply. Any such appraisal
shall be conducted by one or more Independent Appraisers (as defined below), to be selected as follows: As soon as practicable and in any event within thirty (30) days following the Managing Member’s determination that the Investment Member has failed to approve a sale proposed by the Managing Member for a purchase price of equal to or greater than the fair market value of the Apartment Complex, the Managing Member and the Non-Managing Members shall select an Independent Appraiser. In the event the parties are unable to agree upon an Independent Appraiser within such thirty (30) day period, the Managing Member on the one hand and the Non-Managing Members on the other shall each select an Independent Appraiser. If the difference between the two appraisals is within ten percent (10%) of the lower of the two appraisals, the fair market value shall be the average of the two (2) appraisals. If the difference between the two (2) appraisals is greater than ten percent (10%) of the lower of the two (2) appraisals, then the two appraisers shall jointly select a third appraiser whose determination of fair market value shall be deemed to be binding on all parties. If the two (2) appraisers are unable jointly to select a third appraiser, either the Managing Member or the Non-Managing Members may, upon written notice to the other, apply to the presiding judge of a court of competent jurisdiction in Travis County, Texas for the selection of the third appraiser who shall then participate in such appraisal proceeding, and who shall be selected from a list of names of Independent Appraisers submitted by the Managing Member and the Non-Managing Members. Each list of names of Independent Appraisers shall be submitted within ten (10) written days after the date on which the appraisal proceeding is invoked, or will be disregarded and the appraiser shall be selected from the list provided. The appraisals shall take into account the Extended Use Agreement and any other restriction recorded as of record against the Apartment Complex. Each of the Managing Member and the Non-Managing Members shall pay the cost of any appraiser(s) selected by it pursuant to this Section 3.5(d). If the parties agree on the selection of a single Independent Appraiser then the costs of such appraiser shall be paid by the Managing Member; if the parties are required to use a third appraiser, then the costs of such third appraiser shall be split between Managing Member and Non-Managing Members. For purposes of this Section 3.5(d), the term “Independent Appraiser” means a firm that is generally qualified to render opinions as to the fair market value of assets such as the Apartment Complex, which satisfies the following criteria: (i) such firm is not a Member or an Affiliate of the Company or any Member; (ii) such firm (or a predecessor in interest to the assets and business of such firm) has been in business for at least five (5) years, and at least one of the principals of such firm has been in the active business of appraising substantially similar assets for at least ten (10) years; (iii) such firm has regularly rendered appraisals of substantially similar assets for at least five (5) years on behalf of a reasonable number of unrelated clients, so as to demonstrate reasonable market acceptance of the valuation opinions of such firm; (iv) one or more of the principals or appraisers of such firm are members in good standing of an appropriate professional association or group that establishes and maintains professional standards for its members; and (v) such firm renders an appraisal only after entering into a contract that specifies the compensation payable for such appraisal.

3.6 Investor Provisions

(a) Subject to provisions of this Agreement with respect to related party loans, any GSE that is a limited partner or member in any entity that is a Non-Managing Member (a “Defined Mortgagee”) at any time may make, guarantee, own, acquire, or otherwise credit enhance, in whole or in part, a Mortgage Loan. Under no circumstances will such a Defined
Mortgagee be considered to be acting on behalf or as an agent or the alter ego of the Non-Managing Member of which it is a limited partner or member. A Defined Mortgagee may take any actions that such Defined Mortgagee, in its discretion, determines to be advisable in connection with the applicable Mortgage Loan (including in connection with the enforcement of such Mortgage Loan). By acquiring an interest in the Company, each Member acknowledges that no Defined Mortgagee owes the Company or any Member any fiduciary duty or other duty or obligation whatsoever by virtue of such Defined Mortgagee being a limited partner or member in a Non-Managing Member. Neither the Company nor any Member will make any claim against a Defined Mortgagee, or against the Non-Managing Member in which the Defined Mortgagee is a limited partner or member, relating to a Mortgage Loan and alleging any breach of any fiduciary duty, duty of care, or other duty whatsoever to the Company or to any Member based in any way upon the Defined Mortgagee’s status as a limited partner or member of a Non-Managing Member.
ARTICLE IV  
Members; Capital

4.1 Capital and Capital Accounts

(a) The capital of the Company shall be the aggregate amount of the cash and the Gross Asset Value of property contributed by the Managing Member and by the Non-Managing Members as set forth in Schedule A. No interest shall be paid by the Company on any Capital Contribution to the Company. Schedule A shall be amended from time to time to reflect the withdrawal or admission of Members, any changes in the Company Interests held by a Member arising from the transfer of an Interest to or by such Member and any change in the amounts to be contributed or agreed to be contributed by any Member. No Member shall have the right to withdraw or receive a return of any of its Capital Contributions except as set forth in this Agreement.

(b) An individual Capital Account shall be established and maintained for each Member, including any additional or substituted Member who shall hereafter receive an interest in the Company. The Capital Account of each Member shall be maintained in accordance with the following provisions:

(i) To each Member’s Capital Account there shall be credited such Member’s Capital Contributions, such Member’s distributive share of Profits, and any items in the nature of income or gain that are specially allocated pursuant to Section 10.4 hereof, and the amount of any Company liabilities that are assumed by such Member or that are secured by any Company Property distributed to such Member;

(ii) To each Member’s Capital Account there shall be debited the amount of cash and the Gross Asset Value of any Company Property distributed to such Member pursuant to any provision of this Agreement, such Member’s distributive share of Losses, and any items in the nature of expenses or losses that are specially allocated pursuant to Section 10.4 hereof, and the amount of any liabilities of such Member that are assumed by the Company or that are secured by any property contributed by such Member to the Company.

In the event that the Gross Asset Values of Company assets are adjusted pursuant to this Agreement, the Capital Accounts of all Members shall be adjusted simultaneously to reflect the aggregate net adjustment as if the Company recognized gain or loss equal to the amount of such aggregate net adjustment.

(c) The original Capital Account established for any Assignee (as hereinafter defined) shall be in the same amount as, and shall replace, the adjusted Capital Account of the Member which such Assignee succeeds, and, for the purpose of the Agreement, such Assignee shall be deemed to have made the Capital Contribution, to the extent actually paid in, of the Member which such Assignee succeeds. The term “Assignee,” as used in this paragraph, shall mean a Person who shall become entitled to receive a share of the Profits, Losses, Tax Credits and distributions of the Company by reason of such Person succeeding to the Interest of a Member by assignment of all or any part of an Interest. To the extent an Assignee receives less than
100% of the Interest of a Member, such Assignee’s Capital Account and Capital Contribution shall be in proportion to the Company Interest such Assignee receives, and the Capital Account and Capital Contribution of the Member who retains a partial interest in the Company shall continue, and not be replaced, in proportion to the Company Interest such Member retains.

(d) The foregoing provisions and other provisions of this Agreement relating to the maintenance of the Capital Accounts are intended to comply with the Allocation Regulations, and shall be interpreted and applied in a manner consistent with such Allocation Regulations.

4.2 Managing Members and Class B Special Member

(a) O-SDA is hereby designated as the Managing Member and the name, address and Capital Contribution of the Managing Member is as set forth on Schedule A. The Class B Special Member is hereby admitted to the Company and the name, address and Capital Contribution of the Class B Special Member is as set forth on Schedule A.

(b) The Managing Member has contributed or will contribute contemporaneously with the execution hereof $100 to the capital of the Company. The Class B Special Member has contributed or will contribute contemporaneously with the execution hereof $100 to the capital of the Company.

(c) Notwithstanding anything contained herein to the contrary, in the event that the Developer is an Affiliate of any Managing Member, at the election of the Special Member in its sole and absolute discretion, upon the removal of such Managing Member in accordance with the terms hereof, to the extent all or any portion of the Development Fee or the Deferred Development Fee Note, if any, remains unpaid as of the effective date of such removal of such Managing Member, such Managing Member shall immediately prior to such removal make a capital contribution to the Company in an amount sufficient to pay any unpaid balance of the Development Fee and the Deferred Development Fee Note, if any, and all accrued but unpaid interest thereon (the “Managing Member’s Special Capital Contribution”). Notwithstanding the foregoing, the amount of the Managing Member’s Special Capital Contribution shall be reduced to the extent the Investor Member reasonably determines on or before the end of the first year of the Credit Period that any portion of the remaining balance of the Development Fee and the Deferred Development Fee Note is not necessary to be included in Eligible Basis in order to allocate the aggregate Projected Credit during the Credit Period to the Investor Member. The Company shall thereafter promptly pay to the Developer a portion of the Development Fee equal to the Managing Member’s Special Capital Contribution and any remaining balance of the Development Fee and Deferred Development Fee Note shall be assigned to the replacement Managing Member.

4.3 Non-Managing Members

(a) The Special Member is hereby admitted to the Company as a Non-Managing Member as of the Admission Date in accordance with the terms and conditions of this Agreement. The name and address of the Investment Member and the Special Member are as set forth on Schedule A.
(b) Except as otherwise specifically set forth in Sections 4.5 or 7.4, the Managing Member shall have no authority to admit additional Non-Managing Members without the Consent of the Investment Member.

4.4 Liability of the Non-Managing Members

No Non-Managing Member or any Person who becomes a Substituted Non-Managing Member shall be liable for any debts, liabilities, contracts or obligations of the Company; such Persons shall be liable only to pay their respective Capital Contributions as and when the same are due hereunder and under the Act. After its Capital Contribution shall be fully paid, no Non-Managing Member shall, except as otherwise required by the Act, be required to make any further capital contributions or payments or lend any funds to the Company.

4.5 Special Rights of the Special Member

(a) Notwithstanding any other provisions herein (other than Section 13.8), to the extent the law of the State is not inconsistent, the Special Member shall have the right, subject to any Requisite Approvals, to:

(i) [Intentionally Deleted];

(ii) dissolve the Company, provided, however, that such dissolution shall not be caused by the Special Member unless the Managing Member has violated a material provision of any Project Document, which violation has not been cured within any applicable cure period specified;

(iii) remove any Managing Member and elect a new Managing Member (A) on the basis of the performance and discharge of such Managing Member’s obligations constituting fraud, bad faith, gross negligence, willful misconduct or breach of fiduciary duty, (B) upon the occurrence of a Material Event, or (C) upon any commission of, indictment or conviction for, or pleading of, nolo contendere with respect to a felony by the Managing Member or any entity that owns an interest in a Managing Member or a Guarantor, or there be a complaint filed against the Managing Member or any entity that owns an interest in a Managing Member or a Guarantor, alleging violation of any anti-fraud, registration or reporting provision of state or federal securities law or a judgment rendered against the Managing Member or any entity that owns an interest in a Managing Member or a Guarantor as a defendant (or admit to liability) in any action based upon civil fraud or misrepresentation, or a debarment or otherwise declaration of ineligibility to participate in any federal program or the Managing Member or any entity that owns an interest in a Managing Member or a Guarantor as a defendant (or admit to liability) in any action based upon civil fraud or misrepresentation, or a debarment or otherwise declaration of ineligibility to participate in any federal program or the Managing Member or any entity that owns an interest in a Managing Member or a Guarantor is under investigation by a grand jury, provided, that, in the event that the Managing Member or an Affiliate of the Managing Member is under investigation by a grand jury, voting rights and control belonging to the Managing Member’s Interest shall vest to the Class B Special Member until the conclusion of the investigation or the receipt by the Investment Member of a satisfactory letter from the Attorney General of the United States or the Texas Attorney General, as applicable;
(iv) continue the business of the Company with a substitute Managing Member, provided that the Managing Member has been removed pursuant to Section 4.5(a)(iii) above; and

(v) approve or disapprove the sale of all or substantially all of the assets of the Company.

(b) Upon the removal of a Managing Member for cause pursuant to Section 4.5(a)(iii),

(i) without any further action by any Member, the Special Member shall cause an Affiliate automatically to become a Managing Member (the “Substitute Managing Member”) and acquire in consideration of a cash payment of $100 such portion of the Interest of the removed Managing Member as counsel to the Special Member shall determine is the minimum appropriate interest in order to assure the continued status of the Company as a partnership under the Code and as a limited liability company under the Act;

(ii) the remaining portion of the economic Interest of the removed Managing Member shall automatically be transferred to the Company, not as a penalty but as liquidated damages to compensate the Company for the action or omission of such Managing Member leading to its removal, or for the fact of its violation of the terms of this Agreement and to allow the Company to adequately compensate any replacement Managing Member; and

(iii) the Substitute Managing Member shall automatically be irrevocably delegated all of the powers and duties of the Managing Members pursuant to Section 6.13. A Managing Member so removed will not be liable as a managing member for any obligations of the Company incurred after the effective date of its removal, except to the extent that such obligations arise due to the action or inaction of the Managing Member prior to its removal. Each Managing Member hereby grants to the Special Member an irrevocable (to the extent permitted by applicable law) power of attorney coupled with an interest to execute and deliver any and all documents and instruments on behalf of such Managing Member and the Company as the Special Member may deem to be necessary or appropriate in order to effect the provisions of this Section 4.5 and to enable the new Managing Member to manage the business of the Company.

4.6 Meetings

The Managing Member or Non-Managing Members holding more than ten percent (10%) of the then outstanding Non-Managing Member Interests may call meetings of the Company for any matters for which the Non-Managing Members may vote as set forth in this Agreement. A list of the names and addresses of all Non-Managing Members shall be maintained as part of the books and records of the Company and shall be made available upon request to any Non-Managing Member or his representative at his cost. Upon receipt of a written request either in person or by certified mail stating the purpose(s) of the meeting, the Managing Member shall provide all Non-Managing Members within ten (10) days after receipt of said request, written
notice of a meeting and the purpose of such meeting to be held on a date not less than fifteen (15) nor more than sixty (60) days after receipt of said request, at a time and place convenient to the Non-Managing Members.
ARTICLE V
Capital Contributions of the Investment Member
and the Special Member

5.1 Payments

(a) The Special Member’s Capital Contribution of $10 shall be paid in full in cash on the Admission Date. The Investment Member’s Capital Contribution in the aggregate amount of $11,139,586 shall be paid in cash installments (the “Installments”), as follows:

(i) $1,670,938 (the “First Installment”) on the latest of (A) the Admission Date, and (B) the closing of the First Mortgage Loan and the AHFC Loan;

Concurrent with payment of the First Installment, the Company will also pay an amount equal to $50,000 to the Investment Member, which represents the due diligence costs and professional, third-party fees incurred by the Investment Member in connection with the Investment Member’s investment in the Company. Such expense reimbursement may be netted from the First Installment but the entire amount of the First Installment shall be deemed for all purposes to have been paid first, by the Investment Member to the Company as payment of the First Installment and, then, by the Company to the Investment Member as reimbursement for such costs and expenses.

(ii) $1,113,959 (the “Second Installment”) on the latest of (A) the 25% Completion Date, (B) receipt of a final Title Policy with all endorsements in form and substance satisfactory to the Investment Member, (C) receipt of an updated title report in form and substance satisfactory to the Special Member, (D) receipt by the Investment Member of an Estoppel Letter from each Lender, evidence of satisfaction of the Insurance Requirements, and evidence that the remaining Specified Proceeds are sufficient to fund all remaining hard and soft costs needed to achieve the full completion of the construction of the Apartment Complex, and (E) January 1, 2019;

(iii) $1,670,938 (the “Third Installment”) on the latest of (A) the 50% Completion Date, (B) receipt of an updated title report in form and substance satisfactory to the Special Member, (C) receipt by the Investment Member of evidence that the remaining Specified Proceeds are sufficient to fund all remaining hard and soft costs needed to achieve the full completion of the construction of the Apartment Complex, and (D) April 1, 2019;

(iv) $1,670,938 (the “Fourth Installment”) on the latest of (A) the 75% Completion Date, (B) receipt of an updated title report in form and substance satisfactory to the Special Member, (C) receipt by the Investment Member of evidence that the remaining Specified Proceeds are sufficient to fund all remaining hard and soft costs needed to achieve the full completion of the construction of the Apartment Complex, (D) receipt by the Investment Member of a copy of the properly filed Company federal income tax return for Fiscal Year 2018, in which the Company properly elected to be an “electing real property trade or business” under Section 163(j)(7) of the Code (unless the
Managing Member received the direction of, or the Consent of, the Investment Member pursuant to Section 12.4(a) not to make such an election), and (E) July 1, 2019;

(v) $2,784,896 (the “Fifth Installment”) on the latest of (A) the Completion Date, (B) receipt of an updated title report in form and substance satisfactory to the Special Member, and an access endorsement to the Title Policy, (C) receipt by the Investment Member of evidence of satisfaction of the Insurance Requirements and the Due Diligence Recommendations, (D) receipt by the Investment Member of the Substantial Completion Certificate, and (E) receipt and approval by the Investment Member of a Company prepared draft Cost Certification, \textit{provided, that}, upon satisfaction of conditions (A), (B), (C), and (D) of this Section 5.1(a)(v), only $1,000,000 of the Fifth Installment shall be due and payable on or after November 1, 2019 and the remaining balance of the Fifth Installment (i.e., $1,784,896) shall be due and payable on or after January 1, 2020;

(vi) $1,670,938 (the “Sixth Installment”) on the latest of (A) Cost Certification, (B) the Initial Full Occupancy Date, (C) Permanent Mortgage Commencement (which may occur contemporaneously with the payment of this Sixth Installment), (D) the Initial Compliance Audit which shows no material noncompliance (as set forth in Section 12.7(n)) which has not been cured, (E) receipt by the Investment Member of a copy of the recorded Extended Use Agreement, (F) delivery of an “As Built” survey by a professional engineer licensed in the State reflecting all improvements to the property, and (G) receipt of permanent certificates of occupancy if temporary or conditional certificates were received to achieve the Completion Date;

(vii) $556,979 (the “Seventh Installment”) on the latest of (A) State Designation, (B) Rental Achievement, (C) delivery to the Investment Member of a copy of the executed Deferred Development Fee Note, and (D) receipt by the Special Member of evidence of completion of “punch list” items and evidence that any holdbacks for retention and “punch list” items have been fully paid to the Contractor by the Company;

provided, however, that (w) if the only conditions to an Installment not yet satisfied will be satisfied simultaneous with the contribution of such Installment, then the Installment shall be due and payable as set forth herein and the proceeds immediately shall be used to satisfy the final conditions to such Installment, (x) the Managing Member shall give the Investment Member not less than fourteen (14) days’ written notice prior to the due date of each Installment subsequent to the First Installment, (y) no Installment shall be due unless and until all conditions to the payment of all prior Installments have been satisfied, and (z) the full amount of the First Installment, the Second Installment, the Third Installment and the Fourth Installment of the Investment Member’s Capital Contribution (less all amounts approved as reimbursement for Development Costs on the Admission Date) shall be deposited into the Capital Contribution Account, as further provided in Section 5.1(i) hereof. Funds may be withdrawn from such Capital Contribution Account to pay Development Costs in monthly draws only (1) after the delivery to the Investment Member by the Managing Member of a monthly draw request and all supporting back-up invoices and documentation therefor, including without limitation, the applicable construction inspection report of the Inspecting Consultant, (2) the countersignature of the Special Member of such draw request and (3) the simultaneous submission to and approval
by the First Mortgage Lender of such draw request, if such approval is required by the First Mortgage Loan Documents.

(b) The obligation of the Investment Member to pay each Installment is conditioned upon delivery by the Managing Member to the Investment Member of a written certificate (the “Payment Certificate”) stating that as of the date of such certificate (i) all the conditions to the payment of such Installment and each prior Installment have been satisfied, (ii) all representations and warranties of the Managing Member contained in this Agreement are true and correct and the Managing Member is not in default of any of its duties and obligations set forth in this Agreement, (iii) the Apartment Complex is In Balance, (iii) no event has occurred which suspends or terminates the obligations of the Investment Member to pay Installments under this Agreement which has not been cured as herein provided, and (iv) no event has occurred which, with the giving of notice, would oblige the Managing Member to repurchase the Interests of the Investment Member pursuant to Section 5.2(a). Except as provided in the final sentence of this Section 5.1(b), acceptance by the Company of any Installment shall constitute a confirmation that, as of the date of payment, all such conditions are satisfied and all such representations and warranties are true and correct. The obligation of the Investment Member to pay the First Installment is also conditioned upon delivery by the Managing Member to the Investment Member of (x) a legal opinion of independent counsel to the Company, the Managing Member, the Developer and the Guarantors, which opinion(s) must be satisfactory to the Investment Member as to form, content and identity of counsel and (y) a photocopy of a binding commitment, in form and substance satisfactory to the Special Member, to issue the Title Policy and any endorsements thereto in form and substance reasonably satisfactory to the Special Member. In no event shall any Installment become due until all of the conditions for all of the Installments listed prior to the Installment in question in Section 5.1(a) shall have been satisfied and all of such prior Installments shall have become due. Notwithstanding the foregoing, however, if at any time prior to the date when an Installment becomes due and payable, the Company has an Operating Deficit which the Managing Member would be required to fund pursuant to Section 6.10 as a result of which the Payment Certificate cannot be delivered, then, provided that all other conditions to the Installment in question are met, the Investment Member may, at its option, waive the requirement of the delivery of the Payment Certificate or any other condition with respect to part or all of such Installment and pay such part or all of such Installment, provided that the proceeds of the amount so paid are used by the Company to fully fund such Operating Deficit; provided, however, that if the proceeds of such amount so paid are designated in Section 6.12 to be used to pay fee(s), then such proceeds shall be utilized to pay such fee(s) and the recipient(s) thereof shall be required to, and hereby agree to, utilize the proceeds of such fee(s) to fund such Operating Deficit, in which case the Investment Member is hereby authorized to directly fund such Operating Deficit, with the funds so applied being deemed to have been paid as aforesaid.

(c) The Payment Certificate for each Installment shall be dated and delivered not less than ten (10) nor more than thirty (30) days prior to the due date for such Installment.

(d) If, as of the date when an Installment would otherwise be due, any statement required to be made in the Payment Certificate for such Installment cannot be truthfully made, the Managing Member shall notify the Investment Member of the reason why such statement would be untrue if made, and the Investment Member shall not be required to pay such
Installment; provided, however, that if (i) any such statement can subsequently be truthfully made and (ii) the Investment Member shall not have irrevocably lost, in the good faith judgment of the Special Member, any material tax or other benefits hereunder (other than tax benefits for which the Investment Member has been fully compensated pursuant to the provisions of paragraphs (e) and (f) of this Section 5.1), then the Investment Member shall pay such Installment to the Company thirty (30) days after delivery by the Managing Member to the Investment Member of the Payment Certificate together with an explanation of the manner in which each such statement had become true.

(e) In the event that as of or any time prior to State Designation (the “Initial Adjustment Date”) or as a result of a subsequent audit, the Investment Member shall receive a written certification of the Auditors indicating that the aggregate Actual Credit during the Credit Period will be less than the aggregate Projected Credit during the Credit Period, then (i) the next succeeding Installments of the Capital Contributions of the Investment Member shall be reduced by an amount equal to the product of (X) the difference between (1) the aggregate Projected Credit during the Credit Period and (2) the aggregate Actual Credit during the Credit Period and (Y) $0.925 as to each dollar of Tax Credit, and (ii) the Projected Credit for each Fiscal Year shall thereafter be redefined to mean the Actual Credit, as so determined (the “Revised Projected Credit”). Any such reduction pursuant to this Section 5.1(e) shall be made first to the Installment, if any, next due to be paid by the Investment Member, and any balance of such amount payable by the Managing Member in excess of the amount of such Installment shall be applied to succeeding Installments, if any, provided that if the amount of any such reductions exceeds the sum of the remaining Installments, if any, then an amount equal to the amount of such excess shall be paid by the Managing Member to the Company as a Capital Contribution and immediately distributed to the Investment Member promptly after demand is made therefor (or, to the extent such Managing Member Capital Contribution would in the opinion of counsel to the Investment Member cause tax benefits intended for the Investment Member to be lost or reallocated to another Member, then payments due from the Managing Member shall be made, on an After-Tax Basis, directly to the Investment Member, as a payment of damages for breach of warranty), regardless of the reason for the occurrence of such event (unless such reduction was caused by an act or omission of the Investment Member or its Affiliates, in which event no such reduction or payment shall be required). No reduction of any Installment pursuant to this Section 5.1(e) shall be deemed to be a Capital Contribution by the Managing Member to the Company. No adjustment pursuant to this Section 5.1(e) shall be due if solely attributable to the inability of the Investment Member or its constituent partners to be capable of utilizing the full amount of the Actual Credit.

(f) If for any reason, including without limitation, a Recapture Event, with respect to any Fiscal Year (except to the extent already accounted for in Section 5.1(e) above) all or a portion of which occurs before or during the Compliance Period, the Actual Credit is or was less than the Projected Credit (or the Revised Projected Credit, if applicable) for such Fiscal Year (a “Reduction Year”), then the Managing Member shall pay to the Investment Member the Reduction Amount. The Reduction Amount shall be equal to the sum of (A) the excess of the Projected Credit (or the Revised Projected Credit, if applicable) for such Fiscal Year over the Actual Credit for such Fiscal Year multiplied by $0.925 (provided that in the event a Reduction Amount is due for 2019 and/or 2020 and any of the Projected Credit for such year(s) will be allocable to the Investment Member in 2029 and/or 2030, respectively, then for such Reduction
Year(s) only $0.70 shall be substituted for $0.925 and, with respect to 2019 only, $77,375 shall be substituted for the Projected Credit) as to each dollar of Tax Credit, plus (B) the Recapture Amount as determined pursuant to Section 10.6 and, to the extent not already accounted for, any interest or penalties payable by the limited partners of the Investment Member (or the limited partners of any member of the Investment Member) as a result of such shortfall or Recapture Event, assuming that each limited partner of the Investment Member (or limited partner of any member of the Investment Member) used all of the Tax Credits allocated to it in the Fiscal Year of allocation. The Auditors shall make their determination of the amount of the Actual Credit with respect to each Reduction Year within thirty (30) days following the end of such Fiscal Year, provided that, if it is known at the time of an event or circumstance causing a Reduction Year that any or all of the remaining years in the Credit Period also will be Reduction Years as a result of such event or circumstance, then any Reduction Amount calculable for such future year(s) shall be paid at the time of the first such Reduction Year. The Investment Member shall be eligible to be paid a Reduction Amount as hereinabove described with respect to each Reduction Year. Any Reduction Amount shall first be applied to the Installment next due to be paid by the Investment Member, with any portion of such Reduction Amount in excess of the amount of such Installment then being applied to succeeding Installments, provided that if no further Installments remain to be paid or if the Reduction Amount shall exceed the sum of the amounts of the remaining Installments, then the entire Reduction Amount or the balance of the Reduction Amount, as the case may be, shall be paid by the Managing Member to the Company as a Capital Contribution and immediately distributed to the Investment Member promptly after demand is made therefor (or, to the extent such Managing Member Capital Contribution would in the opinion of counsel to the Investment Member cause tax benefits intended for the Investment Member to be lost or reallocated to another Member, then payments due from the Managing Member shall be made, on an After-Tax Basis, directly to the Investment Member, as a payment of damages for breach of warranty), regardless of the reason for the occurrence of such event (unless such reduction was caused by an act or omission of the Investment Member or its Affiliates, in which event no Reduction Amount shall be payable). No reduction of any Installment pursuant to this Section 5.1(f) shall be deemed to be a Capital Contribution to the Company. No adjustment pursuant to this Section 5.1(f) shall be due if solely attributable to the inability of the Investment Member or its constituent partners to be capable of utilizing the full amount of the Actual Credit.

(g) In the event that the Investment Member shall receive a written certification of the Auditors indicating that the aggregate Actual Credit during the Credit Period will be greater than the aggregate Projected Credit during the Credit Period (an “Upward Basis Adjuster”), then the final Installment of the Capital Contributions of the Investment Member shall be increased by an amount (up to a maximum amount of $1,113,959 inclusive of any Upward Timing Amount) (the “Investment Increased Basis Amount”) equal to the product of (X) the difference between (1) the aggregate Actual Credit during the Credit Period as certified by the Auditors and (2) the aggregate Projected Credit during the Credit Period and (Y) the then prevailing market price for Tax Credits determined by the Investment Member in its sole and absolute discretion, and the Projected Credit for each Fiscal Year shall thereafter be redefined to mean the Revised Projected Credit, provided, however, that the provisions of this Section 5.1(g) shall not apply in the event that the Investment Member does not have sufficient funds to make the additional Capital Contribution and, after a diligent good faith effort, the Investment Member cannot cause any of its Affiliates to make such additional Capital Contribution. Additional Capital Contributions
made pursuant to this Section 5.1(g) shall be applied first to the payment of the Development Fee if so required by the Special Member in its reasonable discretion. If the Investment Member elects not to increase the amount of its Capital Contribution by the full amount of the Investment Increased Basis Amount, in such event, the Managing Member’s share of the Profits and Loss (and, correspondingly, depreciation and Tax Credits) will be increased, and the Investment Member’s share decreased, such that the Investment Member will be entitled to receive allocations of Tax Credits equal to the Projected Tax Credits plus the Tax Credits used in the calculation of the actual Investment Increased Basis Amount. The Members agree to amend this Agreement to reflect any increase in the Investment Member’s Capital Contribution or increase in the Managing Member’s share of Profits and Losses (and, correspondingly, depreciation and Tax Credits), as the case may be.

(h) In the event that, as a result of accelerated lease-up, the Actual Credit for 2019 is greater than $77,375 (an “Upward Timing Adjuster”), provided that as a result of such Upward Timing Adjuster, no Tax Credits are caused to be allocated to the Investment Member over the 15-year Compliance Period instead of the 10-year Credit Period, then the Capital Contribution of the Investment Member shall be increased by an amount (the “Upward Timing Amount”) equal to the product of (A) the amount by which the Actual Credit for 2019 exceeds $77,375 as certified by the Auditors and (B) $0.25, payable on the later of (i) the due date of the Investment Member’s Sixth Installment and (ii) receipt by the Investment Member of the Company’s filed federal tax return for 2019, provided, however, that in no event will the Investment Member be obligated to pay greater than $50,000 for the Upward Timing Amount. Notwithstanding the foregoing, the Investment Member may in its sole discretion contribute an Upward Timing Amount in excess of $50,000 in the event that the Investment Member or its partners have sufficient funds to make the additional Capital Contribution. Additional Capital Contributions made pursuant to this Section 5.1(h) shall be applied first to the payment of the Development Fee if so required by the Special Member in its reasonable discretion.

(i) First Mortgage Lender Provisions

(i) The Investment Member is hereby instructed and agrees that it will deposit the full amount of the First Installment, the Second Installment, the Third Installment and the Fourth Installment of the Investment Member’s Capital Contribution (less all amounts approved as reimbursement for Development Costs on the Admission Date) when paid in accordance with Article V of this Agreement to the Capital Contribution Account, provided however, that such deposit by the Investment Member shall be made for administrative convenience purposes only and such payments shall be deemed to be a payment of the Capital Contribution of the Investment Member to the Company and a subsequent deposit of these amounts by the Company with the First Mortgage Lender. The Managing Member hereby consents to such payment instruction.

(ii) The Special Member will give the First Mortgage Lender written notice during the term of the First Mortgage Loan of any alleged default under this Agreement or any related document that would give the Investment Member a right to withhold, delay or reduce the amount of any of its Capital Contributions and a period of thirty (30) days from the date of such notice to cure such default, during which period no Non-
Managing Member shall exercise any remedy because of such default other than delaying payment of the Capital Contributions during the continuance of such default.

(iii) The Members agree that, until the earlier of (i) the date that all of the Capital Contributions of the Investment Member shall have been funded and (ii) the date the First Mortgage Loan is paid in full, the Members shall not amend this Agreement without the written approval of the First Mortgage Lender, which approval shall not be unreasonably withheld, conditioned or delayed, in any manner that shall have the effect of reducing the amount of Capital Contributions or deferring payment thereof under Section 5.1 of this Agreement. Any amendment to this Agreement which is in violation of the terms of this Section 5.1(i) shall not be effective.

(iv) This Section 5.1(i) is for the benefit of the First Mortgage Lender and, prior to the conversion of the First Mortgage Loan to its permanent phase, may not be amended or terminated without the written consent of the First Mortgage Lender.

5.2 Return of Capital Contributions

(a) Failure to Achieve Development and/or Tax Credit Benchmarks and Standards. Upon the occurrence of any of the events (a “Repurchase Event”) listed below in this Section 5.2(a), within five (5) days of the occurrence thereof, the Managing Member shall send to the Investment Member notice of such event and of the Managing Member’s obligation to repurchase the Interests of the Investment Member by paying to the Investment Member an amount in cash (the “Repurchase Amount”) equal to each such Member’s Invested Amount minus an amount equal to the amount of Tax Credits previously received by the Investment Member and not subject to recapture (provided, however, that, unless the Investment Member receives a written notice from the IRS prior to the date the Repurchase Amount is due as to whether any of the Tax Credits are to be recaptured, then the determination of whether such previously received Tax Credits are subject to recapture shall be made in the reasonable discretion of the Investment Member based on its assessment of whether there is a reasonable likelihood that the Apartment Complex will be continued as affordable housing for the remainder of the Compliance Period), plus the outstanding principal and accrued interest in respect of any loans made by the Non-Managing Members to the Company and the amount of any third-party costs, including, without limitation, attorney’s fees incurred by or on behalf of such Member in implementing this Section 5.2(a) in the event the Investment Member requires such a repurchase plus interest thereon at the AFR commencing on the fifth (5th) day after delivery of the notice referred to in the next sentence. If the Investment Member elects to require a repurchase of its Interest and the payment to it of an amount equal to its Repurchase Amount, it shall send notice thereof to the Company within thirty (30) days after the mailing date of the Managing Member’s notice, or at any time after the occurrence of any of the foregoing if the Managing Member shall not have sent a notice thereof, and the Managing Member shall within ten (10) days after the Company receives any such notice from a Member requesting the purchase of its Interest repurchase the Interest of such Member by paying to such Member an amount equal to its Repurchase Amount. If funds are insufficient, the Interest of the Investment Member shall be purchased first, then the Special Member Interest shall be purchased. Upon the payment of the Repurchase Amount to the Investment Member and the Special Member such Member shall withdraw as members of the Company. If, following receipt of the Managing Member’s notice,
any Member fails to send notice to the Managing Member by the end of such thirty (30)-day period requesting the Managing Member to purchase its Interest, such Member, as the case may be, shall be deemed to have waived its right to cause the Managing Member to purchase its Interest as a result of the event described in the Managing Member’s notice; provided, however, such deemed waiver shall not be presumed unless the Managing Member shall have first sent a second notice to such Member or otherwise confirmed that the first notice was timely received by such Member. No such waiver, however, shall affect the right of the Investment Member to cause the Managing Member to purchase its Interest upon the occurrence of any other event described in this Section 5.2(a), or upon any subsequent occurrence of the event described in the Managing Member’s notice. The Repurchase Events are as follows:

(i) each of the buildings in the Apartment Complex shall not have been placed in service by the later of (a) December 31, 2019, or (b) the date required by the Code and the Credit Agency to preserve the Tax Credits for purposes of satisfying the requirements of Section 42(h)(1)(E)(i) of the Code; or

(ii) by April 1, 2020, the Completion Date shall not have occurred; or

(iii) construction of the Apartment Complex or, prior to Rental Achievement, operation thereof shall have been enjoined by a final order (from which no further appeals are possible) of a court having jurisdiction and such injunction shall continue for a period of ninety (90) days; or

(iv) Permanent Mortgage Commencement shall not have been achieved prior to the date that causes a default under the First Mortgage Loan Documents; or

(v) if at any time it shall be determined by the Service or by the Tax Accountants that a Carryover Certification could not be issued or was issued in error; or

(vi) State Designation shall not have occurred by June 15, 2020 (or any later date fixed by the Managing Member with the Consent of the Investment Member); or

(vii) if by the date which is twelve (12) months following the Completion Date, Rental Achievement shall not have been achieved; or

(viii) the Company shall fail to meet the Minimum Set-Aside Test or the Rent Restriction Test by the close of the first year of the Credit Period and/or fails to continue to meet either of such tests or any other tenant set-asides required by the Credit Agency at any time during the sixty (60)-month period commencing on such date; or

(ix) (A) foreclosure proceedings shall have commenced under any Mortgage and such proceedings shall not have been dismissed within thirty (30) days, provided however that, after Rental Achievement, this clause (A) shall continue to be effective only if the Managing Member is in default of its obligations under Section 5.1(e), 5.1(f) or 6.10, (B) any of the commitments of a Lender to provide a Mortgage Loan and/or any subsidy financing shall be terminated or withdrawn and not reinstated or replaced within sixty (60) days with terms at least as favorable to the Company or terms for which the Consent of the Investment Member and any Requisite Approvals shall have been
obtained, or (C) the First Mortgage Lender, acting in good faith and in accordance with the provisions of the First Mortgage Loan Documents, shall have irrevocably refused to make any further advances under the First Mortgage Loan Documents and such decision shall not have been reversed or the First Mortgage Lender replaced within thirty (30) days; or

(x) at any time the Managing Member fails to advance Subordinated Loans and such failure continues for thirty (30) days; or

(xi) prior to Rental Achievement, any action is commenced to foreclose any mechanics, or any other lien (other than the lien of a Mortgage) against the Apartment Complex and such action has not within thirty (30) days been either bonded against in such a manner as to preclude the holder of such lien from having any recourse to the Apartment Complex or to the Company for payment of any debt secured thereby, or affirmatively insured against by the title insurance policy or an endorsement thereto issued to the Company by a reputable title insurance company (which insurance company will not have indemnity from or recourse against Company assets by reason of any loss it may suffer by reason of such insurance) in an amount satisfactory to the Investment Member; or

(xii) a casualty occurs resulting in substantial destruction of all or a portion of the Apartment Complex, and the insurance proceeds (if any) are insufficient to restore the Apartment Complex or the Apartment Complex is not so restored within twenty-four (24) months following such casualty; or

(xiii) at any time prior to Rental Achievement, an action is commenced to abandon or permanently enjoin the construction of the Apartment Complex; or

(xiv) a final determination by the Tax Accountants that the Investment Member shall be allocated less than 70% of the Projected Credit during the Credit Period; provided however that, after Rental Achievement, this subsection (xiv) shall continue to be effective only if the Managing Member is in default of its obligations under Section 5.1 or 6.10.

(b) Lender/Agency Disapproval. If any Agency or Lender shall disapprove, or fail to give any required approval of, the Investment Member and/or the Special Member as a Non-Managing Member hereunder within one hundred eighty (180) days of the Admission Date, then the Member being disapproved or not approved shall, effective as of such time or such later time as may be elected by the Member being disapproved or not approved as may be specified by such Agency or Lender in its disapproval, at the option of the Member being disapproved or not approved (if not directed by such Agency or Lender to withdraw), cease to be a Non-Managing Member. The Managing Member shall, within ten (10) days of the effective date of such cessation, pay to the Member being disapproved or not approved an amount equal to its paid-in Capital Contributions and the outstanding balance of any loans made by the Non-Managing Members to the Company plus the amount of any third party costs, including, but not limited to attorney’s fees, incurred by or on behalf of such Member in implementing this Section 5.2(b).
(c) Substitution and Indemnification. Upon the receipt by the Investment Member and/or the Special Member of the amount due to it pursuant to either Section 5.2(a) or Section 5.2(b), the Interest of such Member shall terminate, and the Managing Member shall indemnify and hold harmless such Member from and against any Adverse Consequences to which such Member (as a result of its participation hereunder) may be subject, provided that such Adverse Consequences do not result from such Member’s acts or omissions.

(d) Waiver of Repurchase Right. Each of the Investment Member and the Special Member shall have the right to irrevocably waive its right to have its Interest repurchased pursuant to any clause or clauses of Section 5.2(a), or any portion thereof, at any time during which any of such rights shall be in effect. Such a waiver shall be exercised by delivery to the Managing Member of a written notice stating that the rights being waived pursuant to any specified clause or clauses of Section 5.2(a), or any specified portion thereof, are thereby waived for a specified period of time.

(e) Additional Managing Member. If the Managing Member shall fail to make on the due date therefor any payment required under Section 5.2(a) or Section 5.2(b), time being of the essence, at any time thereafter the Special Member shall have the option, exercisable in its sole discretion, to cause itself or its designee to be admitted as an additional Managing Member, receiving from the existing Managing Member, in consideration of the payment of ten dollars ($10.00), an interest in the Profits, Losses, Tax Credits and distributions of the Company sufficient in the opinion of counsel to the Special Member to cause the Special Member to become a Managing Member of the Company, with the Special Member retaining its status as such and its economic interest in the Company as the Special Member (or its designee as an additional Managing Member). If the Special Member exercises the option described in this Section 5.2(e), each of the other Managing Members hereby agrees that all of its rights and powers hereunder as a Managing Member shall automatically be irrevocably delegated to the Special Member pursuant to Section 6.13 without the necessity of any further action by any Member. Each Member hereby grants to the Special Member an irrevocable (to the extent permitted by applicable law) power of attorney coupled with an interest to take any action and to execute, deliver and file or record any and all documents and instruments on behalf of such Member and the Company as the Special Member may deem necessary or appropriate in order to effectuate the provisions of this Section 5.2(e) and to allow the additional Managing Member to manage the business of the Company. The admission of the Special Member or its designee as an additional Managing Member shall not relieve any other Managing Member of any of its economic obligations hereunder, and each other Managing Member shall fully indemnify and hold harmless the additional Managing Member on an After-Tax Basis from and against any and all Adverse Consequences sustained by such additional Managing Member in connection with its status as a Managing Member (other than Adverse Consequences arising solely from the gross negligence or willful misconduct of such additional Managing Member) for so long as such additional Managing Member remains a Managing Member of the Company. Any such additional Managing Member shall withdraw (notwithstanding the provisions of Article VII), as such and remain only as the Special Member upon the payment of all amounts due under Sections 5.2(a) and 5.2(b).

(a) Notwithstanding any other Section of this Agreement, neither the Managing Member nor the Class B Special Member shall have the authority to perform any act in violation of the Act, any other applicable law, Agency or other government regulations, the requirements of any Lender, or the Project Documents. In the event of any conflict between the terms of this Article VI and any applicable Regulations or requirements of any Lender, the terms of such Regulations or the requirements of such Lender, as the case may be, shall govern. Subject to the provisions of Section 6.2(b), neither the Managing Member, acting in its capacity as Managing Member, either on its own behalf or on behalf of the Company, nor the Class B Special Member shall have the authority, without the Consent of the Special Member (which consent shall not be unreasonably withheld or delayed as to clauses (viii), (x), and (xiii)):

(xiii) **to amend or terminate any Project Document**;

(b) In the event that any Managing Member violates any provision of Section 6.2(a), the Special Member in its sole discretion and without prejudice to its rights under Sections 4.5(b) and 7.6(a), may cause itself or its designee to be admitted as an additional Managing Member without any further action by any other Member. Upon any such admission of an additional Managing Member, each existing Managing Member shall be deemed to have assigned proportionally to the additional Managing Member, automatically and without further action, such portion of its Company Interest so that the additional Managing Member shall receive an interest in the Profits, Losses, Tax Credits and distributions of the Company sufficient in the opinion of counsel to the Special Member to cause such additional Managing Member to be a Member of the Company, in consideration of one dollar ($1.00) and any other consideration which may be agreed upon. An additional Managing Member so admitted shall automatically become the Controlling Managing Member and shall be irrevocably delegated all of the power and authority of all of the Managing Member pursuant to Section 6.13. Any such additional Managing Member shall have the right to withdraw as a Managing Member at any time, leaving the prior Managing Member once again as the only Managing Member, the provisions of Article VII notwithstanding. Each Member hereby grants to the Special Member a special power of attorney, irrevocable to the extent permitted by law and coupled with an interest, to amend this Agreement and to do anything else which, in view of the Special Member, may be necessary or
appropriate to accomplish the purposes of this Section 6.2(b) or to enable any additional Managing Member admitted pursuant to this Section 6.2(b) to manage the business of the Company. The admission of an additional Managing Member shall not relieve any other Managing Member of any of its economic obligations hereunder, and each other Managing Member on an After-Tax Basis shall fully indemnify and hold harmless the additional Managing Member from and against any and all Adverse Consequences sustained by the additional Managing Member in connection with its status as a Managing Member (other than Adverse Consequences arising solely from the gross negligence or willful misconduct of such additional Managing Member).

6.3 Personal Services; Other Business Ventures

No Managing Member or Affiliate thereof shall receive any salary or other direct or indirect compensation for any services or goods provided in connection with the Company or the Apartment Complex, except as may be specifically provided in Section 6.12, Section 6.15 and Article XI or as to which the Consent of the Special Member shall have been obtained to the precise terms thereof prior to the commencement of such services or the provision of such goods. Any Member may engage independently or with others in other business ventures of every nature and description, including the ownership, operation, management, syndication and development of real estate; neither the Company nor any other Member shall have any rights in and to such independent ventures or the income or profits derived therefrom.

6.4 Business Management and Control

(a) Subject to the provisions of this Agreement, the Managing Member shall have the exclusive right to control the business of the Company. If at any time there is more than one Managing Member, the powers and duties of the Managing Members hereunder shall be exercised in the first instance by a Managing Member who, subject to the terms and provisions of this Agreement, shall manage the business and affairs of the Company (the “Controlling Managing Member”). The initial Controlling Managing Member shall be O-SDA; if it is unwilling or unable to serve in such capacity or shall cease to be a Managing Member, the remaining Managing Members may from time to time designate a new Controlling Managing Member. The Controlling Managing Member may bind the Company by executing and delivering, in the name and on behalf of the Company, any documents which this Agreement authorizes the Managing Members to execute hereunder without the requirement that any other Managing Member execute such documents. If for any reason no designation is in effect, the powers of the Managing Member shall be exercised by a majority in interest of the Managing Members. Any action required or permitted to be taken by a corporate Managing Member hereunder may be taken by such of its proper officers or agents as it shall validly designate for such purpose.

(b) Subject to Section 6.2 and the other provisions of this Agreement, the Managing Member shall have control over the business of the Company and shall have all rights, powers and authority conferred by law as necessary, advisable or consistent in connection therewith. Without limiting the generality of the foregoing, the Managing Member shall have the right, power and authority to execute any documents relating to the acquisition, financing, construction, operation and sale of all or any portion of the Apartment Complex with the prior
approval of the other Managing Members, if any. The Managing Member shall be responsible for administering any First Mortgage Loan draw requests for the development of the Apartment Complex.

(c) Neither the Investment Member nor the Special Member shall have any right to take part in the management or control of the business of the Company or to transact any business in the name of the Company. No provision of this Agreement which makes the Consent of the Investment Member or the Consent of the Special Member a condition for the effectiveness of an action taken by the Managing Member is intended, and no such provisions shall be construed, to give the Investment Member or the Special Member, as the case may be, any participation in the control of the Company business. Each of the Special Member and the Investment Member hereby consents to the exercise by the Managing Member of the powers conferred on it by law and this Agreement, and the Managing Member agrees to exercise control of the business of the Company only in accordance with the provisions of this Agreement. Notwithstanding the foregoing, in no event may the provisions of this Section 6.4 be invoked by any Managing Member or by any other Person as a defense against or as an impediment to the ability of either the Investment Member or the Special Member to take any action hereunder.

6.5 Duties and Obligations

(a) The Managing Member shall manage the affairs of the Company to the best of its ability, shall use its best efforts to carry out the purpose of the Company, and shall devote to the Company such time as may be necessary for the proper performance of its duties and the business of the Company. The Managing Member shall promptly take all action which may be necessary or appropriate for the proper development, construction, maintenance and operation of the Apartment Complex in accordance with the provisions of this Agreement, the Project Documents and any applicable laws and Regulations. The Managing Member is responsible for the management and operation of the Company, including the oversight of the rent-up and operational stages of the Apartment Complex.

(b) Subject to the provisions of Section 6.5(g), the Managing Member shall use its diligent good faith efforts to cause the Company to generate Cash Flow for distribution to the Members at the maximum realizable level in view of (i) any applicable Regulations, (ii) the Minimum Set-Aside Test, (iii) the Rent Restriction Test and (iv) the Projected Rents, and, if necessary, the Managing Member also shall use its best efforts to obtain approvals and implementation of appropriate adjustments in the rental schedule of the Apartment Complex.

(b) A Managing Member or any Affiliate thereof shall be indemnified by the Company from and against any Adverse Consequences sustained in connection with the business and operations of the Company, provided that all of the following conditions are met: (i) such Managing Member has determined, in good faith, that the course of conduct which caused the loss, judgment, liability, expense or amount paid in settlement was in the best interests of the Company; and (ii) such Adverse Consequences were not the result of gross negligence or willful misconduct on the part of such Managing Member or Affiliate thereof; and (iii) such indemnification or agreement to hold harmless is recoverable only out of the assets of the Company, and not from the Non-Managing Members.

(c) Notwithstanding the above, no Member or any Affiliate thereof performing services for the Company or any broker-dealer shall be indemnified for any Adverse Consequences arising from or out of an alleged violation of federal or state securities laws unless there has been a successful adjudication on the merits of each count involving securities laws violations as to the particular indemnitee and the court finds that indemnification of the settlement and related costs should be made. In any claim for indemnification for federal or state securities law violations, the party seeking indemnification shall, prior to seeking court approval for such indemnification, place before the court the positions of the Securities and Exchange Commission, the Massachusetts Securities Division and any other applicable state securities administrator with respect to the issue of indemnification for securities law violations.

(d) The Company shall not incur the cost of the portion of any insurance, other than public liability insurance or course of construction insurance, which insures any party against any liability as to which such party is herein prohibited from being indemnified.

(e) The Company may indemnify Affiliates of a Managing Member under this Section 6.8 only if the loss involves an activity in which such Affiliates acted in the capacity of a Managing Member or Developer.

For purposes of this Section 6.8 only, the term “controls” and any form of such term shall mean the power to direct the management and policies of a Person, directly or indirectly, whether through ownership of voting securities, by contract or otherwise.
6.9 Indemnification of the Company and the Non-Managing Members

(a) The Managing Member will indemnify and hold the Company and the Non-Managing Members harmless from and against any and all Adverse Consequences which the Company or any Non-Managing Member may incur by reason of the past, present or future actions or omissions of the Managing Member or any of its Affiliates constituting gross negligence or willful misconduct; provided, however, that the foregoing indemnification shall not be construed to (x) affect the non-recourse nature of any Mortgage or (y) limit the Company’s primary liability for contractual obligations incurred pursuant to the requirements of any Agency or Lender in connection with the operation of the Apartment Complex in the ordinary course of business.

(b) Notwithstanding the foregoing, no Managing Member shall be liable to a Non-Managing Member or the Company for any act or omission for which the Company is required to indemnify such Managing Member under Section 6.8, except as provided by Article V.

(c) The Managing Member shall indemnify, defend, and hold the Non-Managing Members harmless on an After-Tax Basis from and against any Adverse Consequences related to or arising directly or indirectly out of the presence on, under or about the Apartment Complex of any Hazardous Material at the Apartment Complex, the use, generation, manufacture, migration, storage or disposal of any Hazardous Material on, under or about the Apartment Complex, or the violation of any Environmental Laws by the Managing Member or its representatives (other than any Adverse Consequences resulting from the acts or omissions of the Non-Managing Members). Any claim or loss described in the immediately preceding sentence may be defended, compromised, settled, or pursued by the Non-Managing Members with counsel of the Non-Managing Members’ selection, but at the expense of the Managing Member. Notwithstanding anything else set forth herein, this indemnification shall survive the withdrawal of any Managing Member and/or the termination of this Agreement.

6.10 Operating Deficits

Subject to any Requisite Approvals, the Managing Member shall be obligated during the period from Rental Achievement until the later of (A) the fifth (5th) anniversary of Rental Achievement and (B) the achievement of an average Debt Service Coverage Ratio of 1.15 to 1.00 for the six consecutive months occurring immediately prior to such date (the “Subordinated Loan Period”), to promptly advance funds to eliminate any Operating Deficit, provided however, that the Managing Member shall not be obligated to have Subordinated Loans outstanding at any one time in excess of $375,000 (the “Subordinated Loan Cap”). Notwithstanding anything to the contrary contained herein, if at the end of the Subordinated Loan Period there are insufficient funds in the Operating Reserve to meet the Initial Reserve Amount, the Subordinated Loan Period will be extended until such time the Operating Reserve is restored to the Initial Reserve Amount and condition (A) above is satisfied. In any case in which the Managing Member otherwise would be required to advance funds under this Section 6.10, any amounts then held in the Operating Reserve may be released and disbursed with the reasonable approval of the Special Member for the purpose of eliminating the Operating Deficit before the Managing Member shall be required to advance their own funds. In the event that the Managing Member shall fail to make any such advance as aforesaid, (a) the Company shall utilize amounts (the “Applied
otherwise payable to the Managing Member or its Affiliates under Section 6.12 and/or Article X to meet the obligations of the Managing Member pursuant to this Section 6.10, with such utilization of Applied Amounts constituting payment and satisfaction of the corresponding amounts payable to the Managing Member or its Affiliates under Section 6.12 and/or Article X, with the proceeds thereof being applied to such obligations, and with the obligation of the Company to make such payments to the Managing Member or its Affiliates pursuant to Section 6.12 and/or Article X being deemed to have been satisfied to the extent thereof and (b) the Special Member shall have the option, exercisable in its sole discretion, to cause it or one or more of its designees to be admitted to the Company as additional Managing Member(s). An additional Managing Member so admitted shall automatically, without the need for any further action by any Member, become the Managing Member and shall be delegated all of the powers and authority of all of the Managing Members pursuant to Section 6.13. Each Member hereby grants to any such additional Managing Member a power of attorney, coupled with an interest and irrevocable to the extent permitted by law, to execute and deliver any and all instruments and documents which it believes to be necessary or appropriate in order to accomplish the purposes of this Section 6.10 and to manage the business of the Company. The admission of an additional Managing Member shall not relieve any other Managing Member of any of its economic obligations hereunder, and each other Managing Member shall indemnify and hold harmless the additional Managing Member from and against any and all Adverse Consequences sustained in connection with the additional Managing Member’s status as a Managing Member (other than Adverse Consequences arising solely out of the negligence or misconduct of such additional Managing Member). Any additional Managing Member admitted under this paragraph shall withdraw (notwithstanding the provisions of Article VII) as such and remain only as the Special Member upon payment by the Managing Member of all amounts due under this paragraph. For the purpose of this Section 6.10, all expenses shall be paid on a thirty (30)-day current basis. Moreover, the Managing Member may in its sole discretion at any time advance funds to the Company to pay operating expenses and/or debt service of the Company in order to facilitate the Company’s compliance with the Rent Restriction Test. All advances pursuant to Section 6.5(e) and this Section 6.10 (including any Applied Amounts), except advances from the Operating Reserve, shall constitute non-interest-bearing Subordinated Loans. Subordinated Loans shall be repaid in accordance with the provisions of Article X. The form and provisions of all Subordinated Loans shall conform to any applicable Regulations.

6.11 Obligation to Complete the Construction of the Apartment Complex

(a) To the extent the Developer fails to do so under the Development Agreement, the Managing Member shall be obligated to cause the Completion Date of the Apartment Complex and pay all costs necessary to achieve Rental Achievement in the manner set forth in this Agreement and the Development Agreement.

(b) The Managing Member shall be obligated to pay all costs necessary to achieve Permanent Mortgage Commencement and Rental Achievement, including all Development Costs, in the manner set forth in this Agreement, and may be reimbursed for such payments only out of Specified Proceeds.
(c) The completion of the Apartment Complex shall be secured by a completion bond in an amount at least equal to the full amount of the Construction Contract for the Apartment Complex and by the Guaranty.

6.12 Certain Payments to the Managing Member and Others

(a) As reimbursement for certain advances and as compensation for the Developer’s services in connection with the development and construction of the Apartment Complex, the Company shall pay to the Developer a development fee (the “Development Fee”) in the amount and at the times set forth in the Development Agreement. If Specified Proceeds are insufficient to pay the Development Fee, such unpaid amounts shall be evidenced by a Deferred Development Fee Note as set forth in the Development Agreement, provided however that the maximum amount of the Deferred Development Fee Note shall be $588,301 (or such larger amount as in the opinion of tax counsel to the Investment Member would not cause tax benefits to be projected to be reallocated from the Investment Member to another Member during the Compliance Period). Any unpaid portion of the Development Fee not evidenced by the Deferred Development Fee Note must be paid as a Development Cost as set forth in Section 6.11. The Managing Member, with the Consent of the Special Member, shall cause the Deferred Development Fee Note, if any, to be executed by the Company at the time set forth in and in accordance with the terms of the Development Agreement. If the Development Fee, including without limitation, any portion evidenced by a Deferred Development Fee Note and all accrued but unpaid interest thereon, has not been fully paid by the fourteenth (14th) anniversary of the Completion Date, the Managing Member shall make the Managing Member’s Special Capital Contribution to the Company, and the Company shall thereafter promptly pay to the Developer a portion of the Development Fee equal to the Managing Member’s Special Capital Contribution. Notwithstanding the foregoing, the amount of the Managing Member’s Special Capital Contribution shall be reduced to the extent the Investor Member reasonably determines on or before the end of the first year of the Credit Period that any portion of the remaining balance of the Development Fee and the Deferred Development Fee Note is not necessary to be included in Eligible Basis in order to allocate the aggregate Projected Credit during the Credit Period to the Investor Member. Following any reduction of the Managing Member’s Special Capital Contribution as described in the immediately preceding sentence, the Members agree to review and work diligently and in good faith to determine the sources to promptly repay or refinance the remaining unpaid balance of the Development Fee and the Deferred Development Fee Note, and all accrued but unpaid interest thereon.

(b) The Company shall pay to the Special Member or an Affiliate thereof a fee (the “Asset Management Fee”) commencing in 2019 for its services in connection with the Company’s accounting matters relating to the Investment Member and assisting with the preparation of tax returns and the reports required by Section 12.7 in the annual amount of $5,250, increased each year by a factor equal to the percentage increase in the Consumer Price Index for such year. The Asset Management Fee shall be payable from Cash Flow in the manner and priority set forth in Section 10.2(a); provided however, that if in any Fiscal Year, Cash Flow is insufficient to pay the full amount of the Asset Management Fee, the Managing Member shall advance the amount of such deficiency to the Company as a Subordinated Loan, provided further that the Managing Member’s obligation to make Subordinated Loans under this Section 6.12(b) shall be ongoing and shall not terminate upon the expiration of the Subordinated Loan Period or
be subject to the Subordinated Loan Cap. If for any reason the Asset Management Fee is not paid in any Fiscal Year, the unpaid portion thereof shall accrue and be payable on a cumulative basis in the first Fiscal Year in which there is sufficient Cash Flow or Capital Proceeds as provided in Article X.

(c) In consideration of the services of the Managing Member in managing the day-to-day business and affairs of the Company, the Company shall pay to the Managing Member an annual fee (the “Company Management Fee”) commencing in 2019 in the amount of $5,250, payable from Cash Flow in the manner set forth in Section 10.2(a). The Company Management Fee shall be noncumulative so that if there is not sufficient Cash Flow in any Fiscal Year to pay the amount of the Company Management Fee specified for such use in Section 10.2(a), the Company shall have no obligation to pay such shortfall in any future Fiscal Year.

(d) The Company also shall pay to the Managing Member the Incentive Management Fee as set forth in the Incentive Management Agreement.

6.13 Delegation of Managing Member Authority

(a) If there shall be more than one Managing Member serving hereunder, each Managing Member may from time to time, by an instrument in writing, delegate all or any of his powers or duties hereunder to another Managing Member or Managing Members.

(b) Each contract, deed, mortgage, lease and other instrument executed by any Managing Member shall be conclusive evidence in favor of every Person relying thereon or claiming thereunder that at the time of the delivery thereof (i) the Company was in existence, (ii) this Agreement had not been amended in any manner so as to restrict the delegation of authority among Managing Members (except as shown in certificates or other instruments duly filed in the Filing Office) and (iii) the execution and delivery of such instrument was duly authorized by the Managing Members. Any Person may always rely on a certificate addressed to him and signed by any Managing Member hereunder:

(1) as to who are the Managing Members or Non-Managing Members hereunder;

(2) as to the existence or nonexistence of any fact which constitutes a condition precedent to acts by the Managing Members or in any other manner germane to the affairs of the Company;

(3) as to who is authorized to execute and deliver any instrument or document of the Company;

(4) as to the authenticity of any copy of this Agreement and any amendments thereto; or

(5) as to any act or failure to act by the Company or as to any other matter whatsoever involving the Company or any Member.

6.14 Assignment to Company
The Developer and the Managing Member hereby transfer and assign to the Company all of their right, title and interest in and to the Apartment Complex and in and to all of the Project Documents, including, but not limited to, the following: (i) all contracts with architects, supervising architects, engineers and contractors with respect to the development of the Apartment Complex; (ii) all plans, specifications and working drawings heretofore prepared or obtained in connection with the Apartment Complex; (iii) all governmental commitments and approvals obtained, and applications therefore, including, but not limited to those relating to planning, zoning, building permits and Tax Credits; (iv) any and all commitments with respect to any Mortgages; and (v) any and all contracts or rights with respect to any agreements with any Agency or Lender.

6.15 Contracts with Affiliates

(a) The Managing Member or any Affiliate thereof may act as Management Agent upon the terms and conditions set forth in Article XI.

(b) The Managing Member or any Affiliates thereof shall have the right to contract or otherwise deal with the Company for the sale of goods or services to the Company in addition to those set forth herein, if (i) compensation paid or promised for such goods or services is reasonable (i.e., at fair market value) and is paid only for goods or services actually furnished to the Company, (ii) the goods or services to be furnished shall be reasonable for and necessary to the Company, (iii) the fees, terms and conditions of such transaction are at least as favorable to the Company as would be obtainable in an arm’s-length transaction, (iv) the Consent of the Special Member is obtained for any such contract where the compensation to be paid by the Company to the Managing Member or its Affiliates is $50,000 or more, and (v) no agent, attorney, accountant or other independent consultant or contractor who also is employed on a full-time basis by the Managing Member or any Affiliate shall be compensated by the Company for his services. Any contract covering such transactions shall be in writing and shall be terminable without penalty on sixty (60) days written notice. Any payment made to the Managing Member or any Affiliate for such goods or services shall be fully disclosed to all Non-Managing Members in the reports required under Article XII. Neither the Managing Member nor any Affiliate shall, by the making of lump-sum payments to any other Person for disbursement by such other Person, circumvent the provisions of this Section 6.15(b).

6.16 Partnership Audit Procedures

(a) Defined Terms. For purposes of this Section 6.16, the following terms shall have the meanings set forth below:

“Administrative Adjustment Request” An administrative adjustment request under Code Section 6227.

“Affected Partner” means at any point in time, with respect to any Administrative Adjustment Request or proposed Partnership Adjustment, any person who is a then current Partner or a Former Partner.
“Former Partner” Any Person who was a Reviewed Year Partner but is not a Partner in the year of an Administrative Adjustment Request or proposed Partnership Adjustment.

“Imputed Underpayment” Has the meaning set forth in Section 6225 of the Code.

“Partner” means any Member.

“Partnership” means the Company.

“Partnership Adjustment” Any adjustment to any item of income, gain, loss, deduction, or credit of the Partnership, or any Partner’s distributive share thereof, in either case as described in any applicable Regulations or other guidance prescribed by the Service.

“Reviewed Year” The Partnership taxable year to which a Partnership Adjustment relates.

“Reviewed Year Partner” Any Person who held an interest in the Partnership at any time during the Reviewed Year.

“Revised Partnership Audit Rules” Subchapter 63C of the Code (as amended by the Bipartisan Budget Act of 2015, P.L. 114-74, the Protecting Americans from Tax Hikes Act of 2015, P.L. 114-113 and the Consolidated Appropriations Act of 2018, P.L. 115-141), and the Regulations promulgated thereunder, all as may be further amended from time to time.

“Taxes” Any tax, penalties, additions to tax, additional amounts, and interest as described in Section 6226 of the Code.

(b) Partnership Representative

(i) Appointment and Designation. The Partners hereby authorize the Partnership to appoint O-SDA as the initial partnership representative of the Partnership pursuant to Section 6223(a) of the Code (the “Partnership Representative”). The Partnership Representative shall timely designate, with the Consent of the Investment Member, an individual to serve as the sole individual through whom the Partnership Representative will act for purposes of the Revised Partnership Audit Rules (the “Designated Individual”). The Designated Individual must agree in writing to be bound by the same obligations and restrictions imposed on the Partnership Representative under this Section 6.16 prior to and as condition of such designation.

(ii) Resignation; Revocation. The Partnership shall revoke the designation of O-SDA as the Partnership Representative for all taxable years during which such designation was in effect by written notice to the Partnership Representative and the Service: (i) upon withdrawal or removal of the Managing
Member for any reason, (ii) upon request of the Investment Member at a time when there exists cause for removal pursuant to Section 4.5(a)(iii) and any notice of partnership adjustment has been issued by the Service, or (iii) upon request of the Investment Member in the event of a default by the Partnership Representative or Designated Individual of its/his/her duties and obligations under this Section 6.16. The designation of the Designated Individual as the Designated Individual shall automatically terminate on the effective date of the resignation or revocation of the applicable entity as Partnership Representative. If a Designated Individual becomes unable to perform the tasks required of a Designated Individual, no longer has the “capacity to act” within the meaning of the Revised Partnership Audit Rules, or the Partnership Representative otherwise determines that such individual should be removed as the Designated Individual, the Partnership Representative shall promptly notify the Investment Member of such determination and take all necessary actions to effectuate the resignation of such individual as Designated Individual for all applicable taxable years. Notice of any revocation of a Partnership Representative or Designated Individual shall be given to the Service in the time and manner prescribed by the Service and shall include the designation of another Person selected by the Investment Member as the successor Partnership Representative and/or the designation of another Person selected by the Partnership Representative (with the Consent of the Investment Member) as the successor Designated Individual. The resigning or removed Partnership Representative and/or Designated Individual shall remain obligated hereunder in such capacity until the replacement is acknowledged by the Service. O-SDA hereby constitutes and appoints the Investment Member, with full power of substitution, its true and lawful attorney-in-fact in its name, place and stead to carry out fully the provisions of this Section 6.16(b)(ii) and take any action which the Investment Member may deem necessary or appropriate in connection herewith. The power of attorney hereby granted shall be deemed to be coupled with an interest, shall be irrevocable and shall survive and shall not be affected by the subsequent incapacity, dissolution, resignation, revocation or other termination of O-SDA as the Partnership Representative.

(iii) Successor Partnership Representative. Any successor Partnership Representative and/or Designated Individual must satisfy all statutory and regulatory requirements imposed by the Revised Partnership Audit Rules and must agree in writing to be bound by the terms of this Section 6.16.

(iv) Notice of Communications; Cooperation. The Partnership Representative shall: (i) give all Affected Partners prompt notice of any inquiry, notice, or other communication received from the Service or other applicable tax authority regarding the tax treatment of the Partnership or the Partners, (ii) consult with the Affected Partners in good faith on the strategy and substance of any tax audit or contest, and (iii) shall, to the extent possible, give the Affected Partners prior notice of and a reasonable opportunity to review and comment upon any written communication the Partnership Representative intends to make to any such taxing authority in connection with any examination, audit or other inquiry involving the Partnership and the nature and content of all actions to be taken and
defenses to be raised by the Company in response to any tax audit or contest (including without limitation the decision to institute proceedings, whether administrative or judicial, and whether in response to a previous Service proceeding against the Company or otherwise). Without limiting the generality of the foregoing, the Partnership immediately shall send to all Affected Partners copies of any notice of a proposed or final partnership adjustment received by the Partnership and/or the Partnership Representative from the Service. To the extent requested by the Affected Partner and permitted under Treasury Regulations or by the Service or other taxing authority in a particular tax audit or contest, the Partnership Representative shall cooperate in allowing the Affected Partner or its representative to participate, at its own expense, in such tax audit or contest.

(v) Duties and Limitations on Authority. The Partnership Representative and any Designated Individual shall have all power and authority of a partnership representative and designated individual, respectively, as set forth in Section 6223 of the Code, and shall represent the Partnership and its Partners in all dealings with the Service and state and local taxing authorities. If the Partnership receives notice of a final Partnership Adjustment from the Service, the Partnership Representative shall so notify the Affected Partners, and if requested to do so by the Investment Member, (i) the Partnership Representative shall file a petition for readjustment within the time frame required by Treasury Regulations or Service guidance, and/or (ii) the Partnership Representative and the Managing Member shall cause the Partnership to seek any and all available judicial review of such final Partnership Adjustment as is available under applicable law. Notwithstanding the foregoing, except as specifically provided in Section 6.16(c) below, the Partnership Representative shall not, without the Consent of the Investment Member (and, in the case of (C), (D) and (F), the Investment Member for the Reviewed Year), have any power or authority to do any or all of the following:

(A) make an election to opt out of the application of the Revised Partnership Audit Rules to the Partnership;

(B) make a Push-Out Election, or request a modification to an Imputed Underpayment;

(C) file an Administrative Adjustment Request;

(D) select any judicial forum for the litigation of any Partnership tax dispute;

(E) extend the statute of limitations for the Partnership; or,

(F) take any other action (or fail to take any action) that would have the effect of finally determining any tax audit or contest.

(vi) Fiduciary Relationship. The relationship of the Partnership Representative to the Investment Member shall be that of a fiduciary, and the
Partnership Representative shall have a fiduciary obligation to perform its duties in such manner as will serve the best interests of the Investment Member.

(vii) **Indemnification.** To the extent of available funds, the Partnership shall indemnify the Partnership Representative against judgments, fines, amounts paid in settlement and expenses (including attorneys’ fees) reasonably incurred by the Partnership Representative in its capacity as the Partnership Representative, and not its capacity as a Partner or a Former Partner, in connection with any audit or administrative or judicial proceeding in which the Partnership Representative is involved solely by reason of being the Partnership Representative of the Partnership, provided that the same were not the result of negligence, misconduct, fraud, breach of fiduciary duty or breach of this Agreement on the part of the Partnership Representative and were the result of a course of conduct which the Partnership Representative, in good faith, reasonably believed to be consistent with its communications with and Consent provided by the Investment Member in accordance with this Section 6.16, and within the scope of its authority under this Section 6.16.

(c) **Modifications and Partnership Elections**

(i) **Modifications to Imputed Underpayment.** If requested to do so by the Investment Member, O-SDA shall request modification of an Imputed Underpayment in accordance with any applicable Treasury Regulations, forms, instructions, and other guidance prescribed by the Service. With any such request, the Investment Member shall describe the modifications or adjustment factors that the Investment Member believes affect the calculation of the Imputed Underpayment in sufficient detail to substantiate the request for modification and timely provide all required supporting documents or information.

(ii) **Amended Returns.** If requested to do by the Investment Member, the Partnership Representative shall request a modification of an Imputed Underpayment based on an amended return (or, to the extent permitted by law, any similar statement) filed by a Partner (or its owners) that takes account of all of the Partnership adjustments properly allocable to such Partner (or its owners). Any such request shall be accompanied by an affidavit from the requesting Partner that each required amended return (or similar statement) has been filed and all Taxes due as a result of taking into account the adjustments in the first affected year and all modification years have been paid, as required by any applicable Regulations, forms, instructions, and other guidance prescribed by the Service.

(iii) **Pull-In Procedure.** In lieu of filing an amended return in accordance with Section 6.16(c)(ii) above, any Reviewed Year Partner may elect to comply with the “pull-in” procedure described in Section 6225(c)(2)(B) of the Code. In such event, such Reviewed Year Partner shall (x) pay all amounts due under Section 6225(c)(2)(A)(iii) of the Code, (y) take into account, in the form and manner set forth in the Code and Regulations, the adjustments to the tax
attributes of suchReviewed Year Partner, and (z) provide, in the form and manner
specified by the Service (including, if so specified, in the same form as on an
amended return), such information as the Service may require to carry out the
terms and intent of the pull-in procedure described in Section 6225(c)(2)(B) of the
Code. Copies of all notices and filings made pursuant to this Section 6.16(c)(iii)
shall be provided by the Reviewed Year Partner to the Partnership Representative.

(iv) Push-Out Election. If requested to do so by the Investment
Member, the Partnership Representative shall timely make and implement an
election under Section 6226(a)(1) of the Code (a “Push-Out Election”) with
respect to an Imputed Underpayment. Except as hereinafter provided, if a Push-
Out Election is made, each Reviewed Year Partner shall take into account its
allocable share of the Partnership Adjustments that relate to the specified Imputed
Underpayment (as determined with the Consent of the Investment Member for
such Reviewed Year) and shall be liable for any Taxes as described in Section
6226 of the Code and any applicable Treasury Regulations or other guidance
prescribed by the Service.

(v) Reimbursement of Allocable Share of Imputed
Underpayment. If the Partnership becomes obligated to make an Imputed
Underpayment under Code Section 6225, each of the Partners (including any
Former Partner) to whom such liability relates (as determined with the Consent of
the Investment Member) shall be obligated, within thirty (30) days after written
notice from the Managing Member, to pay an amount that, on an After-Tax Basis
if such payment is treated as a taxable payment to the Partnership, is equal to its
allocable share of such amount to the Partnership; provided, however, that if and
to the extent that the Partnership’s liability results from a loss, disallowance or
recapture of Credits for which a Reduction Amount is due to such Person and has
not been paid, the amount otherwise payable by such Person to the Partnership
under this Section 6.16(c)(v) shall be reduced by the amount of any unpaid
Reduction Amount payable to such Person so that the Partnership will bear the
portion of the Imputed Underpayment equal to such reduction, and such
Reduction Amount shall be paid to the Partnership and applied to the Imputed
Underpayment. Any amount not paid by a Partner (or Former Partner) within such
30-day period shall accrue interest at Prime Rate plus 2% until paid. Any such
payment made by any Partner shall be treated as a Capital Contribution and, if
and to the extent permitted by the Code and Regulations, any Capital Account
reduction attributable to the Imputed Underpayment shall be allocated to the
Partners in proportion to such Capital Contributions.

(vi) Withholding. Notwithstanding anything to the contrary
contained herein, the Managing Member shall cause the Partnership to withhold
from any distribution or payment due to any Partner (or Former Partner) under
this Agreement any amount due to the Partnership from such Partner (or Former
Partner) under clause (v) above. Any amount(s) so withheld shall be applied by
the Partnership to discharge the obligation in respect of which such amount was
withheld. All amounts withheld pursuant to the provisions of this Section
6.16(c)(vi) with respect to a Partner (or Former Partner) shall be treated as if such amounts were distributed or paid, as applicable, to such Partner (or Former Partner).

(vii) **Indemnity.** To the extent that a portion of the Taxes imposed under Code Section 6225 relates to a Former Partner, the Managing Member shall require such Former Partner to indemnify the Partnership for its allocable portion of such tax (including any penalties, additions to tax, additional amounts, and interest) to the extent such amounts have not been withheld pursuant to the provisions of Section 6.16(c)(vi). Each Partner acknowledges that, notwithstanding the transfer or liquidation of all or any portion of its Interest in the Partnership, it shall remain liable for Taxes with respect to its allocable share of income and gain of the Partnership for the Partnership’s taxable years (or portions thereof) prior to such transfer or liquidation and entitled to the consent rights provided to it in this Section 6.16 with respect to such taxable years unless otherwise agreed to in writing by the Partners during the taxable year(s) (or portion thereof) to which the Taxes relate and all Former Partners during the Partnership’s taxable year(s) (or portion(s) thereof) to which the Taxes relate.

(viii) **Continuing Obligations.** Whether the liability is assessed to the Partnership or the Partners (or Former Partners), the parties hereto acknowledge and agree that nothing in this Section 6.16(c) is intended, nor shall it be construed, to modify or waive any obligations of the Managing Member under this Agreement including, without limitation, the obligation to make a payment pursuant to the provisions of Section 5.1(e) and Section 5.1(f).

(d) **Related Tax Items**

(i) **Tax Counsel or Accountants.** The Partnership Representative, with the reasonable Consent of the Investment Member, shall employ experienced tax counsel and/or accountants to represent the Partnership in connection with any audit or investigation of the Partnership by the Service or any other taxing authority and in connection with all subsequent administrative and judicial proceedings arising out of such audit. Such counsel and/or accountants shall be responsible for representing the Partnership; it shall be the responsibility of the Partners, at their expense, to employ tax counsel or accountants to represent their respective separate interests.

(ii) **Survival.** The rights and obligations of each Partner or Former Partner under this Section shall survive the transfer, redemption or liquidation by such Partner of its Partnership Interest and the termination of this Agreement or the dissolution of the Partnership.

(iii) **Amendments.** Upon the promulgation of revised Treasury Regulations implementing the Revised Partnership Audit Rules or upon further amendment of the Revised Partnership Audit Rules, the Partners will evaluate and consider options available with respect to preserving the allocation of
responsibility and authority described in this Section 6.16, while conforming with the applicable provisions of the revised partnership audit procedures. The Partners agree to work together in good faith to make elections and amend this Agreement (if any party determines that an amendment is required) to maintain the intent of the parties with respect to the obligations and limitations of the Partnership Representative.

(iv) State and Local Income Tax Matters. The provisions of this Section 6.16 shall also apply to state and local income tax matters affecting the Partnership to the extent the terms and conditions hereof have any application to audit procedures at the state and local level

6.17 Single Purpose Entity

(a) The Managing Member shall not engage, has not engaged and does not engage, in any business other than the business of making housing available to persons of low and moderate income.

(b) The Managing Member shall not enter into and has not entered into any contract or agreement with any Affiliate of the Managing Member, any constituent party of the Managing Member, or any Affiliate of any constituent party, except upon terms and conditions that are intrinsically fair and substantially similar to those that would be available on an arm’s length basis with third parties other than any such party.

(c) The Managing Member has and shall continue to pay its debts and liabilities from its own assets as the same shall become due. No Affiliate has paid any debts or liabilities on behalf of the Managing Member.

(d) The Managing Member has and shall continue to maintain books, financial records and bank accounts that are separate and distinct from the books, financial records and bank accounts of any other Person including any Affiliate.

(e) The Managing Member has and shall continue to maintain separate annual financial statements prepared in accordance with generally accepted accounting principles, consistently applied, showing its assets and liabilities separate and distinct from those of any other entity; in the event the financial statements of the Managing Member are consolidated with the financial statements of any other entity, the Managing Member has and shall continue to cause to be included in such consolidated financial statements: (i) a narrative description of the separate assets, liabilities, business functions, operations and existence of the Managing Member to ensure that such separate assets, liabilities, business functions, operations and existence are readily distinguishable by any entity receiving or relying upon a copy of such consolidated financial statements; and (ii) a statement that the Managing Member’s assets and credit are not available to satisfy the debts of such other entity or any other person.

(f) The Managing Member has and shall continue to file its own tax returns and pay its own taxes required to be paid under applicable law.
(g) The Managing Member has and shall continue to (i) hold itself out as an entity separate and distinct from any other Person; (ii) not identify itself or any of its affiliates as a division or part of the other; (iii) correct any known misunderstanding regarding its separate status; and (iv) use separate stationery, invoices, checks, and the like bearing its own name.

(h) The Managing Member has and shall continue to conduct its business in its own name so as to avoid or correct any misunderstanding on the part of any creditor concerning the fact that any invoices and other statements of account from creditors of the Managing Member are to be addressed and mailed directly to the Managing Member, though this provision shall not prohibit such mail to be delivered to the Managing Member c/o any other entity.

(i) The Managing Member has and intends to maintain adequate capital for the normal obligations reasonably foreseeable in a business of its size and character and in light of its contemplated business operations.

(j) The Managing Member has not and shall not commingle any of its assets, funds or liabilities with the assets, funds or liabilities of any other Person or Affiliate.

(k) The Managing Member has and shall continue to maintain its assets in such a manner that it will not be costly or difficult to segregate, ascertain or identify its individual assets from those of any party.

(l) The Managing Member has not and shall not (i) assume or guaranty the debts of any other Person in a manner that includes a pledge, encumbrance, transfer or hypothecation (whether by operation of law or otherwise) of any assets or interests of the Company or, (ii) hold itself out to be responsible for the debts of another Person in a manner that includes the pledge, encumbrance, transfer or hypothecation of any assets or interests of the Company (whether by operation of law or otherwise), or (iii) otherwise pledge, encumber, transfer or hypothecate the assets of the Company for the benefit of another Person or permit the same to occur, or (iv) hold the Company’s credit as being available to satisfy the obligations of any other Person.

(m) All transactions carried out by the Managing Member have been and will be, in all instances, made in good faith and without intent to hinder, delay or defraud creditors of the Managing Member.

6.18 Anti-Corruption Laws

The Managing Member hereby represent, warrant and covenant that there has been no violation by the Managing Member or any entity that owns an interest in a Managing Member or the Guarantors of Anti-Corruption Laws in connection with the execution of the Project Documents. At and after execution of the Project Documents, without limitation, the Managing Member and any entity that owns an interest in a Managing Member are in, and shall remain in, compliance with Anti-Corruption Laws. No action, suit or proceeding is pending or, to the Managing Member’s knowledge, threatened, relating to any Anti-Corruption Laws. The Managing Member shall notify the Investment Member if either of them becomes aware of any violation of Anti-Corruption Laws or circumstance likely to give rise to such a violation and, upon request by the Investment Member, the Managing Member will provide information verifying their respective compliance with Anti-Corruption Laws.
ARTICLE VII
Withdrawal of a Managing Member; New Managing Members

7.1 Voluntary Withdrawal

No Managing Member shall have the right to Withdraw voluntarily from the Company or to sell, assign or encumber its Interest without the Consent of the Investment Member and each of the other Managing Members (if any) and, if required, any Requisite Approvals.

7.2 [Intentionally Deleted]

7.3 Successor Managing Member

(a) Upon the occurrence of any Withdrawal, the remaining Managing Members may designate a Person to become a successor Managing Member to the Withdrawing Managing Member. Any Person so designated, subject to any Requisite Approvals, the Consent of the Investment Member and, if required by the Act or any other applicable law, the consent of any other Member so required, shall become a successor Managing Member upon his written agreement to be bound by the Project Documents and by the provisions of this Agreement.

(b) If any Withdrawal shall occur at a time when there is no remaining Managing Member and the Members do not unanimously elect to continue the business of the Company in accordance with the provisions of clause (ii) of Section 7.2(a) above, then the Investment Member shall have the right, subject to any Requisite Approvals, to designate a Person to become a successor Managing Member upon his written agreement to be bound by the Project Documents and by the provisions of this Agreement.

(c) If the Investment Member elects to reconstitute the Company and admit a successor Managing Member pursuant to this Section 7.3, the relationship of the Members in the reconstituted Company shall be governed by this Agreement.

7.4 Interest of Predecessor Managing Member

(a) No assignee or transferee of all or any part of the Interest as a Managing Member of a Managing Member shall have any automatic right to become a Managing Member. Until the acquisition of the Interest of a Withdrawing Managing Member pursuant to Section 7.4(d) or 7.6, such Interest shall be deemed to be that of an assignee and the holder thereof shall be entitled only to such rights as an assignee may have as such under the laws of the State.

(b) Anything herein contained to the contrary notwithstanding, any Managing Member who Withdraws voluntarily in violation of Section 7.1 shall remain liable for all of its obligations under this Agreement, for all its other obligations and liabilities hereunder incurred or accrued prior to the date of its Withdrawal and for any loss or damage which the Company or any of its Members may incur as a result of such Withdrawal (except as provided in Section 6.8(a)).

(c) The estate (which term, for purposes of this Section 7.4(c), shall include the heirs, distributees, estate, executors, administrators, guardian, committee, trustee or other personal
(d) The Disposition of the Managing Member Interest of a Managing Member who or which Withdraws voluntarily in compliance with this Agreement shall be accomplished in such manner as shall be acceptable to the remaining Managing Members and shall be approved by Consent of the Investment Member. Except as provided in the preceding sentence, upon the Withdrawal of a Managing Member (other than a Managing Member who or which is removed as such pursuant to Section 4.5), such Withdrawn Managing Member shall be deemed to have automatically transferred to the remaining Managing Members, in proportion to their respective Managing Member Interests, or, if there shall be no remaining Managing Member, then to the Company for the benefit of the remaining Members, all or such portion of the Managing Member Interest of such Withdrawn Managing Member which, when aggregated with the existing Managing Member Interests of all such remaining Managing Members, will be sufficient in the opinion of the Tax Accountants to assure such remaining Managing Members a sufficient interest in all Profits, Losses, Tax Credits and distributions of the Company under Article X so as to be deemed to be a Member of the Company for federal income tax purposes. No documentation shall be necessary to effectuate such transfer, which shall be automatic, and no consideration shall be payable therefor. For the purposes of Article X, the effective date of the transfer pursuant to the provisions of this Section 7.4(d) of the Managing Member Interest of a Withdrawn Managing Member shall be deemed to be the date on which such Withdrawal occurs. That portion of the Managing Member Interest (the “Remaining Interest”) of the Withdrawing Managing Member which shall not have been transferred pursuant to this Section 7.4(d) (except in respect of a removed Managing Member), shall be retained by such Withdrawing Managing Member (or pass to legal representatives thereof) who or which shall have the status of a special member (an Article VII Special Member), but with the right to receive only that share of the Profits, Losses, Tax Credits and distributions of the Company to which the Withdrawing Managing Member, as such, would have been entitled had he or it remained, reduced to the extent of the Managing Member Interest transferred hereunder, but such Withdrawing Member (or his or its legal representatives, as the case may be) shall not be considered to be a Special Member for the purpose of exercising any rights reserved to the Special Member under this Agreement or sharing the benefits allocated to the Special Member under Article X hereof and shall not participate in the votes or consents of the Non-Managing Members hereunder; provided, however, that in the case of a Managing Member who or which Withdraws involuntarily without violation of this Agreement, the Company shall have the option (but not the obligation), exercisable by notice to the holder of such Interest within six (6) months following the date of such Withdrawal, to acquire the Remaining Interest of such Withdrawing Managing Member (or the Article VII Special Member Interest deriving therefrom) in accordance with the valuation and payment provisions of Section 7.6.
7.5 Amendment of Articles; Approval of Certain Events

(a) Upon the admission of a new Managing Member pursuant to the preceding provisions of this Article VII, Schedule A shall be amended to reflect such admission and an amendment to the Articles, also reflecting such admission, shall be filed as required by the Act.

(b) Each Member hereby consents to and authorizes any admission or substitution of a Managing Member or any other transaction, including, without limitation, the continuation of the Company business, which has been authorized under the provisions of this Agreement, and hereby ratifies and confirms each amendment of this Agreement necessary or appropriate to give effect to any such transaction.

7.6 Valuation and Sale of Interest of Former Managing Member

(a) Subject to the provisions of Section 7.4(d), if the business of the Company is continued after the Withdrawal of a Managing Member, or if, following such event, the Company is reconstituted and continued, in each case as contemplated by this Agreement, the Company shall purchase such Managing Member’s Interest if such removal is without cause or if such Withdrawal is not in violation of this Agreement (which term, and words of like import, as used in this Section 7.6 shall refer only to the “Remaining Interest” of such Withdrawing Managing Member as defined in Section 7.4(d) in all cases where applicable) each for a price equal to the fair market value thereof. Such fair market value shall be determined by two independent appraisers, one selected by the former Managing Member or its representative and one by the Company. If such appraisers are unable to agree on the value of the former Managing Member’s Interest, they shall jointly appoint a third independent appraiser whose determination shall be final and binding. The appraisers may act with or without a hearing, and the cost of the appraisal will be shared equally between such former Managing Member and the Company. If a Managing Member is removed by the Investment Member for cause, or if a Managing Member has voluntarily withdrawn from the Company in contravention of the terms of this Agreement, the Managing Member shall forfeit its Interest to the Company, not as a penalty but as liquidated damages to compensate the Company for the action of such Managing Member leading to its removal, or for the fact of its violation of the terms of this Agreement.

(b) Promptly after the determination of the purchase price of a former Managing Member’s Interest pursuant to Section 7.6(a), the Company shall deliver to such former Managing Member a promissory note of the Company for such purchase price, payable in five equal consecutive annual installments commencing on the first anniversary of the date of such note. Such promissory note shall bear simple interest at the rate per annum which is at all times the AFR payable on the last day of each calendar quarter during which such note is outstanding. Within one hundred twenty (120) days after the determination of the purchase price of the former Managing Member’s Interest, the Company may, with the consent of all remaining Managing Members and the Consent of the Investment Member, sell such Interests to one or more Persons, who may be Affiliates of the remaining Managing Member or Managing Members, and admit such Person or Persons to the Company as substitute Managing Members; provided, however, that the purchase price to be paid to the Company for the Interest of the former Managing Member shall not be less than its purchase price as determined by the appraisal. Such substitute
Managing Members may pay said purchase price in installments in the manner set forth above in this Section 7.6(b).

7.7 Designation of New Managing Members

The Managing Member may, with the written consent of all Non-Managing Members, at any time designate new Managing Members, each with such Interest as a Managing Member in the Company as the Managing Member may specify, subject to any Requisite Approvals.

Any new Managing Member shall, as a condition of receiving any interest in the Company property, agree to be bound by the Project Documents and any other documents required in connection therewith and by the provisions of this Agreement, to the same extent and on the same terms as any other Managing Member.
ARTICLE VIII
Transferability of a Non-Managing Member’s Company Interests

8.1 Assignments

(a) Each of the Non-Managing Members may each assign all or any part of its Company Interest without the consent of any other Member.

(b) An assignee of a Non-Managing Member who does not become a Substituted Non-Managing Member shall have, and shall only have, the right to receive the share of allocations and distributions of the Company to which the assigning Non-Managing Member would have been entitled with respect to the Company Interest (or portion thereof) so assigned if no such assignment had been made by such Non-Managing Member. Any assigning Non-Managing Member whose assignee becomes a Substituted Non-Managing Member shall thereupon cease to be a Non-Managing Member and shall no longer have any of the rights or privileges of a Non-Managing Member. Where the assignee does not become a Substituted Non-Managing Member, the Company shall recognize such assignment not later than the last day of the calendar month following receipt of notice of assignment and all documentation required in connection therewith. The Managing Member shall cooperate with the Non-Managing Members in facilitating such assignment by promptly furnishing complete and accurate financial and other relevant data regarding the Company, the Apartment Complex, the Managing Member and Affiliates of the Managing Member and any other matters reasonably necessary in the judgment of the Special Member to facilitate such Assignment, but only to the extent such information is readily available to the Managing Member either (a) at no or at nominal cost, or (b) the Non-Managing Members shall reimburse the Managing Member for the reasonable cost thereof.

(c) Every assignee of a Non-Managing Member’s Company Interest (or any portion thereof) who desires to make a further assignment of its Company Interest shall be subject to all the provisions of this Article VIII.

8.2 Substituted Non-Managing Member

Each Non-Managing Member shall have the right to substitute an assignee as Non-Managing Member in its place without the consent of any other Member; provided that any Substituted Non-Managing Member shall execute such instrument or instruments as shall be reasonably required by the Managing Members to signify the agreement of such Substituted Non-Managing Member to be bound by all the provisions of this Agreement.

8.3 Restrictions

(a) No Disposition of a Non-Managing Member Interest may be made if such Disposition would violate the provisions of Sections 8.1, 8.2 or 13.1.

(b) In no event shall all or any part of a Non-Managing Member Interest be Disposed of to a minor (other than to a descendant by reason of death) or to an incompetent.

(c) The Managing Member may, in addition to any other requirement it may impose, require as a condition of any Disposition of a Non-Managing Member Interest that the transferor
or transferee (i) assume all costs incurred by the Company or the Non-Managing Member in connection therewith and (ii) furnish the Company and the other Members with an opinion of counsel satisfactory to counsel to the Company that such Disposition complies with applicable federal and state securities laws.

(d) Any sale, exchange, transfer or other Disposition of a Non-Managing Member Interest in contravention of any of the provisions of this Section 8.3 shall be void and ineffectual and shall not bind or be recognized by the Company.
ARTICLE IX
Borrowings

All Company borrowings shall be subject to the terms of this Agreement and the Project Documents and may be made from any source, including Members and their Affiliates. Any Company borrowings from any Member, other than the Subordinated Loans shall be subject to any Requisite Approvals and the Consent of the Special Member. If any Member shall lend any monies to the Company, the amount of any such loan shall not increase such Member’s Capital Contribution. If any Member shall so lend monies, each such loan (a “Voluntary Loan”) shall be an obligation of the Company and (except for Subordinated Loans) shall be repayable to such Member on the same basis and with the same rate of interest as would be applicable to a comparable loan to the Company from a third party. Funds advanced by the Managing Member to the Company as Subordinated Loans shall not constitute borrowings for the purposes of this Article IX or for any other purposes.
ARTICLE X
Profits, Losses, Tax Credits, Distributions and Capital Accounts

10.1 Profits, Losses and Tax Credits

(a) Subject to the provisions of Section 10.1(b) and Section 10.4, for each Company Fiscal Year or portion thereof, all Operating Profits and Losses, tax-exempt income, losses, non-deductible non-capitalizable expenditures and Tax Credits incurred or accrued on or after the Commencement Date shall be allocated 99.99% to the Investment Member, 0.0025% to the Class B Special Member, and 0.0075% to the Managing Member.

(b) Except as otherwise specifically provided in this Article, all Profits and Losses arising from a Capital Transaction shall be allocated to the Members as follows:

As to Profits:

First, that portion of Profits (including any Profits treated as ordinary income for federal income tax purposes) shall be allocated to the Members who have negative Capital Account balances in proportion to the amounts of such balances, provided that no Profits shall be allocated to a Member under this Clause First to increase any such Member’s Capital Account above zero; and

Second, Profits in excess of the amounts allocated under Clause First above shall be allocated to and among the Members in the same percentages as cash is distributed under Clause Fifth of Section 10.2(b);

As to Losses:

First, an amount of Losses shall be allocated to the Members to the extent and in such proportions as shall be necessary such that, after giving effect thereto, the respective balances in all Members’ Capital Accounts shall be in the ratio of 99.99% for the Investment Member, 0.0025% for the Class B Special Member, and 0.0075% for the Managing Member;

Second, an amount of Losses shall be allocated to the Members until the balance in each Member Capital Account equals the amount of such Member’s Capital Contribution (after the allocation under Clause First above);

Third, an amount of Losses shall be allocated to the Members to the extent of and in proportion to such Members’ Capital Account balances (after the allocations under Clauses First and Second above); and

Fourth, any remaining amount of Losses after the allocation under Clauses First, Second and Third above shall be allocated to the Members in accordance with the manner in which they bear the Economic Risk of Loss associated with such Loss; provided, however, that in the event that no Member bears an Economic Risk of Loss then any remaining Losses shall be allocated 99.99% to the Investment Member, 0.0025% to the Class B Special Member, and 0.0075% to the Managing Member.
10.2 **Cash Distributions Prior to Dissolution**

(a) **Cash Flow**

Subject to any Requisite Approvals, Cash Flow for each Fiscal Year or portion thereof shall be applied as follows:

*First*, to the payment to the Investment Member of the full amount (including interest) of any amounts due and owing to the Investment Member, including without limitation, adjusters under Section 5.1, any Recapture Amount pursuant to Section 10.6, guaranty payments and/or indemnity payments which the Investment Member is entitled to receive pursuant to this Agreement, the Guaranty or the Development Agreement and to repay any Voluntary Loan made by the Investment Member pursuant to Article IX;

*Second*, to the payment of the Asset Management Fee for such Fiscal Year and for any previous Fiscal Year(s) as to which the Asset Management Fee shall not yet have been paid in full;

*Third*, to the replenishment of the Operating Reserve until the balance in the Operating Reserve is equal to the Initial Reserve Amount;

*Fourth*, to the payment of any unpaid portion of the Development Fee, including without limitation, any amounts evidenced by a Deferred Development Fee Note and all accrued but unpaid interest thereon;

*Fifth*, to the repayment of any Subordinated Loans;

*Sixth*, to the payment of the Company Management Fee for such Fiscal Year; and

*Seventh*, the balance thereof, if any, shall be distributed annually, seventy-five (75) days after the end of the Fiscal Year, 10% to the Investment Member and 90% to the Managing Member (of such 90%, 65% to the Managing Member, and 35% to the Class B Special Member), first as payment of the Incentive Management Fee and then as a distribution.

(b) **Distributions of Capital Proceeds**

Prior to dissolution, if Capital Proceeds are available for distribution from a Capital Transaction, such Capital Proceeds shall be applied or distributed as follows:

*First*, to the payment to the Investment Member of the full amount (including interest) of any amounts due and owing to the Investment Member, including without limitation, adjusters under Section 5.1, any Recapture Amount pursuant to Section 10.6, guaranty payments and/or indemnity payments which the Investment Member is entitled to receive pursuant to this Agreement, the Guaranty or the Development Agreement and to repay any Voluntary Loan made by the Investment Member pursuant to Article IX;

*Second*, to the payment of any accrued and unpaid Asset Management Fees;
**Third**, to the repayment of any remaining unpaid debts and liabilities owed to Members or Affiliates thereof by the Company for Company obligations (exclusive of Subordinated Loans) to any of them, including, but not limited to, accrued and unpaid amounts due in respect of any and all fees (including but not limited to the Development Fee and any Deferred Development Fee Note) due and payable to the Managing Member or its Affiliates as set forth in Section 6.12; provided, however, that any debts or obligations to be repaid to any Non-Managing Member or Affiliate thereof pursuant to this Clause Third shall be repaid prior to the repayment of any such debts or obligations to any Managing Member or Affiliate thereof;

**Fourth**, to the repayment of any Subordinated Loans;

**Fifth**, subject to the provisions of Section 10.3(a), any balance 9.999% to the Investment Member, 0.001% to the Special Member, 31.5% to the Class B Special Member, and 58.5% to the Managing Member.

10.3 Distributions Upon Dissolution

(a) Upon dissolution and termination, after payment of, or adequate provision for, the debts and obligations of the Company, the remaining assets of the Company shall be distributed to the Members in accordance with the positive balances in their Capital Accounts after taking into account all Capital Account adjustments for the Company Fiscal Year, including adjustments to Capital Accounts pursuant to Sections 10.1(b) and 10.3(b). In the event that a Managing Member has a negative balance in its Capital Account following the liquidation of the Company or such Member’s Interest, after taking into account all Capital Account adjustments for the Company Fiscal Year in which such liquidation occurs, such Member may pay to the Company in cash an amount equal to the negative balance in such Member’s Capital Account. Such payment shall be made by the end of such Fiscal Year (or, if later, within ninety (90) days after the date of such liquidation) and shall, upon liquidation of the Company, be paid to recourse creditors of the Company or distributed to other Members in accordance with the positive balances in their Capital Accounts.

(b) With respect to assets distributed in kind to the Members in liquidation or otherwise, (i) any unrealized appreciation or unrealized depreciation in the values of such assets shall be deemed to be Profits and Losses realized by the Company immediately prior to the liquidation or other distribution event; and (ii) such Profits and Losses shall be allocated to the Members in accordance with the provisions of Section 10.1(b), and any property so distributed shall be treated as a distribution of an amount in cash equal to the excess of such fair market value over the outstanding principal balance of and accrued interest on any debt by which the property is encumbered. For the purposes of this Section 10.3(b), the terms “unrealized appreciation” or “unrealized depreciation” shall mean the difference between the fair market value of such assets, taking into account the fair market value of the associated financing (but subject to the provisions of Section 7701(g) of the Code), and the Company’s adjusted basis for such assets as determined under the applicable provisions of the Allocation Regulations. This Section 10.3(b) is merely intended to provide a rule for allocating unrealized gains and losses upon liquidation or other distribution event, and nothing contained in this Section 10.3(b) or elsewhere herein is intended to treat or cause such distributions to be treated as sales for value.
The fair market value of such assets shall be determined by an appraiser to be selected by the Managing Member with the Consent of the Special Member.

(c) The Investment Member may, on a timely basis, elect to be unconditionally obligated to restore all or a portion of any deficit in the Investment Member’s Capital Account upon liquidation of its Interest in the Company (an “Elective DRO”). Any such election shall be evidenced by written notice to the Managing Member, delivered prior to such time, specifying the amount of any deficit for which the Investment Member elects a Deficit Restoration Obligation. Any amount owing pursuant to a Deficit Restoration Obligation shall be payable upon the later of (a) the end of the Fiscal Year in which Investment Member’s Interest is liquidated or (b) ninety (90) days after the date of such liquidation. The amount of any such election shall automatically be reduced to the extent the deficit in the Investment Member’s Capital Account (after reduction for the items described in (4), (5) and (6) of Treasury Regulations Section 1.704-1(b)(2)(ii)(d)) is subsequently reduced or eliminated as of the end of the Company’s taxable year without affecting the validity of prior allocations. If an allocation or distribution thereafter increases the deficit in the Investment Member’s Capital Account, unless the Investment Member elects otherwise under (i) below, the Investment Member will be obligated to restore the deficit only to the extent of the lesser of (i) the deficit amount the Investment Member has previously elected to restore or (ii) the smallest deficit balance in the Investment Member’s Capital Account (after reduction for the items described in (4), (5) and (6) of Treasury Regulations Section 1.704-1(b)(2)(ii)(d)) as of the end of the Company’s taxable year subsequent to the taxable year for which the election above was made. For purposes of determining the amount referred to in (ii), the income, gain, losses and deductions of the Company shall be allocated under an interim closing of the books method.

10.4 Special Provisions

(a) Except as otherwise provided in this Agreement, all Profits, tax-exempt income, Losses, non-deductible non-capitalizable expenditures, Tax Credits and cash distributions shared by a class of Members shall be shared by each Member in such class in the ratio of such Member’s paid-in Capital Contribution to the paid-in Class Contribution of the class of Members of which such Member is a member.

(b) Notwithstanding the foregoing provisions of this Article X:

(i) If (a) the Company incurs recourse obligations or Partner Nonrecourse Debt (including, without limitation, Voluntary Loans or Subordinated Loans) or (b) the Company incurs Losses from extraordinary events which are not recovered from insurance or otherwise (collectively “Recourse Obligations”) in respect of any Company Fiscal Year, then the calculation and allocation of Profits and Losses shall be adjusted as follows: first, an amount of deductions attributable to the Recourse Obligations shall be allocated to the Member who bears the Economic Risk of Loss therefor; and second, the balance of such deductions shall be allocated as provided in Section 10.1(a).

(ii) If any Profits arise from the sale or other disposition of any Company asset which shall be treated as ordinary income under the depreciation recapture provisions of the Code, then the full amount of such ordinary income shall be allocated
among the Members in the proportions that the Company deductions from the
depreciation giving rise to such recapture were actually allocated. In the event that
subsequently-enacted provisions of the Code result in other recapture income, no
allocation of such recapture income shall be made to any Member who has not received
the benefit of those items giving rise to such other recapture income.

(iii) If the Company shall receive any purchase money indebtedness in partial
payment of the purchase price of the Apartment Complex and such indebtedness is
distributed to the Members pursuant to the provisions of Section 10.2(b) or Section 10.3,
the distributions of the cash portion of such purchase price and the principal amount of
such purchase money indebtedness hereunder shall be allocated among the Members in
the following manner: On the basis of the sum of the principal amount of the purchase
money indebtedness and cash payments received on the sale (net of amounts required to
pay Company obligations and fund reasonable reserves), there shall be calculated the
percentage of the total net proceeds distributable to each class of Members based on
Section 10.2(b) or Section 10.3, as applicable, treating cash payments and purchase
money indebtedness principal interchangeably for this purpose, and the respective classes
shall receive such respective percentages of the net cash purchase price and purchase
money principal. Payments on such purchase money indebtedness retained by the
Company shall be distributed in accordance with the respective portions of principal
allocated to the respective classes of Members in accordance with the preceding sentence,
and if any such purchase money indebtedness shall be sold, the sale proceeds shall be
allocated in the same proportion.

(iv) Income, gain, loss and deduction with respect to any asset which has a
variation between its basis computed in accordance with the applicable provisions of the
Allocation Regulations and its basis computed for federal income tax purposes shall be
shared among the Members so as to take account of such variation in a manner consistent
with the principles of Section 704(c) of the Code and Section 1.704-1(b)(2)(iv)(g) of the
Allocation Regulations.

(v) The terms “Profits” and “Losses” used in this Agreement shall mean
income and losses, and each item of income, gain, loss, deduction or credit entering into
the computation thereof, as determined in accordance with the accounting methods
followed by the Company and computed in accordance with Treasury Regulation Section
1.704-1(b)(2)(iv). Profits and Losses for federal income tax purposes shall be allocated
in the same manner as set forth in this Article X, except as provided in Section
10.4(b)(iv).

(vi) Nonrecourse Deductions shall be allocated 99.99% to the Investment
Member, 0.0025% to the Class B Special Member, and 0.0075% to the Managing
Member.

(vii) Partner Nonrecourse Deductions shall be allocated to and among the
Members in the manner provided in the Allocation Regulations.
(viii) Subject to the provisions of Section 10.4(b)(xix), if there is a net decrease in Partnership Minimum Gain for a Company Fiscal Year, the Members shall be allocated items of Company income and gain in accordance with the provisions of Section 1.704-(2)(f) of the Allocation Regulations.

(ix) Subject to the provisions of Section 10.4(b)(xix), if there is a net decrease in Partner Nonrecourse Debt Minimum Gain for a Company Fiscal Year then any Member with a Share of such Partner Nonrecourse Debt Minimum Gain shall be allocated items of Company income and gain in accordance with the provisions of Section 1.704-2(i)(4) of the Allocation Regulations.

(x) Subject to the provisions of 10.4(b)(vi) through 10.4(b)(ix) above, in the event that any Member unexpectedly receives any adjustments, allocations or distributions described in Section 1.704-1(b)(2)(ii)(d)(4), (5) or (6) of the Allocation Regulations, items of Company income and gain, including gross income, shall be specially allocated to each such Member in an amount and manner sufficient to eliminate, to the extent required by the Allocation Regulations, the Adjusted Capital Account Deficit of such Member as quickly as possible. This Section 10.4(b)(x) is intended to constitute a “qualified income offset” provision within the meaning of the Allocation Regulations and shall be interpreted consistently therewith. For purposes of this Section 10.4(b)(x), a Member’s Capital Account shall be treated as reduced by Qualified Income Offset Items.

(xi) Subject to the provisions of Sections 10.4(b)(vi) through 10.4(b)(x) above, in no event shall any Non-Managing Member be allocated Losses that would cause it to have an Adjusted Capital Account Deficit as of the end of any Company Fiscal Year. Any Losses that are not allocated to a Non-Managing Member by reason of the application of the provisions of this Section 10.4(b)(xi) shall be allocated to the Managing Member.

(xii) Subject to the provisions of Sections 10.4(b)(vi) through 10.4(b)(xi) above, in the event that any Member has an Adjusted Capital Account Deficit at the end of any Company Fiscal Year, items of Company income and gain shall be specially allocated to each such Member in the amount of such Adjusted Capital Account Deficit as quickly as possible.

(xiii) Syndication Expenses for any Fiscal Year or other period shall be specially allocated to the Investment Member.

(xiv) For purposes of determining the Profits, Losses, Tax Credits or any other items allocable to any period, Profits, Losses, Tax Credits and any such other items shall be determined on a daily, monthly, or other basis, as determined by the Managing Member using any permissible method under Code Section 706 and the Treasury Regulations thereunder.

(xv) To the extent that interest on loans (or other advances which are deemed to be loans) made by a Managing Member to the Company is determined to be deductible
by the Company in excess of the amount of interest actually paid by the Company, such additional interest deduction(s) shall be allocated solely to such Managing Member.

(xvi) To the extent the Company earns interest income on the deposit or investment of Mortgage Loan proceeds, an equal amount of gross income shall be specially allocated to the Managing Member if required by the Investment Member. Any taxable income of the Company resulting from its receipt of donations, contributions, grants or subsidies (whether in the form of property, cash, or forgivable debt) shall be specially allocated to the Managing Member.

(xvii) For purposes of determining each Member’s proportionate share of the excess Nonrecourse Liabilities of the Company pursuant to Section 1.752-3(a)(3) of the Allocation Regulations, the Members’ interests in Profits shall be determined by reference to the Members’ allocable share of Capital Proceeds from a Capital Transaction under Clause Fifth of Section 10.2(b); provided, however, that the Members agree that, upon giving written notice to the Managing Member, the Investment Member shall have the right at any time to cause the Company to select an alternative method for allocating excess Nonrecourse Liabilities of the Company pursuant to Section 1.752-3(a)(3) of the Allocation Regulations if the Investment Member reasonably determines that such alternative method would (or could reasonably be expected to) avoid or mitigate any tax or economic detriment to the Investment Member or its affiliates (as a result of an actual or pending change in law, change in circumstance, or otherwise). Without limiting the foregoing, the Managing Member shall provide written notice to the Investment Member no later than 45 days following the close of any Fiscal Year in which the Investment Member’s adjusted basis in its Company Interest is or is reasonably likely to be zero.

(xviii) Any recapture of any Tax Credit shall be allocated to and among the Members in the same manner as such Tax Credit was allocated to the Members.

(xix) If for any Fiscal Year the application of the minimum gain chargeback provisions of Section 10.4(b)(viii) or Section 10.4(b)(ix) of this Agreement would cause distortion in the economic arrangement among the Members and it is not expected that the Company will have sufficient other income to correct that distortion, the Managing Member may request a waiver from the Commissioner of the Service of the application in whole or in part of Section 10.4(b)(viii) or Section 10.4(b)(ix) in accordance with Section 1.704-2(f)(4) of the Allocation Regulations. Furthermore, if additional exceptions to the minimum gain chargeback requirements of the Allocation Regulations have been provided through private letter rulings issued to the Company or published revenue rulings or other binding administrative authority, the Managing Member is authorized to cause the Company to take advantage of such exceptions if to do so would be in the best interest of a majority in interest of the Members.

(xx) In the event that any fee payable to any for profit Managing Member or any for profit Affiliate thereof shall instead be determined to be a non-deductible, non-capitalizable distribution from the Company to a Member for federal income tax purposes, then there shall be allocated to such Managing Member an amount of gross income equal to the amount of such distribution.
(xxi) In applying the provisions of Article X with respect to distributions and allocations, the following ordering of priorities shall apply:

1. Capital Accounts shall be deemed to be reduced by Qualified Income Offset Items.
2. Capital Accounts shall be reduced by distributions of Cash Flow under Clause Seventh of Section 10.2(a).
3. Capital Accounts shall be reduced by distributions of Capital Proceeds under Clause Fifth of Section 10.2(b).
4. Capital Accounts shall be increased by any minimum gain chargeback under Section 10.4(b)(viii) or Section 10.4(b)(ix).
5. Capital Accounts shall be increased by any qualified income offset required under Section 10.4(b)(x).
6. Capital Accounts shall be increased by allocations of Operating Profits under Section 10.1(a).
7. Capital Accounts shall be reduced by allocations of Operating Losses under Section 10.1(a).
8. Capital Accounts shall be reduced by allocations of Losses under Section 10.1(b).
9. Capital Accounts shall be increased by allocations of Profits under Section 10.1(b).
10. All remaining allocations shall be made in the order in which they appear in Section 10.4(b).

(xxii) To the maximum extent permitted under the Code, allocations of Profits and Losses shall be modified so that the Members’ Capital Accounts reflect the amount they would have reflected if adjustments required by Sections 10.4(b)(x), 10.4(b)(xi) and 10.4(b)(xii) had not occurred.

(xxiii) In the event the Investment Member shall give notice to the Managing Member that, in the reasonable judgment of the Investment Member, its Capital Account as of the close of the tax year in which such notice is given either will have a zero balance or there will be an increase in Partner Nonrecourse Debt Minimum Gain for such year that is attributable to the Deferred Development Fee Note, the Managing Member shall take all such action as may be necessary to assure that any outstanding balance of any Deferred Development Fee Note shall constitute a “partnership nonrecourse liability” of the Company, as such term is defined in Treasury Regulation Section 1.752-1(a)(2) or any successor regulation. One such action shall be the assignment of any Deferred
Development Fee Note to an Entity that is not a “related person,” as defined in Section 42(d)(2)(D)(iii) of the Code, to the Company.

10.5 Authority of the Managing Member to Vary Allocations to Preserve and Protect the Members’ Intent

(a) It is the intent of the Members that each Member’s distributive share of Profits, tax-exempt income, Losses, non-deductible non-capitalizable expenditures and Tax Credits (and items thereof) shall be determined and allocated in accordance with this Agreement to the fullest extent permitted by Section 704(b) of the Code and the Allocation Regulations. In order to preserve and protect the determinations and allocations provided for in this Agreement, the Managing Member is hereby authorized and directed to allocate Profits, tax-exempt income, Losses, non-deductible non-capitalizable expenditures and credits (and items thereof) arising in any Fiscal Year differently than otherwise provided for in this Agreement to the extent that allocating Profits, tax-exempt income, Losses, non-deductible non-capitalizable expenditures or credits (or any item thereof) in the manner provided for herein would cause the determinations and allocations of each Member’s distributive share of Profits, tax-exempt income, Losses, non-deductible non-capitalizable expenditures or credits (or any item thereof) not to be permitted by Section 704(b) of the Code. Any allocation made pursuant to this Section 10.5 shall be deemed to be a complete substitute for any allocation otherwise provided for in this Agreement and shall only be made with the Consent of the Investment Member.

(b) In making any allocation (the “New Allocation”) under Section 10.5(a), the Managing Member is authorized to act only with the Consent of the Investment Member after having been advised in writing by the Tax Accountants that, under Section 704(b) of the Code and/or the Allocation Regulations, (i) the New Allocation is necessary, and (ii) the New Allocation is the minimum modification of the allocations otherwise provided for in this Agreement necessary in order to assure that, either in the then-current Fiscal Year or in any preceding Fiscal Year, each Member’s distributive share of Profits, tax-exempt income, Losses, non-deductible non-capitalizable expenditures and Tax Credits (or any item thereof) is determined and allocated in accordance with this Agreement to the fullest extent permitted by Section 704(b) of the Code and the Allocation Regulations.

(c) New Allocations made by the Managing Member under Section 10.5 shall be deemed to be made pursuant to the fiduciary obligation of the Managing Member to the Company and the Non-Managing Members, and no such allocation shall give rise to any claim or cause of action by any Non-Managing Member.

10.6 Recapture Amount

(a) If at any time during the “compliance period” (as defined in Section 42(i)(1) of the Code), the Apartment Complex ceases to be a “qualified low income housing project” (as defined in Section 42(g)(1) of the Code), any Low-Income Unit in the Apartment Complex ceases to be a “low income unit” (as defined in Section 42(i)(3) of the Code), or for any other reason all or any portion of credits allowed to the Company and its Members under Section 42 of the Code are subject to recapture pursuant to Section 42(j) of the Code (such an occurrence being referred to herein as a “Recapture Event”), the Investment Member shall become entitled to
receive funds equal to the “Recapture Amount”. The Recapture Amount shall be in the form of an offset against future Installments, a cash distribution or payment to the Investment Member, in each case as set forth in Sections 5.1(e) and/or (f).

(b) The Recapture Amount is an amount equal the sum of (i) the “credit recapture amount” allocable to the Investment Member as defined in Section 42(j) of the Code plus (ii) all income taxes payable by the Investment Member (or its partners or members) as computed under Section 10.6(d).

(c) Any Recapture Amount distributable to the Investment Member pursuant to the foregoing provisions shall be distributed as funds become available for such distributions, but such distributions shall not be made prior to (i) in the case of the “credit recapture amount”, the year of the Recapture Event and (ii) in the case of any credits disallowed with respect to any year subsequent to the Recapture Event, in each such subsequent year.

(d) Determination of the Recapture Amount shall be made on the assumption that receipt or accrual by each partner of the Investment Member of any amounts distributable to such partner under Subsection (c) above will currently be subject to United States federal and State income tax at the highest marginal rate applicable to corporations for the year(s) in question (and assuming the non-applicability of the alternative minimum tax).

(e) All computations required under this Section 10.6 shall be made reasonably by the Investment Member, and the results of such computations, together with a statement describing in reasonable detail the manner in which such computations were made, shall be delivered to the Managing Member in writing. Within fifteen (15) days following receipt of such computation, the Managing Member may request that the Auditors determine whether such computations are reasonable and are not erroneous. If the Auditors determine that such computations are unreasonable or contain errors, then the Auditors shall determine what they believe to be the appropriate computations. If the Investment Member does not agree with the determination of the Auditors, then another accounting firm other than the Auditors to be selected jointly by the Investment Member and the Managing Member or, if they cannot agree, by the American Arbitration Association, from among the ten largest national accounting firms, shall make such computations. The computations of the Investment Member, the Auditors, or the other accounting firm so selected, whichever is applicable, shall be final, binding and conclusive upon the parties. All fees and expenses payable to an accounting firm other than the Auditors under this paragraph shall be borne solely by the Managing Member. All fees and expenses payable to the American Arbitration Association shall be borne equally by the Managing Member and the Investment Member.
ARTICLE XI
Management Agent

11.1 General

The Managing Member shall engage the Management Agent to manage the Apartment Complex pursuant to the Management Agreement. The Management Agent shall receive a Management Fee of those amounts payable from time to time by the Company to the Management Agent for management services in accordance with a management contract approved by any Agency or Lender with the right to approve the same, or, when any such management contract is not subject to the approval of any Agency or Lender, in accordance with a reasonable and competitive fee arrangement. The initial Management Agent shall be Accolade Property Management, Inc. Such distributions of Cash Flow and Capital Proceeds shall be restored only upon the payment of such damages in full, and any amount of such damages not so paid shall be deducted against distributions of Cash Flow and Capital Proceeds otherwise due to the Managing Member or its Affiliates.

Re: Review of Environmental Documents  
Aria Grand Apartments  
Austin, Texas

Dear Mr. Weisman:

At your request, and in accordance with our master agreement with Boston Capital (GZA File No. 14070), GZA GeoEnvironmental, Inc. (GZA) has reviewed the following documents:

<table>
<thead>
<tr>
<th>ENVIRONMENTAL REPORT</th>
<th>COMPANY</th>
<th>REPORT DATE</th>
<th>GZA REVIEW</th>
</tr>
</thead>
<tbody>
<tr>
<td>“Phase I Environmental Site Assessment, Aria Grand Project, SWC of Woodland Avenue and IH-35, Austin, Travis County, TX” (ESA-1)</td>
<td>Terracon Consultants, Inc (Terracon)</td>
<td>February 13, 2017</td>
<td>December 8, 2017</td>
</tr>
<tr>
<td>“Phase I Environmental Site Assessment, Aria Grand Project, 1800 South IH 35, Austin, Travis County, TX” (ESA-2)</td>
<td>Terracon</td>
<td>May 25, 2018</td>
<td>June 5, 2018</td>
</tr>
<tr>
<td>Area Grand – Environmental Responses</td>
<td></td>
<td>June 4, 2018</td>
<td>June 5, 2018</td>
</tr>
</tbody>
</table>

Based on our review of the above-referenced documents, it is GZA’s opinion that the ESA is generally consistent with the referenced ASTM Standard (E1527-13) for Phase I Environmental Site Assessments. The ESA does not identify the presence of any Recognized Environmental Conditions (RECs); however, GZA offers the following comments:

1. **Issue:** The ESA is approximately 10 months old, well beyond the 180-day “shelf life” for ESAs as specified in ASTM E1527-13.

   **Recommendation:** An updated ESA should be provided to Boston Capital.

   **Status:** CLOSED with the submittal of ESA-2.

2. **Issue:** Given the proximity of the property to Interstate Highway (IH) 35, Terracon recommends that a noise study be conducted.

   **Recommendation:** A copy of the noise study should be forwarded to Boston Capital upon completion.
Status: CLOSED with the submittal to Boston Capital of a noise study dated December 18, 2017, and a letter from Miller Slayton Architects dated May 14, 2018, which states, “we approximate the resulting interior noise levels to conform at the HUD Noise Guidelines.”

3. Issue: Terracon indicated that “The Texas Department of State Health Services (TDSHS) was contacted by letter regarding documentation, which might indicate potential environmental concerns on the site. At the issuance of this report, a response from the TDSHS has not been received.” Further, Terracon indicted that “At the issuance of this report, responses have not been received from the Planning Development and Review Department, the Watershed Protection Department, Austin Fire Department, the City of Austin Code Compliance Department, Austin Resource Recovery, Austin Water Utility, and the Health and Human Services Department.”

Recommendation: Copies of correspondence from these departments, or a summary of such correspondence, should either be forwarded to Boston Capital or included in the updated ESA referenced above.

Status: CLOSED by the response provided in the Environmental Responses document: “Updated Phase I (12/18/17) provided responses from Austin Fire Department Hazardous Materials Alarm and Storage Location Databases. City and State file their records by address. Since there was not a physical address for this site during the Phase I update in Nov./Dec. there are likely no records for the site and therefore the reason why we did not get a response. No records available for the address.”

4. Issue: Terracon noted the presence of “minor amounts of construction/demolition-related pieces of concrete, asphalt and rock,” and indicated that “these items should be removed and disposed in accordance with applicable regulations.”

Recommendation: Confirmation of the removal and proper disposal of these materials should be forwarded to Boston Capital.

Status: CLOSED by the confirmation referenced in the Environmental Responses document.

If you have any questions regarding the above, please contact David E. Leone at (781) 278-5766 or Larry Feldman at 781-278-3807.

Very truly yours,

Aria Grand
Austin, Texas

BC A&E Consultant: CODA Consulting Group, LLC
C0-Developers: Saigebrook Development & O-SDA Industries, LLC
General Contractor: Housing Authority of Austin, Skybeck Construction, LLC to be prime subcontractor
Architect: Miller Slayton Architects

Description: Aria Grand is a to-be-built project that will consist of two podium style buildings. One building is four stories over parking and includes community and amenity spaces, the other building is five stories over parking. The 1.42 acre site is a tract of vacant, undeveloped land located just west of IH 35 at the intersection of Woodland Avenue and the highway service road. There will be 70 units: 12 1BR/1BA, 30 2BR/2BA, and 28 3BR/2BA units. Seven units will be accessible with two units equipped for the hearing and visually impaired (HVI). Ten of the units are market rate units. Parking for 89 cars is provided and includes: 50 garage spaces at ground level, including 5 accessible spaces, two of which are van accessible spaces; 22 tandem spaces that extend from the garage spaces and are uncovered; and 17 open parking spaces, one of which is van accessible. Eight bicycle spaces are also provided. All provided parking meets local requirements. Building exteriors will be engineered wood panel and lap siding with brick veneer and membrane roofing with fiberglass shingled mansards. Units are accessed off double loaded corridors via elevators or stairways entered at the garage ground level. Unit amenities include a coat closet, W/D hook-ups, carpet, and ceiling fans. Unit appliances include a refrigerator, range with microwave/range hood, dishwasher, and disposal. Units are individually metered for electricity and water. Community space is located in Building 1 and includes management offices, mailroom, file room, restrooms, reception and cyber lounge on the first floor and kid's playroom, fitness room, community room with kitchen, and a maintenance room on the second floor.

RECOMMENDATIONS

1. A draft Owner/Contractor Agreement in AIA A101-2017 format was provided. The agreement dated 7/17/18 is between the Owner, Aria Grand, LLC, and Contractor, Austin Affordable Housing Corporation (a Texas nonprofit) where the basis of payment is a Stipulated Sum. The contract references General Conditions AIA A201 and Exhibits A - J. The exhibits include a list of Drawings and Specifications, Construction Schedule, Schedule of Values, TDHCA Requirements, Clarifications, Allowances, and Alternates, as well as required waiver and bond forms. The contractor has entered in to a Prime Subcontract Agreement with Skybeck Construction, LLC. The draft agreement is an AIA A401-2007 form that transfers all construction responsibilities for the project to Skybeck Construction. The Subcontract references Exhibits in the Prime Contract and also adds Exhibit 1 - Prime Contract, Exhibit 2 - Sub-subcontractor Insurance Requirement, and Exhibit 3 - P&P Bonds Forms. Both contracts are in draft form with some details missing.
   1. Final contracts with all Exhibits should be provided.
   Response: Final drafts for signature will be provided this week. Final executed contracts were provided with all Exhibits.
   Status: CLOSED

2. Construction Costs:
   1. It should be confirmed that trade costs are based on sub-contractor bids. Please indicate what percentage of the construction hard costs have been bid to support the contract sum and demonstrate readiness to begin construction.
   2. Were multiple bids obtained for all trades?
   3. Please provide names of key subcontractors and indicate any prior experience with Skybeck.
   4. Are their specific trades which are anticipated to be in short supply that could impact construction progress
Response: Skybeck response: 100% of hard costs have been bid with multiple bids obtained for all trades. Key Trades: Ranger Excavating, Kent Concrete, Buffalo Framing, Texas ERW, Tristar Utilities. Skybeck has completed many projects with these trades. We do not anticipate issues with trades not being able to perform due to manpower. We have secured both framing and drywall subcontractors.

Status: CLOSED

3. A general bar chart schedule was provided as Exhibit B to the GC contract. The schedule indicates approximately a 13.5 month duration for Bldg 1 and a 15 month duration for Bldg 2 with a start date of 8/27/18 and final project completion 11/29/19. This is a 9% project with a placed in service deadline of 12/31/19. The schedule indicates completion on 11/29/19, providing essentially no cushion. Please provide a schedule that support a completion date of October 2019 and detail how this can be accomplished. Specific schedule concerns include:
   1. A tight labor market, difficulties scheduling utility connections, and busy building inspectors has resulted in some significant construction delays for recent projects. Subcontractor manpower is limited and could impact production rates and result in an extended construction period. Specific concerns are framing and drywall crews.
   2. Wet weather can also be a factor with projects starting site and foundation work in the fall/winter. It is recommended that weather delay days be accounted for in the schedule.
   3. ECS Southwest recommends confirmatory swell testing be performed and moisture conditioning recommendations may need to be adjusted during construction. Swell testing requires approximately 2 days to complete, and some rework of placed material should be expected where the moisture conditioning option is selected for PVR reduction.

It should be confirmed that these factors have been accounted for in the final project construction schedule.

Response: The construction schedule has been adjusted to 395 days total – 13 months. This provides for 60 days cushion based on a 10/1 start date. Typical weather delays are incorporated into the schedule.

Skybeck: Re: item 3: We will be using select fill and not moisture conditioned subgrade.

ECS: Re item 3: The recommendations we provided in our geotechnical report to reduce the as-built PVR of the building pad using select fill only are considered to be a valid option. BC – The developer provided an e-mail dated 9.12.18 that addresses The City of Austin’s potential flexibility in issuing TCOs and if a tax credit extension could be obtained.

Status: CLOSED

4. A permit ready letter dated 8/17/18 was provided from the City of Austin Development Services Department (DSD) indicating permits will be granted after an approved Site Plan is submitted to the DSD Expedited team and a review is conducted to confirm no further changes have been made. What is the status of the Site Plan approval?

Response: Site plan approval is expected the week of 9/17. Final signatures are in process of being obtained. The developer indicated this is administrative and may be a week or more before all departments have signed off.

Status: CLOSED, final evidence of sign off should be provided.

5. There is a 25 foot building setback along the street frontage. Site plans indicate the buildings are set back very close to this line. A foundation survey should be provided to confirm there is no encroachment prior to vertical construction.

Response: Will provide at the appropriate time.

Status: CLOSED. Post closing item

6. The Geotechnical report notes a number of specific challenges to construction of the proposed podium style buildings namely highly expansive soil conditions, potential to encounter groundwater, caving soils in drilled shaft excavations and very hard bedrock. Please confirm that the drilled pier
subcontractor has extensive experience with similar soil conditions and is aware of all specific challenges identified in the ECS Southwest and Terracon Geotechnical Reports.

Response: Skybeck: Kent Concrete has extensive experience with similar soil conditions and has reviewed thoroughly all the Contract Documents

Status: CLOSED

7. Geotechnical Reports were provided from Terracon (12/4/17) and from ECS Southwest (8/9/18). There were substantial differences in the Terracon and ECS Southwest reports including:

1. The Terracon report identified 12 to 13 feet of fill, or suspected fill, in 3 borings in two areas of the site. Their site preparation recommendations were strongly influenced by the expected fill soils. The ECS Southwest report did not acknowledge the presence of fill on site even though they reported reviewing and relying on the boring information in the Terracon report. Their recommendations did not refer to site fill.
   - ECS Southwest should confirm if they expect fill soils on-site. If yes, do their previously provided recommendations for building pad and pavement subgrade preparation apply or will additional recommendations for preparation of building pads and pavement subgrades in fill areas need to be provided.
   - ECS: ECS reviewed historical aerial photographs available on HistoricAerials.com as part of our analysis. The available photographs dating back to 1964 appeared to show tree canopy substantially covering the site in all available photographs. It was noted that in 1964, the IH-35 frontage road was already in place. It is possible that some fills exist on-site which could have been dumped within the tree canopy, or could have been placed during the development of the frontage road, and the observable canopy in 1964 grew after the fill placement. A copy of the 1964 image is attached for reference. In general, it is believed that the potential for existing fills to impact the proposed development to be relatively low, considering the potential age of the fills if pre-dating the 1964 photograph, and considering the proposed deep foundation systems for the proposed structures.

2. The Terracon report recommended over excavation of the building pads and backfilling with select off-site compacted fill. The report stated the on-site soils were not suitable as building pad backfill. The ECS Report gave recommendations for building pad over-excavation and backfill with off-site select fill and gave recommendations for building pad over-excavation and backfill with on-site moisture conditioned fill capped with two feet of select fill.
   - ECS Southwest should confirm the building pad preparation procedure for the garage slab areas and the resulting expected level of movement of the garage slab.
   - ECS: Confirmed. The recommendations of the referenced ECS report for the corresponding as-built PVR conditions are considered to be valid and appropriate for design. It is understood that the floor slabs of the at-grade lobby and stairwell areas are to be constructed above formed voids at least 2 times the height of the as-built PVR, or at least 2 times the height of the existing PVR if these areas are unimproved. The suspended floors will be fully structurally supported by drilled shafts, and will incorporate soil retainers to prevent soils from intruding into the void spaces after carton forms decay.

3. Terracon recommended removal and replacement of 18 inches of subgrade soil for pavement areas in site fill areas. The ECS southwest report did not recommend pavement subgrade undercutting in any areas. ECS: with exception to the pavements underlying the parking garage
   - ECS Southwest should confirm pavement preparation procedures and expected movement of pavements.
ECS: The site preparation, subgrade preparation and general fill placement recommendations presented in the referenced ECS geotechnical report can be considered to be confirmed. Some movement of pavement areas should be expected at the site. Compacting the upper 1½ feet of the 15 foot expansive soil active zone would be expected to provide minimal improvement for the pavement performance at the site. BC – The ECS report notes that cracks and distress due to expansive soils may appear in the pavement after construction and the introduction of landscape irrigation. Without regular maintenance, the cracks can allow additional moisture intrusion and rapid degradation of the pavement section. It is recommended that a Pavement Operations and Maintenance Plan be developed and adequate maintenance costs be included in the project maintenance and repair budget. The developer responded in an e-mail dated 9.12.18, “a 2” PVR is pretty typical for paving areas on our jobs and we have not experienced excessive cracking. Our management company does a monthly walk of the property. They keep on staff a VP of maintenance that walks each property every month. To the extent any cracks occur, their policy is to grout, caulk and seal. Further, the parking areas are cleaned monthly and any oil spots treated on a regular basis to prevent deterioration. These costs are already covered in our maintenance budget.”

4. The ECS Southwest referenced building pad preparation recommendations are for 2 inch PVR building pads. This level of expected movement should be confirmed as acceptable by the architect of record.

Response: Miller Slayton: Re: item 4: The buildings for Aria are not subjected to the 2” of movement because they are pier supported independent from the slab on grade on cast in place concrete piers. The only portion of the “building pad” that is subjected to the 2” of movement is the parking below the podium. BC – Understood, please confirm the 2” garage floor slab PVR is acceptable and is not anticipated to require significant repair and maintenance costs. The developer noted that Architect has signed off on the 2” PVR.

Status: CLOSED

8. The performance of the foundation system will be highly dependent on the quality of construction. It is important that the Geotechnical Engineer be engaged to provide material testing services and to confirm soil preparation and foundation design are consistent with their recommendations. Please confirm ECS Southwest will be engaged to provide the recommended oversight and testing.

Response: ECS will be engaged for oversight and testing

Status: CLOSED

9. Clarifications, Allowances and Alternates:

1. Clarifications of note in Exhibit D to the contract include garage slab on grade and foundation soil conditioning procedures that differ from recommendations in the Geotech Report. These changes will need to be reviewed by the Geotech Engineer and confirmed as acceptable alternatives.

   This clarification has been revised as below. The new clarification will be provided with the final contract draft.

   “We include prepping subgrade to a 2” PVR with 4.5 feet of select fill per the ECS geotechnical recommendations and Douglas Structure email dated 8/9/18.”

2. Clarifications also note that attic sprinklers are not included with an add of $56,000 if required and value engineering included changing fire treated lumber specs and changing Bldg 1 from Type III (2 hr Ext wall) to Type V (1 hr Ext wall) construction. These changes should be reviewed and confirmed as acceptable by the architect.
Response: Miller Slayton: Re: item 2: With attic draft stopping, attic sprinklers are not required. Yes, Bldg 1 will now be a Type V / Type 13 building – requires no fire treated wood.
Status: CLOSED

10. Given the project's proximity to I-35 a HUD Noise Assessment was completed by Terracon Consultants, Inc. dated 12/18/17. The results of the noise assessment conducted for the site indicated that the combined day-night average sound level (DNL) at the noise assessment location (NAL) is 79.6076 dBA. The predicted DNL for the proposed site buildings would be classified under the HUD criteria as being “Unacceptable”. Based on this information, Terracon recommends noise mitigation (i.e. construct natural or man-made noise barriers or increase mitigation in the building walls/windows/doors). A letter by Miller Slayton Architects Dated May 14, 2018 indicates the wall design will yield an expected aggregate wall STC rating of not less than 41, which assumes a window STC of 26. CODA believes a higher window STC of 34 to 35 might be necessary at building elevations facing I-35. Please confirm that Terracon or other acoustical consultant has confirmed the window STC value assumed by the Architect is adequate.
Response: The architect’s determination is adequate for TDHCA. HUD is not involved in the project. No further documentation should be required.
Status: CLOSED

11. Provide Irrigation, Retaining Walls, Pavements and Sidewalks, Fire Protection and Fire Sprinkler drawings or confirm these items will be design-build.
Response: Irrigation, fire protection and fire sprinkler will be design build. Sidewalks are on civil drawings – for public sidewalks or sidewalks in the ROW the detail is Detail 3 of Sheet 19. For private sidewalks it is Detail 10 of Sheet 19. Pavement is per the geotech recommendations – noted on Site Plan, sheet 6, Note 21. BC - That note references a report by Alpha Testing, Inc, not the ECS Southwest Report. The developer indicated the note is being updated for the ECS report – same note, same page. Retaining wall plans are being provided under separate cover with this response.
Status: CLOSED

12. Required parking is indicated to be a total of 91 spaces including 54 garage spaces. Plans depict a total of 89 spaces with 50 garage spaces. Please reconcile.
Response: Please see attached letter from engineer – required parking is now 89 spaces.
Status: CLOSED

13. Flood Zone - the site is in Zone X, outside the 500 year floodplain based on FEMA FIRM No. 48453C0605J, dated 1/6/16. However, there is a tributary of Harper's Branch Creek that crosses the site from east to west, approximately 150 feet from the SE corner of the site and Civil Plans (Sheet 15 of 27, labelled Existing and Proposed Floodplain Conditions) indicate that part of the site currently lies within the 100 year floodplain following contour 507.5 feet. Apparently the City of Austin has a different flood zone determination than FEMA The proposed conditions plan shows part of the 100 year floodplain will still encroach upon the site, but the finished floor elevation of both buildings will be 513 feet. Please confirm if the City of Austin has any specific requirements regarding their flood designation for the site.
Response: Yes, the COA has a different flood designation than FEMA. We are changing the shape of the floodplain by building the retaining wall at the back of the site so that the City “floodplain” will not encroach into buildings. Everything behind the retaining wall will then be designated within a drainage easement aka floodplain. Site plan approval is the approval given for the floodplain modification.
Status: CLOSED
14. The architect should provide a completed TDHCA Application checklist of project features to meet mandatory requirements and selected Common, Unit and Green amenity points.

Response: The TDHCA required/point items are attached to the GC contract
Status: CLOSED, pending receipt of final contract.

MISSING DOCUMENTS

PLAN REVIEW COMMENTS

1. Plans indicate washer and dryer hook-ups in unit utility closets, but specifications note the machines are not included in the contract. It should be confirmed if the owner intends to provide W/D, as no common laundry if provided. LMS – no W/D, no common laundry – this is typical of our developments. Residents bring their own W/D or can rent them.

2. The drawings show concrete at the dumpster pads and the area in front of the dumpster and the remainder is believed to be asphaltic concrete; however, a Pavement Drawing and pavement design sections are not provided. Please provide a Pavement drawing and pavement section designs. If a design section is less than recommended by the Geotechnical Engineer, provide the Geotechnical Engineer’s approval of the reduced design section. Consort: Pavement design is per geotech recommendations – see note 21, page 6 Site Plan. BC - That note references a report by Alpha Testing, Inc, not the ECS Southwest Report.

3. Freeze proof hose bibs are not shown on the first-floor apartment building sides. We suggest they be added as a back-up landscape watering system if the landscape irrigation system fails. LMS – hose bibs are provided as part of landscape irrigation - this is typical of our developments. Freezing is generally not an issue in Austin.

4. Provide details for the monument sign. LMS – monument sign is by owner – design build.

5. Gutters and downspouts are shown on the Civil plans, but are not shown on the elevations. Confirm gutters and downspouts will be provided, the selection of size and material, and if they are planned to be directed underground to the bioretention ponds, or discharge at grade. LMS – gutters & downspouts color/shape are selected by owner via submittals from the GC, discharge at grade.

6. Provide plumbing fixture selections once available. LMS – submittals will be provided when available.

7. Fire Alarm drawings have not been provided, the drawings note the buildings to be monitored by a fire alarm to be provided per IFC shop drawings submitted at a later date. Please confirm the system is planned to be NFPA 72. Miller Slayton: Fire alarm shop drawings are to be provided by TX licensed alarm subcontractor and compliant with NFPA 72.

8. Attic draft stops are not shown on the Architectural Roof Drawings or the Framing Drawings which is not typical. We assume attic draft stops will be installed per code which is expected to be either to separate the attics into spaces of 3,000 square feet or less or over each top floor apartment area. Miller Slayton: Yes, attic draft stopping (generally located in line with tenant separation walls and/or breezeway walls shall be provided to compartmentalize the attic into contiguous spaces no
larger than 3000 sf. Attic draft stopping lines are on the roof plans (A1.25 & A1.33) and it shows up on section details. Flexibility is provided for the GC to install in locations that best coordinate with roof trusses.

9. National Green Building Standard: The Developer has indicated the completed construction will qualify for certification under the National Green Building Standard. The specifications and Drawings do not appear to support this designation. Confirm the National Green Building Standard certification is planned and the contractor has included this work in their scope of work and costs. 
LMS: see email from US Ecologic confirming the plans as designed meet the requirements along with the NGBS checklist.

10. The Drawings show backflow preventers for the water lines. The contractor Qualifications appears to exclude backflow preventers. Will backflow preventers be installed?
LMS: the exclusion on the qualifications was a mistake and will be removed from the final qualifications statement.

POST CLOSING FOLLOW-UP

- Material testing reports should be provided to CODA Consulting for review.
- Foundation survey

* For rehab projects, in addition to an All Risk policy, the partnership should acquire a Builders Risk policy in an amount equal to the cost indicated on the construction contract plus a reasonable amount for soft costs.

** Only if the project is located within a dense urban area or Terrorism coverage is economically viable.

*** General Liability for projects under construction and located within dense urban areas may require additional umbrella coverage.
EXHIBIT E

SUBSTANTIAL COMPLETION CERTIFICATE

The undersigned, an architect duly licensed and registered in the State of Texas has reviewed final working plans, detailed specifications (including, without limitation, for heating, ventilation and cooling systems, roof and structural details, and mechanical and electrical systems), and soil tests for Aria Grand, LLC (the “Company”), dated and identified as set forth in Schedule 1 attached hereto. This certification is provided in connection with that certain Second Amended and Restated Operating Agreement (the “Operating Agreement”) among O-SDA Aria, LLC, LDG Multifamily, LLC, Boston Capital Direct Placement, A Limited Partnership, and BCCC, Inc. in connection with the construction of improvements on certain real property located in Austin, Texas, such improvement or project being known as Aria Grand Apartments (the “Improvements”).

The undersigned hereby represents and warrants that (i) it has approved the aforesaid plans and specifications, (ii) to the best of its knowledge, information and belief, with due inquiry, based upon periodic inspection of the Improvements during construction, and a final inspection after completion of the Improvements, the Improvements have been completed in material conformance with the aforesaid plans and specifications, (iii) a temporary certificate of occupancy and all other permits required for the continued use and occupancy of the Improvements have been issued with respect thereto by the governmental agencies having jurisdiction thereof, (iv) in its professional opinion, the Improvements have been designed in compliance with all laws, regulations, codes, requirements and restrictions of all governmental authorities having jurisdiction in effect as of the date on the plans and specifications, including, without limitation, all applicable zoning, building, environmental, fire, health ordinances, rules and regulations, including any accessibility requirements found in the Americans with Disabilities Act (42 U.S.C. § 12101 et seq., as amended), the Rehabilitation Act of 1973 (20 U.S.C. § 794 et seq., as amended) and the Fair Housing Act (42 U.S.C. § 3601 et seq., as amended), and (v) it has signed the final draw request (AIA Form __________) for the improvements and amounts in dispute are listed on Schedule 2 attached hereto.

Re: 811 Units – Aria Grand

Dear Scott:

Per the 2019 TDHCA Qualified Allocation Plan, we are hereby submitting a request for your consideration to add an additional ten 811 program units at Aria Grand, in Austin, Texas.

Under the Second Amended and Restated Operating Agreement for Aria Grand, the Managing Member’s Authority is restricted without consent of the Investment Member to add 811 units other than those underwritten at the time of closing. Aria Grand already has seven 811 units as was contemplated during underwriting and closing of the transaction. An additional ten units would result in more than 24% of the property being 811 tenants.

A written response is required by TDHCA for submission in our 2019 applications. If you have any questions about this request, you may reach me at 352-213-8700.

Sincerely,

Megan D. Lasch  
President
Existing Development Name: Aria Grand

iii) Documentation that the Third Party possessing the legal right to withhold a required consent has provided notice of their decision not to provide a required consent (Example: Letter from the Third Party that they are denying an Existing Development from participation).

Describe and attach the response from the Third Party that was received by the Applicant or Owner that reflects their decision not to provide the requested consent:
Letter from Boston Capital denying the request to add 811 units.

RE: Aria Grand, Austin, TX

Dear Megan:

It is my understanding that you were notified by the Texas Department of Housing and Community Affairs (TDHCA), of certain requirements of TDHCA with regard to Section 811 units that could impact the set-asides and property encumbrances at Aria Grand, in Austin, TX that Boston Capital syndicated in 2018.

Boston Capital performed and completed the underwriting and market analysis on the property based upon the information and due diligence provided to us at the time of our investment. These findings have been provided to our investors. The addition of Section 811 units at the property would alter our analysis, require additional feasibility underwriting, and would require consent from our investors. As such, it is our preference not to change the resident profile at the property at this time and we must deny your request.

Please do not hesitate to contact me with any questions at the number or email address below.

Sincerely,

Scott M. Arrighi

2. UNIFORM COMMERCIAL CODE SECURITY AGREEMENT.

(a) This Instrument is also a security agreement under the Uniform Commercial Code for any of the Mortgaged Property which, under applicable law, may be subject to a security interest under the Uniform Commercial Code, whether acquired now or in the future, and all products and cash and non-cash proceeds thereof (collectively, "UCC Collateral"), and Borrower hereby grants to Lender a security interest in the UCC Collateral. Borrower hereby authorizes Lender to file financing statements, continuation statements and financing statement amendments in such form as Lender may require to perfect or continue the perfection of this security interest and Borrower agrees, if Lender so requests,
to execute and deliver to Lender such financing statements, continuation statements and amendments. Borrower shall pay all filing costs and all costs and expenses of any record searches for financing statements that Lender may reasonably require. Without the prior written consent of Lender, and except for the Permitted Exceptions, Borrower shall not create or permit to exist any other lien or security interest in any of the UCC Collateral. If an Event of Default has occurred and is continuing, in addition to the remedies provided in Section 44 hereof, during the continuance of an Event of Default hereunder, Lender may, at its option, do any one or more of the following:

(1) Subject to applicable law, either personally, or by means of a court appointed receiver, take possession of all or any of the UCC Collateral and exclude therefrom Borrower and all others claiming under Borrower, and thereafter hold, store, use, operate, manage, maintain and control, make repairs, replacements, alterations, additions and improvements to and exercise all rights and powers of Borrower with respect to the UCC Collateral or any part thereof. In the event Lender demands, or attempts to take possession of the UCC Collateral in the exercise of any rights under this Instrument, Borrower agrees to promptly turn over and deliver possession thereof to Lender;

(2) Without notice to or demand upon Borrower, make such payments and do such acts as Lender may deem necessary to protect its security interest in the UCC Collateral (including, without limitation, paying, purchasing, contesting or compromising any Lien or Encumbrance, whether superior or inferior to such security interest) and in exercising any such powers or authority to pay all reasonable expenses (including, without limitation, litigation costs and reasonable attorneys’ fees) incurred in connection therewith;

(3) Require Borrower from time to time to assemble the UCC Collateral, or any portion thereof, at a place designated by Lender and reasonably convenient to both parties, and deliver promptly such UCC Collateral to Lender (to the extent the UCC Collateral may be physically delivered), or an agent or representative designated by Lender. Lender, and its agents and representatives, shall have the right to enter upon any or all of Borrower’s premises and property to exercise Lender’s rights hereunder;

(4) Realize upon the UCC Collateral or any part thereof as herein provided or in any manner permitted by law and exercise any and all of the other rights and remedies conferred upon Lender by
this Instrument, any other Loan Document, or by law, either concurrently or in such order as Lender may determine;

(5) Sell or cause to be sold, in any manner permitted by applicable law, in such order as Lender may determine, as a whole or in such parcels as Lender may determine, the UCC Collateral and the remainder of the Mortgaged Property;

(6) Sell, lease, or otherwise dispose, in any manner permitted by applicable law, of the UCC Collateral at public sale, upon terms and in such manner as Lender may determine. Lender may be a purchaser at any sale; and

(7) Exercise any remedies of a secured party under the Uniform Commercial Code of Texas or any other applicable law.

(b) Unless the UCC Collateral is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, for a UCC Sale unrelated to a foreclosure under Section 44, Lender shall give Borrower at least ten (10) days’ prior written notice of the time and place of any public or private sale of the UCC Collateral or other intended disposition thereof to be made. Such notice may be mailed to Borrower at the address set forth above.

(c) The proceeds of any sale under Subsection (5) above shall be applied as follows:

(1) To the repayment of the reasonable costs and expenses of taking, holding, and preparing for the sale and the selling of the UCC Collateral (including, without limitation, costs of litigation and attorneys’ fees) and the discharge of all Impositions, Liens and Encumbrances, and claims thereof, if any, on the UCC Collateral prior to the security interest granted herein (except any Impositions or Liens and Encumbrances subject to which such sale shall have been made);

(2) To the payment of the Indebtedness in such order as Lender shall determine; and

(3) The surplus, if any, shall be paid to the Borrower or as a court of competent jurisdiction may direct.

Lender shall have the right to enforce one or more remedies hereunder, successively or concurrently, and such action shall not operate to estop or prevent Lender from pursuing any further remedy that it may have. Any repossession or
retaking or sale of the UCC Collateral pursuant to the terms hereof shall not operate to release Borrower until full payment of any deficiency has been made in cash.

Upon its recording in the real property records, this Instrument shall be effective as a financing statement filed as a fixture filing. In addition, a carbon, photographic or other reproduced copy of this Instrument and/or any financing statement relating hereto shall be sufficient for filing and/or recording as a financing statement. The filing of any other financing statement relating to any personal property, rights or interests described herein shall not be construed to diminish any right or priority hereunder. Information concerning the security interest created by this Instrument may be obtained from Lender, as secured party, at the address of Lender stated above. The mailing address of Borrower, as debtor, is as stated above.

3. ASSIGNMENT OF RENTS; APPOINTMENT OF RECEIVER; LENDER IN POSSESSION.

(a) As part of the consideration for the Indebtedness, Borrower grants a security interest to Lender in the Rents, in accordance with the Texas Assignment of Rents Act (codified as Chapter 64 of the Texas Property Code). Notwithstanding any other provision hereof or in any of the Loan Documents to the contrary, all provisions related to the assignment of rents are subject to the terms, provisions, and conditions of the Texas Assignment of Rents Act ("TARA"), as codified in Tex. Prop. Code, Chapter 64, as the same may be amended, modified or supplemented from time to time. To the extent that specific terms and requirements of this Instrument or any other Loan Document, including the Loan Agreement, conflict with the specific terms and requirements of TARA, (i) to the extent such terms and requirements of TARA may be superseded by an agreement between the parties, the specific terms and requirements of this Instrument or the other Loan Documents hereby supersedes such specific terms and requirements of TARA; and (ii) to the extent that such terms and requirements of TARA cannot be superseded by an agreement between the parties, the specific terms and requirements of TARA shall control, and the parties further agree that all other terms and requirements of this Instrument or the other Loan Documents shall not otherwise be impaired or superseded thereby and shall remain in full force and effect. This Instrument is intended to be a Security Instrument for purposes of TARA and the Indebtedness shall be a secured obligation for purposes of TARA. Promptly upon request by Lender, Borrower agrees to execute and deliver such further assignments as Lender may from time to time reasonably require. Borrower and Lender intend this assignment and grant of a security interest of Rents to be an assignment for security of the Indebtedness. Rents shall be deemed to be a part of the "Mortgaged Property". It is the intention of the
Borrower that this Instrument create and perfect a lien on Rents in favor of Lender, which lien shall be effective as of the date of this Instrument.

(b) If an Event of Default has occurred and is continuing, Borrower authorizes Lender to collect, sue for and compromise Rents and directs each tenant of the Mortgaged Property to pay all Rents to, or as directed by, Lender, and Borrower shall, upon Borrower’s receipt of any Rents from any sources (including, but not limited to subsidy payments under any Housing Assistance Payments Contract), pay the total amount of such receipts to the Lender. However, so long as no Event of Default has occurred and is continuing, Lender hereby grants to Borrower a revocable license to collect and receive all Rents, to hold all Rents in trust for the benefit of Lender and to apply all Rents to pay the installments of interest and principal then due and payable under the Note and the other amounts then due and payable under the other Loan Documents, including Imposition Deposits, and to pay the current costs and expenses of managing, operating and maintaining the Mortgaged Property, including utilities, Taxes and insurance premiums (to the extent not included in Imposition Deposits), tenant improvements and other capital expenditures. So long as no Event of Default has occurred and is continuing, the Rents remaining after application pursuant to the preceding sentence may be retained by Borrower free and clear of, and released from, Lender’s rights with respect to Rents under this Instrument. From and during the continuance of an Event of Default, and without the necessity of Lender entering upon and taking and maintaining control of the Mortgaged Property directly, or by a receiver, Borrower’s license to collect Rents shall automatically terminate and Lender shall without notice be entitled to all Rents as they become due and payable, including Rents then due and unpaid, and Borrower shall pay to Lender upon demand all Rents to which Lender is entitled. At any time during the continuance of an Event of Default, Lender may give, and Borrower hereby irrevocably authorizes Lender to give, notice to all tenants of the Mortgaged Property instructing them to pay all Rents to Lender; provided, however, that the giving of any such notice by Lender shall not affect, in any way, Lender’s entitlement to the Rents as of the date on which the Event of Default occurs. Without limiting the foregoing, upon the receipt by a tenant of a Notice to Pay Rents to Person Other Than Landlord ("NPROL") provided by Lender pursuant to Section 64.055 of TARA after the occurrence of an Event of Default, Borrower shall (and authorizes tenants under Leases to) (1) immediately turn over all Rents which Lender is entitled to collect under Section 64.053 of TARA; (2) not deduct any portion of the Rents for any purpose, notwithstanding any other provision of TARA, this Deed of Trust, or other Loan Document; and (3) shall pay all Rents as they accrue to the Lender. Further, no tenant shall have any right to delay payment of rent contemplated by Section 64.055(d) of TARA or numbered paragraph 3 of the statutory form of NPROL set forth in Section 64.055 of TARA.
No tenant shall be obligated to inquire further as to the occurrence or continuance of an Event of Default, and no tenant shall be obligated to pay to Borrower any amounts which are actually paid to Lender in response to such a notice. Any such notice by Lender shall be delivered to each tenant personally, by mail or by delivering such demand to each rental unit. Borrower shall not interfere with and shall cooperate with Lender’s collection of such Rents.

(c) Except in connection with a subordinate assignment made in the AHFC Loan Documents (as that term is defined in the Loan Agreement), Borrower represents and warrants to Lender that Borrower has not executed any prior assignment of Rents (other than an assignment of Rents securing any prior indebtedness that is being assigned to Lender or that will be paid off and discharged with the proceeds of the loan evidenced by the Note), that Borrower has not performed, and Borrower covenants and agrees that it will not perform, any acts and has not executed, and shall not execute, any instrument which would prevent Lender from exercising its rights under this Section 3, and that at the time of execution of this Instrument there has been no anticipation or prepayment of any Rents for more than two months prior to the due dates of such Rents, with the exception of advance Rent in the amount of one month rent which is collected at the time of execution of a lease and held as a security deposit. Borrower shall not collect or accept payment of any Rents more than two months prior to the due dates of such Rents, with the exception of advance Rent in the amount of one month Rent which is collected at the time of execution of a Lease and held as a security deposit.

(d) If an Event of Default has occurred and is continuing, Lender may, regardless of the adequacy of Lender’s security or the solvency of Borrower and even in the absence of waste, enter upon and take and maintain full control of the Mortgaged Property in order to perform all acts that Lender in its discretion determines to be necessary or desirable for the operation and maintenance of the Mortgaged Property, including the execution, cancellation or modification of Leases, the collection of all Rents, the making of repairs to the Mortgaged Property and the execution or termination of contracts providing for the management, operation or maintenance of the Mortgaged Property, for the purposes of enforcing the assignment of Rents pursuant to Section 3(a), protecting the Mortgaged Property or the security of this Instrument, or for such other purposes as Lender in its reasonable discretion may deem necessary or desirable. Alternatively, if an Event of Default has occurred and is continuing, regardless of the adequacy of Lender’s security, without regard to Borrower’s solvency and without the necessity of giving prior notice (oral or written) to Borrower, Lender may apply to any court having jurisdiction for the appointment of a receiver for the Mortgaged Property to take any or all of the actions set forth in the preceding sentence. If Lender elects to seek the appointment of a receiver
for the Mortgaged Property at any time an Event of Default has occurred and is continuing, Borrower, by its execution of this Instrument, expressly consents to the appointment of such receiver, including the appointment of a receiver ex parte if permitted by applicable law. Lender or the receiver, as the case may be, shall be entitled to receive a reasonable fee for managing the Mortgaged Property. Immediately upon appointment of a receiver or immediately upon the Lender’s entering upon and taking possession and control of the Mortgaged Property, Borrower shall surrender possession of the Mortgaged Property to Lender or the receiver, as the case may be, and shall deliver to Lender or the receiver, as the case may be, all documents, records (including records on electronic or magnetic media), accounts, surveys, plans, and specifications relating to the Mortgaged Property and all security deposits and prepaid Rents (Borrower may retain copies thereof). In the event Lender takes possession and control of the Mortgaged Property, Lender may exclude Borrower and its representatives from the Mortgaged Property. Borrower acknowledges and agrees that the exercise by Lender of any of the rights conferred under this Section 3 shall not be construed to make Lender a mortgagee-in-possession of the Mortgaged Property so long as Lender has not itself entered into actual possession of the Land and Improvements.

(e) If Lender enters the Mortgaged Property, Lender shall be liable to account only to Borrower and only for those Rents actually received. Lender shall not be liable to Borrower, anyone claiming under or through Borrower or anyone having an interest in the Mortgaged Property, by reason of any act or omission of Lender under this Section 3, and Borrower hereby releases and discharges Lender from any such liability to the fullest extent permitted by law, excluding any portion of such liability arising solely and exclusively from the gross negligence or willful misconduct of Lender, any Indemnitee (hereinafter defined) or any of Lender’s agents, employees, contractors, officers and/or invitees (collectively, the “Lender Parties”, and individually, a “Lender Party”).

(f) If the Rents are not sufficient to meet the costs of taking control of and managing the Mortgaged Property and collecting the Rents, any funds expended by Lender for such purposes shall become an additional part of the Indebtedness as provided in Section 12.

(g) Any entering upon and taking of control of the Mortgaged Property by Lender or the receiver, as the case may be, and any application of Rents as provided in this Instrument shall not cure or waive any Event of Default or invalidate any other right or remedy of Lender under applicable law or provided for in this Instrument.
(h) Notwithstanding anything to the contrary in this assignment of Rents, this assignment of Rents is subject to and governed by the Texas Assignment of Rents Act, Chapter 64 of the Texas Property Code, as it may hereafter be amended ("TARA"). In the event of any conflict between this assignment of Rents and TARA, the latter shall control.

4. ASSIGNMENT OF LEASES; LEASES AFFECTING THE MORTGAGED PROPERTY.

(a) As part of the consideration for the Indebtedness, Borrower absolutely and unconditionally assigns and transfers to Lender all of Borrower’s right, title and interest in, to and under the Leases, including Borrower’s right, power and authority to modify the terms of any such Lease, or extend or terminate any such Lease. It is the intention of Borrower to establish a present, absolute and irrevocable transfer and assignment to Lender of all of Borrower’s right, title and interest in, to and under the Leases. Borrower and Lender intend this assignment of the Leases to be immediately effective and to constitute an absolute present assignment and not an assignment for additional security only. For purposes of giving effect to this absolute assignment of the Leases, and for no other purpose, the Leases shall not be deemed to be a part of the "Mortgaged Property". However, if this present, absolute and unconditional assignment of the Leases is not enforceable by its terms under the laws of the Property Jurisdiction, then the Leases shall be included as a part of the Mortgaged Property and it is the intention of the Borrower that in this circumstance this Instrument creates security interest on the Leases in favor of Lender, which shall be effective as of the date of this Instrument and be perfected upon the filing of an associated financing statement in the applicable filing office.

(b) Until an Event of Default has occurred and is continuing, Borrower shall have all rights, power and authority granted to Borrower under any Lease (except as otherwise limited by this Section or any other provision of this Instrument), including the right, power and authority to modify the terms of any Lease or extend or terminate any Lease. If an Event of Default has occurred and is continuing, the permission given to Borrower pursuant to the preceding sentence to exercise all rights, power and authority under Leases shall automatically terminate. Borrower shall comply with and observe Borrower’s obligations under all Leases, including Borrower’s obligations pertaining to the maintenance and disposition of tenant security deposits.

(c) Borrower acknowledges and agrees that the exercise by Lender, either directly or by a receiver, of any of the rights conferred under this Section 4 shall not be construed to make Lender a mortgagee-in-possession of the Mortgaged Property so long as Lender has not itself entered into actual
possession of the Land and the Improvements. The acceptance by Lender of the assignment of the Leases pursuant to Section 4(a) shall not at any time or in any event obligate Lender to take any action under this Instrument or to expend any money or to incur any expenses. Lender shall not be liable in any way for any injury or damage to person or property sustained by any person or persons, firm or corporation in or about the Mortgaged Property except to the extent caused solely and exclusively by the gross negligence or willful misconduct of any Lender Party (as hereinafter defined). Prior to Lender’s actual entry into and taking possession of the Mortgaged Property, Lender shall not (i) be obligated to perform any of the terms, covenants and conditions contained in any Lease (or otherwise have any obligation with respect to any Lease); (ii) be obligated to appear in or defend any action or proceeding relating to the Lease or the Mortgaged Property; or (iii) be responsible for the operation, control, care, management or repair of the Mortgaged Property or any portion of the Mortgaged Property. The execution of this Instrument by Borrower shall constitute conclusive evidence that all responsibility for the operation, control, care, management and repair of the Mortgaged Property is and shall be that of Borrower, prior to such actual entry and taking of possession.

(d) If an Event of Default has occurred and is continuing, and without the necessity of Lender entering upon and taking and maintaining control of the Mortgaged Property directly, by a receiver, or by any other manner or proceeding permitted by the laws of the Property Jurisdiction, Lender shall have all rights, powers and authority granted to Borrower under any Lease, including the right, power and authority to modify the terms of any such Lease, or extend or terminate any such Lease.

(e) Borrower shall, promptly upon Lender’s request, deliver to Lender an executed copy of each residential Lease then in effect. All Leases for residential dwelling units shall be substantially in the form approved by Lender, shall be for initial terms of at least six months and not more than two years, and shall not include options to purchase. If customary in the applicable market, residential Leases with terms of less than six months may be permitted with Lender’s prior written consent.

(f) Except for any lease made in connection with providing tenant services such as cable, internet, laundry services, utility or similar services to tenants, Borrower shall not lease any portion of the Mortgaged Property for non-residential use except with the prior written consent of Lender, such consent not to be unreasonably withheld or conditioned, and Lender’s prior written approval of the Lease Agreement. Borrower shall not modify the terms of, or extend or terminate, any Lease for non-residential use (including any Lease in existence on the date of this Instrument) without the prior written consent of Lender, such
consent not to be unreasonably withheld or conditioned. However, Lender’s consent shall not be required for the modification or extension of a non-residential Lease if such modification or extension is on terms at least as favorable to Borrower as those customary at such time in the applicable market and the income from the modified or extended Lease will not be less than the income received from the Lease as of the date of the modification or extension. Borrower shall, without request by Lender, deliver an executed copy of each non-residential Lease to Lender promptly after such Lease is signed. All non-residential Leases, including renewals or extensions of existing Leases, shall specifically provide that (1) such Leases are subordinate to the lien of this Instrument (unless waived in writing by Lender); (2) the tenant shall attorn to Lender and any purchaser at a foreclosure sale, such attornment to be self-executing and effective upon acquisition of title to the Mortgaged Property by any purchaser at a foreclosure sale or by Lender in any manner; (3) the tenant agrees to execute such further evidences of attornment as Lender or any purchaser at a foreclosure sale may from time to time request; (4) the Lease shall not be terminated by foreclosure or any other transfer of the Mortgaged Property; (5) after a foreclosure sale of the Mortgaged Property, Lender or any other purchaser at such foreclosure sale may, at Lender’s or such purchaser’s option, accept or terminate such Lease; and (6) the tenant shall, upon receipt after the occurrence of an Event of Default of a written request from Lender, pay all Rents payable under the Lease to Lender.

(g) Borrower shall not receive or accept Rent under any Lease (whether residential or non-residential) for more than two months in advance, other than advance rent in the amount of one month rent collected at the time of execution of a Lease and held as a security deposit.

5. PAYMENT OF INDEBTEDNESS; PERFORMANCE UNDER LOAN DOCUMENTS; PREPAYMENT PREMIUM.

Borrower shall pay the Indebtedness when due in accordance with the terms of the Note and the other Loan Documents and shall perform, observe and comply with all other provisions of the Note and the other Loan Documents. Borrower shall pay a prepayment premium if and to the extent payable under the Note in connection with certain prepayments of the Indebtedness, including a payment made after Lender’s exercise of any right of acceleration of the Indebtedness, as provided in the Note. Without limiting the requirements of the Loan Agreement, after the delivery of the Conversion Certificate, Borrower shall not incur any additional indebtedness other than as may be permitted by the Loan Agreement and other than in the ordinary course of Borrower’s day to day business operations at the Mortgaged Property without Lender’s prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed.
6. EXCULPATION.

Borrower’s personal liability for payment of the Indebtedness and for performance of the other obligations to be performed by it under this Instrument is limited in the manner, and to the extent, provided in the Note.

7. DEPOSITS FOR TAXES, INSURANCE AND OTHER CHARGES.

(a) Borrower shall deposit with Lender on the first day monthly installments of principal or interest are due under the Note on and after the Conversion Date and the delivery of the Conversion Certificate (or on another day designated in writing by Lender, which shall be after the Conversion Date unless an Event of Default is then continuing), and continuing on the same day each month until the Indebtedness is paid in full, 1/12 of the amount sufficient to accumulate with Lender the annual sum required to pay, before past due and accumulating penalties (1) any water and sewer charges which, if not paid, may result in a lien on all or any part of the Mortgaged Property, (2) the premiums for fire and other hazard insurance, rent loss insurance and such other insurance as Lender may require under Section 19 (unless Borrower has provided Lender with evidence that such premiums have been paid for the next 12-month period), (3) Taxes, and (4) amounts for other charges and expenses which Lender at any time reasonably deems necessary to protect the Mortgaged Property, to prevent the imposition of liens on the Mortgaged Property, or otherwise to protect Lender’s interests, all as reasonably estimated from time to time by Lender. The amounts deposited under the preceding sentence are collectively referred to in this Instrument as the “Imposition Deposits”. The obligations of Borrower for which the Imposition Deposits are required are collectively referred to in this Instrument as “Impositions”. The amount of the Imposition Deposits shall be sufficient to enable Lender to pay each Imposition before the last date upon which such payment may be made without any penalty or interest charge being added. Lender shall maintain records indicating how much of the monthly Imposition Deposits and how much of the aggregate Imposition Deposits held by Lender are held for the purpose of paying Taxes, insurance premiums and each other obligation of Borrower for which Imposition Deposits are required. Any waiver by Lender of the requirement that Borrower remit Imposition Deposits to Lender may be revoked by Lender, in Lender’s discretion, at any time upon notice to Borrower.

(b) Imposition Deposits shall be held in an institution (which may be Lender, if Lender is such an institution) whose deposits or accounts are insured or guaranteed by the Federal Deposit Insurance Corporation. Lender shall not be obligated to open additional accounts or deposit Imposition Deposits in additional institutions when the amount of the Imposition Deposits exceeds the maximum amount of the federal deposit insurance or guaranty. Lender shall apply the
Imposition Deposits to pay Impositions so long as no Event of Default has
occurred and is continuing. Borrower hereby pledges and grants to Lender a
security interest in the Imposition Deposits as additional security for all of
Borrower’s obligations under this Instrument and the other Loan Documents. Any
amounts deposited with Lender under this Section 7 shall not be trust funds, nor
shall they operate to reduce the Indebtedness, unless applied by Lender for that
purpose under Section 7(e).

(c) If Lender receives a bill or invoice for an Imposition, Lender shall pay
the Imposition from the Imposition Deposits held by Lender prior to the date such
Impositions become past due. Lender shall have no obligation to pay any
Imposition to the extent it exceeds Imposition Deposits then held by Lender.
Lender may pay an Imposition according to any bill, statement or estimate from
the appropriate public office or insurance company without inquiring into the
accuracy of the bill, statement or estimate or into the validity of the Imposition,
except in the event of clear, manifest error.

(d) If at any time the amount of the Imposition Deposits held by Lender
for payment of a specific Imposition exceeds the amount reasonably deemed
necessary by Lender, the excess shall be credited against future installments of
Imposition Deposits. If at any time the amount of the Imposition Deposits held by
Lender for payment of a specific Imposition is less than the amount reasonably
estimated by Lender to be necessary, Borrower shall pay to Lender the amount of
the deficiency within 15 days after written notice from Lender.

(e) If an Event of Default has occurred and is continuing, Lender may
apply any Imposition Deposits, in any amounts and in any order as Lender
determines, in Lender’s discretion, to pay any Impositions or as a credit against
the Indebtedness. Upon payment in full of the Indebtedness, Lender shall refund
to Borrower any Imposition Deposits held by Lender.

8. COLLATERAL AGREEMENTS.

Borrower shall deposit with Lender such amounts as may be required by any
Collateral Agreement and shall perform all other obligations of Borrower under each
Collateral Agreement.

9. APPLICATION OF PAYMENTS.

If at any time Lender receives, from Borrower or otherwise, any amount
applicable to the Indebtedness which is less than all amounts due and payable at such
time, then Lender may apply that payment to amounts then due and payable in any
manner and in any order determined by Lender, in Lender’s discretion. Neither
Lender’s acceptance of an amount which is less than all amounts then due and payable
nor Lender's application of such payment in the manner authorized shall constitute or be deemed to constitute either a waiver of the unpaid amounts or an accord and satisfaction. Notwithstanding the application of any such amount to the Indebtedness, Borrower's obligations under this Instrument and the Note shall remain unchanged.

10. COMPLIANCE WITH LAWS.

Borrower shall comply with all laws, ordinances, regulations and requirements of any Governmental Authority and all recorded lawful covenants and agreements relating to or affecting the Mortgaged Property, including all laws, ordinances, regulations, requirements and covenants pertaining to health and safety, construction of improvements on the Mortgaged Property, fair housing, zoning and land use, and Leases. Borrower also shall comply with all applicable laws that pertain to the maintenance and disposition of tenant security deposits. Borrower shall at all times maintain records sufficient to demonstrate compliance with the provisions of this Section 10. Borrower shall take commercially reasonable measures to prevent, and shall not engage in or knowingly permit, any illegal activities at the Mortgaged Property that could endanger tenants or visitors, result in damage to the Mortgaged Property, result in forfeiture of the Mortgaged Property, or otherwise materially impair the lien created by this Instrument or Lender's interest in the Mortgaged Property. Borrower represents and warrants to Lender that, to its knowledge, no portion of the Mortgaged Property has been or will be purchased with the proceeds of any illegal activity.

Nothing herein shall prevent Borrower from contesting any legal requirement (including any Hazardous Material Law) in good faith so long as Borrower complies with the following requirements:

(i) The contest must be pursued diligently, in good faith and at Borrower's sole cost and expense.

(ii) Borrower shall promptly notify Lender of the commencement of such contest and shall use reasonable efforts to advise Lender of the expected commencement of such contest.

(iii) The Mortgaged Property shall not be in immediate danger of being sold or forfeited as a result of such contest and the continuing and ongoing operation of the Mortgaged Property (or any material part of the Mortgaged Property) as a residential apartment complex shall not be reasonably likely to be interrupted or terminated during the pendency of the proceeding.

Borrower shall post any security required by law or, if and to the extent Borrower is not required to post any security, such other amount (to cover interest and penalties, if applicable and the cost to correct or remediate) as may be reasonably required by Lender.
11. USE OF PROPERTY.

Unless required by applicable law, Borrower shall not (a) except for any change in use approved by Lender, which such consent shall not be unreasonably withheld, conditioned, or delayed, allow changes in the use for which all or any part of the Mortgaged Property is being used or for which the Mortgaged Property is intended to be used at the time this Instrument was executed, (b) convert any individual dwelling units or common areas to commercial use, (c) initiate or acquiesce in a change in the zoning classification of the Mortgaged Property, or (d) establish any condominium or cooperative regime with respect to the Mortgaged Property.

12. PROTECTION OF LENDER’S SECURITY.

(a) If Borrower fails in any material respect to perform any of its obligations under this Instrument or any other Loan Document, or if any action or proceeding is commenced which purports to affect the Mortgaged Property, Lender’s security or Lender’s rights under this Instrument, including eminent domain, insolvency, code enforcement, civil or criminal forfeiture, enforcement of Hazardous Materials Laws, fraudulent conveyance or reorganizations or proceedings involving a bankrupt or decedent, then Lender at Lender’s option may make such appearances, disburse such sums and take such actions as Lender reasonably deems necessary to perform such obligations of Borrower and to protect Lender’s interest, including (1) payment of reasonable fees and reasonable out-of-pocket expenses of attorneys, accountants, inspectors and consultants, (2) entry upon the Mortgaged Property to make repairs or secure the Mortgaged Property, (3) procurement of the insurance required by Section 19, and (4) payment of amounts which Borrower has failed to pay under Sections 15 and 17.

(b) Any amounts disbursed by Lender under this Section 12, or under any other provision of this Instrument that treats such disbursement as being made under this Section 12, shall be added to, and become part of, the principal component of the Indebtedness, shall be immediately due and payable and shall bear interest from the date of disbursement until paid at the “Default Rate”, as defined in the Note.

(c) Nothing in this Section 12 shall require Lender to incur any expense or take any action.

13. INSPECTION.

Subject to the rights of tenants, Lender, its agents, representatives, and designees upon 48 hours prior notice to Borrower, may make or cause to be made entries upon and inspections of the Mortgaged Property (including environmental inspections and tests) during normal business hours and with at least 48 hours
prior written notice (but no such notice will be required during the continuance of an Event of Default), or at any other reasonable time and as otherwise provided for in the Loan Agreement. Lender also reserves the right to reappraise the Mortgaged Property one time at Borrower’s expense after the closing of the loan evidenced by this Instrument, to the extent and as provided for in the Loan Agreement. Prior to the Conversion Date, Lender may reappraise the Mortgaged Property as provided for in the Loan Agreement. After the Conversion Date, Lender also reserves the right to reappraise the Mortgaged Property one time at Borrower’s expense and as required by applicable governmental requirements.

14. BOOKS AND RECORDS; FINANCIAL REPORTING.

(a) Borrower shall keep and maintain at all times at the Mortgaged Property or the management agent’s offices, and upon Lender’s request shall make available at the Mortgaged Property (or, at Borrower’s option, at the management agent’s office), complete and accurate (in all material respects) books of account and records (including copies of supporting bills and invoices) adequate to reflect correctly the operation of the Mortgaged Property, and copies of all written contracts, Leases, and other instruments which affect the Mortgaged Property. Upon 72 hours prior written notice to Borrower, the books, records, contracts, Leases and other instruments shall be subject to examination and inspection during normal business hours by Lender (but no such prior notice shall be required during the continuance of an Event of Default).

(b) Borrower shall furnish to Lender all financial and other information relating to Borrower and the Mortgaged Property as Lender shall reasonably request, including, without limiting, all of the following:

(1) As soon as available, and in any event within 30 days from the end of each calendar month (beginning with the first calendar month ending after a certificate of occupancy is issued for all or any part of the Mortgaged Property or as otherwise required by Lender), statements showing the financial condition of the Mortgaged Property at the close of such calendar month, which statements shall include, without limitation, an income/operating statement signed by the property manager and/or a duly authorized officer of the managing member of Borrower, a summary report of rent collections for that month, a current rent roll (which shall include a summary of the number of units leased, available, and occupied and any rental concessions), the current month’s budget, year to date activity, year to date budget, and all other matters as Lender may reasonably request; provided that after the Conversion Date, the reporting under this subsection (1) shall be quarterly within 30
days of the end of each fiscal quarter of Borrower instead of monthly;

(2) As soon as available, and in any event within 120 days from the end of each fiscal year of Borrower (beginning with the fiscal year ending on December 31, 2019), an audited financial statement, prepared by a third party accounting firm reasonably acceptable to Lender in a manner reasonably acceptable to Lender, showing the financial condition of Borrower at the close of such fiscal year and the results of operation during such fiscal year, which financial statement shall include a balance sheet, income statement, statement of contingent liabilities, and statement of cash flows (sources and uses);

(3) Until the Conversion Date, within 120 days from the end of each fiscal year, an unaudited financial statement for each Guarantor, prepared on a form and in a manner acceptable to Lender, which shall include, without limitation, a balance sheet, cash flow statement, and statement of contingent liabilities;

(4) Upon Lender’s written request, Borrower shall provide to Lender (within 90 days of filing), and each managing member of Borrower, and only prior to the Conversion Date, each Guarantor shall provide to Lender (within 90 days of filing), a copy of its respective filed federal income tax returns for such calendar year and of all requests for extensions to the filing thereof. Without limiting the foregoing, Borrower shall submit to Lender a copy of the following sections of Borrower’s federal tax return: Forms 1065, 8586, 8609, and 8609 Schedule A if filed.

(5) Within 120 days after the end of each calendar year, copies of all low income tax credit compliance audits prepared by the TDHCA and/or a third party manager;

(6) Upon Lender’s written request, within 120 days after the end of each fiscal year of Borrower, and at any other time upon Lender’s request but not more than twice during any fiscal year, an accounting of all security deposits held pursuant to all Leases, including the name of the institution (if any) and the names and identification numbers of the accounts (if any) in which such security deposits are held and the name of the person to contact at such financial institution, along with any authority or release necessary for Lender to access information regarding such accounts;
(7) Upon Lender's written request, within 120 days after the end of each fiscal year of Borrower, and at any other time upon Lender's request, a statement that identifies all owners of any interest in Borrower and the interest held by each, if Borrower is a corporation, all officers and directors of Borrower, and if Borrower is a limited liability company, all managers who are not members;

(8) Upon Lender's written request, a monthly property management report for the Mortgaged Property, showing the number of inquiries made and rental applications received from tenants or prospective tenants and deposits received from tenants and any other information requested by Lender; and

(9) Borrower shall satisfy all other reporting requirements set forth in the Loan Agreement until the Conversion Date and the delivery of the Conversion Certificate.

(c) Borrower shall satisfy all other reporting requirements set forth in the Loan Agreement until the Conversion Date and each of the statements, schedules and reports required by Section 14(b) shall be certified to be complete and accurate in all material respects by an individual having authority to bind Borrower or the property manager where applicable, and shall be in such form and contain such detail as Lender may reasonably require.

(d) If Borrower fails to provide in a timely manner the statements, schedules and reports required by Section 14(b), Lender shall have the right to have Borrower's books and records audited, at Borrower's expense, by independent certified public accountants selected by Lender in order to obtain such statements, schedules and reports, and all related reasonable costs and expenses of Lender shall become immediately due and payable and shall become an additional part of the Indebtedness as provided in Section 12.

(e) If an Event of Default has occurred and is continuing, Borrower shall deliver to Lender upon written demand all books and records relating to the Mortgaged Property or its operation, provided, however, Borrower can keep copies thereof.

(f) Borrower authorizes Lender to obtain a credit report on Borrower at any time, at Lender's expense unless an Event of Default is existing in which case at Borrower's expense.

(g) If an Event of Default exists and Lender has not previously required Borrower to furnish a quarterly statement of income and expense for the Mortgaged Property, Lender may require Borrower to furnish such a statement.
within 45 days after the end of each fiscal quarter of Borrower during the existence of such Event of Default.

15. Taxes; Operating Expenses.

(a) Subject to the provisions of Section 15(c) and Section 15(d), Borrower shall pay, or cause to be paid, all Taxes when due and before the addition of any interest, fine, penalty or cost for nonpayment.

(b) Subject to the provisions of Section 15(c), Borrower shall pay the expenses of operating, managing, maintaining and repairing the Mortgaged Property (including insurance premiums, utilities, repairs and replacements) before the last date upon which each such payment may be made without any penalty or interest charge being added.

(c) As long as no Event of Default exists and Borrower has timely delivered to Lender any bills or premium notices that it has received, Borrower shall not be obligated to pay Taxes, insurance premiums or any other individual Imposition to the extent that sufficient Imposition Deposits are held by Lender for the purpose of paying that specific Imposition. If an Event of Default exists, Lender may exercise any rights Lender may have with respect to Imposition Deposits without regard to whether Impositions are then due and payable. Lender shall have no liability to Borrower for failing to pay any Impositions to the extent that any Event of Default has occurred and is continuing, insufficient Imposition Deposits are held by Lender at the time an Imposition becomes due and payable or Borrower has failed to provide Lender with bills and premium notices as provided above.

(d) Borrower, at its own expense, may contest by appropriate legal proceedings, conducted diligently and in good faith, the amount or validity of any Imposition other than insurance premiums, if (1) Borrower notifies Lender of the commencement or expected commencement of such proceedings, (2) the Mortgaged Property is not in danger of being sold or forfeited, (3) if Borrower has not already paid the Imposition, Borrower deposits with Lender reserves sufficient to pay the contested Imposition, if requested by Lender, and (4) Borrower furnishes whatever additional security is required in the proceedings or is reasonably requested by Lender, which may include the delivery to Lender of the reserves established by Borrower to pay the contested Imposition, provided that such security shall not be required if Borrower posts a bond or deposits collateral with the appropriate court or body with jurisdiction over the matter.
(e) Borrower shall promptly deliver to Lender a copy of all notices of, and invoices for, Impositions, and if Borrower pays any Imposition directly, Borrower shall promptly furnish to Lender receipts evidencing such payments.

16. LIENS; ENCUMBRANCES.

Borrower acknowledges that, to the extent provided in Section 21, the grant, creation or existence of any mortgage, deed of trust, deed to secure debt, security interest or other lien or encumbrance (a “Lien”) on the Mortgaged Property (other than the lien of this Instrument) or on certain ownership interests in Borrower, whether voluntary, involuntary or by operation of law, and whether or not such Lien has priority over the lien of this Instrument, is a “Transfer” which constitutes an Event of Default, except (a) any Permitted Exception or (b) prior to the Conversion Date, a Transfer (expressly permitted under the terms of the Loan Agreement), and, on and after the Conversion Date, any Transfers expressly permitted under Section 21.

17. PRESERVATION, MANAGEMENT AND MAINTENANCE OF MORTGAGED PROPERTY.

(a) Borrower (1) shall not intentionally commit waste or permit impairment or deterioration of the Mortgaged Property (normal wear and tear excepted), (2) shall not abandon the Mortgaged Property, (3) subject to the other terms of this Instrument and the Loan Documents, shall restore or repair promptly, in a good and workmanlike manner, any damaged part of the Mortgaged Property as provided in Section 17(c), (4) shall keep the Mortgaged Property in good repair (normal wear and tear excepted), including the replacement of Personalty and Fixtures with items of equal or better function and quality, (5) shall provide for professional management of the Mortgaged Property by a residential rental property manager reasonably satisfactory to Lender under a contract approved by Lender in writing, and (6) shall give notice to Lender of and, unless otherwise directed in writing by Lender, shall appear in and defend any action or proceeding purporting to affect the Mortgaged Property, Lender’s security or Lender’s rights under this Instrument. Borrower shall not (and shall not permit any tenant or other person to) remove, demolish or alter the Mortgaged Property or any part of the Mortgaged Property without Lender’s prior written consent, except in connection with the replacement of tangible Personalty (provided that Borrower may perform such restoration or repair with available insurance proceeds and/or condemnation awards to the extent permitted by Sections 19, 20, and 68 hereof).

(b) If, in connection with the making of the loan evidenced by the Note or at any later date, Lender waives in writing the requirement of Section 17(a)(5) above that Borrower enter into a written contract for management of the Mortgaged Property and if, after the date of this Instrument, Borrower intends to
change the management of the Mortgaged Property, Lender shall have the right to reasonably approve such new property manager and the written contract for the management of the Mortgaged Property and require that Borrower and such new property manager enter into an Assignment of Management Agreement on a form approved by Lender. If required by Lender (whether before or after an Event of Default), Borrower will cause any Affiliate of Borrower (other than Investor Member) to whom fees are payable for the management of the Mortgaged Property to enter into an agreement with Lender, in a form approved by Lender, providing for subordination of those fees and such other provisions as Lender may require. “Affiliate of Borrower” means any corporation, partnership, joint venture, limited liability company, limited liability partnership, trust or individual controlled by, under common control with, or which controls Borrower (the term “control” for these purposes shall mean the ability, whether by the ownership of shares or other equity interests, by contract or otherwise, to elect a majority of the directors of a corporation, to make management decisions on behalf of, or independently to select the managing partner of, a partnership, or otherwise to have the power independently to remove and then select a majority of those individuals exercising managerial authority over an entity, and control shall be conclusively presumed in the case of the ownership of 50% or more of the equity interests).

(c) Borrower shall restore or repair promptly, in a good and workmanlike manner, any damaged part of the Mortgaged Property to substantially the equivalent of its condition as of the date of this Instrument, or such other condition as Lender may approve in writing, whether or not insurance proceeds or condemnation awards are available to cover any costs of such restoration or repair; however, Borrower may, in any event, perform such restoration or repair if no Event of Default has occurred and is continuing, otherwise, Lender shall apply any available insurance proceeds and/or condemnation awards to the payment of Indebtedness in accordance with the provisions of this Instrument.

18. ENVIRONMENTAL HAZARDS.

(a) Except for matters covered by a written program of operations and maintenance approved in writing by Lender (an “O&M Program”), those disclosed to Lender prior to the date hereof, or matters described in Section 18(b), Borrower shall not cause or knowingly permit any of the following:

(1) the presence, use, generation, release, treatment, processing, storage (including storage in above ground and underground storage tanks), handling, or disposal of any Hazardous Materials on or under the Mortgaged Property or any other
property of Borrower that is adjacent to the Mortgaged Property;

(2) the transportation of any Hazardous Materials to, from, or across the Mortgaged Property;

(3) any occurrence or condition on the Mortgaged Property or any other property of Borrower that is adjacent to the Mortgaged Property, which occurrence or condition is or may be in violation of Hazardous Materials Laws; or

(4) any violation of or noncompliance with the terms of any Environmental Permit with respect to the Mortgaged Property or any property of Borrower that is adjacent to the Mortgaged Property.

The matters described in clauses (1) through (4) above are referred to collectively in this Section 18 as "Prohibited Activities or Conditions".

(b) Prohibited Activities and Conditions shall not include lawful conditions permitted by an O&M Program or the safe and lawful use and storage of quantities of (1) pre-packaged supplies, cleaning materials and petroleum products customarily used in the operation and maintenance of comparable multifamily properties, (2) cleaning materials, personal grooming items and other items sold in pre-packaged containers for consumer use and used by tenants and occupants of residential dwelling units in the Mortgaged Property; and (3) petroleum products used in the operation and maintenance of motor vehicles from time to time located on the Mortgaged Property’s parking areas, so long as all of the foregoing are used, stored, handled, transported and disposed of in compliance with Hazardous Materials Laws.

(c) Borrower shall take all commercially reasonable actions (including the inclusion of appropriate provisions in any Leases executed after the date of this Instrument) to prevent its employees, agents, and contractors, and all tenants and other occupants from causing or permitting any Prohibited Activities or Conditions. Borrower shall not lease or allow the sublease or use of all or any portion of the Mortgaged Property to any tenant or subtenant for nonresidential use by any user that, in the ordinary course of its business, would cause or permit any Prohibited Activity or Condition.

(d) If an O&M Program has been established with respect to Hazardous Materials, Borrower shall comply in a timely manner with, and undertake commercially reasonable efforts to cause all employees, agents, and contractors of Borrower and any other persons present on the Mortgaged Property to comply
with the O&M Program. All costs of performance of Borrower’s obligations under any O&M Program shall be paid by Borrower, and Lender’s reasonable out-of-pocket costs incurred in connection with the monitoring and review of the O&M Program and Borrower’s performance shall be paid by Borrower upon demand by Lender. Any such out-of-pocket costs of Lender which Borrower fails to pay promptly shall become an additional part of the Indebtedness as provided in Section 12.

(e) Borrower represents and warrants to Lender that, except as previously disclosed by Borrower to Lender in writing prior to the date of this Instrument in any environmental report or otherwise, to the best of its knowledge:

(1) Borrower has not at any time engaged in, caused or permitted any Prohibited Activities or Conditions on the Mortgaged Property;

(2) to the best of Borrower’s knowledge after reasonable and diligent inquiry, no Prohibited Activities or Conditions exist or have existed on the Mortgaged Property;

(3) except to the extent previously disclosed by Borrower to Lender in writing, the Mortgaged Property does not now contain any underground storage tanks, and, to the best of Borrower’s knowledge after reasonable and diligent inquiry, the Mortgaged Property has not contained any underground storage tanks in the past. If there is an underground storage tank located on the Property which has been previously disclosed by Borrower to Lender in writing, that tank complies with all requirements of Hazardous Materials Laws;

(4) to the best of Borrower’s knowledge, Borrower has complied with all Hazardous Materials Laws, including all requirements for notification regarding releases of Hazardous Materials. Without limiting the generality of the foregoing, Borrower has obtained all Environmental Permits required for the operation of the Mortgaged Property in accordance with Hazardous Materials Laws now in effect and all such Environmental Permits are in full force and effect;

(5) to the best of Borrower’s knowledge, no event has occurred with respect to the Mortgaged Property that constitutes, or with the passing of time or the giving of notice would
constitute, noncompliance with the terms of any Environmental Permit;

(6) to the best of Borrower’s knowledge, there are no actions, suits, claims or proceedings pending or, to the best of Borrower’s knowledge, threatened that involve the Mortgaged Property and allege, arise out of, or relate to any Prohibited Activity or Condition; and

(7) Borrower has not received any written complaint, order, notice of violation or other communication from any Governmental Authority with regard to air emissions, water discharges, noise emissions or Hazardous Materials, or any other environmental, health or safety matters affecting the Mortgaged Property or any other property of Borrower that is adjacent to the Mortgaged Property.

The representations and warranties in this Section 18 shall be continuing representations and warranties that shall be deemed to be made by Borrower throughout the term of the loan evidenced by the Note, until the Indebtedness has been paid in full, subject to any change in circumstances as may be disclosed to Lender in accordance with Section 19(f), below.

(f) Borrower shall promptly notify Lender in writing upon the occurrence of any of the following events:

(1) Borrower’s discovery of any Prohibited Activity or Condition;

(2) Borrower’s receipt of or actual knowledge of any written complaint, order, notice of violation or other communication from any Governmental Authority or other person with regard to present alleged Prohibited Activities or Conditions or any other environmental, health or safety matters affecting the Mortgaged Property or (if applicable) any other property of Borrower that is adjacent to the Mortgaged Property; and

(3) any representation or warranty in this Section 18 becomes untrue after the date of this Instrument.

Any such notice given by Borrower shall not relieve Borrower of, or result in a waiver of, any obligation under this Instrument, the Note, or any other Loan Document.

(g) Borrower shall pay promptly the reasonable costs of any environmental inspections, tests or audits ("Environmental Inspections") required
by Lender in connection with any foreclosure or deed in lieu of foreclosure, or as a condition of Lender’s consent to any Transfer under Section 21 (to the extent Lender’s consent is expressly required by the terms of Section 21), or required by Lender following a reasonable determination by Lender that Prohibited Activities or Conditions may exist. Any such costs incurred by Lender (including the reasonable fees and out-of-pocket costs of attorneys and technical consultants whether incurred in connection with any judicial or administrative process or otherwise) which Borrower fails to pay promptly shall become an additional part of the Indebtedness as provided in Section 12. The results of all Environmental Inspections made by Lender shall at all times remain the property of Lender and Lender shall have no obligation to disclose or otherwise make available to Borrower (unless Borrower pays all of the costs and expenses associated with such Environmental Inspection) or any other party such results or any other information obtained by Lender in connection with its Environmental Inspections. Lender hereby reserves the right, and Borrower hereby expressly authorizes Lender, to make available to any party, including any prospective bidder at a foreclosure sale of the Mortgaged Property, the results of any Environmental Inspections made by Lender with respect to the Mortgaged Property. Borrower consents to Lender notifying any such party (either as part of a notice of sale or otherwise) of the results of any of Lender’s Environmental Inspections. Borrower acknowledges that Lender cannot control or otherwise assure the truthfulness or accuracy of the results of any of its Environmental Inspections and that the release of such results to prospective bidders at a foreclosure sale of the Mortgaged Property may have a material and adverse effect upon the amount which a party may bid at such sale. Borrower agrees that Lender shall have no liability whatsoever as a result of delivering the results of any of its Environmental Inspections to any third party, and Borrower hereby releases and forever discharges Lender from any and all claims, damages, or causes of action, arising out of, connected with or incidental to the results of, the delivery of any of Lender’s Environmental Inspections in accordance with this Section 18(g).

(h) If any investigation, site monitoring, containment, clean-up, restoration or other remedial work (“Remedial Work”) is necessary to comply with any Hazardous Materials Law or order of any Governmental Authority that has or acquires jurisdiction over the Mortgaged Property or the use, operation or improvement of the Mortgaged Property under any Hazardous Materials Law, Borrower shall, by the earlier of (1) the applicable deadline required by Hazardous Materials Law or (2) 30 days after written notice from Lender demanding such action, begin performing the Remedial Work, and thereafter diligently prosecute it to completion, and shall in any event complete the work by the time required by applicable Hazardous Materials Law. If Borrower fails to begin on a timely basis or diligently prosecute any required Remedial Work, Lender may, at its option,
cause the Remedial Work to be completed, in which case Borrower shall reimburse Lender on demand for the reasonable cost of doing so. Any reimbursement due from Borrower to Lender shall become part of the Indebtedness as provided in Section 12.

(i) Borrower shall cooperate with any inquiry by any Governmental Authority and shall comply with any governmental or judicial order which arises from any alleged Prohibited Activity or Condition.

Nothing herein shall prevent Borrower from contesting any legal requirement (including any Hazardous Material Law) in good faith so long as Borrower complies with the following requirements:

(i) The contest must be pursued diligently, in good faith and at Borrower’s sole cost and expense.

(ii) Borrower shall promptly notify Lender of the commencement of such contest and shall use reasonable efforts to advise Lender of the expected commencement of such contest.

(iii) The Mortgaged Property shall not be in immediate danger of being sold or forfeited as a result of such contest and the continuing and ongoing operation of the Mortgaged Property (or any material part of the Mortgaged Property) as a residential apartment complex shall not be reasonably likely to be interrupted or terminated during the pendency of the proceeding.

(iv) Borrower shall post any security required by law or, if and to the extent Borrower is not required to post any security, such other amount (to cover interest and penalties, if applicable and the cost to correct or remediate) as may be reasonably required by Lender.

(j) Borrower shall indemnify, hold harmless and defend (i) Lender, (ii) any prior owner or holder of the Note, (iii) the Loan Servicer, (iv) any prior Loan Servicer, (v) the officers, directors, shareholders, partners, employees and trustees of any of the foregoing, and (vi) the heirs, legal representatives, successors and assigns of each of the foregoing (collectively, the “Indemnitees”) from and against all proceedings, claims, damages, penalties and reasonable costs (whether initiated or sought by Governmental Authorities or private parties), including reasonable fees and out-of-pocket expenses of attorneys and expert witnesses, investigatory fees, and remediation costs, whether incurred in connection with any judicial or administrative process or otherwise, arising directly or indirectly from any of the following (except to the extent caused solely
and exclusively by the gross negligence or willful misconduct of any Lender Party with respect to the following):

(1) any breach of any representation or warranty of Borrower in this Section 18;

(2) any failure by Borrower to perform any of its obligations under this Section 18;

(3) the existence of any Prohibited Activity or Condition;

(4) the presence of Hazardous Materials on or under the Mortgaged Property or any property of Borrower that is adjacent to the Mortgaged Property; and

(5) the actual violation of any Hazardous Materials Law.

Borrower’s liability under clauses (3), (4) and (5) of this subsection (j) shall not extend to cover the violation of any Hazardous Materials Laws or Prohibited Activity or Conditions that first arise, commence or occur solely and exclusively as a result of actions of Lender or any Lender Party, its successors, assigns or designees, after the satisfaction, discharge, release, assignment, termination or cancellation of the Instrument following the payment in full of the Note and all other sums payable under the Loan Documents or after the actual dispossession from the entire Mortgaged Property of the Borrower and all entities which control, are controlled by, or are under common control with the Borrower following foreclosure of the Instrument or acquisition of the Mortgaged Property by a deed in lieu of foreclosure.

(k) Counsel selected by Borrower to defend Indemnitees shall be subject to the approval of those Indemnitees. However, any Indemnitee may elect to defend any claim or legal or administrative proceeding at the Borrower’s reasonable expense. However, unless an Event of Default has occurred and is continuing, or the interests of Borrower and Lender are in conflict, as determined by Lender in its reasonable discretion, Lender shall permit Borrower to undertake the actions referenced in this Section 18 so long as Lender approves such action, which approval shall not be unreasonably withheld, conditioned or delayed.

(l) Borrower shall not, without the prior written consent of those Indemnitees who are named as parties to a claim or legal or administrative proceeding (a “Claim”), settle or compromise the Claim if the settlement (1) results in the entry of any judgment that does not include as an unconditional term the delivery by the claimant or plaintiff to Lender of a written release of those Indemnitees, satisfactory in form and substance to Lender; or (2) may
materially and adversely affect Lender, as determined by Lender in its reasonable discretion.

(m) Notwithstanding anything to the contrary contained herein or in any other Loan Document, Lender agrees that the indemnity under this Section 18 shall on and after the Conversion Date and the delivery of the Conversion Certificate, be limited to the assets of Borrower and Lender shall not seek to recover any deficiency from any member of Borrower.

(n) Borrower shall, at its own cost and expense, do all of the following:

(1) pay or satisfy any final judgment or decree that may be entered against any Indemnitee or Indemnities in any legal or administrative proceeding incident to any matters against which Indemnitees are entitled to be indemnified under this Section 18;

(2) reimburse Indemnitees for any reasonable expenses paid or incurred in connection with any matters against which Indemnitees are entitled to be indemnified under this Section 18; and

(3) reimburse Indemnitees for any and all reasonable expenses, including reasonable fees and out-of-pocket expenses of attorneys and expert witnesses, paid or incurred in connection with the enforcement by Indemnitees of their rights under this Section 18, or in monitoring and participating in any legal or administrative proceeding.

(o) In any circumstances in which the indemnity under this Section 18 applies, Lender may employ its own legal counsel and consultants to prosecute, defend or negotiate any claim or legal or administrative proceeding and Lender, with the prior written consent of Borrower (which shall not be unreasonably withheld, delayed or conditioned), may settle or compromise any action or legal or administrative proceeding. Borrower shall reimburse Lender upon demand for all reasonable costs and expenses incurred by Lender, including all reasonable costs of settlements entered into in good faith, and the reasonable fees and out-of-pocket expenses of such attorneys and consultants.

(p) The provisions of this Section 18 shall be in addition to any and all other obligations and liabilities that Borrower may have under applicable law or under other Loan Documents, and each Indemnitee shall be entitled to indemnification under this Section 18 without regard to whether Lender or that
Indemnitee has exercised any rights against the Mortgaged Property or any other security, pursued any rights against any Guarantor, or pursued any other rights available under the Loan Documents or applicable law. If more than one person or entity signs the Instrument as Borrower, the obligation of those persons or entities to indemnify the Indemnitees under this Section 18 shall be joint and several. The obligation of Borrower to indemnify the Indemnitees under this Section 18 shall survive any repayment or discharge of the Indebtedness, any foreclosure proceeding, any foreclosure sale, any delivery of any deed in lieu of foreclosure, and any release of record of the lien of this Instrument. Notwithstanding anything herein to the contrary, Borrower's liability under this Section shall not extend to cover the presence of any Hazardous Materials that first arises, commences, or occurs (i) solely and exclusively as a result of actions of Lender, its successors, assigns or designees, (ii) after the written release by Lender of this Instrument following the payment in full of the Note and all other sums payable under the Loan Documents, or (iii) following foreclosure of this Instrument or acquisition of the Mortgaged Property by a deed in lieu of foreclosure.

19. PROPERTY AND LIABILITY INSURANCE.

(a) Borrower shall keep the Improvements insured at all times against such hazards as Lender may from time to time require (and, until the Conversion Date and the delivery of the Conversion Certificate, as required by the Loan Agreement), and thereafter, Borrower shall maintain commercial general liability insurance, workers' compensation insurance and such other liability, errors and omissions and fidelity insurance coverages as Lender may reasonably require from time to time which insurance shall include but not be limited to coverage against loss by fire and allied perils, general boiler and machinery coverage (if applicable), and business income coverage. Lender's insurance requirements may change from time to time throughout the term of the Indebtedness. If Lender so requires, in its sole and reasonable discretion, such insurance shall also include sinkhole insurance, mine subsidence insurance, earthquake insurance, but only to the extent the same is generally required for comparable properties located in the area of the Mortgaged Property. If any of the Improvements are located in an area identified by the Federal Emergency Management Agency (or any successor to that agency) as an area having special flood hazards, and if flood insurance is available in that area, Borrower shall insure such Improvements against loss by flood.

(b) All premiums on insurance policies required under Section 19(a) shall be paid in the manner provided in Section 7, unless Lender has designated in writing another method of payment. All such policies shall also be in a form approved by Lender in Lender's sole and reasonable discretion. All policies of property damage insurance shall include a non-contributing, non-reporting
mortgage clause in favor of, and in a form approved by, Lender. Lender shall have the right to hold the original policies or duplicate original policies of all insurance required by Section 19(a). Borrower shall promptly deliver to Lender a copy of all renewal and other notices received by Borrower with respect to the policies and all receipts for paid premiums. At least 30 days prior to the expiration date of a policy, Borrower shall deliver to Lender the original (or a duplicate original) of a renewal policy (or certificate thereof if Lender will require a copy or original of the policy) in form reasonably satisfactory to Lender.

(c) Borrower shall maintain at all times commercial general liability insurance, workers’ compensation insurance (if required by applicable law) and such other liability, errors and omissions and fidelity insurance coverages as Lender may from time to time require.

(d) All insurance policies and renewals of insurance policies required by this Section 19 shall be in such amounts and for such periods as Lender may from time to time require, and shall be issued by insurance companies satisfactory to Lender.

(e) Borrower shall comply with all insurance requirements and shall not permit any condition to exist on the Mortgaged Property that would invalidate any part of any insurance coverage that this Instrument requires Borrower to maintain.

(f) In the event of loss, Borrower shall give prompt written notice to the insurance carrier and to Lender. Borrower hereby authorizes and appoints Lender as attorney-in-fact for Borrower to make proof of loss, to adjust and compromise any claims under policies of property damage insurance, to appear in and prosecute any action arising from such property damage insurance policies, to collect and receive the proceeds of property damage insurance, and to deduct from such proceeds Lender’s expenses incurred in the collection of such proceeds. This power of attorney is coupled with an interest and therefore is irrevocable. However, nothing contained in this Section 19 shall require Lender to incur any expense or take any action. Lender may, at Lender’s option, (1) hold the balance of such proceeds to be used to reimburse Borrower for the cost of restoring and repairing the Mortgaged Property to substantially the equivalent of its original condition or to a condition approved by Lender (the “Restoration”), or (2) apply the balance of such proceeds to the payment of the Indebtedness, whether or not then due. To the extent Lender determines to apply insurance proceeds to Restoration, Lender shall do so in accordance with Lender’s then-current policies relating to the restoration of casualty damage on similar multifamily rental properties. After the Conversion Date, to the extent Lender determines to apply insurance proceeds to payment of the Indebtedness, the Note
will be re-amortized and the monthly payments due under the Note will be reduced to reflect any reduction of the principal balance of the Indebtedness that was the result of applying insurance proceeds to the payment thereof. In addition, if the Lender determines to apply insurance proceeds to the payment of the Indebtedness, Borrower will not be required to restore or repair the Mortgaged Property to substantially the equivalent of its original condition. If Lender shall apply insurance proceeds to the payment of the Indebtedness and Borrower deems it necessary to restore or repair the Mortgaged Property to avoid recapture of tax credits, Lender shall consider whether to permit Borrower to secure a subordinate construction loan solely for the purpose of restoring or repairing the Mortgaged Property; provided that Borrower (1) request Lender’s consent in writing, which writing shall include the proposed terms of such subordinate construction loan, (2) the Borrower named in this Instrument is the owner of the Mortgaged Property, (3) no Event of Default exists that will not be cured by Restoration of the Mortgaged Property in a timely manner as required by the Loan Agreement or otherwise as required by Lender if after the Conversion Date, and (4) the proposed subordinate construction loan satisfies Lender’s underwriting requirements in Lender’s sole and absolute judgment and discretion.

(g) Lender shall not exercise its option to apply insurance proceeds to the payment of the Indebtedness if all of the following conditions are met: (1) no Event of Default has occurred and is continuing that will not be cured by Restoration of the Mortgaged Property in a timely manner as required by the Loan Agreement or otherwise as required by Lender if after the Conversion Date; (2) Lender determines, in its reasonable discretion, that there will be sufficient funds to complete the Restoration from insurance proceeds, anticipated contributions of Borrower of its own funds or other sources; (3) Lender determines, in its reasonable discretion, that the Rents from the Mortgaged Property after completion of the Restoration will be sufficient to meet all operating costs and other expenses, Imposition Deposits, deposits to reserves and loan repayment obligations relating to the Mortgaged Property; (4) Lender determines, in its reasonable discretion, that the Restoration will be completed before the earlier of (A) one year before the Maturity Date (as defined in the Note (or six months before the Maturity Date if Lender determines in its discretion that re-leasing of the Property will be completed with such six month period) or (B) one year after the date of the loss or casualty, such period of time shall be extended for a reasonable period of time if a delay in Restoration is caused by an act of God; and (5) upon Lender’s request, Borrower provides Lender evidence of the availability during and after the Restoration of the insurance required to be maintained by Borrower pursuant to this Section 19.

(h) If the Mortgaged Property is sold at a foreclosure sale or Lender acquires title to the Mortgaged Property, Lender shall automatically succeed to all
rights of Borrower in and to any insurance policies and unearned insurance premiums and in and to the proceeds resulting from any damage to the Mortgaged Property prior to such sale or acquisition.

Notwithstanding any provision to the contrary in this Section 19, as long as no Event of Default, or any event which, with the giving of Notice or the passage of time, or both, would constitute an Event of Default, has occurred and is continuing that would not be cured by Restoration of the Mortgaged Property in a timely manner as required by the Loan Agreement or otherwise as required by Lender if after the Conversion Date:

(i) in the event of a casualty resulting in damage to the Mortgaged Property which will cost $50,000 or less to repair, the Borrower shall have the sole right to make proof of loss, adjust and compromise the claim and collect and receive any proceeds directly without the approval or prior consent of the Lender so long as the insurance proceeds are used solely for the Restoration of the Mortgaged Property; and

(ii) in the event of a casualty resulting in damage to the Mortgaged Property which will cost more than $50,000 but less than $100,000 to repair, the Borrower is authorized to make proof of loss and adjust and compromise the claim without the prior consent of Lender, and Lender shall hold the applicable insurance proceeds to be used to reimburse Borrower for the cost of Restoration of the Mortgaged Property and shall not apply such proceeds to the payment of sums due under this Instrument.

20. CONDEMNATION.

(a) Borrower shall promptly notify Lender of any action or proceeding relating to any condemnation or other taking, or conveyance in lieu thereof, of all or any part of the Mortgaged Property, whether direct or indirect (a "Condemnation"). Borrower shall appear in and prosecute or defend any action or proceeding relating to any Condemnation unless otherwise directed by Lender in writing. Provided Borrower receives written notice as described in the immediately preceding sentence, Borrower authorizes and appoints Lender as attorney-in-fact for Borrower to commence, appear in and prosecute, in Lender’s or Borrower’s name, any action or proceeding relating to any Condemnation and to settle or compromise any claim in connection with any Condemnation (after consultation with Borrower if no Event of Default is then continuing) consistent with commercially reasonable standards of a prudent lender. This power of attorney is coupled with an interest and therefore is irrevocable. However, nothing contained in this Section 20 shall require Lender to incur any expense or
take any action. Borrower hereby transfers and assigns to Lender all right, title and interest of Borrower in and to any award or payment (not in excess of any amounts necessary to pay the Indebtedness) with respect to (i) any Condemnation, or any conveyance in lieu of Condemnation, and (ii) any damage to the Mortgaged Property caused by governmental action that does not result in a Condemnation.

(b) Lender may apply such awards or proceeds, after the deduction of Lender’s reasonable expenses incurred in the collection of such amounts, at Lender’s option, to the restoration or repair of the Mortgaged Property or to the payment of the Indebtedness, with the balance, if any, to Borrower. Unless Lender otherwise agrees in writing, any application of any awards or proceeds to the Indebtedness shall not extend or postpone the due date of any monthly installments referred to in the Note, Section 7 of this Instrument or any Collateral Agreement, or change the amount of such installments. Borrower agrees to execute such further evidence of assignment of any awards or proceeds as Lender may require. After the Conversion Date, to the extent Lender applies any awards or proceeds to payment of the Indebtedness, the Note will be re-amortized and the monthly payments due under the Note will be reduced to reflect any reduction of the principal balance of the Indebtedness that was the result of applying the proceeds to the payment thereof. In addition, if the Lender applies any awards or proceeds to payment of the Indebtedness, Borrower will not be required to restore or repair the Mortgaged Property. If Lender shall apply condemnation proceeds to the payment of the Indebtedness and Borrower deems it necessary to restore or repair the Mortgaged Property to avoid recapture of tax credits, Lender shall consider whether to permit Borrower to secure a subordinate construction loan solely for the purpose of restoring or repairing the Mortgaged Property; provided that Borrower (1) request Lender’s consent in writing, which writing shall include the proposed terms of such subordinate construction loan, (2) the Borrower named in this Instrument is the owner of the Mortgaged Property, (3) no Event of Default exists that would not be cured by restoring or repairing the Mortgaged Property in a timely manner as required by the Loan Agreement or otherwise as required by Lender if after the Conversion Date, and (4) the proposed subordinate construction loan satisfies Lender’s underwriting requirements in Lender’s sole and absolute judgment and discretion.

(c) Lender shall not exercise its option to apply condemnation proceeds to the payment of the Indebtedness if all of the following conditions are met: (1) no Event of Default (or any event which, with the giving of notice or the passage of time, or both, would constitute an Event of Default) has occurred and is continuing that would not be cured by restoring or repairing the Mortgaged Property in a timely manner as required by the Loan Agreement or otherwise as required by Lender if after the Conversion Date; (2) Lender determines that there
will be sufficient funds to (A) restore and repair the Mortgaged Property to a
c condition approved by Lender and (B) meet all operating costs and other
expenses, payment for reserves and loan repayment obligations relating to the
Mortgaged Property until completion of the restoration and repair of the
Mortgaged Property to a condition approved by Lender; and; (3) Lender
determines that the rental income from the Mortgaged Property after restoration
and repair of the Mortgaged Property to a condition approved by Lender, will be
sufficient to meet all operating costs and other expenses, Imposition Deposits,
deposits to reserves and loan repayment obligations relating to the Mortgaged
Property.

21. TRANSFERS OF THE MORTGAGED PROPERTY OR INTERESTS IN
BORROWER.

(a) Subject to subsection (b) below, the occurrence of any of the
following events on or after the Conversion Date without Lender's prior written
consent shall constitute an Event of Default under this Instrument (prior to the
Conversion Date, Transfers may only be made to the extent permitted by the Loan
Agreement or this Instrument):

(1) a Transfer of all or any part of the Mortgaged Property or any
interest in the Mortgaged Property;

(2) a Transfer of a Controlling Interest in the Borrower;

(3) a Transfer of a Controlling Interest in any entity which owns,
directly or indirectly through one or more intermediate entities,
a Controlling Interest in Borrower;

(4) a Transfer of all or any part of Key Principal's ownership
interests in Borrower, or in any other entity which owns,
directly or indirectly through one or more intermediate entities,
an ownership interest in Borrower;

(5) if Key Principal is an entity, (A) a Transfer of a Controlling
Interest in Key Principal, or (B) a Transfer of a Controlling
Interest in any entity which owns, directly or indirectly through
one or more intermediate entities, a Controlling Interest in Key
Principal;

(6) if Borrower or Key Principal is a trust, the termination or
revocation of such trust; and
(7) a conversion of Borrower from one type of legal entity into another type of legal entity, whether or not there is a Transfer.

Lender shall not be required to demonstrate any actual impairment of its security or any increased risk of default in order to exercise any of its remedies with respect to an Event of Default under this Section 21.

(b) The occurrence of any of the following events on or after the Conversion Date (as provided in subsection (f) below) shall not constitute an Event of Default under this Instrument, notwithstanding any provision of Section 21(a) and/or any provision set forth in any of the Loan Documents, to the contrary:

(1) a Transfer to which Lender has consented;

(2) a Transfer that occurs by devise, descent, or by operation of law upon the death of a natural person;

(5) except as otherwise expressly permitted by this Instrument the grant of an easement, if before the grant Lender reasonably determines that the easement will not materially and adversely affect the operation or value of the Mortgaged Property or Lender's interest in the Mortgaged Property, and Borrower pays to Lender, upon demand, all reasonable costs and expenses incurred by Lender in connection with reviewing Borrower's request;

(6) the creation of a tax lien or a mechanic's, materialman's or judgment lien against the Mortgaged Property which is bonded off, released of record, bonded, or otherwise remedied to Lender's satisfaction within 60 days of the date of creation;

(7) The Transfer by the Investor Member or the Special Member of membership interests in the Borrower (or interests in the Investor Member) to any other entity which is an Affiliate of the
Investor Member and/or the Special Member and/or Boston Capital Partners, Inc.;

(8) the pledge and encumbrance of the interests of the Investor Member or the Special Member to or for the benefit of any financial institution approved by Lender, in Lender's sole reasonable discretion which enables the Investor Member to make its capital contributions to the Borrower;

(9) the removal of any manager or managing member of Borrower by the Special Member pursuant to the terms of the Second Amended and Restated Operating Agreement of Borrower, as may be amended from time to time subject to the terms of the Loan Agreement (if the amendment is done before the Conversion Date) and this Instrument and the replacement of such manager or managing member with the Special Member or an affiliate of the Special Member or Boston Capital Partners, Inc.;

(10) issuance of membership interests in the Borrower equal to 99.99% of the ownership, profits, losses, credits, distributions and other interests in the Borrower to the Investor Member and the Special Member;

(11) subject to the terms and requirements of the Loan Agreement (if occurring prior to the Conversion Date), a change in beneficial ownership of Investor Member or Special Member, provided that in all cases, such Investor Member or Special Member, as applicable, remains controlled by Boston Capital Partners, Inc. (or an affiliate thereof);

(12) issuance of membership interests in the Borrower equal to [0.0025]% of the ownership, profits, losses, credits, distributions and other interests in the Borrower to the Class B Special Member;

(13) a Transfer of a minority interest (less than 50%) in the managing member of Borrower to any children (or grandchildren) of a Key Principal (if an individual) without consent of the Lender (or payment of a fee) so long as the Key Principals (collectively) at all times retain a Controlling Interest of the managing member of Borrower;
(14) a change of Borrower's name, provided that UCC financing statements and/or amendments sufficient to continue the perfection of Lender's security interest have been filed and copies have been delivered to Lender;

(15) a change of the form of the Borrower not involving a transfer of Borrower's assets and not resulting in any change in liability of the initial owner, provided that UCC financing statements and/or amendments sufficient to continue the perfection of Lender's security interest have been properly filed and copies have been delivered to Lender;

(16) the merging of Borrower with another entity when Borrower is the surviving entity;

(17) a Condemnation which will not materially adversely affect the operation or value of the Mortgaged Property, provided that Borrower complies with the requirements of Section 20 of this Instrument with respect to condemnation;

(18) the merger or consolidation of a Key Principal with another entity with the Key Principal being the surviving entity, or the acquisition by a Key Principal of another entity, or a conversion of Key Principal from one type of legal entity into another type of legal entity (provided that such new legal entity remains obligated for all obligations of the prior entity in the same manner and respect as the prior entity and that the new entity shall have the same financial statements (including assets and liabilities) as the prior entity after giving effect to the conversion), whether or not there is a Transfer;

(19) After the end of the Low-Income Housing Tax Credit compliance period, the Transfer by the Investor Member and/or the Special Member of its membership interest in the Borrower to any other entity which is an affiliate of Borrower's managing member, or which is controlled by or under common control with an affiliate of Borrower's managing member; and

(20) any other Transfer expressly permitted by the terms of the Loan Documents (but only if that Loan Document is then in effect).
(c) Lender shall consent at any time on and after the Conversion Date and the delivery of the Conversion Certificate, without any adjustment to the rate at which the Indebtedness secured by this Instrument bears interest or to any other economic terms of the Indebtedness, to a Transfer that would otherwise violate this Section 21 if, prior to the Transfer, Borrower has satisfied each of the following requirements:

(1) the submission to Lender of all information reasonably required by Lender to make the determination required by this Section 21(c);

(2) the absence of any Event of Default (or the Event of Default will be cured contemporaneously with the Transfer);

(3) the transferee meets all of the eligibility, credit, management and other standards (including any standards with respect to previous relationships between Lender and the transferee and the organization of the transferee) customarily applied by Lender at the time of the proposed Transfer to the approval of borrowers in connection with the origination or purchase of similar mortgages, deeds of trust or deeds to secure debt on multifamily rental properties;

(4) the Mortgaged Property, at the time of the proposed Transfer, meets all standards as to its physical condition that are customarily applied by Lender at the time of the proposed Transfer to the approval of properties in connection with the origination or purchase of similar mortgages on multifamily rental properties;

(5) in the case of a Transfer of all or any part of the Mortgaged Property, direct or indirect ownership interests in Borrower or Key Principal (if an entity), if transferor or any other person has obligations under any Loan Document, the execution by the transferee or one or more individuals or entities acceptable to Lender of an assumption agreement (including, if applicable, an Acknowledgement and Agreement of Key Principal to Personal Liability for Exceptions to Non-Recourse Liability) that is acceptable to Lender and that, among other things, requires the transferee to perform all obligations of transferor or such person set forth in such Loan Document, and may require that the transferee comply with any provisions of this Instrument or
any other Loan Document which previously may have been waived by Lender;

(6) if a guaranty has been executed and delivered in connection with the Note, this Instrument or any of the other Loan Documents, the Borrower causes one or more individuals or entities acceptable to Lender to execute and deliver to Lender a guaranty in a form acceptable to Lender; and

(7) Lender’s receipt of all of the following:

(A) a non-refundable review fee in the amount of $3,000 and, if to a party who is not controlled by or under common control with the transferor, a transfer fee equal to 1 percent of the outstanding Indebtedness immediately prior to the Transfer.

(B) In addition, Borrower shall be required to reimburse Lender for all of Lender’s reasonable out-of-pocket costs (including reasonable attorneys’ fees) incurred in reviewing the Transfer request, to the extent such expenses exceed $3,000.

(d) For purposes of this Section, the following terms shall have the meanings set forth below:

(4) “Initial Owners” means, with respect to Borrower or any other entity, the persons or entities who on the date of the Note own in the aggregate 100% of the ownership interests in Borrower or that entity.

(5) A Transfer of a “Controlling Interest” shall mean, with respect to any entity, the following:

(i) if such entity is a general partnership or a joint venture, a Transfer of any general partnership interest or joint venture interest which would cause the Initial Owners to own less than 51% of all general partnership or joint venture interests in such entity;

(ii) if such entity is a limited partnership, a Transfer of any general partnership interest;
(iii) if such entity is a limited liability company or a limited liability partnership, a transfer of any membership or other ownership interest which would cause the Initial Owners to own less than 51% of all membership or other ownership interests in such entity;

(iv) if such entity is a corporation (other than a Publicly-Held Corporation) with only one class of voting stock, a transfer of any voting stock which would cause the Initial Owners to own less than 51% of voting stock in such corporation;

(v) if such entity is a corporation (other than a Publicly-Held Corporation) with more than one class of voting stock, a transfer of any voting stock which would cause the Initial Owners to own less than a sufficient number of shares of voting stock having the power to elect the majority of directors of such corporation; and

(vi) if such entity is a trust, the removal, appointment or substitution of a trustee of such trust other than (A) in the case of a land trust, or (B) if the trustee of such trust after such removal, appointment or substitution is a trustee identified in the trust agreement approved by Lender.

(6) "Publicly-Held Corporation" shall mean a corporation the outstanding voting stock of which is registered under Section 12(b) or 12(g) of the Securities and Exchange Act of 1934, as amended.

(e) Neither the $3,000 nor the one percent (1%) transfer fee will be due for the transfers permitted in subparagraph (b) above.

(f) The foregoing shall only be applicable to Transfers made on or after the Conversion Date (prior to the Conversion Date, Transfers will be governed by the terms of the Loan Agreement).

(g) Notwithstanding the foregoing or anything else herein or in the Loan Agreement to the contrary, any Transfer (before or after the Conversion Date) of the Mortgaged Property or of an interest in Borrower shall be subject to compliance by Borrower with Title 10 of the Texas Administrative Code Rule 10.406.
22. EVENTS OF DEFAULT.

Any one or more of the following shall constitute an Event of Default under this Instrument:

(a) any failure by Borrower to pay an amount on the Note within 10 days of when due, or to pay or deposit any other amount required by this Instrument or any other Loan Document within 10 days after Lender delivers written notice thereof to Borrower;

(b) any failure by Borrower to maintain the insurance coverage required by Section 19, which is not fully cured by or on behalf of Borrower within five (5) business days after Lender delivers notice thereof to Borrower;

(c) any failure by Borrower to comply with the provisions of Section 34;

(d) fraud or material misrepresentation or material omission by Borrower, any of its officers, directors, trustees, general partners, managing members, or managers or any Guarantor in connection with (A) the application for or creation of the Indebtedness, (B) any financial statement, rent roll, or other report or information provided to Lender during the term of the Indebtedness, (C) any request for Lender’s consent to any proposed action, including a request for disbursement of funds under any Collateral Agreement, or (D) any of the representations and warranties contained in Section 3.1 of the Loan Agreement and in Section 59 of this Instrument;

(e) any Event of Default under Section 21;

(f) the commencement of a forfeiture action or proceeding, whether civil or criminal, which, in Lender’s reasonable judgment, will result in a forfeiture of the Mortgaged Property or otherwise materially impair the lien created by this Instrument or Lender’s interest in the Mortgaged Property, and such action or proceeding is not dismissed or terminated with prejudice within 60 days after the commencement thereof;

(g) any failure by Borrower to comply with the provisions of Section 60 which is not fully cured by or on behalf of Borrower within 30 days after written notice thereof is provided to Borrower by Lender;

(h) any failure by Borrower to perform any of its obligations under this Instrument (other than those specified in Sections 22(a) through (g)), as and when required, which continues for a period of 30 days after notice of such failure by Lender to Borrower. However, no such notice or grace period shall apply in the case of any such failure which would, in Lender’s reasonable judgment, absent
immediate exercise by Lender of a right or remedy under this Instrument, result in material harm to Lender, impairment of the Note or this Instrument or any other security given under any other Loan Document;

(i) any failure by Borrower to perform any of its material obligations as and when required under any Loan Document other than this Instrument which continues beyond the applicable notice, grace, and/or cure period, if any, specified in that Loan Document;

(j) any exercise by the holder of any other debt instrument secured by a mortgage, deed of trust or deed to secure debt on the Mortgaged Property of a right to declare all amounts due under that debt instrument immediately due and payable; and

(k) Prior to the Conversion Date and the delivery of the Conversion Certificate, the occurrence of any other Event of Default under and as defined in the Loan Agreement.

23. REMEDIES CUMULATIVE.

Each right and remedy provided in this Instrument is distinct from all other rights or remedies under this Instrument or any other Loan Document or afforded by applicable law, and each shall be cumulative and may be exercised concurrently, independently, or successively, in any order. Notwithstanding anything to the contrary herein or in any of the other Loan Documents, Lender shall have no right or claim to the low income housing tax credits allocated to the Mortgaged Property unless and until Lender shall foreclose on the Mortgaged Property or accept a deed in lieu of foreclosure. Lender shall, notwithstanding anything to the contrary herein or in any other Loan Documents, have no right or claim to the LIHTCs (hereafter defined) allocated to the Land and Improvements unless and until the Lender shall foreclose on the Mortgaged Property or accept a deed in lieu of foreclosure.

24. FORBEARANCE.

(a) Except as otherwise expressly provided in any of the Loan Documents, Lender may (but shall not be obligated to) agree with Borrower, from time to time, and without giving notice to, or obtaining the consent of, or having any effect upon the obligations of, any Guarantor or other third party obligor, to take any of the following actions: extend the time for payment of all or any part of the Indebtedness; reduce the payments due under this Instrument, the Note, or any other Loan Document; release anyone liable for the payment of any amounts under this Instrument, the Note, or any other Loan Document; accept a renewal of the Note; modify the terms and time of payment of the Indebtedness; join in any extension or subordination agreement; release any Mortgaged Property; take or
release other or additional security; modify the rate of interest or period of amortization of the Note or change the amount of the monthly installments payable under the Note; and otherwise modify this Instrument, the Note, or any other Loan Document.

(b) Any forbearance by Lender in exercising any right or remedy under the Note, this Instrument, or any other Loan Document or otherwise afforded by applicable law, shall not be a waiver of or preclude the exercise of any other right or remedy. The acceptance by Lender of payment of all or any part of the Indebtedness after the due date of such payment, or in an amount which is less than the required payment, shall not be a waiver of Lender's right to require prompt payment when due of all other payments on account of the Indebtedness or to exercise any remedies for any failure to make prompt payment. Enforcement by Lender of any security for the Indebtedness shall not constitute an election by Lender of remedies so as to preclude the exercise of any other right available to Lender. Lender's receipt of any awards or proceeds under Sections 19 and 20 shall not operate to cure or waive any Event of Default.

25. NOTICE AND CURE RIGHTS OF INVESTOR MEMBER.

Notwithstanding anything to the contrary contained herein, or in any of the Loan Documents after the Conversion Date (prior to the Conversion Date, the Loan Agreement shall govern the notice and cure rights of the Special Member and the Investor Member): (i) Lender shall provide the Special Member with simultaneous notice of any Event of Default or other violation by Borrower under the Loan Documents, and (ii), the Lender agrees to accept performance on the part of the Investor Member, the Special Member, or any of their affiliates as though the same had been performed by the Borrower under any of the Loan Documents. The Lender will allow the Investor Member, the Special Member, and/or their affiliates ten (10) days after giving the Special Member notice to cure a monetary default under the Loan Documents (other than the payment due at maturity) and except as to the Borrower's filing of a voluntary bankruptcy petition, up to thirty (30) days after giving the Special Member notice to cure of any non-monetary default under the Loan Documents. If the Investor Member, the Special Member, or any of their affiliates, makes any such payment or otherwise offers cure of a default, the Lender will accept or reject such action as curing such default on the same basis as if payment or cure were made directly by the Borrower. The foregoing notice and cure periods shall run simultaneously with any grace and cure periods provided to the Borrower in Section 22, or otherwise for the applicable occurrences.
26. [INTENTIONALLY DELETED].

27. WAIVER OF STATUTE OF LIMITATIONS.

Borrower hereby waives the right to assert any statute of limitations as a bar to the enforcement of the lien of this Instrument or to any action brought to enforce any Loan Document.

28. WAIVER OF MARSHALLING.

Notwithstanding the existence of any other security interests in the Mortgaged Property held by Lender or by any other party, Lender shall have the right to determine the order in which any or all of the Mortgaged Property shall be subjected to the remedies provided in this Instrument, the Note, any other Loan Document or applicable law. Lender shall have the right to determine the order in which any or all portions of the Indebtedness are satisfied from the proceeds realized upon the exercise of such remedies. Borrower and any party who now or in the future acquires a security interest in the Mortgaged Property and who has actual or constructive notice of this Instrument waives any and all right to require the marshalling of assets or to require that any of the Mortgaged Property be sold in the inverse order of alienation or that any of the Mortgaged Property be sold in parcels or as an entirety in connection with the exercise of any of the remedies permitted by applicable law or provided in this Instrument.

29. FURTHER ASSURANCES.

Borrower shall execute, acknowledge, and deliver, at its sole cost and expense, all further acts, deeds, conveyances, assignments, estoppel certificates, financing statements, transfers and assurances as Lender may reasonably require from time to time in order to better assure, grant, and convey to Lender the rights intended to be granted, now or in the future, to Lender under this Instrument and the Loan Documents, provided that except as required for the above purposes, Borrower is not obligated to execute, acknowledge or deliver any such items that add to, modify or change the terms of the Loan Documents in a manner which is inconsistent with the terms of the Commitment (under and as defined in the Loan Agreement).

30. ESTOPPEL CERTIFICATE.

Within 10 days after a written request from Lender, Borrower shall deliver to Lender a written statement, signed and acknowledged by Borrower, certifying to Lender or any person designated by Lender, as of the date of such statement, (i) that the Loan Documents are unmodified and in full force and effect (or, if there have been modifications, that the Loan Documents are in full force and effect as modified and setting forth such modifications); (ii) the unpaid principal balance of the Note; (iii) the date to which interest under the Note has been paid; (iv) that Borrower is not in default in paying the Indebtedness or in performing or observing any of the covenants or agreements contained in this Instrument or any of the other Loan Documents (or, if the
Borrower is in default, describing such default in reasonable detail; (v) whether or not there are then existing any setoffs or defenses known to Borrower against the enforcement of any right or remedy of Lender under the Loan Documents; and (vi) any additional facts reasonably requested by Lender.

31. GOVERNING LAW; CONSENT TO JURISDICTION AND VENUE.

(a) This Instrument, and any Loan Document which does not itself expressly identify the law that is to apply to it, shall be governed by the laws of the State of Texas, exclusive of choice and conflict of law principles.

(b) Borrower and Lender agree that (1) any controversy arising under or in relation to the Note, this Instrument, or any other Loan Document shall be litigated exclusively in Austin, Texas, and (2) the state and federal courts and authorities with jurisdiction in Austin, Travis County, Texas shall have exclusive jurisdiction over all controversies which shall arise under or in relation to the Note, any security for the Indebtedness, or any other Loan Document. Borrower and Lender irrevocably consent to service, jurisdiction, and venue of such courts for any such litigation and waive any other venue to which they might be entitled by virtue of domicile, habitual residence or otherwise.

32. NOTICE.

(a) All notices, demands and other communications ("notice") under or concerning this Instrument and the other Loan Documents shall be in writing. Each notice shall be addressed to the intended recipient at its address set forth in this Instrument, and shall be deemed given on the earliest to occur of (1) the date when the notice is received by the addressee; (2) the first Business Day after the notice is delivered to a recognized overnight courier service, with arrangements made for payment of charges for next Business Day delivery; or (3) the third Business Day after the notice is deposited in the United States mail with postage prepaid, certified mail, return receipt requested. As used in this Section 32, the term "Business Day" means any day other than a Saturday, a Sunday or any other day on which Lender is not open for business.

(b) Any party to this Instrument may change the address to which notices intended for it are to be directed by means of notice given to the other party in accordance with this Section 32. Each party agrees that it will not refuse or reject delivery of any notice given in accordance with this Section 32, that it will acknowledge, in writing, the receipt of any notice upon request by the other party and that any notice rejected or refused by it shall be deemed for purposes of this Section 32 to have been received by the rejecting party on the date so refused or rejected, as conclusively established by the records of the U.S. Postal Service or the courier service.
(c) Any notice under the Note and any other Loan Document which does not specify how notices are to be given shall be given in accordance with this Section 32.

(d) Copies of all notices provided by Lender to Borrower under this Instrument or any related document shall be simultaneously provided to the Investor Member at: Boston Capital Direct Placement, A Limited Partnership, c/o Boston Capital Partners, Inc., One Boston Place, 21st Floor, Boston, MA 02108, Attention: Asset Management, with a copy to Holland & Knight LLP, 10 St. James Avenue, 11th Floor, Boston, Massachusetts 02116, Attention: Doug Clapp, Esq. and the Guarantor at the address specified in the applicable guaranty. Notwithstanding anything herein to the contrary, Lender shall provide the Investor Member with copies of all notices of Default and Event of Default provided to Borrower under this Instrument and other Loan Documents simultaneously with the giving of any such notice to Borrower, and Investor Member shall be entitled to cure any such Default or Event of Default for and on behalf of Borrower within any applicable grace or cure period.

33. SALE OF NOTE; CHANGE IN SERVICER.

The Note or a partial interest in the Note (together with this Instrument and the other Loan Documents) may be sold one or more times without prior notice to Borrower, and Borrower shall not be liable for any costs or claims in connection therewith. A sale may result in a change of the Loan Servicer. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given notice of the change. If Borrower receives conflicting Notices regarding the identity of the Loan Servicer or any other subject, any such Notice from Lender shall govern.

34. SINGLE ASSET BORROWER.

Until the Indebtedness is paid in full, Borrower (a) shall not acquire any real or personal property other than the Mortgaged Property and personal property related to the acquisition, construction, development, leasing, replacement, sale refinancing, operation and maintenance of the Mortgaged Property (other than de minimis personal property); (b) shall not operate any business other than the acquisition, construction, development, leasing, replacement, sale refinancing, management and operation of the Mortgaged Property; and (c) shall not maintain its assets in a way difficult to segregate and identify.

35. SUCCESSORS AND ASSIGNS BOUND.

This Instrument shall bind, and the rights granted by this Instrument shall inure to, the respective successors and assigns of Lender and Borrower. However, a
Transfer not permitted by Section 21 or any of the other Loan Documents (as then in effect) shall be an Event of Default.

36. **JOINT AND SEVERAL LIABILITY.**

If more than one person or entity signs this Instrument as Borrower, the obligations of such persons and entities shall be joint and several.

37. **RELATIONSHIP OF PARTIES; NO THIRD PARTY BENEFICIARY.**

(a) The relationship between Lender and Borrower shall be solely that of creditor and debtor, respectively, and nothing contained in this Instrument shall create any other relationship between Lender and Borrower.

(b) No creditor of any party to this Instrument and no other person shall be a third party beneficiary of this Instrument or any other Loan Document. Without limiting the generality of the preceding sentence, (1) any arrangement (a "Servicing Arrangement") between the Lender and any Loan Servicer for loss sharing or interim advancement of funds shall constitute a contractual obligation of such Loan Servicer that is independent of the obligation of Borrower for the payment of the Indebtedness, (2) Borrower shall not be a third party beneficiary of any Servicing Arrangement, and (3) no payment by the Loan Servicer under any Servicing Arrangement will reduce the amount of the Indebtedness.

38. **SEVERABILITY; AMENDMENTS.**

The invalidity or unenforceability of any provision of this Instrument shall not affect the validity or enforceability of any other provision, and all other provisions shall remain in full force and effect. This Instrument contains the entire agreement among the parties as to the rights granted and the obligations assumed in this Instrument. This Instrument may not be amended or modified except by a writing signed by the party against whom enforcement is sought.

39. **CONSTRUCTION.**

The captions and headings of the sections of this Instrument are for convenience only and shall be disregarded in construing this Instrument. Any reference in this Instrument to an "Exhibit" or a "Section" shall, unless otherwise explicitly provided, be construed as referring, respectively, to an Exhibit attached to this Instrument or to a Section of this Instrument. All Exhibits attached to or referred to in this Instrument are incorporated by reference into this Instrument. Any reference in this Instrument to a statute or regulation shall be construed as referring to that statute or regulation as amended from time to time. Use of the singular in this Instrument includes the plural and use of the plural includes the singular. As used in this Instrument, the term "including" means "including, but not limited to."
40. LOAN SERVICING.

All actions regarding the servicing of the loan evidenced by the Note, including the collection of payments, the giving and receipt of notice, inspections of the Property, inspections of books and records, and the granting of consents and approvals, may be taken by the Loan Servicer unless Borrower receives notice to the contrary. If Borrower receives conflicting notices regarding the identity of the Loan Servicer or any other subject, any such notice from Lender shall govern.

41. DISCLOSURE OF INFORMATION.

Lender may furnish information regarding Borrower or the Mortgaged Property to third parties with an existing or prospective interest in the servicing, enforcement, evaluation, performance, purchase or securitization of the Indebtedness, including trustees, master servicers, special servicers, rating agencies, and organizations maintaining databases on the underwriting and performance of multifamily mortgage loans. Borrower irrevocably waives any and all rights it may have under applicable law to prohibit such disclosure, including any right of privacy.

42. NO CHANGE IN FACTS OR CIRCUMSTANCES.

All information in the application for the loan submitted to Lender (the "Loan Application") and in all financial statements, rent rolls, reports, certificates and other documents submitted in connection with the Loan Application are complete and accurate in all material respects. There has been no Material Adverse Change (as defined in the Loan Agreement) in any fact or circumstance that would make any such information incomplete or inaccurate.

43. SUBROGATION.

If, and to the extent that, the proceeds of the loan evidenced by the Note are used to pay, satisfy or discharge any obligation of Borrower for the payment of money that is secured by a pre-existing mortgage, deed of trust or other lien encumbering the Mortgaged Property (a "Prior Lien"), such loan proceeds shall be deemed to have been advanced by Lender at Borrower's request, and Lender shall automatically, and without further action on its part, be subrogated to the rights, including lien priority, of the owner or holder of the obligation secured by the Prior Lien, whether or not the Prior Lien is released.

44. ACCELERATION; REMEDIES.

Except as otherwise expressly provided in the Loan Documents, at any time during the existence of an Event of Default, Lender, at Lender's option, may declare the Indebtedness to be immediately due and payable without further demand, and may invoke the power of sale and any other remedies permitted by Texas law or provided in this Instrument or in any other Loan Document. Borrower acknowledges that the power
of sale granted in this Instrument may be exercised by Lender without prior judicial hearing. Lender shall be entitled to collect all reasonable costs and expenses incurred in pursuing such remedies, including reasonable attorneys' fees, costs of documentary evidence, abstracts and title reports.

If Lender invokes the power of sale, Lender may, by and through the Trustee, or otherwise, sell or offer for sale the Mortgaged Property in such portions, order and parcels as Lender may determine, with or without having first taken possession of the Mortgaged Property, to the highest bidder for cash at public auction. Such sale shall be made at the designated place in the county in which all or any part of the Land to be sold is situated (whether the parts or parcel, if any, situated in different counties are contiguous or not, and without the necessity of having any Personally present at such sale) on the first Tuesday of any month between the hours of 10:00 a.m. and 4:00 p.m., after advertising the time, place and terms of sale and that portion of the Mortgaged Property to be sold by posting or causing to be posted written or printed notice of sale at least twenty-one (21) days before the date of the sale at the designated place in the county in which the sale is to be made and at the designated place in any other county in which a portion of the Land may be situated, and by filing such notice with the County Clerk(s) of the county(s) in which all or a portion of the Land may be situated, which notice may be posted and filed by the Trustee acting, or by any person acting for the Trustee, and Lender has, at least twenty-one (21) days before the date of the sale, served written or printed notice of the proposed sale by certified mail on each debtor obliged to pay the Indebtedness according to Lender's records by the deposit of such notice, enclosed in a postpaid wrapper, properly addressed to such debtor at debtor's most recent address as shown by Lender's records, in a post office or official depository under the care and custody of the United States Postal Service. The affidavit of any person having knowledge of the facts to the effect that such service was completed shall be prima facie evidence of the fact of service.

Trustee shall deliver to the purchaser at the sale, within a reasonable time after the sale, a deed conveying the Mortgaged Property so sold in fee simple with covenants of general warranty. Borrower covenants and agrees to defend generally the purchaser's title to the Mortgaged Property against all claims and demands. The recitals in Trustee's deed shall be prima facie evidence of the truth of the statements contained in those recitals. Trustee shall apply the proceeds of the sale in the following order: (a) to all reasonable costs and expenses of the sale, including reasonable Trustee's fees not to exceed 3% of the gross sale price (unless higher fees are customary in the jurisdiction where the Mortgaged Property is located) and attorneys' fees and costs of title evidence; (b) to the Indebtedness in such order as Lender, in Lender's discretion, directs; and (c) the excess, if any, to the person or persons legally entitled to the excess.

If all or any part of the Mortgaged Property is sold pursuant to this Section 44, Borrower will be divested of any and all interest and claim to the Mortgaged Property, including any interest or claim to all insurance policies, utility deposits, bonds, loan commitments and other intangible property included as a part of the Mortgaged
Property. Additionally, after a sale of all or any part of the Land, Improvements, Fixtures and Personalty, Borrower will be considered a tenant at sufferance of the purchaser of the same, and the purchaser shall be entitled to immediate possession of such property. If Borrower shall fail to vacate the Mortgaged Property immediately, the purchaser may and shall have the right, without further notice to Borrower, to go into any justice court in any precinct or county in which the Mortgaged Property is located and file an action in forcible entry and detainer, which action shall lie against Borrower or its assigns or legal representatives, as a tenant at sufferance. This remedy is cumulative of any and all remedies the purchaser may have under this Instrument or otherwise.

In any action for a deficiency after a foreclosure under this Instrument prior to the Conversion Date, if any person against whom recovery is sought requests the court in which the action is pending to determine the fair market value of the Mortgaged Property, as of the date of the foreclosure sale, the following shall be the basis of the court's determination of fair market value:

(a) the Mortgaged Property shall be valued "as is" and in its condition as of the date of foreclosure, and no assumption of increased value because of post-foreclosure repairs, refurbishment, restorations or improvements shall be made;

(b) any adverse effect on the marketability of title because of the foreclosure or because of any other title condition not existing as of the date of this Instrument shall be considered;

(c) the valuation of the Mortgaged Property shall be based upon an assumption that the foreclosure purchaser desires a prompt resale of the Mortgaged Property for cash within a six month period after foreclosure;

(d) although the Mortgaged Property may be disposed of more quickly by the foreclosure purchaser, the gross valuation of the Mortgaged Property as of the date of foreclosure shall be discounted for a hypothetical reasonable holding period (not to exceed 6 months) at a monthly rate equal to the average monthly interest rate on the Note for the twelve months before the date of foreclosure;

(e) the gross valuation of the Mortgaged Property as of the date of foreclosure shall be further discounted and reduced by reasonable estimated costs of disposition, including brokerage commissions, title policy premiums, environmental assessment and clean-up costs, tax and assessment, prorations, costs to comply with legal requirements and attorneys' fees;
(f) expert opinion testimony shall be considered only from a licensed appraiser certified by the State of Texas and, to the extent permitted under Texas law, a member of the Appraisal Institute, having at least five years' experience in appraising property similar to the Mortgaged Property in the county where the Mortgaged Property is located, and who has conducted and prepared a complete written appraisal of the Mortgaged Property taking into considerations the factors set forth in this Instrument; no expert opinion testimony shall be considered without such written appraisal;

(g) evidence of comparable sales shall be considered only if also included in the expert opinion testimony and written appraisal referred to in the preceding paragraph; and

(h) an affidavit executed by Lender to the effect that the foreclosure bid accepted by Trustee was equal to or greater than the value of the Mortgaged Property determined by Lender based upon the factors and methods set forth in subparagraphs (a) through (g) above before the foreclosure shall constitute prima facie evidence that the foreclosure bid was equal to or greater than the fair market value of the Mortgaged Property on the foreclosure date.

Lender may, at Lender's option, comply with these provisions in the manner permitted or required by Title 5, Section 51.002 of the Texas Property Code (relating to the sale of real estate) or by Chapter 9 of the Texas Business and Commerce Code (relating to the sale of collateral after default by a debtor), as those titles and chapters now exist or may be amended or succeeded in the future, or by any other present or future articles or enactments relating to same subject. Unless expressly excluded, the Mortgaged Property shall include Rents collected before a foreclosure sale, but attributable to the period following the foreclosure sale, and Borrower shall pay such Rents to the purchaser at such sale. At any such sale:

(a) whether made under the power contained in this Instrument, Section 51.002, the Texas Business and Commerce Code, any other legal requirement or by virtue of any judicial proceedings or any other legal right, remedy or recourse, it shall not be necessary for Trustee to have physically present, or to have constructive possession of, the Mortgaged Property (Borrower shall deliver to Trustee any portion of the Mortgaged Property not actually or constructively possessed by Trustee immediately upon demand by Trustee) and the title to and right of possession of any such property shall pass to the purchaser as completely as if the property had been actually present and delivered to the purchaser at the sale;
(b) each instrument of conveyance executed by Trustee shall contain a
general warranty of title (subject to all Permitted Exceptions), binding
upon Borrower;

(c) the recitals contained in any instrument of conveyance made by
Trustee shall conclusively establish the truth and accuracy of the
matters recited in the Instrument, including nonpayment of the
Indebtedness and the advertisement and conduct of the sale in the
manner provided in this Instrument and otherwise by law and the
appointment of any successor Trustee;

(d) all prerequisites to the validity of the sale shall be conclusively
presumed to have been satisfied;

(e) the receipt of Trustee or of such other party or officer making the sale
shall be sufficient to discharge to the purchaser or purchasers for
such purchaser(s)' purchase money, and no such purchaser or
purchasers, or such purchaser(s)' assigns or personal
representatives, shall thereafter be obligated to see to the application
of such purchase money or be in any way answerable for any loss,
misapplication or nonapplication of such purchase money;

(f) to the fullest extent permitted by law, Borrower shall be completely
and irrevocably divested of all of Borrower's right, title, interest,
claim and demand whatsoever, either at law or in equity, in and to
the property sold, and such sale shall be a perpetual bar to any claim
to all or any part of the property sold, both at law and in equity,
against Borrower and against any person claiming by, through or
under Borrower; and

(g) to the extent and under such circumstances as are permitted by law,
Lender may be a purchaser at any such sale.

45. RELEASE.

Upon payment of the Indebtedness, Lender shall release this Instrument by
executing any and all appropriate termination and/or release documents. Borrower
shall pay Lender's reasonable third party costs actually incurred in releasing this
Instrument.

46. TRUSTEE.

(a) Trustee may resign by giving of notice of such resignation in writing
to Lender. If Trustee shall die, resign or become disqualified from
acting under this Instrument or shall fail or refuse to act in accordance with this Instrument when requested by Lender or if for any reason and without cause Lender shall prefer to appoint a substitute trustee to act instead of the original Trustee named in this Instrument or any prior successor or substitute trustee, Lender shall have full power to appoint a substitute trustee and, if preferred, several substitute trustees in succession who shall succeed to all the estate, rights, powers and duties of the original Trustee named in this Instrument. Such appointment may be executed by an authorized officer, agent or attorney-in-fact of Lender (whether acting pursuant to a power of attorney or otherwise), and such appointment shall be conclusively presumed to be executed with authority and shall be valid and sufficient without proof of any action by Lender.

(b) Any successor Trustee appointed pursuant to this Section shall, without any further act, deed or conveyance, become vested with all the estates, properties, rights, powers and trusts of the predecessor Trustee with like effect as if originally named as Trustee in this Instrument; but, nevertheless, upon the written request of Lender or such successor Trustee, the Trustee ceasing to act shall execute and deliver an instrument transferring to such successor Trustee, all the estates, properties, rights, powers and trusts of the Trustee so ceasing to act, and shall duly assign, transfer and deliver any of the property and monies held by the Trustee ceasing to act to the successor Trustee.

(c) Trustee may authorize one or more parties to act on Trustee’s behalf to perform the ministerial functions required of Trustee under this Instrument, including the transmittal and posting of any notices.

47. [INTENTIONALLY OMITTED]

48. NO FIDUCIARY DUTY.

Lender owes no fiduciary or other special duty to Borrower.

49. FIXTURE FILING.

This Instrument is also a fixture filing under the Uniform Commercial Code of Texas.
50. ADDITIONAL PROVISIONS REGARDING ASSIGNMENT OF RENTS.

In no event shall the assignment of Rents or Leases in Section 3 and Section 4 cause the Indebtedness to be reduced by an amount greater than the Rents actually received by Lender and applied by Lender to the Indebtedness, whether before, during or after (i) an Event of Default, or (ii) a suspension or revocation of the license granted to Borrower in Section 3(b) with regard to the Rents. Borrower and Lender specifically intend that the assignment of Rents and Leases in Section 3 and Section 4 is not intended to result in a pro tanto reduction of the Indebtedness. The assignment of Rents and Leases in Section 3 and Section 4 is not intended to constitute a payment of, or with respect to, the Indebtedness and, therefore, Borrower and Lender specifically intend that the Indebtedness shall not be reduced by the value of the Rents and Leases assigned. Such reduction shall occur only if, and to the extent that, Lender actually receives Rents pursuant to Section 3 and applies such Rents to the Indebtedness. Borrower agrees that the value of the license granted with regard to the Rents equals the value of the collateral assignment of Rents to Lender. The assignment of Rents contained in Sections 3 and 4 shall automatically terminate upon the release of this Instrument.

51. LOAN CHARGES.

Borrower and Lender intend at all times to comply with the laws of the State of Texas governing the maximum rate or amount of interest payable on or in connection with the Indebtedness (or applicable United States federal law to the extent that it permits Lender to contract for, charge, take, reserve or receive a greater amount of interest than under Texas law). If the applicable law is ever judicially interpreted so as to render usurious any amount payable under the Note, this Instrument or any other Loan Document, or contracted for, charged, taken, reserved or received with respect to the Indebtedness, or if acceleration of the maturity of the Indebtedness, or if any prepayment by Borrower results in Borrower having paid any interest in excess of that permitted by any applicable law, then Borrower and Lender expressly intend that all excess amounts collected by Lender shall be applied to reduce the unpaid principal balance of the Indebtedness (or, if the Indebtedness has been or would thereby be paid in full, shall be refunded to Borrower), and the provisions of the Note, this Instrument and the other Loan Documents immediately shall be deemed reformed and the amounts thereafter collectible under the Loan Documents reduced, without the necessity of the execution of any new documents, so as to comply with any applicable law, but so as to permit the recovery of the fullest amount otherwise payable under the Loan Documents. The right to accelerate the maturity of the Indebtedness does not include the right to accelerate any interest which has not otherwise accrued on the date of such acceleration, and Lender does not intend to collect any unearned interest in the event of acceleration. All sums paid or agreed to be paid to Lender for the use, forbearance or detention of the Indebtedness shall, to the extent permitted by applicable law, be amortized, prorated, allocated and spread throughout the full term of the Indebtedness until payment in full so that the rate or amount of interest on account of the Indebtedness does not exceed the applicable usury ceiling. Notwithstanding any
provision contained in the Note, this Instrument or any other Loan Document that permits the compounding of interest, including any provision by which any accrued interest is added to the principal amount of the Indebtedness, the total amount of interest that Borrower is obligated to pay and Lender is entitled to receive with respect to the Indebtedness shall not exceed the amount calculated on a simple (i.e., noncompounded) interest basis at the maximum rate on principal amounts actually advanced to or for the account of Borrower, including all current and prior advances and any advances made pursuant to the Instrument or any other Loan Document (such as for the payment of Impositions and similar expenses or costs).

52. PROPERTY AND LIABILITY INSURANCE — DELIVERY OF POLICY TO LENDER.

Notwithstanding the provisions of Section 19(b), Borrower shall not be required to deliver the original (or a duplicate original) of any renewal policy of insurance to Lender more than 15 days prior to the expiration date of the policy then held by Lender.

53. ENTIRE AGREEMENT.

THIS INSTRUMENT, THE NOTE AND THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR SUBSEQUENT ORAL AGREEMENTS. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.

54. WAIVER OF TRIAL BY JURY.

BORROWER AND LENDER EACH (A) COVENANTS AND AGREES NOT TO ELECT A TRIAL BY JURY WITH RESPECT TO ANY ISSUE ARISING OUT OF THIS INSTRUMENT OR THE RELATIONSHIP BETWEEN THE PARTIES AS BORROWER AND LENDER THAT IS TRIABLE OF RIGHT BY A JURY AND (B) WAIVES ANY RIGHT TO TRIAL BY JURY WITH RESPECT TO SUCH ISSUE TO THE EXTENT THAT ANY SUCH RIGHT EXISTS NOW OR IN THE FUTURE. THIS WAIVER OF RIGHT TO TRIAL BY JURY IS SEPARATELY GIVEN BY EACH PARTY, KNOWINGLY AND VOLUNTARILY WITH THE BENEFIT OF COMPETENT LEGAL COUNSEL.

55. NO DRILLING OR EXPLORATION.

Without the prior written consent of Lender, which such consent shall not be unreasonably withheld, conditioned or delayed, except for the offsite extraction of mineral from under the Land pursuant to mineral leases existing as of the date hereof, Borrower shall not permit any drilling or exploring on the Land for or extraction, removal, or production of minerals from the surface or subsurface of the Land (in no event may there be any drilling operation on the surface of the Land). The term "minerals" as used herein shall include, without limiting the generality of such term, oil, gas, casinghead
gas, coal, lignite, hydrocarbons, methane, carbon dioxide, helium, uranium and all other natural elements, compounds and substances, including sand and gravel.

56. CONSTRUCTION INSTRUMENT.

THIS INSTRUMENT SECURES ANY OBLIGATION INCURRED FOR THE CONSTRUCTION OF IMPROVEMENTS ON THE LAND. THIS INSTRUMENT IS A "CONSTRUCTION MORTGAGE" FOR PURPOSES OF SECTIONS 9.334(h) AND 2A.309 OF THE TEXAS BUSINESS AND COMMERCE CODE.

57. INDEMNIFICATION OF TRUSTEE.

EXCEPT FOR GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, TRUSTEE SHALL NOT BE LIABLE FOR ANY ACT OR OMISSION OR ERROR OF JUDGMENT. TRUSTEE MAY RELY ON ANY DOCUMENT BELIEVED BY HIM IN GOOD FAITH TO BE GENUINE. ALL MONEY RECEIVED BY TRUSTEE SHALL, UNTIL USED OR APPLIED AS HEREIN PROVIDED, BE HELD IN TRUST, BUT NEED NOT BE SEGREGATED (EXCEPT TO THE EXTENT REQUIRED BY LAW), AND TRUSTEE SHALL NOT BE LIABLE FOR INTEREST THEREON. BORROWER HEREBY INDEMNIFIES TRUSTEE AGAINST ALL LIABILITY TO A THIRD PARTY AND REASONABLE EXPENSES THAT HE MAY INCUR IN THE PERFORMANCE OF HIS DUTIES HEREUNDER, EXCEPT TO THE EXTENT THE SAME RESULTS FROM TRUSTEE'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

58. ACCELERATION IN CASE OF BORROWER'S INSOLVENCY.

If (a) Borrower shall voluntarily file a petition under Title 11 of the United States Code, or under any similar or successor Federal statute relating to bankruptcy, insolvency, arrangements or reorganizations, or under any state bankruptcy or insolvency act, or file an answer in an involuntary proceeding admitting insolvency or inability to pay debts, or if (b) Borrower shall fail to obtain a removal, discharge, vacation or stay of involuntary proceedings within ninety (90) days of the date brought or filed for the reorganization, dissolution or liquidation of Borrower, or if (c) Borrower shall be adjudged a bankrupt, or if a trustee or receiver shall be appointed for Borrower or Borrower’s property, or if the Mortgaged Property shall become subject to the jurisdiction of a Federal bankruptcy court or similar state court, and such is not vacated, stayed, discharged, or removed within ninety (90) days, or if (d) Borrower shall make an assignment for the benefit of Borrower's creditors, or if there is an attachment, execution or other judicial seizure of any portion of Borrower's assets and such seizure is not discharged within ninety (90) days, then Lender may, at Lender's option, declare all of the sums secured by this Instrument to be immediately due and payable without prior notice to Borrower, and Lender may invoke any remedies permitted by Section 44 of this Instrument. Any attorneys' fees and other expenses incurred by Lender in connection with Borrower's bankruptcy or any of the other aforesaid events shall be additional indebtedness of Borrower secured by this Instrument. Notwithstanding
anything to the contrary, Borrower shall have 90 days to dismiss any proceedings contemplated under this Section 58.

59. EXTENDED LOW-INCOME HOUSING COMMITMENT.

Lender agrees that the lien of this Instrument shall be subordinate to any extended low-income housing commitment (as such term is defined in Section 42(h)(6)(B) of the Internal Revenue Code) (the "Extended Use Agreement") recorded against the Mortgaged Property; provided that such Extended Use Agreement, by its terms, must terminate upon foreclosure under this Instrument or upon a transfer of the Mortgaged Property by instrument in lieu of foreclosure, in accordance with Section 42(h)(6)(E) of the Internal Revenue Code. Lender further agrees that, as of the date hereof, Internal Revenue Code Section 42(h)(6)(E)(ii) does not permit the eviction or termination of tenancy (other than for good cause) of an existing tenant of any low-income unit or an increase in the gross rent with respect to such unit not otherwise permitted under Internal Revenue Code Section 42 for a period of three (3) years after the date the building is acquired by foreclosure or by instrument in lieu of foreclosure.

60. ANNUAL LIHTC REPORTING REQUIREMENTS.

Borrower must submit to Lender, each year at the time of annual submission of Borrower’s financial analysis of operations, a copy of the following sections of Borrower’s federal tax return: Internal Revenue Forms 1065, 8586, 8609 and Form 8609, Schedule A, which must reflect the total low-income housing tax credits ("LIHTCs") allocated to the Mortgaged Property and the LIHTCs claimed for the Mortgaged Property in the preceding year.

61. CROSS-DEFAULT.

Borrower acknowledges and agrees that any default, event of default, or breach (however such terms may be defined) after the expiration of any applicable notice and/or cure periods under the Extended Use Agreement shall be an Event of Default under this Instrument and that any costs, damages or other amounts, including reasonable attorney’s fees incurred by the Lender as a result of such an Event of Default by Borrower, including amounts paid to cure any default or event of default under the Extended Use Agreement shall be an obligation of Borrower and become a part of the Indebtedness secured by this Instrument.

62. BANK CONSENT.

When Lender is required under this Instrument or any of the other Loan Documents to provide its consent or approval, or render its determination, judgment, decision or satisfaction, such consent, approval, determination, judgment, decision or satisfaction (or the denial thereof, as the case may be) shall not be unreasonably withheld or conditioned and shall be given within a reasonable time after its receipt of the request therefor, taking into consideration the circumstances of the request.
63. **ANNUAL COMPLIANCE.**

Borrower shall submit to Lender on an annual basis, evidence that the Mortgaged Property is in ongoing compliance with all income, occupancy and rent restrictions under the Extended Use Agreement relating to the Mortgaged Property. Such submissions shall be made contemporaneously with Borrower's reports required to be made to the regulator under the Extended Use Agreement.

64. **INDEMNIFICATION.**

Notwithstanding anything to the contrary herein set forth or in any of the other Loan Documents, Borrower's indemnification requirements shall not apply to any Indemnitee or Lender Party to the extent the subject of the indemnification is caused by or arises solely and directly by the gross negligence or willful misconduct of any Indemnitee or Lender Party.

65. **CONTROLLING DOCUMENT**

After the Conversion Date, and except as otherwise expressly provided herein, all irreconcilable inconsistencies or conflicts between the terms of this Instrument with the terms of any other Loan Document shall be governed and controlled by the terms of this Instrument.

66. **INSURANCE AND CONDEMNATION PROCEEDS.**

Notwithstanding anything to the contrary contained herein or in any of the other Loan Documents, in the event of any fire or other casualty to the Mortgaged Property or eminent domain proceedings resulting in condemnation of the Mortgaged Property, or any part thereof, Borrower shall have the right to rebuild the Mortgaged Property, and to use all available insurance or condemnation proceeds therefor, provided that (a) such proceeds or such other funds Lender has determined are then readily available to Borrower are sufficient to keep the loan evidenced by the Loan Documents (the "Loan") in balance as required by the Loan Agreement and rebuild the Mortgaged Property in a manner that provides adequate security to Lender for repayment of the Loan, or if such proceeds are insufficient then Borrower shall have funded any deficiency in a manner satisfactory to Lender; (b) Lender shall have the right to approve plans and specifications for the rebuilding, the right to approve the schedule for the rebuilding, and the right to approve disbursements of insurance or condemnation proceeds for rebuilding under a construction escrow or similar arrangement; and (c) no continuing Event of Default then exists under the Loan Documents that, if prior to the Conversion Date, cannot be cured by the rebuilding of the Mortgaged Property exists. If the casualty or condemnation affects only a portion of the Mortgaged Property and total rebuilding is infeasible, then the proceeds shall be used for partial rebuilding and partial repayment of the Loan in a manner that provides adequate security to Lender for repayment of the remaining balance of the Loan.
67. WAIVER OF SPECIAL DAMAGES.

TO THE EXTENT PERMITTED BY APPLICABLE LAW, NEITHER LENDER NOR BORROWER SHALL ASSERT, AND HEREBY WAIVE, ANY CLAIM AGAINST THE OTHER, ON ANY THEORY OF LIABILITY FOR SPECIAL, INDIRECT, CONSEQUENTIAL OR PUNITIVE DAMAGES (AS OPPOSED TO DIRECT OR ACTUAL DAMAGES) ARISING OUT OF, IN CONNECTION WITH, OR AS A RESULT OF, THIS INSTRUMENT OR ANY OF THE OTHER LOAN DOCUMENTS.

68. LOAN CHARGES.

If any applicable law limiting the amount of interest or other charges permitted to be collected from Borrower is interpreted so that any charge provided for in any Loan Document, whether considered separately or together with other charges levied in connection with any other Loan Document, violates that law, and Borrower is entitled to the benefit of that law, that charge is hereby reduced to the extent necessary to eliminate that violation. The amounts, if any, previously paid to Lender in excess of the permitted amounts shall be applied by Lender to reduce the principal of the Indebtedness. For the purpose of determining whether any applicable law limiting the amount of interest or other charges permitted to be collected from Borrower has been violated, all Indebtedness which constitutes interest, as well as all other charges levied in connection with the Indebtedness which constitute interest, shall be deemed to be allocated and spread over the stated term of the Note. Unless otherwise required by applicable law, such allocation and spreading shall be effected in such a manner that the rate of interest so computed is uniform throughout the stated term of the Note.

69. NOTICE OF LITIGATION.

Borrower shall, in addition to, and without in any way limiting, the other requirements in this Agreement to provide certain notices to Lender, deliver to Lender, promptly upon any officer or partner having actual knowledge of any litigation or proceeding or contingent liability in which the amount involved is $75,000.00 or more, which is not covered by insurance, and which involves Borrower as a defendant or the Premises or any other property of Borrower, a written statement with respect thereto, signed by an authorized representative of Borrower, advising Lender of the occurrence of such event or circumstance and the steps, if any, being taken by Borrower with respect thereto. Notwithstanding the foregoing, if an Event of Default or any event, act or condition which, with the passage of time or the giving of notice, or both, would constitute an Event of Default is cured within the applicable cure periods, then any unintentional failure to provide the notice that such event has occurred shall also be deemed cured.

IN WITNESS WHEREOF, Borrower has signed and delivered this Instrument or has caused this Instrument to be signed and delivered by its duly authorized representative.

2. UNIFORM COMMERCIAL CODE SECURITY AGREEMENT.

(a) This Instrument is also a security agreement under the Uniform Commercial Code for any of the Mortgaged Property which, under applicable law, may be subject to a security interest under the Uniform Commercial Code, whether acquired now or in the future, and all products and cash and non-cash proceeds thereof (collectively, "UCC Collateral"), and Borrower hereby grants to Lender a security interest in the UCC Collateral. Borrower hereby authorizes Lender to file financing statements, continuation statements and financing statement amendments in such form as Lender may require to perfect or continue the perfection of this security interest and Borrower agrees, if Lender so requests,
to execute and deliver to Lender such financing statements, continuation statements and amendments. Borrower shall pay all filing costs and all costs and expenses of any record searches for financing statements that Lender may reasonably require. **Without the prior written consent of Lender, and except for the Permitted Exceptions, Borrower shall not create or permit to exist any other lien or security interest in any of the UCC Collateral.** If an Event of Default has occurred and is continuing, in addition to the remedies provided in Section 44 hereof, during the continuance of an Event of Default hereunder, Lender may, at its option, do any one or more of the following:

1. Subject to applicable law, either personally, or by means of a court appointed receiver, take possession of all or any of the UCC Collateral and exclude therefrom Borrower and all others claiming under Borrower, and thereafter hold, store, use, operate, manage, maintain and control, make repairs, replacements, alterations, additions and improvements to and exercise all rights and powers of Borrower with respect to the UCC Collateral or any part thereof. In the event Lender demands, or attempts to take possession of the UCC Collateral in the exercise of any rights under this Instrument, Borrower agrees to promptly turn over and deliver possession thereof to Lender;

2. Without notice to or demand upon Borrower, make such payments and do such acts as Lender may deem necessary to protect its security interest in the UCC Collateral (including, without limitation, paying, purchasing, contesting or compromising any Lien or Encumbrance, whether superior or inferior to such security interest) and in exercising any such powers or authority to pay all reasonable expenses (including, without limitation, litigation costs and reasonable attorneys’ fees) incurred in connection therewith;

3. Require Borrower from time to time to assemble the UCC Collateral, or any portion thereof, at a place designated by Lender and reasonably convenient to both parties, and deliver promptly such UCC Collateral to Lender (to the extent the UCC Collateral may be physically delivered), or an agent or representative designated by Lender. Lender, and its agents and representatives, shall have the right to enter upon any or all of Borrower’s premises and property to exercise Lender’s rights hereunder;

4. Realize upon the UCC Collateral or any part thereof as herein provided or in any manner permitted by law and exercise any and all of the other rights and remedies conferred upon Lender by
this Instrument, any other Loan Document, or by law, either concurrently or in such order as Lender may determine;

(5) Sell or cause to be sold, in any manner permitted by applicable law, in such order as Lender may determine, as a whole or in such parcels as Lender may determine, the UCC Collateral and the remainder of the Mortgaged Property;

(6) Sell, lease, or otherwise dispose, in any manner permitted by applicable law, of the UCC Collateral at public sale, upon terms and in such manner as Lender may determine. Lender may be a purchaser at any sale; and

(7) Exercise any remedies of a secured party under the Uniform Commercial Code of Texas or any other applicable law.

(b) Unless the UCC Collateral is perishable or threatens to decline speedily in value or is of a type customarily sold on a recognized market, for a UCC Sale unrelated to a foreclosure under Section 44, Lender shall give Borrower at least ten (10) days’ prior written notice of the time and place of any public or private sale of the UCC Collateral or other intended disposition thereof to be made. Such notice may be mailed to Borrower at the address set forth above.

(c) The proceeds of any sale under Subsection (5) above shall be applied as follows:

(1) To the repayment of the reasonable costs and expenses of taking, holding, and preparing for the sale and the selling of the UCC Collateral (including, without limitation, costs of litigation and attorneys’ fees) and the discharge of all Impositions, Liens and Encumbrances, and claims thereof, if any, on the UCC Collateral prior to the security interest granted herein (except any Impositions or Liens and Encumbrances subject to which such sale shall have been made);

(2) To the payment of the Indebtedness in such order as Lender shall determine; and

(3) The surplus, if any, shall be paid to the Borrower or as a court of competent jurisdiction may direct.

Lender shall have the right to enforce one or more remedies hereunder, successively or concurrently, and such action shall not operate to estop or prevent Lender from pursuing any further remedy that it may have. Any repossession or
retaking or sale of the UCC Collateral pursuant to the terms hereof shall not operate to release Borrower until full payment of any deficiency has been made in cash.

Upon its recording in the real property records, this Instrument shall be effective as a financing statement filed as a fixture filing. In addition, a carbon, photographic or other reproduced copy of this Instrument and/or any financing statement relating hereto shall be sufficient for filing and/or recording as a financing statement. The filing of any other financing statement relating to any personal property, rights or interests described herein shall not be construed to diminish any right or priority hereunder. Information concerning the security interest created by this Instrument may be obtained from Lender, as secured party, at the address of Lender stated above. The mailing address of Borrower, as debtor, is as stated above.

3. ASSIGNMENT OF RENTS; APPOINTMENT OF RECEIVER; LENDER IN POSSESSION.

(a) As part of the consideration for the Indebtedness, Borrower grants a security interest to Lender in the Rents, in accordance with the Texas Assignment of Rents Act (codified as Chapter 64 of the Texas Property Code). Notwithstanding any other provision hereof or in any of the Loan Documents to the contrary, all provisions related to the assignment of rents are subject to the terms, provisions, and conditions of the Texas Assignment of Rents Act (“TARA”), as codified in Tex. Prop. Code, Chapter 64, as the same may be amended, modified or supplemented from time to time. To the extent that specific terms and requirements of this Instrument or any other Loan Document, including the Loan Agreement, conflict with the specific terms and requirements of TARA, (i) to the extent such terms and requirements of TARA may be superseded by an agreement between the parties, the specific terms and requirements of this Instrument or the other Loan Documents hereby supersedes such specific terms and requirements of TARA; and (ii) to the extent that such terms and requirements of TARA cannot be superseded by an agreement between the parties, the specific terms and requirements of TARA shall control, and the parties further agree that all other terms and requirements of this Instrument or the other Loan Documents shall not otherwise be impaired or superseded thereby and shall remain in full force and effect. This Instrument is intended to be a Security Instrument for purposes of TARA and the Indebtedness shall be a secured obligation for purposes of TARA. Promptly upon request by Lender, Borrower agrees to execute and deliver such further assignments as Lender may from time to time reasonably require. Borrower and Lender intend this assignment and grant of a security interest of Rents to be an assignment for security of the Indebtedness. Rents shall be deemed to be a part of the “Mortgaged Property”. It is the intention of the
Borrower that this Instrument create and perfect a lien on Rents in favor of Lender, which lien shall be effective as of the date of this Instrument.

(b) If an Event of Default has occurred and is continuing, Borrower authorizes Lender to collect, sue for and compromise Rents and directs each tenant of the Mortgaged Property to pay all Rents to, or as directed by, Lender, and Borrower shall, upon Borrower’s receipt of any Rents from any sources (including, but not limited to subsidy payments under any Housing Assistance Payments Contract), pay the total amount of such receipts to the Lender. However, so long as no Event of Default has occurred and is continuing, Lender hereby grants to Borrower a revocable license to collect and receive all Rents, to hold all Rents in trust for the benefit of Lender and to apply all Rents to pay the installments of interest and principal then due and payable under the Note and the other amounts then due and payable under the other Loan Documents, including Imposition Deposits, and to pay the current costs and expenses of managing, operating and maintaining the Mortgaged Property, including utilities, Taxes and insurance premiums (to the extent not included in Imposition Deposits), tenant improvements and other capital expenditures. So long as no Event of Default has occurred and is continuing, the Rents remaining after application pursuant to the preceding sentence may be retained by Borrower free and clear of, and released from, Lender’s rights with respect to Rents under this Instrument. From and during the continuance of an Event of Default, and without the necessity of Lender entering upon and taking and maintaining control of the Mortgaged Property directly, or by a receiver, Borrower’s license to collect Rents shall automatically terminate and Lender shall without notice be entitled to all Rents as they become due and payable, including Rents then due and unpaid, and Borrower shall pay to Lender upon demand all Rents to which Lender is entitled. At any time during the continuance of an Event of Default, Lender may give, and Borrower hereby irrevocably authorizes Lender to give, notice to all tenants of the Mortgaged Property instructing them to pay all Rents to Lender; provided, however, that the giving of any such notice by Lender shall not affect, in any way, Lender’s entitlement to the Rents as of the date on which the Event of Default occurs. Without limiting the foregoing, upon the receipt by a tenant of a Notice to Pay Rents to Person Other Than Landlord ("NPROL") provided by Lender pursuant to Section 64.055 of TARA after the occurrence of an Event of Default, Borrower shall (and authorizes tenants under Leases to) (1) immediately turn over all Rents which Lender is entitled to collect under Section 64.053 of TARA; (2) not deduct any portion of the Rents for any purpose, notwithstanding any other provision of TARA, this Deed of Trust, or other Loan Document; and (3) shall pay all Rents as they accrue to the Lender. Further, no tenant shall have any right to delay payment of rent contemplated by Section 64.055(d) of TARA or numbered paragraph 3 of the statutory form of NPROL set forth in Section 64.055 of TARA.
No tenant shall be obligated to inquire further as to the occurrence or continuance of an Event of Default, and no tenant shall be obligated to pay to Borrower any amounts which are actually paid to Lender in response to such a notice. Any such notice by Lender shall be delivered to each tenant personally, by mail or by delivering such demand to each rental unit. Borrower shall not interfere with and shall cooperate with Lender’s collection of such Rents.

(c) Except in connection with a subordinate assignment made in the AHFC Loan Documents (as that term is defined in the Loan Agreement), Borrower represents and warrants to Lender that Borrower has not executed any prior assignment of Rents (other than an assignment of Rents securing any prior indebtedness that is being assigned to Lender or that will be paid off and discharged with the proceeds of the loan evidenced by the Note), that Borrower has not performed, and Borrower covenants and agrees that it will not perform, any acts and has not executed, and shall not execute, any instrument which would prevent Lender from exercising its rights under this Section 3, and that at the time of execution of this Instrument there has been no anticipation or prepayment of any Rents for more than two months prior to the due dates of such Rents, with the exception of advance Rent in the amount of one month rent which is collected at the time of execution of a lease and held as a security deposit. Borrower shall not collect or accept payment of any Rents more than two months prior to the due dates of such Rents, with the exception of advance Rent in the amount of one month Rent which is collected at the time of execution of a Lease and held as a security deposit.

(d) If an Event of Default has occurred and is continuing, Lender may, regardless of the adequacy of Lender’s security or the solvency of Borrower and even in the absence of waste, enter upon and take and maintain full control of the Mortgaged Property in order to perform all acts that Lender in its discretion determines to be necessary or desirable for the operation and maintenance of the Mortgaged Property, including the execution, cancellation or modification of Leases, the collection of all Rents, the making of repairs to the Mortgaged Property and the execution or termination of contracts providing for the management, operation or maintenance of the Mortgaged Property, for the purposes of enforcing the assignment of Rents pursuant to Section 3(a), protecting the Mortgaged Property or the security of this Instrument, or for such other purposes as Lender in its reasonable discretion may deem necessary or desirable. Alternatively, if an Event of Default has occurred and is continuing, regardless of the adequacy of Lender’s security, without regard to Borrower’s solvency and without the necessity of giving prior notice (oral or written) to Borrower, Lender may apply to any court having jurisdiction for the appointment of a receiver for the Mortgaged Property to take any or all of the actions set forth in the preceding sentence. If Lender elects to seek the appointment of a receiver
for the Mortgaged Property at any time an Event of Default has occurred and is continuing, Borrower, by its execution of this Instrument, expressly consents to the appointment of such receiver, including the appointment of a receiver ex parte if permitted by applicable law. Lender or the receiver, as the case may be, shall be entitled to receive a reasonable fee for managing the Mortgaged Property. Immediately upon appointment of a receiver or immediately upon the Lender’s entering upon and taking possession and control of the Mortgaged Property, Borrower shall surrender possession of the Mortgaged Property to Lender or the receiver, as the case may be, and shall deliver to Lender or the receiver, as the case may be, all documents, records (including records on electronic or magnetic media), accounts, surveys, plans, and specifications relating to the Mortgaged Property and all security deposits and prepaid Rents (Borrower may retain copies thereof). In the event Lender takes possession and control of the Mortgaged Property, Lender may exclude Borrower and its representatives from the Mortgaged Property. Borrower acknowledges and agrees that the exercise by Lender of any of the rights conferred under this Section 3 shall not be construed to make Lender a mortgagee-in-possession of the Mortgaged Property so long as Lender has not itself entered into actual possession of the Land and Improvements.

(e) If Lender enters the Mortgaged Property, Lender shall be liable to account only to Borrower and only for those Rents actually received. Lender shall not be liable to Borrower, anyone claiming under or through Borrower or anyone having an interest in the Mortgaged Property, by reason of any act or omission of Lender under this Section 3, and Borrower hereby releases and discharges Lender from any such liability to the fullest extent permitted by law, excluding any portion of such liability arising solely and exclusively from the gross negligence or willful misconduct of Lender, any Indemnitee (hereinafter defined) or any of Lender’s agents, employees, contractors, officers and/or invitees (collectively, the “Lender Parties”, and individually, a “Lender Party”).

(f) If the Rents are not sufficient to meet the costs of taking control of and managing the Mortgaged Property and collecting the Rents, any funds expended by Lender for such purposes shall become an additional part of the Indebtedness as provided in Section 12.

(g) Any entering upon and taking of control of the Mortgaged Property by Lender or the receiver, as the case may be, and any application of Rents as provided in this Instrument shall not cure or waive any Event of Default or invalidate any other right or remedy of Lender under applicable law or provided for in this Instrument.
(h) Notwithstanding anything to the contrary in this assignment of Rents, this assignment of Rents is subject to and governed by the Texas Assignment of Rents Act, Chapter 64 of the Texas Property Code, as it may hereafter be amended ("TARA"). In the event of any conflict between this assignment of Rents and TARA, the latter shall control.

4. ASSIGNMENT OF LEASES; LEASES AFFECTING THE MORTGAGED PROPERTY.

(a) As part of the consideration for the Indebtedness, Borrower absolutely and unconditionally assigns and transfers to Lender all of Borrower’s right, title and interest in, to and under the Leases, including Borrower’s right, power and authority to modify the terms of any such Lease, or extend or terminate any such Lease. It is the intention of Borrower to establish a present, absolute and irrevocable transfer and assignment to Lender of all of Borrower’s right, title and interest in, to and under the Leases. Borrower and Lender intend this assignment of the Leases to be immediately effective and to constitute an absolute present assignment and not an assignment for additional security only. For purposes of giving effect to this absolute assignment of the Leases, and for no other purpose, the Leases shall not be deemed to be a part of the "Mortgaged Property". However, if this present, absolute and unconditional assignment of the Leases is not enforceable by its terms under the laws of the Property Jurisdiction, then the Leases shall be included as a part of the Mortgaged Property and it is the intention of the Borrower that in this circumstance this Instrument creates security interest on the Leases in favor of Lender, which shall be effective as of the date of this Instrument and be perfected upon the filing of an associated financing statement in the applicable filing office.

(b) Until an Event of Default has occurred and is continuing, Borrower shall have all rights, power and authority granted to Borrower under any Lease (except as otherwise limited by this Section or any other provision of this Instrument), including the right, power and authority to modify the terms of any Lease or extend or terminate any Lease. If an Event of Default has occurred and is continuing, the permission given to Borrower pursuant to the preceding sentence to exercise all rights, power and authority under Leases shall automatically terminate. Borrower shall comply with and observe Borrower’s obligations under all Leases, including Borrower’s obligations pertaining to the maintenance and disposition of tenant security deposits.

(c) Borrower acknowledges and agrees that the exercise by Lender, either directly or by a receiver, of any of the rights conferred under this Section 4 shall not be construed to make Lender a mortgagee-in-possession of the Mortgaged Property so long as Lender has not itself entered into actual
possession of the Land and the Improvements. The acceptance by Lender of the assignment of the Leases pursuant to Section 4(a) shall not at any time or in any event obligate Lender to take any action under this Instrument or to expend any money or to incur any expenses. Lender shall not be liable in any way for any injury or damage to person or property sustained by any person or persons, firm or corporation in or about the Mortgaged Property except to the extent caused solely and exclusively by the gross negligence or willful misconduct of any Lender Party (as hereinafter defined). Prior to Lender's actual entry into and taking possession of the Mortgaged Property, Lender shall not (i) be obligated to perform any of the terms, covenants and conditions contained in any Lease (or otherwise have any obligation with respect to any Lease); (ii) be obligated to appear in or defend any action or proceeding relating to the Lease or the Mortgaged Property; or (iii) be responsible for the operation, control, care, management or repair of the Mortgaged Property or any portion of the Mortgaged Property. The execution of this Instrument by Borrower shall constitute conclusive evidence that all responsibility for the operation, control, care, management and repair of the Mortgaged Property is and shall be that of Borrower, prior to such actual entry and taking of possession.

(d) If an Event of Default has occurred and is continuing, and without the necessity of Lender entering upon and taking and maintaining control of the Mortgaged Property directly, by a receiver, or by any other manner or proceeding permitted by the laws of the Property Jurisdiction, Lender shall have all rights, powers and authority granted to Borrower under any Lease, including the right, power and authority to modify the terms of any such Lease, or extend or terminate any such Lease.

(e) Borrower shall, promptly upon Lender's request, deliver to Lender an executed copy of each residential Lease then in effect. All Leases for residential dwelling units shall be substantially in the form approved by Lender, shall be for initial terms of at least six months and not more than two years, and shall not include options to purchase. If customary in the applicable market, residential Leases with terms of less than six months may be permitted with Lender's prior written consent.

(f) Except for any lease made in connection with providing tenant services such as cable, internet, laundry services, utility or similar services to tenants, Borrower shall not lease any portion of the Mortgaged Property for non-residential use except with the prior written consent of Lender, such consent not to be unreasonably withheld or conditioned, and Lender's prior written approval of the Lease Agreement. Borrower shall not modify the terms of, or extend or terminate, any Lease for non-residential use (including any Lease in existence on the date of this Instrument) without the prior written consent of Lender, such
consent not to be unreasonably withheld or conditioned. However, Lender's consent shall not be required for the modification or extension of a non-residential Lease if such modification or extension is on terms at least as favorable to Borrower as those customary at such time in the applicable market and the income from the modified or extended Lease will not be less than the income received from the Lease as of the date of the modification or extension. Borrower shall, without request by Lender, deliver an executed copy of each non-residential Lease to Lender promptly after such Lease is signed. All non-residential Leases, including renewals or extensions of existing Leases, shall specifically provide that (1) such Leases are subordinate to the lien of this Instrument (unless waived in writing by Lender); (2) the tenant shall attorn to Lender and any purchaser at a foreclosure sale, such attornment to be self-executing and effective upon acquisition of title to the Mortgaged Property by any purchaser at a foreclosure sale or by Lender in any manner; (3) the tenant agrees to execute such further evidences of attornment as Lender or any purchaser at a foreclosure sale may from time to time request; (4) the Lease shall not be terminated by foreclosure or any other transfer of the Mortgaged Property; (5) after a foreclosure sale of the Mortgaged Property, Lender or any other purchaser at such foreclosure sale may, at Lender's or such purchaser's option, accept or terminate such Lease; and (6) the tenant shall, upon receipt after the occurrence of an Event of Default of a written request from Lender, pay all Rents payable under the Lease to Lender.

(g) Borrower shall not receive or accept Rent under any Lease (whether residential or non-residential) for more than two months in advance, other than advance rent in the amount of one month rent collected at the time of execution of a Lease and held as a security deposit.

5. PAYMENT OF INDEBTEDNESS; PERFORMANCE UNDER LOAN DOCUMENTS; PREPAYMENT PREMIUM.

Borrower shall pay the Indebtedness when due in accordance with the terms of the Note and the other Loan Documents and shall perform, observe and comply with all other provisions of the Note and the other Loan Documents. Borrower shall pay a prepayment premium if and to the extent payable under the Note in connection with certain prepayments of the Indebtedness, including a payment made after Lender's exercise of any right of acceleration of the Indebtedness, as provided in the Note. Without limiting the requirements of the Loan Agreement, after the delivery of the Conversion Certificate, Borrower shall not incur any additional indebtedness other than as may be permitted by the Loan Agreement and other than in the ordinary course of Borrower's day to day business operations at the Mortgaged Property without Lender's prior written consent, which consent shall not be unreasonably withheld, conditioned, or delayed.
6. EXCULPATION.

Borrower’s personal liability for payment of the Indebtedness and for performance of the other obligations to be performed by it under this Instrument is limited in the manner, and to the extent, provided in the Note.

7. DEPOSITS FOR TAXES, INSURANCE AND OTHER CHARGES.

(a) Borrower shall deposit with Lender on the first day monthly installments of principal or interest are due under the Note on and after the Conversion Date and the delivery of the Conversion Certificate (or on another day designated in writing by Lender, which shall be after the Conversion Date unless an Event of Default is then continuing), and continuing on the same day each month until the Indebtedness is paid in full, 1/12 of the amount sufficient to accumulate with Lender the annual sum required to pay, before past due and accumulating penalties (1) any water and sewer charges which, if not paid, may result in a lien on all or any part of the Mortgaged Property, (2) the premiums for fire and other hazard insurance, rent loss insurance and such other insurance as Lender may require under Section 19 (unless Borrower has provided Lender with evidence that such premiums have been paid for the next 12-month period), (3) Taxes, and (4) amounts for other charges and expenses which Lender at any time reasonably deems necessary to protect the Mortgaged Property, to prevent the imposition of liens on the Mortgaged Property, or otherwise to protect Lender’s interests, all as reasonably estimated from time to time by Lender. The amounts deposited under the preceding sentence are collectively referred to in this Instrument as the “Imposition Deposits”. The obligations of Borrower for which the Imposition Deposits are required are collectively referred to in this Instrument as “Impositions”. The amount of the Imposition Deposits shall be sufficient to enable Lender to pay each Imposition before the last date upon which such payment may be made without any penalty or interest charge being added. Lender shall maintain records indicating how much of the monthly Imposition Deposits and how much of the aggregate Imposition Deposits held by Lender are held for the purpose of paying Taxes, insurance premiums and each other obligation of Borrower for which Imposition Deposits are required. Any waiver by Lender of the requirement that Borrower remit Imposition Deposits to Lender may be revoked by Lender, in Lender’s discretion, at any time upon notice to Borrower.

(b) Imposition Deposits shall be held in an institution (which may be Lender, if Lender is such an institution) whose deposits or accounts are insured or guaranteed by the Federal Deposit Insurance Corporation. Lender shall not be obligated to open additional accounts or deposit Imposition Deposits in additional institutions when the amount of the Imposition Deposits exceeds the maximum amount of the federal deposit insurance or guaranty. Lender shall apply the
Imposition Deposits to pay Impositions so long as no Event of Default has occurred and is continuing. Borrower hereby pledges and grants to Lender a security interest in the Imposition Deposits as additional security for all of Borrower’s obligations under this Instrument and the other Loan Documents. Any amounts deposited with Lender under this Section 7 shall not be trust funds, nor shall they operate to reduce the Indebtedness, unless applied by Lender for that purpose under Section 7(e).

(c) If Lender receives a bill or invoice for an Imposition, Lender shall pay the Imposition from the Imposition Deposits held by Lender prior to the date such Impositions become past due. Lender shall have no obligation to pay any Imposition to the extent it exceeds Imposition Deposits then held by Lender. Lender may pay an Imposition according to any bill, statement or estimate from the appropriate public office or insurance company without inquiring into the accuracy of the bill, statement or estimate or into the validity of the Imposition, except in the event of clear, manifest error.

(d) If at any time the amount of the Imposition Deposits held by Lender for payment of a specific Imposition exceeds the amount reasonably deemed necessary by Lender, the excess shall be credited against future installments of Imposition Deposits. If at any time the amount of the Imposition Deposits held by Lender for payment of a specific Imposition is less than the amount reasonably estimated by Lender to be necessary, Borrower shall pay to Lender the amount of the deficiency within 15 days after written notice from Lender.

(e) If an Event of Default has occurred and is continuing, Lender may apply any Imposition Deposits, in any amounts and in any order as Lender determines, in Lender’s discretion, to pay any Impositions or as a credit against the Indebtedness. Upon payment in full of the Indebtedness, Lender shall refund to Borrower any Imposition Deposits held by Lender.

8. COLLATERAL AGREEMENTS.

Borrower shall deposit with Lender such amounts as may be required by any Collateral Agreement and shall perform all other obligations of Borrower under each Collateral Agreement.

9. APPLICATION OF PAYMENTS.

If at any time Lender receives, from Borrower or otherwise, any amount applicable to the Indebtedness which is less than all amounts due and payable at such time, then Lender may apply that payment to amounts then due and payable in any manner and in any order determined by Lender, in Lender’s discretion. Neither Lender’s acceptance of an amount which is less than all amounts then due and payable
nor Lender's application of such payment in the manner authorized shall constitute or be deemed to constitute either a waiver of the unpaid amounts or an accord and satisfaction. Notwithstanding the application of any such amount to the Indebtedness, Borrower's obligations under this Instrument and the Note shall remain unchanged.

10. **COMPLIANCE WITH LAWS.**

Borrower shall comply with all laws, ordinances, regulations and requirements of any Governmental Authority and all recorded lawful covenants and agreements relating to or affecting the Mortgaged Property, including all laws, ordinances, regulations, requirements and covenants pertaining to health and safety, construction of improvements on the Mortgaged Property, fair housing, zoning and land use, and Leases. Borrower also shall comply with all applicable laws that pertain to the maintenance and disposition of tenant security deposits. Borrower shall at all times maintain records sufficient to demonstrate compliance with the provisions of this Section 10. Borrower shall take commercially reasonable measures to prevent, and shall not engage in or knowingly permit, any illegal activities at the Mortgaged Property that could endanger tenants or visitors, result in damage to the Mortgaged Property, result in forfeiture of the Mortgaged Property, or otherwise materially impair the lien created by this Instrument or Lender's interest in the Mortgaged Property. Borrower represents and warrants to Lender that, to its knowledge, no portion of the Mortgaged Property has been or will be purchased with the proceeds of any illegal activity.

Nothing herein shall prevent Borrower from contesting any legal requirement (including any Hazardous Material Law) in good faith so long as Borrower complies with the following requirements:

(i) The contest must be pursued diligently, in good faith and at Borrower's sole cost and expense.

(ii) Borrower shall promptly notify Lender of the commencement of such contest and shall use reasonable efforts to advise Lender of the expected commencement of such contest.

(iii) The Mortgaged Property shall not be in immediate danger of being sold or forfeited as a result of such contest and the continuing and ongoing operation of the Mortgaged Property (or any material part of the Mortgaged Property) as a residential apartment complex shall not be reasonably likely to be interrupted or terminated during the pendency of the proceeding.

Borrower shall post any security required by law or, if and to the extent Borrower is not required to post any security, such other amount (to cover interest and penalties, if applicable and the cost to correct or remediate) as may be reasonably required by Lender.
11. USE OF PROPERTY.

Unless required by applicable law, Borrower shall not (a) except for any change in use approved by Lender, which such consent shall not be unreasonably withheld, conditioned, or delayed, allow changes in the use for which all or any part of the Mortgaged Property is being used or for which the Mortgaged Property is intended to be used at the time this Instrument was executed, (b) convert any individual dwelling units or common areas to commercial use, (c) initiate or acquiesce in a change in the zoning classification of the Mortgaged Property, or (d) establish any condominium or cooperative regime with respect to the Mortgaged Property.

12. PROTECTION OF LENDER’S SECURITY.

(a) If Borrower fails in any material respect to perform any of its obligations under this Instrument or any other Loan Document, or if any action or proceeding is commenced which purports to affect the Mortgaged Property, Lender’s security or Lender’s rights under this Instrument, including eminent domain, insolvency, code enforcement, civil or criminal forfeiture, enforcement of Hazardous Materials Laws, fraudulent conveyance or reorganizations or proceedings involving a bankrupt or decedent, then Lender at Lender’s option may make such appearances, disburse such sums and take such actions as Lender reasonably deems necessary to perform such obligations of Borrower and to protect Lender’s interest, including (1) payment of reasonable fees and reasonable out-of-pocket expenses of attorneys, accountants, inspectors and consultants, (2) entry upon the Mortgaged Property to make repairs or secure the Mortgaged Property, (3) procurement of the insurance required by Section 19, and (4) payment of amounts which Borrower has failed to pay under Sections 15 and 17.

(b) Any amounts disbursed by Lender under this Section 12, or under any other provision of this Instrument that treats such disbursement as being made under this Section 12, shall be added to, and become part of, the principal component of the Indebtedness, shall be immediately due and payable and shall bear interest from the date of disbursement until paid at the “Default Rate”, as defined in the Note.

(c) Nothing in this Section 12 shall require Lender to incur any expense or take any action.

13. INSPECTION.

Subject to the rights of tenants, Lender, its agents, representatives, and designees upon 48 hours prior notice to Borrower, may make or cause to be made entries upon and inspections of the Mortgaged Property (including environmental inspections and tests) during normal business hours and with at least 48 hours
prior written notice (but no such notice will be required during the continuance of an Event of Default), or at any other reasonable time and as otherwise provided for in the Loan Agreement. Lender also reserves the right to reappraise the Mortgaged Property one time at Borrower’s expense after the closing of the loan evidenced by this Instrument, to the extent and as provided for in the Loan Agreement. Prior to the Conversion Date, Lender may reappraise the Mortgaged Property as provided for in the Loan Agreement. After the Conversion Date, Lender also reserves the right to reappraise the Mortgaged Property one time at Borrower’s expense and as required by applicable governmental requirements.

14. BOOKS AND RECORDS; FINANCIAL REPORTING.

(a) Borrower shall keep and maintain at all times at the Mortgaged Property or the management agent’s offices, and upon Lender’s request shall make available at the Mortgaged Property (or, at Borrower’s option, at the management agent’s office), complete and accurate (in all material respects) books of account and records (including copies of supporting bills and invoices) adequate to reflect correctly the operation of the Mortgaged Property, and copies of all written contracts, Leases, and other instruments which affect the Mortgaged Property. Upon 72 hours prior written notice to Borrower, the books, records, contracts, Leases and other instruments shall be subject to examination and inspection during normal business hours by Lender (but no such prior notice shall be required during the continuance of an Event of Default).

(b) Borrower shall furnish to Lender all financial and other information relating to Borrower and the Mortgaged Property as Lender shall reasonably request, including, without limiting, all of the following:

(1) As soon as available, and in any event within 30 days from the end of each calendar month (beginning with the first calendar month ending after a certificate of occupancy is issued for all or any part of the Mortgaged Property or as otherwise required by Lender), statements showing the financial condition of the Mortgaged Property at the close of such calendar month, which statements shall include, without limitation, an income/operating statement signed by the property manager and/or a duly authorized officer of the managing member of Borrower, a summary report of rent collections for that month, a current rent roll (which shall include a summary of the number of units leased, available, and occupied and any rental concessions), the current month's budget, year to date activity, year to date budget, and all other matters as Lender may reasonably request; provided that after the Conversion Date, the reporting under this subsection (1) shall be quarterly within 30
days of the end of each fiscal quarter of Borrower instead of monthly;

(2) As soon as available, and in any event within 120 days from the end of each fiscal year of Borrower (beginning with the fiscal year ending on December 31, 2019), an audited financial statement, prepared by a third party accounting firm reasonably acceptable to Lender in a manner reasonably acceptable to Lender, showing the financial condition of Borrower at the close of such fiscal year and the results of operation during such fiscal year, which financial statement shall include a balance sheet, income statement, statement of contingent liabilities, and statement of cash flows (sources and uses);

(3) Until the Conversion Date, within 120 days from the end of each fiscal year, an unaudited financial statement for each Guarantor, prepared on a form and in a manner acceptable to Lender, which shall include, without limitation, a balance sheet, cash flow statement, and statement of contingent liabilities;

(4) Upon Lender’s written request, Borrower shall provide to Lender (within 90 days of filing), and each managing member of Borrower, and only prior to the Conversion Date, each Guarantor shall provide to Lender (within 90 days of filing), a copy of its respective filed federal income tax returns for such calendar year and of all requests for extensions to the filing thereof. Without limiting the foregoing, Borrower shall submit to Lender a copy of the following sections of Borrower’s federal tax return: Forms 1065, 8586, 8609, and 8609 Schedule A if filed.

(5) Within 120 days after the end of each calendar year, copies of all low income tax credit compliance audits prepared by the TDHCA and/or a third party manager;

(6) Upon Lender’s written request, within 120 days after the end of each fiscal year of Borrower, and at any other time upon Lender’s request but not more than twice during any fiscal year, an accounting of all security deposits held pursuant to all Leases, including the name of the institution (if any) and the names and identification numbers of the accounts (if any) in which such security deposits are held and the name of the person to contact at such financial institution, along with any authority or release necessary for Lender to access information regarding such accounts;
(7) Upon Lender's written request, within 120 days after the end of each fiscal year of Borrower, and at any other time upon Lender's request, a statement that identifies all owners of any interest in Borrower and the interest held by each, if Borrower is a corporation, all officers and directors of Borrower, and if Borrower is a limited liability company, all managers who are not members;

(8) Upon Lender's written request, a monthly property management report for the Mortgaged Property, showing the number of inquiries made and rental applications received from tenants or prospective tenants and deposits received from tenants and any other information requested by Lender; and

(9) Borrower shall satisfy all other reporting requirements set forth in the Loan Agreement until the Conversion Date and the delivery of the Conversion Certificate.

(c) Borrower shall satisfy all other reporting requirements set forth in the Loan Agreement until the Conversion Date and each of the statements, schedules and reports required by Section 14(b) shall be certified to be complete and accurate in all material respects by an individual having authority to bind Borrower or the property manager where applicable, and shall be in such form and contain such detail as Lender may reasonably require.

(d) If Borrower fails to provide in a timely manner the statements, schedules and reports required by Section 14(b), Lender shall have the right to have Borrower's books and records audited, at Borrower's expense, by independent certified public accountants selected by Lender in order to obtain such statements, schedules and reports, and all related reasonable costs and expenses of Lender shall become immediately due and payable and shall become an additional part of the Indebtedness as provided in Section 12.

(e) If an Event of Default has occurred and is continuing, Borrower shall deliver to Lender upon written demand all books and records relating to the Mortgaged Property or its operation, provided, however, Borrower can keep copies thereof.

(f) Borrower authorizes Lender to obtain a credit report on Borrower at any time, at Lender's expense unless an Event of Default is existing in which case at Borrower's expense.

(g) If an Event of Default exists and Lender has not previously required Borrower to furnish a quarterly statement of income and expense for the Mortgaged Property, Lender may require Borrower to furnish such a statement.
within 45 days after the end of each fiscal quarter of Borrower during the existence of such Event of Default.

15. TAXES; OPERATING EXPENSES.

(a) Subject to the provisions of Section 15(c) and Section 15(d), Borrower shall pay, or cause to be paid, all Taxes when due and before the addition of any interest, fine, penalty or cost for nonpayment.

(b) Subject to the provisions of Section 15(c), Borrower shall pay the expenses of operating, managing, maintaining and repairing the Mortgaged Property (including insurance premiums, utilities, repairs and replacements) before the last date upon which each such payment may be made without any penalty or interest charge being added.

(c) As long as no Event of Default exists and Borrower has timely delivered to Lender any bills or premium notices that it has received, Borrower shall not be obligated to pay Taxes, insurance premiums or any other individual Imposition to the extent that sufficient Imposition Deposits are held by Lender for the purpose of paying that specific Imposition. If an Event of Default exists, Lender may exercise any rights Lender may have with respect to Imposition Deposits without regard to whether Impositions are then due and payable. Lender shall have no liability to Borrower for failing to pay any Impositions to the extent that any Event of Default has occurred and is continuing, insufficient Imposition Deposits are held by Lender at the time an Imposition becomes due and payable or Borrower has failed to provide Lender with bills and premium notices as provided above.

(d) Borrower, at its own expense, may contest by appropriate legal proceedings, conducted diligently and in good faith, the amount or validity of any Imposition other than insurance premiums, if (1) Borrower notifies Lender of the commencement or expected commencement of such proceedings, (2) the Mortgaged Property is not in danger of being sold or forfeited, (3) if Borrower has not already paid the Imposition, Borrower deposits with Lender reserves sufficient to pay the contested Imposition, if requested by Lender, and (4) Borrower furnishes whatever additional security is required in the proceedings or is reasonably requested by Lender, which may include the delivery to Lender of the reserves established by Borrower to pay the contested Imposition, provided that such security shall not be required if Borrower posts a bond or deposits collateral with the appropriate court or body with jurisdiction over the matter.
(e) Borrower shall promptly deliver to Lender a copy of all notices of, and invoices for, Impositions, and if Borrower pays any Imposition directly, Borrower shall promptly furnish to Lender receipts evidencing such payments.

16. LIENS; ENCUMBRANCES.

Borrower acknowledges that, to the extent provided in Section 21, the grant, creation or existence of any mortgage, deed of trust, deed to secure debt, security interest or other lien or encumbrance (a "Lien") on the Mortgaged Property (other than the lien of this Instrument) or on certain ownership interests in Borrower, whether voluntary, involuntary or by operation of law, and whether or not such Lien has priority over the lien of this Instrument, is a "Transfer" which constitutes an Event of Default, except (a) any Permitted Exception or (b) prior to the Conversion Date, a Transfer (expressly permitted under the terms of the Loan Agreement), and, on and after the Conversion Date, any Transfers expressly permitted under Section 21.

17. PRESERVATION, MANAGEMENT AND MAINTENANCE OF MORTGAGED PROPERTY.

(a) Borrower (1) shall not intentionally commit waste or permit impairment or deterioration of the Mortgaged Property (normal wear and tear excepted), (2) shall not abandon the Mortgaged Property, (3) subject to the other terms of this Instrument and the Loan Documents, shall restore or repair promptly, in a good and workmanlike manner, any damaged part of the Mortgaged Property as provided in Section 17(c), (4) shall keep the Mortgaged Property in good repair (normal wear and tear excepted), including the replacement of Personalty and Fixtures with items of equal or better function and quality, (5) shall provide for professional management of the Mortgaged Property by a residential rental property manager reasonably satisfactory to Lender under a contract approved by Lender in writing, and (6) shall give notice to Lender of and, unless otherwise directed in writing by Lender, shall appear in and defend any action or proceeding purporting to affect the Mortgaged Property, Lender's security or Lender's rights under this Instrument. Borrower shall not (and shall not permit any tenant or other person to) remove, demolish or alter the Mortgaged Property or any part of the Mortgaged Property without Lender's prior written consent, except in connection with the replacement of tangible Personalty (provided that Borrower may perform such restoration or repair with available insurance proceeds and/or condemnation awards to the extent permitted by Sections 19, 20, and 68 hereof).

(b) If, in connection with the making of the loan evidenced by the Note or at any later date, Lender waives in writing the requirement of Section 17(a)(5) above that Borrower enter into a written contract for management of the Mortgaged Property and if, after the date of this Instrument, Borrower intends to
change the management of the Mortgaged Property, Lender shall have the right to reasonably approve such new property manager and the written contract for the management of the Mortgaged Property and require that Borrower and such new property manager enter into an Assignment of Management Agreement on a form approved by Lender. If required by Lender (whether before or after an Event of Default), Borrower will cause any Affiliate of Borrower (other than Investor Member) to whom fees are payable for the management of the Mortgaged Property to enter into an agreement with Lender, in a form approved by Lender, providing for subordination of those fees and such other provisions as Lender may require. "Affiliate of Borrower" means any corporation, partnership, joint venture, limited liability company, limited liability partnership, trust or individual controlled by, under common control with, or which controls Borrower (the term "control" for these purposes shall mean the ability, whether by the ownership of shares or other equity interests, by contract or otherwise, to elect a majority of the directors of a corporation, to make management decisions on behalf of, or independently to select the managing partner of, a partnership, or otherwise to have the power independently to remove and then select a majority of those individuals exercising managerial authority over an entity, and control shall be conclusively presumed in the case of the ownership of 50% or more of the equity interests).

(c) Borrower shall restore or repair promptly, in a good and workmanlike manner, any damaged part of the Mortgaged Property to substantially the equivalent of its condition as of the date of this Instrument, or such other condition as Lender may approve in writing, whether or not insurance proceeds or condemnation awards are available to cover any costs of such restoration or repair; however, Borrower may, in any event, perform such restoration or repair if no Event of Default has occurred and is continuing, otherwise, Lender shall apply any available insurance proceeds and/or condemnation awards to the payment of Indebtedness in accordance with the provisions of this Instrument.

18. ENVIRONMENTAL HAZARDS.

(a) Except for matters covered by a written program of operations and maintenance approved in writing by Lender (an "O&M Program"), those disclosed to Lender prior to the date hereof, or matters described in Section 18(b), Borrower shall not cause or knowingly permit any of the following:

(1) the presence, use, generation, release, treatment, processing, storage (including storage in above ground and underground storage tanks), handling, or disposal of any Hazardous Materials on or under the Mortgaged Property or any other
property of Borrower that is adjacent to the Mortgaged Property;

(2) the transportation of any Hazardous Materials to, from, or across the Mortgaged Property;

(3) any occurrence or condition on the Mortgaged Property or any other property of Borrower that is adjacent to the Mortgaged Property, which occurrence or condition is or may be in violation of Hazardous Materials Laws; or

(4) any violation of or noncompliance with the terms of any Environmental Permit with respect to the Mortgaged Property or any property of Borrower that is adjacent to the Mortgaged Property.

The matters described in clauses (1) through (4) above are referred to collectively in this Section 18 as "Prohibited Activities or Conditions".

(b) Prohibited Activities and Conditions shall not include lawful conditions permitted by an O&M Program or the safe and lawful use and storage of quantities of (1) pre-packaged supplies, cleaning materials and petroleum products customarily used in the operation and maintenance of comparable multifamily properties, (2) cleaning materials, personal grooming items and other items sold in pre-packaged containers for consumer use and used by tenants and occupants of residential dwelling units in the Mortgaged Property; and (3) petroleum products used in the operation and maintenance of motor vehicles from time to time located on the Mortgaged Property’s parking areas, so long as all of the foregoing are used, stored, handled, transported and disposed of in compliance with Hazardous Materials Laws.

(c) Borrower shall take all commercially reasonable actions (including the inclusion of appropriate provisions in any Leases executed after the date of this Instrument) to prevent its employees, agents, and contractors, and all tenants and other occupants from causing or permitting any Prohibited Activities or Conditions. Borrower shall not lease or allow the sublease or use of all or any portion of the Mortgaged Property to any tenant or subtenant for nonresidential use by any user that, in the ordinary course of its business, would cause or permit any Prohibited Activity or Condition.

(d) If an O&M Program has been established with respect to Hazardous Materials, Borrower shall comply in a timely manner with, and undertake commercially reasonable efforts to cause all employees, agents, and contractors of Borrower and any other persons present on the Mortgaged Property to comply
with the O&M Program. All costs of performance of Borrower’s obligations under any O&M Program shall be paid by Borrower, and Lender’s reasonable out-of-pocket costs incurred in connection with the monitoring and review of the O&M Program and Borrower’s performance shall be paid by Borrower upon demand by Lender. Any such out-of-pocket costs of Lender which Borrower fails to pay promptly shall become an additional part of the Indebtedness as provided in Section 12.

(e) Borrower represents and warrants to Lender that, except as previously disclosed by Borrower to Lender in writing prior to the date of this Instrument in any environmental report or otherwise, to the best of its knowledge:

(1) Borrower has not at any time engaged in, caused or permitted any Prohibited Activities or Conditions on the Mortgaged Property;

(2) to the best of Borrower’s knowledge after reasonable and diligent inquiry, no Prohibited Activities or Conditions exist or have existed on the Mortgaged Property;

(3) except to the extent previously disclosed by Borrower to Lender in writing, the Mortgaged Property does not now contain any underground storage tanks, and, to the best of Borrower’s knowledge after reasonable and diligent inquiry, the Mortgaged Property has not contained any underground storage tanks in the past. If there is an underground storage tank located on the Property which has been previously disclosed by Borrower to Lender in writing, that tank complies with all requirements of Hazardous Materials Laws;

(4) to the best of Borrower’s knowledge, Borrower has complied with all Hazardous Materials Laws, including all requirements for notification regarding releases of Hazardous Materials. Without limiting the generality of the foregoing, Borrower has obtained all Environmental Permits required for the operation of the Mortgaged Property in accordance with Hazardous Materials Laws now in effect and all such Environmental Permits are in full force and effect;

(5) to the best of Borrower’s knowledge, no event has occurred with respect to the Mortgaged Property that constitutes, or with the passing of time or the giving of notice would
constitute, noncompliance with the terms of any Environmental Permit;

(6) to the best of Borrower’s knowledge, there are no actions, suits, claims or proceedings pending or, to the best of Borrower’s knowledge, threatened that involve the Mortgaged Property and allege, arise out of, or relate to any Prohibited Activity or Condition; and

(7) Borrower has not received any written complaint, order, notice of violation or other communication from any Governmental Authority with regard to air emissions, water discharges, noise emissions or Hazardous Materials, or any other environmental, health or safety matters affecting the Mortgaged Property or any other property of Borrower that is adjacent to the Mortgaged Property.

The representations and warranties in this Section 18 shall be continuing representations and warranties that shall be deemed to be made by Borrower throughout the term of the loan evidenced by the Note, until the Indebtedness has been paid in full, subject to any change in circumstances as may be disclosed to Lender in accordance with Section 19(f), below.

(f) Borrower shall promptly notify Lender in writing upon the occurrence of any of the following events:

(1) Borrower’s discovery of any Prohibited Activity or Condition;

(2) Borrower’s receipt of or actual knowledge of any written complaint, order, notice of violation or other communication from any Governmental Authority or other person with regard to present alleged Prohibited Activities or Conditions or any other environmental, health or safety matters affecting the Mortgaged Property or (if applicable) any other property of Borrower that is adjacent to the Mortgaged Property; and

(3) any representation or warranty in this Section 18 becomes untrue after the date of this Instrument.

Any such notice given by Borrower shall not relieve Borrower of, or result in a waiver of, any obligation under this Instrument, the Note, or any other Loan Document.

(g) Borrower shall pay promptly the reasonable costs of any environmental inspections, tests or audits ("Environmental Inspections") required
by Lender in connection with any foreclosure or deed in lieu of foreclosure, or as a condition of Lender’s consent to any Transfer under Section 21 (to the extent Lender’s consent is expressly required by the terms of Section 21), or required by Lender following a reasonable determination by Lender that Prohibited Activities or Conditions may exist. Any such costs incurred by Lender (including the reasonable fees and out-of-pocket costs of attorneys and technical consultants whether incurred in connection with any judicial or administrative process or otherwise) which Borrower fails to pay promptly shall become an additional part of the Indebtedness as provided in Section 12. The results of all Environmental Inspections made by Lender shall at all times remain the property of Lender and Lender shall have no obligation to disclose or otherwise make available to Borrower (unless Borrower pays all of the costs and expenses associated with such Environmental Inspection) or any other party such results or any other information obtained by Lender in connection with its Environmental Inspections. Lender hereby reserves the right, and Borrower hereby expressly authorizes Lender, to make available to any party, including any prospective bidder at a foreclosure sale of the Mortgaged Property, the results of any Environmental Inspections made by Lender with respect to the Mortgaged Property. Borrower consents to Lender notifying any such party (either as part of a notice of sale or otherwise) of the results of any of Lender’s Environmental Inspections. Borrower acknowledges that Lender cannot control or otherwise assure the truthfulness or accuracy of the results of any of its Environmental Inspections and that the release of such results to prospective bidders at a foreclosure sale of the Mortgaged Property may have a material and adverse effect upon the amount which a party may bid at such sale. Borrower agrees that Lender shall have no liability whatsoever as a result of delivering the results of any of its Environmental Inspections to any third party, and Borrower hereby releases and forever discharges Lender from any and all claims, damages, or causes of action, arising out of, connected with or incidental to the results of, the delivery of any of Lender’s Environmental Inspections in accordance with this Section 18(g).

(h) If any investigation, site monitoring, containment, clean-up, restoration or other remedial work (“Remedial Work”) is necessary to comply with any Hazardous Materials Law or order of any Governmental Authority that has or acquires jurisdiction over the Mortgaged Property or the use, operation or improvement of the Mortgaged Property under any Hazardous Materials Law, Borrower shall, by the earlier of (1) the applicable deadline required by Hazardous Materials Law or (2) 30 days after written notice from Lender demanding such action, begin performing the Remedial Work, and thereafter diligently prosecute it to completion, and shall in any event complete the work by the time required by applicable Hazardous Materials Law. If Borrower fails to begin on a timely basis or diligently prosecute any required Remedial Work, Lender may, at its option,
cause the Remedial Work to be completed, in which case Borrower shall reimburse Lender on demand for the reasonable cost of doing so. Any reimbursement due from Borrower to Lender shall become part of the Indebtedness as provided in Section 12.

(i) Borrower shall cooperate with any inquiry by any Governmental Authority and shall comply with any governmental or judicial order which arises from any alleged Prohibited Activity or Condition.

Nothing herein shall prevent Borrower from contesting any legal requirement (including any Hazardous Material Law) in good faith so long as Borrower complies with the following requirements:

(i) The contest must be pursued diligently, in good faith and at Borrower’s sole cost and expense.

(ii) Borrower shall promptly notify Lender of the commencement of such contest and shall use reasonable efforts to advise Lender of the expected commencement of such contest.

(iii) The Mortgaged Property shall not be in immediate danger of being sold or forfeited as a result of such contest and the continuing and ongoing operation of the Mortgaged Property (or any material part of the Mortgaged Property) as a residential apartment complex shall not be reasonably likely to be interrupted or terminated during the pendency of the proceeding.

(iv) Borrower shall post any security required by law or, if and to the extent Borrower is not required to post any security, such other amount (to cover interest and penalties, if applicable and the cost to correct or remediate) as may be reasonably required by Lender.

(j) Borrower shall indemnify, hold harmless and defend (i) Lender, (ii) any prior owner or holder of the Note, (iii) the Loan Servicer, (iv) any prior Loan Servicer, (v) the officers, directors, shareholders, partners, employees and trustees of any of the foregoing, and (vi) the heirs, legal representatives, successors and assigns of each of the foregoing (collectively, the “Indemnities”) from and against all proceedings, claims, damages, penalties and reasonable costs (whether initiated or sought by Governmental Authorities or private parties), including reasonable fees and out-of-pocket expenses of attorneys and expert witnesses, investigatory fees, and remediation costs, whether incurred in connection with any judicial or administrative process or otherwise, arising directly or indirectly from any of the following (except to the extent caused solely
and exclusively by the gross negligence or willful misconduct of any Lender Party with respect to the following):

(1) any breach of any representation or warranty of Borrower in this Section 18;

(2) any failure by Borrower to perform any of its obligations under this Section 18;

(3) the existence of any Prohibited Activity or Condition;

(4) the presence of Hazardous Materials on or under the Mortgaged Property or any property of Borrower that is adjacent to the Mortgaged Property; and

(5) the actual violation of any Hazardous Materials Law.

Borrower’s liability under clauses (3), (4) and (5) of this subsection (j) shall not extend to cover the violation of any Hazardous Materials Laws or Prohibited Activity or Conditions that first arise, commence or occur solely and exclusively as a result of actions of Lender or any Lender Party, its successors, assigns or designees, after the satisfaction, discharge, release, assignment, termination or cancellation of the Instrument following the payment in full of the Note and all other sums payable under the Loan Documents or after the actual dispossession from the entire Mortgaged Property of the Borrower and all entities which control, are controlled by, or are under common control with the Borrower following foreclosure of the Instrument or acquisition of the Mortgaged Property by a deed in lieu of foreclosure.

(k) Counsel selected by Borrower to defend Indemnitees shall be subject to the approval of those Indemnitees. However, any Indemnitee may elect to defend any claim or legal or administrative proceeding at the Borrower’s reasonable expense. However, unless an Event of Default has occurred and is continuing, or the interests of Borrower and Lender are in conflict, as determined by Lender in its reasonable discretion, Lender shall permit Borrower to undertake the actions referenced in this Section 18 so long as Lender approves such action, which approval shall not be unreasonably withheld, conditioned or delayed.

(l) Borrower shall not, without the prior written consent of those Indemnitees who are named as parties to a claim or legal or administrative proceeding (a “Claim”), settle or compromise the Claim if the settlement (1) results in the entry of any judgment that does not include as an unconditional term the delivery by the claimant or plaintiff to Lender of a written release of those Indemnitees, satisfactory in form and substance to Lender; or (2) may
materially and adversely affect Lender, as determined by Lender in its reasonable discretion.

(m) Notwithstanding anything to the contrary contained herein or in any other Loan Document, Lender agrees that the indemnity under this Section 18 shall on and after the Conversion Date and the delivery of the Conversion Certificate, be limited to the assets of Borrower and Lender shall not seek to recover any deficiency from any member of Borrower.

(n) Borrower shall, at its own cost and expense, do all of the following:

(1) pay or satisfy any final judgment or decree that may be entered against any Indemnitee or Indemnities in any legal or administrative proceeding incident to any matters against which Indemnities are entitled to be indemnified under this Section 18;

(2) reimburse Indemnities for any reasonable expenses paid or incurred in connection with any matters against which Indemnities are entitled to be indemnified under this Section 18; and

(3) reimburse Indemnities for any and all reasonable expenses, including reasonable fees and out-of-pocket expenses of attorneys and expert witnesses, paid or incurred in connection with the enforcement by Indemnities of their rights under this Section 18, or in monitoring and participating in any legal or administrative proceeding.

(o) In any circumstances in which the indemnity under this Section 18 applies, Lender may employ its own legal counsel and consultants to prosecute, defend or negotiate any claim or legal or administrative proceeding and Lender, with the prior written consent of Borrower (which shall not be unreasonably withheld, delayed or conditioned), may settle or compromise any action or legal or administrative proceeding. Borrower shall reimburse Lender upon demand for all reasonable costs and expenses incurred by Lender, including all reasonable costs of settlements entered into in good faith, and the reasonable fees and out-of-pocket expenses of such attorneys and consultants.

(p) The provisions of this Section 18 shall be in addition to any and all other obligations and liabilities that Borrower may have under applicable law or under other Loan Documents, and each Indemnitee shall be entitled to indemnification under this Section 18 without regard to whether Lender or that
Indemnitee has exercised any rights against the Mortgaged Property or any other security, pursued any rights against any Guarantor, or pursued any other rights available under the Loan Documents or applicable law. If more than one person or entity signs the Instrument as Borrower, the obligation of those persons or entities to indemnify the Indemnitees under this Section 18 shall be joint and several. The obligation of Borrower to indemnify the Indemnitees under this Section 18 shall survive any repayment or discharge of the Indebtedness, any foreclosure proceeding, any foreclosure sale, any delivery of any deed in lieu of foreclosure, and any release of record of the lien of this Instrument. Notwithstanding anything herein to the contrary, Borrower’s liability under this Section shall not extend to cover the presence of any Hazardous Materials that first arises, commences, or occurs (i) solely and exclusively as a result of actions of Lender, its successors, assigns or designees, (ii) after the written release by Lender of this Instrument following the payment in full of the Note and all other sums payable under the Loan Documents, or (iii) following foreclosure of this Instrument or acquisition of the Mortgaged Property by a deed in lieu of foreclosure.

19. PROPERTY AND LIABILITY INSURANCE.

(a) Borrower shall keep the Improvements insured at all times against such hazards as Lender may from time to time require (and, until the Conversion Date and the delivery of the Conversion Certificate, as required by the Loan Agreement), and thereafter, Borrower shall maintain commercial general liability insurance, workers’ compensation insurance and such other liability, errors and omissions and fidelity insurance coverages as Lender may reasonably require from time to time which insurance shall include but not be limited to coverage against loss by fire and allied perils, general boiler and machinery coverage (if applicable), and business income coverage. Lender’s insurance requirements may change from time to time throughout the term of the Indebtedness. If Lender so requires, in its sole and reasonable discretion, such insurance shall also include sinkhole insurance, mine subsidence insurance, earthquake insurance, but only to the extent the same is generally required for comparable properties located in the area of the Mortgaged Property. If any of the Improvements are located in an area identified by the Federal Emergency Management Agency (or any successor to that agency) as an area having special flood hazards, and if flood insurance is available in that area, Borrower shall insure such Improvements against loss by flood.

(b) All premiums on insurance policies required under Section 19(a) shall be paid in the manner provided in Section 7, unless Lender has designated in writing another method of payment. All such policies shall also be in a form approved by Lender in Lender’s sole and reasonable discretion. All policies of property damage insurance shall include a non-contributing, non-reporting
mortgage clause in favor of, and in a form approved by, Lender. Lender shall have the right to hold the original policies or duplicate original policies of all insurance required by Section 19(a). Borrower shall promptly deliver to Lender a copy of all renewal and other notices received by Borrower with respect to the policies and all receipts for paid premiums. At least 30 days prior to the expiration date of a policy, Borrower shall deliver to Lender the original (or a duplicate original) of a renewal policy (or certificate thereof if Lender will require a copy or original of the policy) in form reasonably satisfactory to Lender.

(c) Borrower shall maintain at all times commercial general liability insurance, workers’ compensation insurance (if required by applicable law) and such other liability, errors and omissions and fidelity insurance coverages as Lender may from time to time require.

(d) All insurance policies and renewals of insurance policies required by this Section 19 shall be in such amounts and for such periods as Lender may from time to time require, and shall be issued by insurance companies satisfactory to Lender.

(e) Borrower shall comply with all insurance requirements and shall not permit any condition to exist on the Mortgaged Property that would invalidate any part of any insurance coverage that this Instrument requires Borrower to maintain.

(f) In the event of loss, Borrower shall give prompt written notice to the insurance carrier and to Lender. Borrower hereby authorizes and appoints Lender as attorney-in-fact for Borrower to make proof of loss, to adjust and compromise any claims under policies of property damage insurance, to appear in and prosecute any action arising from such property damage insurance policies, to collect and receive the proceeds of property damage insurance, and to deduct from such proceeds Lender’s expenses incurred in the collection of such proceeds. This power of attorney is coupled with an interest and therefore is irrevocable. However, nothing contained in this Section 19 shall require Lender to incur any expense or take any action. Lender may, at Lender’s option, (1) hold the balance of such proceeds to be used to reimburse Borrower for the cost of restoring and repairing the Mortgaged Property to substantially the equivalent of its original condition or to a condition approved by Lender (the “Restoration”), or (2) apply the balance of such proceeds to the payment of the Indebtedness, whether or not then due. To the extent Lender determines to apply insurance proceeds to Restoration, Lender shall do so in accordance with Lender’s then-current policies relating to the restoration of casualty damage on similar multifamily rental properties. After the Conversion Date, to the extent Lender determines to apply insurance proceeds to payment of the Indebtedness, the Note
will be re-amortized and the monthly payments due under the Note will be reduced to reflect any reduction of the principal balance of the Indebtedness that was the result of applying insurance proceeds to the payment thereof. In addition, if the Lender determines to apply insurance proceeds to the payment of the Indebtedness, Borrower will not be required to restore or repair the Mortgaged Property to substantially the equivalent of its original condition. If Lender shall apply insurance proceeds to the payment of the Indebtedness and Borrower deems it necessary to restore or repair the Mortgaged Property to avoid recapture of tax credits, Lender shall consider whether to permit Borrower to secure a subordinate construction loan solely for the purpose of restoring or repairing the Mortgaged Property; provided that Borrower (1) request Lender's consent in writing, which writing shall include the proposed terms of such subordinate construction loan, (2) the Borrower named in this Instrument is the owner of the Mortgaged Property, (3) no Event of Default exists that will not be cured by Restoration of the Mortgaged Property in a timely manner as required by the Loan Agreement or otherwise as required by Lender if after the Conversion Date, and (4) the proposed subordinate construction loan satisfies Lender's underwriting requirements in Lender's sole and absolute judgment and discretion.

(g) Lender shall not exercise its option to apply insurance proceeds to the payment of the Indebtedness if all of the following conditions are met: (1) no Event of Default has occurred and is continuing that will not be cured by Restoration of the Mortgaged Property in a timely manner as required by the Loan Agreement or otherwise as required by Lender if after the Conversion Date; (2) Lender determines, in its reasonable discretion, that there will be sufficient funds to complete the Restoration from insurance proceeds, anticipated contributions of Borrower of its own funds or other sources; (3) Lender determines, in its reasonable discretion, that the Rents from the Mortgaged Property after completion of the Restoration will be sufficient to meet all operating costs and other expenses, Imposition Deposits, deposits to reserves and loan repayment obligations relating to the Mortgaged Property; (4) Lender determines, in its reasonable discretion, that the Restoration will be completed before the earlier of (A) one year before the Maturity Date (as defined in the Note (or six months before the Maturity Date if Lender determines in its discretion that re-leasing of the Property will be completed with such six month period) or (B) one year after the date of the loss or casualty, such period of time shall be extended for a reasonable period of time if a delay in Restoration is caused by an act of God; and (5) upon Lender's request, Borrower provides Lender evidence of the availability during and after the Restoration of the insurance required to be maintained by Borrower pursuant to this Section 19.

(h) If the Mortgaged Property is sold at a foreclosure sale or Lender acquires title to the Mortgaged Property, Lender shall automatically succeed to all
rights of Borrower in and to any insurance policies and unearned insurance premiums and in and to the proceeds resulting from any damage to the Mortgaged Property prior to such sale or acquisition.

Notwithstanding any provision to the contrary in this Section 19, as long as no Event of Default, or any event which, with the giving of Notice or the passage of time, or both, would constitute an Event of Default, has occurred and is continuing that would not be cured by Restoration of the Mortgaged Property in a timely manner as required by the Loan Agreement or otherwise as required by Lender if after the Conversion Date:

(i) in the event of a casualty resulting in damage to the Mortgaged Property which will cost $50,000 or less to repair, the Borrower shall have the sole right to make proof of loss, adjust and compromise the claim and collect and receive any proceeds directly without the approval or prior consent of the Lender so long as the insurance proceeds are used solely for the Restoration of the Mortgaged Property; and

(ii) in the event of a casualty resulting in damage to the Mortgaged Property which will cost more than $50,000 but less than $100,000 to repair, the Borrower is authorized to make proof of loss and adjust and compromise the claim without the prior consent of Lender, and Lender shall hold the applicable insurance proceeds to be used to reimburse Borrower for the cost of Restoration of the Mortgaged Property and shall not apply such proceeds to the payment of sums due under this Instrument.

20. CONDEMNATION.

(a) Borrower shall promptly notify Lender of any action or proceeding relating to any condemnation or other taking, or conveyance in lieu thereof, of all or any part of the Mortgaged Property, whether direct or indirect (a "Condemnation"). Borrower shall appear in and prosecute or defend any action or proceeding relating to any Condemnation unless otherwise directed by Lender in writing. Provided Borrower receives written notice as described in the immediately preceding sentence, Borrower authorizes and appoints Lender as attorney-in-fact for Borrower to commence, appear in and prosecute, in Lender’s or Borrower’s name, any action or proceeding relating to any Condemnation and to settle or compromise any claim in connection with any Condemnation (after consultation with Borrower if no Event of Default is then continuing) consistent with commercially reasonable standards of a prudent lender. This power of attorney is coupled with an interest and therefore is irrevocable. However, nothing contained in this Section 20 shall require Lender to incur any expense or
take any action. Borrower hereby transfers and assigns to Lender all right, title and interest of Borrower in and to any award or payment (not in excess of any amounts necessary to pay the Indebtedness) with respect to (i) any Condemnation, or any conveyance in lieu of Condemnation, and (ii) any damage to the Mortgaged Property caused by governmental action that does not result in a Condemnation.

(b) Lender may apply such awards or proceeds, after the deduction of Lender’s reasonable expenses incurred in the collection of such amounts, at Lender’s option, to the restoration or repair of the Mortgaged Property or to the payment of the Indebtedness, with the balance, if any, to Borrower. Unless Lender otherwise agrees in writing, any application of any awards or proceeds to the Indebtedness shall not extend or postpone the due date of any monthly installments referred to in the Note, Section 7 of this Instrument or any Collateral Agreement, or change the amount of such installments. Borrower agrees to execute such further evidence of assignment of any awards or proceeds as Lender may require. After the Conversion Date, to the extent Lender applies any awards or proceeds to payment of the Indebtedness, the Note will be re-amortized and the monthly payments due under the Note will be reduced to reflect any reduction of the principal balance of the Indebtedness that was the result of applying the proceeds to the payment thereof. In addition, if the Lender applies any awards or proceeds to payment of the Indebtedness, Borrower will not be required to restore or repair the Mortgaged Property. If Lender shall apply condemnation proceeds to the payment of the Indebtedness and Borrower deems it necessary to restore or repair the Mortgaged Property to avoid recapture of tax credits, Lender shall consider whether to permit Borrower to secure a subordinate construction loan solely for the purpose of restoring or repairing the Mortgaged Property; provided that Borrower (1) request Lender’s consent in writing, which writing shall include the proposed terms of such subordinate construction loan, (2) the Borrower named in this Instrument is the owner of the Mortgaged Property, (3) no Event of Default exists that would not be cured by restoring or repairing the Mortgaged Property in a timely manner as required by the Loan Agreement or otherwise as required by Lender if after the Conversion Date, and (4) the proposed subordinate construction loan satisfies Lender’s underwriting requirements in Lender’s sole and absolute judgment and discretion.

(c) Lender shall not exercise its option to apply condemnation proceeds to the payment of the Indebtedness if all of the following conditions are met: (1) no Event of Default (or any event which, with the giving of notice or the passage of time, or both, would constitute an Event of Default) has occurred and is continuing that would not be cured by restoring or repairing the Mortgaged Property in a timely manner as required by the Loan Agreement or otherwise as required by Lender if after the Conversion Date; (2) Lender determines that there
will be sufficient funds to (A) restore and repair the Mortgaged Property to a condition approved by Lender and (B) meet all operating costs and other expenses, payment for reserves and loan repayment obligations relating to the Mortgaged Property until completion of the restoration and repair of the Mortgaged Property to a condition approved by Lender; and; (3) Lender determines that the rental income from the Mortgaged Property after restoration and repair of the Mortgaged Property to a condition approved by Lender, will be sufficient to meet all operating costs and other expenses, Imposition Deposits, deposits to reserves and loan repayment obligations relating to the Mortgaged Property.

21. TRANSFERS OF THE MORTGAGED PROPERTY OR INTERESTS IN BORROWER.

(a) Subject to subsection (b) below, the occurrence of any of the following events on or after the Conversion Date without Lender's prior written consent shall constitute an Event of Default under this Instrument (prior to the Conversion Date, Transfers may only be made to the extent permitted by the Loan Agreement or this Instrument):

1. a Transfer of all or any part of the Mortgaged Property or any interest in the Mortgaged Property;

2. a Transfer of a Controlling Interest in the Borrower;

3. a Transfer of a Controlling Interest in any entity which owns, directly or indirectly through one or more intermediate entities, a Controlling Interest in Borrower;

4. a Transfer of all or any part of Key Principal's ownership interests in Borrower, or in any other entity which owns, directly or indirectly through one or more intermediate entities, an ownership interest in Borrower;

5. if Key Principal is an entity, (A) a Transfer of a Controlling Interest in Key Principal, or (B) a Transfer of a Controlling Interest in any entity which owns, directly or indirectly through one or more intermediate entities, a Controlling Interest in Key Principal;

6. if Borrower or Key Principal is a trust, the termination or revocation of such trust; and
(7) a conversion of Borrower from one type of legal entity into another type of legal entity, whether or not there is a Transfer.

Lender shall not be required to demonstrate any actual impairment of its security or any increased risk of default in order to exercise any of its remedies with respect to an Event of Default under this Section 21.

(b) The occurrence of any of the following events on or after the Conversion Date (as provided in subsection (f) below) shall not constitute an Event of Default under this Instrument, notwithstanding any provision of Section 21(a) and/or any provision set forth in any of the Loan Documents, to the contrary:

(1) a Transfer to which Lender has consented;

(2) a Transfer that occurs by devise, descent, or by operation of law upon the death of a natural person;

(3) the grant of a leasehold interest in an individual dwelling unit for a term of two years or less not containing an option to purchase;

(4) a Transfer of obsolete or worn out Personalty or Fixtures that are contemporaneously replaced by items of equal or better function and quality, which are free of liens, encumbrances and security interests other than those created by the Loan Documents or consented to by Lender;

(5) except as otherwise expressly permitted by this Instrument the grant of an easement, if before the grant Lender reasonably determines that the easement will not materially and adversely affect the operation or value of the Mortgaged Property or Lender's interest in the Mortgaged Property, and Borrower pays to Lender, upon demand, all reasonable costs and expenses incurred by Lender in connection with reviewing Borrower's request;

(6) the creation of a tax lien or a mechanic's, materialman's or judgment lien against the Mortgaged Property which is bonded off, released of record, bonded, or otherwise remedied to Lender's satisfaction within 60 days of the date of creation;

(7) The Transfer by the Investor Member or the Special Member of membership interests in the Borrower (or interests in the Investor Member) to any other entity which is an Affiliate of the
Investor Member and/or the Special Member and/or Boston Capital Partners, Inc.;

(8) the pledge and encumbrance of the interests of the Investor Member or the Special Member to or for the benefit of any financial institution approved by Lender, in Lender's sole reasonable discretion which enables the Investor Member to make its capital contributions to the Borrower;

(9) the removal of any manager or managing member of Borrower by the Special Member pursuant to the terms of the Second Amended and Restated Operating Agreement of Borrower, as may be amended from time to time subject to the terms of the Loan Agreement (if the amendment is done before the Conversion Date) and this Instrument and the replacement of such manager or managing member with the Special Member or an affiliate of the Special Member or Boston Capital Partners, Inc.;

(10) issuance of membership interests in the Borrower equal to 99.99% of the ownership, profits, losses, credits, distributions and other interests in the Borrower to the Investor Member and the Special Member;

(11) subject to the terms and requirements of the Loan Agreement (if occurring prior to the Conversion Date), a change in beneficial ownership of Investor Member or Special Member, provided that in all cases, such Investor Member or Special Member, as applicable, remains controlled by Boston Capital Partners, Inc. (or an affiliate thereof);

(12) issuance of membership interests in the Borrower equal to [0.0025]% of the ownership, profits, losses, credits, distributions and other interests in the Borrower to the Class B Special Member;

(13) a Transfer of a minority interest (less than 50%) in the managing member of Borrower to any children (or grandchildren) of a Key Principal (if an individual) without consent of the Lender (or payment of a fee) so long as the Key Principals (collectively) at all times retain a Controlling Interest of the managing member of Borrower;
(14) a change of Borrower's name, provided that UCC financing statements and/or amendments sufficient to continue the perfection of Lender's security interest have been filed and copies have been delivered to Lender;

(15) a change of the form of the Borrower not involving a transfer of Borrower's assets and not resulting in any change in liability of the initial owner, provided that UCC financing statements and/or amendments sufficient to continue the perfection of Lender's security interest have been properly filed and copies have been delivered to Lender;

(16) the merging of Borrower with another entity when Borrower is the surviving entity;

(17) a Condemnation which will not materially adversely affect the operation or value of the Mortgaged Property, provided that Borrower complies with the requirements of Section 20 of this Instrument with respect to condemnation;

(18) the merger or consolidation of a Key Principal with another entity with the Key Principal being the surviving entity, or the acquisition by a Key Principal of another entity, or a conversion of Key Principal from one type of legal entity into another type of legal entity (provided that such new legal entity remains obligated for all obligations of the prior entity in the same manner and respect as the prior entity and that the new entity shall have the same financial statements (including assets and liabilities) as the prior entity after giving effect to the conversion), whether or not there is a Transfer;

(19) After the end of the Low-Income Housing Tax Credit compliance period, the Transfer by the Investor Member and/or the Special Member of its membership interest in the Borrower to any other entity which is an affiliate of Borrower's managing member, or which is controlled by or under common control with an affiliate of Borrower's managing member; and

(20) any other Transfer expressly permitted by the terms of the Loan Documents (but only if that Loan Document is then in effect).
(c) Lender shall consent at any time on and after the Conversion Date and the delivery of the Conversion Certificate, without any adjustment to the rate at which the Indebtedness secured by this Instrument bears interest or to any other economic terms of the Indebtedness, to a Transfer that would otherwise violate this Section 21 if, prior to the Transfer, Borrower has satisfied each of the following requirements:

(1) the submission to Lender of all information reasonably required by Lender to make the determination required by this Section 21(c);

(2) the absence of any Event of Default (or the Event of Default will be cured contemporaneously with the Transfer);

(3) the transferee meets all of the eligibility, credit, management and other standards (including any standards with respect to previous relationships between Lender and the transferee and the organization of the transferee) customarily applied by Lender at the time of the proposed Transfer to the approval of borrowers in connection with the origination or purchase of similar mortgages, deeds of trust or deeds to secure debt on multifamily rental properties;

(4) the Mortgaged Property, at the time of the proposed Transfer, meets all standards as to its physical condition that are customarily applied by Lender at the time of the proposed Transfer to the approval of properties in connection with the origination or purchase of similar mortgages on multifamily rental properties;

(5) in the case of a Transfer of all or any part of the Mortgaged Property, direct or indirect ownership interests in Borrower or Key Principal (if an entity), if transferor or any other person has obligations under any Loan Document, the execution by the transferee or one or more individuals or entities acceptable to Lender of an assumption agreement (including, if applicable, an Acknowledgement and Agreement of Key Principal to Personal Liability for Exceptions to Non-Recourse Liability) that is acceptable to Lender and that, among other things, requires the transferee to perform all obligations of transferor or such person set forth in such Loan Document, and may require that the transferee comply with any provisions of this Instrument or
any other Loan Document which previously may have been waived by Lender;

(6) if a guaranty has been executed and delivered in connection with the Note, this Instrument or any of the other Loan Documents, the Borrower causes one or more individuals or entities acceptable to Lender to execute and deliver to Lender a guaranty in a form acceptable to Lender; and

(7) Lender's receipt of all of the following:

(A) a non-refundable review fee in the amount of $3,000 and, if to a party who is not controlled by or under common control with the transferor, a transfer fee equal to 1 percent of the outstanding Indebtedness immediately prior to the Transfer.

(B) In addition, Borrower shall be required to reimburse Lender for all of Lender's reasonable out-of-pocket costs (including reasonable attorneys' fees) incurred in reviewing the Transfer request, to the extent such expenses exceed $3,000.

(d) For purposes of this Section, the following terms shall have the meanings set forth below:

(4) "Initial Owners" means, with respect to Borrower or any other entity, the persons or entities who on the date of the Note own in the aggregate 100% of the ownership interests in Borrower or that entity.

(5) A Transfer of a "Controlling Interest" shall mean, with respect to any entity, the following:

(i) if such entity is a general partnership or a joint venture, a Transfer of any general partnership interest or joint venture interest which would cause the Initial Owners to own less than 51% of all general partnership or joint venture interests in such entity;

(ii) if such entity is a limited partnership, a Transfer of any general partnership interest;
(iii) if such entity is a limited liability company or a limited liability partnership, a Transfer of any membership or other ownership interest which would cause the Initial Owners to own less than 51% of all membership or other ownership interests in such entity;

(iv) if such entity is a corporation (other than a Publicly-Held Corporation) with only one class of voting stock, a Transfer of any voting stock which would cause the Initial Owners to own less than 51% of voting stock in such corporation;

(v) if such entity is a corporation (other than a Publicly-Held Corporation) with more than one class of voting stock, a Transfer of any voting stock which would cause the Initial Owners to own less than a sufficient number of shares of voting stock having the power to elect the majority of directors of such corporation; and

(vi) if such entity is a trust, the removal, appointment or substitution of a trustee of such trust other than (A) in the case of a land trust, or (B) if the trustee of such trust after such removal, appointment or substitution is a trustee identified in the trust agreement approved by Lender.

(6) **Publicly-Held Corporation** shall mean a corporation the outstanding voting stock of which is registered under Section 12(b) or 12(g) of the Securities and Exchange Act of 1934, as amended.

(e) Neither the $3,000 nor the one percent (1%) transfer fee will be due for the transfers permitted in subparagraph (b) above.

(f) The foregoing shall only be applicable to Transfers made on or after the Conversion Date (prior to the Conversion Date, Transfers will be governed by the terms of the Loan Agreement).

(g) Notwithstanding the foregoing or anything else herein or in the Loan Agreement to the contrary, any Transfer (before or after the Conversion Date) of the Mortgaged Property or of an interest in Borrower shall be subject to compliance by Borrower with Title 10 of the Texas Administrative Code Rule 10.406.
22. **EVENTS OF DEFAULT.**

Any one or more of the following shall constitute an Event of Default under this Instrument:

(a) any failure by Borrower to pay an amount on the Note within 10 days of when due, or to pay or deposit any other amount required by this Instrument or any other Loan Document within 10 days after Lender delivers written notice thereof to Borrower;

(b) any failure by Borrower to maintain the insurance coverage required by Section 19, which is not fully cured by or on behalf of Borrower within five (5) business days after Lender delivers notice thereof to Borrower;

(c) any failure by Borrower to comply with the provisions of Section 34;

(d) fraud or material misrepresentation or material omission by Borrower, any of its officers, directors, trustees, general partners, managing members, or managers or any Guarantor in connection with (A) the application for or creation of the Indebtedness, (B) any financial statement, rent roll, or other report or information provided to Lender during the term of the Indebtedness, (C) any request for Lender's consent to any proposed action, including a request for disbursement of funds under any Collateral Agreement, or (D) any of the representations and warranties contained in Section 3.1 of the Loan Agreement and in Section 59 of this Instrument;

(e) any Event of Default under Section 21;

(f) the commencement of a forfeiture action or proceeding, whether civil or criminal, which, in Lender's reasonable judgment, will result in a forfeiture of the Mortgaged Property or otherwise materially impair the lien created by this Instrument or Lender's interest in the Mortgaged Property, and such action or proceeding is not dismissed or terminated with prejudice within 60 days after the commencement thereof;

(g) any failure by Borrower to comply with the provisions of Section 60 which is not fully cured by or on behalf of Borrower within 30 days after written notice thereof is provided to Borrower by Lender;

(h) any failure by Borrower to perform any of its obligations under this Instrument (other than those specified in Sections 22(a) through (g)), as and when required, which continues for a period of 30 days after notice of such failure by Lender to Borrower. However, no such notice or grace period shall apply in the case of any such failure which would, in Lender's reasonable judgment, absent
immediate exercise by Lender of a right or remedy under this Instrument, result in material harm to Lender, impairment of the Note or this Instrument or any other security given under any other Loan Document;

(i) any failure by Borrower to perform any of its material obligations as and when required under any Loan Document other than this Instrument which continues beyond the applicable notice, grace, and/or cure period, if any, specified in that Loan Document;

(j) any exercise by the holder of any other debt instrument secured by a mortgage, deed of trust or deed to secure debt on the Mortgaged Property of a right to declare all amounts due under that debt instrument immediately due and payable; and

(k) Prior to the Conversion Date and the delivery of the Conversion Certificate, the occurrence of any other Event of Default under and as defined in the Loan Agreement.

23. REMEDIES CUMULATIVE.

Each right and remedy provided in this Instrument is distinct from all other rights or remedies under this Instrument or any other Loan Document or afforded by applicable law, and each shall be cumulative and may be exercised concurrently, independently, or successively, in any order. Notwithstanding anything to the contrary herein or in any of the other Loan Documents, Lender shall have no right or claim to the low income housing tax credits allocated to the Mortgaged Property unless and until Lender shall foreclose on the Mortgaged Property or accept a deed in lieu of foreclosure. Lender shall, notwithstanding anything to the contrary herein or in any other Loan Documents, have no right or claim to the LIHTCs (hereafter defined) allocated to the Land and Improvements unless and until the Lender shall foreclose on the Mortgaged Property or accept a deed in lieu of foreclosure.

24. FORBEARANCE.

(a) Except as otherwise expressly provided in any of the Loan Documents, Lender may (but shall not be obligated to) agree with Borrower, from time to time, and without giving notice to, or obtaining the consent of, or having any effect upon the obligations of, any Guarantor or other third party obligor, to take any of the following actions: extend the time for payment of all or any part of the Indebtedness; reduce the payments due under this Instrument, the Note, or any other Loan Document; release anyone liable for the payment of any amounts under this Instrument, the Note, or any other Loan Document; accept a renewal of the Note; modify the terms and time of payment of the Indebtedness; join in any extension or subordination agreement; release any Mortgaged Property; take or
release other or additional security; modify the rate of interest or period of amortization of the Note or change the amount of the monthly installments payable under the Note; and otherwise modify this Instrument, the Note, or any other Loan Document.

(b) Any forbearance by Lender in exercising any right or remedy under the Note, this Instrument, or any other Loan Document or otherwise afforded by applicable law, shall not be a waiver of or preclude the exercise of any other right or remedy. The acceptance by Lender of payment of all or any part of the Indebtedness after the due date of such payment, or in an amount which is less than the required payment, shall not be a waiver of Lender’s right to require prompt payment when due of all other payments on account of the Indebtedness or to exercise any remedies for any failure to make prompt payment. Enforcement by Lender of any security for the Indebtedness shall not constitute an election by Lender of remedies so as to preclude the exercise of any other right available to Lender. Lender’s receipt of any awards or proceeds under Sections 19 and 20 shall not operate to cure or waive any Event of Default.

25. NOTICE AND CURE RIGHTS OF INVESTOR MEMBER.

Notwithstanding anything to the contrary contained herein, or in any of the Loan Documents after the Conversion Date (prior to the Conversion Date, the Loan Agreement shall govern the notice and cure rights of the Special Member and the Investor Member): (i) Lender shall provide the Special Member with simultaneous notice of any Event of Default or other violation by Borrower under the Loan Documents, and (ii), the Lender agrees to accept performance on the part of the Investor Member, the Special Member, or any of their affiliates as though the same had been performed by the Borrower under any of the Loan Documents. The Lender will allow the Investor Member, the Special Member, and/or their affiliates ten (10) days after giving the Special Member notice to cure a monetary default under the Loan Documents (other than the payment due at maturity) and except as to the Borrower’s filing of a voluntary bankruptcy petition, up to thirty (30) days after giving the Special Member notice to cure of any non-monetary default under the Loan Documents. If the Investor Member, the Special Member, or any of their affiliates, makes any such payment or otherwise offers cure of a default, the Lender will accept or reject such action as curing such default on the same basis as if payment or cure were made directly by the Borrower. The foregoing notice and cure periods shall run simultaneously with any grace and cure periods provided to the Borrower in Section 22, or otherwise for the applicable occurrences.
26. [INTENTIONALLY DELETED].

27. WAIVER OF STATUTE OF LIMITATIONS.

Borrower hereby waives the right to assert any statute of limitations as a bar to the enforcement of the lien of this Instrument or to any action brought to enforce any Loan Document.

28. WAIVER OF MARSHALLING.

Notwithstanding the existence of any other security interests in the Mortgaged Property held by Lender or by any other party, Lender shall have the right to determine the order in which any or all of the Mortgaged Property shall be subjected to the remedies provided in this Instrument, the Note, any other Loan Document or applicable law. Lender shall have the right to determine the order in which any or all portions of the Indebtedness are satisfied from the proceeds realized upon the exercise of such remedies. Borrower and any party who now or in the future acquires a security interest in the Mortgaged Property and who has actual or constructive notice of this Instrument waives any and all right to require the marshalling of assets or to require that any of the Mortgaged Property be sold in the inverse order of alienation or that any of the Mortgaged Property be sold in parcels or as an entirety in connection with the exercise of any of the remedies permitted by applicable law or provided in this Instrument.

29. FURTHER ASSURANCES.

Borrower shall execute, acknowledge, and deliver, at its sole cost and expense, all further acts, deeds, conveyances, assignments, estoppel certificates, financing statements, transfers and assurances as Lender may reasonably require from time to time in order to better assure, grant, and convey to Lender the rights intended to be granted, now or in the future, to Lender under this Instrument and the Loan Documents, provided that except as required for the above purposes, Borrower is not obligated to execute, acknowledge or deliver any such items that add to, modify or change the terms of the Loan Documents in a manner which is inconsistent with the terms of the Commitment (under and as defined in the Loan Agreement).

30. ESTOPPEL CERTIFICATE.

Within 10 days after a written request from Lender, Borrower shall deliver to Lender a written statement, signed and acknowledged by Borrower, certifying to Lender or any person designated by Lender, as of the date of such statement, (i) that the Loan Documents are unmodified and in full force and effect (or, if there have been modifications, that the Loan Documents are in full force and effect as modified and setting forth such modifications); (ii) the unpaid principal balance of the Note; (iii) the date to which interest under the Note has been paid; (iv) that Borrower is not in default in paying the Indebtedness or in performing or observing any of the covenants or agreements contained in this Instrument or any of the other Loan Documents (or, if the
31. GOVERNING LAW; CONSENT TO JURISDICTION AND VENUE.

(a) This Instrument, and any Loan Document which does not itself expressly identify the law that is to apply to it, shall be governed by the laws of the State of Texas, exclusive of choice and conflict of law principles.

(b) Borrower and Lender agree that (1) any controversy arising under or in relation to the Note, this Instrument, or any other Loan Document shall be litigated exclusively in Austin, Texas, and (2) the state and federal courts and authorities with jurisdiction in Austin, Travis County, Texas shall have exclusive jurisdiction over all controversies which shall arise under or in relation to the Note, any security for the Indebtedness, or any other Loan Document. Borrower and Lender irrevocably consent to service, jurisdiction, and venue of such courts for any such litigation and waive any other venue to which they might be entitled by virtue of domicile, habitual residence or otherwise.

32. NOTICE.

(a) All notices, demands and other communications ("notice") under or concerning this Instrument and the other Loan Documents shall be in writing. Each notice shall be addressed to the intended recipient at its address set forth in this Instrument, and shall be deemed given on the earliest to occur of (1) the date when the notice is received by the addressee; (2) the first Business Day after the notice is delivered to a recognized overnight courier service, with arrangements made for payment of charges for next Business Day delivery; or (3) the third Business Day after the notice is deposited in the United States mail with postage prepaid, certified mail, return receipt requested. As used in this Section 32, the term "Business Day" means any day other than a Saturday, a Sunday or any other day on which Lender is not open for business.

(b) Any party to this Instrument may change the address to which notices intended for it are to be directed by means of notice given to the other party in accordance with this Section 32. Each party agrees that it will not refuse or reject delivery of any notice given in accordance with this Section 32, that it will acknowledge, in writing, the receipt of any notice upon request by the other party and that any notice rejected or refused by it shall be deemed for purposes of this Section 32 to have been received by the rejecting party on the date so refused or rejected, as conclusively established by the records of the U.S. Postal Service or the courier service.
(c) Any notice under the Note and any other Loan Document which does not specify how notices are to be given shall be given in accordance with this Section 32.

(d) Copies of all notices provided by Lender to Borrower under this Instrument or any related document shall be simultaneously provided to the Investor Member at: Boston Capital Direct Placement, A Limited Partnership, c/o Boston Capital Partners, Inc., One Boston Place, 21st Floor, Boston, MA 02108, Attention: Asset Management, with a copy to Holland & Knight LLP, 10 St. James Avenue, 11th Floor, Boston, Massachusetts 02116, Attention: Doug Clapp, Esq. and the Guarantor at the address specified in the applicable guaranty. Notwithstanding anything herein to the contrary, Lender shall provide the Investor Member with copies of all notices of Default and Event of Default provided to Borrower under this Instrument and other Loan Documents simultaneously with the giving of any such notice to Borrower, and Investor Member shall be entitled to cure any such Default or Event of Default for and on behalf of Borrower within any applicable grace or cure period.

33. SALE OF NOTE; CHANGE IN SERVICER.

The Note or a partial interest in the Note (together with this Instrument and the other Loan Documents) may be sold one or more times without prior notice to Borrower, and Borrower shall not be liable for any costs or claims in connection therewith. A sale may result in a change of the Loan Servicer. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given notice of the change. If Borrower receives conflicting Notices regarding the identity of the Loan Servicer or any other subject, any such Notice from Lender shall govern.

34. SINGLE ASSET BORROWER.

Until the Indebtedness is paid in full, Borrower (a) shall not acquire any real or personal property other than the Mortgaged Property and personal property related to the acquisition, construction, development, leasing, replacement, sale refinancing, operation and maintenance of the Mortgaged Property (other than de minimis personal property); (b) shall not operate any business other than the acquisition, construction, development, leasing, replacement, sale refinancing, management and operation of the Mortgaged Property; and (c) shall not maintain its assets in a way difficult to segregate and identify.

35. SUCCESSORS AND ASSIGNS BOUND.

This Instrument shall bind, and the rights granted by this Instrument shall inure to, the respective successors and assigns of Lender and Borrower. However, a
Transfer not permitted by Section 21 or any of the other Loan Documents (as then in effect) shall be an Event of Default.

36. **JOINT AND SEVERAL LIABILITY.**

If more than one person or entity signs this Instrument as Borrower, the obligations of such persons and entities shall be joint and several.

37. **RELATIONSHIP OF PARTIES; NO THIRD PARTY BENEFICIARY.**

(a) The relationship between Lender and Borrower shall be solely that of creditor and debtor, respectively, and nothing contained in this Instrument shall create any other relationship between Lender and Borrower.

(b) No creditor of any party to this Instrument and no other person shall be a third party beneficiary of this Instrument or any other Loan Document. Without limiting the generality of the preceding sentence, (1) any arrangement (a "Servicing Arrangement") between the Lender and any Loan Servicer for loss sharing or interim advancement of funds shall constitute a contractual obligation of such Loan Servicer that is independent of the obligation of Borrower for the payment of the Indebtedness, (2) Borrower shall not be a third party beneficiary of any Servicing Arrangement, and (3) no payment by the Loan Servicer under any Servicing Arrangement will reduce the amount of the Indebtedness.

38. **SEVERABILITY; AMENDMENTS.**

The invalidity or unenforceability of any provision of this Instrument shall not affect the validity or enforceability of any other provision, and all other provisions shall remain in full force and effect. This Instrument contains the entire agreement among the parties as to the rights granted and the obligations assumed in this Instrument. This Instrument may not be amended or modified except by a writing signed by the party against whom enforcement is sought.

39. **CONSTRUCTION.**

The captions and headings of the sections of this Instrument are for convenience only and shall be disregarded in construing this Instrument. Any reference in this Instrument to an "Exhibit" or a "Section" shall, unless otherwise explicitly provided, be construed as referring, respectively, to an Exhibit attached to this Instrument or to a Section of this Instrument. All Exhibits attached to or referred to in this Instrument are incorporated by reference into this Instrument. Any reference in this Instrument to a statute or regulation shall be construed as referring to that statute or regulation as amended from time to time. Use of the singular in this Instrument includes the plural and use of the plural includes the singular. As used in this Instrument, the term "including" means "including, but not limited to."

40. **LOAN SERVICING.**

All actions regarding the servicing of the loan evidenced by the Note, including the collection of payments, the giving and receipt of notice, inspections of the Property, inspections of books and records, and the granting of consents and approvals, may be taken by the Loan Servicer unless Borrower receives notice to the contrary. If Borrower receives conflicting notices regarding the identity of the Loan Servicer or any other subject, any such notice from Lender shall govern.

41. **DISCLOSURE OF INFORMATION.**

Lender may furnish information regarding Borrower or the Mortgaged Property to third parties with an existing or prospective interest in the servicing, enforcement, evaluation, performance, purchase or securitization of the Indebtedness, including trustees, master servicers, special servicers, rating agencies, and organizations maintaining databases on the underwriting and performance of multifamily mortgage loans. Borrower irrevocably waives any and all rights it may have under applicable law to prohibit such disclosure, including any right of privacy.

42. **NO CHANGE IN FACTS OR CIRCUMSTANCES.**

All information in the application for the loan submitted to Lender (the "Loan Application") and in all financial statements, rent rolls, reports, certificates and other documents submitted in connection with the Loan Application are complete and accurate in all material respects. There has been no Material Adverse Change (as defined in the Loan Agreement) in any fact or circumstance that would make any such information incomplete or inaccurate.

43. **SUBROGATION.**

If, and to the extent that, the proceeds of the loan evidenced by the Note are used to pay, satisfy or discharge any obligation of Borrower for the payment of money that is secured by a pre-existing mortgage, deed of trust or other lien encumbering the Mortgaged Property (a "Prior Lien"), such loan proceeds shall be deemed to have been advanced by Lender at Borrower’s request, and Lender shall automatically, and without further action on its part, be subrogated to the rights, including lien priority, of the owner or holder of the obligation secured by the Prior Lien, whether or not the Prior Lien is released.

44. **ACCELERATION; REMEDIES.**

Except as otherwise expressly provided in the Loan Documents, at any time during the existence of an Event of Default, Lender, at Lender’s option, may declare the Indebtedness to be immediately due and payable without further demand, and may invoke the power of sale and any other remedies permitted by Texas law or provided in this Instrument or in any other Loan Document. Borrower acknowledges that the power
of sale granted in this Instrument may be exercised by Lender without prior judicial hearing. Lender shall be entitled to collect all reasonable costs and expenses incurred in pursuing such remedies, including reasonable attorneys' fees, costs of documentary evidence, abstracts and title reports.

If Lender invokes the power of sale, Lender may, by and through the Trustee, or otherwise, sell or offer for sale the Mortgaged Property in such portions, order and parcels as Lender may determine, with or without having first taken possession of the Mortgaged Property, to the highest bidder for cash at public auction. Such sale shall be made at the designated place in the county in which all or any part of the Land to be sold is situated (whether the parts or parcel, if any, situated in different counties are contiguous or not, and without the necessity of having any Personalty present at such sale) on the first Tuesday of any month between the hours of 10:00 a.m. and 4:00 p.m., after advertising the time, place and terms of sale and that portion of the Mortgaged Property to be sold by posting or causing to be posted written or printed notice of sale at least twenty-one (21) days before the date of the sale at the designated place in the county in which the sale is to be made and at the designated place in any other county in which a portion of the Land may be situated, and by filing such notice with the County Clerk(s) of the county(s) in which all or a portion of the Land may be situated, which notice may be posted and filed by the Trustee acting, or by any person acting for the Trustee, and Lender has, at least twenty-one (21) days before the date of the sale, served written or printed notice of the proposed sale by certified mail on each debtor obligated to pay the Indebtedness according to Lender's records by the deposit of such notice, enclosed in a postpaid wrapper, properly addressed to such debtor at debtor's most recent address as shown by Lender's records, in a post office or official depository under the care and custody of the United States Postal Service. The affidavit of any person having knowledge of the facts to the effect that such service was completed shall be prima facie evidence of the fact of service.

Trustee shall deliver to the purchaser at the sale, within a reasonable time after the sale, a deed conveying the Mortgaged Property so sold in fee simple with covenants of general warranty. Borrower covenants and agrees to defend generally the purchaser's title to the Mortgaged Property against all claims and demands. The recitals in Trustee's deed shall be prima facie evidence of the truth of the statements contained in those recitals. Trustee shall apply the proceeds of the sale in the following order: (a) to all reasonable costs and expenses of the sale, including reasonable Trustee's fees not to exceed 3% of the gross sale price (unless higher fees are customary in the jurisdiction where the Mortgaged Property is located) and attorneys' fees and costs of title evidence; (b) to the Indebtedness in such order as Lender, in Lender's discretion, directs; and (c) the excess, if any, to the person or persons legally entitled to the excess.

If all or any part of the Mortgaged Property is sold pursuant to this Section 44, Borrower will be divested of any and all interest and claim to the Mortgaged Property, including any interest or claim to all insurance policies, utility deposits, bonds, loan commitments and other intangible property included as a part of the Mortgaged
Property. Additionally, after a sale of all or any part of the Land, Improvements, Fixtures and Personalty, Borrower will be considered a tenant at sufferance of the purchaser of the same, and the purchaser shall be entitled to immediate possession of such property. If Borrower shall fail to vacate the Mortgaged Property immediately, the purchaser may and shall have the right, without further notice to Borrower, to go into any justice court in any precinct or county in which the Mortgaged Property is located and file an action in forcible entry and detainer, which action shall lie against Borrower or its assigns or legal representatives, as a tenant at sufferance. This remedy is cumulative of any and all remedies the purchaser may have under this Instrument or otherwise.

In any action for a deficiency after a foreclosure under this Instrument prior to the Conversion Date, if any person against whom recovery is sought requests the court in which the action is pending to determine the fair market value of the Mortgaged Property, as of the date of the foreclosure sale, the following shall be the basis of the court’s determination of fair market value:

(a) the Mortgaged Property shall be valued “as is” and in its condition as of the date of foreclosure, and no assumption of increased value because of post-foreclosure repairs, refurbishment, restorations or improvements shall be made;

(b) any adverse effect on the marketability of title because of the foreclosure or because of any other title condition not existing as of the date of this Instrument shall be considered;

(c) the valuation of the Mortgaged Property shall be based upon an assumption that the foreclosure purchaser desires a prompt resale of the Mortgaged Property for cash within a six month period after foreclosure;

(d) although the Mortgaged Property may be disposed of more quickly by the foreclosure purchaser, the gross valuation of the Mortgaged Property as of the date of foreclosure shall be discounted for a hypothetical reasonable holding period (not to exceed 6 months) at a monthly rate equal to the average monthly interest rate on the Note for the twelve months before the date of foreclosure;

(e) the gross valuation of the Mortgaged Property as of the date of foreclosure shall be further discounted and reduced by reasonable estimated costs of disposition, including brokerage commissions, title policy premiums, environmental assessment and clean-up costs, tax and assessment, prorations, costs to comply with legal requirements and attorneys’ fees;
(f) expert opinion testimony shall be considered only from a licensed appraiser certified by the State of Texas and, to the extent permitted under Texas law, a member of the Appraisal Institute, having at least five years’ experience in appraising property similar to the Mortgaged Property in the county where the Mortgaged Property is located, and who has conducted and prepared a complete written appraisal of the Mortgaged Property taking into considerations the factors set forth in this Instrument; no expert opinion testimony shall be considered without such written appraisal;

(g) evidence of comparable sales shall be considered only if also included in the expert opinion testimony and written appraisal referred to in the preceding paragraph; and

(h) an affidavit executed by Lender to the effect that the foreclosure bid accepted by Trustee was equal to or greater than the value of the Mortgaged Property determined by Lender based upon the factors and methods set forth in subparagraphs (a) through (g) above before the foreclosure shall constitute prima facie evidence that the foreclosure bid was equal to or greater than the fair market value of the Mortgaged Property on the foreclosure date.

Lender may, at Lender’s option, comply with these provisions in the manner permitted or required by Title 5, Section 51.002 of the Texas Property Code (relating to the sale of real estate) or by Chapter 9 of the Texas Business and Commerce Code (relating to the sale of collateral after default by a debtor), as those titles and chapters now exist or may be amended or succeeded in the future, or by any other present or future articles or enactments relating to same subject. Unless expressly excluded, the Mortgaged Property shall include Rents collected before a foreclosure sale, but attributable to the period following the foreclosure sale, and Borrower shall pay such Rents to the purchaser at such sale. At any such sale:

(a) whether made under the power contained in this Instrument, Section 51.002, the Texas Business and Commerce Code, any other legal requirement or by virtue of any judicial proceedings or any other legal right, remedy or recourse, it shall not be necessary for Trustee to have physically present, or to have constructive possession of, the Mortgaged Property (Borrower shall deliver to Trustee any portion of the Mortgaged Property not actually or constructively possessed by Trustee immediately upon demand by Trustee) and the title to and right of possession of any such property shall pass to the purchaser as completely as if the property had been actually present and delivered to the purchaser at the sale;
(b) each instrument of conveyance executed by Trustee shall contain a general warranty of title (subject to all Permitted Exceptions), binding upon Borrower;

(c) the recitals contained in any instrument of conveyance made by Trustee shall conclusively establish the truth and accuracy of the matters recited in the Instrument, including nonpayment of the Indebtedness and the advertisement and conduct of the sale in the manner provided in this Instrument and otherwise by law and the appointment of any successor Trustee;

(d) all prerequisites to the validity of the sale shall be conclusively presumed to have been satisfied;

(e) the receipt of Trustee or of such other party or officer making the sale shall be sufficient to discharge to the purchaser or purchasers for such purchaser(s)' purchase money, and no such purchaser or purchasers, or such purchaser(s)' assigns or personal representatives, shall thereafter be obligated to see to the application of such purchase money or be in any way answerable for any loss, misapplication or nonapplication of such purchase money;

(f) to the fullest extent permitted by law, Borrower shall be completely and irrevocably divested of all of Borrower's right, title, interest, claim and demand whatsoever, either at law or in equity, in and to the property sold, and such sale shall be a perpetual bar to any claim to all or any part of the property sold, both at law and in equity, against Borrower and against any person claiming by, through or under Borrower; and

(g) to the extent and under such circumstances as are permitted by law, Lender may be a purchaser at any such sale.

45. RELEASE.

Upon payment of the Indebtedness, Lender shall release this Instrument by executing any and all appropriate termination and/or release documents. Borrower shall pay Lender's reasonable third party costs actually incurred in releasing this Instrument.

46. TRUSTEE.

(a) Trustee may resign by giving of notice of such resignation in writing to Lender. If Trustee shall die, resign or become disqualified from
acting under this Instrument or shall fail or refuse to act in accordance with this Instrument when requested by Lender or if for any reason and without cause Lender shall prefer to appoint a substitute trustee to act instead of the original Trustee named in this Instrument or any prior successor or substitute trustee, Lender shall have full power to appoint a substitute trustee and, if preferred, several substitute trustees in succession who shall succeed to all the estate, rights, powers and duties of the original Trustee named in this Instrument. Such appointment may be executed by an authorized officer, agent or attorney-in-fact of Lender (whether acting pursuant to a power of attorney or otherwise), and such appointment shall be conclusively presumed to be executed with authority and shall be valid and sufficient without proof of any action by Lender.

(b) Any successor Trustee appointed pursuant to this Section shall, without any further act, deed or conveyance, become vested with all the estates, properties, rights, powers and trusts of the predecessor Trustee with like effect as if originally named as Trustee in this Instrument; but, nevertheless, upon the written request of Lender or such successor Trustee, the Trustee ceasing to act shall execute and deliver an instrument transferring to such successor Trustee, all the estates, properties, rights, powers and trusts of the Trustee so ceasing to act, and shall duly assign, transfer and deliver any of the property and monies held by the Trustee ceasing to act to the successor Trustee.

(c) Trustee may authorize one or more parties to act on Trustee’s behalf to perform the ministerial functions required of Trustee under this Instrument, including the transmittal and posting of any notices.

47. [INTENTIONALLY OMITTED]

48. NO FIDUCIARY DUTY.

Lender owes no fiduciary or other special duty to Borrower.

49. FIXTURE FILING.

This Instrument is also a fixture filing under the Uniform Commercial Code of Texas.
50. ADDITIONAL PROVISIONS REGARDING ASSIGNMENT OF RENTS.

In no event shall the assignment of Rents or Leases in Section 3 and Section 4 cause the Indebtedness to be reduced by an amount greater than the Rents actually received by Lender and applied by Lender to the Indebtedness, whether before, during or after (i) an Event of Default, or (ii) a suspension or revocation of the license granted to Borrower in Section 3(b) with regard to the Rents. Borrower and Lender specifically intend that the assignment of Rents and Leases in Section 3 and Section 4 is not intended to result in a pro tanto reduction of the Indebtedness. The assignment of Rents and Leases in Section 3 and Section 4 is not intended to constitute a payment of, or with respect to, the Indebtedness and, therefore, Borrower and Lender specifically intend that the Indebtedness shall not be reduced by the value of the Rents and Leases assigned. Such reduction shall occur only if, and to the extent that, Lender actually receives Rents pursuant to Section 3 and applies such Rents to the Indebtedness. Borrower agrees that the value of the license granted with regard to the Rents equals the value of the collateral assignment of Rents to Lender. The assignment of Rents contained in Sections 3 and 4 shall automatically terminate upon the release of this Instrument.

51. LOAN CHARGES.

Borrower and Lender intend at all times to comply with the laws of the State of Texas governing the maximum rate or amount of interest payable on or in connection with the Indebtedness (or applicable United States federal law to the extent that it permits Lender to contract for, charge, take, reserve or receive a greater amount of interest than under Texas law). If the applicable law is ever judicially interpreted so as to render usurious any amount payable under the Note, this Instrument or any other Loan Document, or contracted for, charged, taken, reserved or received with respect to the Indebtedness, or if acceleration of the maturity of the Indebtedness, or if any prepayment by Borrower results in Borrower having paid any interest in excess of that permitted by any applicable law, then Borrower and Lender expressly intend that all excess amounts collected by Lender shall be applied to reduce the unpaid principal balance of the Indebtedness (or, if the Indebtedness has been or would thereby be paid in full, shall be refunded to Borrower), and the provisions of the Note, this Instrument and the other Loan Documents immediately shall be deemed reformed and the amounts thereafter collectible under the Loan Documents reduced, without the necessity of the execution of any new documents, so as to comply with any applicable law, but so as to permit the recovery of the fullest amount otherwise payable under the Loan Documents. The right to accelerate the maturity of the Indebtedness does not include the right to accelerate any interest which has not otherwise accrued on the date of such acceleration, and Lender does not intend to collect any unearned interest in the event of acceleration. All sums paid or agreed to be paid to Lender for the use, forbearance or detention of the Indebtedness shall, to the extent permitted by applicable law, be amortized, prorated, allocated and spread throughout the full term of the Indebtedness until payment in full so that the rate or amount of interest on account of the Indebtedness does not exceed the applicable usury ceiling. Notwithstanding any
provision contained in the Note, this Instrument or any other Loan Document that permits the compounding of interest, including any provision by which any accrued interest is added to the principal amount of the Indebtedness, the total amount of interest that Borrower is obligated to pay and Lender is entitled to receive with respect to the Indebtedness shall not exceed the amount calculated on a simple (i.e., noncompounded) interest basis at the maximum rate on principal amounts actually advanced to or for the account of Borrower, including all current and prior advances and any advances made pursuant to the Instrument or any other Loan Document (such as for the payment of Impositions and similar expenses or costs).

52. PROPERTY AND LIABILITY INSURANCE — DELIVERY OF POLICY TO LENDER.

Notwithstanding the provisions of Section 19(b), Borrower shall not be required to deliver the original (or a duplicate original) of any renewal policy of insurance to Lender more than 15 days prior to the expiration date of the policy then held by Lender.

53. ENTIRE AGREEMENT.

THIS INSTRUMENT, THE NOTE AND THE OTHER LOAN DOCUMENTS REPRESENT THE FINAL AGREEMENT BETWEEN THE PARTIES AND MAY NOT BE CONTRADICTED BY EVIDENCE OF PRIOR, CONTEMPORANEOUS OR SUBSEQUENT ORAL AGREEMENTS. THERE ARE NO UNWRITTEN ORAL AGREEMENTS BETWEEN THE PARTIES.

54. WAIVER OF TRIAL BY JURY.

BORROWER AND LENDER EACH (A) COVENANTS AND AGREES NOT TO ELECT A TRIAL BY JURY WITH RESPECT TO ANY ISSUE ARISING OUT OF THIS INSTRUMENT OR THE RELATIONSHIP BETWEEN THE PARTIES AS BORROWER AND LENDER THAT IS TRIABLE OF RIGHT BY A JURY AND (B) WAIVES ANY RIGHT TO TRIAL BY JURY WITH RESPECT TO SUCH ISSUE TO THE EXTENT THAT ANY SUCH RIGHT EXISTS NOW OR IN THE FUTURE. THIS WAIVER OF RIGHT TO TRIAL BY JURY IS SEPARATELY GIVEN BY EACH PARTY, KNOWINGLY AND VOLUNTARILY WITH THE BENEFIT OF COMPETENT LEGAL COUNSEL.

55. NO DRILLING OR EXPLORATION.

Without the prior written consent of Lender, which such consent shall not be unreasonably withheld, conditioned or delayed, except for the offsite extraction of mineral from under the Land pursuant to mineral leases existing as of the date hereof, Borrower shall not permit any drilling or exploring on the Land for or extraction, removal, or production of minerals from the surface or subsurface of the Land (in no event may there be any drilling operation on the surface of the Land). The term “minerals” as used herein shall include, without limiting the generality of such term, oil, gas, casinghead
gas, coal, lignite, hydrocarbons, methane, carbon dioxide, helium, uranium and all other
natural elements, compounds and substances, including sand and gravel.

56. CONSTRUCTION INSTRUMENT.

THIS INSTRUMENT SECURES ANY OBLIGATION INCURRED FOR THE
CONSTRUCTION OF IMPROVEMENTS ON THE LAND. THIS INSTRUMENT IS A
"CONSTRUCTION MORTGAGE" FOR PURPOSES OF SECTIONS 9.334(h) AND
2A.309 OF THE TEXAS BUSINESS AND COMMERCE CODE.

57. INDEMNIFICATION OF TRUSTEE.

EXCEPT FOR GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, TRUSTEE
SHALL NOT BE LIABLE FOR ANY ACT OR OMISSION OR ERROR OF JUDGMENT.
TRUSTEE MAY RELY ON ANY DOCUMENT BELIEVED BY HIM IN GOOD FAITH TO
BE GENUINE. ALL MONEY RECEIVED BY TRUSTEE SHALL, UNTIL USED OR
APPLIED AS HEREBIN PROVIDED, BE HELD IN TRUST, BUT NEED NOT BE
SEGREGATED (EXCEPT TO THE EXTENT REQUIRED BY LAW), AND TRUSTEE
SHALL NOT BE LIABLE FOR INTEREST THEREON. BORROWER HEREBY
INDEMNIFIES TRUSTEE AGAINST ALL LIABILITY TO A THIRD PARTY AND
REASONABLE EXPENSES THAT HE MAY INCUR IN THE PERFORMANCE OF HIS
DUTIES HEREUNDER, EXCEPT TO THE EXTENT THE SAME RESULTS FROM
TRUSTEE'S GROSS NEGLIGENCE OR WILLFUL MISCONDUCT.

58. ACCELERATION IN CASE OF BORROWER'S INSOLVENCY.

If (a) Borrower shall voluntarily file a petition under Title 11 of the United States
Code, or under any similar or successor Federal statute relating to bankruptcy,
insolvency, arrangements or reorganizations, or under any state bankruptcy or
insolvency act, or file an answer in an involuntary proceeding admitting insolvency or
inability to pay debts, or if (b) Borrower shall fail to obtain a removal, discharge, vacation
or stay of involuntary proceedings within ninety (90) days of the date brought or filed for
the reorganization, dissolution or liquidation of Borrower, or if (c) Borrower shall be
adjudged a bankrupt, or if a trustee or receiver shall be appointed for Borrower or
Borrower's property, or if the Mortgaged Property shall become subject to the
jurisdiction of a Federal bankruptcy court or similar state court, and such is not vacated,
 Stayed, discharged, or removed within ninety (90) days, or if (d) Borrower shall make an
assignment for the benefit of Borrower's creditors, or if there is an attachment, execution
or other judicial seizure of any portion of Borrower's assets and such seizure is not
discharged within ninety (90) days, then Lender may, at Lender's option, declare all of
the sums secured by this Instrument to be immediately due and payable without prior
notice to Borrower, and Lender may invoke any remedies permitted by Section 44 of
this Instrument. Any attorneys' fees and other expenses incurred by Lender in
connection with Borrower's bankruptcy or any of the other aforesaid events shall be
additional indebtedness of Borrower secured by this Instrument. Notwithstanding
anything to the contrary, Borrower shall have 90 days to dismiss any proceedings contemplated under this Section 58.

59. EXTENDED LOW-INCOME HOUSING COMMITMENT.

Lender agrees that the lien of this Instrument shall be subordinate to any extended low-income housing commitment (as such term is defined in Section 42(h)(6)(B) of the Internal Revenue Code) (the "Extended Use Agreement") recorded against the Mortgaged Property; provided that such Extended Use Agreement, by its terms, must terminate upon foreclosure under this Instrument or upon a transfer of the Mortgaged Property by instrument in lieu of foreclosure, in accordance with Section 42(h)(6)(E) of the Internal Revenue Code. Lender further agrees that, as of the date hereof, Internal Revenue Code Section 42(h)(6)(E)(ii) does not permit the eviction or termination of tenancy (other than for good cause) of an existing tenant of any low-income unit or an increase in the gross rent with respect to such unit not otherwise permitted under Internal Revenue Code Section 42 for a period of three (3) years after the date the building is acquired by foreclosure or by instrument in lieu of foreclosure.

60. ANNUAL LIHTC REPORTING REQUIREMENTS.

Borrower must submit to Lender, each year at the time of annual submission of Borrower’s financial analysis of operations, a copy of the following sections of Borrower’s federal tax return: Internal Revenue Forms 1065, 8586, 8609 and Form 8609, Schedule A, which must reflect the total low-income housing tax credits ('LIHTCs') allocated to the Mortgaged Property and the LIHTCs claimed for the Mortgaged Property in the preceding year.

61. CROSS-DEFAULT.

Borrower acknowledges and agrees that any default, event of default, or breach (however such terms may be defined) after the expiration of any applicable notice and/or cure periods under the Extended Use Agreement shall be an Event of Default under this Instrument and that any costs, damages or other amounts, including reasonable attorney's fees incurred by the Lender as a result of such an Event of Default by Borrower, including amounts paid to cure any default or event of default, under the Extended Use Agreement shall be an obligation of Borrower and become a part of the Indebtedness secured by this Instrument.

62. BANK CONSENT.

When Lender is required under this Instrument or any of the other Loan Documents to provide its consent or approval, or render its determination, judgment, decision or satisfaction, such consent, approval, determination, judgment, decision or satisfaction (or the denial thereof, as the case may be) shall not be unreasonably withheld or conditioned and shall be given within a reasonable time after its receipt of the request therefor, taking into consideration the circumstances of the request.
63. ANNUAL COMPLIANCE.

Borrower shall submit to Lender on an annual basis, evidence that the Mortgaged Property is in ongoing compliance with all income, occupancy and rent restrictions under the Extended Use Agreement relating to the Mortgaged Property. Such submissions shall be made contemporaneously with Borrower’s reports required to be made to the regulator under the Extended Use Agreement.

64. INDEMNIFICATION.

Notwithstanding anything to the contrary herein set forth or in any of the other Loan Documents, Borrower’s indemnification requirements shall not apply to any Indemnitee or Lender Party to the extent the subject of the indemnification is caused by or arises solely and directly by the gross negligence or willful misconduct of any Indemnitee or Lender Party.

65. CONTROLLING DOCUMENT

After the Conversion Date, and except as otherwise expressly provided herein, all irreconcilable inconsistencies or conflicts between the terms of this Instrument with the terms of any other Loan Document shall be governed and controlled by the terms of this Instrument.

66. INSURANCE AND CONDEMNATION PROCEEDS.

Notwithstanding anything to the contrary contained herein or in any of the other Loan Documents, in the event of any fire or other casualty to the Mortgaged Property or eminent domain proceedings resulting in condemnation of the Mortgaged Property, or any part thereof, Borrower shall have the right to rebuild the Mortgaged Property, and to use all available insurance or condemnation proceeds therefor, provided that (a) such proceeds or such other funds Lender has determined are then readily available to Borrower are sufficient to keep the loan evidenced by the Loan Documents (the "Loan") in balance as required by the Loan Agreement and rebuild the Mortgaged Property in a manner that provides adequate security to Lender for repayment of the Loan, or if such proceeds are insufficient then Borrower shall have funded any deficiency in a manner satisfactory to Lender; (b) Lender shall have the right to approve plans and specifications for the rebuilding, the right to approve the schedule for the rebuilding, and the right to approve disbursements of insurance or condemnation proceeds for rebuilding under a construction escrow or similar arrangement; and (c) no continuing Event of Default then exists under the Loan Documents that, if prior to the Conversion Date, cannot be cured by the rebuilding of the Mortgaged Property exists. If the casualty or condemnation affects only a portion of the Mortgaged Property and total rebuilding is infeasible, then the proceeds shall be used for partial rebuilding and partial repayment of the Loan in a manner that provides adequate security to Lender for repayment of the remaining balance of the Loan.
67. WAIVER OF SPECIAL DAMAGES.

TO THE EXTENT PERMITTED BY APPLICABLE LAW, NEITHER LENDER NOR BORROWER SHALL ASSERT, AND HEREBY WAIVE, ANY CLAIM AGAINST THE OTHER, ON ANY THEORY OF LIABILITY FOR SPECIAL, INDIRECT, CONSEQUENTIAL OR PUNITIVE DAMAGES (AS OPPOSED TO DIRECT OR ACTUAL DAMAGES) ARISING OUT OF, IN CONNECTION WITH, OR AS A RESULT OF, THIS INSTRUMENT OR ANY OF THE OTHER LOAN DOCUMENTS.

68. LOAN CHARGES.

If any applicable law limiting the amount of interest or other charges permitted to be collected from Borrower is interpreted so that any charge provided for in any Loan Document, whether considered separately or together with other charges levied in connection with any other Loan Document, violates that law, and Borrower is entitled to the benefit of that law, that charge is hereby reduced to the extent necessary to eliminate that violation. The amounts, if any, previously paid to Lender in excess of the permitted amounts shall be applied by Lender to reduce the principal of the Indebtedness. For the purpose of determining whether any applicable law limiting the amount of interest or other charges permitted to be collected from Borrower has been violated, all Indebtedness which constitutes interest, as well as all other charges levied in connection with the Indebtedness which constitute interest, shall be deemed to be allocated and spread over the stated term of the Note. Unless otherwise required by applicable law, such allocation and spreading shall be effected in such a manner that the rate of interest so computed is uniform throughout the stated term of the Note.

69. NOTICE OF LITIGATION.

Borrower shall, in addition to, and without in any way limiting, the other requirements in this Agreement to provide certain notices to Lender, deliver to Lender, promptly upon any officer or partner having actual knowledge of any litigation or proceeding or contingent liability in which the amount involved is $75,000.00 or more, which is not covered by insurance, and which involves Borrower as a defendant or the Premises or any other property of Borrower, a written statement with respect thereto, signed by an authorized representative of Borrower, advising Lender of the occurrence of such event or circumstance and the steps, if any, being taken by Borrower with respect thereto. Notwithstanding the foregoing, if an Event of Default or any event, act or condition which, with the passage of time or the giving of notice, or both, would constitute an Event of Default is cured within the applicable cure periods, then any unintentional failure to provide the notice that such event has occurred shall also be deemed cured.

IN WITNESS WHEREOF, Borrower has signed and delivered this Instrument or has caused this Instrument to be signed and delivered by its duly authorized representative.

Re: 811 Units – Aria Grand

Dear Stephen:

Per the 2019 TDHCA Qualified Allocation Plan, we are hereby submitting a request for your consideration to add an additional ten 811 program units at Aria Grand, in Austin, Texas.

Under the Deed of Trust for Aria Grand, the Borrower has an obligation to not allow any liens or encumbrances other than the Permitted Encumbrances. The addition of 811 units would require a new or amended Extended Use Agreement be recorded and as such, this requires the lender’s consent. Aria Grand already has seven 811 units as was contemplated during underwriting. An additional ten units would result in more than 20% of the property being 811 tenants.

A written response is required by TDHCA for submission in our 2019 applications. If you have any questions about this request, you may reach me at 352-213-8700.

Sincerely,

Megan D. Lasch

RE: Aria Grand, Austin, Texas  

Dear Megan,  

It is my understanding that per the 2019 Qualified Allocation Plan, TDHCA is requiring tax credit award applicants request additional Section 811 unit set-aside/property encumbrances on their prior 9% tax credit properties. Specific to this letter, CommunityBank of Texas is currently providing construction to permanent debt financing to Aria Grand, LLC to assist in the development of Aria Grand, a 70-unit LIHTC family development located in Austin, Texas.  

CommunityBank of Texas underwrote the subject Aria Grand development based on information and due diligence leading up to loan approval and ultimate loan closing in September 2019, including proper consideration of seven current Section 811 units on the property. The inclusion of additional Section 811 units would require additional feasibility underwriting, including but not limited to increased operational expenses. As such, it is our preference to not change the unit profile mix at the property at this time; and hereby, we respectfully decline your request.  

Feel free to contact me if I could be of further assistance.  

Sincerely,

If at any time prior to the Credit Determination Date, but in no event prior to an Accountants’ Determination with respect to the year the Apartment Complex is placed in service, the Initial Aggregate Credit Amount is determined to be less than Projected Aggregate Credit Amount (the amount of such shortfall being referred to herein as a “Credit Shortfall”), the amount of any unpaid Installments of the Investor Member’s Capital Contributions shall be reduced by an amount equal to the product of (i) the Credit Shortfall and (ii) $1.02 (the “Credit Shortfall Adjustment Amount”), with any such reduction to be applied to the next succeeding Installments in the order they are due. If the amount of the Credit Shortfall Adjustment Amount exceeds the amount of the remaining Installments, the Administrative Member shall contribute the amount of such shortfall to the capital of the Company (any such Capital Contribution being referred to herein as a “Credit Adjuster Contribution”). The Company immediately shall distribute the proceeds of any such Credit Adjuster Contribution to the Investor Member (any such distribution being referred to herein as a “Credit Adjuster Distribution”). Any contributions or distributions required to be made pursuant to the provisions of this Section 3.05(a) shall be made within 10 calendar days following the earlier of (i) the date on which the Accountants deliver the final version of the Company’s Tax Return for the year of Construction Completion to the Administrative Member (ii) if applicable, a Final Determination relating to a shortfall in Eligible Basis that confirms the existence of a Credit Shortfall, or (iii) December 31, 2019. No contributions or distributions shall be required to be made pursuant to the provisions of this Section 3.05(a) merely as a result of unanticipated delays by the Company in leasing Apartment Complex units to Qualified Tenants, provided, however, that any such delays in leasing could require Current Adjuster Contributions, Additional Adjuster Contributions and/or Timing Adjuster Contributions under Section 3.05(b) below, and this Section 3.05(a) shall apply only if the Initial Aggregate Credit Amount is determined to be less than the Projected Aggregate Credit Amount.

3.05(b) After Credit Determination Date.

3.05(b)(i) Current Adjusters. If at any time on or after the Credit Determination Date, (A) there is an Accountants’ Determination or a Final Determination that all or a portion of the Credits expected to be claimed with respect to such current Company Taxable Year and/or all or a portion of the Credits claimed with respect to a prior Company Taxable Year is disallowed or is subject to recapture pursuant to the provisions of Section 42(j) of the Code for a reason other than a transfer of the Investor Member’s Interest in the Company, or if the amount of any Credit allocated annually in 2018 through 2028 to the Investor Member in a given year is less than the Projected Annual Credit Amount for such year(s), the Administrative Member shall contribute to the capital of the Company within 10 calendar days following the earlier of the Accountants’ Determination or the Final Determination, as the case may be, an amount that, on an After-Tax Basis, is equal to the sum of (A) the amount of Credit that was disallowed, unavailable, or recaptured or allocated in an amount less than the Projected Annual Credit Amount with respect to the current Company Taxable Year and all prior Company Taxable Years, plus (B) the amount of any interest and penalties imposed by the Service solely as a result of the disallowance,
unavailability, or recapture of Credit with respect to the Company (any such Capital Contribution being referred to herein as a “Current Adjuster Contribution”). The Company immediately shall distribute the proceeds of any such Current Adjuster Contribution to the Investor Member (any such distribution being referred to herein as a “Current Adjuster Distribution”).

3.05(b)(ii) Additional Adjusters. In the event of an Accountants’ Determination or Final Determination on or after the Credit Determination Date that the Actual Aggregate Credit Amount is less than the Projected Aggregate Credit Amount due to a shortfall or reduction in the Eligible Basis of the Apartment Complex and that the Credits allocable to the Investor Member also will be reduced or disallowed in all subsequent years of the Credit Period, the Administrative Member shall contribute an additional amount to the Company (i.e., in addition to the Current Adjuster Contribution made pursuant to the provisions of Section 3.05(b)(i)), within 10 calendar days following the earlier of the Accountants’ Determination or the Final Determination, as the case may be, on an After-Tax Basis equal to the product of (A) $1.02 multiplied by (B) an amount equal to the difference between the Projected Aggregate Credit Amount for all subsequent years of the Credit Period and the Actual Aggregate Credit Amount for all such subsequent years of the Credit Period as a result of such Final Determination or Accountants’ Determination (any such Capital Contribution being referred to herein as an “Additional Adjuster Contribution”). The Company immediately shall distribute the proceeds of any such Additional Adjuster Contribution to the Investor Member (any such distribution being referred to herein as an “Additional Adjuster Distribution”).

3.05(b)(iii) Recapture or Disallowance Other Than Due to Shortfall in Eligible Basis. Notwithstanding the foregoing, in the event of an Accountants’ Determination or Final Determination that all or a portion of the Credits previously allocated to the Investor Member on a Company Tax Return is subject to recapture or disallowance for a reason other than a shortfall in Eligible Basis, only the Current Adjuster Distribution will be due in the year of such Accountants’ Determination or Final Determination (referred to herein as a “Determination Year”), and no Additional Adjuster Distribution with respect to future years of the Credit Period will be due and payable in the Determination Year; instead, the amount of Credits allocable to the Investor Member during each subsequent Company Taxable Year during the Credit Period shall be determined upon the close of each such subsequent Company Taxable Year and if, for any such subsequent Company Taxable Year, the Annual Credit Amount is determined to be less than the Projected Annual Credit Amount, the Administrative Member shall (i) make a Current Adjuster Contribution to the Company within 10 calendar days following the earlier of the Accountants’ Determination or Final Determination in an amount that, on an After-Tax Basis, is equal to the amount by which the Annual Credit Amount for such subsequent Company Taxable Year is less than the Projected Annual Credit Amount, and the Company immediately shall make a corresponding Current Adjuster Distribution to Investor Member.
3.05(b)(iv) **First Year Shortfall Adjuster.** In addition to any adjustments or payments otherwise owed pursuant to Section 3.05, if the amount of Credit properly allocated in 2018 to the Investor Member is less than the Projected Annual Credit Amount for such year (the amount of such differential shall hereinafter be referred to as "**First Year Shortfall**"), then the Administrative Member shall make a Capital Contribution to the Company, (a "**Timing Adjuster Contribution**"), within 10 calendar days following the earlier of (i) the date on which the Accountants deliver the final version of the 2018 Company Tax Return to the Administrative Member or (ii) a Final Determination with respect to such First Year Shortfall, in an amount equal to, on an After-Tax Basis, the difference between (a) the First Year Shortfall and (b) the present value as of December 31, 2018 of receiving an amount equal to the First Year Shortfall on December 31, 2028, using an 6% discount rate, which the Company immediately shall distribute to the Investor Member, (a "**Timing Adjuster Distribution**").

3.05(b)(v) **Intentionally Omitted.**

3.05(c) **Recourse Obligations of Administrative Member.** Any Adjuster Contribution required to be made by the Administrative Member pursuant to Section 3.05 shall constitute the recourse obligation of the Administrative Member. Adjuster Distributions that are solely attributable to a Change in Law shall be treated as current distributions of cash by the Company to the Investor Member in accordance with the provisions of Section 731 of the Code. To the extent that any Adjuster Contributions or Adjuster Distributions required to be made under Section 3.05 are not made when due, the unpaid amount thereof shall bear interest at a rate equal to the lesser of (i) 10% per annum, compounded annually, or (ii) the maximum interest rate permitted by law.

3.05(d) **Reduction In Investor Member’s Capital Contributions.** Without limiting the payment obligations set forth in this Section 3.05, the parties hereto agree that Adjuster Distributions owed to the Investor Member (or determined by the Accountants to likely be owed) will be satisfied first by reducing the next succeeding Capital Contributions of the Investor Member in satisfaction of such liability and then by an actual distribution funded by a cash contribution by the Administrative Member to the Company.

3.05(e) **Limits on Liability.** Notwithstanding anything to the contrary in this Agreement:

3.05(e)(i) the Administrative Member shall not be responsible for the Investor Member’s inability to fully utilize Credits allocated to it;

3.05(e)(ii) no Adjuster Contributions shall be owed pursuant to Section 3.05 (other than Section 3.05(b)(iv) and (v)) unless the amount of such payment, when combined with all prior Adjuster Contributions that, but for this sentence would have been required, exceeds $10,000;
3.05(e)(iii) the Administrative Member shall not be responsible for any recapture of Credits arising solely as a result of the Investor Member’s assignment or other Disposition of its Interest;

3.05(e)(iv) the Administrative Member shall have no obligation to make Adjuster Contributions with respect to any Company Taxable Year following the fifth (5th) full year of property operations as to which the Investor Member has received copies of the Company’s tax returns; for purposes of this Section 3.05(e)(iv), the first year in which the Investor Member is allocated Credits in an amount not less than 99.99% of the Credits for which the Company is determined to be eligible based upon the final Cost Certification and Forms 8609 for each Building shall constitute the first full year of property operations;

3.05(e)(v) subsequent to the expiration of the period described in Subsection 3.05(e)(iv), Adjuster Distributions that would otherwise have been required but for the application of such Subsection 3.05(e)(iv) will be payable to the Investor Member from available Cash Flow pursuant to Section 4.02(a) and from Net Proceeds pursuant to Section 4.02(b).

3.05(f) Any Adjuster Contribution the Administrative Member would be obligated to make but for the application of Section 3.05(e)(iv) shall hereinafter be referred to as an "Excess Adjuster Contribution". The Administrative Member shall have the right, but not the obligation, to make Excess Adjuster Contributions. Notwithstanding anything to the contrary set forth in this Section 3.05, the Investor Member shall have grounds to automatically remove the Administrative Member from the Company if either (i) the Administrative Member fails to make an Excess Adjuster Contribution within 30 days after its receipt from the Investor Member of written notice that such Excess Adjuster Contribution exists, or (ii) the Company fails to make an Adjuster Distribution to the Investor Member with the proceeds of the Excess Adjuster Contribution within five days of its receipt of such Excess Adjuster Contribution.

3.05(g) In addition, notwithstanding anything to the contrary herein, to the extent any portion of an Adjuster Distribution owed to the Investor Member is solely attributable to a Change in Law, then such portion shall only be payable to the Investor Member from available Cash Flow pursuant to Section 4.02(a) or from Net Proceeds pursuant to Section 4.02(b). The Administrative Member shall be required to take reasonable steps, at the Investor Member’s expense, to attempt to minimize the adverse effect of any Change In Law to ensure the continued availability of the Credits and the Members’ eligibility therefor.

3.06 No Interest on Capital Contribution; Return of Capital. Except as provided in Section 3.05, no Member shall be entitled to receive any interest on its Capital Contribution. Except as provided in Section 3.05 or as otherwise specifically provided elsewhere herein, no Member shall have the right to withdraw its Capital Contribution or to demand and receive property of the Company in return for its Capital Contribution, nor shall any Investor Member have any right to demand or receive property other than money upon dissolution and termination of the Company. Except as provided in Sections 3.05 and 6.05 or in the Guaranty, each Member
shall look solely to the assets of the Company for all returns of capital and distributions and allocations of Profits or Losses and shall have no recourse therefor (upon dissolution or otherwise) against any other Member.

3.07 No Third-party Beneficiary. None of the provisions of this Agreement, including, without limitation, Sections 3.04, 3.05 and 6.12, shall be construed as existing for the benefit of any creditor of the Company or for the benefit of any creditor of any of the Members, and no such provision shall be enforceable by a party not a signatory to this Agreement, except where granting of a security interest or pledge has been made by the Company.

3.08 Investor Member Put Option. The Investor Member shall have the option to require the Administrative Member to purchase the Interests of the Investor Member and the Special Member at any time after the last expiring Compliance Period applicable to any Building, for consideration of $100, to be divided between the Investor Member and the Special Member as they shall agree.

ARTICLE 4

PROFITS AND LOSSES; DISTRIBUTIONS; CAPITAL ACCOUNTS

4.01 Profits, Losses and Credits. Subject to Section 4.04, all Profits and Losses incurred or accrued from the Admission Date through the date of Construction Completion, or, if earlier, the date of placement in service of any residential unit in the Apartment Complex, other than those arising from a Capital Event, shall be allocated 0.01% to the Investor Member, 99.983% to the Administrative Member and 0.007% to the Managing Member. Subject to Section 4.04, all Profits, Losses and Credits incurred or accrued after Construction Completion is attained (or, if earlier, the date of placement in service of any residential unit in the Apartment Complex), other than those arising from a Capital Event, shall be allocated among the Members as follows:

As to Profits:

4.01(a)(i) First, to the Members until the amount allocated, and previously allocated, with respect to each Member under this Section 4.01(a)(i) equals the amount distributed, and previously distributed, with respect to such Member (in its capacity as a Member) pursuant to Section 4.02(a) and Section 4.02(b); and

4.01(a)(ii) Then, any remaining Profits shall be allocated 99.99% to Investor Member, 0.003% to the Administrative Member and 0.007% to the Managing Member.

As to Losses:

4.01(a)(iii) Any Losses and Credits shall be allocated 99.99% to Investor Member, 0.003% to the Administrative Member and 0.007% to the Managing Member.
Subject to Section 4.04, all Profits and Losses arising from a Capital Event shall be allocated among the Members as follows:

As to Profits:

4.01(b)(i) First, an amount of Profits shall be allocated to the Members who have negative Capital Account balances (prior to taking into account the Capital Event) in proportion to the amount of such balances until all such Capital Accounts shall have a zero balance;

4.01(b)(ii) Then, an amount of Profits shall be allocated to the Investor Member until its Capital Account is, on an After-Tax Basis, equal to the Taxes owed by the Investor Member with respect to its share of Profits allocated pursuant to Sections 4.01(b)(i); and

4.01(b)(iii) Then, thereafter, an amount of Profits shall be allocated to each of the Members until the positive balance in the Capital Account of each Member equals the amount of cash which would be distributed to such Member if such Profits were cash available to be distributed to such Member (in its capacity as a Member) in accordance with the provisions of Section 4.02(b).

As to Losses:

4.01(b)(iv) First, an amount of Losses equal to the aggregate positive balances (if any) in the Capital Accounts of all Members then having positive balance Capital Accounts shall be allocated to such Members in proportion to their positive Capital Account balances until all such Capital Accounts shall have a zero balance; provided, however, that if the amount of Losses to be allocated is less than the sum of the positive balances in the Capital Accounts of those Members having positive balances in their Capital Accounts, then such Losses shall be allocated first to any Administrative Member with a positive Capital Account until its Capital Account has a zero balance, with any remainder allocated to the Investor Member until its Capital Account has a zero balance; and

4.01(b)(v) Then, the balance of any such Losses shall be allocated 99.99% to the Investor Member, 0.003% to the Administrative Member and 0.007% to the Managing Member.

4.01(b)(vi) Notwithstanding anything to the contrary in this Section 4.01(b), the allocation of Profits and Losses arising from a Capital Event (including allocations of gross profits and gross losses) shall, to the maximum extent allowable under the Code and the Regulations, be allocated among the Managing Member, the Administrative Member and the Investor Member so as to cause the Capital Account of each of them to equal the amount distributable to each of them under Section 4.02(b).

4.02 Cash Distributions Prior to Dissolution.
4.02(a) **Cash Flow.** Subject to all applicable limitations and restrictions including those set forth in the documents governing the Construction Loan, from the Closing Date and until the earlier of (i) 30 months thereafter or (ii) Permanent Loan Conversion, 100% of Cash Flow shall be applied first to payment of the Developer Loan, and after payment in full of the Developer Loan, shall be payable to the Administrative Member and the Managing Member, on a prorata basis, with 95% to the Administrative Member and 5% to the Managing Member, as an incentive leasing fee (provided, however, no such fee shall be payable in any event following Permanent Loan Closing); thereafter, subject to all applicable limitations and restrictions including those set forth in the documents governing the First Mortgage Loan, provided that all reserves have been funded and maintained as required by Section 6.10, Cash Flow, if available with respect to any Company Accounting Year, shall be applied or distributed annually, within 60 days after the end of the Company Accounting Year (but in no event earlier than the filing of a Company Tax Return for such year):

4.02(a)(i) First, subsequent to the expiration of the five-year period described in Section 3.05(c)(iv), Adjuster Distributions that would otherwise have been required to be made to the Investor Member but for the application of such Section 3.05(c)(iv) shall be payable to the Investor Member;

4.02(a)(ii) Then, to the Investor Member until the total amount received pursuant to this clause and Section 4.02(b)(ii) equals the amount of any Credit Adjuster Distributions, Current Adjuster Distributions, Additional Adjuster Distributions and Timing Adjuster Distributions payable under Section 3.05 that is solely attributable to a Change in Law, plus interest on such amount from the due date until paid pursuant to this clause at the rate of 10% per annum, compounded annually;

4.02(a)(iii) Then, to the payment of the Asset Management Fee until the total amount of payments pursuant to this clause and Section 4.02(b)(iv) (including payments in all prior years) equals $8,500 per year (commencing with respect to calendar year 2019) or portion thereof and increasing 3% per year thereafter;

4.02(a)(iv) Then, to the payment of any amounts then owed with respect to the Developer Loan;

4.02(a)(v) Then, to the payment of any Operating Deficit Loans, with any such payments to be applied first to accrued but unpaid interest and then to principal;

4.02(a)(vi) Then, 10% of the remaining balance, if any, to the Investor Member;

4.02(a)(vii) Then, to the payment of the Incentive Management Fee due pursuant to Section 7.03; and
4.02(a)(viii) Then, the balance shall be distributed 95% to the Administrative Member, and 5% to the Managing Member.

4.02(b) **Distributions of Net Proceeds.** Prior to dissolution of the Company, if the Administrative Member shall determine from time to time that Net Proceeds are available for distribution from a Capital Event, such Net Proceeds shall be applied or distributed, subject to any restrictions imposed pursuant to a Mortgage Loan, as follows:

4.02(b)(i) First, to fund reserves for contingent liabilities to the extent deemed reasonable by the Administrative Member and Consented to by the Investor Member;

4.02(b)(ii) Then, to the Investor Member for the payment of amounts arising pursuant to Section 4.02(a)(i) and Section 4.02(a)(ii);

4.02(b)(iii) Then, to fund reserves for contingent liabilities to the extent deemed reasonable by the Administrative Member and Consented to by the Investor Member;

4.02(b)(iv) Then, to the payment of amounts then owed with respect to the Developer Loan;

4.02(b)(v) Then, to the payment of amounts then owed for the current and accrued Asset Management Fees;

4.02(b)(vi) Then, to the Investor Member in an amount equal to, on an After-Tax Basis, the Taxes (if any) owed by it as a result of the Capital Event pursuant to Sections 4.01(b)(i) and (ii);

4.02(b)(vii) Then, to the payment of any Operating Deficit Loans, with any such payments to be applied first to accrued but unpaid interest and then to principal; and

4.02(b)(viii) Then, the balance 85.5% to the Administrative Member, 4.5% to the Managing Member and 10% to the Investor Member.

4.02(c) **Special Adjuster Provisions.** If at any time the Administrative Member fails to make any Adjuster Contribution pursuant to Section 3.05 and/or the Company fails to make any Adjuster Distribution to the Investor Member when due in accordance with the provisions of Section 3.05, any Cash Flow or Net Proceeds otherwise distributable or payable to the Administrative Member or the Developer or any Affiliate of any of such Persons pursuant to the provisions of Sections 4.02(a) or 4.02(b) shall be distributed to the Investor Member and treated as having been (i) distributed or paid by the Company to the applicable Person, as the case may be, (ii) contributed to the Company by the Administrative Member (or other applicable Person in the name of and on behalf of the Administrative Member) as an Adjuster Contribution as appropriate, and (iii) distributed by the Company to the Investor Member as an Adjuster Distribution, as appropriate.
4.02(d) **Pending Removal Events.** Notwithstanding anything to the contrary set forth in this Agreement, the Company shall have no obligation to make a distribution to the Administrative Member or the Managing Member, or to pay any fee or other amount due the Administrative Member or the Managing Member or any Affiliate of either such Member, during the pendency of any Removal Event as to which the Administrative Member or Managing Member, as applicable, has received written notice from the Investor Member.

4.03 **Termination Distributions.**

4.03(a) Upon dissolution and termination of the Company, after payment of, or adequate provision for, the debts and obligations of the Company, including fees and interest owed to the Members, the payment of which pursuant to this Section shall not result in a charge to the recipient’s Capital Account and the parties hereto agree that such amounts shall be paid prior to the payment of any debts, obligations and/or fees owed to the Administrative Member or any Affiliate thereof, the remaining assets of the Company (or the proceeds of sales or other dispositions in liquidation of the Company Assets, as may be determined by the remaining or surviving Administrative Member) shall be distributed pro rata to the Members in accordance with their respective positive Capital Account balances after taking into account all Capital Account adjustments for the year. Upon the dissolution and termination of the Company, no Investor Member shall be obligated to restore any deficit balance in its Capital Account. The parties hereto agree that, upon giving written notice to the Administrative Member, the Investor Member shall have the right (exercisable in its sole discretion) at any time, to create a deficit restoration obligation as to itself, and/or to extend the years in which it may be obligated to restore any deficit balance in its Capital Account. Deficit Capital Account restoration payments shall be made by the end of such taxable year (or, if later, within 90 days after the date of such liquidation) and shall, upon liquidation of the Company, be paid, first, to recourse creditors of the Company and, thereafter, distributed to other Members in accordance with the positive balances in their Capital Accounts. Liquidation distributions shall be made by the end of the taxable year in which the liquidation occurs or, if later, within 90 days after the date of liquidation.

4.03(b) Notwithstanding anything to the contrary contained herein, any fee payments, loan repayments, return of capital or distributions otherwise payable or distributable to the Developer, the Administrative Member, or any Affiliate thereof under Section 4.02 and Section 4.03(a) shall be paid to the Investor Member to the extent of any unpaid Credit Adjuster Distributions, Current Adjuster Distributions, Additional Adjuster Distributions, and Timing Adjuster Distributions (including accrued interest thereon) under Section 3.05, and shall be treated as being first (i) paid or distributed to the Developer, the Administrative Member, or such Affiliate, as the case may be, (ii) contributed by the Administrative Member to the Company, (or by the Developer or such Affiliate in the name of and on behalf of the Administrative Member), and (iii) distributed by the Company to the Investor Member.

4.04 **Special Allocations.** Notwithstanding anything to the contrary contained in this Agreement:
4.04(a) In the event that there is a net decrease in Company minimum gain (as defined in Regulation § 1.704-2(d)) during a fiscal year or period, all Members shall be allocated, before any other allocation is made of the Company items for such year or period, items of income and gain for such year or period (and, if necessary, subsequent years) in the manner and to the extent required by Regulation § 1.704-2(f). The allocations contained in this Section 4.04(a) are intended to be a "minimum gain chargeback" within the meaning of Regulation § 1.704-2(f) and shall be interpreted consistently therewith.

4.04(b) Subject to the provisions of paragraph (a) of this Section 4.04, (i) any partner nonrecourse deduction (as defined in Regulation § 1.704-2(i)(2)) shall be allocated to the Members in the manner specified in Regulation § 1.704-2(i) and (ii) if there is a net decrease during a taxable year of the Company in the minimum gain attributable to partner nonrecourse debt, then items of Company income and gain for such year (and, if necessary, for subsequent years) shall be allocated to the Members in the manner and to the extent required by Regulation § 1.704-2(i)(4). Additionally, any nonrecourse deductions, (as such term is defined in Treasury Regulations Section 1.704-2(b)(1)), of the Company shall be allocated 99.99% to the Investor Member, 0.003% to the Administrative Member and 0.007% to the Managing Member.

4.04(c) Subject to the provisions of paragraphs (a) and (b) of this Section 4.04, in the event that a Member unexpectedly receives any adjustments, allocations or distributions described in Regulation § 1.704-1(b)(2)(ii)(d)(4), (5) or (6) as a result of which the negative Capital Account balance of the Member exceeds the sum of such Member’s share of minimum gain and the amount of its negative Capital Account that it has agreed to restore or is deemed to be obligated to restore pursuant to Regulations §§ 1.704-2(g)(1) and 1.704-2(i)(5), items of Company income and gain shall be specially allocated to such Member in the manner and to the extent required by such Regulation. This Section 4.04(c) is intended to be a "qualified income offset" within the meaning of Section 1.704-1(b)(2)(ii)(d) of the Regulations and shall be interpreted consistently therewith.

4.04(d) 4.04(d)(i) If the balance in the Capital Account of a Member is less than zero, or will become less than zero as a result of such allocation, net loss shall be allocated to such Member only to the extent that (y) the sum of the Minimum Gain of such Member (determined in accordance with the provisions of § 1.704-2(g) of the Regulations) plus the amount of its negative Capital Account that such Member has agreed to restore exceeds (z) the deficit balance in the Capital Account of such Member (determined at the end of the Company Taxable Year to which the allocation relates).

4.04(d)(ii) Any net loss not allocable to a Member as a result of the application of Section 4.04(d)(i) shall be allocated to the Members with positive Capital Account balances in proportion to (and to the extent of) such positive balances and thereafter in accordance with their interests in the Company, excluding any additional Administrative Member or Managing Member admitted pursuant to Section 8.04.

4.04(d)(iii) If, during any year, the Company incurs a Loss in excess of the Loss anticipated for such year and such excess Loss arises from expenses paid
or to be paid with the proceeds of Capital Contributions or Operating Deficit Loans from an Administrative Member, from withdrawals from reserves, or from amounts paid by a Guarantor pursuant to the Guaranty, then, at the end of each such year, the Investor Member's Capital Account and allocable share of Minimum Gain at the end of each year from the date of calculation through the end of the Credit Period shall be calculated. If such calculation indicates that the Investor Member would have an adjusted Capital Account deficit in any such year in the Credit Period in excess of the sum of the Investor Member's share of Minimum Gain (determined in accordance with the provisions of Regulation § 1.704-2(g)) plus the amount of its negative Capital Account that the Investor Member has agreed to restore, then the portion of the Loss derived from the expenses described in the first sentence of this Section 4.04(d)(iii) (but not depreciation) shall be allocated to the Administrative Member to extent of the projected excess adjusted Capital Account deficit of the Investor Member; provided that the Administrative Member shall be specially allocated an amount of gross income (before Profits and Losses are computed under Section 4.01(a)) equal to the amount of any principal repayment in any year of an Operating Deficit Loan or any repayment or return of an Administrative Member Capital Contribution (but in no event shall the aggregate amount of gross income allocated pursuant to this clause exceed the aggregate amount of deductions or losses allocated to the Administrative Member under this Section 4.04(d)(iii)).

4.04(e) In the event that, at any time or from time to time after the effective date of this Agreement, the Gross Asset Values of the Company Assets are adjusted in accordance with this Agreement, then, notwithstanding the provisions of Section 4.01(b), the Members' allocable shares of depreciation, depletion, amortization and gain or loss, as computed for tax purposes, with respect to the Company property, must be determined so as to take into account the variation between the adjusted tax basis of the Company property and the book value, in the same manner as under I.R.C. § 704(c) and the applicable Regulations thereunder. Allocations pursuant to this paragraph (e) shall be solely for purposes of federal, state and local taxes and shall not affect or in any way be taken into account in computing a Member's Capital Account.

4.04(f) If an Interest is transferred or assigned during a Company Accounting Year, that part of the tax incidents allocated pursuant to this Agreement with respect to the Interest so transferred shall, in the discretion of the Administrative Member (after consulting with the Investor Member), either (i) be based on segmentation of the taxable year between the transferor and the transferee using the interim closing of the books or any other reasonable method or (ii) be allocated between the transferor and the transferee in proportion to the number of days in such taxable year during which each owned such Interest, as disclosed on the Company's books and records.

4.04(g) Any depreciation recapture recognized pursuant to I.R.C. Sections 1245 and 1250 and Credit recapture shall be allocated to the Members in the same proportions that the depreciation or cost recovery deductions and Credits giving rise to such recapture were allocated among such Members or their respective predecessors-in-interest. Any taxable income of the Company resulting from its receipt of debt forgiveness,
donations, contributions, grants or subsidies shall be allocated entirely to the Administrative Member.

4.04(h) In the event that there is a determination that I.R.C. § 483 or I.R.C. § 1274 (both relating to imputed interest with respect to deferred payment sales of property) is applicable to any loans between the Company and a Member or any Member’s Affiliate, or that any loan between a Member or any Member’s Affiliate and the Company is subject to I.R.C. § 7872 (relating to imputed interest with respect to below-market interest rate loans), any income or deduction attributable to interest on such a loan (whether stated or unstated) shall be allocated solely to such Member.

4.04(i) It is the intent of the Members that each Member’s allocable share of income, gains, losses, deductions or credits (or items thereof) (“Company Items”) shall be allocated in accordance with this Article 4 to the fullest extent permitted by I.R.C. Sections 704(b) and 704(c). In order to preserve and protect the allocations provided for in this Article 4, without adversely affecting the amounts distributable upon termination of the Company, the Administrative Member, with the review and concurrence of the Company’s Accountants, is authorized and directed, in its reasonable judgment, to allocate Company Items arising in any year differently than otherwise provided for in this Article 4 if, and to the extent that, the allocations otherwise provided under this Article 4 would not be permissible under I.R.C. Sections 704(b) and/or 704(c). Any allocation made pursuant to this Section 4.04(i) shall be deemed to be a complete substitute for any allocation otherwise provided for in this Article 4, and no amendment of this Agreement or approval of any Member shall be required with respect thereto and each Member shall, for all purposes and in all respects, be deemed to have approved any such allocation. The allocations set forth in this Section 4.04 (the “Special Allocations”) are intended to comply with certain requirements of the Section 704 Regulations. The Special Allocations may not be consistent with the manner in which the Members intend to divide Company distributions. Accordingly, the Administrative Member is hereby authorized and directed to divide other allocations of income, gain, loss and deductions among the Members so as to prevent the Special Allocations from distorting the manner in which Company distributions will be divided among the Members on dissolution of the Company. In general, the Members anticipate that this will be accomplished by specially allocating items of income, gain, loss, and deduction among the Members so that the net amount of the Special Allocations and such special allocations to each such Member is zero. In the event that in any year a Special Allocation alters the allocation of tax items to the Members, to the extent possible, depreciation deductions shall nevertheless be allocated 99.99% to the Investor Member, 0.003% to the Administrative Member and 0.007% to the Managing Member.

4.04(j) Notwithstanding anything to the contrary contained herein, the Managing Member and the Administrative Member, collectively, shall be allocated not less than 0.01% of each Company Item at all times during the existence of the Company. In the event that there is no allocation of a material Company Item to the Managing Member and/or the Administrative Member hereunder or if the amount of any material Company Item allocable to the Managing Member and the Administrative Member hereunder, collectively, shall not equal 0.01% of the aggregate amount allocable to all the Members without giving effect to this provision, then the amount of such Company Item(s) otherwise
allocable to the Investor Member hereunder shall be correspondingly reduced in order to assure the Managing Member and the Administrative Member of their collective 0.01% share. Any such reduction shall be applied to reduce the shares of all classes of Investor Members in proportion to their respective Interests.

4.04(k) The Members agree that, except as otherwise determined by the Investor Member pursuant to this Section 4.04(k), the Members’ interests in Company profits for purposes of determining such Members’ shares of the excess nonrecourse liabilities of the Company under the Treasury Regulations § 1.752-3(a)(3) shall be determined by reference to the Members’ allocable share of Profits from a Capital Event under Section 4.01(b); provided, however, that the Members agree that, upon giving written notice to the Managing Member and the Administrative Member, the Investor Member shall have the right at any time to cause the Company to select an alternative method for allocating the excess nonrecourse liabilities of the Company under Treasury Regulation § 1.752-3(a)(3) if the Investor Member reasonably determines that such alternative method would (or could reasonably be expected to) avoid or mitigate any tax or economic detriment to the Investor Member or its affiliates (as a result of an actual or pending change in law, change in circumstances, or otherwise). Without limiting the foregoing, the Managing Member and the Administrative Member shall provide written notice to the Investor Member no later than 45 days following the close of any Company Taxable Year in which the Investor Member’s adjusted basis in its Interest is or is reasonably likely to be zero.

4.04(l) Except as otherwise provided in this Agreement, for tax purposes all items of income, gain, loss, deduction or credit shall be allocated to the Members in the same manner as are Profits and Losses.

4.05 Section 704(c) Allocations. Income, gains, losses and deductions, as determined for income tax purposes, with respect to any Company Asset contributed by a Member to the capital of the Company shall, solely for income tax purposes, be allocated among the Members so as to take account of any variation between the adjusted basis of such Company Asset to the Company for federal income tax purposes and its initial Gross Asset Value in accordance with I.R.C. Section 704(c) and the Regulations thereunder.

4.06 Miscellaneous Allocations.

4.06(a) If any Company expenditure treated as a deduction on its federal income tax return is disallowed as a deduction and treated as a distribution pursuant to Section 731(a) of the Code, there shall be a special allocation of gross income to the Member deemed to have received such distribution equal to the amount of such distribution.

4.06(b) Except as otherwise provided in this Article 4, Profits, Losses, Credits, gain and other tax items allocated to the Members shall be allocated among the Members in accordance with their relative Interests in the Company, as set forth in Exhibit H.

4.06(c) Except as otherwise set forth in this Agreement, any elections or other decisions relating to allocations under this Article 4 shall be made by the
Administrative Member (in its reasonable discretion), with the review and concurrence of the Company’s Accountants, in such manner as reasonably reflects the purpose and intention of this Agreement.

ARTICLE 5

COMPANY BORROWINGS

5.01 Authorization to the Administrative Member. Without otherwise limiting the right or authority of the Administrative Member under this Article 5 or Article 6 hereof, the Administrative Member is specifically authorized to execute on behalf of the Company all documents required by any Lender in connection with the construction, acquisition or financing of the Apartment Complex.

5.02 Right To Mortgage.

5.02(a) The Company has obtained or will, subject to the requirements of this Agreement, obtain financing for the Apartment Complex from the Lender and will secure the same by execution and delivery of the Mortgage. The Project Documents (other than with respect to the Construction Loan and any loans provided by the Investor Member or an Affiliate thereof) shall provide that no Person, including, but not limited to, the Company, any party holding an Interest in the Company, or any of their Affiliates, shall have any personal liability for the payment of all or any part of such Mortgage Loans, except as set forth in the Project Documents in existence as of the date hereof.

5.02(b) Subject to the requirements of this Agreement, the Administrative Member is specifically authorized to execute such documents as it reasonably deems necessary in connection with the acquisition, improvement, operation, leasing and financing of the Apartment Complex, including, without limiting the generality of the foregoing, the Project Documents and any other document required by any Lender in connection therewith.

5.03 Loans. All borrowings by the Company shall be subject to the terms of this Agreement and the Project Documents. To the extent borrowings are permitted, they may be made from any source, including any Member or an Affiliate thereof. All such loans will be nonrecourse except as provided in Section 5.02(a) unless the Consent of the Investor Member has been obtained.

5.04 Loans Amounts. Notwithstanding anything to the contrary set forth in this Article 5 or elsewhere in this Agreement, except for a Mortgage Loan requiring Soft Debt Payments only, in no event may the Administrative Member cause the Company to enter into a Mortgage Loan, other than the Construction Loan, having a principal amount in excess of an Approved Loan Amount, or convert a Mortgage Loan to its permanent phase in an amount in excess of an Approved Loan Amount. The term “Approved Loan Amount” shall mean, with respect to the amount of the First Mortgage Loan, the lesser of (a) $3,500,000 or (b) a principal amount determined at Permanent Loan Conversion that would result in an annualized Debt Service Coverage Ratio of not less than 1.15 to 1 with respect to the First Mortgage Loan, during each year of the Compliance Period based on the underwriting parameters set forth below. For
purposes of this Section 5.04, any description of indebtedness or any other provisions of the definitions of Debt Service Coverage Ratio or Effective Gross Income that are inconsistent with the underwriting parameters set forth below and/or this Section 5.04 in general shall be superseded by this Section 5.04. The underwriting parameters shall be as follows:

5.04(a) the First Mortgage Loan shall have constant monthly payments, an interest rate of no greater than 5.22%, a term of 18 years, and an amortization period of 30 years;

5.04(b) gross revenues will be calculated as follows:

5.04(b)(i) assuming revenues escalate 2.0% per year;

5.04(b)(ii) based on actual rents received from tenants in occupancy under signed leases, (as calculated by the Accountants) after giving effect to any rent concessions by spreading the amount of such concessions evenly over the term of the lease;

5.04(b)(iii) assuming a vacancy loss equal to the greater of (a) 7.0% and (b) actual vacancy;

5.04(b)(iv) assuming other income to be the lesser of $17,100 per year or actual other income;

5.04(b)(v) rents for units having rental subsidies of any kind except project based subsidies (A) provided pursuant to a written agreement for the length of the Compliance Period (excluding renewals) and (B) not subject to appropriation risk, will be assumed to be the lesser of permissible rents under the subject subsidy and permissible rents under Section 42 of the Code (without giving effect to sums received pursuant to the subject subsidy);

5.04(c) Company expenses will be calculated:

5.04(c)(i) as being the greater of actual expenses or $5,717 per unit per year, (including Replacement Reserves of $300 per unit per year); and

5.04(c)(ii) to include all required periodic contributions to reserves required by this Agreement or by any Lender; and

5.04(c)(iii) to include a management fee of 5% of effective gross income;

5.04(c)(iv) assuming expenses escalate 3% per year.

5.04(d) All determinations as to Approved Loan Amounts shall be subject to the Consent of the Investor Member.
ARTICLE 6

RIGHTS, POWERS AND OBLIGATIONS OF MEMBERS

6.01 Exercise of Management.

6.01(a) The overall management and control of the business, assets and affairs of the Company shall be vested in the Administrative Member and, subject to the specific limitations and restrictions set forth in this Article 6 and in Article 7 hereof, the Administrative Member, in extension of and not in limitation of the powers given it by law, shall have full, exclusive and complete charge of the management of the business of the Company in accordance with its purposes stated in Section 1.04. No Investor Member shall take part in the management or control of the business of the Company or have authority to bind the Company except as expressly set forth herein.

6.01(b) The Administrative Members (if at the time more than one Person constitutes the Administrative Member) shall act by vote of a majority in Interest of the Persons constituting the Administrative Members, except where otherwise specified herein.

6.02(a) Subject to Article 5 and Section 6.03 and the other provisions of this Agreement, the Administrative Member shall have all authority, rights and powers generally conferred by law, including the authority, rights and powers of a managing member in a limited liability company, and shall have all the authority, rights and powers which it deems necessary or appropriate to effect the purposes of the Company, including, without limitation, the following:

6.02(a)(i) To employ, contract and deal with, from time to time, any Persons, including any Member or Affiliate of a Member (subject to the requirements of Section 6.07), in connection with the management and operation of the Company business, on such terms as the Administrative Member shall reasonably determine (subject to the requirement that the Consent of the Investor Member must be obtained (a) for any contract in excess of $25,000 and (b) for any contract having a term in excess of 12 months);

6.02(a)(ii) To acquire, by purchase or otherwise, and deal with such personal property as may be necessary, convenient or incidental to the accomplishment of the purposes of the Company;

6.02(a)(iii) To bring or defend, pay, collect, compromise, arbitrate, resort to legal action, or otherwise adjust claims or demands of or against the Company (provided, however, that the Consent of the Investor Member shall be obtained prior to settlement of any claim or demand (A) which would affect the
amount of Credits or Losses allocated or allocable to the Investor Member or (B) for which the liability of the Company or the Investor Member is in excess of $25,000);

6.02(a)(iv) To pay as a Company expense any and all reasonable costs or expenses associated with the formation, development, organization and operation of the Company;

6.02(a)(v) To deposit, withdraw, invest, pay, retain and distribute the Company’s funds in a manner consistent with the provisions of this Agreement;
